PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

JUNE 19, 2003

About this Proxy Statement

Our Board of Directors is soliciting proxies to be used at our 2003 Annual Meeting of Stockholders. The meeting will be held at the law offices of Morgan, Lewis & Bockius LLP, 1701 Market Street, Philadelphia, Pennsylvania 19103 on Thursday, June 19, 2003, at 6:00 p.m. local time. This proxy statement, the notice of annual meeting and the form of proxy will be mailed to stockholders beginning on or about April 25, 2003.

VOTING PROCEDURES

Who Can Vote

Only RCM common stockholders at the close of business on the record date, April 24, 2003, may vote at the annual meeting. You are entitled to cast one vote for each share of RCM common stock that you owned as of the close of business on the record date. At the close of business on the record date,

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

there were 10,626,076 shares of RCM common stock outstanding.

How You Can Vote

You can vote by:

- o marking your proxy card, dating and signing it, and returning it in the postage-paid envelope we have provided, or
- o attending the meeting and voting in person.

How You Can Revoke Your Proxy or Change Your Vote

You can revoke your proxy at any time before it is voted at the meeting by:

- o sending a written notice that you have revoked your proxy to our Secretary, Stanton Remer, at 2500 McClellan Avenue, Suite 350, Pennsauken, New Jersey 08109,
- o submitting a later-dated proxy card, or
- o attending the meeting, giving our Secretary written notice of your revocation and voting your shares.

If a bank, broker or other holder of record holds your shares in its name, you must obtain a proxy card executed in your favor from the holder of record to be able to vote your shares at the meeting.

General Information on Voting

A quorum must exist for voting to take place at the meeting. A quorum exists if holders of a majority of the outstanding shares of our common stock are present at the meeting in person or are represented by proxy at the meeting. Shares represented by a proxy marked "abstain" or "withheld" on any matter will be considered present at the meeting for purposes of determining whether there is a quorum, but will not be considered as votes FOR or AGAINST that matter. Shares represented by a proxy as to which there is a "broker non-vote" (that is, where a broker holding your shares in "street" or "nominee" name indicates to us on a proxy that you have given the broker the discretionary authority to vote your shares on some but not all matters), will be considered present at the meeting for purposes of determining a quorum but will not be

voted on matters as to which there is a "broker non-vote." Abstentions and "broker non-votes" will therefore have no effect on the outcome of any vote taken at the meeting.

The director nominee will be elected by a plurality of the votes cast for the election of directors at the meeting. Thus, the nominee who receives the most votes will be elected as a director. All other matters to be voted upon at the meeting must be approved by a majority of the votes cast on those matters.

Shares that have been properly voted and not revoked will be voted at the meeting in accordance with the instructions on your proxy card. If you sign your proxy card but do not mark your choices, Leon Kopyt or Stanton Remer, the persons named on the enclosed proxy card, will vote the shares represented by your proxy card:

- o FOR the person we nominated for election as director; and

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

- o FOR the ratification of our Audit Committee's appointment of Grant Thornton LLP as our independent auditors for our fiscal year ending December 31, 2003.

If any other matters are properly presented at the meeting for consideration, Mr. Kopyt and Mr. Remer will have the discretion to vote on those matters for you. Currently, we are not aware of any such matters.

Costs of Solicitation

We will pay for preparing, assembling and mailing this proxy statement. Our directors, officers and employees may solicit proxies through the mails, direct communication or otherwise. None of our directors, officers or employees will receive additional compensation for soliciting proxies. We may reimburse brokerage firms and other custodians, nominees or fiduciaries for their reasonable expenses for forwarding proxy and solicitation materials to stockholders.

Compensation of Directors

Our employee directors do not receive any compensation for serving on our Board or its committees, other than the compensation they receive for serving as employees of RCM.

The Board of Directors has approved a compensation package for non-employee directors, which became effective in May 2000. Under the arrangement, each non-employee director receives a retainer fee of \$24,000 per year as compensation for service on the Board. In addition to the retainer fee, each eligible non-employee director is paid meeting attendance fees of \$750 for each Board Meeting and \$300 for each Committee Meeting held on a date other than the date of a Board Meeting.

