PROXY STATEMENT

We are furnishing this Proxy Statement to our stockholders in connection with the solicitation of proxies by and on behalf of the Board of Directors (the "Board of Directors" or the "Board") of SCP Pool Corporation (the "Company") for use at the 2006 annual meeting of our stockholders to be held on May 9, 2006, at 9:00 a.m., Central Time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders (the "Meeting"). The Meeting will be held at the Hotel Crescent Court, 400 Crescent Court, Dallas, TX 75201. This Proxy Statement is first being mailed to stockholders on or about April 3, 2006.

Voting Procedures

Only holders of record of the Company's common stock, \$0.001 par value per share ("Common Stock"), at the close of business on March 13, 2006, are entitled to notice of and to vote at the Meeting. On March 13, 2006, we had outstanding 52,788,055 shares of Common Stock, each of which is entitled to one vote.

The holders of a majority of the shares of Common Stock issued and outstanding, present in person or represented by proxy, will constitute a quorum at the Meeting. If a quorum is present, (1) directors will be elected by a plurality vote; and (2) the approval of the Strategic Plan Incentive Plan (the "Plan") and the ratification of the retention of the independent auditors will require the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the Meeting.

Management does not know of any items, other than those referred to in the accompanying Notice of Annual Meeting of Stockholders, that may properly come before the Meeting or other matters incident to the conduct of the Meeting. If, however, any other matters properly come

Edgar Filing: SCP POOL CORP - Form DEF 14A

before the Meeting, the persons named as proxies in the enclosed form of proxy intend to vote in accordance with their judgment on the matters presented.

Abstentions will be treated as present both for purposes of determining a quorum and with respect to the approval of the Plan and the ratification of the independent directors. Accordingly, abstentions will have no effect on the election of directors, but will have the effect of a vote against the approval of the Plan and the ratification of the independent auditors.

A broker non-vote occurs when a nominee (such as a broker or bank) holding shares in street name as the registered holder for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to the matter and has not received voting instructions from the beneficial owner. Broker non-votes will be treated as not present and not cast for purposes of determining a quorum and with respect to all matters brought before the Meeting. Accordingly, broker non-votes will have no effect on the election of directors, the approval of the Plan, or the ratification of the independent auditors.

If you come to the Meeting, you can, of course, vote in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the Meeting, you must obtain from the record holder a proxy issued in your name. If you do not come to the Meeting, your shares can be voted only if you have returned a properly executed proxy. If you hold your shares through a record holder, such as a bank, broker or other nominee, you must provide voting instructions to the record holder; obtain a proxy issued in your name from such record holder; or if your record holder makes telephone or internet voting available, follow the internet or telephone voting instructions the record holder will enclose with this proxy statement.

If you execute and return your proxy but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors. You can revoke your authorization at any time before the shares are voted at the Meeting by filing with the Secretary of the Company a written revocation or duly executed proxy bearing a later date. Your proxy will also be deemed revoked with respect to any matter on which you vote in person at the Meeting. Attendance at the Meeting will not in and of itself constitute a revocation of a proxy. Unless otherwise marked, properly executed proxies in the form of the accompanying proxy card will be voted in favor of the election of each of the nominees, approval of the Plan and the ratification of the independent auditors.

1

Solicitation

The Company will bear the entire cost of soliciting proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Banks, brokerage houses and other nominees or fiduciaries will be requested to forward the soliciting materials to their principals and to obtain authorization for the execution of proxies. The Company will, upon request, reimburse them for their expenses in so acting. Certain employees of the Company, who will receive no additional compensation for their services, may also solicit proxies by telephone, facsimile or electronic mail.

ELECTION OF DIRECTORS (Proposal 1)

General

The Company's By-laws, as amended, provide that the size of the Board shall be fixed from time to time by resolution of the Board and that vacancies on the Board may be filled by a majority of the directors then in office.

