Notice of Material Fact

The management of Vivo Participações S.A. (“Vivo Part.”) and of Telemig Celular Participações S.A. (“TCP”) (the “Companies”), in compliance with and for the purposes of CVM Instructions Ns. 319/99 and 358/02, announce that in a meeting held on October 08, 2009, the respective Boards of Directors of the Companies approved the terms and conditions of a corporate restructuring involving Vivo Part. and TCP, whereby TCP will be merged into Vivo Part., resulting with the extinguishment of TCP.

The intended transaction will not result in a change of control of Vivo Part., nor will it otherwise affect Vivo Part.’s shareholders, as described herein below:

1. Proceedings.

In order to simplify the organizational structure of the companies that Vivo Part. acquired in the first half of 2008, a corporate restructuring (the “Corporate Restructuring”) was implemented whereby Telemig Celular S.A. (“TC”) became a wholly-owned subsidiary of its controlling company, TCP, and the TC shares not already owned by Vivo and its affiliates were exchanged for shares of TCP. On the same date and as part of the Corporate Restructuring, the shares of TCP that were not already owned by Vivo and its affiliates were merged into Vivo Part., giving to the holders of the merged shares of TCP (including those received in the merger of shares of TC), new shares of Vivo Part., such that TCP became a wholly-owned subsidiary of Vivo Part., all in compliance with article 252, of Law No. 6,404/76 and observing the procedures described in CVM Instruction No. 319/99 and in the Parecer de Orientação CVM nº 35. The referred Corporate Restructuring was approved in the General Extraordinary Shareholders’ Meetings of the TC, TCP and Vivo Part., which were held on July 27, 2009 and involved the participation of the former shareholders of TC, TCP and Vivo Part. Vivo Part. is now the only company with shares currently traded on the Brazilian Stock Exchange and in the New York Stock Exchange. The Corporate Restructuring increased the liquidity of Vivo Part. and simplified the management of those companies.

As disclosed in the notice of material fact on March 20, 2009, and in light of the fact that the Merger required the previous approval of ANATEL, the envisaged merger was not contemplated in the Corporate Restructuring approved on July 27, 2009.

2. Merger of TCP.

The merger of TCP into Vivo Part. aims to continue the simplification of the Vivo Part. corporate structure, as TCP’s current sole purpose is to hold the capital stock of TC, by further decreasing administrative costs and maximizing the

unification, standardization and rationalization of the management of the companies with the elimination of TCP.

Because TCP is a wholly-owned subsidiary of Vivo Part., the envisaged merger will not result in an increase of the capital stock of Vivo Part., as Vivo Part. has already recognized in its net worth the value of the shares of TCP, and also, there is no replacement of shares of the non-controlling shareholders of the merged company for shares of the merging Company. Accordingly, a valuation report of the net worth at market value shall not be prepared for the calculation of the exchange ratio of shares held by non-controlling shareholders required by article 264 of Law 6,404/76 and article 2nd, 1st paragraph, VI, of Instruction CVM 319/99, in accordance with recent understandings of the CVM already stated in queries made in similar reorganizations and mentioned in Resolution CVM No. 559, of November 18, 2008 and such merger will not result in the issuance of shares by Vivo Part..

The totality of the net worth, assets, rights and obligations of TCP will be merged into Vivo Part., which will fully succeed TCP, pursuant to the terms of the Protocol of Justification and Instrument of Merger executed by the management of each of the Companies involved in the merger.

The implementation of the transaction will result in the extinguishment of TCP and its consequent exclusion in the corporate chain. Instead, Vivo Part. will become the direct holder of the totality of shares of TC previously held by TCP, and TC will become a wholly-owned subsidiary of Vivo Part.

The general shareholders' meetings of TCP and of Vivo Part. for the analysis of the envisaged merger, will be called in compliance with the respective legal and statutory requirements.

Future Transactions: Once the merger herein described is completed, subject to necessary corporate and regulatory approvals, the possibility of the merger of TC into Vivo Part. will be considered in order to finalize the process of simplifying the corporate structure of Vivo Part., without however, resulting in changes to its shareholding structure, once TC is a wholly-owned subsidiary of TCP and will be, after the implementation of the restructuring herein described, a wholly-owned subsidiary of Vivo Part.. Notwithstanding the foregoing, considering that the merger of TC requires the approval of ANATEL, other than the integration of the operational system and fulfillment of Vivo Part. of the conditions to be an operational corporation, said merger was not contemplated in the merger herein described.

