**FOR IMMEDIATE RELEASE**

***CGI Achieves Solid Growth in Fiscal 2004***  
***Revenue for the year up 20.8% and net earnings up 23.8%***  
***Fourth quarter revenue and earnings growth strong***

**Montreal, November 9, 2004** CGI Group Inc. (NYSE: GIB; TSX: GIB.A), a leading provider of end-to-end information technology and business processing services, today reported audited results for the year ended September 30, 2004. All figures are in Canadian dollars unless otherwise indicated.

**Fiscal Year 2004 Highlights**

- o Revenue of \$3,243.6 million was 20.8% higher than in fiscal 2003.
- o Net earnings from continuing operations increased 20.7% to \$210.8 million compared with fiscal 2003.
- o Net earnings increased 23.8% to \$219.6 million, compared with the prior year.
- o Basic and diluted earnings per share from continuing operations amounted to \$0.50 for fiscal 2004, compared with basic and diluted earnings per share from continuing operations of \$0.44 reported for fiscal 2003.
- o Basic and diluted earnings per share were \$0.52 in fiscal 2004, compared with basic and diluted earnings per share of \$0.45 one year ago.
- o The foreign exchange rate had a negative impact of \$60.1 million on revenue.
- o The net earnings margin from continuing operations was 6.5%, the same as one year ago, and the net earnings margin was 6.8%, up from 6.6% in 2003.
- o Cash provided by operating activities was \$394.1 million excluding a one-time tax payment and costs related to acquisition transactions.
- o The backlog of signed contracts at September 30, 2004 was \$13.0 billion with a weighted average remaining contract term of 7.2 years.
- o The current pipeline of bids for large outsourcing contracts being reviewed by potential clients increased to \$7 billion, from \$5 billion previously.
- o At year end, CGI was well within plan to achieve a 15-20% accretion rate on an annualized basis for the integration of AMS

**Fourth Quarter Highlights**

- o Revenue increased 39.9% year-over-year to \$959.2 million and was up 10.6% sequentially.
- o Net earnings from continuing operations increased 22.1% to \$58.5 million from a year ago and 12.6% from the third quarter.
- o Basic and diluted earnings per share from continuing operations were \$0.13, compared with \$0.12 a year ago and in the third quarter.
- o Cash provided by operating activities was \$100.7 million excluding one-time items.
- o New contract wins, extensions and renewals totaled \$707.5 million.
- o Organic growth was 3.4%, compared with the previous quarter.

\* The amount would have been \$100.7 million in the fourth quarter and \$394.1 million in fiscal 2004 if not for one time tax payments to the US tax authorities following the sale of AMS' Defense and Intelligence Group and the payment of integration costs related to acquisitions.

## Edgar Filing: CGI GROUP INC - Form 6-K

"We are pleased with the solid performance we delivered in fiscal 2004," said Serge Godin, Chairman and CEO. "Our continued double digit growth and good profit margins result from the disciplined execution of our business plan. During 2004, we made our largest US acquisition yet, doubling our footprint in the US and Europe; won large outsourcing contracts in each of our three main markets - Canada, the US and Europe; and further demonstrated our core competency in the integration of acquisitions and outsourcing contracts.

"The increase in our sales funnel, which we observed over the past few quarters, is now materializing into solid contracts, as evidenced by the 3.4% sequential organic growth we achieved. We see growing demand for our services in all our markets. We will continue to apply our four pillars of growth strategy with discipline, as this approach has proven that it delivers results," Mr. Godin added.

### **Fiscal 2004 results**

Fiscal 2004 revenue increased 20.8% to \$3,243.6 million, from \$2,684.8 million in 2003. The currency exchange rate, mainly between the Canadian and US dollars, had a negative impact of \$60.1 million or 2.2% on revenue. External growth was 21.0% compared with last year, reflecting the acquisition of AMS effective May 3, 2004. On a constant dollar basis, organic growth was 2.0%, resulting from new and expanded outsourcing contracts, and business solutions sales.

Earnings before interest, income taxes, entity subject to significant influence and discontinued operations ("EBIT") for the year were \$335.4 million, up 12.9% from last year's EBIT of \$297.1 million. The EBIT margin was 10.3%, down from 11.1% a year ago as a result of the lower profitability of AMS during the transition period.