At the Meeting, eight directors are to be elected to one-year terms, each to hold office until his successor is elected and has qualified. Unless authority to vote for the election of directors is withheld by appropriate designation on the proxy, the proxies solicited hereby will be voted FOR the election of each nominee. If any nominee should decline or be unable to serve for any reason, votes will instead be cast for a substitute nominee designated by the Board. The Board has no reason to believe that any nominee will decline to be a candidate or, if elected, will be unable or unwilling to serve. Under the Company's By-laws, as amended, directors are elected by plurality vote.

- As of December 31, 2005, based on the \$37.22 market value per share of the Common Stock of such date (a) Mr. Cook held 7,500 shares of restricted stock, the aggregate value of which was \$279,150; (b) Mr. Joslin held 7,500 shares of restricted stock, the aggregate value of which was \$279,150; (c) Mr. Murphy held 7,500 shares of restricted stock, the aggregate value of which was \$279,150; and (d) Mr. Wilson held 3,000 shares of restricted stock, the aggregate value of which was \$111,660. Dividends are paid on the restricted stock at the same rate and at the same time as paid to all stockholders.
- On May 6, 2004, the Compensation Committee authorized the reimbursement of certain federal taxes of Mr. Perez de la Mesa resulting from Mr. Perez de la Mesa's exercise of certain stock options granted to him in 1999 and 2000. This tax liability was created by the Company's revision to Mr. Perez de la Mesa's original employment agreement prior to Mr. Perez de la Mesa's commencement of employment with the Company wherein the Company decided to substitute stock options with a \$0.01 exercise price for an equal number of restricted shares. While the substantive value of this change is insignificant, the tax consequences resulting from the change were determined to be adverse to Mr. Perez de la Mesa and beneficial to the Company. Since such change in tax consequences was not intended, the Compensation Committee authorized the reimbursement of the net additional tax consequences plus associated interest to Mr. Perez de la Mesa. The amount paid in 2004, which includes a gross-up for the taxes due, was \$1,140,219. The Company estimates that it will receive tax deductions resulting in a cash benefit of approximately \$510,000 from its more beneficial treatment.
- Consists of the following contributions: an additional \$5,489 of medical, dental and long-term disability insurance premiums, \$7,000 under the Company's 401(k) plan, and \$9,804 under the Company's nonqualified deferred compensation plan.
- Consists of the following contributions: an additional \$3,695 of medical, dental and long-term disability insurance premiums, \$6,608 under the Company's 401(k) plan, and \$2,723 under the Company's nonqualified deferred compensation plan.

Perez de la Mesa, pursuant to which, the Company pays Mr. Perez de la Mesa an annual base salary currently set at \$367,500, to be reviewed annually by the Board, and an annual bonus in an amount determined by the Compensation Committee based on achievement of certain specified goals and objectives. Pursuant to the employment agreement, Mr. Perez de la Mesa also receives an allowance for the lease of an automobile of his choice. This vehicle allowance is presently set at \$1,200 per month. The annual base salaries for the other Named Executive Officers are currently set at \$210,000, \$210,000, \$210,000, and \$180,000 for Messrs. Cook, Joslin, Murphy and Wilson, respectively.

Neither the Compensation Committee nor Audit Committee Report set forth below shall be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and neither shall be deemed filed under such acts.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS OF SCP POOL CORPORATION

The Compensation Committee of the Board of Directors, which is comprised solely of independent directors, administers all Company stock plans and reviews and makes recommendations to the Board regarding compensation and benefits of executive officers and certain other key employees of the Company. After consideration of the Compensation Committee's recommendations, the entire Board reviews and approves the salaries, bonuses and benefit programs for the Company's executive officers and certain other key employees. The Compensation Committee has the authority to engage the services of outside advisers, experts and others to assist it.

Compensation Philosophy

The compensation philosophy of the Company is to link executive compensation to continuous improvements in corporate performance and increases in stockholder value. This philosophy applies to all employees, with a more significant level of variability and compensation at risk as an employee's level of responsibility increases. The goals of the Company's executive compensation program are as follows:

- to establish pay levels that are necessary to retain and attract highly qualified executives in light of the overall competitiveness of the market for high quality executive talent;
- to recognize superior individual performance, new responsibilities and new positions within the Company;
- to balance short-term and long-term compensation to complement the Company's annual and long-term business objectives and strategy and encourage executive performance in furtherance of the fulfillment of those objectives;
- to provide variable compensation opportunities based on the Company's performance;
- to encourage stock ownership by executives; and
- to align executive remuneration with the interests of the stockholders.

