rewarding individuals for their respective contributions to the Company's performance, providing executive officers with a stake in the long-term success of the Company and providing compensation programs and policies that will attract, retain and motivate qualified executive personnel. The Board of Directors and the Compensation Committee place a great deal of importance on recruiting, hiring, retaining and motivating high quality personnel and recognize that by offering executives employment agreements, it can be more successful in recruiting experienced executives from large, established pharmaceutical companies. Historically, the members of the Board of Directors and the Compensation Committee have chosen to achieve these objectives through salary increases, bonuses and periodic stock option grants. The Committee considered each of these factors in approving the compensation for Mr. Murphy, who serves as President and Chief Executive Officer.

In determining compensation, the Compensation Committee considers, among other things, the performance of the Company, improvement in financial position, strategic alliances, acquisition of products, product registration, raising of capital, compensation levels in competing companies, individual contributions to the Company and the length of service with the Company. The Compensation Committee also surveyed executive compensation of similarly situated companies and retained the services of an independent law firm, experienced in employment and compensation matters, for the purpose of obtaining independent, objective guidance with respect to the Committee's performance of its duties.

Compensation through the periodic grant of Common Stock and stock options under the Company's stock option plans is intended to coordinate executives' and stockholders' long-term interests by creating a direct link between a portion of executive compensation and increases in the price of Common Stock and the long-term success of the Company. This method of compensation also permits the Company to preserve its cash resources.

For the year 2000, Mr. Murphy, recommended merit increases and base salary amounts for each officer other than himself based on his assessment of each officer's individual performance and accomplishment of corporate and personal objectives. We evaluated Mr. Murphy's recommendations regarding each officer's compensation, taking into account the officer's tenure and our subjective assessment of individual performance. We considered Mr. Murphy's recommendations with respect to merit increases and base salary amounts. We reviewed the accomplishments and performance of such officers and comparative compensation data from similar or competing companies and then approved compensation packages for each of the Company's officers.

A significant portion of the direct compensation of officers consists of annual incentive bonuses. Bonus targets are closely tied to performance measures, at both the corporate level and at individual areas

20

of responsibility. Mr. Murphy recommended specific bonuses for all officers other than himself. We evaluated Mr. Murphy's recommendations regarding each officer's bonus, taking into account Mr. Murphy's assessment of each officer's individual performance and our subjective assessment of individual performance, in addition to accomplishment of corporate objectives. We then approved the bonuses to be awarded for the calendar year 2000.

Future increases in executive compensation will be based upon the satisfaction of pre-established individual objectives, extraordinary individual contributions, corporate milestones and financial performance of the Company.

PROPOSAL 2

APPROVAL OF THE COMPANY'S 2001 EMPLOYEE STOCK OPTION PLAN

On March 30, 2001, the Board of Directors adopted, subject to stockholder approval at the Meeting, the Company's 2001 Employee Stock Option Plan. The 2001 Employee Stock Option Plan is herein referred to as the "Employee Plan". The Employee Plan is designed to provide an incentive to key employees of the Company and to offer an additional inducement in obtaining the services of such persons. The proceeds derived from the sale of shares subject to options will be used for general corporate purposes of the Company.

The Employee Plan is being proposed at this time due to the expiration of the 1991 Plan on September 30, 2001.

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

The following summary of certain material features of the Employee Plan does not purport to be complete and is qualified in its entirety by reference to the text of the Employee Plan, a copy of which is set forth as Appendix B to this Proxy Statement.

SHARES SUBJECT TO THE EMPLOYEE PLAN AND ELIGIBILITY

The Employee Plan authorizes the grant of options to purchase a maximum of 1,000,000 shares of the Company's Common Stock (subject to adjustment as described below) to employees (including officers and directors who are employees) of the Company. Upon expiration, cancellation or termination of unexercised options, the shares of the Company's Common Stock subject to such options will again be available for the grant of options under the Employee Plan. All of the employees of the Company are currently eligible to receive grants of options under the Employee Plan.

No options have been granted under the Employee Plan.

On March 30, 2001, the high and low sales prices of the Company's Common Stock as reported by the American Stock Exchange were \$4.55 and \$4.80 per share, respectively.

TYPE OF OPTIONS

Options granted under the Employee Plan may either be incentive stock options ("ISOs"), within the meaning of Section 422 of the Code, or nonqualified stock options which do not qualify as ISOs ("NQSOs").

ADMINISTRATION

The Employee Plan will be administered by the compensation committee of the Board of Directors (the "Committee") consisting of at least two members of the Board, each of whom is a "non-employee director" within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934. It is also intended that each member of the Committee will be an "outside director" within the meaning of Section 162(m) of the Code. The current members of the Committee are Michael McGovern (chairman), Charles Bolling, Russell Cleveland, Miguel Fernandez and William Packer.

24

Among other things, the Committee is empowered to determine, within the express limits contained in the Employee Plan: the employees to be granted options, the times when options shall be granted, whether an option is to be an ISO or a NQSO, the number of shares of Common Stock to be subject to each option, the exercise price of each option, the term of each option, the date each option shall become exercisable as well as any terms, conditions or installments relating to the exercisability of each option, whether and under what conditions to accelerate the date of exercise of any option or installment, the form of payment of the exercise price, the amount, if any, required to be withheld with respect to an option and, with the consent of the optionee, to modify an option. The Committee is also authorized to prescribe, amend and rescind rules and regulations relating to the Employee Plan and to make all other determinations necessary or advisable for administering the Employee Plan and to construe the Employee Plan.

TERMS AND CONDITIONS OF OPTIONS

Options granted under the Employee Plan will be subject to, among other

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

things, the following terms and conditions:

(a) The exercise price of each option will be determined by the Committee; provided, however, that the exercise price of an ISO, or of any option intended to satisfy the performance-based compensation exemption to the deduction limitation under Section 162(m) of the Code, and may not be less than the fair market value of the Company's Common Stock on the date of grant (110% of such fair market value if the optionee owns (or is deemed to own) more than 10% of the voting power of the Company).

(b) Options may be granted for terms determined by the Committee; provided, however, that the term of an ISO may not exceed 10 years (5 years if the optionee owns (or is deemed to own) more than 10% of the voting power of the Company).

(c) The maximum number of shares of the Company's Common Stock for which options may be granted to an employee in any calendar year is 250,000. In addition, the aggregate fair market value of shares with respect to which ISOs may be granted to an employee which are exercisable for the first time during any calendar year may not exceed \$100,000.

(d) The exercise price of each option is payable in full upon exercise or, if the applicable stock option contract ("Contract") entered into by the Company with an optionee permits, in installments. Payment of the exercise price of an option may be made in cash, certified check or, if the applicable Contract permits, in previously acquired shares of the Company's Common Stock having an aggregate fair market value on the date of exercise, equal to the aggregate exercise price of all options being exercised, or any combination thereof. The Committee may, in its sole discretion, permit payment of the exercise price of an option by delivery by the optionee of a properly executed notice, together with a copy of the optionee's irrevocable instructions to a broker acceptable to the Committee, to deliver promptly to the Company the amount of sale or loan proceeds sufficient to pay the exercise price.

(e) Options may not be transferred other than by will or by the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee or his or her legal representatives.

(f) Except as may otherwise be provided in the applicable Contract, if the optionee's relationship with the Company as an employee is terminated for any reason (other than the death, disability or retirement of the optionee), the option may be exercised, to the extent exercisable at the time of termination of such relationship, within three months thereafter, but in no event after the expiration of the term of the option. If the employee is terminated following a change of control of the Company, the employee may exercise

25

all options whether or not they had become exercisable. However, if the relationship is terminated either for cause or without the consent of the Company, the option will terminate immediately. In the case of the death of an optionee while an employee (or, generally, within three months after termination of such relationship, or within one year after termination of such relationship by reason of disability or (retirement), except as otherwise provided in the Contract, his or her legal representative or beneficiary may exercise the option, to the extent exercisable on the date of death, within one year after such date, but in no event after the expiration of the term of the option. Except as otherwise provided in the Contract, an optionee whose relationship with the Company was terminated by reason of his or her disability or retirement may exercise the option, to the extent exercisable at the time of such

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

termination, within one year thereafter, but not after the expiration of the term of the option. Options are not affected by a change in the status of an optionee so long as he or she continues to be an employee of the Company.

(g) The Company may withhold cash and/or shares of the Company's Common Stock having an aggregate value equal to the amount which the Company determines is necessary to meet its obligations to withhold any federal, state and/or local taxes or other amounts incurred by reason of the grant or exercise of an option, its disposition or the disposition of shares acquired upon the exercise of the option. Alternatively, the Company may require the optionee to pay the Company such amount, in cash, promptly upon demand.

ADJUSTMENT IN EVENT OF CAPITAL CHANGES

Appropriate adjustments will be made in the number and kind of shares available under the Employee Plan, in the number and kind of shares subject to each outstanding option and the exercise prices of such options, as well as the number of shares subject to future grants to optionees and limitation on the number of shares that may be granted to any employee in any calendar year, in the event of any change in the Company's Common Stock by reason of any stock dividend, split-up, spin off, combination, reclassification, recapitalization, merger in which the Company is not the surviving corporation, exchange of shares or the like. In the event of (a) the liquidation or dissolution of the Company, or (b) a merger in which the Company is not the surviving corporation or a consolidation, the Board of Directors of the Company shall, as to outstanding options, either (i) make appropriate provisions for the protection of any such outstanding options by the substitution on an equitable basis of appropriate stock of the Company or of the merged, consolidated or otherwise reorganized corporation which will be issuable in respect to one share of Common Stock of the Company; provided, only that the excess of the aggregate fair market value of the shares subject to the options immediately after such substitution over the purchase price thereof is not more than the excess of the aggregate fair market value of the shares subject to such options immediately before such substitution over the purchase price thereof, or (ii) upon written notice to an optionee, provide that all unexercised options must be exercised within a specified number of days of the date of such notice or they will be terminated. In any such case, the Board of Directors may, in its discretion, advance the lapse of any waiting or installment periods and exercise dates.