Net earnings from continuing operations totaled \$210.8 million, up 20.7% from last year's comparable net earnings of \$174.7 million. Basic and diluted earnings per share from continuing operations were \$0.50, compared with \$0.44 in the previous year. Including gains from the sale of certain assets, net earnings for the year were \$219.6 million, amounting to basic and diluted earnings per share of \$0.52. The tax rate, which was 35.0% compared with 39.4% a year ago, resulted from a more balanced distribution of our earnings across our major geographic markets and a reduction in the Canadian federal and provincial statutory tax rate. The tax rate is expected to be 35% in 2005, including the expensing of stock options to begin in the first quarter of 2005.

---

In fiscal 2004, CGI made one large acquisition, American Management Systems (AMS), as well as two niche acquisitions, Apex Consulting Group Inc. ("Apex") on October 28, 2003 and GDS & Associates Systems Ltd, on January 14, 2004. CGI booked \$3.0 billion in contract wins, renewals and extensions. During the year, CGI and its affiliated companies integrated more than 5,000 new members and now employ 25,000 people around the world.

### **Fourth Quarter Results (See also: Q4 MD&A filed with Sedar & Edgar and available at [www.cgi.com](http://www.cgi.com))**

Revenue for the fourth quarter ended September 30, 2004 increased 39.9% to \$959.2 million, from \$685.7 million in the same quarter last year, and was up 10.6% sequentially over third quarter revenue of \$867.1 million. The increase reflects the acquisition of AMS and new business. External growth was 36.2% compared with last year, and 8.8% compared with the third quarter. Organic growth was 5.8% compared with a year ago, and 3.4% sequentially. Compared with the fourth quarter of last year, the currency exchange rate, mainly between the Canadian and US dollars, had a negative impact of approximately \$14.7 million on revenue in the quarter.

In the fourth quarter, revenue from long-term outsourcing contracts represented 52% of the Company's total revenue, including 12% from business processing services, while project oriented SI&C work represented 48%. Geographically, revenue from clients in Canada represented 55% of total revenue; the US represented 36%, and all other regions, 9%. Revenue from clients in the financial services sector represented 35% of revenue; government and healthcare represented 28%; telecommunications and utilities, 23%; retail and distribution, 9%; and manufacturing, 5%.

EBIT was \$89.5 million in the fourth quarter, up 10.6% over last year's fourth quarter EBIT of \$80.9 million, and up 5.9% over third quarter EBIT of \$84.5 million. The EBIT margin was 9.3%, compared with 11.8% in last year's fourth quarter and 9.7% in the third quarter. The reduction in the EBIT margin in the fourth quarter reflects the lower margin of AMS during the integration period and lower business solutions sales.

Net earnings from continuing operations in the fourth quarter increased 22.1% to \$58.5 million, compared with net earnings from continuing operations of \$47.9 million in the same period of 2003, and increased 12.6% from comparable net earnings of \$51.9 million in the third quarter. The net earnings margin from continuing operations was 6.1% in the fourth quarter, below the 7.0% margin of last year but above the 6.0% margin in the third quarter. The net margin increased sequentially despite a \$3.6 million impact due to seasonal factors, largely reflecting the cost synergies derived to date from the integration of AMS.

Net earnings also reflect a reduction in the tax rate, mainly resulting from a more balanced distribution of our earnings across our major geographic markets and a year-over-year reduction in the Canadian federal and provincial statutory tax rates.

CGI Achieves Solid Growth in Fiscal 2004 Revenue for the year up 20.8% and net earnings up 23.8% Fourth quarter

## Edgar Filing: CGI GROUP INC - Form 6-K

Basic and diluted earnings per share from continuing operations were \$0.13 in the fourth quarter, compared with basic and diluted earnings per share from continuing operations of \$0.12 in last year's fourth quarter and in the fiscal 2004 third quarter.

Cash provided by operating activities amounted to negative \$3.6 million, but would have totaled \$100.7 million had it not been for one time tax payments made to the US tax authorities following the sale of AMS' Defense and Intelligence Group, as part of the AMS transaction, and the payment of integration costs related to the AMS acquisition. In the same quarter last year, cash provided by operating activities was \$106.3 million.

---

CGI maintains a strong balance sheet. At September 30, 2004, cash and cash equivalents were \$200.6 million and the total credit facility available amounted to \$313.2 million.

During the fourth quarter, CGI signed \$707.5 million of new contract wins, extensions and renewals. The backlog, adjusted to include the net increase in signed contracts, was \$13.0 billion at September 30, 2004.

