**ANNOUNCEMENT**

The Board hereby announces certain selected unaudited key operational statistics of the Group for the first quarter of 2007 (ended 31 March 2007). The comparative statistics for the first quarter of 2006 (ended 31 March 2006) are also disclosed in this announcement.

The board of directors of CNOOC Limited (the “Company”) (the “Board”) hereby announces certain selected unaudited key operational statistics of the Company and its subsidiaries (the “Group”) for the first quarter of 2007 (ended 31 March 2007). The comparative statistics for the first quarter of 2006 (ended 31 March 2006) are also disclosed in this announcement.

The Company achieved a total net daily production of 473,280 barrels of oil equivalent (BOE) for the first quarter of 2007, representing an increase of 5.1% from the same period in 2006. The Company’s unaudited oil and gas revenue for the first quarter of 2007 was RMB14.81 billion (equivalent to US\$1.904 billion), representing a decrease of 9.9% when compared to the same period in 2006.

For the first quarter of 2007, the Company produced 378,734 barrels of crude oil and liquids per day, which were more or less the same as those in the first quarter of last year. Due to strong growth of gas production, the Company’s total net production continued to increase steadily, achieving a year-on-year (YOY) increase of 5.1%. In the same period, net gas production dramatically increased by 41.1% YOY to 550 million cubic feet per day, including production from North West Shelf Project (NWS Project) in Australia and Southeast Sumatra (SES) Gas Project in Indonesia.

Total unaudited revenues of the Company were RMB14.85 billion (equivalent to about US\$1.910 billion) for the first quarter of 2007, representing a decrease of 10.9% when compared to the same period in 2006, mainly due to weaker international oil price. The average realized crude oil and gas price of the Company in the first quarter of 2007 were US\$52.45 per barrel and US\$3.19 per thousand cubic feet respectively.

The Company’s capital expenditure increased 70.3% to RMB6,333.6 million in the first quarter of 2007, as a result of intensive exploration and development activities. The Company and its partner made two new discoveries in offshore China, BZ28-2E and KL20-1, and also successfully completed two appraisals. In addition, the Company also acquired 4,721 kilometers of 2D and 1,013 square kilometers of 3D seismic during the first quarter of 2007.

Hong Kong, 26 April 2007

***FOR IMMEDIATE RELEASE***

**CNOOC Ltd. Production Increased Steadily in Q1**

(Hong Kong, April 26, 2007) CNOOC Limited (the "Company" or "CNOOC Ltd."; NYSE "CEO", SEHK "883") announced today its total net production of 473,280 BOE per day in the first quarter, an increase of 5.1% YOY. In the period, the Company's unaudited revenue was RMB 14,851 million.

For the first quarter of 2007, the Company produced 378,734 barrels per day of crude oil and liquids, which were more or less the same as those in the first quarter of last year. Due to strong growth of gas production, the total net production continued to increase steadily, achieving a YOY increase of 5.1%. In the period, net gas production increased by 41.1% YOY to 550 million cubic feet per day, which was mainly attributable to the production from North West Shelf Project (NWS Project) in Australia and Southeast Sumatra (SES) Gas Project in Indonesia.

In the first quarter, the Company's overseas oil and gas productions rose substantially by 32.4 % to 25,318 barrels and 82.4% to 177 million cubic feet respectively.

Affected by downward fluctuation of oil price, the Company's total unaudited revenue decreased by 10.9 % YOY to RMB 14,851 million for the first quarter of 2007. Our average realized oil and gas price were US\$52.45 per barrel and US\$3.19 per thousand cubic feet respectively.

In the period, the Company's capital expenditure increased 70.3% to RMB 6,333.6 million, as a result of intensive exploration and development activities.

The Company and its partners made two new discoveries offshore China, BZ 28-2 E and KL 20-1, and completed two appraisals successfully. In addition, we also acquired 4,721 kilometers of 2D and 1,013 square kilometers of 3D seismic during the first quarter of 2007.

Mr. Fu Chengyu, Chairman and Chief Executive Officer of the Company commented, "In the period, the Company's production increases steadily and all our operations proceed on schedule. Significant growth was achieved in overseas oil and gas production. Moreover, I am pleased to see a strong growth in our gas production in Q1, which marks the company's improved capability in producing and supplying clean energy."