DURATION AND AMENDMENT OF THE EMPLOYEE PLAN

No option may be granted under the Employee Plan after March 30, 2011. The Board of Directors may at any time terminate or amend the Employee Plan; provided, however, that, without the approval of the Company's stockholders, no amendment may be made which would (a) except as a result of the anti-dilution adjustments described above, increase the maximum number of shares available for the grant of options or increase the maximum number of options that may be granted to an employee in any calendar year, (b) change the eligibility requirements for persons who may receive options or (c) make any changes for which applicable law or regulatory authority requires stockholder approval. No

26

termination or amendment may adversely affect the rights of an optionee with respect to an outstanding option without the optionee's consent.

FEDERAL INCOME TAX TREATMENT

The following is a general summary of certain material federal income

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

tax consequences of the grant and exercise of the options under the Employee Plan and the sale of any underlying security. This description is based on current law, which is subject to change, possibly with retroactive effect. This discussion does not purport to address all tax considerations relating to the grant and exercise of the options or resulting from the application of special rules to a particular optionee (including an optionee subject to the reporting and short-swing profit provisions under Section 16 of the Securities Exchange Act of 1934, as amended), and state, local, foreign and other tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of any underlying security. An optionee should consult with the optionee's own tax advisors with respect to the tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of any underlying security.

ISOS EXERCISED WITH CASH

No taxable income will be recognized by an optionee upon the grant or exercise of an ISO. The optionee's tax basis in the shares acquired upon the exercise of an ISO with cash will be equal to the exercise price paid by the optionee for such shares.

If the shares received upon exercise of an ISO are disposed of more than one year after the date of transfer of such shares to the optionee and more than two years from the date of grant of the option, the optionee will recognize long-term capital gain or loss on such disposition equal to the difference between the selling price and the optionee's basis in the shares, and the Company will not be entitled to a deduction. Long-term capital gain is generally subject to more favorable tax treatment than short-term capital gain or ordinary income.

If the shares received upon the exercise of an ISO are disposed of prior to the end of the two-years-from-grant/one-year-after-transfer holding period (a "disqualifying disposition"), the excess (if any) of the fair market value of the shares on the date of transfer of such shares to the optionee over the exercise price (but not in excess of the gain realized on the sale of the shares) will be taxed as ordinary income in the year of such disposition, and the Company generally will be entitled to a deduction in the year of disposition equal to such amount. Any additional gain or any loss recognized by the optionee on such disposition will be short-term or long-term capital gain or loss, as the case may be, depending upon the period for which the shares were held.

NQSOS EXERCISED WITH CASH

No taxable income will be recognized by an optionee upon the grant of an NQSO. Upon the exercise of an NQSO, the excess of the fair market value of the shares received at the time of exercise over the exercise price therefor will be taxed as ordinary income, and the Company will generally be entitled to a corresponding deduction. The optionee's tax basis in the shares acquired upon the exercise of such NQSO will be equal to the exercise price paid by the optionee for such shares plus the amount of ordinary income so recognized.

Any gain or loss recognized by the optionee on a subsequent disposition of shares purchased pursuant to an NQSO will be short-term or long-term capital gain or loss, depending upon the period

during which such shares were held, in an amount equal to the difference between the selling price and the optionee's tax basis in the shares.

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

EXERCISES OF OPTIONS USING PREVIOUSLY ACQUIRED SHARES

If previously acquired shares are surrendered in full or partial payment of the exercise price of an option (whether an ISO or a NQSO), gain or loss generally will not be recognized by the optionee upon the exercise of such option to the extent the optionee receives shares which on the date of exercise have a fair market value equal to the fair market value of the shares surrendered in exchange therefor ("Replacement Shares"). If the option exercised is an ISO or if the shares used were acquired pursuant to the exercise of an ISO, the Replacement Shares are treated as having been acquired pursuant to the exercise of an ISO.

However, if an ISO is exercised with shares which were previously acquired pursuant to the exercise of an ISO but which were not held for the required two-years-from-grant/one-year-after-transfer holding period, there is a disqualifying disposition of such previously acquired shares. In such case, the optionee would recognize ordinary income on such disqualifying disposition equal to the difference between the fair market value of such shares on the date of exercise of the prior ISO and the amount paid for such shares (but not in excess of the gain realized). Special rules apply in determining which shares are considered to have been disposed of and in allocating the basis among the shares. No capital gain is recognized.

The optionee will have an aggregate basis in the Replacement Shares equal to the basis of the shares surrendered, increased by any ordinary income required to be recognized on the disposition of the previously acquired shares. The optionee's holding period for the Replacement Shares generally includes the period during which the surrendered shares were held.

Any shares received by the optionee on such exercise in addition to the Replacement Shares will be treated in the same manner as a cash exercise of an option for no consideration.

ALTERNATIVE MINIMUM TAX

In addition to the federal income tax consequences described above, an optionee who exercises an ISO may be subject to the alternative minimum tax, which is payable only to the extent it exceeds the optionee's regular tax liability. For this purpose, upon the exercise of an ISO, the excess of the fair market value of the shares over the exercise price is an adjustment, which increases the optionee's alternative minimum taxable income. In addition, the optionee's basis in such shares is increased by such amount for purposes of computing the gain or loss on disposition of the shares for alternative minimum tax purposes. If the optionee is required to pay an alternative minimum tax, the amount of such tax which is attributable to deferral preferences (including the ISO adjustment) is allowable as a tax credit against the optionee's regular tax liability (net of other non-refundable credits) in subsequent years. To the extent the credit is not used, it is carried forward. An optionee holding an ISO should consult with the optionee's tax advisors concerning the applicability and effect of the alternative minimum tax.

PROPOSAL 3

APPROVAL OF THE COMPANY'S 2001 DIRECTORS' STOCK OPTION PLAN

On March 30, 2001, the Board of Directors adopted, subject to stockholder approval at the Meeting, the Company's 2001 Directors' Stock Option

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

Plan. The 2001 Directors' Stock Option Plan is herein referred to as the "Directors' Plan". The Directors' Plan is designed to provide an incentive to key non-employee directors of the Company and to offer an additional inducement in obtaining the services of such persons. The proceeds derived from the sale of shares subject to options will be used for general corporate purposes of the Company.

The Directors' Plan is being proposed at this time due to the expiration of the 1991 Plan on September 30, 2001.

The following summary of certain material features of the Directors' Plan does not purport to be complete and is qualified in its entirety by reference to the text of the Directors' Plan, a copy of which is set forth as Appendix C to this Proxy Statement.

For a description of the current practice of the Company regarding the award of options to non-employee directors, see "Proposal 1 - Election of Directors - Remuneration of Non-Employee Directors."

SHARES SUBJECT TO THE DIRECTORS' PLAN AND ELIGIBILITY

The Directors' Plan authorizes the grant of options to purchase a maximum of 500,000 shares of the Company's Common Stock (subject to adjustment as described below) to non-employee directors of the Company. Upon expiration, cancellation or termination of unexercised options, the shares of the Company's Common Stock subject to such options will again be available for the grant of options under the Directors' Plan. All of the non-employee directors of the Company are currently eligible to receive grants of options under the Directors' Plan.

No options have been granted under the Directors' Plan.

On March 30, 2001, the high and low sales prices of the Company's Common Stock as reported by the American Stock Exchange were \$4.55 and \$4.80 per share, respectively.

TYPE OF OPTIONS

Options granted under the Directors' Plan shall be nonqualified stock options ("NQSOs") which do not qualify as incentive stock options ("ISOs"), within the meaning of Section 422 of the Code (the "Code").

ADMINISTRATION

The Directors' Plan will be administered by the compensation committee of the Board of Directors (the "Committee") consisting of at least two members of the Board, each of whom is a "non-employee director" within the meaning of Rule 16b-3 promulgated under the Securities Exchange Act of 1934. The current members of the Committee are Michael McGovern (chairman), Charles Bolling, Russell Cleveland, Miguel Fernandez and William Packer.

Among other things, the Committee is empowered to determine, within the express limits contained in the Directors' Plan: the directors to be granted options, the times when options shall be granted, the number of shares of Common Stock to be subject to each option, the exercise price of each option, the term of each option, the date each option shall become exercisable as well as any terms, conditions or installments relating to the exercisability of each option,

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

whether and under what conditions to accelerate the date of exercise of any option or installment, the form of payment of the exercise price, the amount, if any, required to be withheld with respect to an option and, with the consent of the optionee, to modify an option. The Committee is also authorized to prescribe, amend and rescind rules and regulations relating to the Directors' Plan and to make all other determinations necessary or advisable for administering the Directors' Plan and to construe the Directors' Plan.