### Fourth Quarter Operating Highlights

During and subsequent to the fourth quarter, CGI made a number of contract announcements, including:

- o In Canada, confirmed, on September 15, the signing of a \$108-million, seven-year information technology outsourcing contract with Foresters<sup>TM</sup>, a financial services organization. As part of this contract, CGI will manage the data center, help desk, desktop, network, voice and data services serving over 1,600 employees in 60 offices North America-wide.
- o Announced the signing of a six-year, \$125 million contract with Manulife Financial to create a new information technology development centre in Halifax. The centre of expertise will provide systems development, maintenance and integration services to Manulife and other CGI clients worldwide.
- o On October 4, or after the end of the quarter, CGI announced the signing of a five-year contract renewal with Co-operators General, part of The Co-operators group of financial services companies. This contract is valued at \$85 million.
- o In the US, on September 29, announced the award, by the Tampa Housing Authority, of a business process services contract to serve the U.S. Department of Housing and Urban Development (HUD) in the State of Florida. The estimated value of the award to CGI is US\$30 million over five years.

### Guidance

Based on current market conditions and the opportunities we see in our markets, we provide the following guidance for fiscal 2005. We expect to achieve growth in revenue of 20% to 28% and growth in net earnings of 25% to 35%, after giving retroactive effect to the expensing of stock options. This will represent revenue between \$3.90 billion and \$4.15 billion and earnings per share between \$0.52 and \$0.56, after the expensing of stock options. Beginning in the first quarter of fiscal 2005, in accordance with Canadian generally accepted accounting principles (GAAP), CGI will begin expensing stock options. For comparison purposes with US peers, and since they are not yet required to expense stock options under US GAAP, CGI discloses the expected effect of stock options expensing on its earnings per share, which is expected to be \$0.05 in fiscal 2005.

Mr. Godin added, "We are confident about CGI's outlook, as we see excellent growth opportunities within our markets. With the integration of AMS essentially behind us, we are able to leverage our increased critical mass and expanded client relationships in the US and Europe into new business. We also continue to see robust potential in our metro markets in Canada. We have increased our pipeline of bids for large outsourcing contracts to \$7 billion, and will continue to closely monitor all operations to ensure that they are consistent with targeted profitability levels, so that we remain one of the industry's top performing companies."

### Quarterly Conference Call

A conference call for the investment community will be held today, November 9, at 9:00 am (Eastern Time). ### Notes to the Consolidated Financial Statements

For the three and twelve months ended September 30, 2004

*(tabular amounts only are in thousands of Canadian dollars, except share data) (unaudited)*

#### Note 1 Summary of significant accounting policies

##### Interim Consolidated Financial Statements

The interim consolidated financial statements for the three and twelve months ended September 30, 2004 and 2003 are unaudited and include all adjustments that management of CGI Group Inc. (the Company) considers necessary for a fair presentation of the financial position, results of operations and cash flows.

The disclosure provided for these interim periods do not conform in all respects to the requirements of generally accepted accounting principles for the annual consolidated financial statements; therefore, the interim consolidated financial statements should be read in conjunction with the annual consolidated financial statements of the Company for the year ended September 30, 2003. These interim consolidated financial statements have been prepared using the same accounting policies and methods of their application as the annual consolidated financial statements for the year ended September 30, 2003, except for the accounting changes referred to below.

Certain comparative figures have been reclassified in order to conform to the current period presentation.

##### Recent accounting changes

The Canadian Institute of Chartered Accountants (CICA) issued Accounting Guideline 13, *Hedging Relationships*, which deals with the identification, documentation, designation and effectiveness of hedges and also the discontinuance of hedge accounting, but does not specify hedge accounting methods. This guidance is applicable to hedging relationships in effect in fiscal years beginning on or after July 1, 2003. The adoption of this new guideline had no impact on the Company's Consolidated Financial Statements disclosure.

The CICA issued Handbook Section 3063, *Impairment of Long-lived Assets*, which is effective for fiscal years beginning on or after April 1, 2003. This section provides guidance on recognition, measurement and disclosure related to impairment of long-lived assets. It replaces the write-down provisions in Section 3061, *Property, Plant and Equipment*. The adoption of this section did not have a significant impact on the financial statements.

##### Future accounting changes

The CICA issued Handbook Section 3110, *Asset Retirement Obligations*. The new standard focuses on the recognition and measurement of liabilities for obligations associated with the retirement of property, plant and equipment when those obligations result from the acquisition, construction, development or normal operation of the assets. The standard is effective for fiscal years beginning on or after January 1, 2004. The adoption of this section will not have a significant impact on the financial statements.