Compensation Program Components

The Compensation Committee regularly reviews the Company's executive compensation program to ensure that pay levels and incentive opportunities are competitive with similar positions in the market and reflect the performance of the Company. Each element of the compensation program for executive officers is further explained below.

Base Salary. The base salary levels for all executive officers are set based upon the officer's level of responsibility, experience, past performance and the competitive market for executive talent.

Annual Incentive Bonus. The annual cash bonuses paid to the executive officers are paid according to formulas that are based almost entirely on objective performance criteria with a small component being discretionary. The objective performance measures used to calculate the bonus of Mr. Perez de la Mesa for 2005 were earnings per share, return on total assets, cash flow from operations and organizational development. The objective portion of the bonuses of the other executive officers was based upon earnings per share and various other performance measures pertinent to the officer's area of responsibility. The Company utilizes annual bonuses to focus corporate

behavior on the achievement of goals for growth, financial performance and other specific annual objectives.

Stock Options. The Compensation Committee believes that the Company can closely align executive interests with the longer term interests of stockholders by encouraging equity participation in the Company. The Compensation Committee believes stock option awards promote the Company's long-term performance goals and further executive retention. All management level employees are eligible to receive stock options. The individual option grant levels for all of the executive officers for 2005 were based upon the Company's performance and relative shareholder return, the value of similar incentive awards to executive officers at comparable companies, the awards given to each executive officer in past years, and each respective officer's level of responsibility. The stock options awarded to executive officers accounted for approximately 27% of the total number of stock options awarded in 2005.

Strategic Plan Incentive Program. In 2006, the Compensation Committee approved the implementation of the Strategic Plan Incentive for the Company's senior officers and general managers. The purpose of the Strategic Plan Incentive is to promote the interests of the Company and its stockholders by providing senior management

10

with an additional incentive upon achievement of specified business and earnings objectives related to the Company's strategic plans for internal growth.

Under the terms of the Strategic Plan Incentive, each senior officer and general manager is eligible to earn an incentive in an amount equal to up to 200% of their base salary based on the Company's organic growth of earnings per share over a three year period. This incentive will be fully effective in the 2008 period with the Company's 2005 earnings objective as the baseline. For the initial two years of the Strategic Plan Incentive (2006 and 2007), the Company's 2005 earnings objective shall serve as the baseline with the participants eligible to earn up to one-third of the total plan incentive in 2006, and two-thirds of the total plan incentive in 2007. The stockholders are being asked to approve this Plan at the Meeting.

Employee Stock Purchase Plan. Our employees can also acquire Company stock through a tax-qualified employee stock purchase plan, which is generally available to all employees. This plan allows participants to buy up to \$25,000 of Company stock per year at a 15% discount to the market price (subject to certain limitations), with the objective of allowing employees to profit when the value of the Company's stock increases over time.

Retirement and Savings Plans. The Company's 401(k) Plan provides a discretionary Company matching contribution, subject to certain limitations, of 50% of a participant's deferrals of up to 8% of the lesser of (i) such participant's salary and bonus or (ii) the Internal Revenue Code Section 401(a)(17) dollar limit for the applicable year. The Company also previously provided a profit-sharing plan whereby, at the discretion of the Board of Directors, a profit-sharing contribution could be made annually to all eligible employees. In February, 2005, the Company's Board of Directors eliminated the profit-sharing plan and increased the discretionary Company matching contribution under the 401(k) Plan to the level described above. The POOLCORP Deferred Compensation Plan, which allows certain employees who occupy certain key management positions to defer salary and bonus, provides a matching contribution similar to that provided under the 401(k) Plan to the extent that a participant's contributions to the 401(k) Plan are limited by IRS non-discrimination limitations. The total Company matching contribution provided to a participant under the 401(k) Plan and the POOLCORP Deferred Compensation Plan combined for any one year shall not exceed 4% of a participant's salary and bonus.

