BITSTREAM INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2001

(1) SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The consolidated financial statements of Bitstream Inc. (the "Company" or "Bitstream") presented herein, without audit, have been prepared pursuant to the rules of the Securities and Exchange Commission (the "SEC") for quarterly reports on Form 10-Q and do not include all of the information and footnote disclosures required by generally accepted accounting principles. The balance sheet information at December 31, 2000 has been derived from the Company's audited consolidated financial statements. These statements should be read in conjunction with the consolidated financial statements and notes thereto for the period ended December 31, 2000 included in the Company's Annual Report on Form 10-K, which was filed by the Company with the SEC on April 2, 2001.

The balance sheet as of March 31, 2001, the statements of operations for the three months ended March 31, 2001 and 2000, the statements of cash flows for the three months ended March 31, 2001 and 2000, and the notes to each thereof are unaudited, but in the opinion of management include all adjustments necessary for a fair presentation of the consolidated financial position, results of operations, and cash flows of the Company and its subsidiaries for these interim periods.

The results of operations for the three months ended March 31, 2001 may not necessarily be indicative of the results to be expected for any future interim period or for the year ending December 31, 2001.

Edgar Filing: BITSTREAM INC - Form 10-Q

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries: Bitstream World Trade, Inc. (a Delaware corporation), a holding company for Bitstream, B.V. (a Dutch corporation); Mainstream Software Solutions Ltd. (an English corporation); Type Solutions, Inc. (a New Hampshire Corporation); Archetype, Inc. (a Delaware corporation); Pageflex, Inc. (a Delaware corporation) and MyFonts.com, Inc. (a Delaware corporation). All material inter-company transactions and balances have been eliminated in consolidation.

RECLASSIFICATIONS

Certain prior year account balances have been reclassified to be consistent with the current year's presentation.

RECENTLY ISSUED ACCOUNTING STANDARDS

In September 2000, the Financial Accounting Standards Board ("FASB") issued SFAS No. 140, ACCOUNTING FOR TRANSFERS AND SERVICING OF FINANCIAL ASSETS AND EXTINGUISHMENTS OF LIABILITIES. SFAS No. 140 provides accounting and reporting standards for transfers and servicing of financial assets and extinguishments of liabilities. Under SFAS No. 140, after a transfer of financial assets, an entity recognizes the financial and servicing assets it controls and the liabilities it has incurred, derecognizes financial assets when control has been surrendered, and derecognizes liabilities when extinguished. SFAS No. 140 also provides standards for distinguishing transfers of financial assets that are sales from transfers that are secured borrowings. SFAS No. 140 is effective for certain transactions occurring after March 31,

ITEM 1. FINANCIAL STATEMENTS (CONTINUED)

BITSTREAM INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS MARCH 31, 2001

2001 and certain disclosures for the year ending December 31, 2001. The Company does not believe that SFAS No. 140 will have a material impact on the Company's financial position or results of operations.

In June 1998, the FASB issued SFAS No. 133, ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES. This statement establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measure those instruments at fair value. This statement, as amended by SFAS No. 137 and SFAS No. 138, is effective for fiscal years ending December 31, 2001. The Company has adopted SFAS No. 133 as amended, which did not have a material impact on the Company's financial position or results of operations.

(2) PROPERTY AND EQUIPMENT

Edgar Filing: BITSTREAM INC - Form 10-Q

Property and equipment are stated at cost, less accumulated depreciation and amortization. Property and equipment consists of the following (in thousands):

(3) CONCENTRATION OF CREDIT RISK

SFAS No. 105. DISCLOSURE OF INFORMATION ABOUT FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET RISK AND FINANCIAL INSTRUMENTS WITH CONCENTRATION OF CREDIT RISK, requires disclosure of any significant off-balance sheet and credit risk concentrations. Financial instruments that potentially expose the Company to concentrations of credit risk consist primarily of cash and cash equivalents and trade accounts receivable. The Company places a majority of its cash investments in one financial institution. The Company has not experienced significant losses related to receivables from any individual customers or groups of customers in any specific industry or by geographic area. Due to these factors, no additional credit risk beyond amounts provided for collection losses is believed by management to be inherent in the Company's accounts receivable. At March 31, 2001, no customers

accounted for 10% or more of the Company's accounts receivable. At December 31, 2000, one customer accounted for 18% of the Company's accounts receivable. The Company does not have any off-balance sheet risks as of March 31, 2001.

