## PROXY STATEMENT

June 25, 2002

Proxies in the form enclosed with this proxy statement are solicited by the Board of Directors of Environmental Power Corporation, a Delaware corporation (the "Company" or "EPC"), for use at the Annual Meeting of Stockholders to be held on Thursday, July 25, 2002 at 10:00 a.m. E.D.T. Le Meridien, 250 Franklin Street, Boston, Massachusetts, and any adjournments thereof (the "Meeting").

Any stockholder may revoke their proxy at any time prior to its exercise by filing a later-dated proxy or a written notice of revocation with the Secretary of the Company, or by voting in person at the Meeting. If a stockholder is not attending the Meeting, any proxy or notice should be returned in time for receipt no later than the close of business on the day preceding the Meeting. The persons named as attorneys-in-fact in the proxies are officers of the Company.

Only stockholders of the Company's Common Stock of record as of the close of business on the record date of June 1, 2002 will be entitled to notice of and to vote at the Meeting and any adjournments thereof.

As of June 1, 2002 there were 19,913,879 shares of Common Stock of the Company outstanding, which is the only class or series of outstanding voting securities. Each share of common stock is entitled to one vote; therefore the maximum number of votes which may be cast on each proposal is 19,913,879. The presence of a majority of the voting power of the outstanding shares of Common Stock represented in person or by proxy at the meeting will constitute a quorum. All matters to be voted on will be decided by the vote of a majority of the voting power of the shares of Common Stock, present or represented at the Meeting and entitled to vote.

All properly executed proxies returned in time to be cast at the Meeting will be voted and, with respect to the election of the Board of Directors, will be voted as stated under "Election of Directors" below. Where a choice has been specified on the proxy with respect to a proposal, the shares represented by the proxy will be voted in accordance with the specification and will be voted FOR each proposal if no specification is indicated. If a stockholder returns a proxy withholding authority to vote the proxy with respect to a nominee for director, then the shares covered by such proxy shall be deemed present at the Meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to each nominee, but shall not be deemed to have been voted for such nominee. If a stockholder abstains from voting with respect to any matter, then the shares held by such stockholder shall be deemed present at the Meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. If a broker returns a non-vote proxy, indicating a lack of authority to vote on any matter, then the shares covered by such non-vote shall be deemed present at the Meeting for purposes of determining a quorum but shall not be deemed to be present and entitled to vote at the Meeting for purposes of calculating the vote with respect to such matter.

The Board of Directors of the Company knows of no other matters to be presented at the Meeting. If any other matter should be presented at the Meeting upon which a vote properly may be taken, shares represented by all proxies received by the Board of Directors will be voted with respect thereto in accordance with the judgment of the persons named in the proxies.

This proxy statement and the form of proxy were first mailed to stockholders on

### PROPOSAL ONE ~ ELECTION OF DIRECTORS

The directors of the Company are elected annually and hold office for the ensuing year and until their successors have been elected and qualified. Joseph E. Cresci, Donald A. Livingston, Peter J. Blampied, Robert I. Weisberg, Thomas M. Matthews, Herman Brubaker, Jessie J. Knight, Jr. and August Schumacher, Jr. have been nominated by management for election at the Meeting. All nominees, except Messrs. Brubaker, Knight and Schumacher, are presently directors of the Company, having been elected at the Annual Meeting of Stockholders held on November 1, 2001. Edward B. Koehler, George A. Kast and Benjamin J. Brant, who are currently directors, are not standing for reelection. The Company's by-laws presently state that the number of directors constituting the entire Board of Directors shall be determined by resolution of the Board of Directors. The number of directors currently fixed by the Board of Directors is eight. This number may be changed by resolution of the Board of Directors.

No proxy may be voted for more people than the number of nominees listed below. Shares represented by all proxies received by the Board of Directors and not so marked as to withhold authority to vote for any individual director (by striking

## Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

that individual director's name where indicated on the proxy) or for all directors will be voted (unless one or more nominees are unable or unwilling to serve) FOR the election of all the nominees named below. The Board of Directors knows of no reason why any such nominee would be unable or unwilling to serve, but if such should be the case, proxies may be voted for the election of some other person.