Setting Executive Compensation

In setting the annual compensation for each executive officer, the Compensation Committee reviews executive compensation information of comparable companies derived from publicly available information. The Compensation Committee further reviews the executive officer compensation levels for internal pay equity within the Company. The Compensation Committee also reviews with tally sheets the total remuneration that each executive officer could potentially receive if certain events occur, including a change in control, retirement, termination (for cause and without), and continuation of employment. Total remuneration includes total cash compensation, the future value of stock options and restricted stock and the dollar value to the executive and cost to the Company of all perquisites and other personal benefits. From time to time, the Compensation Committee engages an outside compensation consultant to provide an independent analysis of the Company's executive compensation program.

Edgar Filing: SCP POOL CORP - Form DEF 14A

Stock options granted to executive officers shall, subject to certain limitations, (1) immediately vest and become fully exercisable upon a change of control, death or disability; (2) remain exercisable and continue to vest in accordance with their original schedule upon retirement (which is defined as attainment of the age of 55 years or more and continuous service to the Company for a period of at least ten years); (3) be immediately forfeited, whether or not then exercisable, upon termination for cause; and (4) remain exercisable and, subject to Company discretion, continue to vest in accordance with their original schedule upon termination without cause. Restricted stock granted to executive officers shall, subject to certain limitations, (1) fully vest upon a change of control, death, or disability; (2) continue to vest in accordance with the original vesting schedule upon retirement; and (3) be immediately forfeited upon termination for any other reason, whether voluntary or involuntary. Upon termination other than for cause, Mr. Perez de la Mesa is entitled to receive his base salary for a period of six months thereafter and the other executive officers are entitled to receive their respective base salary for a period of up to three months. Executive officers are not entitled to any additional compensation, perquisites or other personal benefits upon a change in control, retirement or termination.

Based on this review, the Compensation Committee finds total compensation for all executive officers (and, in the case of the severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and consistent with the market, and not excessive.

Certain Tax Considerations

Section 162(m) of the Internal Revenue Code (Section 162(m)) generally disallows a tax deduction to public companies for compensation in excess of \$1.0 million paid to a company s chief executive officer or any of the four other

most highly compensated officers. Performance-based compensation that meets certain requirements under Section 162(m) is not subject to the deduction limitation. The Company s policy with respect to Section 162(m) is to make reasonable efforts to ensure that compensation is deductible without limiting the Company s ability to attract and retain qualified executives. The Compensation Committee has not adopted a policy that all compensation must be deductible.

Management believes that the only executive compensation that presently meets the performance-based compensation requirements under Section 162(m) is stock options awarded under the Company s 2002 Long-Term Incentive Plan (2002 LTIP). While the stock options granted under the 2002 LTIP were designed to qualify as deductible compensation, the Compensation Committee believes that it is not in the stockholders interest to restrict the Compensation Committee s discretion and flexibility in developing appropriate compensation programs and, in some instances, the Compensation Committee may approve compensation that is not fully deductible.

Summary

After its review of all existing programs, the Compensation Committee believes that the total compensation program for executives of the Company is focused on increasing value for stockholders and enhancing corporate performance. The Compensation Committee currently believes that a significant portion of compensation of executive officers is properly tied to stock appreciation in the Company s stock through stock options and restricted stock grants. The Compensation Committee believes that executive compensation levels at the Company are extremely competitive with the compensation programs provided by other corporations with which the Company competes for executive talent.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS OF SCP POOL CORPORATION**

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the Company's internal controls over financial reporting.

In this context, the Audit Committee has met and held discussions with management and the Company's internal and independent auditors. Management represented to the Audit Committee that the Company's audited financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

In addition, the Audit Committee has discussed with the independent auditors the auditor's independence from the Company and management, including the matters in the written disclosures provided by the independent auditors to the Audit Committee as required by the Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*.

The Audit Committee has discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee has met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee has determined that the rendering of all non-audit services performed by the Company's independent auditors during the years ended December 31, 2005 and 2004 did not impair the auditor's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC. The Committee has also approved, subject to

stockholder ratification, the selection of the Company's independent auditors for the fiscal year ending December 31, 2006.

