PART I

ITEM 1. DESCRIPTION OF BUSINESS

HISTORY AND ORGANIZATION

Dolphin Productions, Inc., (the Company) was organized under the laws of the state of Nevada on June 26, 1998. The Company has provided musical and other performance services for concerts and public events. During 2003, the Company determined to shift its emphasis away from the presentation of concerts and toward the acquisition and Internet marketing of musical properties. The Company has acquired rights to the domain name dolphinproductions.net and is in the process of laying the legal and financial groundwork for the transition to the new business emphasis. The Company has not generated any revenues from Internet marketing of musical properties.

ITEM 2. DESCRIPTION OF PROPERTIES

Dolphin Productions, Inc., conducts limited operations from a business office at 39 Exchange Place in Salt Lake City, Utah. The space is adequate for its daily operations. During the transition of its business to an Internet marketing enterprise, the Companys principle place of business will be through its executive offices.

ITEM 3. LEGAL PROCEEDINGS

None.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITIES HOLDERS

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10KSB

None.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

The Common Stock is not quoted or traded on any network or exchange. There is no active market for the Common Stock. The Company is aware of no sales or transfers of the Common Stock during the last two years.

RECENT SALES OF UNREGISTERED SECURITIES

There have been no sales of the Companys Common Stock in the last two years.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Liquidity and Capital resources

Total assets of the Company at September 30, 2003, were \$3,725, consisting of cash in the amount of \$2,995 and income taxes receivable of \$730. As of September 30, 2002, the Company had a cash balance of \$10,920, for a net reduction in cash balance of \$7,925 during the year. At September 30, 2003, the Company has available unused operating loss carryforwards of approximately \$3,000 which may be applied against future taxable income and which expire in 2023.

Liabilities at September 30, 2003, consisted of \$1,060 that was owed to the Companys independent CPA firm, Pritchett, Siler & Hardy. The amount was paid in October of 2003. During the fiscal year ended September 30, 2003, the Company incurred a liability to Richard H. Casper, the Companys Chairman and President, for legal and consulting fees. The fees were charged primarily for work done in connection with the filing of the registration of the Companys securities during 2003. No legal fees were incurred in the previous fiscal year ended September 30, 2002.

As of September 30, 2003, had a working capital deficit of (\$18,835), after giving effect to a decrease of \$7,925 in cash and cash equivalents during the fiscal year.

Results of Operations

Revenues for the fiscal year 2003 were \$2000, compared to revenues of \$7,520 during the previous fiscal year. The result reflects the winding down of the Companys concert business and the beginning of its new concentration on the Internet sale of original recorded music. No revenues have been generated from the Companys new business.

The Net Loss for the year 2003 was (\$24,427) (\$0.05 per share) compared to a Net Loss of (\$519) in 2002 (\$0.00 per share).

The Company faces a short-term liquidity problem in connection with its transition from a producer of concerts to a new emphasis on Internet marketing of music. It has yet to generate any revenues from Internet marketing. In order to continue operations, the Company will likely be required to raise additional capital during the next six months.

Cautionary Statement Regarding Forward-Looking Statements

Statements made in this document that express the Company's or management's Intentions, plans, beliefs, expectations or predictions of future events,

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10KSB

are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are made pursuant to and in reliance on the safe harbor provisions of such sections. The words "believe", "expect", "intend", "estimate", "anticipate", "will" and similar expressions are intended to further identify such forward-looking statements, although not all forward-looking statements contain these identifying words. Those statements are based on many assumptions and are subject to many known and unknown risks, uncertainties and other factors that could cause the Company's actual activities, results or performance to differ materially from those anticipated or projected in such forward-looking statements, including risk factors summarized below. The Company cannot guarantee future results, levels of activity, performance or achievements and investors should not place undue reliance on the Company's forward-looking statements. The forward-looking statements contained herein represent the judgment of the Company as of the date of this document, and the Company expressly disclaims any intent, obligation or undertaking to update or revise such forward-looking statements to reflect any change in the Company's expectations with regard thereto or any changes in events, conditions or circumstances on which any such statements are based.

Risk Factors

Factors that could cause the Company's actual activities and results of performance to differ materially from the Company's or management's intentions, plans, beliefs, expectations or predictions of future events include risks and uncertainties relating to the following:

The Company has lost money historically and is about to embark upon an enterprise in which it has no experience or operating history. The Company had net losses for the years ended September 30, 2003 and 2002. The Company's future operations may not be profitable. If the Company is not profitable in the future, the value of the Company's common stock may fall and the Company could have difficulty obtaining funds to continue its operations. The Company's balance sheet is weak. The Company lacks the capital to compete aggressively. The Company's ability to grow and to compete is constrained by its lack of capital.

