*AU Optronics Corp. ( AUO or the Company ) (TAIEX: 2409; NYSE: AUO), the world's third largest manufacturer of large-size TFT-LCD panels, today released its unaudited preliminary results of operations for the six months ended June 30, 2003. All financial information was prepared by the Company in accordance with generally accepted accounting principles in Taiwan ( ROC GAAP ) on a consolidated basis. There are many differences between ROC GAAP and U.S. GAAP, some of which are described in the notes to the financial statements contained in the Company's annual report on Form 20-F filed with the United States Securities and Exchange Commission on June 30, 2003. The unaudited consolidated financial information mentioned herein is not necessarily indicative of our future financial results.*

**Hsin Chu, Taiwan, August 6, 2003**

AU Optronics Corp. ( AUO or the Company ) (TAIEX: 2409; NYSE: AUO) today held a meeting of the Board of Directors and Supervisors, at which the Board approved its results of operations for the six months ended June 30, 2003. The Company also released preliminary results for 2Q 2003 and 1H 2003. 1H03 consolidated revenues totaled 42,110 million, net income NT\$3,105 million and basic EPS of NT\$0.73, while 2Q03 consolidated revenues totaled NT\$23,842 million, net income of 2,926 million and basic EPS of NT\$0.69. All financial information was unaudited and was prepared by the Company in accordance with generally accepted accounting principles in Taiwan ( ROC GAAP ) on a consolidated basis.

On a sequential basis, 2Q03 results represent a 30.5% growth in net sales from 1Q03. Gross profit surged 143.5% from NT\$1,890 million to NT\$4,601 million while gross margin improved significantly from 10.3% in 1Q03 to 19.3% in 2Q03. Operating income in 2Q03 also rose 445.9% from the previous quarter to NT\$2,983 million, representing an operating margin of 12.5%. Net income increased from NT\$179 million in 1Q03 to NT\$2,926 million for the quarter, with net margin increased from 1% to 12.3%. Basic EPS for 2Q03 is NT\$0.69, vs. NT\$0.04 in the previous quarter.

## News Release

Although demand remained healthy during first half 2003, panel ASP only improved moderately during the period, the remarkable performance AUO achieved in 1H03 is mainly attributed to 1) product mix management; 2) technology advancement; 3)

further enhanced customer portfolio; 4) efficient capacity allocation; 5) effective cost reduction and 6) strong growth in small and medium panel business (consumer electronics). We have made significant progress to further strengthen our leadership position in Taiwan and global competitiveness, the 1H03 operation results provide solid evidence of AUO's execution capability. Said President & COO, Mr. HB Chen.

Despite the impact of the Iraq war and SARS during 2Q03, we still saw growth in overall demand for our large size panels (including NB, Monitor and TV), capacity from G5 fab also contributed to part of the 18.7% sequential unit shipment growth in 2Q03 to reach 2.8 million. Moreover, shipment of our small & medium size panel business experienced robust QoQ growth of 80% to record high of 4.7 million. Commented by EVP Dr. Hsiung.

AUO is the most financially sound and profitable company among all Taiwan TFT-LCD players, we are committed to continuously improve our profitability, leveraging our strength in sound financial position, manufacturing capability, technology, R&D and design know-how, cost efficiency and global position, in order to deliver stable return to our shareholders. Concluded by Mr. Max Cheng, CFO of AUO.

#### **Hsin Chu, Taiwan, August 6, 2003**

AU Optronics Corp. ( AUO or the Company ) (TAIEX: 2409; NYSE: AUO) today announced that the Company's 2003 net income is expected to exceed more than 20% than that filed in April 2003, due to better than expected 1H 2003 operation results. Therefore, AUO's financial forecast filed in April 2003 was no longer adequate.

AUO held a meeting of the Board of Directors and Supervisors, at which the Board approved its unaudited results of operations for the six months ended June 30, 2003. As the Company's 1H 2003 results have already exceeded the original financial forecast filed in April 2003, AUO needs to adjust its financial forecast for fiscal year 2003 accordingly to comply with ROC government regulations.

Based on the revised forecast, AUO's consolidated and unconsolidated net sales for the year are estimated to be approximately NT\$97,275 million and NT\$90,523 million, respectively, while revised income before tax and net income are both estimated to be

## ***News Release***

around NT\$10,509 million. The revised financial forecast for 2003 will be announced shortly, upon approval by the Company's auditors.

### **Forward-Looking Statements**

Except for statements in respect of historical matters, the statements contained in this Release are forward-looking statements within the meaning of Section 27A of the U.S. Securities Act of 1933 and Section 21E of the U.S. Securities Exchange Act of 1934. These forward-looking statements were based on our management's expectations, projections and beliefs at the time regarding matters including, among other things, future revenues and costs, financial performance, technology changes, capacity, utilization rates, yields, process and geographical diversification, future expansion plans and business strategy. Such forward looking statements are subject to a number of known and unknown risks and uncertainties that can cause actual results to differ materially from those expressed or implied by such statements, including risks related to the flat panel display industry, the TFT-LCD market, acceptance and demand for our products, technological and development risks, competitive factors, and other risks described in the section entitled "Risk Factors" in our Form 20-F filed with the United States Securities and Exchange Commission on June 30, 2003.