For the three months ended March 31, 2001, no customers accounted for 10% or more of the Company's revenue. For the three months ended March 31, 2000, one customer accounted for 16% of the Company's revenue. Furthermore, for the three months ended March 31, 2001, one customer of the Company's type and technology segment accounted for 12% of the revenue for that segment, one customer of the Pageflex segment accounted for 22% of that segment's revenue, and no customers accounted for 10% or more of the MyFonts.com segment's revenue. For the three

months ended March 31, 2000, two customers of the Company's type and technology segment accounted for 21% and 12% of the revenue for that segment, three customers of the Pageflex segment accounted for 26%, 25% and 22% of that segment's revenue, and no customers accounted for 10% or more of the MyFonts.com segment's revenue.

(5) LOSS PER SHARE (IN THOUSANDS)

In accordance with SFAS No. 128, EARNINGS PER SHARE, basic earnings per share was determined by dividing net loss by the weighted average shares of common stock outstanding during the applicable period. Diluted earnings per share reflect dilution from potentially dilutive securities, primarily stock options based on the treasury stock method. In computing diluted earnings per share, common stock equivalents are not considered in periods in which a net loss is reported as the inclusion of the potential common stock equivalents would be antidilutive. Thus potential common shares were not included for the three months ended March 31, 2001 or 2000. Had the numerator been a profit, the potential common shares would have increased the weighted average shares outstanding by 891,355 and 2,415,343 shares for the three months ended March 31, 2001 and 2000, respectively. In addition, there were warrants and options to purchase 229,346 and 76,517 shares as of March 31, 2001 and 2000, respectively, that were not included in the potential common share computations because their exercise prices were greater than the market price of the Company's common stock. These common stock equivalents are antidilutive even when a profit is reported in the numerator.

(6) SEGMENT REPORTING

The Company has adopted SFAS No. 131, DISCLOSURES ABOUT SEGMENTS OF AN ENTERPRISE AND RELATED INFORMATION. SFAS No. 131 establishes standards for

Edgar Filing: BITSTREAM INC - Form 10-Q

reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. SFAS No. 131 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision making group, in making decisions how to allocate resources and assess performance. The Company's chief decision-maker, as defined under SFAS No. 131, is the Chief Executive Officer. The Company has determined it has three reportable segments as of March 31, 2001: (1) its type and technology segment; (2) its Pageflex segment and (3) its MyFonts.com segment. Prior to January 1, 1999, the Company did not have distinctive reportable segments for its business and, as a result, the Company has not previously reported such segment information.

The Company's reportable segments are strategic business units that sell the Company's products through distinct distribution channels. They are managed separately as each business requires different marketing strategies. The Company's approach is based on the way that management organizes the segments within the enterprise for making operating decisions and assessing performance. MyFont.com's revenues include revenue from products it purchases from the type and technology segment. The inter-segment revenues created by these transactions have been eliminated from MyFonts.com's revenue below, as well as from the Company's consolidated financial statements. The Company evaluates performance based on profit or loss from operations before income taxes, not including non-recurring gains and losses.

(7) GEOGRAPHICAL REPORTING

SFAS No. 131, DISCLOSURES ABOUT SEGMENTS OF AN ENTERPRISE AND RELATED INFORMATION also requires disclosures of certain "Enterprise-wide Information" including the information about major customers included in Note 3 and geographical areas. The Company attributes revenues to different geographical areas on the basis of the location of the customer. All of the Company's product sales for the three months ended March 31, 2001 and 2000 were shipped from its headquarters located in the United States or its office located in Cheltenham, England. PART I -- FINANCIAL INFORMATION (CONTINUED)

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto.

