## Accelerated organic growth in revenues for the first nine months of fiscal 2004-2005

Sodexo Alliance (*Euronext: EXHO.PA / NYSE:SDX*) □ For the first nine months of fiscal 2004-2005 consolidated revenues totaled 8.9 billion euro, with organic growth in revenues of 4.2% at a constant consolidation scope and excluding exchange rate effects. This performance confirms our organic growth objective of around 4% for the full year.

Excluding the one-time impact of the hospitality contract for the Rugby World Cup in November 2003, **organic growth was 4.8%** .

**Revenues by activity**

### **North America**

In North America organic growth accelerated to 4.6% .

The Business and Industry segment, including Defense, declined by only 0.5% including a decrease of 0.1% in the Business segment and 4.7% in Defense. The adjustments that we have requested of the US Marine Corps have not yet been finalized and continued to weigh on our performance. In addition, new clients include the Cincinnati Museum Center and American Broadcasting Company (ABC) in the U.S. and the Ontario Ministry of Agriculture, Canada Post and OPG Pickering in Canada.

Organic growth of 7.5% in Healthcare illustrates the particular dynamism of our sales teams, both in the acute-care and seniors markets. Among recent new contracts awarded are those signed with Piedmont HealthCare System (South Carolina), University Hospitals Health System - UHHS (Ohio) and Stanford University (California) in acute-care, and Hillcrest (Pennsylvania) and Hollywood Presbyterian (California) in the seniors market.

Education also reported good performance with organic growth of 5.8% due to increased patronage on sites we manage and the opening of a number of contracts signed last summer. Recent successes during the current bidding season include, in food services, St. John's University (New-York) and, in multi-services, the University of Birmingham in Alabama.

### **Continental Europe**

Organic growth in revenues was 3.9%.

Despite weak economic growth in the majority of European countries, Business and Industry segment revenues grew by 4.2%, with stronger growth in France, Spain, Germany and in the Central European countries. Recent contracts awarded include Masterfoods in Hungary, Fortis in Belgium and Thales Airborne Systems in France.

In Healthcare, organic growth is accelerating and reached 4.8% as a result of good growth in revenues on existing sites with the enlargement of our range of services as well as the initial effects of contracts signed at the beginning of the year, notably the Public Assistance Hospitals in Paris and the Military Hospital of Warsaw.

In Education, organic growth was 2.2%.

**United Kingdom and Ireland**

As anticipated, revenues declined by 2.1%, excluding exchange rate effects. However, certain factors lead us to target an objective of slightly positive organic growth for the next fiscal year: the extension of services in the Defense and Correctional Facilities segments, modest development in the Healthcare segment, and the signature during the last twelve months of certain Private Finance Initiative contracts.

**Rest of the World**

Our subsidiaries in Asia, Latin America and our Remote Sites activity all registered double digit growth. Excluding the impact of the Rugby World Cup in Australia in November 2003, organic growth was 16.7%.

New clients include Shell and ENSCO to manage their Remote Sites, Citibank for a multi-services contract covering six countries in Latin America, Companhia do Rio Vale Doce for five mines in Brazil, Westpac in Australia, and UPM Kymmene in mainland China.

☐ **Service Vouchers and Cards:**

Organic growth in revenues accelerated to 9.7%.

This growth is mainly explained by good development in services such as Restaurant, Grocery and Gift Vouchers, both in Europe and in Latin America. Syngenta, Toyota and Reckitt Benckiser in Latin America, and JC Decaux, Michelin and Citigroup in Europe have chosen to partner with us.

In addition, the expansion of new services such as Vacation, Childcare and Culture Vouchers continues.