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

All employee and non-employee directors also are eligible to receive options to purchase our common stock and stock appreciation rights under our stock option plans.

Employment Agreements

Mr. Kopyt's employment agreement provides for an annual base salary of \$400,000, vacation time and other customary benefits. In addition, the agreement provides that Mr. Kopyt's annual bonus will be based on our EBITDA, defined as earnings before interest, taxes, depreciation and amortization.

Mr. Kopyt's employment agreement is for a term of three years and automatically extends each year for an additional one-year period. This employment agreement is terminable upon Mr. Kopyt's death or disability, or for cause, as defined in the agreement.

Change in Control and Termination of Employment Arrangements for Mr. Kopyt

Mr. Kopyt has an agreement with us that provides him with benefits upon a change in control of RCM. Under this agreement, the remaining term of Mr. Kopyt's employment is extended for five years upon a change in control. If, during the term of Mr. Kopyt's employment following a change in control, RCM terminates Mr. Kopyt's employment other than for cause, as defined in the agreement, or Mr. Kopyt terminates his own employment for good reason, also as defined in the agreement, the provisions below will apply. The agreement defines "good reason" as, among other things, a material change in Mr. Kopyt's salary, title or reporting responsibilities, or a change in RCM's office location that requires Mr. Kopyt to relocate. This agreement includes the following provisions, each of which is effective upon Mr. Kopyt's termination other than for cause or for good reason, in either case following a change in control:

- o RCM must pay Mr. Kopyt a lump sum equal to the total amount of his salary and bonus for the remainder of the five-year term.
- o The exercise price of the 500,000 options granted to Mr. Kopyt under our 1996 Executive Stock Plan will be reduced to 50% of the average market price of our common stock for the 60 days prior to the date of termination if that price is less than the original \$7.125 per share exercise price of the options.
- o RCM must pay to Mr. Kopyt an amount equal to the sum of all penalties he is assessed (including excise taxes imposed on certain parachute payments) and taxes he incurs as a result of the benefits he will receive under the agreement.

Severance Agreement for Mr. Kopyt

On June 10, 2002, the Company entered into a Severance Agreement (the "Severance Agreement") with Mr. Kopyt. The agreement provides for certain payments to be made to Mr. Kopyt and for the continuation of Mr. Kopyt's employee benefits for a specified time after his service with the Company is terminated other than for cause, as defined in the Severance Agreement. Amounts payable to Mr. Kopyt under the Severance Agreement would be offset and reduced by any amounts received by Mr. Kopyt after his termination of employment under his current employment and termination benefits agreements, which are supplemented and not superseded by the Severance Agreement.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The following Report of the Compensation Committee and the performance graph included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

or the performance graph by reference therein.

This report summarizes the functions and philosophical principles of the compensation committee, the components of the compensation paid to RCM's executives and other factors that the compensation committee considers in determining the compensation of RCM's executives.

Functions of the Committee

The compensation committee's primary functions include:

- o reviewing, approving and determining the salaries, bonuses and other benefits of RCM's directors, executive officers and senior management,
- o recommending to RCM's Board amendments to existing stock option plans and the adoption of new stock option plans,
- o negotiating, reviewing, approving and determining the adoption of, or amendments to, any compensatory plans, arrangements or agreements between RCM and its executives, and
- o establishing and reviewing management perquisites.

Compensation Philosophy

The Company's compensation program for executives consists of three key elements:

- o a base salary,
- o a performance-based annual cash bonus, and
- o periodic grants of stock options.

Under this approach, executive compensation involves a high proportion of pay that is "at risk"- namely, the annual bonus and stock options. The variable annual bonus also is based, in significant part, on Company performance. Stock options relate a significant portion of long-term remuneration directly to stock price appreciation realized by all of the Company's stockholders. We believe that this three-part approach best serves the interests of the Company and its stockholders. It enables the Company to meet the requirements of the highly competitive environment in which we operate while ensuring that executive officers are compensated in a way that advances both the short-term and long-term interests of stockholders.