TERMS AND CONDITIONS OF OPTIONS

Options granted under the Directors' Plan will be subject to, among other things, the following terms and conditions:

(a) The exercise price of each option will be determined by the Committee but may not be less than the fair market value of the Company's Common Stock on the date of grant.

(b) Options may be granted for terms determined by the Committee; provided, however, that the term may not exceed 10 years.

(c) The exercise price of each option is payable in full upon exercise or, if the applicable stock option contract ("Contract") entered into by the Company with an optionee permits, in installments. Payment of the exercise price of an option may be made in cash, certified check or, if the applicable Contract permits, in previously acquired shares of the Company's Common Stock having an aggregate fair market value on the date of exercise, equal to the aggregate exercise price of all options being exercised, or any combination thereof. The Committee may, in its sole discretion, permit payment of the exercise price of an option by delivery by the optionee of a properly executed notice, together with a copy of the optionee's irrevocable instructions to a broker acceptable to the Committee, to deliver promptly to the Company the amount of sale or loan proceeds sufficient to pay the exercise price.

(d) Options may not be transferred other than by will or by the laws of descent and distribution, and may be exercised during the optionee's lifetime only by the optionee or his or her legal representatives.

(e) Except as may otherwise be provided in the applicable Contract, if the optionee's relationship with the Company as a director is terminated for any reason (other than the death or disability of the optionee), the option may be exercised, to the extent exercisable at the time of termination of such relationship, within three months thereafter, but in no event after the expiration of the term of the option. However, if the board appoints the optionee as a director emeritus, the option will expire in accordance with its terms, not in three months. If an optionee ceases to be a director because of his removal or failure to be nominated for re-election to the board or due to a termination of director emeritus status, within three years following a change of control of the Company, the optionee may exercise all options whether or not they had become exercisable. However, if the relationship is terminated either for cause or without the consent of the Company, the option will terminate immediately. In the case of the death of an optionee (or, generally, within three months after termination of such relationship, or within one year after termination of such relationship by reason of disability or retirement), except as otherwise provided in the Contract, his or her legal representative or beneficiary may exercise the option, to the extent exercisable on the date of death, within one year after such date, but in no event after the expiration of the term of the option. Except as otherwise provided in the Contract, an optionee whose relationship with the Company

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

was terminated by reason of his or her disability may exercise the option, to the extent exercisable at the time of such termination, within one year thereafter, but not after the expiration of the term of the option.

(f) The Company may withhold cash and/or shares of the Company's Common Stock having an aggregate value equal to the amount which the Company determines is necessary to meet its obligations to withhold any federal, state and/or local taxes or other amounts incurred by reason of the grant or exercise of an option, its disposition or the disposition of shares acquired upon the exercise of the option. Alternatively, the Company may require the optionee to pay the Company such amount, in cash, promptly upon demand.

ADJUSTMENT IN EVENT OF CAPITAL CHANGES

Appropriate adjustments will be made in the number and kind of shares available under the Directors' Plan, in the number and kind of shares subject to each outstanding option and the exercise prices of such options, as well as the number of shares subject to future grants to optionees, in the event of any change in the Company's Common Stock by reason of any stock dividend, split-up, spin off, combination, reclassification, recapitalization, merger in which the Company is not the surviving corporation, exchange of shares or the like. In the event of (a) the liquidation or dissolution of the Company, or (b) a merger in which the Company is not the surviving corporation or a consolidation, the Board of Directors of the Company shall, as to outstanding options, either (i) make appropriate provisions for the protection of any such outstanding options by the substitution on an equitable basis of appropriate stock of the Company or of the merged, consolidated or otherwise reorganized corporation which will be issuable in respect to one share of Common Stock of the Company; provided, only that the excess of the aggregate fair market value of the shares subject to the options immediately after such substitution over the purchase price thereof is not more than the excess of the aggregate fair market value of the shares subject to such options immediately before such substitution over the purchase price thereof, or (ii) upon written notice to an optionee, provide that all unexercised options must be exercised within a specified number of days of the date of such notice or they will be terminated. In any such case, the Board of Directors may, in its discretion, advance the lapse of any waiting or installment periods and exercise dates.

DURATION AND AMENDMENT OF THE DIRECTORS' PLAN

No option may be granted under the Directors' Plan after March 30, 2011. The Board of Directors may at any time terminate or amend the Directors' Plan; provided, however, that, without the approval of the Company's stockholders, no amendment may be made which would (a) except as a result of the anti-dilution adjustments described above, increase the maximum number of shares available for the grant of options, (b) change the eligibility requirements for persons who may receive options or (c) make any changes for which applicable law or regulatory authority requires stockholder approval. No termination or amendment may adversely affect the rights of an optionee with respect to an outstanding option without the optionee's consent.

FEDERAL INCOME TAX TREATMENT

The following is a general summary of certain material federal income tax consequences of the grant and exercise of the options under the Directors' Plan and the sale of any underlying security. This description is based on

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

current law, which is subject to change, possibly with retroactive effect. This discussion does not purport to address all tax considerations relating to the grant and exercise of the options or resulting from the application of special rules to a particular optionee (including an optionee subject to the reporting and short-swing profit provisions under Section 16 of the Securities Exchange Act of 1934, as amended), and state, local, foreign and other tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of any underlying security. An optionee should consult with the optionee's own tax advisors with respect to the tax consequences inherent in the ownership and exercise of stock options and the ownership and disposition of any underlying security.

NQSOS EXERCISED WITH CASH

No taxable income will be recognized by an optionee upon the grant of an NQSO. Upon the exercise of an NQSO, the excess of the fair market value of the shares received at the time of exercise over the exercise price therefor will be taxed as ordinary income, and the Company will generally be entitled to a corresponding deduction. The optionee's tax basis in the shares acquired upon the exercise of such NQSO will be equal to the exercise price paid by the optionee for such shares plus the amount of ordinary income so recognized.

Any gain or loss recognized by the optionee on a subsequent disposition of shares purchased pursuant to an NQSO will be short-term or long-term capital gain or loss, depending upon the period during which such shares were held, in an amount equal to the difference between the selling price and the optionee's tax basis in the shares.

EXERCISES OF OPTIONS USING PREVIOUSLY ACQUIRED SHARES

If previously acquired shares are surrendered in full or partial payment of the exercise price of an option, gain or loss generally will not be recognized by the optionee upon the exercise of such option to the extent the optionee receives shares which on the date of exercise have a fair market value equal to the fair market value of the shares surrendered in exchange therefor ("Replacement Shares").

The optionee will have an aggregate basis in the Replacement Shares equal to the basis of the shares surrendered, increased by any ordinary income required to be recognized on the disposition of the previously acquired shares. The optionee's holding period for the Replacement Shares generally includes the period during which the surrendered shares were held.

Any shares received by the optionee on such exercise in addition to the Replacement Shares will be treated in the same manner as a cash exercise of an option for no consideration.

MISCELLANEOUS

VOTING REQUIREMENTS

Directors are elected by a plurality of the votes cast at the Meeting at which a quorum is present (Proposal 1). The affirmative vote of the holders of a majority of the votes cast at the Meeting at which a quorum is present will be required to approve the Employee Plan (Proposal 2) and the Directors' Plan (Proposal 3). Appendix B

2001 EMPLOYEE STOCK OPTION PLAN
OF

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

BENTLEY PHARMACEUTICALS, INC.

1. PURPOSES OF THE PLAN. This stock option plan (the "Plan") is intended to provide an incentive to employees (including directors and officers who are employees) of Bentley Pharmaceuticals, Inc., a Delaware corporation (the "Company"), or any of its Subsidiaries (as such term is defined in Paragraph 19), and to offer an additional inducement in obtaining the services of such individuals. The Plan provides for the grant of "incentive stock options" ("ISOs") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and nonqualified stock options which do not qualify as ISOs ("NQSOs"). The Company makes no representation or warranty, express or implied, as to the qualification of any option as an "incentive stock option" under the Code.

2. STOCK SUBJECT TO THE PLAN. Subject to the provisions of Paragraph 12, the aggregate number of shares of the Company's Common Stock, par value \$0.02 per share ("Common Stock"), for which options may be granted under the Plan shall not exceed 1,000,000 (one million) shares. Such shares of Common Stock may, in the discretion of the Board of Directors of the Company (the "Board of Directors"), consist either in whole or in part of authorized but unissued shares of Common Stock or shares of Common Stock held in the treasury of the Company. Subject to the provisions of Paragraph 13, any shares of Common Stock subject to an option, which for any reason expires, is canceled or is terminated unexercised or which ceases for any reason to be exercisable shall again become available for the granting of options under the Plan. The Company shall at all times during the term of the Plan reserve and keep available such number of shares of Common Stock as will be sufficient to satisfy the requirements of the Plan.

3. ADMINISTRATION OF THE PLAN. The Plan will be administered by the Board of Directors, or by a committee (the "Committee") consisting of two or more directors appointed by the Board of Directors. Those administering the Plan shall be referred to herein as the "Administrators." Notwithstanding the foregoing, if the Company is or becomes a corporation issuing any class of common equity securities required to be registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), to the extent necessary to preserve any deduction under Section 162(m) of the Code or to comply with Rule 16b-3 promulgated under the Exchange Act, or any successor rule ("Rule 16b-3"), any Committee appointed by the Board of Directors to administer the Plan shall be comprised of two or more directors each of whom shall be a "non-employee director," within the meaning of Rule 16b-3, and an "outside director," within the meaning of Treasury Regulation Section 1.162-27(e) (3), and the delegation of powers to the Committee shall be consistent with applicable laws and regulations (including, without limitation, applicable state law and Rule 16b-3). Unless otherwise provided in the By-Laws of the Company, by resolution of the Board of Directors or applicable law, a majority of the members of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is present, and any acts approved in writing by all members without a meeting, shall be the acts of the Committee.