On July 23, 2001, the Company acquired approximately 87.7% of the outstanding common stock of Microgy Cogeneration Systems Inc. ("Microgy") in exchange for securities of the Company pursuant to a Share Exchange Agreement (the "Exchange Agreement") dated June 20, 2001 among the Company, Microgy and the Principal Microgy Shareholders, as defined therein. Subsequently, the Company acquired the remaining Microgy securities in exchange for securities of the Company.

Pursuant to the Exchange Agreement, the Board of Directors of the Company was enlarged from five to eight members and the three resulting vacancies were filled by designees of the Principal Microgy Shareholders (including replacements or substitutes similarly designated, the "Microgy Designees"). The Microgy Designees currently serving on the board are George A. Kast, Benjamin J. Brant and Thomas M. Matthews, the Microgy Designees nominated for election at the Meeting are Messrs. Brubaker, Knight, and Schumacher.

In connection with the Exchange Agreement, the Company, the Principal Microgy Shareholders, Joseph E. Cresci and Donald A. Livingston entered into a Stockholders' Agreement as of the Closing Date (the "Stockholders' Agreement"). Messrs Cresci and Livingston (the "Majority Stockholders") are Directors, officers and principal stockholders of the Company. The Stockholders Agreement, which terminates on June 30, 2003, provides among other things, that the parties will take all lawful action, including voting the shares they own or control, to cause the proportion of Microgy Designees to the existing five Directors (including and replacement or substitute designated by the Majority Stockholders, the "Incumbent Directors") to remain at approximately 3:5 and for the election of the Microgy Designees and the Incumbent Directors. The Company believes that the parties to the Stockholders' Agreement vote or control outstanding shares with approximately 13,066,595 (or 65.6%) of the votes which may be cast at the Meeting.

The Board of Directors of the Company held seven meetings during the fiscal year ended December 31, 2001. The Compensation Committee, which consisted of Messrs. Blampied, Koehler and Weisberg, determines the compensation of the Company's Chief Executive Officer and Chief Operating Officer and

Blampied, Koehler and Weisberg, oversees the accounting and financial functions of the Company, including matters relating to the appointment and activities of the Company's independent auditors, and met twice in 2001. The Executive Committee, which consists of Messrs. Cresci and Livingston, can act in place of the full Board of Directors to the extent permitted by law and did not meet in 2001. Each member of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and any Committee on which he served.

The following table sets forth as of June 1, 2002 the number and percentage of

Defined Benefit Pension Plan: In December 1998, we established a noncontributory defined benefit pension plan covering all eligible employees of EPC. The pension plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. Employees aged 21 or older who have completed twelve months of service during which they worked a minimum of 1,000 hours are eligible to participate. Employees earn a year of service for vesting purposes in each employment year in which they complete at least 1,000 hours of employment. Employees become vested in the pension plan over a 6 year period. Vesting is 20% after 2 years and 20% per year thereafter, to 100% after 6 years. Benefits are based upon the participant's annual compensation, including bonuses and similar special pay, as more fully defined in the pension plan, over the number of years of service up to a maximum of 25 years.

The figures shown above apply under the pension plan as of December 31, 2001. The benefit amounts listed are not subject to any deduction for Social Security or other offset amounts. As a result of limitations imposed under the Federal income tax law, the maximum annual benefit payable under the pension plan for the fiscal year ending December 31, 2001 is \$140,000, although the amount will be actuarially adjusted in accordance with Federal income tax regulations if payments commence prior to or following the date that unreduced Social Security benefits become payable. As of December 31, 2001, Messrs. Cresci and Livingston each had nineteen years of credited service under the pension plan and Mr. Linehan had six years of credited service under the pension plan.

### Compensation of Directors

Additionally, each non-employee director may receive option grants under our 1993 Director Option Plan: 40,000 options on the first anniversary of service and 10,000 options on subsequent anniversaries. The 1993 Director Option Plan will expire on July 13, 2003. Under the 2002 Director Option Plan, which is being voted upon as Proposal Two at the Meeting and is described below, each non-employee director first elected on or after the date of the Meeting will receive 50,000 options on the date of such first election or appointment. In addition, each non-employee director would receive a grant of 50,000 options on each anniversary date of such director's election or appointment.