PERFORMANCE GRAPH

The graph below compares the total stockholder return on the Company's Common Stock for the last five fiscal years with the total return on the Nasdaq US Index and the S&P MidCap 400 Index for the same period, in each case assuming the investment of \$100 on December 31, 2000 and the reinvestment of all dividends. In previous years, the Company has used the S&P SmallCap 600 Index for comparison. Given the Company's growth in market capitalization, the Company changed to the S&P MidCap 400 Index, as the Company believes the S&P MidCap

400 Index includes companies with more comparable capitalization. The graph contains comparison data for the S&P SmallCap 600 Index as required when a company changes indices. Additionally, the Company has chosen the S&P MidCap 400 Index for comparison, as opposed to an industry index because the Company does not believe that it can reasonably identify a peer group or a published industry or line-of-business index that contains companies in a similar line of business.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In October 1999, the Company entered into a lease agreement with S&C Development, L.L.C., for a service center in Mandeville, Louisiana. The sole member of S&C Development, L.L.C., is A. David Cook, a Company executive officer. The seven year lease term commenced on January 1, 2000, and provides for rental payments of \$6,510 per month. In January 2002, the Company entered into a lease agreement with S&C Development, L.L.C., for additional warehouse space adjacent to the Mandeville service center. The five year lease term commenced on February 4, 2002, and provides for rental payments of \$4,123 per month. In January 2001, the Company entered into a lease agreement with S&C Development, L.L.C., for a service center in Oklahoma City, Oklahoma. The ten year lease term commenced on November 10, 2001, and provides for rental payments of \$12,745 per month for the 25,000 square foot facility.

The Company believes the leases discussed above reflect fair market rates and terms that are as favorable to the Company as could be obtained with unrelated third parties. In February 2002, the Board determined that the Company will no longer enter into additional leases or material transactions with related parties.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons owning more than 10% of a registered class of the Company's equity securities to file with the SEC reports of ownership and changes in ownership of the Company's Common Stock. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these reports furnished, management believes that the directors, executive officers and greater than 10% stockholders timely complied with these requirements with the exception of one Form 3 and one Form 4 reporting an option grant to Ms. Jennifer M. Neil and one Form 5 reporting Mr. Stephen C. Nelson's acquisition of an indirect beneficial ownership of Company stock through a trust.

**PROPOSAL TO APPROVE THE STRATEGIC PLAN
INCENTIVE PLAN OF SCP POOL CORPORATION
(Proposal 2)**

General

In February 2006, the Compensation Committee of the Board of Directors approved the implementation of the Strategic Plan Incentive for the Company's senior officers and general managers. The purpose of the Strategic Plan Incentive is to promote the interests of the Company and its stockholders by providing senior management with a cash incentive upon achievement of specified business objectives related to the Company's strategic plans for internal growth. The Strategic Plan Incentive Plan (the Plan) is a cash-based, pay-for-performance incentive program that effectively links the Company's long-term financial performance with the total cash compensation paid to senior management. The Plan serves to complement the Company's annual incentive program and the longer-term value creation incentive provided by stock options.

To ensure that the compensation paid through the Plan is fully tax-deductible and qualifies under Section 162(m) of the Internal Revenue Code of 1986, as amended (Section 162(m)) as performance-based compensation, the material terms of the Plan, including the employees eligible to receive compensation under the plan, a description of the business criteria on which the performance goal is based and the maximum amount of compensation that could be paid to any employee under the Plan, must be approved by the stockholders.

If the stockholders do not approve the Plan at the Meeting, the Company will terminate the Plan and will not pay any awards under the Plan. However, the Compensation Committee expects to make incentive payments to the senior officers and general managers even if the Plan is not approved. The difference is that the Company will lose a portion of the tax deductibility that would have otherwise been available to it. The Compensation Committee has not adopted a policy that all compensation paid must be tax-deductible and qualified under Section 162(m) of the Code. If the Company cannot deduct incentive payments from its taxes, it will increase the overall cost of these incentive payouts to the Company.

