PROXY STATEMENT
for
Annual Meeting of Shareholders
February 28, 2002

We are sending you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote your shares at our 2002 annual meeting of shareholders. The annual meeting will be held on February 28, 2002 at 10:00 a.m., local time, at our corporate offices at 720 Pennsylvania Drive, Exton, Pennsylvania. We began mailing this proxy statement and the proxy card on or about January 14, 2002 .

ABOUT THE MEETING

Who can vote?

You can vote if, as of the close of business on December 14, 2001, you were a shareholder of record of our common stock. On that date, 13,025,374 shares of our common stock were outstanding and entitled to vote. We do not have any other classes of voting stock outstanding other than our common stock. Each share of common stock is entitled to one vote, and there are no cumulative voting rights when voting for directors.

What constitutes a quorum?

The presence at the annual meeting, in person or by proxy, of a majority of the outstanding shares as of the record date must be present to hold the annual meeting. Abstentions from voting and broker "non-votes" will be counted toward a quorum. A broker "non-vote" occurs when the nominee holding a shareholder's shares does not vote on a particular proposal because the nominee does not have discretionary voting power on that item and has not received instructions from the shareholder.

What vote is required and what is the method of calculation?

The nominees for director who receive a plurality of the shares of common stock present or represented by proxy at the annual meeting will be elected. Approval of each other matter to be voted on at the annual meeting requires the affirmative vote of a majority of the shares of our common stock present or represented and entitled to vote at the annual meeting. Abstentions or broker "non-votes" will not be counted for or against matters to be acted on at the annual meeting.

What matters will be voted on?

Our Board does not intend to bring any other matters before the annual meeting except those listed in the notice, and the Board is not aware of anyone else who will submit any other matters to be voted on. However, if any other matters properly come before the annual meeting, the people named on the proxy card, or their substitutes, will be authorized to vote on those matters in their own judgment.

Edgar Filing: INNOVATIVE SOLUTIONS & SUPPORT INC - Form DEF 14A

How do I vote by proxy?

When you return your properly signed and dated proxy card prior to the annual meeting, your shares will be voted in accordance with your instructions marked on the proxy card. If you sign your proxy card but do not specify how you want your shares to be voted, they will be voted as recommended by the Board of Directors.

Can I change my vote after I return my proxy card?

Yes. You can change or revoke your proxy at any time before the annual meeting either by notifying our Secretary in writing or by sending another executed proxy dated later than the first proxy card. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares held beneficially by you, you may accomplish this by submitting new voting instructions to your broker or nominee.

Can I vote in person at the annual meeting instead of voting by proxy?

Yes. However, we encourage you to complete and return the enclosed proxy card to ensure that your shares are represented and voted. If you attend the annual meeting in person, you may then vote in person even though you returned your proxy card.

Who pays for this proxy solicitation?

We do. We will pay all costs in connection with the meeting, including the cost of preparing, assembling and mailing proxy materials, handling and tabulating the proxies returned, and charges of brokerage houses, nominees and fiduciaries in forwarding proxy materials to our beneficial owners. In addition to the mailing of the proxy materials, our directors, officers and employees, as well as a professional proxy solicitation organization, may also solicit proxies in person or by telephone, telegraph, telecopy or online. We will reimburse their expenses for doing this.

Who Can Help Answer Your Questions?

If you have questions about the annual meeting or would like additional copies of this proxy statement, you should contact our Chief Financial Officer, James J. Reilly, 720 Pennsylvania Drive, Exton, Pennsylvania 19341, telephone (610) 646-9800.

ELECTION OF DIRECTORS

(Item 1 on Proxy Card)

At the annual meeting, the shareholders will elect two Class II directors to hold office until the annual meeting of shareholders in 2005 and until their respective successors have been duly elected and qualified. The Board is divided into three classes serving staggered three-year terms, the term of one class of directors to expire each year. The term of the Class II directors expires at the 2002 annual meeting of shareholders. The Board has nominated Messrs. Glen R. Bressner and Robert E. Mittelstaedt, Jr. to serve as directors. Each is currently serving as a Class II director and has indicated a willingness to continue serving as a director. Unless contrary instructions are given, the shares represented by a properly executed proxy will be voted "FOR" the election of Messrs. Bressner and Mittelstaedt. The two nominees receiving a plurality of the votes cast for director will be elected. Should either of the nominees become unavailable to accept election as a director, the persons named in the enclosed proxy will vote the shares which they represent for the election of such other person as the Board may recommend. The Board does not have a nominating or similar committee. The Board of Directors recommends voting "FOR" the nominees for Class II directors.

The following report of the compensation committee and the performance graph on the previous page will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference. The following report shall not otherwise be deemed filed under such Acts.

