PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 17, 2005

INTRODUCTION

Time and Place of the Meeting

The Company's Board of Directors is furnishing this Proxy Statement to solicit proxies for use at the 2005 Annual Meeting of Shareholders of the Company to be held on May 17, 2005 at 1:00 p.m. local time at 3475 Piedmont Road, N.E.; Suite 550; Atlanta, Georgia 30305 and at any adjournment of the meeting.

Record Date and Mailing Date

The close of business on March 18, 2005 is the record date for the determination of shareholders entitled to notice of and to vote at the meeting. We first mailed this Proxy Statement and accompanying proxy card to shareholders on or about April 1, 2005.

Number of Shares Outstanding

As of the close of business on the Record Date, the Company had 20,000,000 shares of Common Stock, \$1.00 par value, authorized, of which 8,522, 861 shares were outstanding. Each outstanding share is entitled to one vote on all matters to be presented at the meeting.

VOTING AT THE ANNUAL MEETING

Procedures for Voting by Proxy

The accompanying proxy card is for use at the Annual Meeting if a shareholder is unable to attend in person or is able to attend but does not wish to vote in person. You should specify your choices with regard to the proposals on the proxy card. If you properly sign, return and do not revoke your proxy, the persons named as proxies will vote your shares according to the instructions you have specified on your proxy card.

If you sign and return your proxy card but do not specify how the persons appointed as proxies are to vote your shares, the shares represented by your signed and dated proxy card will be voted FOR the election of the stated nominees to the board of directors. If any nominee for election to the board of directors named in this Proxy Statement becomes unavailable for election for any reason, the proxy will be voted for a substitute nominee selected by the nominating committee of the board of directors. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon the matters according to their judgment. The Board of Directors is not aware of any other business to be presented for a vote of the shareholders at the Annual

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

Meeting.

Revoking Your Proxy

Returning your proxy does not affect your right to vote in person if you attend the Annual Meeting. You can revoke your proxy at any time before it is voted by delivering to J. Daniel Speight, Secretary of the Company, at 3475 Piedmont Road, N.E.; Suite 550; Atlanta, Georgia 30305, either a written revocation of your proxy or a duly executed proxy bearing a later date or by attending the meeting and voting in person.

Requirements for Shareholder Approval

A quorum will be present at the meeting if a majority of the outstanding shares of common stock is represented in person or by valid proxy. We will count abstentions and broker non-votes, which are described below, in determining whether a quorum exists. Only those votes actually cast for the election of a director, however, will be counted for purposes of determining whether a particular director nominee receives sufficient votes to be elected. To be elected, a director nominee must receive more votes than any other nominee for the particular seat on the board of directors. As a result, if you withhold your vote as to one or more nominees, it will have no effect on the outcome of the election unless you cast that vote for a competing nominee. We do not know of any competing nominees.

Abstentions. A shareholder who is present in person or by proxy at the Annual Meeting and who abstains from voting on any or all proposals will be included in the number of shareholders present at the Annual Meeting for the purpose of determining the presence of a quorum. Abstentions do not count as votes in favor of or against a given matter.

Broker Non-Votes. Brokers who hold shares for the accounts of their clients may vote these shares either as directed by their clients or in their own discretion if permitted by the exchange or other organization of which they are members. Proxies that contain a broker vote on one or more proposals but no vote on one or more other proposals are referred to as "broker non-votes" with respect to the proposal(s) not voted upon. Broker non-votes are included in determining the presence of a quorum. A broker non-vote, however, does not count as a vote in favor of or against a particular proposal for which the broker has no discretionary voting authority. Broker votes are permitted in connection with uncontested elections of directors and proposals to ratify the appointment of independent accountants, but are not permitted in connection with non-discretionary matters such as the approval of executive compensation plans. Because the only issue presented at the meeting will be the election of directors, broker non-votes will not exist in connection with this meeting.

The ratification of our independent accountants and the approval of any other matter that may properly come before the Annual Meeting generally requires the affirmative vote of a majority of shares of common stock represented in person or by valid proxy and entitled to vote on the matter. Abstentions and broker non-votes will be counted in determining the minimum number of votes required for approval and would, therefore, have the effect of negative votes.