The full text of the Plan appears in Appendix E. The principal features are summarized below and should be reviewed along with the information in the text of the Plan. The affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the Meeting and entitled to vote is required to approve the Plan.

Terms of the Plan

Participation. All officers with the title of Vice President or above, who are referred to as senior officers, and all general managers participate in the Plan. Currently, the Company has 7 senior officers and 7 general managers.

Incentive Awards. The Plan is based on the Company realizing internal earnings per share growth at a compounded annual rate over a three-year period of over 20%. The maximum opportunity of 200% of base salary for senior officers is realized at a 30% compounded annual growth rate in earnings per share over a three-year period. The incentive opportunity for general managers is also 200% of base salary based on annual earnings per share growth of over 20% to 30% during a performance period, but each general manager's award shall be reduced by 50% if the compounded annual growth rate of his respective division operating profit during the performance period does not exceed 20%. The payout amount will be pro-rated such that for every incremental increase in the compounded annual growth rate of earnings per share over 20% to 30%, the participants will receive a pro rata portion of the maximum award. The earnings per share and divisional operating income for the year prior to the beginning of a performance period serve as the baseline for measuring growth.

For the initial phase-in of the Plan, participants will be eligible to earn up to one-third of the maximum award for 2006 growth and up to two-thirds of the maximum award for 2006 through 2007. Thereafter, all awards will be based on a three-year performance period. The maximum incentive award that a participant may be paid under the Plan per year is \$1,000,000.

No participant will be entitled to be paid an incentive award under the Plan unless the participant is employed by the Company on the last day of the performance period. The Committee may choose to make exceptions in the case of retirement, death or disability. Payments of awards will be made by the February 28 following the end of the performance period.

Edgar Filing: SCP POOL CORP - Form DEF 14A

Under the Plan, the Compensation Committee has discretion to reduce, but not to increase, an individual's incentive payout. The Plan specifies the events or changes that will result in adjustments to the calculation of the Company's net income and a division's operating income. The Committee may also specify, within the first 90 days of a performance period, other events or changes that will result in adjustments for that period.

Income Tax Consequences

As described above, the Company intends incentives granted under the Plan to qualify as performance-based compensation under Section 162(m). By doing so, the Company preserves its federal income tax deductions with respect to annual compensation required to be taken into account under Section 162(m) that is in excess of \$1 million and paid to one of the Company's five most highly compensated executive officers.

Administration

The Compensation Committee, which is made up solely of outside directors, as defined in regulations under Section 162(m), will have full power to administer the Plan. Its powers include the power to adopt rules and regulations relating to the Plan, to interpret the Plan and to make all determinations, including the setting of performance targets and the certifying of performance results, necessary for compliance with Section 162(m).

Plan Amendments

The Committee, as well as the full Board of Directors, may amend or terminate the Plan. Stockholder approval of amendments is required only if necessary under Section 162(m). The Plan will be presented to stockholders for re-approval at least every five years.

New Plan Benefits

The following table provides information on the amounts that would have been paid to the named persons and groups if the Plan had been in effect for the three-year performance period ended December 31, 2005, based

upon earnings per share growth and divisional operating income growth for that period and salary levels on that date.

The Plan serves to complement the Company s annual incentive program and the longer-term value creation incentive provided by stock options. Under the terms of the Plan, discussed below, each senior officer and general manager is eligible to earn an incentive in an amount equal to up to 200% of their base salary based on the Company s organic growth of earnings per share over a three year period. The incentive will be fully effective in the 2008 period with the Company s 2005 earnings objective serving as the baseline. For the initial two years of the Plan (2006 and 2007), the Company s 2005 earnings objective shall serve as the baseline with the participants eligible to earn up to one-third of the total plan incentive in 2006, and two-thirds of the total plan incentive in 2007. The Plan is designed to ensure that payments hereunder to executive officers of the Company are deductible for federal income tax purposes without limit under Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations and interpretations promulgated thereunder (Section 162(m)). The Plan is subject to stockholder approval.