Report of the Compensation Committee

The compensation committee of the board of directors is composed of three non-employee directors. The compensation committee is responsible for setting and administering the policies that govern annual executive salaries, bonuses and stock ownership programs. The compensation committee annually evaluates the performance, and determines or recommends to the full board the compensation, of the Chief Executive Officer, or CEO, and our other executive officers based upon a mix of the achievement of corporate goals, individual performance and comparisons with other companies that are similar to us in terms of size and character.

The goals of the compensation committee with respect to executive officers, including the CEO, are to provide compensation designed to attract, motivate and retain executives of outstanding ability and potential and to align the interest of executive officers with the interests of our shareholders. We seek to provide incentives for superior individual performance by paying competitive compensation, and to base a significant portion of compensation upon our performance. To meet these goals, the compensation committee has adopted a mix among the compensation elements of salary, bonus and stock option grants with exercise prices set at the fair market value at the time of grant.

The compensation committee also considers salary and other compensation data from an analysis of certain comparable companies, and from relevant industry survey(s), for similar executive positions. Bonuses are awarded on a company-wide basis upon the achievement of corporate milestones. In awarding stock options that are reviewed annually, the compensation committee considers individual performance, overall contribution to us, officer retention and the total number of stock options to be awarded.

The compensation committee determined that for fiscal year 2001 (the twelve months ended September 30, 2001) the salary of the Chief Executive Officer would continue to be \$300,000.00 on an annual basis. There were no cash incentive compensation payments in fiscal year 2001.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally

Edgar Filing: INNOVATIVE SOLUTIONS & SUPPORT INC - Form DEF 14A

denies a federal income tax deduction for certain compensation exceeding \$1,000,000 paid to the CEO or any of the other named executive officers, excluding, among other things, certain performance-based compensation. Through September 30, 2001, this provision has not affected our tax deductions, and the compensation committee believes that, at the present time, it is unlikely that the compensation paid to any of our employees in a taxable year will exceed \$1,000,000. The compensation committee intends to continue to evaluate the effects of the statute and any applicable regulations and to comply with Internal Revenue Code Section 162(m) in the future to the extent consistent with our best interests.

The Company's executive compensation program is designed to link the performance of management to accomplishing both short and long-term goals, building shareholder value, and personal contribution to the business. The individual elements are understandable and together provide compensation that is well suited for the Company. The management team understands the linkage of operating performance, personal contribution to the business, and their own compensation.

The following report of the audit committee will not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference. The following report shall not otherwise be deemed filed under such.

Report of the Audit Committee

The Audit Committee of the Board of Directors is composed of three non-employee directors. The role of the Audit Committee is to assist our Board in its oversight of our financial reporting process. The Board, in its business judgment, has determined that each director is "independent" as required by the listing standards of the Nasdaq National Market. The Committee operates pursuant to a charter, a copy of which is on file with the Securities and Exchange Commission. As set forth in the charter, management of the company is responsible for the preparation, presentation and integrity of our financial statements, our accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements for the year ending

Edgar Filing: INNOVATIVE SOLUTIONS & SUPPORT INC - Form DEF 14A

September 30, 2001 with management of the Company and its independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the company's auditors are in fact "independent".

Based upon the review, reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the charter, the Audit Committee recommended to the board of directors that the audited financial statements for the year ending September 30, 2001 be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2001 as filed with the Securities and Exchange Commission.

SHAREHOLDER PROPOSALS FOR 2003 ANNUAL MEETING AND OTHER MATTERS

Shareholders wishing to submit proposals for inclusion in the proxy statement for the 2003 Annual Meeting of Shareholders must submit such proposals to us at 720 Pennsylvania Drive, Exton, PA 19341, Attention: James J. On May 21, 1998, the Securities and Exchange Commission adopted an amendment to Rule 14a-4, issued under the Securities Exchange Act of 1934. The amendment to Rule 14a-4(c)(1) governs a company's use of discretionary proxy voting authority for a shareholder proposal which the shareholder has not sought to include in our proxy statement. The amendment provides that if a proponent of a proposal fails to notify a company at least 45 days prior to the month and day

of mailing of the prior year's proxy statement (or any date specified in an advance notice provision), then the management proxies will be allowed to use their discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement. With respect to our 2003 Annual Meeting of Shareholders, if we are not provided notice of a shareholder proposal, which the shareholder has not previously sought to include in our proxy statement, by December 15, 2002, the management proxies will be allowed to use their discretionary authority.

As of the date of this proxy statement, the Board knows of no other business which may properly be and is likely to be brought before the annual meeting. If a shareholder proposal that was excluded from this proxy statement in accordance with Rule 14a-8 of the Securities Act or our by-laws is properly brought before the annual meeting, it is intended that the proxy holders will use their discretionary authority to vote the proxies against said proposal. If any other matters should arise at the annual meeting, shares represented by proxies will be voted at the discretion of the proxy holders.
