**Item 2.06 Material Impairments.**

On October 21, 2005, First Bancshares, Inc. ( Company ), the holding company for First Home Savings Bank ( Bank ), announced that the Bank determined that there had been adverse developments with respect to its certain loans in the Bank s portfolio. The determination was made as a result of an examination of the Bank s major loan credits included in its loan portfolio by a third party. During the quarter ended September 30, 2005, the Bank had also instituted stricter standards in identifying and analyzing classified assets. The standards were strengthened due to the results of a State of Missouri regulatory examination and preliminary comments from the third party review of the Bank s major loan credits. As a result of the third party review findings and changes in standards, the Company determined that it would increase its allowance of loan losses by \$791,000 for the quarter ended September 30, 2005, which would result in a decrease in its earnings of \$498,000 on an after tax basis for the quarter ended September 30, 2005. For further information see the Company s press release attached hereto as Exhibit 99.1, which is incorporated herein by reference.