ARTICLE II ADMINISTRATION OF THE PLAN

Section 2.1 The Plan shall be administered by the Compensation Committee of the Board of Directors of the Company (the Committee), which shall be made up solely of two or more outside directors of the Company, as such term is defined in Section 162(m). The Committee shall have the sole discretion and authority to administer and interpret the Plan in accordance with Section 162(m).

Section 2.2 Subject to the express provisions and limitations set forth in the Plan, the Committee shall be authorized and empowered to do all things necessary or desirable, in its sole discretion, in connection with the administration of the Plan, including, without limitation, the following:

- (a) To prescribe, amend and rescind rules and regulations relating to the Plan and to define terms not otherwise defined herein;
- (b) To determine which persons are eligible to be paid incentives and to which of such participants, if any, incentives hereunder are actually paid;
- (c) To verify the Company s EPS, as defined herein, and divisional operating profit and the extent to which the Company has satisfied any other performance goals or other conditions applicable to the payment of incentives under the Plan;
- (d) To prescribe and amend the terms of any agreements or other documents under the Plan (which need not be identical);
- (e) To determine whether, and the extent to which, adjustments are required pursuant to Section 5;
- (f) To interpret and construe the Plan, any rules and regulations under the Plan, and the terms and conditions of any incentive opportunities provided hereunder, and to make exceptions to any such provisions in good faith and for the benefit of the Company; and
- (g) To make all other determinations deemed necessary or advisable for the administration of the Plan.

ARTICLE III ELIGIBILITY FOR PARTICIPATION

Section 3.1 The Committee shall, on an annual basis, designate the senior officers and general managers of the Company who shall participate in the Plan for the performance period beginning in that year.

ARTICLE IV
PERFORMANCE CRITERIA

Section 4.1 Plan participants shall be entitled to earn an incentive award (the Incentive Award) based upon the Company s internal earnings per share (EPS) growth at a compounded annual growth rate (CAGR) greater than 20% during a performance period. Each general manager s Incentive Award shall be limited to 50% of the calculated Incentive Award if the growth of his respective division operating profit does not exceed 20% during the performance period. The performance periods and maximum payout amounts shall be as follows:

Performance Period	Company Earnings Per Share and Division Operating Profit Baselines	Maximum Award
Fiscal Year 2006	To be set for each performance period by the Committee	66.7% of base salary as of the end of the performance period
Fiscal Years 2006 and 2007		133.3% of base salary as of the end of the performance period
Fiscal Years 2006 through 2008 and future three-year performance periods beginning in 2007 and later years		200% of base salary as of the end of the performance period

No Incentive Award shall be earned or paid unless the CAGR of the threshold EPS baseline established by the Committee exceeds 20%.

Section 4.2 A CAGR of EPS over 20% to 30% of the baseline established by the Committee shall result in a pro rata increase in the Incentive Award. Thus, for clarity, for senior officers, EPS growth of 20% shall result in an award of 0% of base salary as of the end of the performance period, EPS growth of 25% shall result in an award of 100% of base salary as of the end of the performance period, EPS growth of 25.4% shall result in an award of 108% of base salary as of the end of the performance period and EPS growth of 30% shall result in an award of 200% of base salary as of the end of the performance period. In the event the CAGR of a general manager s division operating profit baseline does not exceed 20%, such general manager shall be entitled to only 50% of the calculated Incentive Award.

Section 4.3 Within the first 90 days of each performance period, the Committee shall establish in writing the EPS and division operating profit baselines for the performance period, as such baselines may be adjusted pursuant to Section 4.4 below.

Section 4.4 The term performance period shall mean the period for which the Incentive Award is payable. For calculation of the Incentive Award, the term EPS shall mean the net income per weighted average common share outstanding, assuming dilution, for the performance period. EPS and, to the extent applicable, division operating profit shall in each case be adjusted as necessary to reflect the following: acquisition-related charges; the effects of changes in tax law, changes in accounting principles or other such laws or provisions affecting reported results; major capital restructuring; and any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management s discussion and analysis of financial condition and results of operations appearing in the annual report to stockholders for the applicable year. EPS and, to the extent applicable, division operating profit shall also be adjusted as necessary to reflect any other events or changes specified in writing by the Committee within the first 90 days of the performance period.