Solicitation of Proxies

The Company will pay the cost of proxy solicitation. Our directors, officers and employees may, without additional compensation, solicit proxies by personal interview, telephone, fax, or otherwise. We will direct brokerage firms or other custodians, nominees or fiduciaries to forward our proxy solicitation material to the beneficial owners of common stock held of record by these

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

institutions and will reimburse them for the reasonable out-of-pocket expenses they incur in connection with this process.

PROPOSAL 1 - ELECTION OF DIRECTORS

Our Bylaws prescribe that our Board of Directors consist of six to 12 directors, with the specific number within that range to be set by the Board. The Board has set the number of directors at nine, which includes the three nominees and six remaining incumbents named in this Proxy Statement.

The Board of Directors includes a Chairman and three Vice Chairmen. The Board has determined that the following current directors and director nominees are independent pursuant to NASDAQ Stock Market listing standards: William H. Anderson, II; H. Speer Burdette, III; John D. Houser; Quill O. Healey; and James W. Johnson. The Board is divided into three classes, which are as nearly equal in number as possible. Each class of directors serves staggered three-year terms. As a result, the term of office of one of the classes of directors expires each year at the Annual Meeting of Shareholders, and a new class is elected by the shareholders each year at that time.

Nominees

At this Annual Meeting, the terms of the current Class II directors will expire. The Nominating Committee of the Board of Directors, which consists of independent, non-management directors, has nominated each of the directors listed below to stand for election as directors at the Annual Meeting. If elected by the shareholders, each of the nominees will serve a three-year term that will expire at the 2008 Annual Meeting of Shareholders and upon the election and qualification of their successors. The Class II Director nominees are:

Stephen W. Doughty
John D. Houser
James W. Johnson

Proxies cannot be voted for a greater number of persons than the nominees named. If any of the nominees should be unavailable to serve for any reason (which we do not anticipate), the Nominating Committee of the Board of Directors may designate a substitute nominee or nominees (in which case the persons named as proxies on the enclosed proxy card will vote the shares represented by all valid proxy cards for the election of such substitute nominee or nominees). Alternatively, the Board may allow the vacancy or vacancies to remain open until a suitable candidate or candidates are located or by resolution provide for a lesser number of directors.

The Board of Directors unanimously recommends that shareholders vote FOR the proposal to elect each of the director nominees described above.

Information Regarding Nominees and Continuing Directors

The following table shows information regarding the three nominees to serve as directors, as well as the six incumbent directors whose terms as directors will continue following the Annual Meeting. Messrs. Doughty, Evans, Houser, Speight and Wiley will also serve as directors of Flag Bank, a wholly owned subsidiary of the Company. Except as otherwise indicated, each of the named persons has been engaged in his present principal occupation for more than five years. The ages shown are as of December 31, 2004.

Healey and Houser each received options to purchase 5,000 shares of common stock at an exercise price of \$12.25 per share, representing the fair market value of the stock on the date of grant, upon election to the board on April 20, 2004. The options vested in full upon grant and have a 10-year term.

Mr. Speight and Mr. Johnson participate in the Citizens Bank Director Indexed Fee Continuation Program, and Mr. Burdette participates in the First Federal Director Indexed Fee Continuation Program. Both of these programs are now sponsored by Flag Bank and provide retirement benefits to the participants and death benefits to their designated beneficiaries. Under these programs, predecessors of Flag Bank purchased split-dollar whole life insurance contracts on the lives of each of the participating directors. Flag Bank retains the tax-free build-up of cash surrender value in the policies up to the after-tax opportunity costs for premiums paid on the policies. Any remaining earnings from the policies are accrued to deferred compensation liability accounts for the directors. The earnings in a director's account are payable in ten annual installments commencing 30 days following the director's retirement as a director. In the event the insurance contracts fail to produce positive returns, Flag Bank has no obligation to contribute to the programs. As of December 31, 2004, the cash surrender value of the insurance contracts for all participants, including directors of Flag Bank who are not directors of the Company, was

10

approximately \$ 6.47 million, with an accrued liability of \$786,000. Expense incurred during 2004 as a reserve for the benefits was approximately \$460,000.

Compensation Committee Interlocks and Insider Participation

The Benefits and Compensation Committee consists of Messrs. Anderson, Burdette, Healey, Houser and Johnson.