The Company may not generate sufficient cash flow from operations to meet its current and future obligations. The Company may not be able to generate sufficient free cash flow from its operations to meet all of its current and future payments obligations. Any debt incurred to finance the transition of the Company's business will increase the Company's future payment obligations.

The Company needs to raise additional capital, which capital may not be available on acceptable terms or at all. The Company needs to raise additional funds, both for operating capital and for the development of its acquisition and marketing of music through the Internet. The Company may not be able to obtain the needed additional financing on favorable terms or at all. If the Company cannot raise capital on acceptable terms, the Company may not be able to: meet all of its current and future payment obligations; develop its Internet marketing business; pursue acquisition opportunities; enhance its infrastructure; hire, train and retain employees; or respond to competitive pressures or unanticipated requirements. The Company's failure to do any of these things could seriously harm the Company and the Company's stock.

The Company may seek to acquire with stock companies or assets that complement and/or enhance the Company's transition into the Internet marketing business. The Company may not be able to negotiate, finance or

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10KSB

close such acquisitions. The Company may not be able to negotiate such acquisitions on acceptable terms or at all. If such acquisitions are successfully negotiated, the terms thereof may require the Company to incur additional indebtedness or issue equity. The Company may not be able to obtain such financing on acceptable terms or at all. The terms and conditions of acquiring businesses or assets could adversely affect the value of the Company's stock. In order to consummate acquisitions, the Company may be required to take action that could adversely affect the value of the Company's stock, such as issuing common stock, convertible preferred stock, convertible subordinated debt, or other equity-linked securities, potentially resulting in the dilution of existing shareholder interests or in other adverse effects upon existing shareholders; undertaking a reverse stock split; changing the name, Board of Directors, or officers of the Company; entering into new lines of business; forming business combinations or strategic alliances with potential business partners; or taking other actions. Any one or more of these actions may adversely affect the Company and the Company's common stock.

The Company may experience difficulty in handling growth. The Company expects to grow both by hiring new employees and by servicing new business and markets. Growth will place a significant strain on the Company's management and on the Company's operating and financial systems. The Company's personnel, systems, procedures and controls may be inadequate to support the Company's future operations. In order to accommodate the increased size of the Company's operations, the Company will need to hire, train and retain appropriate personnel to manage the Company's operations. The Company will also need to improve its financial and management personnel, controls, reporting systems and operating systems.

The Company's growth will depend on its ability to attract and retain key personnel who are capable of managing growth in the e-commerce.

Weak general economic and business conditions may adversely affect the Company's revenues and operating margins. Weak general economic and business conditions, international tensions and wars, globally, nationally, regionally or locally, may have a significant adverse effect on the Company's revenues and operating margins.

The Company faces competition from competitors that are larger, more established and better capitalized. Competition in the Internet marketing and music industries is intense. If the Company fails to compete successfully against current or future competitors, the Company's business, financial condition and operating results would be seriously harmed.

Because relatively low barriers to entry characterize the Company's current and many prospective markets, the Company expects other companies to enter its markets. In addition, some of the Company's competitors may develop technologies, markets and inventories that are superior to, or have greater market acceptance than, the technologies and inventory that the Company may offer.

The Company currently holds a very small number of enforceable intellectual property rights with only a few relatively unknown artists. The Company's revenues may be uncertain and difficult to predict.

The Company's success depends upon the continued use of the Internet as a means for marketing original music and the ability of the Company to compete against larger and better capitalized companies that have an existing presence in the marketplace.

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10KSB

Increasing government regulations or taxation could adversely affect the Company's business. The Company is affected not only by regulations applicable to businesses generally, but also by laws, regulations and taxes directly applicable to e-commerce. Although there are currently few such laws, regulations and taxes, state, federal and foreign governments may adopt laws, regulations and taxes. Any such legislation, regulation or tax could dampen the growth of the Internet and decrease its acceptance as a commercial medium. If such a decline occurs, companies may decide in the future not to use the Company's services. This decrease in the demand for the Company's services would seriously harm the Company's business and operating results. Any new laws, regulation and taxes may govern, restrict, tax or affect any of the following issues: user privacy, the pricing and taxation of goods and services offered over the Internet; the content of web sites; consumer protection; and the characteristics and quality of products and services offered over the Internet.

