Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Voting Rights and Outstanding Shares

Only holders of record of Common Stock at the close of business on December 13, 2002 (the Record Date) will be entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, the Company had outstanding and entitled to vote 787,017,571 shares of Common Stock.

Under cumulative voting, each holder of Common Stock will be entitled to four votes for each share held. Each stockholder may give one candidate, who has been nominated prior to voting, all the votes such stockholder is entitled to cast or may distribute such votes among as many such candidates as such stockholder chooses. However, no stockholder will be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to the voting and at least one stockholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes. Unless the proxy holders are otherwise instructed, stockholders, by means of the accompanying proxy, will grant the proxy holders discretionary authority to cumulate votes.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, with each class having a three-year term. Directors are assigned to each class in accordance with a resolution or resolutions adopted by the Board of Directors, each class consisting, as nearly as possible, of one-third the total number of directors. Vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other causes may be filled by either the affirmative vote of the holders of a majority of the then-outstanding shares or by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum of the Board of Directors. Newly created directorships resulting from any increase in the number of directors may, unless the Board of Directors determines otherwise, be filled only by the affirmative vote of the directors then in office, even if less than a quorum of the Board of Directors. A director elected by the Board of Directors to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Company's Restated Certificate of Incorporation provides that the number of directors which shall constitute the whole Board of Directors shall be fixed exclusively by one or more resolutions adopted from time to time by the Board of Directors. The authorized number of directors is currently set at 13. Mr. Katzin has informed the Board of his intention to retire at the conclusion of the Annual Meeting. In addition, the Board has appointed Mr. Dittamore to fill the vacancy created by the earlier resignation of Mr. Kadisha. Four seats on the Board of Directors, currently held by Richard C. Atkinson, Diana Lady Dougan, Peter M. Sacerdote and Marc I. Stern have been designated as Class III Board seats, with the term of the directors occupying such seats expiring as of the Annual Meeting. Dr. Atkinson, Ms. Dougan, Messrs. Sacerdote and Stern will stand for re-election at this Annual Meeting.

Each of the nominees for election to this class is currently a Board member of the Company who was previously elected by the stockholders. If elected at the Annual Meeting, each of the four nominees would serve until the 2006 Annual Meeting and until his or her successor is duly elected and qualified, or until such director's earlier death, resignation or removal.

If a quorum is present and no stockholder has exercised cumulative voting rights, the directors will be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Abstentions and broker non-votes have no effect on the vote. If a stockholder has exercised cumulative voting rights, the four candidates receiving the highest number of affirmative votes of the shares entitled to be voted for such directors will be elected directors of the Company. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the four nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board

Table of Contents

of Directors may propose. Each person nominated for election has agreed to serve if elected, and the Board of Directors has no reason to believe that any nominee will be unable to serve.

Set forth below is biographical information for each person nominated and each person whose term of office as a director will continue after the Annual Meeting.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP as the Company's independent accountants for the fiscal year ending September 28, 2003 and has further directed that management submit the selection of independent accountants for ratification by the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has audited the Company's financial statements since the Company commenced operations in 1985. Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum representing a majority of all outstanding shares of Common Stock of the Company is present and voting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

Audit Fees

During the fiscal year ended September 29, 2002, the aggregate fees billed by PricewaterhouseCoopers LLP for the audit of the Company's financial statements for such fiscal year and for the reviews of the Company's interim financial statements were \$968,000.

Financial Information Systems Design and Implementation Fees

During the fiscal year ended September 29, 2002, there were no fees billed by PricewaterhouseCoopers LLP for financial information systems design and implementation.

All Other Fees

During the fiscal year ended September 29, 2002, the aggregate fees billed by PricewaterhouseCoopers LLP for all other professional services rendered on behalf of the Company were \$4,314,000, including audit related services of \$235,000 and non-audit services of \$4,079,000. Other audit related fees include items such as fees for services rendered in connection with audits of employee benefit plans and consultation on accounting standards or transactions. Non-audit fees include items for special consulting projects, tax services and consulting, services for implementing non-financial customer relations software, and field verification of royalties from licensees.

The Audit Committee has determined the rendering of all non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the auditor's independence.

THE BOARD OF DIRECTORS RECOMMENDS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater-than-ten-percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended September 29, 2002, all Section 16(a) filing requirements applicable to its officers, directors and greater-than-ten-percent beneficial owners were complied with except that Messrs. Kadisha, Lupin and Padovani, and Mr. Jeffrey Jacobs each filed one report late.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation of Directors

Each Non-Employee Director of the Company receives (i) a fee of \$1,000 for each Board or Board Committee meeting attended, (ii) a fee of \$500 for each Board or Board Committee meeting in which such director participates by telephone, and (iii) except for the Nominating Committee, a fee of \$2,500 per annum for the Chairperson of each Board Committee. When traveling from out-of-town, the members of the Board of Directors are also eligible for reimbursement for their travel expenses incurred in connection with attendance at Board meetings and Board Committee meetings. Employee Directors do not receive any compensation for their participation in Board or Board Committee meetings.