During 2001, Messrs. Blampied and Weisberg each received option grants under our 1993 Director Option Plan to purchase 10,000 shares which are exercisable at per share prices of \$0.57 and \$0.83, respectively, based on the market prices of the Common Stock on their anniversary dates of becoming directors. Mr. Matthews will receive options based upon his respective anniversary date. Mr. Koehler, under the policies of the law firm in which he is a partner, which law firm periodically provides services to EPC, is prohibited from owning shares in EPC.

### REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors determines the Company's executive compensation policy and sets compensation for the Chief Executive Officer (the "CEO") and Chief Operating Officer (the "COO").

The Compensation Committee's policy is to offer the CEO and COO competitive compensation packages that will permit the Company to attract and retain individuals with superior abilities and to motivate and reward such individuals on the basis of the Company's performance in an appropriate fashion in the long-term interests of the Company and its shareholders. Currently, executive compensation is comprised of salary and cash bonuses which may be awarded from time to time. In previous years, the Company offered its executive officers long-term incentive opportunities in the form of stock options under the Company's now expired 1990 Stock Plan and restricted stock awards. The Board of Directors determined that it was in the best interest of the Company to establish another stock plan, which will offer other long-term incentive opportunities for executive officers and other employees. In November 2001, the Company's stockholders approved the 2001 Stock Incentive Plan.

The Compensation Committee takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level and composition of compensation for the CEO and COO. The Compensation Committee does not utilize any specific quantitative formula or targets in making compensation decisions. While the Compensation Committee considers corporate performance measures such as net income, earnings per share, return on assets and return on equity, the Compensation Committee also appreciates the importance of achievements that may be difficult to quantify, and accordingly recognizes qualitative factors, such as successful supervision of major projects and demonstrated leadership ability. Base salaries for the CEO and COO are established at levels considered appropriate in light of the duties and scope of responsibilities of each officer's position. Salaries are generally reviewed periodically and adjusted as warranted to reflect individual officer performance. The Compensation Committee focuses primarily on total annual compensation, including incentive awards and benefits derived from other fringe benefits such as the Pension Plan, rather than base salary alone, as the appropriate measure of executive officer performance and contribution. Compensation decisions regarding executive officers other than the CEO and COO are made by the CEO and COO.

## Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

As discussed in the section "Compensation of Executive Officers", the Company established in December 1998 a Pension Plan to provide retirement benefits to all of its eligible employees including the CEO and COO. The Company funded its 1998 contribution to the Pension Plan of \$255,062 during 1999, which contribution benefited the CEO and COO in the amounts of \$132,416 and \$109,431, respectively. In December 1998, in anticipation of receiving this benefit from the Pension Plan, the CEO and COO each elected to repay to the Company a portion of their 1998 compensation in an amount equal to the benefit they would receive from the 1998 contribution to the Pension Plan. As a result, the 1998 annual compensations

11

of the CEO and COO were reduced from \$200,000 and \$200,000, respectively, to \$67,584 and \$90,569, respectively. The Company is currently reviewing the Pension Plan and may consider revision to the pension program in 2002.

During 1999, the responsibilities of the CEO and COO became less complex after the settlement of the Milesburg litigation, therefore the Compensation Committee set a lower base salary for the CEO and COO and established a policy of rewarding these executive officers with cash bonuses which were tied to successful achievements, improvements in results and the fulfillment of corporate goals. In March 1999, to further these objectives, the Compensation Committee ratified the establishment of the Pension Plan, reduced the annual base salaries for the CEO and COO from \$200,000 to \$150,000, and considered various bonus incentives for these executive officers. The Compensation Committee considered the lower base salaries, when combined with the estimated benefits that the CEO and COO would receive from the Pension Plan and bonus incentives, to be an appropriate compensation package for the CEO and COO at that time.

In April 2000, the Compensation Committee awarded the CEO and COO each a bonus of \$100,000. In deciding to award this bonus, the Compensation Committee considered factors including the very successful results achieved by the CEO and COO in the settlement of the long-standing litigation with Pennsylvania Electric Company.