OVERVIEW

Bitstream Inc. ("Bitstream" or the "Company"), headquartered in Cambridge, Massachusetts, is composed of three separate and distinct businesses: (1) type and technology in which Bitstream develops and licenses font technology and custom font designs to manufacturers of Internet appliances, wireless devices, set-top boxes, embedded systems, printers, and personal digital assistants; (2) MyFonts.com, a showcase of the world's fonts in one easy-to-use e-commerce web site operated by Bitstream's wholly-owned subsidiary, MyFonts.com, Inc. ("MyFonts.com"); and (3) Pageflex, formerly referred to as the Company's on-demand marketing segment, in which the Company's wholly-owned subsidiary Pageflex, Inc. ("Pageflex") develops, markets and supports on-demand document composition solutions which automatically produce customized one-to-one marketing collateral such as datasheets and brochures directly from XML text and graphics data stored in web servers and/or databases.

FORWARD LOOKING STATEMENTS

Except for the historical information contained herein, this Quarterly Report on Form 10-Q may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Investors are cautioned that forward-looking statements are inherently uncertain. Actual performance and results of operations may differ materially from those projected or suggested in the forward-looking statements due to certain risks and uncertainties, including, without limitation, market acceptance of the Company's products, competition and the timely introduction of new products. Additional information concerning certain risks and uncertainties that would cause actual results to differ materially from those projected or suggested in the forward-looking statements is contained in the Company's filings with the Securities and Exchange Commission, including those risks and uncertainties discussed in the Company's final Prospectus, dated October 30, 1996, included as part of the Company's Registration Statement on Form S-1 (333-11519), in the section entitled "Risk Factors", the Company's 2000 Annual Report on Form 10-K filed on April 2, 2001, and Quarterly Reports to be filed in 2001. The forward-looking statements contained herein represent the Company's judgment as of the date of this report, and the Company cautions readers not to place undue reliance on such statements. Management undertakes no obligation to publicly release any revisions to the forward-looking statements or reflect events or circumstances after the date of this document.

CONSOLIDATED REVENUE:

	THREE MONTHS ENDED MARCH 31,

	-----	-----	-----	-----
Total revenue	\$ 1,628	100.0%	\$ 2,182	100.0%
	=====	=====	=====	=====

The decrease in revenue for the three months ended March 31, 2001 as compared to the three months ended March 31, 2000 was attributable to decreases in revenue for the type and technology segment of \$589 and the Pageflex segment of \$45. These decreases were partially offset by an increase in Myfonts.com revenues of \$80. These segments are discussed in more detail below.

TYPE AND TECHNOLOGY REVENUE:

	THREE MONTHS ENDED MARCH 31,

Type and technology OEM and retail license revenues decreased \$437 or 37% and \$151 or 40% from \$1,180 and \$375 for the three months ended March 31, 2000 to \$743 and \$224 for the three months ended March 31, 2001, respectively. The decrease in type and technology license revenue for the three months ended March 31, 2001 versus the three months ended March 31, 2000 was primarily due to the softening of the market for high technology products in general and increased concern over future economic conditions.

PART I, ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

MyFonts.com began selling through its web site at the end of the first quarter of 2000. Revenues attributable to this segment after the inter-company elimination of royalties due on the resale of type and technology products were \$80 for the three months ended March 31, 2001. Revenue from the Company's MyFonts.com segment, prior to the elimination of royalties described above, increased by 61% or \$39 to \$103 as compared to \$64 for the three months ended December 31, 2000, and by 7% or \$7 as compared to \$96 for the year ended December 31, 2000.

PAGEFLEX REVENUE

Pageflex Revenue	\$429	100.0%	\$474	100.0%
	====	=====	====	=====
Percentage of total revenue	26.3%		21.7%	

Pageflex software license revenue increased \$61 primarily due to an increase in the number of new subscription-based customers for its Mpower product. Revenues from services decreased as a result of a decreased emphasis on consulting, and specifically due to the completion of a non-recurring consulting project during the three months ended March 31, 2000 in connection with a license agreement entered into during 1999.