Components of Compensation

The compensation committee generally structures RCM executives' compensation through a combination of the following:

- o **Base Salary:** As a general rule, the compensation committee establishes base salaries for RCM's executives based upon the individual's performance and contribution to RCM. The Committee takes into account base salaries of executives in comparable positions in companies similar to RCM. Some of RCM's executives are parties to employment agreements. The salaries of those executives are based on their agreements.
- o **Annual Incentive Compensation:** The compensation committee provides annual incentive awards to RCM's executives to reward their contributions to RCM. Mr. Kopyt's bonus is based solely on RCM's EBITDA. Mr. Remer's bonus is determined based on a combination of EBITDA and certain other factors at the discretion of the chief executive officer. The bonuses of all other

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

executives are determined based on RCM's operating income and certain other factors at the discretion of the chief executive officer, based on the guidelines established by the compensation committee.

15

- o Long-Term Incentive Compensation: The compensation committee periodically grants stock options and other RCM securities to RCM executives. The compensation committee intends the grants to be a significant portion of the total executive compensation. The grants are designed to align the interests of each RCM executive with those of the stockholders, and provide each executive with a significant incentive to manage RCM from the perspective of an owner with an equity stake in the business. Grants typically permit executives to acquire RCM's common stock at a fixed price per share (generally, the market price on the grant date) over a specified period of time (usually up to ten years). The grants provide a return to the executive only if the market price of the shares appreciates over the option term.

The compensation committee bases the size of each executive's option grant upon the executive's:

- o position with RCM,
- o potential for future responsibility over the option term,
- o performance in recent periods, and
- o current holdings of RCM stock and options.

The compensation committee believes that RCM's financial performance is a better indicator of executive achievement than its stock price. The compensation committee examines a number of financial indicators in assessing RCM's performance, including:

- o net sales,
- o operating income,
- o net income, and
- o earnings per share

The compensation committee does not base compensation decisions upon any precise formula or accord any one factor greater weight than the other factors.

Compensation of Leon Kopyt, RCM's Chief Executive Officer

Leon Kopyt, RCM's Chief Executive Officer, participates in the same programs as RCM's other executives, and receives compensation based on: the same factors as RCM's other executives, his employment agreement and a termination benefits agreement. Mr. Kopyt's overall compensation reflects his degree of policy and decision-making authority and his level of responsibility with respect to RCM's strategic direction and financial and operational results. Mr. Kopyt's compensation for 2002 was determined based on a study of the compensation of chief executive officers of other companies in the information technology industry, which have financial and corporate characteristics similar to those of RCM. Mr. Kopyt's compensation components for RCM's fiscal year ended December 31, 2002 were as follows:

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

- o Base Salary: Mr. Kopyt received a base salary of \$400,000.
- o Annual Incentive Compensation: Pursuant to Mr. Kopyt's incentive compensation arrangement, Mr. Kopyt received a \$100,000 bonus for the fiscal year ended December 31, 2002.
- o Long-Term Incentive Compensation: Mr. Kopyt did not receive any stock option awards during the fiscal year ended December 31, 2002.

Deductibility Of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the amount of executive compensation RCM may deduct for federal income tax purposes. In general, Section 162(m) only allows a publicly held corporation to deduct up to one million dollars per year of compensation paid to certain executives. The executives whose compensation is subject to limitation under Section 162(m) are those

16

executives who, as of the close of a corporation's taxable year, are either the chief executive officer (or an individual acting in such capacity), or an executive whose compensation is required to be reported to stockholders under the Securities Exchange Act of 1934 by reason of that executive being among the four highest compensated officers of a corporation for the taxable year (other than the chief executive officer). Performance-based compensation is not, however, subject to this deduction limitation if it meets certain requirements. One of the requirements is that performance-based compensation be payable only on the attainment of performance goals that have been approved by a corporation's stockholders. Compensation attributable to the exercise of options that are granted with an exercise price at or above the fair market value of the stock subject to the option under a stockholder-approved stock option plan meeting certain requirements is also qualified as performance-based compensation. The compensation committee has generally attempted to structure the compensation it pays to RCM's executives subject to Section 162(m) so that compensation that would exceed the one million dollar limitation otherwise imposed under Section 162(m) will qualify for the exemption noted above for performance-based compensation.