In December 2000, the Compensation Committee awarded the CEO and COO each a bonus of \$250,000 to acknowledge the significant progress made toward the settlement of the Sunnyside litigation as well as the increase in their duties to formulate and assess restructuring options, consider sale and merger proposals, and evaluate prospects for business expansion. However, due to concerns about the Company's ongoing cash requirements, the Compensation Committee requested that the CEO and COO use substantially all of the proceeds from these cash bonuses to repay their outstanding loans due to the Company. The Compensation Committee agreed, however, to allow the CEO and COO to borrow back sufficient funds to pay their individual tax obligations resulting from these bonuses subject to the Company's receipt of a settlement payment from the Sunnyside litigation. The Compensation Committee felt this arrangement properly compensated the CEO and COO for their present achievements, duties and responsibilities while also preserving the Company's cash resources for ongoing business activities.

April 2001, the Company received \$1,500,000 pursuant to a settlement of the Sunnyside litigation and the CEO and COO each borrowed back \$100,000 from the

## Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

Company. On June 15, 2001 in order to reflect the increase in their workload and responsibility due the imminent acquisition of Microgy, the salaries of the CEO and COO were increased to their present level of \$400,000. There were no cash bonuses paid to these executives in 2001.

In 1993, Congress enacted Section 162(m) of the Internal Revenue Code, which prevents publicly held corporations from deducting compensation in excess of \$1 million paid to CEO's and the four highest compensated officers unless the compensation is performance-based. The Company's compensation program currently is not of a level such that this limit would apply.

During 1993 and 1995, Messrs. Cresci and Livingston exercised options to purchase shares of the Company's Common Stock. As payment for the exercise price of these stock options, EPC accepted promissory notes payable upon our demand from Messrs. Cresci and Livingston aggregating \$332,875 and \$428,281, respectively. In 2000, EPC asked that a portion of these notes be repaid using the proceeds from bonuses due to concerns about ongoing cash requirements. In April 2001, the Company received \$1,500,000 pursuant to a settlement of the Sunnyside litigation and Messrs. Cresci and Livingston were allowed to each borrow \$100,000 from EPC. As of December 31, 2001, Messrs. Cresci and Livingston had aggregate balances due to EPC of \$186,875 and \$410,498, respectively under these notes and loans. Interest on these notes and loans, which is payable monthly at the Applicable Federal Rate, amounted to \$21,312 in the aggregate during 2001 and has been fully collected from Messrs. Cresci and Livingston.

In September 1997, Mr. Weisberg exercised options to purchase 80,000 shares of the Company's Common Stock. As payment for the exercise price of these stock options, we accepted a promissory note which is payable upon our demand from Mr. Weisberg in the amount of \$48,575. Interest on this note, which is payable quarterly at the Applicable Federal Rate, amounted to \$1,969 in 2001 and has been fully collected from Mr. Weisberg.

On September 14, 2001, after an extensive search for financing, the Company borrowed \$750,000 from Alco Financial Services, LLC. Robert Weisberg, a director of EPC, is President, a Director and a member of Alco. The loan is evidenced by a one-year promissory note which bears interest at the prime rate plus 3.5%. The Company also pays an administrative fee of 0.6% per month and paid a commitment fee of \$7,500 to secure the loan. The loan is secured by all of the Company's assets (other than the stock of the Company's subsidiary, Buzzard Power Corporation). In connection with the loan, the Company granted Alco five year warrants to purchase 50,000 shares of Common Stock at \$0.60 per share. In April 2002, the principal repayment terms of the loan were modified so that all principal is now due by April 1, 2003.

In 2001, Mr. Kast advanced \$177,000 to Microgy on a short-term basis prior to its becoming a subsidiary of EPC. In September 2001, the loan was repaid, at a discount, for \$150,000 by EPC.

On November 14, 2001 EPC entered into a consulting agreement with SJH & Company Inc. ("SJH"). August Schumacher, Jr., a nominee for the Board of Directors, is a managing director of SJH. SJH provides EPC consulting services on an hourly basis regarding the agricultural and agribusinesses. EPC paid SJH fees of \$30,000 and \$118,367 in 2001 and year to date 2002, respectively.