CONSOLIDATED GROSS PROFIT:

	2001	2000	THREE MONTHS ENDED MARCH 31, Change Dollars	Pe

Edgar Filing: BITSTREAM INC - Form 10-Q

Gross profit	\$ 1,344	\$ 1,780	\$ (436)
	=====	=====	=====
Percentage of total revenue	82.6%	81.6%	

The decrease in the gross profit for the three months ended March 31, 2001 as compared to the three months ended March 31, 2000 is attributable to the decreases in revenues discussed above totaling \$554 partially offset by a decrease in cost of revenues totaling \$118. Type and technology's cost of revenues decreased \$77 or 32.4% primarily because of the elimination of outside subcontractors whose services were utilized during 2000 and a reduction in time spent by type engineers on customer specific projects. Pageflex's cost of revenues decreased \$104 or 63.4% to \$60 for the three months ended March 31, 2001 from \$164 for the three months ended March 31, 2000, as a result of a decreased emphasis on consulting. These decreases were partially offset by an increase in MyFonts.com cost of revenues related to royalties paid to outside font foundries for the sale of their fonts, which began at the end of the first quarter of 2000.

12

PART I, ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

Cost of revenue is composed of direct costs of licenses, as well as direct costs of product sales to end-users. Included in the cost of licenses are fees paid to third parties for the development or license of rights to technology and/or unique typeface designs and costs incurred in the fulfillment of custom orders from OEM and ISV customers. Included in cost of product sales to end users and distributors are the direct costs associated with the duplication, packaging and shipping of product.

CONSOLIDATED SELLING AND MARKETING:

	2001	2000	THREE MONTHS ENDED MARCH 31, Change Dollars
	-----	-----	-----
Selling and marketing	\$ 825	\$ 980	\$ (155)
	=====	=====	=====
Percentage of total revenue	50.7%	44.9%	

Selling and marketing costs associated with the type and technology business segment decreased by \$43 or 10.3% to \$374 for the three months ended March 31, 2001 from \$417 for the three months ended March 31, 2000. Selling and marketing costs associated with the Pageflex business segment decreased by \$121 or 21.5% to \$442 for the three months ended March 31, 2001 from \$563 for the three months ended March 31, 2000. These decreases were primarily the result of decreased trade show expenses and print and production expenses of \$83 and \$53, respectively. These reductions resulted from management's decision to reduce our trade show presence and from non-recurring costs related to new product introductions and branding which took place during 1999 and on a limited basis

Edgar Filing: BITSTREAM INC - Form 10-Q

during the first two quarters of 2000. Selling and Marketing expenses for MyFonts.com increased \$9 to \$9, as selling and marketing expenses for this segment did not commence until the end of 2000.

CONSOLIDATED RESEARCH AND DEVELOPMENT ("R&D"):

	2001	2000	THREE MONTHS ENDED MARCH 31, Change Dollars
	-----	-----	-----
Research and development	\$ 1,328	\$ 1,288	\$ 40
	=====	=====	=====
Percentage of total revenue	81.6%	59.0%	

Research and development expenses increased slightly in absolute dollars for the three months ended March 31, 2001 as compared to the three months ended March 31, 2000. The increase as a percentage of revenue was caused by the decrease in revenue discussed above. MyFonts.com R&D expenses increased \$35 or 32.4% from \$108 for the three months ended March 31, 2000 to \$143 for the three months ended March 31, 2001 primarily because of the expenses associated with the addition of one software engineer. R&D costs associated with the type and technology segment increased \$43 or 9.7% from \$443 for the three months ended March 31, 2000 to \$486 for the three months ended March 31, 2001 primarily because of a reduction in the amount of engineering time spent on customer specific projects which were included in cost of revenues. These increases were partially offset by a decrease in Pageflex R&D expenses of \$38 or 5.2% from \$737 for the three months ended March 31, 2000 to \$699 for the three months ended March 31, 2001.

to \$151 for the three months ended March 31, 2001. G&A costs associated with the MyFonts.com segment increased \$15 from \$1 for the three months ended March 31, 2000 to \$16 for the three months ended March 31, 2001. The decreases in both the type and technology and Pageflex segments were due to decreases in bad debt reserves of \$293 during the three months ended March 31, 2001 as compared to the three months ended March 31, 2000 partially offset by increases in certain expenses including professional services and facilities related costs of \$50 and \$30, respectively.