Subject to the express provisions of the Plan, the Administrators shall have the authority, in their sole discretion, to determine the persons who shall be granted options; the times when they shall receive options; whether an option granted to an employee shall be an ISO or a NQSO; the type (i.e., voting or non-voting) and number of shares of Common Stock to be subject to each

B-1

option; the term of each option; the date each option shall become exercisable;

whether an option shall be exercisable in whole or in installments, and, if in installments, the number of shares of Common Stock to be subject to each installment; whether the installments shall be cumulative; the date each installment shall become exercisable and the term of each installment; whether to accelerate the date of exercise of any option or installment; whether shares of Common Stock may be issued upon the exercise of an option as partly paid, and, if so, the dates when future installments of the exercise price shall become due and the amounts of such installments; the exercise price of each option; the form of payment of the exercise price; the fair market value of a share of Common Stock; whether and under what conditions to restrict the sale or other disposition of the shares of Common Stock acquired upon the exercise of an option and, if so, whether and under what conditions to waive any such restriction; whether and under what conditions to subject the exercise of all or any portion of an option to the fulfillment of certain restrictions or contingencies as specified in the contract referred to in Paragraph 11 (the "Contract"), including without limitation restrictions or contingencies relating to (a) entering into a covenant not to compete with the Company, its Parent (if any) (as such term is defined in Paragraph 19) and any Subsidiaries, (b) financial objectives for the Company, any of its Subsidiaries, a division, a product line or other category and/or (c) the period of continued employment of the optionee with the Company or any of its Subsidiaries, and to determine whether such restrictions or contingencies have been met; the amount, if any, necessary to satisfy the obligation of the Company, any of its Subsidiaries or any Parent to withhold taxes or other amounts; whether an optionee has a Disability (as such term is defined in Paragraph 19); with the consent of the optionee, to cancel or modify an option, provided, however, that the modified provision is permitted to be included in an option granted under the Plan on the date of the modification; provided, further, however, that in the case of a modification (within the meaning of Section 424(h) of the Code) of an ISO, such option as modified would be permitted to be granted on the date of such modification under the terms of the Plan; to construe the respective Contracts and the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to approve any provision of the Plan or any option granted under the Plan or any amendment to either which, under Rule 16b-3 or Section 162(m) of the Code, requires the approval of the Board of Directors, a committee of non-employee directors or the stockholders, in order to be exempt under Section 16(b) of the Exchange Act (unless otherwise specifically provided herein) or to preserve any deduction under Section 162(m) of the Code; and to make all other determinations necessary or advisable for administering the Plan. Any controversy or claim arising out of or relating to the Plan, any option granted under the Plan or any Contract shall be determined unilaterally by the Administrators in their sole discretion. The determinations of the Administrators on matters referred to in this Paragraph 3 shall be conclusive and binding on all parties. No Administrator or former Administrator shall be liable for any action or determination made in good faith with respect to the Plan or any option granted hereunder.

4. ELIGIBILITY. The Administrators may from time to time, consistent with the purposes of the Plan, grant options to such employees (including officers and directors who are employees) of the Company or any of its Subsidiaries, as the Administrators may determine in their sole discretion. Such options granted shall cover such number of shares of Common Stock as the Administrators may determine in their sole discretion; provided, however, that if on the date of grant of an option, any class of common stock of the Company (including without limitation the Common Stock) is required to be registered under Section 12 of the Exchange Act, the maximum number of shares subject to options that may be granted to any employee during any calendar year under the Plan shall be 250,000 shares (the "Section 162 Maximum"); provided, further, however, that the aggregate market value (determined at the time the option is granted) of the shares of Common Stock for which any eligible employee may be granted ISOs under the Plan or any other plan of the Company, or of a Parent or a Subsidiary of the Company, which are exercisable for the first time by such

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

optionee during any calendar year shall not exceed \$100,000. The \$100,000 ISO limitation amount shall be applied by taking ISOs into account in the order in which they were granted. Any option (or portion thereof) granted in excess of such ISO limitation amount shall be treated as a NQSO to the extent of such excess.

B-2

5. EXERCISE PRICE. The exercise price of the shares of Common Stock under each option shall be determined by the Administrators in their sole discretion; provided, however, that the exercise price of an ISO, or of any option intended to satisfy the performance-based compensation exemption to the deduction limitation under Section 162(m) of the Code, shall not be less than the fair market value of the Common Stock subject to such option on the date of grant; and provided, further, however, that if, at the time an ISO is granted, the optionee owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, of any of its Subsidiaries or of a Parent, the exercise price of such ISO shall not be less than 110% of the fair market value of the Common Stock subject to such ISO on the date of grant.

The fair market value of a share of Common Stock on any day shall be (a) if the principal market for the Common Stock is a national securities exchange, the average of the highest and lowest sales prices per share of the Common Stock on such day as reported by such exchange or on a consolidated tape reflecting transactions on such exchange, (b) if the principal market for the Common Stock is not a national securities exchange and the Common Stock is quoted on the Nasdaq Stock Market ("Nasdaq"), and (i) if actual sales price information is available with respect to the Common Stock, the average of the highest and lowest sales prices per share of the Common Stock on such day on Nasdaq, or (ii) if such information is not available, the average of the highest bid and the lowest asked prices per share for the Common Stock on such day on Nasdaq, or (c) if the principal market for the Common Stock is not a national securities exchange and the Common Stock is not quoted on Nasdaq, the average of the highest bid and lowest asked prices per share for the Common Stock on such day as reported on the OTC Bulletin Board Service or by National Quotation Bureau, Incorporated or a comparable service; provided, however, that if clauses (a), (b) and (c) of this Paragraph 5 are all inapplicable because the Company's Common Stock is not publicly traded, or if no trades have been made or no quotes are available for such day, the fair market value of a share of Common Stock shall be determined by the Administrators by any method consistent with any applicable regulations adopted by the Treasury Department relating to stock options.

6. TERM. Each option granted pursuant to the Plan shall be for such term as is established by the Administrators, in their sole discretion, at or before the time such option is granted; provided, however, that the term of each option granted pursuant to the Plan shall be for a period not exceeding 10 years from the date of grant thereof, and provided further, that if, at the time an ISO is granted, the optionee owns (or is deemed to own under Section 424(d) of the Code) stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, of any of its Subsidiaries or of a Parent, the term of the ISO shall be for a period not exceeding five years from the date of grant. Options shall be subject to earlier termination as hereinafter provided.

7. EXERCISE. An option (or any installment thereof), to the extent then exercisable, shall be exercised by giving written notice to the Company at its principal office stating which option is being exercised, specifying the number of shares of Common Stock as to which such option is being exercised and

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

accompanied by payment in full of the aggregate exercise price therefor (or the amount due on exercise if the applicable Contract permits installment payments) (a) in cash and/or by certified check, (b) with the authorization of the Administrators, with previously acquired shares of Common Stock having an aggregate fair market value (determined in accordance with Paragraph 5), on the date of exercise, equal to the aggregate exercise price of all options being exercised, or (c) some combination thereof; provided, however, that in no case may shares be tendered if such tender would require the Company to incur a charge against its earnings for financial accounting purposes. The Company shall not be required to issue any shares of Common Stock pursuant to the exercise of any option until all required payments with respect thereto, including payments for any required withholding amounts, have been made.

B-3

The Administrators may, in their sole discretion, permit payment of the exercise price of an option by delivery by the optionee of a properly executed notice, together with a copy of the optionee's irrevocable instructions to a broker acceptable to the Administrators to deliver promptly to the Company the amount of sale or loan proceeds sufficient to pay such exercise price. In connection therewith, the Company may enter into agreements for coordinated procedures with one or more brokerage firms.

An optionee shall not have the rights of a stockholder with respect to such shares of Common Stock to be received upon the exercise of an option until the date of issuance of a stock certificate to the optionee for such shares or, in the case of uncertificated shares, until the date an entry is made on the books of the Company's transfer agent representing such shares; provided, however, that until such stock certificate is issued or until such book entry is made, any optionee using previously acquired shares of Common Stock in payment of an option exercise price shall continue to have the rights of a stockholder with respect to such previously acquired shares.

In no case may a fraction of a share of Common Stock be purchased or issued under the Plan.

8. TERMINATION OF RELATIONSHIP. Except as may otherwise be expressly provided in the applicable Contract, any optionee whose employment relationship with the Company, its Parent and any of its Subsidiaries, has terminated for any reason other than the death or Disability of the optionee may exercise any option granted to the optionee as an employee, to the extent exercisable on the date of such termination, at any time within three months after the date of termination, but not thereafter and in no event after the date the option would otherwise have expired; provided, however, that if such relationship is terminated either (a) for Cause (as defined in Paragraph 19), or (b) without the consent of the Company, such option shall terminate immediately; provided, further, that if the Company terminates the employee's employment within a three-year period after a change in control of the Corporation (as defined in Paragraph 19), the employee during the three-month period after termination (but not after the date on which the option would otherwise expire) may exercise all or any part of the remaining unexercised portion of the option notwithstanding that the option had not yet become exercisable with respect to all or part of such shares at the date of termination.