The CICA re-issued Handbook Section 3870, *Stock-based Compensation and other Stock-based Payments*. The revised standard requires the adoption of a fair value based method for all stock-based awards effective for fiscal years beginning on or after January 1, 2004. The Company will adopt this new standard for its fiscal year beginning October 1, 2004.

#### Note 2 Preparation of Consolidated Financial Statements

*Accrued integration charges*

## Edgar Filing: CGI GROUP INC - Form 6-K

During the twelve months ended September 30, 2004, the Company revised the calculation of the defined benefit pension plan covering Underwriters Adjustment Bureau Ltd. ( UAB ) employees which it acquired on January 1, 2003. The initial actuarial valuation made as of the acquisition date and as of September 30, 2003 understated the pension plan liability. The effect of the restatement is reflected on the September 30, 2003 balance sheet as follows: increase in accounts payable and accrued liabilities, in future income taxes assets and in goodwill of \$4,500,000, \$1,530,000 and \$2,970,000 respectively.

In connection with recent business acquisitions, the Company recognized liabilities for costs incurred on business combinations accounted for using the purchase method. Such costs include mainly provisions related to leases for premises occupied by the acquired businesses, which the Company plans to vacate, as well as costs related to the planned termination of certain employees. Effective in 2004, the long-term portion of such liabilities is presented on the Balance Sheet under the caption Accrued integration charges and other long-term liabilities . The current portion remains under the caption Accounts payable and accrued liabilities .

### *Funds held for clients and clients' funds obligations*

In connection with the Company's payroll and tax filing services, the Company collects funds for payment of payroll and taxes, temporarily holds such funds until payment is due; remits the funds to the clients' employees and appropriate tax authorities; files federal and local tax returns; and handles related regulatory correspondence and amendments. Effective April 1, 2004, the Company presented separately the payroll funds held for clients and related obligations. The Company considers that such a presentation is more appropriate and better reflects the total assets on which returns are earned. Prior year's amounts were restated to conform to the current year's presentation.

#### **Note 4 Capital stock, stock options and warrants**

**Stock options** Under a stock option compensation plan for certain employees and directors of the Company and its subsidiaries, the Board of Directors may grant, at its discretion, options to purchase company stock. The exercise price is established by the Board of Directors and is equal to the closing Class A subordinate share price on the TSX preceding the date of the grant. Options generally vest one to three years from the date of grant and must be exercised within a ten-year period, except in the event of retirement, termination of employment or death.

The following outlines the impact and assumptions used had the Company determined compensation cost resulting from the Company's stock option plan using the fair value based method of accounting for awards granted since October 1, 2001:

**Note 5 Investments in subsidiaries and joint ventures**

For all business acquisitions, the Company began recording the results of operations of the acquired entities as of their respective effective acquisition dates.

During the twelve months ended September 30, 2004, the Company made the following major acquisition:

American Management Systems, Incorporated ( AMS ) On May 3, 2004, the Company acquired all outstanding shares of AMS, a business services and information technology consulting firm to the government, healthcare, financial services, and communications industries.

## Edgar Filing: CGI GROUP INC - Form 6-K

The acquisitions were accounted for using the purchase method. The purchase price allocation shown below is preliminary and based on Company's best estimates. The final purchase price allocations are expected to be completed as soon as Company's management has gathered all the significant information believed to be available and considered necessary in order to finalize this allocation.

	1,200,231	10,081	1,210,312

- (1) The near totality of the goodwill is included in the Information Technology ( IT ) services segment and \$35,749,000 is deductible for tax purposes.
- (2) The value of the shares issued as consideration for the business acquisition was determined using the average closing share price on the TSX over a reasonable period before and after the date the terms of the business combination were agreed to and announced.

During the three-month period ended September 30, 2004, the Company revised the amount of the purchase price of AMS and its other acquisitions, resulting in a net decrease of non-cash working capital items, contract costs, definite-life intangibles and other long-term assets and cash position at acquisition of \$20,149,000, \$2,074,000, \$55,421,000 and \$1,170,000 respectively, and a net increase of fixed assets, future income tax assets, accrued integration charges and other long-term liabilities and cash consideration of \$6,300,000, \$57,098,000, \$13,461,000 and \$6,661,000, respectively, whereas goodwill increased by \$35,538,000.