Non-Employee Directors of the Company are eligible to receive stock option grants under the Company's 2001 Non-Employee Directors Stock Option Plan (the "2001 Directors' Plan"). Employee Directors are not eligible to receive stock options under the 2001 Directors' Plan.

Table of Contents

The 2001 Directors' Plan provides for an Initial Option grant to purchase 20,000 shares of the Company's Common Stock to Non-Employee Directors upon first joining the Board (except that a director who was an employee of the Company or certain related entities or designated affiliates and who subsequently becomes a Non-Employee Director as a result of the termination of such employment shall not be eligible to receive an Initial Option) and an Annual Option grant to purchase 10,000 shares of the Company's Common Stock at the time of each annual meeting to Non-Employee Directors who continue to serve on the Board. A Non-Employee Director that was granted an Initial Option within 270 days prior to the annual meeting shall not receive such Annual Option.

All options granted under the Company's Non-Employee Directors' Stock Option Plan (the "Prior Directors' Plan"), the 1998 Non-Employee Directors' Stock Option Plan (the "1998 Directors' Plan") and the 2001 Directors' Plan have exercise prices equal to the fair market value of the underlying Common Stock on the date of grant and vest over five years according to the following vesting schedules. Options granted on or after February 27, 2001 under the 2001 Directors' Plan, vest according to the following schedule: so long as the optionee continues to serve as a Non-Employee Director or employee of, or consultant to, the Company, 10% of the shares subject to the option will vest on the six-month anniversary of the date of grant, with monthly vesting thereafter. Options granted between January 17, 2000 and February 26, 2001 under the 1998 Directors' Plan, vest according to the following schedule: so long as the optionee continues to serve as a Non-Employee Director or employee of, or consultant to, the Company, shares subject to the option will vest on each monthly anniversary of the date of grant. Options granted between November 18, 1996 and January 16, 2000 under the Prior Directors' Plan and under the 1998 Directors' Plan, vest according to the following schedule: so long as the optionee continues to serve as a Non-Employee Director or employee of, or consultant to, the Company, 20% of the shares subject to the option will vest on each of the first, second, third, fourth and fifth anniversaries of the date of grant. Options granted under the Prior Directors' Plan prior to November 18, 1996 vest according to the following schedule: so long as the optionee continues to serve as a Non-Employee Director (or, as such options have been amended by the Board, as an employee of or consultant to the Company), 20% of the shares subject to the option will vest on each of the second, third and fourth anniversaries of the date of grant, and the remaining 40% of such shares will vest on the fifth anniversary of the date of grant.

The term of all options under the Prior Directors' Plan, the 1998 Directors' Plan and the 2001 Directors' Plan is ten years, but such options generally expire 30 days after the optionee ceases to be a Non-Employee Director, employee or consultant (including those options granted prior to November 18, 1996, as amended). In the event that an optionee terminates service due to the optionee's (i) retirement at age 70 or older after nine years of service on the Board ("Retirement") or (ii) due to permanent and total disability as defined in Section 22(e)(3) of the Internal Revenue code of 1986, as amended (the "Code"), the option will terminate only upon expiration of the option term. In the event that an optionee terminates service due to the optionee's death or due to the optionee's termination due to permanent and total disability or Retirement and such termination is followed by death, the vesting of all unvested shares will be accelerated in full as of the date of the optionee's death and the option may be exercised in full at any time within one year of such termination or upon the original expiration date, whichever is earlier. In addition to the foregoing, the vesting of options granted under the Prior Directors' Plan, the 1998 Directors' Plan and the 2001 Directors' Plan accelerate in connection with specified change of control transactions.

During the fiscal year ended September 29, 2002, Annual Options to purchase an aggregate of 120,000 shares of the Company's Common Stock were granted pursuant to the 2001 Directors' Plan to Non-Employee Directors serving on the Board on February 12, 2002 (the annual meeting date).

**REPORT OF THE COMPENSATION COMMITTEE OF THE
BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

Overview

The Compensation Committee of the Board of Directors (the "Committee") assists the Board in fulfilling its responsibilities for the compensation of the Company's officers and directors. The Committee is comprised of four outside independent directors. Its charter is to review and approve the Company's total compensation philosophy, evaluate and approve compensation for the Chief Executive Officer and other key executives, directors, and officers, and oversee the general employee benefits programs and policies as well as the Company's employee stock option and stock purchase plans. During fiscal 2002, the Committee held four formal meetings.

