PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
MAY 8, 2001

INTRODUCTION

The Annual Meeting of Stockholders of Marten Transport, Ltd. (the "Company") will be held on May 8, 2001, at 4:00 p.m. C.S.T., at the Ramada Conference Center, 1202 West Clairemont Avenue, Eau Claire, Wisconsin. See the Notice of Meeting for the purposes of the meeting.

A proxy card is enclosed for your use. You are solicited on behalf of the Board of Directors to **MARK, SIGN, DATE AND RETURN THE PROXY CARD IN THE ENVELOPE PROVIDED**. Postage is not required if mailed in the United States. We will pay the cost of soliciting proxies, including preparing, assembling and mailing the proxies. We will also pay the cost of forwarding such material to the beneficial owners of our common stock, par value \$.01 per share (the "Common Stock"). Our directors, officers and regular employees may, for no additional compensation, solicit proxies by telephone or personal conversation. We may reimburse brokerage firms and others for the expenses of forwarding proxy material to the beneficial owners of our Common Stock.

Any proxy given in accordance with this solicitation and received in time for the Annual Meeting will be voted in accordance with the instructions given in the proxy. Any stockholder giving a proxy may revoke it at any time before its use at the Annual Meeting by giving written notice of revocation to our Secretary. The revocation notice may be given before the Annual Meeting, or a stockholder may appear at the Annual Meeting and give written notice of revocation before use of the proxy.

We expect to mail this Proxy Statement, the Proxy and Notice of Meeting to stockholders on April 4, 2001.

VOTING OF SHARES

Only holders of Common Stock of record at the close of business on March 23, 2001, will be entitled to vote at the Annual Meeting. On March 23, 2001, we had 4,180,145 shares of Common Stock outstanding. For each share of Common Stock that you own of record at the close of business on March 23, 2001, you are entitled to one vote on each matter voted on at the Annual Meeting. Holders of shares of Common Stock lack cumulative voting rights.

Edgar Filing: MARTEN TRANSPORT LTD - Form DEF 14A

Presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock (2,090,073 shares) is required for a quorum to conduct business. In general, shares of Common Stock represented by a properly signed and returned proxy card will count as shares present at the Annual Meeting to determine a quorum. This is the case regardless of whether the card reflects votes withheld from the election of director nominees or abstentions (or is left blank) or reflects a "broker non-vote" on a matter. A card reflecting a broker non-vote is any that is returned by a broker on behalf of its beneficial owner customer and not voted on a particular matter, because voting instructions have not been received and the broker has no discretionary authority to vote.

Assuming a quorum is present, the six director nominees receiving the greatest number of votes cast for the election of directors will be elected as directors. Therefore, votes withheld from the election of director nominees will be excluded entirely from the vote and will have no effect. The other proposal described in this Proxy Statement requires the approval of a majority of the shares voting in

1

person or by proxy on that proposal. Shares voted as abstaining on this proposal will be treated as votes against the proposal. Shares represented by a proxy card including any broker non-vote on a matter will not be counted in determining whether that matter has been approved.

Shares of Common Stock represented by properly executed proxy cards will be voted as directed on the proxy cards. Proxies signed by stockholders but lacking any voting instructions will be voted in favor of the election of the director nominees. Such proxies will also be voted in favor of the other proposal described in this Proxy Statement. The proxies named on the proxy cards will use their judgment to vote such proxies on any other business that may properly come before the Annual Meeting.

ELECTION OF DIRECTORS

Proposal 1

Nomination

Our Bylaws provide that the Board shall have at least one member, or a different number of members as may be determined by the Board of Directors or the stockholders. The Board of Directors has determined that there will be six directors elected at the Annual Meeting.

The Board of Directors has nominated the six persons listed below. If elected, the individuals will serve until the next Annual Meeting of Stockholders or until their successors are duly elected and qualified. All of the nominees are members of the present Board of Directors, and all were elected at last year's Annual Meeting of Stockholders.