The documents related to the merger referred to herein shall be made available to the respective shareholders of the Companies as of October 09, 2009, at Vivo Part. (Av. Dr. Chucri Zaidan, 860 –Morumbi – São Paulo – SP – 3º andar – Lado B - Division of Corporate Matters, Morumbi), from 09:00AM to 5:00PM on business days, by the presentation of a statement containing with their

(b) Telemig Celular Participações S.A., a wholly-owned subsidiary of Vivo Part., incorporated in accordance with the laws of Brazil, with its head office located at Rua Levindo Lopes, 258, City of Belo Horizonte, State of Minas Gerais, enrolled with CNPJ/MF under No. 02.558.118/0001-65, herein represented by Roberto Oliveira de Lima, Brazilian citizen, married, manager, bearer of Identity Card No. 4.455.053-4 – SSP/SP and enrolled in the Individual Taxpayers’ List (CPF/MF) under No. 860.196.518-00, and Cristiane Barretto Sales, Brazilian, married, business administrator, bearer of identity card No. 2714796 – SSP/BA, enrolled with the Individual Taxpayers’ Register (CPF/MF) under No. 405.908.015-20, both resident and domiciled in the Capital of the State of São Paulo, with commercial address at Av. Roque Petroni Junior 1464, 6th floor, part A, Morumbi, – CEP 04707-000, (“TCP” or “Merged Company”, and together with Vivo Part., the “Parties”).

1. Justification

WHEREAS on July 27, 2009, a corporate restructuring as approved in the general extraordinary shareholders meetings of each of the Parties and of Telemig Celular S.A., then a publicly-held corporation, incorporated in accordance with the laws of Brazil, with its head office located at Rua Levindo Lopes, 258, City of Belo Horizonte, State of Minas Gerais, enrolled with CNPJ/MF under No. 02.320.739/0001-06 (“TC”), that consisted of the merger of the totality of shares of TCP’s controlled company, TC, into TCP, that resulted in TC becoming a wholly-owned subsidiary of TCP, and on the same date thereof, the shares of TCP were merged, in their totality, into Vivo Part., giving the holders of the merged shares of TCP (including those shares resulting from the merger of TC) new shares of Vivo Part., resulting in TCP becoming a wholly-owned subsidiary of Vivo Part. (both mergers together, the “Corporate Restructuring”).

WHEREAS the Corporate Restructuring aimed to simplify the organizational structure of the companies that had been acquired by Vivo Part. on 2007, which made possible the participation of the former shareholders of TC and TCP in Vivo Part., which is the only one of the companies with shares currently traded on the Brazilian stock exchange and on the New York Stock Exchange, and resulting in a higher liquidity for those shareholders and a simplification of the administration of those companies.

WHEREAS, as disclosed by notice of material fact on March 20, 2009, considering that the merger of the net worth of TCP into Vivo Part. and its extinguishment required the previous approval of ANATEL, such merger was not contemplated in the Corporate Restructuring approved in July 27, 2009;

WHEREAS in order to continue the simplification process of the corporate structure of Vivo Part.’s companies, as previously mentioned, without representing or causing a change in the shareholding structure at the Vivo Part. level, and to reduce the maintenance of several holdings companies and different organizational structures and reduce administrative and operational costs.

The Parties understand that the simplification of the corporate structure, by the merger of TCP into Vivo Part., as per the terms of this Protocol, is justified, as it will decrease the administrative costs, as well as facilitate the unification, standardization and the rationalization of the administration of the involved companies.

2. Capital Stock of the Merging Company and the Merged Company

2.1. Capital Stock of Vivo Part.: the capital stock subscribed and paid-in of Vivo Part. on the date hereof amounts to R\$ 8,780,150,322.86 (eight billions, seven hundred and eighty millions, one hundred and fifty thousand, three hundred and twenty-two reais and eighty-six cents) represented by 400,713,827 shares, being 137,269,188 common shares and 263,444,639 preferred shares, all book-entry and without par value.

2.2. Capital Stock of TCP: the capital stock subscribed and paid-in of TCP on the date hereof amounts to R\$ 1,084,719,438.71 (one billion, eighty-four million, seven hundred and nineteen thousand, four hundred and thirty eight reais and seventy-ne cents) represented by 44,401,757 shares, being 15,367,791 common shares and 29,033,966 preferred shares, all book-entry and without par value.

3. Merger, Valuation and Net Worth of the Merged Company:

3.1. Reference Date and Valuation: with the merger of TCP, the net worth of TCP will be absorbed by Vivo Part. The net worth of TCP to be merged into Vivo Part. was appraised based on its book value, as of August 31, 2009 (“Reference Date”), according to the accounting principles accepted in Brazil. The appraisal report (the “Appraisal Report”) of the net assets of TCP to be transferred to Vivo Part., in accordance with art. 227 of Law No. 6,404, of December 15, 1976, was prepared by an independent company, Ernst & Young Auditores Independentes SS., with head office located at Av. Presidente Juscelino Kubitschek, n°. 1830, Torre I, 5° e 6°. Andares, São Paulo/SP, CEP 04543-900, enrolled with CNPJ/MF under No. 61.366.936/0001-25, "ad referendum" of the shareholders Parties of this Protocol.

