Item 5. Other Events

In 1999, the Arizona Corporation Commission (ACC) approved a settlement agreement (Settlement Agreement) between Tucson Electric Power Company (TEP) and certain customer groups related to the implementation of retail electric competition.

The Settlement Agreement provided for certain retail rate reductions from 1998 through 2000. In addition, TEP was required to file with the ACC by June 1, 2004 general rate case information, including an updated cost of service study. Under the terms of the Settlement Agreement, no rate case filed by TEP through 2008, including the filing on June 1, 2004, may result in a rate increase. Any rate decrease resulting from the 2004 filing would be effective no earlier than June 1, 2005.

On June 1, 2004, TEP filed general rate case information with the ACC. TEP's filing does not propose any change in retail rates. Absent the restriction on raising rates provided in the Settlement Agreement, the data presented by TEP would justify a request by TEP for an increase in retail rates. TEP's testimony is posted on UniSource Energy's website @www.unisourcenergy.com.

TEP has requested a procedural conference to determine the schedule for the filing.
