PRESS RELEASE

The Securities referred to in this press release have not been and will not be registered under the US Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This announcement shall not constitute an offer to sell nor a solicitation of an offer to buy these securities.

TELECOM ITALIA ISSUED A 7-YEAR BOND FOR 1 BILLION EURO

THE COMPANY IS FUNDING BELOW ITS AVERAGE COST OF DEBT

The amount and quality of the orders allowed raising funds at a lower yield than indicated by initial guidance

Milan, 16 January 2014

Telecom Italia successfully issued a Euro 1 billion fixed rate bond offered to institutional investors.

The great quality of the orders book confirms the enduring market's positive attitude towards Telecom Italia's credit, allowing the company to price the issue at a lower yield than the initial guidance, increasing at the same time the issue size.

The yield of the bond, equal to 4.594%, is largely below the average cost of debt (5.4% at the end of September 2013).

The proceeds of this issue will be used to refinance maturing debt.

Details are:

Issuer: Telecom Italia S.p.A.

Amount: Euro 1 billion

Settlement date: 23 January 2014

Maturity: 25 January 2021

Coupon: 4.5%

Issue price: 99.447%

Redemption price: 100%

The actual yield to maturity of 4.594%, corresponds to a yield of 300 basis points above the reference rate (mid swap).

The notes will be issued under the Group's Euro 20 billion EMTN programme and will be listed on the Luxembourg Stock Exchange.

Cautionary Statement for Purposes of the "Safe Harbor" Provisions of the United States Private Securities Litigation Reform Act of 1995.

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements. The Group's interim report as of and for the nine months ended September 30, 2013 included in this Form 6-K contains certain forward-looking statements. Forward-looking statements are statements that are not historical facts and can be identified by the use of forward-looking terminology such as "believes," "may," "is expected to," "will," "will continue," "should," "seeks" or "anticipates" or similar expressions or the negative thereof or other comparable terminology, or by the forward-looking nature of discussions of strategy, plans or intentions.

Actual results may differ materially from those projected or implied in the forward-looking statements. Such forward-looking information is based on certain key assumptions which we believe to be reasonable but forward-looking information by its nature involves risks and uncertainties, which are outside our control, that could significantly affect expected results.

The following important factors could cause our actual results to differ materially from those projected or implied in any forward-looking statements:

1. our ability to successfully implement our strategy over the 2014-2016 period;
2. our ability to successfully achieve our debt reduction and other targets;
3. the increasing competition from global and local OTT (Over The Top) players (operators offering contents and services on the internet without owning its own proprietary telecommunications network infrastructure);
4. the continuing impact of increased competition in our markets, including competition from established domestic competitors and global and regional alliances formed by other telecommunications operators in our core Italian domestic fixed-line and wireless markets and our other principal markets;
5. the continuing effects of the global economic crisis in the principal markets in which we operate, including, in particular, our core Italian market;
6. our ability to introduce new services to stimulate increased usage of our fixed and wireless networks to offset declines in the traditional voice business mainly due to the continuing impact of regulatory required price reductions, market share loss and pricing pressures generally;
7. our ability to successfully implement our internet and broadband strategy;
8. the impact of regulatory decisions and changes in the regulatory environment in Italy and other countries in which we operate, including recent changes to allowable charges for data and voice roaming;
9. the impact of economic development generally on our international business and on our foreign investments and capital expenditures;
10. as our services are technology-intensive, our ability to develop new technologies in order to avoid our services becoming non-competitive;
11. the impact of political developments in Italy and other countries in which we operate;

- 12. the impact of fluctuations in currency exchange and interest rates;
- 13. our ability to build up our business in adjacent markets and in international markets (particularly in Brazil and Argentina), due to our specialist and technical resources;
- 14. our ability to achieve the expected return on the investments and capital expenditures we have made and continue to make (such as those in Brazil and Argentina);
- 15. the amount and timing of any future impairment charges for our authorizations, goodwill or other assets; and
- 16. the outcome of litigation, disputes and investigations in which we are involved or may become involved.

The foregoing factors should not be construed as exhaustive. Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We undertake no obligation to release publicly the result of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof, including, without limitation, changes in our business or acquisition strategy or planned capital expenditures, or to reflect the occurrence of unanticipated events.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
