Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On May 13, 2015, the Company's stockholders approved our 2015 long-term equity incentive plan. The board believes that equity incentive compensation promotes our long-term success by aligning the interests of our directors, officers and employees with the interests of our stockholders. The equity incentive awards provide participants with an ownership interest in our company and a direct and demonstrable stake in our success to the extent of their position, responsibility, overall impact and contribution.

The plan authorizes the issuance of up to 3,000,000 shares of common stock, of which not more than 1,000,000 shares may be issued in the form of restricted stock or restricted stock unit awards. Under the plan, the compensation and governance committee may grant stock options, shares of restricted stock and restricted stock units. In any calendar year, no employee or officer may be granted stock options covering more than 300,000 shares. Stock options are not issuable to non-employee directors. In any calendar year, no more than 150,000 shares of restricted stock or restricted stock units can be issued to any officer or employee and no more than 5,000 shares of restricted stock or restricted stock units can be issued to any non-employee director.

Highlights of the plan include the following:

- The plan does not provide for liberal share recycling. Neither shares tendered by a participant to pay the exercise price of an award nor shares tendered or withheld for taxes will be available for future grants under the plan;
- Grants of stock options that are exercisable prior to the first anniversary of the grant date are prohibited;
- Repricing or payments to cancel "underwater" stock options are prohibited without stockholder approval;
- Grants of time-based restricted stock and restricted stock units with vesting periods shorter than three years are prohibited (provided that shares and units may vest pro rata on an annual basis beginning on the first anniversary of the grant date);
- Grants of all other types of restricted stock and restricted stock units with vesting periods shorter than one year are prohibited;
- The compensation and governance committee does not have the discretion to accelerate the vesting or exercisability of awards, except in the event of death, disability or involuntary termination of employment in connection with a change in control;
 - Grants generally are not accelerated upon a change in control if they are assumed by the surviving entity (or its parent if the surviving entity has a parent) or replaced with a comparable award of substantially equal value granted by the surviving entity (or its parent if the surviving entity has a parent);
- The definition of "change in control" does not include an unapproved change in the majority of the persons serving on our board of directors; and
- Grants are expressly subject to our incentive compensation recoupment policy.

A description of the material terms of the plan can be found in the section of the Definitive Proxy Statement on Schedule 14A filed by the Company on April 3, 2015 entitled "Proposal 4-Approval of Our 2015 Long-Term Equity Incentive Plan" and is incorporated by reference into this Current Report on Form 8-K.
