INFORMATION CONTAINED IN THIS FORM 6-K REPORT

Attached as Exhibit 1 is a press release of Nordic American Tanker Shipping Limited, dated November 7, 2009, announcing the acquisition of its eighteenth vessel.

Exhibit 1

Nordic American Tanker Shipping Ltd. - (NYSE:NAT) Announces Acquisition of its Eighteenth Vessel – bolstering the Dividend Capacity.

Hamilton, Bermuda, November 7, 2009

Nordic American Tanker Shipping Ltd. (the "Company" or "NAT") today announced that the Company has agreed to acquire its eighteenth vessel, a double-hull suezmax tanker built in a first class Far Eastern shipyard in 2002 for a purchase price of $51.5 million. The vessel is expected to be delivered to us no later than March 1, 2010. This acquisition will be financed from cash on hand. No equity offering is being planned in connection with this acquisition.

The new vessel is expected to be operated in the spot market or on spot market-related charters.

Herbjørn Hansson, the Company's Chairman and Chief Executive Officer, stated: "We are confident that this, our eighteenth suezmax vessel, will be accretive both to dividends and earnings per share. Therefore, dividends and earnings per share can be expected to be higher than had this vessel not been acquired. NAT is committed to continuing to build upon its successful operating model in which the elements of full dividend payout and accretive growth are central."

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Matters discussed in this press release may constitute forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts.

The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with this safe harbor legislation. The words “believe,” “anticipate,” “intend,” “estimate,” “forecast,” “project,” “plan,” “potential,” “may,” “should,” “expect,” “pending” and sim identify forward-looking statements.

The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, our management’s examination of historical operating trends, data contained in our records and other data available from third parties. Although we believe that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, we cannot assure you that we will achieve or accomplish these expectations, beliefs or projections. We undertake no obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.

Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions,

including fluctuations in charter rates and vessel values, changes in demand in the tanker market, as a result of changes in OPEC's petroleum production levels and world wide oil consumption and storage, changes in our operating expenses, including bunker prices, drydocking and insurance costs, the market for our vessels, availability of financing and refinancing, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, vessels breakdowns and instances of off-hire, failure on the part of a seller to complete a sale to us and other important factors described from time to time in the reports filed by the Company with the Securities and Exchange Commission, including the prospectus and related prospectus supplement, our Annual Report on Form 20-F, and our Reports on Form 6-K.