For the purposes of the Plan, an employment relationship shall be deemed to exist between an individual and a corporation if, at the time of the determination, the individual was an employee of such corporation for purposes of Section 422(a) of the Code. As a result, an individual on military leave, sick leave or other bona fide leave of absence shall continue to be considered an employee for purposes of the Plan during such leave if the period of the

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

leave does not exceed 90 days, or, if longer, so long as the individual's right to re-employment with the Company, any of its Subsidiaries or a Parent is guaranteed either by statute or by contract. If the period of leave exceeds 90 days and the individual's right to re-employment is not guaranteed by statute or by contract, the employment relationship shall be deemed to have terminated on the 91st day of such leave.

Nothing in the Plan or in any option granted under the Plan shall confer on any person any right to continue in the employ of the Company, its Parent or any of its Subsidiaries or interfere in any way with any right of the Company, its Parent or any of its Subsidiaries to terminate such relationship at any time for any reason whatsoever without liability to the Company, its Parent or any of its Subsidiaries.

9. DEATH, DISABILITY OR RETIREMENT OF AN OPTIONEE. Except as may otherwise be expressly provided in the applicable Contract, if an optionee dies (a) while he is employed by the Company, its Parent or any of its Subsidiaries, (b) within three months after the termination of the optionee's employment relationship with the Company, its Parent and its Subsidiaries (unless such termination was for Cause or without the consent of the Company) or (c) within one year following the termination of

B-4

such employment relationship by reason of the optionee's Disability or Retirement (as defined in Paragraph 19), the options granted to the optionee as an employee of the Company or any of its Subsidiaries, may be exercised, to the extent exercisable on the date of the optionee's death, by the optionee's Legal Representative (as such term is defined in Paragraph 19), at any time within one year after death, but not thereafter and in no event after the date the option would otherwise have expired. Except as may otherwise be expressly provided in the applicable Contract, any optionee whose employment relationship with the Company, its Parent and its Subsidiaries has terminated by reason of the optionee's Disability or Retirement may exercise such options, to the extent exercisable upon the effective date of such termination, at any time within one year after such date, but not thereafter and in no event after the date the option would otherwise have expired.

10. COMPLIANCE WITH SECURITIES LAWS. It is a condition to the exercise of any option that either (a) a Registration Statement under the Securities Act of 1933, as amended (the "Securities Act"), with respect to the shares of Common Stock to be issued upon such exercise shall be effective and current at the time of exercise, or (b) there is an exemption from registration under the Securities Act for the issuance of the shares of Common Stock upon such exercise. Nothing herein shall be construed as requiring the Company to register shares subject to any option under the Securities Act or to keep any Registration Statement effective or current.

The Administrators may require, in their sole discretion, as a condition to the grant or exercise of an option, that the optionee execute and deliver to the Company the optionee's representations and warranties, in form, substance and scope satisfactory to the Administrators, which the Administrators determine is necessary or convenient to facilitate the perfection of an exemption from the registration requirements of the Securities Act, applicable state securities laws or other legal requirements, including without limitation, that (a) the shares of Common Stock to be issued upon exercise of the option are being acquired by the optionee for the optionee's own account, for investment only and not with a view to the resale or distribution thereof, and (b) any subsequent resale or distribution of shares of Common Stock by such optionee will be made only pursuant to (i) a Registration Statement under the Securities

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

Act which is effective and current with respect to the shares of Common Stock being sold, or (ii) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption, the optionee, prior to any offer of sale or sale of such shares of Common Stock, shall provide the Company with a favorable written opinion of counsel satisfactory to the Company, in form, substance and scope satisfactory to the Company, as to the applicability of such exemption to the proposed sale or distribution.

In addition, if at any time the Administrators shall determine that the listing or qualification of the shares of Common Stock subject to such option on any securities exchange, Nasdaq or under any applicable law, or that the consent or approval of any governmental agency or regulatory body, is necessary or desirable as a condition to, or in connection with, the granting of an option or the issuance of shares of Common Stock thereunder, such option may not be granted or exercised in whole or in part, as the case may be, unless such listing, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Administrators.

11. STOCK OPTION CONTRACTS. Each option shall be evidenced by an appropriate Contract which shall be duly executed by the Company and the optionee. Such Contract shall contain such terms, provisions and conditions not inconsistent herewith as may be determined by the Administrators in their sole discretion. The terms of each option and Contract need not be identical.

12. ADJUSTMENTS UPON CHANGES IN COMMON STOCK. Notwithstanding any other provision of the Plan, in the event of any change in the outstanding Common Stock by reason of a stock dividend, recapitalization, merger in which the Company is the surviving corporation, spin-off, split-up,

B-5

combination or exchange of shares or the like which results in a change in the number or kind of shares of Common Stock which are outstanding immediately prior to such event, the aggregate number and kind of shares subject to the Plan, the aggregate number and kind of shares subject to each outstanding option and the exercise price thereof, and the maximum number of shares subject to options that may be granted to any employee in any calendar year, shall be appropriately adjusted by the Board of Directors, whose determination shall be conclusive and binding on all parties. Such adjustment may provide for the elimination of fractional shares that might otherwise be subject to options without payment therefor. Notwithstanding the foregoing, no adjustment shall be made pursuant to this Paragraph 12 if such adjustment (a) would cause the Plan to fail to comply with Section 422 of the Code or with Rule 16b-3 of the Exchange Act (if applicable to such option), or (b) would be considered as the adoption of a new plan requiring stockholder approval.

In the event of a proposed dissolution or liquidation of the Company, or in the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, the Board of Directors of the Company shall, as to outstanding options, either (a) make appropriate provision for the protection of any such outstanding options by the substitution on an equitable basis of appropriate stock of the Company or of the merged, consolidated or otherwise reorganized corporation which will be issuable in respect to one share of Common Stock of the Company; provided that the excess of the aggregate fair market value of the shares subject to the options immediately after such substitution over the purchase price thereof is not more than the excess of the aggregate fair market value of the shares subject to such options immediately before such substitution over the purchase price thereof, or (b) upon written notice to an optionee, provide that all unexercised options must be exercised within a specified number of days of the date of such notice or they will be terminated. In any such case, the Board of

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

Directors may, in its discretion, advance the lapse of any waiting or installment periods and exercise dates.

13. AMENDMENTS AND TERMINATION OF THE PLAN. The Plan was adopted by the Board of Directors on March 30, 2001. No option may be granted under the Plan after March 30, 2011. The Board of Directors, without further approval of the Company's stockholders, may at any time suspend or terminate the Plan, in whole or in part, or amend it from time to time in such respects as it may deem advisable, including without limitation, in order that ISOs granted hereunder meet the requirements for "incentive stock options" under the Code, or to comply with the provisions of Rule 16b-3 or Section 162(m) of the Code or any change in applicable laws or regulations, ruling or interpretation of any governmental agency or regulatory body; provided, however, that no amendment shall be effective, without the requisite prior or subsequent stockholder approval, which would (a) except as contemplated in Paragraph 12, increase the maximum number of shares of Common Stock for which options may be granted under the Plan or change the Section 162 Maximum, (b) change the eligibility requirements for individuals entitled to receive options hereunder, or (c) make any change for which applicable law or any governmental agency or regulatory body requires stockholder approval. No termination, suspension or amendment of the Plan shall adversely affect the rights of an optionee under any option granted under the Plan without such optionee's consent. The power of the Administrators to construe and administer any option granted under the Plan prior to the termination or suspension of the Plan shall continue after such termination or during such suspension.

14. NON-TRANSFERABILITY. No option granted under the Plan shall be transferable other than by will or the laws of descent and distribution, and options may be exercised, during the lifetime of the optionee, only by the optionee or the optionee's Legal Representatives. Except to the extent provided above, options may not be assigned, transferred, pledged, hypothecated or disposed of in any way (whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar

B-6

process, and any such attempted assignment, transfer, pledge, hypothecation or disposition shall be null and void ab initio and of no force or effect.

15. WITHHOLDING TAXES. The Company, or its Subsidiary or Parent, as applicable, may withhold (a) cash or (b) with the consent of the Administrators (in the Contract or otherwise), shares of Common Stock to be issued upon exercise of an option or a combination of cash and shares, having an aggregate fair market value (determined in accordance with Paragraph 5) equal to the amount which the Administrators determine is necessary to satisfy the obligation of the Company, a Subsidiary or Parent to withhold Federal, state and local income taxes or other amounts incurred by reason of the grant, vesting, exercise or disposition of an option or the disposition of the underlying shares of Common Stock. Alternatively, the Company may require the optionee to pay to the Company such amount, in cash, promptly upon demand.

16. LEGENDS; PAYMENT OF EXPENSES. The Company may endorse such legend or legends upon the certificates for shares of Common Stock issued upon exercise of an option under the Plan and may issue such "stop transfer" instructions to its transfer agent in respect of such shares as it determines, in its sole discretion, to be necessary or appropriate to (a) prevent a violation of, or to perfect an exemption from, the registration requirements of the Securities Act, applicable state securities laws or other legal requirements, (b) implement the provisions of the Plan or any agreement between the Company and the optionee

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

with respect to such shares of Common Stock, or (c) permit the Company to determine the occurrence of a "disqualifying disposition," as described in Section 421(b) of the Code, of the shares of Common Stock transferred upon the exercise of an ISO granted under the Plan.