On May 2, 2002, Benjamin Brant, a director of EPC and a former officer of our Microgy subsidiary, granted to EPC a transferable one-year option to purchase 1,802,486 shares of his Common Stock at \$0.35 per share. EPC is required to exercise the option to purchase at least 342,857 of such shares by specified times. To the extent any portion of the option expires unexercised, Mr. Brant would grant EPC a transferable right of first refusal for the underlying shares for a 12 month period beginning upon expiration of the option. Mr. Brant also agreed to deliver an additional 197,514 shares of his Common Stock to EPC in satisfaction of an obligation in the amount of \$69,129 to Microgy by a company of which Mr. Brant is a principal. Mr. Brant had previously guaranteed this obligation to Microgy under a June 2001 agreement. Mr. Brant also agreed to a 24 month standstill whereby an additional 753,066 shares of his Common Stock would not be sold into the public markets.

On May 3, 2002, EPC exercised the option to purchase 120,000 shares of Mr. Brant's Common Stock by a cash payment of \$42,000. On May 3, 2002, Mr. Brant also delivered 197,514 shares of his Common Stock to EPC in full satisfaction of the obligation to Microgy described in the previous paragraph. On May 17, 2002, EPC exercised the option to purchase 20,260 shares of Mr. Brant's Common Stock by a cash payment of \$7,091. The shares acquired by the Company from Mr. Brant are being held as treasury shares, reducing the outstanding Common Stock.

Edward B. Koehler is a partner with Hunton & Williams, Hong Kong, a law firm which periodically provides services to EPC.

### PROPOSAL TWO - APPROVAL OF THE 2002 DIRECTOR OPTION PLAN

On June 17, 2002, pursuant to authority granted on May 22, 2002 by the Board of Directors, a Special Committee of the Board of Directors (consisting of Messrs. Weisberg, Kast, Matthews and Cresci) approved the 2002 Director Option Plan (the "Director Plan"). Effectiveness of the Director Plan is subject to approval of the stockholders and the full Board of Directors. Under the Director Plan, eligible Directors of the Company first elected on or after the date of the 2002 Annual Meeting will automatically receive non-qualified options to purchase 50,000 shares of Common Stock as of the close of business on the date of their election. Each eligible Director will, regardless of when first elected, automatically receive an option to purchase 50,000 shares upon each anniversary of service as an eligible Director, which anniversary occurs after

## Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

the date of the 2002 Annual Meeting.

Options granted under the Company's 1993 Director Option Plan within twelve months prior to a grant under the Director Plan will reduce the size of the grant under the Director Plan. The 1993 Director Option Plan will expire on July 13, 2003.

Assuming election of the nominees at the Meeting and effectiveness of the Director Plan, Messrs. Brubaker, Knight and Schumacher, as non-employee Directors elected for the first time at the Meeting, would each receive options to purchase 50,000 shares. Messrs. Blampied, Brubaker, Knight, Matthews, Schumacher and Weisberg, as non-employee directors, would thereafter receive options to purchase 50,000 shares of Common Stock on each anniversary of their first election to the Board.

The purpose of the Director Plan is to encourage ownership in the Company by non-employee directors whose services are considered essential to the Company's future progress and efforts to capitalize on new opportunities. While Directors are eligible for grants under the Company's 2001 Stock Incentive Plan, the Special Committee believes that the Director Plan, which provides for formula grants, will benefit the Company and its stockholders by encouraging non-employee Directors to serve on the Board and providing them incentives and, thus, recommends approval of the Director Plan. The following is a summary of the principal terms of the Director Plan.

Administration, Eligibility and Number of Shares. The Board of Directors will supervise and administer the Director Plan. Directors of the Company who are not employees of the Company or any subsidiary of the Company will be eligible to participate in the Director Plan. A total of 2,000,000 shares of the Company's Common Stock may be issued under the Director Plan.