On November 12, 2002, the Company acquired the assets of Bankers' Capital Group, LLC ("BCG"), a specialized loan origination business based in Atlanta, Georgia. Messrs. Evans, Wiley and Doughty are managers and members of BCG, and Mr. Anderson is a member, but not a manager, of BCG. As such, they are entitled to receive distributions from BCG in proportion to their respective membership interests. The Company paid BCG an initial purchase price of \$1,405,000 at closing, with an additional \$1,500,000 remaining payable on a contingent basis under an earn-out provision. In 2004, the Company paid BCG \$765,000 under this provision.

Benefits and Compensation Committee Report on Executive Compensation

This report is submitted by the members of the Benefits and Compensation Committee regarding 2004 executive compensation.

Employment Agreements

Messrs. Speight, Doughty and Wiley are parties to employment agreements, and Mr. Evans is a party to a Make-Whole Agreement, described in "Employment and Change in Control Agreements." See that section of this proxy statement for the terms of their agreements.

Base Salaries

The Committee establishes salaries for the Company's executive officers,

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

including the Chairman and Chief Executive Officer, based principally on a subjective review of the executive's individual performance and degree of experience. Salaries are also designed to be competitive with salaries paid to executives in similar positions in financial institutions of comparable asset size. Base salaries for 2004 and 2005 were based on these factors. Salaries for 2004 are shown in the Summary Compensation Table and salaries for 2005 remain unchanged. See "Compensation of the Chief Executive Officer" for information regarding his base salary arrangements.

Annual Incentives

One of the Committee's objectives in managing executive compensation is to link directly a significant portion of executive pay to Company performance. The Committee awarded a bonus representing the maximum bonus opportunity of 50% of 2004 base salary to each of the officers named in the Summary Compensation Table based upon the Company's performance against budgeted 2004 net income and deposit growth targets and compliance with operational, risk management and regulatory compliance standards. It also awarded a one-time bonus of \$47,813 to each executive officer for efforts in connection with the Bank's sale of its Thomaston, Georgia branch in 2004.

The Committee has also established the Company's 2005 bonus policy, which reflects a proportionately higher emphasis on the Company's performance as a component of total compensation, given that base salaries remain unchanged for 2005. If specified net income and deposit growth targets

11

are met and assuming continued satisfactory performance in the areas of regulatory compliance, risk and operational management and pursuit of strategic objectives, an initial bonus opportunity of 70% of base salary will be available to the executive officers named in the Summary Compensation Table. If net income and deposit growth for 2005 fall short of budget but are above a 90% "floor" for payment, each of these executives will receive a portion of his initial bonus opportunity that represents the percentage of the difference between the "floor" and budget represented by the actual net income or deposit growth for the year. For example, if actual net income represents 95% of budget, an executive would be entitled to receive 50% of his initial 70% bonus opportunity.

An additional bonus pool was also authorized for these executives and two others (subject to expansion to include other executives depending on their respective segment's performance against budget). The additional bonus pool will consist of 30% of the amount by which the Company's net income exceeds budget and will be prorated among the participating executives based on their respective initial bonus opportunities.

Long-term Incentives

Another major objective of the Committee in managing executive compensation is to reward executives for increasing the value of the Company to its shareholders. The Flag Financial Corporation 2004 Equity Incentive Plan (the "Plan") accomplishes this objective by providing executives with opportunities to earn and acquire a meaningful ownership interest in the Company. The Committee (excluding employee members) is authorized to make awards of stock options and other stock-based incentives and selects or ratifies the officers and other key employees to whom awards may be made under the Plan.

Because the value of stock options and other stock awards is determined by the price of the common stock, the Committee believes these awards benefit stockholders by linking a potentially significant portion of executive pay to

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

the performance of the common stock. In addition, the Plan assists the Company in attracting and retaining key employees and providing a competitive compensation opportunity. Awards to executive officers under the Plan are granted based on the Committee's subjective assessment of the executive's contributions to the Company's performance and the degree to which compensation in the form of a long-term incentive is likely to produce improved earnings, return on equity and assets and other measures of Company performance. Based on these factors, the Committee granted options to purchase 5,000 shares of common stock to the executive officers named in the Summary Compensation Table on February 4, 2004.