The Board recommends a vote **FOR** the election of each of the nominees listed below. The six nominees for election as directors at the Annual Meeting who receive the greatest number of votes cast will be elected as directors. If, before the Annual Meeting, the Board learns that any nominee will be unable to serve because of death, incapacity or other unexpected occurrence, the proxies that would have been voted for the nominee will be voted for a substitute nominee selected by the Board. The proxies may also, at the Board's discretion, be voted for the remaining nominees. The Board believes that all nominees will be able to serve at the time of the Annual Meeting. No arrangements or understandings exist between any nominee and any other person under which such nominee was selected.

In accordance with its written charter adopted by the Board of Directors, a copy of which is attached to this Proxy Statement as Appendix A, the Audit Committee assists the Board of Directors in fulfilling its fiduciary responsibilities for the quality and integrity of the accounting, auditing, operating and reporting practices of the Company. The Company believes committee members are independent directors. In fulfilling its responsibilities regarding the audit process, the Audit Committee:

reviewed and discussed the audited financial statements with management;

discussed with the independent auditors the material required to be discussed by Statement on Auditing Standards No. 61; and

reviewed the written disclosures and the letter from the independent auditors required by the Independence Standards Board's Standard No. 1, and discussed with the independent auditors any relationships that may impact their objectivity and independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000, as filed with the Securities and Exchange Commission.

Director Compensation

We do not pay fees to directors who are our full-time employees, nor do we reimburse them for out-of-pocket expenses of attending Board or committee meetings. We generally pay directors who are

4

not our full-time employees a fee of \$500 for each Board or committee meeting attended, and reimburse them for out-of-pocket expenses of attending meetings. In 2000, Messrs. Hagness and Bauer each received \$5,500, Mr. Winkel received \$5,000 and Ms. Marten received \$2,500 in cash compensation for serving on the Board. No other director received any cash compensation for services as a director in 2000.

Once elected to the Board, each non-employee director receives an option to purchase 15,000 shares of Common Stock under our 1995 Stock Incentive Plan. These options become exercisable in equal installments of one-third of the total shares under the option on the first three anniversaries of the grant date, as long as the director remains a Board Member. In addition, each non-employee director receives an automatic grant of a non-qualified stock option to purchase 3,750 shares of Common Stock upon re-election to the Board by the stockholders. We issue these options at a per share exercise price equal to the fair market value of one share of Common Stock on the grant date. These options expire ten years from the grant date.

Under this agreement, each of the Individual Stockholders agreed to dispose of any shares of Common Stock or interest under the Voting Trust Agreement, as defined in Note (3) below, (the "Shares"), only with the written consent of the other Individual Stockholder. If either Individual Stockholder wishes to dispose of any of his Shares, he must give the other Individual Stockholder and then Marten Transport, Ltd. a right of first refusal to purchase the Shares. The Shares would be purchased at the lower of the

Effective May 4, 1993, Randolph L. Marten, as subscriber, and Randolph L. Marten, Darrell D. Rubel and G. Scott Nicastro, as trustees, entered into an Agreement Regarding Voting Trust Agreement. Employment Agreements

On May 1, 1993, we entered into a ten-year Employment Agreement with Darrell D. Rubel to employ Mr. Rubel as our Executive Vice President, Chief Financial Officer and Treasurer. We entered into this Employment Agreement to retain the long-term services of Mr. Rubel. This agreement also gave us stability due to the failing health of Roger R. Marten, who was our Chief Executive Officer until his death in August 1993. Mr. Rubel is paid annual cash compensation of \$192,000, after considering the January 27, 1999, amendment discussed below, with \$142,000 currently paid in base salary and \$50,000 added to a deferred compensation account for Mr. Rubel. Our Board may increase but not decrease the base salary and the deferred compensation. The deferred compensation is added to a special account for Mr. Rubel in equal amounts of \$25,000 on June 30 and December 31 of each year, as long as Mr. Rubel is a current employee. Beginning January 1, 1998 and for each following year, Mr. Rubel can direct a percentage of his compensation, less than or equal to 40%, to be added to the deferred account. The balance in the deferred account vests at an annual rate of 20% beginning on December 31, 1993. Mr. Rubel now has a fully vested interest in all amounts in the deferred account. If we terminate the agreement before it expires without "cause" and for other than the death or disability of Mr. Rubel, or Mr. Rubel terminates the agreement for "good reason," we must pay Mr. Rubel a lump sum amount. The amount is calculated as (a) the present value of his current base salary for a five year period and (b) the balance of the deferred account plus an amount equal to five times the current annual amount that we would have added to the deferred account. The agreement prevents