Terms of Options. All options granted under the Director Plan are immediately exercisable. The exercise price for each option is at the fair market value per share of the Company's common stock on the date the Director becomes eligible for the option. Options granted under the Director Plan may provide for the payment of the exercise price in cash, by check (bank check, certified check or personal check), by money order, or with the approval of the Company in its sole and absolute discretion (and upon such terms and conditions as the Company may require) (i) by delivering to the Company for cancellation Common Stock with a fair market value as of the date of exercise equal to the option price or the portion thereof being paid by tendering such shares, (ii) by delivering to the Company the full option price in a combination of cash and the holder's full recourse liability promissory note with a principal amount not to exceed 80% of the option price and a term not to exceed five years or (iii) by delivering to the Company with an aggregate fair market value and a principal amount equal to the option price. Each option granted is not transferable except by the laws of descent and distribution or pursuant to a qualified domestic

17

ENVIRONMENTAL POWER CORPORATION  
One Cate Street

relations order (as defined in the Internal Revenue Code). If the optionee becomes disabled or dies while serving as a Director, his or her representative may exercise the option in full during the year following his or her disability or death. Otherwise, no option may be exercised more than ten years after the date of grant or 90 days after the Director ceases to be a Director of the

## Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

Company.

Federal Income Tax Consequences. Options granted under the Director Plan are non-qualified stock options. No taxable income is recognized by the Optionee upon the grant of a non-statutory stock option. Generally, the optionee must recognize as ordinary income in the year in which the option is exercised the amount by which the fair market value of the purchased shares on the date of exercise exceeds the option price. The Company will be entitled to a business expense deduction equal to the amount of ordinary income recognized by the optionee. Any additional gain or any loss recognized upon the subsequent disposition of the purchase shares will be a capital gain or loss, and will be a long-term gain or loss if the shares are held for more than one year.

Amendment of the Plan. The Board of Directors may suspend or discontinue the Director Plan or amend it in any respect; provided, however, that without approval of the stockholders of the Company, the Board may not (i) change the number of shares subject to the Director Plan (ii) change the designation of the class of Directors eligible to receive options, or (iii) materially increase the benefits accruing to participants under the Director Plan. Notwithstanding the foregoing, the provisions of the Director Plan may not be amended more than once every six months.

### Securities Authorized for Issuance Under Equity Compensation Plans.

The following table sets forth information, as of December 31, 2001, with respect to compensation plans (including individual compensation arrangements) under which equity securities of the company are authorized for issuance: the number of securities to be issued upon the exercise of outstanding options, warrants and rights; the weighted-average exercise price of such options, warrants and rights; and, other than the securities to be issued upon the exercise of such options, warrants and rights, the number of securities remaining available for the future issuance under the plan.

In addition to the options and warrants in the table above, non compensatory options to purchase 50,000 shares of common stock at an exercise price of \$0.60 per share were issued to Alco Financial Services on September 14, 2001 in conjunction with Alco providing a working capital loan facility to the Company, in the amount of \$750,000. As of December 31, 2001 the balance borrowed under this facility was \$750,000. Furthermore non compensatory warrants to purchase an aggregate amount of 821,170 shares of common stock (including warrants to purchase 389,872 shares to Daniel Eastman, an officer of Microgy) were issued to warrant holders of Microgy in 2001 in exchange for their Microgy warrants in connection with the Company's acquisition of Microgy.

Recommendation. The Special Committee of the Board of Directors believes that approval of the Director Plan is in the best interests of the Company and its stockholders and recommends a vote FOR this proposal.

PROPOSAL THREE ~ RATIFICATION OF SELECTION OF AUDITORS

The Board of Directors has selected the firm of Deloitte & Touche LLP, independent certified public accountants, to serve as auditors for the fiscal year ending December 31, 2002. The Board of Directors recommends a vote FOR the ratification of this selection.

It is expected that a member of the firm of Deloitte & Touche LLP, the independent certified public accountants who audited the Company's financial statements included in the 2001 Annual Report, will be available either by telephone or present at the Meeting with the opportunity to make a statement if so desired and will be available to respond to appropriate questions.