Inability to protect the Company's intellectual property. The Company intends to acquire intellectual property rights to music and other creations. The Company cannot guarantee that it can safeguard or deter misappropriation of the Company's inventory of intellectual property rights. In addition, the Company may not be able to detect unauthorized use of the Company's intellectual property and take appropriate steps to enforce the Company's rights. If third parties infringe or misappropriate the Company's copyrights, or other proprietary information or intellectual property, the Company's business could be seriously harmed. In addition, although the Company believes that their proprietary rights do not infringe the intellectual property rights of others, other parties may assert infringement claims against the Company or claim that the Company has violated their intellectual property rights. Such claims, even if not true, could result in significant legal and other costs and may be a distraction to the Company's management.

The Company's stock is illiquid. The Company's stock is not currently traded by any market-makers or on any exchange. Consequently, shareholders may find it difficult to sell their common stock in the Company, and the owners of potential acquisition target companies may find the Company's common stock to be unacceptable consideration in any proposed transaction.

A significant portion of the Company's stock is owned by insiders. The current directors and officers of the Company beneficially own a significant percentage of the Company's outstanding shares of common stock. Accordingly, these stockholders will have substantial influence over the Company's policies and management.

The Company has not paid dividends and does not expect to do so in the foreseeable future. The Company has not paid dividends since its inception and does not expect to in the foreseeable future, so the Company's stockholders will not be able to receive any return on their investment without selling their shares. The Company presently anticipates that all earnings, if any, will be retained for development of the Company's business. Any future dividends will be subject to the discretion of the Board of Directors and will depend on, among other things, the Company's future earnings, operating and financial condition, capital requirements, and general business conditions.

INDEPENDENT AUDITORS' REPORT

Board of Directors
DOLPHIN PRODUCTIONS, INC.
Salt Lake City, Utah

We have audited the Balance Sheet of Dolphin Productions, Inc. [a development stage company] as of September 30, 2003, and the related statements of operations, stockholders' equity (deficit) and cash flows for the years ended September 30, 2003 and 2002 and from inception on June 26, 1998 through September 30, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Edgar Filing: DOLPHIN PRODUCTIONS INC - Form 10KSB

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dolphin Productions, Inc. [a development stage company] as of September 30, 2003, and the results of its operations and its cash flows for the years ended September 30, 2003 and 2002 and for the period from inception on June 26, 1998 through September 30, 2003, in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed Note 5 to the financial statements, the Company has not yet been successful in establishing profitable operation and has current liabilities in excess of current assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. Management's plans in regard to these matters are also described in Note 5. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization - Dolphin Productions, Inc. ("the Company") was organized under the laws of the State of Nevada on June 26, 1998. The Company provides musical and other performance services for concerts and other events. The Company has not yet generated significant revenues from its planned principal operations and is considered a development stage company as defined in Statement of Financial Accounting Standards No. 7. The Company, at the present time, has not paid any dividends and any dividends that may be paid in the future will depend upon the financial requirements of the Company and other relevant factors.

Fiscal Year - The Company's fiscal year-end is September 30th.

Cash and Cash Equivalents - The Company considers all highly liquid debt investments purchased with a maturity of three months or less to be cash equivalents.

Accounts and Loans Receivable - The Company records accounts and loans receivable at the lower of cost or fair value. The Company determines the lower of cost or fair value of non-mortgage loans on an individual asset basis. The Company recognizes interest income on an account receivable based on the stated interest rate for past-due accounts over the period that the account is past due. The Company recognizes interest income on a loan receivable based on the stated interest rate over the term of the loan. The Company accumulates and defers fees and costs associated with establishing a receivable to be amortized over the estimated life of the related receivable. The Company estimates allowances for doubtful accounts and loan losses based on the aged receivable balances and historical losses. The Company records interest income on delinquent accounts and loans receivable only when payment is received. The Company first applies payments received on delinquent accounts and loans receivable to eliminate the outstanding principal. The Company charges off uncollectible accounts and loans receivable when management estimates no possibility of collecting the related receivable. The Company considers accounts and loans receivable to be past due or delinquent based on contractual terms.

Revenue Recognition - The Company recognizes revenue from providing musical and other performances for concerts and other events for a negotiated fee in the period when the services are provided. The Company records only its fee from a concert performance and reflects the Company's expenses related to the performance as general and administrative expense. The Company recognizes revenue from the sale of compact discs when the product is delivered.

Advertising Costs - Advertising costs, except for costs associated with direct-response advertising, are charged to operations when incurred. The costs of direct-response advertising are capitalized and amortized over the period during which future benefits are expected to be received. During the years ended September 30, 2003 and 2002, advertising costs amounted to \$0 and \$0, respectively.