Section 4.5 (a) An Incentive Award shall be paid to a participant no later than February 28 following the end of the performance period.

E-2

(b) All Incentive Awards shall be paid in cash.

(c) Notwithstanding any other provision of the Plan to the contrary, no participant shall be entitled to any payment with respect to any Incentive Awards unless the members of the Committee referred to in

Section 2.1 hereof shall have certified the payout amount of the Incentive Awards calculated as provided in Section 4.1 hereof.

ARTICLE V
AMOUNT OF INCENTIVE AWARD

Section 5.1 The maximum Incentive Award for any Plan participant per year shall be \$1,000,000. In its sole discretion, the Committee may also reduce, but may not increase, an individual's Incentive Award calculated under the formula set forth under this Plan. In determining the amount of any reduced Incentive Award, the Committee reserves the right to apply subjective, discretionary criteria to determine a revised incentive amount.

ARTICLE VI
PAYMENT OF INCENTIVE AWARD

Section 6.1 The payment of an Incentive Award for a given performance period requires that the Plan participant be on the Company payroll as of the last day of the performance period. The Committee may make exceptions to this requirement in the case of retirement, death or disability, as determined by the Committee in its sole discretion. No Incentive Award shall be paid unless and until the Committee makes a certification in writing to the extent required under Section 162(m).

ARTICLE VII
AMENDMENT AND TERMINATION

Section 7.1 The Company reserves the right to amend or terminate this Plan at any time with respect to future services of participants. Plan amendments may be adopted by the Board of Directors or the Committee, and will require stockholder approval only to the extent required to satisfy the conditions for exemption under Section 162(m) or otherwise. The Board and the Committee have the power to amend the EPS and division operating profit percentage targets from those provided herein within the first 90 days of a performance period, and as a result, for purposes of compliance with Section 162(m), this Plan must be approved by the stockholders of the Company every five years.

ARTICLE VIII
TAX WITHHOLDING

Section 8.1 The Company shall have the right to make all payments or distributions pursuant to the Plan to a participant, net of any applicable federal, state and local taxes required to be paid or withheld. The Company shall have the right to withhold from wages or other amounts otherwise payable to such participant such withholding taxes as may be required by law, or to otherwise require the participant to pay such withholding taxes. If the participant shall fail to make such tax payments as are required, the Company shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such participant or to take such other action as may be necessary to satisfy such withholding obligations.

ARTICLE IX
NON-ASSIGNABILITY

Section 9.1 Unless the Committee expressly states otherwise, no participant in the Plan may sell, assign, convey, gift, pledge or otherwise hypothecate or alienate any incentive opportunity or amounts determined by the Committee to be payable under the Plan, until such amounts (if any) are actually paid.

ARTICLE X
NON-EXCLUSIVITY OF PLAN

Section 10.1 Neither the adoption of the Plan by the Board of Directors nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board of Directors or the Committee to adopt such other incentive arrangements as either may deem desirable, including, without limitation, cash or equity-based compensation arrangements, either tied to performance or otherwise, and any such other arrangements as may be either generally applicable or applicable only in specific cases.

**ARTICLE XI
EMPLOYMENT AT WILL**

Section 11.1 Neither the Plan, selection of a person as a participant in the Plan nor the payment of any Incentive Award to any participant under the Plan nor any action by the Board of Directors or the Committee shall be held or construed to confer upon any person any right to be continued in the employ of the Company. The Company expressly reserves the right to discharge any participant whenever in the sole discretion of the Company its interest may so require.

**ARTICLE XII
NO VESTED INTEREST OR RIGHT**

Section 12.1 At no time before the actual payout of an Incentive Award to any participant under the Plan shall any participant accrue any vested interest or right whatsoever under the Plan, and the Company has no obligation to treat participants identically under the Plan.

**ARTICLE XIII
GOVERNING LAW**

Section 13.1 The Plan and any agreements and documents hereunder shall be interpreted and construed in accordance with the laws of the State of Louisiana and applicable federal law. The Committee may provide that any dispute concerning the Plan shall be presented and determined in such forum as the Committee may specify, including through binding arbitration.