STOCKHOLDER PROPOSALS

Proposals of stockholders intended for inclusion in the proxy statement to be furnished to all stockholders entitled to vote at the 2003 Annual Meeting of Stockholders of the Company must be received at the Company's principal executive offices (i) not later than February 25, 2003 or (ii) in the event the date of the 2003 Annual Meeting changes by more than 30 days from the Meeting, a reasonable time before the Company mails its proxy materials for the 2003 Annual Meeting. In order to curtail controversy as to the date on which a proposal was received by the Company, it is suggested that proponents submit their proposals by certified mail-return receipt requested. Such proposals must also meet the other requirements established by the Securities and Exchange Commission for stockholder proposals. If the Company does not receive notice of any matter that is to come before the stockholders at the 2003 Annual Meeting of Stockholders on

## Edgar Filing: ENVIRONMENTAL POWER CORP - Form DEF 14A

or before (i) May 12, 2003, which corresponds to forty-five days before the date on which the Company first mailed this proxy statement, or (ii) in the event the date of the 2003 Annual Meeting changes by more than 30 days from the Meeting, a reasonable time before the Company mail its proxy materials for the 2003 Annual Meeting, the proxy for the 2003 Annual Meeting of Stockholders may, pursuant to Rule 14a-4(c) of the Proxy Rules under the Securities Exchange Act of 1934, confer discretionary authority to vote on the matters presented.

### OTHER BUSINESS

The Board of Directors knows of no business that will be presented for consideration at the Meeting other than that stated above. If any other business should come before the Meeting, votes may be cast pursuant to proxies in respect to any such business in the best judgment of the person or persons acting under the proxies.

### EXPENSES AND SOLICITATION

The cost of solicitation of proxies will be borne by the Company. Proxies will be solicited principally through the mail. Further solicitation of proxies from some stockholders may be made by directors, officers and regular employees of the Company personally, by telephone, or special letter. No additional compensation, except for reimbursement of reasonable out-of-pocket expenses, will be paid for any such further solicitation. In addition, the Company may request banks, brokers, and other custodians, nominees and fiduciaries to solicit customers of theirs who have shares of the Company registered in the name of a nominee. The Company will reimburse any such persons for their reasonable out-of-pocket expenses.

##### 4. STOCK SUBJECT TO THE PLAN

(a) The maximum numbers of shares which may be issued under the Plan shall be two million (2,000,000) shares of the Company's Common Stock, \$.01 par value per share ("Common Stock").

##### 5. TERMS, CONDITIONS AND FORM OF OPTIONS

Each option granted under the Plan shall be evidenced by a written agreement in such form as the Board of Directors shall from time to time approve, which agreements shall comply with and be subject to the following terms and conditions:

(a) Option Grants and Dates. election or appointment occurs on or after the date of the 2002 Annual Meeting. Furthermore, options to purchase 50,000 shares shall be granted automatically to each eligible director (regardless of whether such eligible director was first elected or appointed before, on or after the date of the 2002 Annual Meeting), upon each anniversary date of his or her initial election or appointment, which anniversary date occurs on or after the date of the 2002 Annual Meeting; provided that such eligible director's service is scheduled to continue beyond such anniversary date.

Each option granted under the Plan by its terms shall not be transferable by the optionee otherwise than by will, or by the laws of descent and distribution, or pursuant to a qualified domestic relations order (as defined in section 414(p) of the Code), and shall be exercised during the lifetime of the optionee only by him. No option or interest therein may be transferred, assigned, pledged or hypothecated by the optionee during his lifetime, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

(e) Exercise Period. Except as otherwise provided in the Plan, each option may be exercised fully on the date of grant of such option, provided, that subject to the provisions of Section 5(f), no option may be exercised more than 90 days after the optionee ceases to serve as a director of the Company. No option shall be exercisable after the expiration of ten (10) years from the date of grant or prior to approval of the Plan by the stockholders of the Company.

(f) Exercise Period Upon Disability or Death. Notwithstanding the provisions of Sections 5(e), any option granted under the Plan:

(i) may be exercised in full by an optionee who becomes disabled (within the meaning of Section 22(e) (3) of the Code or any successor provision thereto) while serving as a Director of the Company; or

(ii) may be exercised

(x) in full upon the death of an optionee while serving as a director of the Company, or