Other Benefits

Mr. Speight participates in the Citizens Bank Director Indexed Fee Continuation Program described under "Director Compensation" and in a Salary Continuation Plan described in "Employment and Change in Control Agreements." In general, the other benefit plans provided to key employees, such health care, life insurance, profit sharing and 401(k), are intended to provide an adequate retirement income as well as financial protection against illness, disability or death. Benefits offered to executive officers were substantially the same as those provided to all employees.

Compensation of the Chief Executive Officer

In determining the compensation of the Chief Executive Officer, the Committee is guided by the Company's compensation philosophy as described in this report, the Company's financial and business performance and competitive practices. Salaries, bonuses and long-term incentives are awarded based on the same factors as are considered for the Company's other executive officers. For 2004, Mr. Evans' salary was set at \$265,000 per year, with an opportunity for a bonus of \$132,500 (representing 50% of his

12

base salary) if the Bank exceeded its 2004 budgeted net income and deposit growth. Because the Company met or exceeded these targets and complied with operational, risk management and regulatory compliance standards, Mr. Evans received the full amount of the bonus described above. He also received a \$47,813 bonus for his efforts in connection with the sale of the Bank's Thomaston, Georgia branch in 2004 and options to purchase 5,000 shares of common stock on February 4, 2004, which were granted for the reasons discussed under "Long-Term Incentives" above. Mr. Evans' 2005 maximum compensation includes a base salary of \$265,000, which is the same as his 2004 base salary, and the same bonus opportunity as is available to the other executive officers as described in "--Annual Incentives" above.

Section 162(m) of the Internal Revenue Code

It is our responsibility to address any issues raised by Section 162(m) of the Internal Revenue Code. Revisions to Section 162(m) make certain non-performance-based compensation in excess of \$1,000,000 to executives of public companies non-deductible to such companies. Our 2004 Equity Incentive Plan limits to 100,625 the number of stock options that may be awarded to any individual in a single year under that plan. The Committee has not otherwise established a specific policy regarding deductibility of executive compensation under Section 162(m), but believes that the Company is not at risk of losing deductions thereunder.

Summary

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

The Company's executive compensation program encourages executives to manage the Company profitability and to increase the value of the business to the shareholders. The emphasis on annual and long-term incentives is consistent with the Committee's policy of linking pay to performance and increasing shareholder value. The Committee believes this approach provides competitive compensation and is in the best interest of the stockholders. The Committee will continue to monitor the effectiveness of the executive compensation program and will initiate changes as it deems appropriate.

Employment and Change in Control Agreements

Mr. Evans

On June 7, 2004, the Company entered into a Make-Whole Agreement with Joseph W. Evans providing for the Company's payment to Mr. Evans of \$660,927, representing the aggregate amount remaining due under the non-competition provisions of his employment agreement with the acquirer of his prior employer. This amount is to be paid in monthly installments of \$11,015 beginning in June 2004 and ending in May 2009. The Company entered into the make-whole agreement in order to enable Mr. Evans to terminate his prior employment agreement and thereby enhance the Company's ability to pursue acquisitions and otherwise conduct its business in its market. In the event of a change of control of the Company, the entire amount will be due and payable at a discount of 6%.

Mr. Speight

Employment Agreement. On February 21, 2002, the Company and Flag Bank entered into an amended and restated employment agreement with J. Daniel Speight. The Employment Agreement provides for a term of three years that automatically renews each day after the effective date so that the term remains a three-year term until any party notifies the others that the automatic

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

renewals should discontinue. The Employment Agreement provides for an annual salary that is reviewed at least annually by the Board of the Company and Flag Bank. Mr. Speight's current base salary as determined under the Employment Agreement is \$225,000. The Employment Agreement also provides for Mr. Speight to participate in any bonus, stock option or other executive compensation programs available to senior management of the Company. Mr. Speight received title to his company car and is entitled to various

17

"perks" and to participate in all group employee benefit plans. Mr. Speight is also entitled to participate in a deferred compensation program similar to the split dollar insurance program provided by the Company during prior years. See "Salary Continuation Agreement" below. In addition, the Employment Agreement provides that if the Company reduces or eliminates dividends on its common stock for any quarter during the term of the Employment Agreement, Mr. Speight will receive an amount equal to \$9,000 less the amount of any dividends he actually receives during the quarter, with the payment to be reduced to reflect the proportionate effect of any reduction in the number of shares of the Company's common stock he owns during that quarter.