The net worth variations in TCP between the Reference Date of the transaction and the effectiveness of the merger, shall be absorbed by Vivo Part.

3.3. Capital Stock and Shares of the Merged Company: the net worth of TCP to be merged into Vivo Part. appraised in the amount of R\$ 2,277,168,423.61 (two billion, two hundred and seventy seven million, one hundred and sixty eight thousand, four hundred and twenty three reais and sixty one cents), consists of the controlling shares of TC, as described and indicated in the Appraisal Report.

3.4. Extinguishment of the Merged Company: with the merger of TCP and the consequent transfer of all net worth of TCP to Vivo Part., the corporate existence of TCP will cease, as stated in article 227 of Law 6,404/76. The managers of Vivo Part. shall be responsible for the registration and publication of the documents regarding the transaction.

3.5. Net worth of the Merging Company: the merger of TCP into Vivo Part., as described herein above, will not result in an increase in the capital stock of the Merging Company, as Vivo Part. has already recognized in its net worth the value of the shares of TCP, and will also not result in an exchange of shares of TCP with Vivo Part.

4. Shares of the Merging Company, Exchange ratio of Shares held by TCP, Political and Financial rights.

4.1. Absence of Criteria for Determination of the Exchange Ratio and Valuation: considering that TCP is a wholly-owned subsidiary of Vivo Part. (and that no minority shareholders of TCP

exist), the shares issued by TCP will be cancelled and the shares of TC held by TCP shall become held by Vivo Part.

4.2. Inexistence of Exchange Ratio: Considering that there are no non-controlling shareholders of TCP, as it is a wholly-owned subsidiary of Vivo Part., there will be no replacement of the shares of the non-controlling shareholders of TCP for shares of the Merging Company. As referred to in item 4.1. herein above, Vivo Part. will hold, directly, shares of TC, in the same amount and class and with the same rights of such shares previously held by TCP, as a result of the extinguishment of TCP.

4.3. Absence of Appraisal of the net worth at market value for the purpose of Article 264 of the Corporate Law: considering that this merger will not result in a capital increase of the Merging Company and shall not change the equity interest of the other shareholders of such company in view of the inexistence of non-controlling shareholders, there is no exchange ratio, and, as a consequence, there are no minority shareholder interests to be protected and there are no withdrawal rights in relation to TCP, and, therefore, as understood by the Brazilian Securities and Exchange Commission in previous similar cases, article 264 of the Brazilian corporate law shall not apply (see Proceedings CVM RJ 2007-2920, 2007-3645, 2005-7838, 2005-9849 e 2004-2040).

5. Other conditions applicable to the merger.

5.1 Corporate Acts: The Extraordinary Shareholders' Meetings of TCP and Vivo Part. shall be held in order to discuss and resolve the transaction described in this Protocol.

5.2 Inexistence of the Right of Withdraw: as herein above mentioned, there will be no dissenting shareholders or withdrawal rights of non-controlling shareholders of TCP, as referred to in articles 136, (ix) and 137 of the Brazilian corporate law.

5.3 Succession. the Merging Company will succeed TCP in its rights and obligations, assuming the joint liability of TCP in the terms of articles 227 and 232, of Law 6,404/76.

5.4 Authorization: notwithstanding item 3.4 of this Protocol, once the merger of TCP is approved, the officers of the Merging Company will be responsible and authorized to take all the necessary measures for the implementation of the terms and conditions established in this Protocol, as provided in the applicable legislation.

5.5 Previous Approval of ANATEL: the current merger of TCP and its extinguishment was submitted to the previous appreciation and approval of Agência Nacional de Telecomunicações – ANATEL.

5.6 Future transactions: once the corporate restructuring described in this Protocol is concluded, Vivo Part. shall consider, subject to the necessary corporate and regulatory approvals, the possibility of the implementation of the merger of TC into Vivo Part. with the purpose of continuing the process of simplifying the corporate structure of the Vivo Part., without causing

the alteration in its shareholding structure, as TC is a wholly-owned subsidiary of TCP and, will be, after the implementation of the restructuring herein described, a wholly-owned subsidiary of Vivo Part. Considering that the merger of TC requires the prior approval of ANATEL, however, other than the integration of the operational system and compliance of Vivo Part. with the condition of operational, this transaction was not contemplated in the corporate restructuring described herein.

5.7. Jurisdiction: for all matters arising out of this Protocol, the Parties elect the jurisdiction of the City of São Paulo, State of São Paulo.

And, in witness whereof, the parties execute six (06) counterparts of this instrument in the presence of the two witnesses below.