During the twelve-month period ended September 30, 2004, the Company modified the purchase price allocations and made adjustments relating to certain businesses purchased within the last twelve months, resulting in a net decrease of goodwill of \$11,326,000 and a net increase of non-cash working capital items, future income tax and cash of \$8,058,000, \$115,000 and \$3,153,000, respectively .

During the twelve-month period ended September 30, 2004, the Company sold the assets related to the information services of the banking and investment group, one of the divisions presented in the discontinued operations, for cash consideration of \$47,000,000, which resulted in a gain on sale of \$11,217,000 after tax and a goodwill reduction of \$20,355,000.

During the twelve-month period ended September 30, 2004, the Company sold three other divisions which were classified as discontinued operations for a total consideration of \$40,350,000, which was comprised of \$17,560,000 of cash, a balance of sale of \$6,000,000, an interest-bearing note of \$2,750,000, an assumption of liabilities of \$540,000 and \$13,500,000 of shares of Nexxlink Technologies Inc. These transactions resulted in a loss of approximately \$1,400,000.

Also, during the twelve-month period ended September 30, 2004, the Company sold its interest in a joint venture and non significant assets for cash consideration of \$4,260,000, net of \$4,235,000 of cash disposed. These transactions resulted in a nominal gain.

In connection with the acquisition of AMS and Cognicase, completed during the third quarter of 2004 and the second quarter of 2003, respectively, the Company adopted certain plans to restructure and integrate the acquired businesses. Consequently, the Company established provisions related to leases for premises occupied by the acquired businesses, which the Company plans to vacate, as well as costs related to the planned termination of certain employees of the acquired businesses performing functions already available through its existing structure.

**Note 7 Discontinued operations and assets held for sale**

The Company formally adopted a plan to divest from certain activities acquired from previous acquisitions which were not related to its core business. During the twelve months ended September 30, 2004, four divisions, two buildings and land were classified as assets held for sale.

One of the divisions' activities consist mainly of sales of integrated management system software package suites (Enterprise Resource Planning or ERP) and related services targeted to municipalities, healthcare bodies as well as manufacturing and distribution companies. The second division's activities consist mainly of providing installation and technical services for mid-range and micro computer systems and automated teller machines. The third division's activities consist mainly of supplying high-quality PC-based power engineering software applications and the last division's activities consist mainly of providing information services to banking and investment groups.

During the twelve-month period ended September 30, 2004, the Company disposed of these divisions classified as discontinued operations. For further information see Note 5. Also, on July 1, 2004, the Company sold the above-mentioned assets classified as discontinued operations for \$18,683,000, resulting in a nominal loss.

The following table presents summarized financial information related to discontinued operations:

The Company has two lines of business ( LOB ) as follows: IT services and Business Process Services ( BPS ).

The focus of these lines of business is as follows:

The IT services LOB provides a full-range of IT services, including systems integration, consulting and outsourcing, to clients worldwide. The professionals and facilities located in India and Canada also serve the United States and foreign-based clients as an integral part of their off-shore and near-shore delivery model.

The BPS LOB provides a full spectrum of business process outsourcing services to its client base. Its services include end-to-end business processing for insurance companies, human resource and pay services, services to banking, investment and financial cooperative clients, document management services, as well as finance and administration business process services.

#### Note 9 Guarantees

In the normal course of business, the Company enters into agreements that may provide for indemnification and guarantees to counterparties in transactions such as consulting and outsourcing services, business divestitures, lease agreements and financial obligations. These indemnification undertakings and guarantees may require us to compensate counterparties for costs and losses incurred as a result of various events, including breaches of representations and warranties, intellectual property right infringement, claims that may arise while providing services or as a result of litigation that may be suffered by counterparties. The nature of most indemnification and guarantees undertakings prevent the Company from making a reasonable estimate of the maximum potential amount the Company could be required to pay counterparties, as the agreements do not specify a maximum amount and the amounts are dependent upon the outcome of future contingent events the nature and likelihood of which cannot be determined at this time. The Company does not expect that any sum it may have to pay in connection with these indemnification and guarantees will have a materially adverse effect on its consolidated financial statements.

Furthermore, the Company has, in the past, guaranteed certain financial liabilities which relate to debt obligations of its senior management team who purchased the Company's shares as part of their total compensation plan. This program has since been modified and no new guarantees have been issued. The maximum potential amount of future payments, which the Company could be required to make under these guarantees, is \$5,825,000 as of September 30, 2004 (\$6,028,000 as of September 30, 2003).