The Employment Agreement states that, in the event the Company or Flag Bank terminates Mr. Speight's employment other than for "cause" (as defined in the Employment Agreement) or Mr. Speight terminates his employment for "cause" or due to a change in control, Mr. Speight is entitled to receive a severance payment in a lump sum amount equal to his average monthly compensation multiplied by the number of months remaining in the term of the Employment Agreement. For purposes of this calculation, "average monthly compensation" means: (i) the sum of (x) his then current annual base salary plus (y) his most recent annual bonus or, if greater, his average bonus for the three prior years; (ii) divided by 12. For example, if Mr. Speight's employment were to terminate during 2005 as a result of a change in control, he would receive a cash payment of \$1,155,924, representing his \$32,109 average monthly compensation for 2005 multiplied by the 36 months left in the term of his agreement. If there are less than twelve months remaining in the term of the Employment Agreement, Mr. Speight will be entitled to receive a lump sum payment equal to his average monthly compensation multiplied by twelve. Mr. Speight will also be entitled to receive an amount equal to the COBRA health continuation coverage costs for himself and his dependents for the longer of (a) twelve months, (b) the remaining term of the Employment Agreement or (c) the period during which Mr. Speight and his dependents are eligible to continued COBRA coverage from the Company.

Pursuant to the terms of the Employment Agreement, during the term of his employment and for twelve months following his termination of employment, Mr. Speight agrees not to compete with the Company or Flag Bank or solicit any of their customers or employees. The agreement not to compete and not to solicit customers or employees does not apply if (1) the Company or Flag Bank terminates Mr. Speight without cause, (2) Mr. Speight terminates his employment in connection with a change in control of the Company, or (3) Mr. Speight terminates employment for cause.

Salary Continuation Agreement. On November 11, 2004, the Company and the Bank entered into a Salary Continuation Agreement with J. Daniel Speight. The agreement provides for a maximum annual cash payment of \$136,000, payable in monthly installments over 15 years, commencing upon Mr. Speight's retirement from with the Bank. The benefit is currently 25% vested (which would result in a \$34,000 current annual benefit) and vests in additional 4% increments for each year of employment with the Bank. If Mr. Speight's employment terminates voluntarily prior to normal retirement age (65), then he will receive the vested

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

percentage of his retirement benefit. On the other hand, if: (i) his employment is terminated in the event of a change of control of the Bank; (ii) his employment is terminated without cause; or (iii) his duties are materially diminished or he is not reelected as a director or appointed as Vice Chairman of the Company, then he will receive his full retirement benefit without regard to vesting. No benefits will be paid in the event of termination of employment for cause.

Mr. Doughty and Mr. Wiley

On January 13, 2004, the Company entered into Change in Control Agreements with Stephen W. Doughty and J. Thomas Wiley, Jr. Each Change in Control Agreement provides for a term of three years that automatically renews each day after the effective date so that the term remains a three-year term until either party notifies the other that the automatic renewals should discontinue. Irrespective

18

of the three-year term, the term of each Change in Control Agreement will expire twelve months following a change in control.

Each Change in Control Agreement provides for payment of benefits in different amounts depending upon whether the change in control is "satisfactory" or "unsatisfactory." An "unsatisfactory" change in control is one in which the employee is not offered a commensurate position with the surviving entity. A "satisfactory" change in control is one in which the employee is offered a commensurate position with the surviving entity.

In the event of an "unsatisfactory" change in control, if the employee is terminated by the employer without "cause" (as defined in the Change in Control Agreement) or terminates with "good reason" (as defined in the Change in Control Agreement) within twelve months following the change in control, the employee is entitled to receive a severance payment in a lump sum amount equal to three times the sum of his annual base salary and largest annual bonus paid in the three preceding years. For example, if the employee is terminated under these circumstances during 2005, he will receive a cash payment of \$1,155,939, representing three times the sum of his current base salary (\$225,000) and his largest bonus in the last 3 years (\$160,313). The employee will also be entitled to a payment equal to the COBRA health continuation coverage costs for the employee and his dependents during the period in which they are eligible to continue COBRA coverage from the Company.