Mr. Rubel from competing with us for a one year period after his employment terminates. The agreement also requires Mr. Rubel to assign inventions to us and to keep our proprietary information confidential. On January 27, 1999, we amended this agreement in recognition of the services and benefits provided by Mr. Rubel. We agreed to pay to Mr. Rubel an additional amount of \$1,000 per month for the sixty-month period beginning on January 1, 1998. Mr. Rubel is not required to remain a current employee to receive this additional compensation.

Compensation Committee Report on Executive Compensation

The functions of the Compensation Committee of the Board of Directors are to:

- establish overall compensation policies that are consistent with our strategic objectives;
- assess the performance of executive officers in developing and executing our strategic objectives;
- ensure that executive compensation is appropriate in light of both individual and our Company's performance; and
- make recommendations to the Board of Directors about the compensation of our executive officers and other key employees.

The purposes of our executive compensation policy are to attract, motivate, retain and reward executive officers and other key personnel. The objective is for the personnel to consistently produce superior results over the long term to provide value to our stockholders. Our overall executive compensation program is designed to:

- provide a "team" approach where officers and key employees with differing functional responsibilities work together to achieve our overall strategic objectives;
- create a performance-based environment with variable compensation based upon achieving annual and long-term business results;
- focus management on maximizing stockholder value through stock-based compensation aligned to stockholder returns;
- provide compensation opportunities depending upon the Company's performance relative to its competitors and changes in the Company's performance over time; and
- ensure that our compensation program is competitive in our industry.

Consistent with these objectives, the Company's executive compensation program consists of the following components:

- base salary
- annual incentive compensation
- stock-based compensation

Effective for calendar year 1998, we adjusted the base salary for all of the executive officers. We considered the following: (a) each executive's experience, level of responsibility and performance; (b) salaries for comparable positions with similar companies in the industry; and (c) internal comparability. The comparable companies selected included publicly traded long-haul truckload carriers. The committee believes that the base salaries of its executive officers are on the moderate side of being competitive in its industry.

Edgar Filing: MARTEN TRANSPORT LTD - Form DEF 14A

Base salaries for the executive officers for calendar 1999 and 2000, excluding Mr. Marten and Mr. Rubel, have been increased approximately 4%. In addition, Mr. Smith's base salary was increased in 1999 commensurate with his promotion to Chief Operating Officer of the Company.

11

The Company's incentive compensation program for its executive officers provides for bonuses of up to 50% of annual base compensation if the Company exceeds its targeted earnings per share ("EPS"). If the Company's performance is no more than 4% below its targeted EPS, each officer will accrue a bonus of 5% of annual base compensation and if the performance is 105% or more of its targeted EPS, each officer will accrue a bonus of 50% of annual base compensation. Bonuses are prorated for Company performance falling between these achievement percentages. Each executive officer has the opportunity to earn an additional discretionary bonus of up to 10% of annual base compensation based upon achieving certain individual performance objectives. For the year ended December 31, 2000, the Company did not achieve its targeted EPS and, accordingly, no bonuses were earned under the incentive compensation program. The executive officers did, however, earn discretionary bonuses of from 7.5% to 10% of their individual base compensation for the year ended December 31, 2000. Bonuses are paid in the calendar year following the year in which they are earned.

The third component of our executive compensation program consists of stock-based compensation. The Company awards stock options to align the interests of its executive officers and key personnel with those of its stockholders and to increase the long-term value of the Company. Through deferred vesting, this component of the Company's compensation program creates an incentive for individuals to remain with the Company. In the past, our executive officers have been granted, on the date of their initial election as an officer, an option to purchase 22,500 shares of Common Stock. In addition, stock options are granted to our executive officers and key personnel from time to time based primarily upon the individual's actual and/or potential contribution and the Company's financial performance. To date, all stock options have been granted at or above fair market value. Generally, such options vest over a period of several years.

The committee believes that its approach to executive compensation will provide competitive base compensation, establish strong incentive to achieve our strategic objectives and align the executives' interests with those of the stockholders.