Respectfully submitted by the members of the compensation committee of the Board of Directors:

Compensation Committee
David Gilfor
Robert B. Kerr

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our compensation committee consists of David Gilfor and Robert B. Kerr. Neither Mr. Gilfor nor Mr. Kerr is or has been an officer or employee of RCM or any of its subsidiaries.

PROPOSAL 2

----- RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS

Our Audit Committee has selected Grant Thornton LLP to act in the capacity of independent accountants for the current fiscal year. Ratification and approval by the stockholders will be sought by the Board of Directors for the selection of Grant Thornton LLP as independent accountants to audit our accounts and

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

records for the fiscal year ending December 31, 2003, and to perform other appropriate services. The affirmative vote of a majority of the outstanding shares of our voting stock is required to ratify the selection of Grant Thornton LLP. In the event that a majority of the shares voted at the Annual Meeting do not vote for ratification of the selection of Grant Thornton LLP, the Audit Committee will reconsider such selection.

Audit Fees. The aggregate fees billed by Grant Thornton LLP to audit the Company's annual financial statements for the year ended December 31, 2002 and to review the financial statements included in the Company's quarterly reports on Form 10-Q during the year were \$112,000.

Financial Information Systems Design and Implementation Fees. We did not engage Grant Thornton LLP to provide advice to us regarding financial information systems design and implementation during 2002.

All Other Fees. Grant Thornton LLP was engaged by the Company during 2002 to perform certain non-audit services. The aggregate fees billed by Grant Thornton LLP for those other services during 2002 were \$24,900. All but \$7,000 of those billings related to income tax advice and assistance. The balance of \$7,000 related to an audit of the Company's 401(k) plan.

The Audit Committee has considered whether Grant Thornton LLP's provision of services other than professional services rendered for the audit and review of our annual financial statements is compatible with maintaining Grant Thornton LLP's independence, and has determined that it is so compatible.

17

The Audit Committee has been informed by Grant Thornton LLP that less than 50 percent of the hours expended on Grant Thornton LLP's engagement to audit our financial statement for the fiscal year ended December 31, 2002 were attributed to work performed by persons other than Grant Thornton LLP's full-time, permanent employees.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION AND APPROVAL OF THE SELECTION OF GRANT THORNTON LLP AS OUR INDEPENDENT ACCOUNTANTS FOR FISCAL 2003.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Committee met four times during fiscal 2002 to carry out its responsibilities. The Committee schedules its meeting with a view to ensuring that it devotes appropriate attention to all its tasks. The Committee contains at least one member who is an "audit committee financial expert" as defined by the Commission.

As part of its oversight of the Company's financial statements, the Audit Committee reviewed and discussed with both management and the Company's outside auditors all financial statements prior to their issuance. Management advised the Committee in each case that all financial statements were prepared in accordance with generally accepted accounting principles, and reviewed significant accounting issues with the Committee. These reviews included discussion with the outside auditors of matters required to be discussed

Edgar Filing: RCM TECHNOLOGIES INC - Form DEF 14A

pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Committee also discussed with Grant Thornton LLP matters relating to its independence, including a review of audit and non-audit fees and the written disclosures made to the Committee pursuant to Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

In addition, the Committee reviewed major initiatives and programs aimed at strengthening the effectiveness of the Company's internal control structure. As part of this process, the Committee continued to monitor the scope and adequacy of the Company's internal auditing program, reviewing staffing levels and steps taken to implement recommended improvements in internal procedures and controls.

Taking all of these reviews and discussions into account, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

All members of the Audit Committee are independent, as independence is defined in Rule 4200(a) (15) of the listing standards of the National Association of Securities Dealers.