A significant portion of the Company's operating expenses are fixed, and planned expenditures in any given quarter are based on sales and revenue forecasts. Accordingly, if products are not completed and/or shipped on schedule and revenues do not meet the Company's expectations in any given quarter, the Company's operating results and financial condition could be adversely affected.

(LOSS) INCOME ON INVESTMENT IN DIAMONDSOFT, INC.:

The Company made a \$500 equity investment in DiamondSoft, Inc. in March of 1998 and made additional investments totaling \$150 during the three months ended March 31, 2001. As of March 31, 2001 the Company's ownership percentage in DiamondSoft, Inc. is 25.6%. DiamondSoft, Inc. is a California corporation primarily engaged in the business of developing, marketing and distributing software tools to a variety of professional markets. The Company recognizes its share of DiamondSoft's income or loss during each quarter and recorded a loss of \$(75) and income of \$8 for the three months ended March 31, 2001 and 2000, respectively.

INTEREST INCOME, NET:

Interest income consists primarily of interest income earned on the Company's cash equivalents.

PROVISION FOR INCOME TAXES:

The Company's income tax expense for the three months ended March 31, 2001 and March 31, 2000 was \$49 and \$20, respectively. All of these income taxes represent foreign income taxes.

PART I, ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

LIQUIDITY AND CAPITAL RESOURCES (IN THOUSANDS)

The Company has funded its operations primarily through the public sale of equity securities, cash flows from operations and cash received from the sale of the Company's MediaBank and InterSep OPI product lines to Inso Providence Corporation in August of 1998. As of March 31, 2001, the Company had net working capital of \$6,232 versus \$7,371 at December 31, 2000.

The Company's operating activities used cash of approximately \$70 during the three months ended March 31, 2001 as compared to \$150 during the three months ended March 31, 2000. The cash used during the three months ended March 31, 2001 was primarily due to losses in all three business segments offset by the collection of \$830 in receivables during the quarter. The cash used during the three months ended March 31, 2000 was primarily due to the net losses from

Edgar Filing: BITSTREAM INC - Form 10-Q

the Pageflex and MyFonts.com businesses, partially offset by the income from the type and technology business and the collection of \$479 in receivables during that quarter. The net loss adjusted for non-cash expenses resulted in a use of \$964 and \$724 in cash during the three months ended March 31, 2001 and March 31, 2000, respectively.

During the year ended December 31, 2000 the Company deposited \$300 into a money market account at Wells Fargo Bank, to secure a \$300 line of credit granted by the bank to DiamondSoft. This cash is presented on the Company's consolidated balance sheet as restricted cash.

The Company's investing activities used cash of approximately \$259 during the three months ended March 31, 2001 as compared to using \$88 during the three months ended March 31, 2000. Investing for the three months ended March 31, 2001 primarily consisted of the purchase of property and equipment of \$62 and an additional investment in DiamondSoft, Inc. of \$150. For the three months ended March 31, 2000 investing activities consisted primarily of the purchase of property and equipment of \$113.

The Company's financing activities provided cash of \$104 and \$404 during the three months ended March 31, 2001 and 2000, respectively, from the exercise of stock options.

The Company believes its current cash and cash equivalent balances will be sufficient to meet the Company's operating and capital requirements for at least the next 12 months. There can be no assurance, however, that the Company will not require additional financing in the future. If the Company were required to obtain additional financing in the future, there can be no assurance that sources of capital will be available on terms favorable to the Company, if at all. As of March 31, 2001 the Company had no material commitments for capital expenditures. From time to time, the Company evaluates potential acquisitions of products, businesses and technologies that may complement or expand the Company's business. Any such transactions consummated may use a portion of the Company's working capital or require the issuance of equity or debt.