In the event of a "satisfactory" change in control, the employee will be eligible to receive a success fee equal to one times his base salary and bonus if the fair market value of the Company's stock increases by twenty-five percent of its pre-change in control value. The success fee will be payable regardless of whether or not the employee accepts the position with the surviving entity. For example, in the event of a change of control of the Company during 2005 and a resulting 25% increase in the Company's stock value, he will receive a success fee of \$385,313, representing his \$225,000 base salary plus his largest bonus in the last three years, \$160,313.

In the event of a satisfactory change in control in which the employee accepts the position with the surviving entity, the employee may terminate employment for any reason within twelve months following the change in control and will be entitled to receive a severance benefit in a lump sum amount equal to two times his base salary and bonus. However, if the success fee described above is payable to the employee, the employee's severance benefit payable upon such a termination following a "satisfactory" change in control will only be

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

equal to one times his base salary and bonus. As a result, an executive who terminates employment as a result of a 2005 change in control but is not entitled to a success fee would receive a cash payment of \$770,626, representing two times his 2005 salary plus his highest bonus within the last three years, while an executive who terminates employment but did receive a success fee would receive a severance payment of \$385,313 in addition to his \$385,313 success fee, representing a total payment of \$770,626. In addition, the employee will also be entitled to receive a payment equal to the COBRA health continuation coverage costs for the employee and his dependents during the period in which they are eligible to continue COBRA coverage from the Company.

Pursuant to the terms of each Change in Control Agreement, if the employee receives payment of benefits upon a change in control, for twelve months following the employee's termination of employment, the employee agrees not to compete with the Company or solicit any of its customers and employees.

Each Change in Control Agreement provides that any payments made under the agreement or otherwise paid in connection with a change in control are subject to cutback in the event that the amount of those payments trigger the application of the golden parachute rules under the Internal Revenue Code.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and any persons who beneficially own more than 10% of the Company's common stock, as well as various affiliates of these persons, to file initial reports of ownership and reports of changes in their ownership of the Company's common stock with the Securities and Exchange Commission. Directors, executive officers and persons beneficially owning more than 10% of the Company's common stock are required by applicable regulations to furnish the Company with copies of all Section 16(a) reports they filed. To the Company's knowledge, no person beneficially owned more than 10% of the Company's common stock during 2004. Based solely on its review of the copies of reports received by it and written representations received by it that no other reports were required, the Company believes that except for two late filings, each covering one transaction, by each of Messrs. Burdette, Doughty, Evans, Healey and Wiley, and one late filing covering one transaction by each of Messrs. Houser and Speight, all of its directors and executive officers complied with applicable Section 16(a) filing requirements for 2004.

RELATED PARTY TRANSACTIONS

Directors, executive officers, principal shareholders of the Company and their affiliates have been customers of Flag Bank and predecessors from time to time in the ordinary course of business, and additional transactions may be expected to take place in the future. In accordance with applicable federal laws and regulations, all loans by Flag Bank to these persons are made (1) on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, (2) do not involve more than the normal risk of collectibility or embody other unfavorable features, and (3) comply with specified quantitative limits imposed by federal laws and regulations. At December 31, 2004, the aggregate amount of loans and extensions of credit outstanding to these persons was approximately \$5,007,000, which represented approximately 7.24% of the total equity capital of the Company.

None of the loans outstanding at the Flag Bank or any predecessor of Flag Bank to directors, executive officers or principal shareholders of the Company

Edgar Filing: FLAG FINANCIAL CORP - Form DEF 14A

at any time during or subsequent to 2004 was or has been on past due or non-accrual status, has been restructured, or is considered by Flag Bank to be a problem loan.

See "Proposal 1: Election of Directors - Compensation Committee Interlocks and Insider Participation" for information regarding a transaction involving the Company and certain of its executive officers and directors.

The services provided by the independent accountants were pre-approved by the Audit and Exam Committee to the extent required under applicable law and in accordance with the provisions of the Committee's charter. For 2004, 100% of the fees incurred were pre-approved. The Audit Committee has determined that the rendering of non-audit professional services, as identified above, is compatible with maintaining the independence of the Company's auditors.