Compensation and Benefits Philosophy and Strategy

QUALCOMM believes that its compensation philosophy and programs have significantly contributed to creating and sustaining a competitive advantage in the labor market that translates to leadership in our addressed business markets. The Company finished fiscal 2002 with strong order input from customers and significantly higher shipments for 3G chipsets in the fourth quarter than in previous quarters. The Company philosophy is that compensation and benefits programs should attract, reward, and retain employees who contribute with innovative solutions, exceptional service for our customers, and efficient operations. The key components of this strategy are market-sensitive base salary, performance-based individual bonuses, broad-based equity participation, competitive benefits, and a distinctive workplace environment. The latter element is demonstrated by the recognition the Company has received from diverse sources, including the Best Places to Work Institute, the American Association of Retired Persons, and Business Ethics Magazine.

The Company is a widely recognized leader in providing benefits programs and services to employees. After completing the annual review of the benefits programs at its September 2002 meeting, the Committee approved several modifications intended to offset rising health care costs. Modifications included changes to employee co-payments for prescriptions and health care, and annual maximums on certain plan features. These changes to the Company's benefits programs are effective January 1, 2003.

The Committee uses compensation and benefits information provided by independent, third-party, published surveys in which QUALCOMM participates, and publicly disclosed compensation information of certain high-technology companies the Committee has identified as peer companies.

Annual Base Salary for Officers

To determine the officers' salaries for 2002, the Committee met in November 2001 to review the Company's fiscal 2001 financial performance and specific compensation data. In light of the uncertain economy and an emerging trend among high technology companies to freeze executive pay increases, the Committee and Management agreed to forego merit increases for all officers and other executives for 2002. During the year the Committee approved promotional pay increases for Mr. Thornley, promoted to President and Chief Operating Officer, and for Mr. Keitel, promoted to Chief Financial Officer. In view of the improved outlook for 2003 the salary freeze has been lifted.

Annual Incentive Bonus for Officers

QUALCOMM's Executive Bonus Plan (the "Bonus Plan") is an incentive program that rewards achievement at specified levels of financial and individual performance. The Bonus Plan assigns an incentive target, expressed as a percent of annual salary, for each officer position.

Two components comprised the fiscal 2002 Bonus Plan, which was unchanged from the prior year:

1. A formula that takes into account revenue and net income achievement against the annual plan approved by the Board of Directors; and,

Table of Contents

2. A discretionary amount based upon assessment of each officer's performance and contribution to the Company during the prior fiscal year.

Where appropriate, the Bonus Plan equally weighs division and overall Company financial performance. The Bonus Plan design places greater emphasis on the financial component than on the discretionary component.

The Committee met in November 2002 to review Management's recommendations for officer incentive bonus awards for fiscal 2002 performance. The incentive bonuses paid from the Bonus Plan for fiscal 2002 reflect the fact that the Company did not fully achieve the revenue and net income targets.

Long-Term Equity Compensation

QUALCOMM grants stock options to provide long-term incentives and align employee and stockholder interests. Individual grants are based on various factors, including performance and contribution, value of current unexercisable options, estimated value of proposed option grants, internal consistency, and market practices.

QUALCOMM grants stock options at an exercise price equal to the fair market value of the Company's common stock on the date of the grant. The five-year option-vesting period, somewhat longer than the three- and four-year vesting periods common to many high technology companies, encourages employees to work with a long-term view of the Company's achievement and to reinforce their long-term affiliation with QUALCOMM. The design of the stock option program helps to reduce employee turnover and to retain the knowledge and skills of our valued employees. The Company has not repriced options nor adjusted outstanding options to reflect the changed market conditions that we have experienced in the last few years.

At its November 2002 meeting the Committee also reviewed Management's recommendations for officers' stock option grant awards for fiscal 2002. Option grants to the officers reflect QUALCOMM's philosophy that annual merit-based stock option grants are a principal element in officers' total compensation, align officers' interests with the interests of QUALCOMM's stockholders, help to motivate and retain key employees, and are competitive in the labor market.

Compliance with Section 162(m) of the Internal Revenue Code

Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain named executive officers (as defined in the Code) in a taxable year. The Company may deduct compensation above \$1 million if it is performance-based compensation within the meaning of the Code. The Committee has determined that both the Bonus Plan and the stock options granted by the Committee under the Company's 1991 and 2001 Stock Option Plans qualify as performance-based compensation.

Chairman and Chief Executive Officer Compensation

Fiscal 2002 was a year of uncertainty and disappointing growth in the Telecommunications industry. Nevertheless, the Company's status within our industry continues to be exceptionally positive. During fiscal 2002, there was increasing global acceptance of CDMA technology, commercial deployment of 3G services in Asia, Europe, and North and South America, and commercial deployment of BREW-enabled handsets and applications. Dr. Irwin Mark Jacobs, a founder of the Company, led QUALCOMM during this critical year. In accordance with the freeze on officer and executive merit increases noted above, at the end of fiscal 2001 the Committee maintained Dr. Jacobs' calendar year 2001 base salary for calendar year 2002. In consideration of his leadership during fiscal 2002, after the end of fiscal 2002, the Committee awarded Dr. Jacobs an

\$800,000 bonus and a stock option grant to purchase 275,000 shares of the Company's common stock at an exercise price of \$34.94 per share.