In November 1996, the Company completed an initial public offering ("IPO") of 2,415 shares of its Class A Common Stock. Net proceeds from the IPO were approximately \$12,200, of which approximately \$1,500 was used to repay outstanding indebtedness.

PART I, ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (CONTINUED)

RECENT ACCOUNTING PRONOUNCEMENTS

In September 2000, the Financial Accounting Standards Board ("FASB") issued SFAS No. 140, ACCOUNTING FOR TRANSFERS AND SERVICING OF FINANCIAL ASSETS AND EXTINGUISHMENTS OF LIABILITIES. SFAS No. 140 provides accounting and reporting standards for transfers and servicing of financial assets and extinguishments of liabilities. Under SFAS No. 140, after a transfer of financial assets, an entity recognizes the financial and servicing assets it controls and the liabilities it has incurred, derecognizes financial assets when control has been surrendered, and derecognizes liabilities when extinguished. SFAS No. 140 also provides standards for distinguishing transfers of financial assets that are sales from transfers that are secured borrowings. SFAS No. 140 is effective for certain transactions occurring after March 31, 2001 and certain disclosures for the year

Edgar Filing: BITSTREAM INC - Form 10-Q

ending December 31, 2001. The Company does not believe that SFAS No. 140 will have a material impact on the Company's financial position or results of operations.

On February 14, 2001, the FASB issued a limited revision of its Exposure Draft, "Business Combinations and Intangible Assets" that establishes a new standard for accounting for goodwill acquired in a business combination. It would continue to require recognition of goodwill as an asset but would not permit amortization of goodwill as currently required by APB Opinion No. 17, INTANGIBLE ASSETS. Under this proposed statement, goodwill would be separately tested for impairment using a fair-value-based approach when an event occurs indicating the potential for impairment. Any required goodwill impairment charges would be presented as a separate line item within the operating section of the income statement. This requirement would apply to previously recorded goodwill as well as goodwill arising from acquisitions completed after the application of the new standard. This standard has not yet been adopted and the Company has not evaluated whether or not it would have a material impact on the Company's financial position or results of operations as proposed.

In June 1998, the FASB issued SFAS No. 133, ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES. This statement establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the statement of financial position and measure those instruments at fair value. This statement, as amended by SFAS No. 137 and SFAS No. 138, is effective for fiscal years ending December 31, 2001. The Company has adopted SFAS No. 133 as amended, which did not have a material impact on the Company's financial position or results of operations.

16

PART 1, ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

DERIVATIVE FINANCIAL INSTRUMENTS, OTHER FINANCIAL INSTRUMENTS AND DERIVATIVE COMMODITY INSTRUMENTS.

As of March 31, 2001, the Company did not participate in any derivative financial instruments or other financial and commodity instruments for which fair value disclosure would be required under SFAS No. 107. All of the Company's investments are short-term, investment-grade commercial paper, and money market accounts that are carried on the Company's books at amortized cost, which approximates fair market value. Accordingly, the Company has no quantitative information concerning the market risk of participating in such investments.

PRIMARY MARKET RISK EXPOSURES

The Company's primary market risk exposures are in the areas of interest rate risk and foreign currency exchange rate risk. The Company's investment portfolio of cash equivalent and short-term investments is subject to interest rate fluctuations, but the Company believes this risk is immaterial due to the short-term nature of these investments. The Company's exposure to currency exchange rate fluctuations has been and is expected to continue to be modest due to the fact that the operations of its international subsidiaries are almost exclusively conducted in their respective local currencies. International subsidiary operating results are translated into U.S. dollars and consolidated for reporting purposes. The impact of currency exchange rate movements on

Edgar Filing: BITSTREAM INC - Form 10-Q

inter-company transactions was immaterial for the three months ended March 31, 2001. Currently the Company does not engage in foreign currency hedging activities.