The Company shall pay all issuance taxes with respect to the issuance of shares of Common Stock upon the exercise of an option granted under the Plan, as well as all fees and expenses incurred by the Company in connection with such issuance.

17. USE OF PROCEEDS. The cash proceeds to be received upon the exercise of an option under the Plan shall be added to the general funds of the Company and used for such corporate purposes as the Board of Directors may determine, in its sole discretion.

18. SUBSTITUTIONS AND ASSUMPTIONS OF OPTIONS OF CERTAIN CONSTITUENT CORPORATIONS. Anything in this Plan to the contrary notwithstanding, the Board of Directors may, without further approval by the stockholders, substitute new options for prior options of a Constituent Corporation (as such term is defined in Paragraph 19) or assume the prior options of such Constituent Corporation.

B-7

19. Definitions.

(1) "Cause", in connection with the termination of an optionee, shall mean (i) "cause," as such term (or any similar term, such as "with cause") is defined in any employment or other applicable agreement for services between the Company and such optionee, or (ii) in the absence of such an agreement, "cause" as such term is defined in the Contract executed by the Company and such optionee pursuant to Paragraph 11, or (iii) in the absence of both of the foregoing, (A) indictment of such optionee for any illegal conduct, (B) failure of such optionee to adequately perform any of the optionee's duties and responsibilities in any capacity held with the Company, any of its Subsidiaries or any Parent (other than any such failure resulting solely from such optionee's physical or mental incapacity), (C) the commission of any act or failure to act by such optionee that involves moral turpitude, dishonesty, theft, destruction of property, fraud, embezzlement or unethical business conduct, or that is otherwise injurious to the Company, any of its Subsidiaries or any Parent or any other affiliate of the Company (or its or their respective employees), whether financially or otherwise, (D) any violation by such optionee of any Company rule or policy, or (E) any violation by such optionee of the requirements of such Contract, any other contract or agreement between the Company and such optionee or this Plan (as in effect from time to time); in each case, with respect to subsections (A) through (E), as determined by the Board of Directors.

(2) "change in control of the Company" shall mean any acquisition by any corporation, person or entity, of the beneficial ownership, directly or indirectly, of voting stock of the Corporation resulting in such corporation, person or entity owning, directly or indirectly, 50% or more of such voting stock. For the purpose of the foregoing definition of change in control of the Company, any corporation, person or other entity shall be deemed to be the beneficial owner of any shares of voting stock of the Company (i) which it has the right to acquire, hold or vote pursuant to any agreement, or upon exercise of conversion rights, warrants or options, or otherwise, or (ii) which are beneficially owned, directly or indirectly (including

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

shares deemed owned through application of clause (i) above), by any other corporation, person or entity (A) with which it or its "affiliate" or "associate" (as those terms are defined in Rule 12b-2 promulgated under the Exchange Act) has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting or disposing of voting stock of the Company, or (B) which is its "affiliate" or "associate". In computing the aforesaid percentage, the outstanding shares of voting stock of the Company shall include shares deemed owned through application of clauses (i) and (ii) but shall not include any other shares which may be issuable pursuant to any agreement, or upon exercise of conversion rights, warrants or options or otherwise.

(3) "Constituent Corporation" shall mean any corporation which engages with the Company, its Parent or any Subsidiary in a transaction to which Section 424(a) of the Code applies (or would apply if the option assumed or substituted were an ISO), or any Parent or any Subsidiary of such corporation.

(4) "Disability" shall mean a permanent and total disability within the meaning of Section 22(e)(3) of the Code.

(5) "Legal Representative" shall mean the executor, administrator or other person who at the time is entitled by law to exercise the rights of a deceased or incapacitated optionee with respect to an option granted under the Plan.

(6) "Parent" shall mean a "parent corporation" within the meaning of Section 424(e) of the Code.

B-8

(7) "Retirement" shall mean retirement no earlier than the normal retirement age pursuant to any pension or retirement plan of the Company or a Subsidiary or Parent.

(8) "Subsidiary" shall mean a "subsidiary corporation" within the meaning of Section 424(f) of the Code.

20. GOVERNING LAW. The Plan, such options as may be granted hereunder, the Contracts and all related matters shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to conflict or choice of law provisions.

Neither the Plan nor any Contract shall be construed or interpreted with any presumption against the Company by reason of the Company causing the Plan or Contract to be drafted.

Whenever from the context it appears appropriate, any term stated in either the singular or plural shall include the singular and plural, and any term stated in the masculine, feminine or neuter gender shall include the masculine, feminine and neuter.

21. PARTIAL INVALIDITY. The invalidity, illegality or unenforceability of any provision in the Plan, any option or Contract shall not affect the validity, legality or enforceability of any other provision, all of which shall be valid, legal and enforceable to the fullest extent permitted by applicable law.

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

22. STOCKHOLDER APPROVAL. The Plan shall be subject to approval by a majority of the votes present in person and by proxy entitled to vote hereon at a duly held meeting of the Company's stockholders at which a quorum is present. No options granted hereunder may be exercised prior to such approval, provided, however, that the date of grant of any option shall be determined as if the Plan had not been subject to such approval. Notwithstanding the foregoing, if the Plan is not approved by a vote of the stockholders of the Company on or before December 31, 2001, the Plan and any options granted hereunder shall terminate.

Appendix C

2001 DIRECTORS' STOCK OPTION PLAN OF BENTLEY PHARMACEUTICALS, INC.

1. PURPOSES OF THE PLAN. This stock option plan (the "Plan") is intended to provide an incentive to members and former members of the Board of Directors who are not employees of Bentley Pharmaceuticals, Inc., a Delaware corporation (the "Company"), or any of its Subsidiaries (as such term is defined in Paragraph 19), and to offer an additional inducement in obtaining the services of such individuals. The Plan provides for the grant of nonqualified stock options ("NQSOs") which do not qualify as "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

2. STOCK SUBJECT TO THE PLAN. Subject to the provisions of Paragraph 12, the aggregate number of shares of the Company's Common Stock, par value \$0.02 per share ("Common Stock"), for which options may be granted under the Plan shall not exceed 500,000 (five hundred thousand) shares. Such shares of Common Stock may, in the discretion of the Board of Directors of the Company (the "Board of Directors"), consist either in whole or in part of authorized but unissued shares of Common Stock or shares of Common Stock held in the treasury of the Company. Subject to the provisions of Paragraph 13, any shares of Common Stock subject to an option, which for any reason expires, is canceled or is terminated unexercised or which ceases for any reason to be exercisable shall again become available for the granting of options under the Plan. The Company shall at all times during the term of the Plan reserve and keep available such number of shares of Common Stock as will be sufficient to satisfy the requirements of the Plan.

3. ADMINISTRATION OF THE PLAN. The Plan will be administered by the Board of Directors or by a committee (the "Committee") consisting of two or more directors appointed by the Board of Directors. Those administering the Plan shall be referred to herein as the "Administrators." Notwithstanding the foregoing, if the Company is or becomes a corporation issuing any class of common equity securities required to be registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), to the extent necessary to comply with Rule 16b-3 promulgated under the Exchange Act, or any successor rule ("Rule 16b-3"), any Committee appointed by the Board of Directors to administer the Plan shall be comprised of two or more directors each of whom shall be a "non-employee director," within the meaning of Rule 16b-3, and an "outside director," within the meaning of Treasury Regulation Section 1.162-27(e)(3), and the delegation of powers to the Committee shall be consistent with applicable laws and regulations (including, without limitation, applicable state law and Rule 16b-3). Unless otherwise provided in the By-Laws of the Company, by resolution of the Board of Directors or applicable law, a majority of the members of the Committee shall constitute a quorum, and the acts of a majority of the members present at any meeting at which a quorum is

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

present, and any acts approved in writing by all members without a meeting, shall be the acts of the Committee.

Subject to the express provisions of the Plan, the Administrators shall have the authority, in their sole discretion, to determine the persons who shall be granted options; the times when they shall receive options; the type (i.e., voting or non-voting) and number of shares of Common Stock to be subject to each option; the term of each option; the date each option shall become exercisable; whether an option shall be exercisable in whole or in installments, and, if in installments, the number of shares of Common Stock to be subject to each installment; whether the installments shall be cumulative; the date each installment shall become exercisable and the term of each installment; whether to accelerate the date of exercise of

C-1

any option or installment; whether shares of Common Stock may be issued upon the exercise of an option as partly paid, and, if so, the dates when future installments of the exercise price shall become due and the amounts of such installments; the exercise price of each option; the form of payment of the exercise price; the fair market value of a share of Common Stock; whether and under what conditions to restrict the sale or other disposition of the shares of Common Stock acquired upon the exercise of an option and, if so, whether and under what conditions to waive any such restriction; whether and under what conditions to subject the exercise of all or any portion of an option to the fulfillment of certain restrictions or contingencies as specified in the contract referred to in Paragraph 11 (the "Contract"); whether an optionee has a Disability (as such term is defined in Paragraph 19); with the consent of the optionee, to cancel or modify an option, provided, however, that the modified provision is permitted to be included in an option granted under the Plan on the date of the modification; to construe the respective Contracts and the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to approve any provision of the Plan or any option granted under the Plan or any amendment to either which, under Rule 16b-3, requires the approval of the Board of Directors, a committee of non-employee directors or the stockholders, in order to be exempt under Section 16(b) of the Exchange Act (unless otherwise specifically provided herein); and to make all other determinations necessary or advisable for administering the Plan. Any controversy or claim arising out of or relating to the Plan, any option granted under the Plan or any Contract shall be determined unilaterally by the Administrators in their sole discretion. The determinations of the Administrators on matters referred to in this Paragraph 3 shall be conclusive and binding on all parties. No Administrator or former Administrator shall be liable for any action or determination made in good faith with respect to the Plan or any option granted hereunder.