Income Taxes - The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" [See Note 4].

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [Continued]

Loss Per Share - The computation of loss per share is based on the weighted average number of shares outstanding during the period presented in accordance with Statement of Financial Accounting Standards No. 128, "Earnings Per Share" [See Note 6].

Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimated by management.

Recently Enacted Accounting Standards - Statement of Financial Accounting Standards ("SFAS") No. 146, "Accounting for Costs Associated with Exit or Disposal Activities", SFAS No. 147, "Acquisitions of Certain Financial Institutions - an Amendment of FASB Statements No. 72 and 144 and FASB Interpretation No. 9", SFAS No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure - an Amendment of FASB Statement No. 123", SFAS No. 149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities", and SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity", were recently issued. SFAS No. 146, 147, 148, 149 and 150 have no current applicability to the Company or their effect on the financial statements would not have been significant.

Restatement - On January 15, 1999, the Company effected a 5-for-2 forward stock split. The financial statements have been restated, for all periods presented, to reflect the stock split [See Note 2].

Reclassification - The financial statements for years prior to September 30, 2003 have been reclassified to conform to the headings and classifications used in the September 30, 2003 financial statements.

NOTE 2 - CAPITAL STOCK

Common Stock - During June 1998, the Company issued 500,000 shares of its previously authorized but unissued common stock for cash of \$2,000 (or \$.004 per share).

During January 1999, the Company issued 20,000 shares of its previously authorized but unissued common stock for cash of \$4,000 (or \$.20 per share).

Stock Split - On January 15, 1999, the Company effected a five for two common stock split. The financial statements, for all periods presented, have been restated to reflect the stock split.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - RELATED PARTY TRANSACTIONS

Management Compensation and Accrued Expenses - Salary expense to the Company's President for the years ended September 30, 2003 and 2002 amounted to \$1,500 and \$1,500, respectively. At September 30, 2003, the Company owes a total of \$6,500 in accrued salary to the Company's President.

Legal Services and Accrued Expenses - During the years ended September 30, 2003 and 2002, respectively, the Company's President provided legal services of \$15,000 and \$0 to the Company. At September 30, 2003, the Company owes a total of \$15,000 in accrued legal fees to the Company's President.

NOTE 4 - INCOME TAXES

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes". SFAS No. 109 requires the Company to provide a net deferred tax asset/liability equal to the expected future tax benefit/expense of temporary reporting differences between book and tax accounting methods and any available operating loss or tax credit carryforwards. At September 30, 2003, the Company has available unused operating loss carryforwards of approximately \$3,000, which may be applied against future taxable income and which expire in 2023.

The amount of and ultimate realization of the benefits from the deferred tax assets for income tax purposes is dependent, in part, upon the tax laws in effect, the future earnings of the Company, and other future events, the effects of which cannot be determined. Because of the uncertainty surrounding the realization of the deferred tax assets, the Company has established a valuation allowance equal to their tax effect and, therefore, no deferred tax asset has been recognized for the deferred tax assets. The net deferred tax assets, which consist mainly of accrued compensation and net operating loss carryforward, are approximately \$3,700 and \$750 as of September 30, 2003 and 2002, respectively, with an offsetting valuation allowance of the same amount, resulting in a change in the valuation allowance of approximately \$3,700 during the year ended September 30, 2003.

NOTE 5 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles in the United States of America which contemplate continuation of the Company as a going concern. However, the Company has not yet been successful in establishing profitable operations and has current liabilities in excess of current assets. These factors raise substantial doubt about the ability of the Company to continue as a going concern. In this regard, management is proposing to raise any necessary additional funds through loans or through additional sales of its common stock or through the possible acquisition of other companies. There is no assurance that the Company will be successful in raising this additional capital or in achieving profitable operations.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - LOSS PER SHARE

The following data show the amounts used in computing loss per share:

	For the Year Ended September 30,		From Inception on June 26, 1998 Through September 30, 2003
	2003	2002	
Net loss available to common shareholders (numerator)	\$ (24,427)	\$ (519)	\$ (24,835)
Weighted average number of common shares outstanding used in loss per share for the period (denominator)	520,000	520,000	517,888

Dilutive loss per share was not presented, as the Company had no common stock equivalent shares for all periods presented that would affect the computation of diluted loss per share.

NOTE 7 - CONCENTRATION

Geographic Region - During the nine months ended September 30, 2003, all of the Company's sales and operations were located in and around Salt Lake City, Utah.

Limited Source of Revenues - During the year ended September 30, 2003, all of the Company's revenues were generated by services rendered at only one concert.
