(“Harlem”), Remediation and Liability Management Company, Inc. (“RLMC”) and Environmental Corporate Remediation Company, Inc. (“ECRC” and collectively with the Company, MLCS LLC, MLCS Distribution, Harlem, RLMC and ECRC, the “Debtors”) filed voluntary petitions for relief under chapter 11 of title 11 of the United States Bankruptcy Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the Southern District of New York (the “Bankruptcy Court”) (jointly administered proceedings, In re Motors Liquidation Company, et al., Ch. 11 Case Number 09-50026) (the “Chapter 11 Cases”). The Chapter 11 Cases for certain of the Debtors commenced on June 1, 2009, and the Chapter 11 Cases for certain other Debtors commenced on October 9, 2009.

As previously disclosed, on July 10, 2009, the Company, MLCS LLC, MLCS Distribution and Harlem sold substantially all of their assets to General Motors Company, formerly known as NGMCO, Inc. (“New GM”), pursuant to section 363(b) of the Bankruptcy Code (the “363 Sale”). As partial consideration for the 363 Sale, New GM issued a combination of New GM common stock and warrants to the Company (the “New GM Securities”), as more specifically described in the Company’s Current Report on Form 8-K filed with the Securities and Exchange Commission on July 14, 2009.

On March 29, 2011, the Bankruptcy Court entered an order (the “Confirmation Order”) confirming the Debtors’ Second Amended Joint Chapter 11 Plan (the “Plan”). A copy of each of the Confirmation Order (without exhibits) and the Plan (as confirmed by the Bankruptcy Court and without exhibits) are attached hereto as Exhibit 2.1 and Exhibit 2.2 respectively, and each is incorporated herein by reference.

On March 31, 2011, the Plan became effective (the “Effective Date”).

#### Summary of the Plan

The following is a summary of the material features of the Plan, as confirmed by the Bankruptcy Court. This summary is qualified in its entirety by reference to the Plan and the Confirmation Order. Capitalized terms used but not defined herein shall have the meanings set forth in the Plan.

The Plan provides for the creation of the following four trusts:

- the GUC Trust, which is responsible for administrating certain post-Effective Date responsibilities under the Plan, including distributing New GM Securities to holders of Allowed General Unsecured Claims and resolving outstanding Disputed Claims;
- the Environmental Response Trust, which is responsible for conducting, managing, and/or funding Environmental Actions with respect to certain real property owned by the Debtors after the consummation of the 363 Sale;

- the Asbestos Trust, which is responsible for directing the processing, liquidation, and payment of all Asbestos Personal Injury Claims; and
- the Avoidance Action Trust, which is responsible for liquidating and distributing any proceeds of the Term Loan Avoidance Action.

A description of each of the trust agreements entered into by the Company with respect to the above mentioned trusts is set forth in this Current Report.

The Plan treats all creditors and equity interest holders in accordance with their relative priorities under the Bankruptcy Code. Under the Plan, there are six separate classes of claims or equity interests:

- Class 1: Secured Claims;
- Class 2: Priority Non-Tax Claims;
- Class 3: General Unsecured Claims;
- Class 4: Property Environmental Claims;
- Class 5: Asbestos Personal Injury Claims; and
- Class 6: Equity Interests in the Company.

The Plan provides for the following treatment with respect to each Class:

- Class 1: Except to the extent that a holder of an Allowed Secured Claim agrees to a different treatment of such claim, on the Effective Date, or as soon thereafter as is reasonably practicable, each holder of an Allowed Secured Claim shall receive, at the option of the Debtors, and in full satisfaction of such claim, either (i) cash in an amount equal to one hundred percent (100%) of the unpaid amount of such Allowed Secured Claim, (ii) the proceeds of the sale or disposition of the collateral securing such Allowed Secured Claim, net of the costs of disposition of such collateral, (iii) the collateral securing such Allowed Secured Claim, (iv) such treatment that leaves unaltered the legal, equitable, and contractual rights to which the holder of such Allowed Secured Claim is entitled, or (v) such other distribution as is necessary to satisfy the requirements of section 1129 of the Bankruptcy Code.
- Class 2: Except to the extent that a holder of an Allowed Priority Non-Tax Claim agrees to a different treatment of such claim, on the Effective Date, or as soon thereafter as is reasonably practicable, each such holder shall receive, in full satisfaction of such claim, an amount in cash equal to the Allowed amount of such claim.
- Class 3: As soon as is reasonably practicable after the Effective Date, each holder of an Allowed General Unsecured Claim as of the Distribution Record Date shall receive from the GUC Trust its Pro Rata Share of (i) the New GM Securities or the proceeds thereof, if any, and (ii) the GUC Trust Units, in accordance with the terms of the GUC Trust and the GUC Trust Agreement, as further described herein. The GUC Trust shall make subsequent distributions of New GM Securities and GUC Trust Units to holders of Disputed General Unsecured Claims as of the Distribution Record Date whose Claims are subsequently Allowed in accordance with the terms of the GUC Trust and the GUC Trust Agreement.

- Class 4: On the Effective Date, Property Environmental Claims shall be satisfied and treated in accordance with the terms of the Environmental Response Trust Agreement, the ERT Settlement Agreement, and the Priority Order Sites Consent Decrees and Settlement Agreements, as further described herein. In addition, certain non-owned sites are subject to the terms of the March 29 Settlement Agreement, as further described herein.
- Class 5: On the Effective Date, or as soon thereafter as is reasonably practicable, all Asbestos Personal Injury Claims shall be channeled to the Asbestos Trust and all Asbestos Personal Injury Claims shall be satisfied in accordance with the terms of the Asbestos Trust, the Asbestos Trust Distribution Procedures, and the Asbestos Trust Agreement, as further described herein.
- Class 6: On the Effective Date, all existing equity securities issued by the Company were cancelled and one new share of Company common stock was issued by the Company to the GUC Trust as custodian, who shall hold such share for the benefit of the holders of such former equity securities consistent with their former economic entitlements. The equity securities of the other Debtors shall also be cancelled as the Debtors are dissolved or merged out of existence pursuant to the Plan. Each holder of an existing equity interest shall neither receive nor retain any property or interest in property on account of such equity interest unless all Allowed Claims have been satisfied in full, in which case the holders of such equity interests may receive a pro rata distribution of any remaining assets of the Debtors. The Company does not expect holders of equity interests to receive any distribution because the creditors of the Company are not expected to be paid in full.

As described in the Monthly Operating Report for the month ended January 31, 2011, which is attached as Exhibit 99.1 to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on March 16, 2011 and incorporated herein by reference (the "MOR"), as of January 31, 2011, and excluding the New GM Securities which have not been valued by the Debtors, the Debtors had total assets of approximately \$1.1 billion and total liabilities of approximately \$36.9 billion.