4. ELIGIBILITY. The Administrators may from time to time, consistent with the purposes of the Plan, grant options to directors who are not employees of the Company or any of its Subsidiaries, as the Administrators may determine in their sole discretion, or approve a formula pursuant to which such directors are automatically granted options from time to time. Such options granted shall cover such number of shares of Common Stock as the Administrators may determine in their sole discretion.

5. EXERCISE PRICE. The exercise price of the shares of Common Stock under each option shall be determined by the Administrators in their sole discretion, provided, however, that the exercise price shall not be less than the fair market value of the Common Stock subject to such option on the date of grant.

The fair market value of a share of Common Stock on any day shall be

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

(a) if the principal market for the Common Stock is a national securities exchange, the average of the highest and lowest sales prices per share of the Common Stock on such day as reported by such exchange or on a consolidated tape reflecting transactions on such exchange, (b) if the principal market for the Common Stock is not a national securities exchange and the Common Stock is quoted on the Nasdaq Stock Market ("Nasdaq"), and (i) if actual sales price information is available with respect to the Common Stock, the average of the highest and lowest sales prices per share of the Common Stock on such day on Nasdaq, or (ii) if such information is not available, the average of the highest bid and the lowest asked prices per share for the Common Stock on such day on Nasdaq, or (c) if the principal market for the Common Stock is not a national securities exchange and the Common Stock is not quoted on Nasdaq, the average of the highest bid and lowest asked prices per share for the Common Stock on such day as reported on the OTC Bulletin Board Service or by National Quotation Bureau, Incorporated or a comparable service; provided, however, that if clauses (a), (b) and (c) of this Paragraph 5 are all inapplicable because the Company's Common Stock is not publicly traded, or if no trades have been made or no quotes are available for such

C-2

day, the fair market value of a share of Common Stock shall be determined by the Administrators by any method consistent with any applicable regulations adopted by the Treasury Department relating to stock options.

6. TERM. Each option granted pursuant to the Plan shall be for such term as is established by the Administrators, in their sole discretion, at or before the time such option is granted; provided, however, that the term of each option granted pursuant to the Plan shall be for a period not exceeding 10 years from the date of grant thereof. Options shall be subject to earlier termination as hereinafter provided.

7. EXERCISE. An option (or any installment thereof), to the extent then exercisable, shall be exercised by giving written notice to the Company at its principal office stating which option is being exercised, specifying the number of shares of Common Stock as to which such option is being exercised and accompanied by payment in full of the aggregate exercise price therefor (or the amount due on exercise if the applicable Contract permits installment payments) (a) in cash and/or by certified check, (b) with the authorization of the Administrators, with previously acquired shares of Common Stock having an aggregate fair market value (determined in accordance with Paragraph 5), on the date of exercise, equal to the aggregate exercise price of all options being exercised, or (c) some combination thereof; provided, however, that in no case may shares be tendered if such tender would require the Company to incur a charge against its earnings for financial accounting purposes. The Company shall not be required to issue any shares of Common Stock pursuant to the exercise of any option until all required payments with respect thereto, including payments for any required withholding amounts, have been made.

The Administrators may, in their sole discretion, permit payment of the exercise price of an option by delivery by the optionee of a properly executed notice, together with a copy of the optionee's irrevocable instructions to a broker acceptable to the Administrators to deliver promptly to the Company the amount of sale or loan proceeds sufficient to pay such exercise price. In connection therewith, the Company may enter into agreements for coordinated procedures with one or more brokerage firms.

An optionee shall not have the rights of a stockholder with respect to such shares of Common Stock to be received upon the exercise of an option until

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

the date of issuance of a stock certificate to the optionee for such shares or, in the case of uncertificated shares, until the date an entry is made on the books of the Company's transfer agent representing such shares; provided, however, that until such stock certificate is issued or until such book entry is made, any optionee using previously acquired shares of Common Stock in payment of an option exercise price shall continue to have the rights of a stockholder with respect to such previously acquired shares.

In no case may a fraction of a share of Common Stock be purchased or issued under the Plan.

8. TERMINATION OF RELATIONSHIP. Except as may otherwise be expressly provided in the applicable Contract or in the Plan, any optionee, other than a Director Emeritus (as such term is defined in Paragraph 19) whose membership on the Board of Directors of the Company has terminated for any reason other than the death or Disability of the optionee or the engagement of the optionee as an employee of the Company, may exercise any option granted to the optionee, to the extent exercisable on the date of such termination, at any time within three months after the date of termination, but not thereafter and in no event after the date the option would otherwise have expired; provided, however, that if such directorship is terminated for Cause (as defined in Paragraph 19), such option shall terminate

C-3

immediately; provided, further, that if the optionee ceases to be a director as the result of his removal or failure to be nominated for re-election to the Board, or his Director Emeritus status is terminated, within three years after a change in control of the Company (as defined in Paragraph 19), such optionee, during the three month period after cessation of service or termination of status, may exercise all or any part of the remaining unexercised portion of the option notwithstanding that the option had not yet become exercisable with respect to all or part of such shares at the date of cessation of service or termination of status. Except hereinabove provided, in the event an optionee shall cease to serve on the Board but shall have been designated as a Director Emeritus, his option shall continue to be exercisable as though such Director Emeritus continued to serve as a director.

Nothing in the Plan or in any option granted under the Plan shall confer on any person any right to continue as a director of the Company or interfere in any way with any right of the Company to terminate such relationship at any time for any reason whatsoever without liability to the Company, its Parent or any of its Subsidiaries.

9. DEATH OR DISABILITY OF AN OPTIONEE. Except as may otherwise be expressly provided in the applicable Contract, if an optionee dies (a) while he is a member of the Board of Directors of the Company, (b) within three months after the termination of the optionee's directorship with the Company (unless such termination was for Cause) or (c) within one year following the termination of such directorship by reason of the optionee's Disability, the options granted to the optionee may be exercised, to the extent exercisable on the date of the optionee's death, by the optionee's Legal Representative (as such term is defined in Paragraph 19), at any time within one year after death, but not thereafter and in no event after the date the option would otherwise have expired. Except as may otherwise be expressly provided in the applicable Contract, any optionee whose directorship with the Company has terminated by reason of the optionee's Disability may exercise such options, to the extent exercisable upon the effective date of such termination, at any time within one year after such date, but not thereafter and in no event after the date the option would otherwise have expired.

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

10. COMPLIANCE WITH SECURITIES LAWS. It is a condition to the exercise of any option that either (a) a Registration Statement under the Securities Act of 1933, as amended (the "Securities Act"), with respect to the shares of Common Stock to be issued upon such exercise shall be effective and current at the time of exercise, or (b) there is an exemption from registration under the Securities Act for the issuance of the shares of Common Stock upon such exercise. Nothing herein shall be construed as requiring the Company to register shares subject to any option under the Securities Act or to keep any Registration Statement effective or current.

The Administrators may require, in their sole discretion, as a condition to the grant or exercise of an option, that the optionee execute and deliver to the Company the optionee's representations and warranties, in form, substance and scope satisfactory to the Administrators, which the Administrators determine is necessary or convenient to facilitate the perfection of an exemption from the registration requirements of the Securities Act, applicable state securities laws or other legal requirements, including without limitation, that (a) the shares of Common Stock to be issued upon exercise of the option are being acquired by the optionee for the optionee's own account, for investment only and not with a view to the resale or distribution thereof, and (b) any subsequent resale or distribution of shares of Common Stock by such optionee will be made only pursuant to (i) a Registration Statement under the Securities Act which is effective and current with respect to the shares of Common Stock being sold, or (ii) a specific exemption from the registration requirements of the Securities Act, but in claiming such exemption, the optionee,

C-4

prior to any offer of sale or sale of such shares of Common Stock, shall provide the Company with a favorable written opinion of counsel satisfactory to the Company, in form, substance and scope satisfactory to the Company, as to the applicability of such exemption to the proposed sale or distribution.

In addition, if at any time the Administrators shall determine that the listing or qualification of the shares of Common Stock subject to such option on any securities exchange, Nasdaq or under any applicable law, or that the consent or approval of any governmental agency or regulatory body, is necessary or desirable as a condition to, or in connection with, the granting of an option or the issuance of shares of Common Stock thereunder, such option may not be granted or exercised in whole or in part, as the case may be, unless such listing, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Administrators.

11. STOCK OPTION CONTRACTS. Each option shall be evidenced by an appropriate Contract which shall be duly executed by the Company and the optionee. Such Contract shall contain such terms, provisions and conditions not inconsistent herewith as may be determined by the Administrators in their sole discretion. The terms of each option and Contract need not be identical.

