FS BANCORP, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations – FS Bancorp, Inc. (the “Company”) was incorporated in September 2011 as the proposed holding company for 1st Security Bank of Washington (the “Bank”) in connection with the Bank’s conversion from the mutual to stock form of ownership which was completed on July 9, 2012. The Bank is a community-based stock owned savings bank with seven branches in suburban communities in the greater Puget Sound area. The Bank provides loan and deposit services to customers who are predominantly small and middle-market businesses and individuals.

Financial Statement Presentation – The accompanying unaudited consolidated interim financial statements do not contain all necessary disclosures required by Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”) for complete financial statements and, therefore, should be read in conjunction with the audited consolidated financial statements and the notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2012 filed with the Securities and Exchange Commission (“SEC”) on April 1, 2013. These unaudited financial statements include all normal and recurring adjustments that management believes are necessary in order to conform to U.S. GAAP and have been reflected as required by Article 10 of Regulation S-X as promulgated by the SEC. The results for the three and six months ended June 30, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013 or any other future period. Amounts presented in the financial statements and footnote tables are rounded and presented in thousands of dollars. In the narrative footnote discussion amounts are rounded and presented in millions of dollars to one decimal point if the amounts are above \$1.0 million. Amounts below \$1.0 million are rounded and presented in dollars to the nearest thousands. Certain prior year amounts have been reclassified to conform to the 2013 presentation with no change to net income or equity previously reported. Earnings per share and share calculations prior to June 30, 2012 are not available as the Company completed its stock conversion and became a public company on July 9, 2012.

Conversion and Change in Corporate Form – On July 9, 2012, in accordance with a Plan of Conversion (the “Plan”) adopted by its Board of Directors and as approved by its depositors and borrower members, the Bank (i) converted from a mutual savings bank to a stock savings bank, and (ii) became the wholly-owned subsidiary of FS Bancorp, Inc., a bank holding company registered with the Board of Governors of the Federal Reserve System (“FRB”). In connection with the conversion, FS Bancorp, Inc. issued an aggregate of 3,240,125 shares of common stock at an offering price of \$10.00 per share for gross proceeds of \$32.4 million. From the proceeds, FS Bancorp, Inc. made a capital contribution of \$15.5 million to the Bank. The Bank intends to use this additional capital for future lending and investment activities and for general and other corporate purposes subject to regulatory limitations. The cost of conversion and the issuance of capital stock was approximately \$2.5 million, which was deducted from the proceeds of the offering.

Pursuant to the Plan, the Company’s Board of Directors adopted an ESOP plan which purchased 8% of the common stock in the open market or 259,210 shares. As provided for in the Plan, the Bank also established a liquidation account in the amount of retained earnings as of December 31, 2011. The liquidation account will be maintained for the benefits of eligible savings account holders as of June 30, 2007 and supplemental eligible account holders as of March 31, 2012 who maintain deposit accounts at the Bank after the conversion. The conversion was accounted for as a change in corporate form with the historic basis of the Company’s assets, liabilities, and equity unchanged as a result.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements. Actual results could differ

from these estimates. Material estimates that are particularly susceptible to change in the near term are allowances for loan losses, fair value of measurements, and the estimated realizability related to the deferred tax asset.

Principles of Consolidation – The consolidated financial statements include the accounts of FS Bancorp, Inc. and its wholly owned subsidiary, 1st Security Bank of Washington. All material intercompany accounts have been eliminated in consolidation.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 – BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Subsequent Events – The Company has evaluated events and transactions subsequent to June 30, 2013 for potential recognition or disclosure.

Cash and Cash Equivalents – Cash and cash equivalents include cash and due from banks, and interest-bearing balances due from other banks and the Federal Reserve Bank of San Francisco. Cash and cash equivalents have a maturity of 90 days or less at the time of purchase. As of June 30, 2013 and December 31, 2012, the Company had cash deposits at other financial institutions in excess of Federal Deposit Insurance Corporation ("FDIC") insured limits. However, as the Company places these deposits with major financial institutions and monitors the financial condition of these institutions, management believes the risk of loss to be minimal.

Deposits in Other Financial Institutions – The Company held interest-bearing certificates of deposits at other financial institutions with a cost basis of \$14.1 million and \$5.4 million as of June 30, 2013 and December 31, 2012, respectively. Certificates of deposits in the amount of \$2.6 million with original maturity dates greater than 90 days were excluded from cash and cash equivalents as of June 30, 2013 and December 31, 2012.

RECENT ACCOUNTING PRONOUNCEMENTS

For the quarter ended June 30, 2013, there were no new accounting standards during the period that, when implemented, would have a material impact on the Company's consolidated financial statements.

No other-than-temporary impairment write-downs were recorded for the six months ended June 30, 2013 or the year ended December 31, 2012.