12. ADJUSTMENTS UPON CHANGES IN COMMON STOCK. Notwithstanding any other provision of the Plan, in the event of any change in the outstanding Common Stock by reason of a stock dividend, recapitalization, merger in which the Company is the surviving corporation, spin-off, split-up, combination or exchange of shares or the like which results in a change in the number or kind of shares of Common Stock which are outstanding immediately prior to such event, the aggregate number and kind of shares subject to the Plan, and the aggregate number and kind of shares subject to each outstanding option and the exercise price thereof, shall be appropriately adjusted by the Board of Directors, whose

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

determination shall be conclusive and binding on all parties. Such adjustment may provide for the elimination of fractional shares that might otherwise be subject to options without payment therefor. Notwithstanding the foregoing, no adjustment shall be made pursuant to this Paragraph 12 if such adjustment (a) would cause the Plan to fail to comply with Rule 16b-3 of the Exchange Act (if applicable to such option), or (b) would be considered as the adoption of a new plan requiring stockholder approval.

In the event of a proposed dissolution or liquidation of the Company, or in the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, the Board of Directors of the Company shall, as to outstanding options, either (a) make appropriate provision for the protection of any such outstanding options by the substitution on an equitable basis of appropriate stock of the Company or of the merged, consolidated or otherwise reorganized corporation which will be issuable in respect to one share of Common Stock of the Company; provided that the excess of the aggregate fair market value of the shares subject to the options immediately after such substitution over the purchase price thereof is not more than the excess of the aggregate fair market value of the shares subject to such options immediately before such substitution over the purchase price thereof, or (b) upon written notice to an optionee, provide that all unexercised options must be exercised within a specified number of days of the date of such notice or they will be terminated. In any such case, the Board of Directors may, in its discretion, advance the lapse of any waiting or installment periods and exercise dates.

13. AMENDMENTS AND TERMINATION OF THE PLAN. The Plan was adopted by the Board of Directors on March 30, 2001. No option may be granted under the Plan after March 30, 2011. The Board of Directors, without further approval of the Company's stockholders, may at any time suspend or

C-5

terminate the Plan, in whole or in part, or amend it from time to time in such respects as it may deem advisable, including without limitation, to comply with the provisions of Rule 16b-3 or any change in applicable laws or regulations, ruling or interpretation of any governmental agency or regulatory body; provided, however, that no amendment shall be effective, without the requisite prior or subsequent stockholder approval, which would (a) change the eligibility requirements for individuals entitled to receive options hereunder, or (b) make any change for which applicable law or any governmental agency or regulatory body requires stockholder approval. No termination, suspension or amendment of the Plan shall adversely affect the rights of an optionee under any option granted under the Plan without such optionee's consent. The power of the Administrators to construe and administer any option granted under the Plan prior to the termination or suspension of the Plan shall continue after such termination or during such suspension.

14. NON-TRANSFERABILITY. No option granted under the Plan shall be transferable other than by will or the laws of descent and distribution, and options may be exercised, during the lifetime of the optionee, only by the optionee or the optionee's Legal Representatives. Except to the extent provided above, options may not be assigned, transferred, pledged, hypothecated or disposed of in any way (whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar process, and any such attempted assignment, transfer, pledge, hypothecation or disposition shall be null and void ab initio and of no force or effect.

15. WITHHOLDING TAXES. The Company may withhold (a) cash or (b) with the consent of the Administrators (in the Contract or otherwise), shares of

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

Common Stock to be issued upon exercise of an option or a combination of cash and shares, having an aggregate fair market value (determined in accordance with Paragraph 5) equal to the amount which the Administrators determine is necessary to satisfy the obligation of the Company to withhold Federal, state and local income taxes or other amounts incurred by reason of the grant, vesting, exercise or disposition of an option or the disposition of the underlying shares of Common Stock. Alternatively, the Company may require the optionee to pay to the Company such amount, in cash, promptly upon demand.

16. LEGENDS; PAYMENT OF EXPENSES. The Company may endorse such legend or legends upon the certificates for shares of Common Stock issued upon exercise of an option under the Plan and may issue such "stop transfer" instructions to its transfer agent in respect of such shares as it determines, in its sole discretion, to be necessary or appropriate to (a) prevent a violation of, or to perfect an exemption from, the registration requirements of the Securities Act, applicable state securities laws or other legal requirements, or (b) implement the provisions of the Plan or any agreement between the Company and the optionee with respect to such shares of Common Stock.

The Company shall pay all issuance taxes with respect to the issuance of shares of Common Stock upon the exercise of an option granted under the Plan, as well as all fees and expenses incurred by the Company in connection with such issuance.

17. USE OF PROCEEDS. The cash proceeds to be received upon the exercise of an option under the Plan shall be added to the general funds of the Company and used for such corporate purposes as the Board of Directors may determine, in its sole discretion.

18. SUBSTITUTIONS AND ASSUMPTIONS OF OPTIONS OF CERTAIN CONSTITUENT CORPORATIONS. Anything in this Plan to the contrary notwithstanding, the Board of Directors may, without further

C-6

approval by the stockholders, substitute new options for prior options of a Constituent Corporation (as such term is defined in Paragraph 19) or assume the prior options of such Constituent Corporation.

19. Definitions.

(1) "Cause", in connection with the termination of an optionee, shall mean (i) "cause," as such term (or any similar term, such as "with cause") is defined in any agreement for services between the Company and such optionee, or (ii) in the absence of such an agreement, "cause" as such term is defined in the Contract executed by the Company and such optionee pursuant to Paragraph 11, or (iii) in the absence of both of the foregoing, (A) indictment of such optionee for any illegal conduct, (B) failure of such optionee to adequately perform any of the optionee's duties and responsibilities in any capacity held with the Company, any of its Subsidiaries or any Parent (other than any such failure resulting solely from such optionee's physical or mental incapacity), (C) the commission of any act or failure to act by such optionee that involves moral turpitude, dishonesty, theft, destruction of property, fraud, embezzlement or unethical business conduct, or that is otherwise injurious to the Company, any of its Subsidiaries or any Parent or any other affiliate of the Company (or its or their respective employees), whether financially or otherwise, (D) any

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

violation by such optionee of any Company rule or policy, or (E) any violation by such optionee of the requirements of such Contract, any other contract or agreement between the Company and such optionee or this Plan (as in effect from time to time); in each case, with respect to subsections (A) through (E), as determined by the Board of Directors.

(2) "change in control of the Company" shall mean any acquisition by any corporation, person or entity, of the beneficial ownership, directly or indirectly, of voting stock of the Corporation resulting in such corporation, person or entity owning, directly or indirectly, 50% or more of such voting stock. For the purpose of the foregoing definition of change in control of the Company, any corporation, person or other entity shall be deemed to be the beneficial owner of any shares of voting stock of the Company (i) which it has the right to acquire, hold or vote pursuant to any agreement, or upon exercise of conversion rights, warrants or options, or otherwise, or (ii) which are beneficially owned, directly or indirectly (including shares deemed owned through application of clause (i) above), by any other corporation, person or entity (A) with which it or its "affiliate" or "associate" (as those terms are defined in Rule 12b-2 promulgated under the Exchange Act) has any agreement, arrangement or understanding for the purpose of acquiring, holding, voting or disposing of voting stock of the Company, or (B) which is its "affiliate" or "associate". In computing the aforesaid percentage, the outstanding shares of voting stock of the Company shall include shares deemed owned through application of clauses (i) and (ii) but shall not include any other shares which may be issuable pursuant to any agreement, or upon exercise of conversion rights, warrants or options or otherwise.

(3) "Constituent Corporation" shall mean any corporation which engages with the Company, its Parent or any Subsidiary in a transaction to which Section 424(a) of the Code applies, or any Parent or any Subsidiary of such corporation.

(4) "Director Emeritus" shall mean an honorary title granted by majority vote of the members of the Board then serving.

(5) "Disability" shall mean a permanent and total disability within the meaning of Section 22(e)(3) of the Code.

C-7

(6) "Legal Representative" shall mean the executor, administrator or other person who at the time is entitled by law to exercise the rights of a deceased or incapacitated optionee with respect to an option granted under the Plan.

(7) "Parent" shall mean a "parent corporation" within the meaning of Section 424(e) of the Code.

(8) "Subsidiary" shall mean a "subsidiary corporation" within the meaning of Section 424(f) of the Code.

20. GOVERNING LAW. The Plan, such options as may be granted hereunder, the Contracts and all related matters shall be governed by, and construed in accordance with, the laws of the State of Delaware, without regard to conflict or choice of law provisions.

Edgar Filing: BENTLEY PHARMACEUTICALS INC - Form DEF 14A

Neither the Plan nor any Contract shall be construed or interpreted with any presumption against the Company by reason of the Company causing the Plan or Contract to be drafted. Whenever from the context it appears appropriate, any term stated in either the singular or plural shall include the singular and plural, and any term stated in the masculine, feminine or neuter gender shall include the masculine, feminine and neuter.

21. PARTIAL INVALIDITY. The invalidity, illegality or unenforceability of any provision in the Plan, any option or Contract shall not affect the validity, legality or enforceability of any other provision, all of which shall be valid, legal and enforceable to the fullest extent permitted by applicable law.

22. STOCKHOLDER APPROVAL. The Plan shall be subject to approval by a majority of the votes present in person and by proxy entitled to vote hereon at a duly held meeting of the Company's stockholders at which a quorum is present. No options granted hereunder may be exercised prior to such approval, provided, however, that the date of grant of any option shall be determined as if the Plan had not been subject to such approval. Notwithstanding the foregoing, if the Plan is not approved by a vote of the stockholders of the Company on or before December 31, 2001, the Plan and any options granted hereunder shall terminate.
