GENERAL

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Toll Brothers, Inc., a Delaware corporation (the "Company"), for use at the Company's 2006 Annual Meeting of Stockholders (the "Meeting"), which will be held on the date, at the time and place, and for the purposes set forth in the foregoing notice, and any adjournment or postponement thereof. This proxy statement, the foregoing notice and the enclosed proxy are first being sent to stockholders of the Company on or about February 6, 2006.

The Board of Directors does not intend to bring any matter before the Meeting except as specifically indicated in the notice and does not know of anyone else who intends to do so. If any other matters properly come before the Meeting, however, the persons named in the enclosed proxy, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters. If the enclosed proxy is properly executed and returned to, and received by, the Company prior to voting at the Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. VOTING SECURITIES AND SECURITY OWNERSHIP

Shares Entitled To Vote, Required Vote and Quorum

The record date fixed by the Board of Directors for the determination of stockholders entitled to notice of and to vote at the Meeting is January 13, 2006 (the "Record Date"). At the close of business on the Record Date, there were 155,134,233 shares of the Company's common stock outstanding and eligible to vote at the Meeting. The

Company has no other class of voting securities outstanding. At the Meeting, stockholders will be entitled to one vote for each share of common stock owned of record at the close of business on the Record Date. The presence at the Meeting, in person or by proxy, of persons entitled to cast the votes of a majority of such outstanding shares of common stock will constitute a quorum for consideration of the matters expected to be voted on at the Meeting. Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for the purposes of determining a quorum. [Broker non-votes] means shares held of record by a broker that are not voted because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the authority to vote the shares in its discretion.

Proposal One: Directors are elected by a plurality and the four nominees who receive the most votes will be elected. Proposal One is considered a [routine] matter under the rules of the New York Stock Exchange ([NYSE]) and, accordingly, brokerage firms and nominees that are members of the NYSE have the authority under those rules to vote their customers' unvoted shares on Proposal One if the customers have not furnished voting instructions within a specified period of time prior to the Meeting. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election.

Proposal Two: To be approved, this matter must receive the affirmative vote of the majority of the outstanding shares of common stock present in person or by proxy at the Meeting and entitled to vote. Proposal Two is considered a [routine] matter under the NYSE's rules and, accordingly, brokerage firms and nominees that are members of the NYSE have the authority under those rules to vote their customers' unvoted shares on Proposal Two if the customers have not furnished voting instructions within a specified period of time prior to the Meeting. Abstentions and broker non-votes represented by submitted proxies will have the effect of a negative vote.

Meetings and Committees of the Board of Directors

The Board of Directors held five formal meetings during the Company's last fiscal year.

The Board of Directors currently has an Audit Committee, an Executive Compensation Committee, a Nominating and Corporate Governance Committee and a Public Debt and Equity Financing Committee. To better serve the needs of the Company, the Board of Directors reorganized the committee structure on September 8, 2005. The following committees were either eliminated or merged into one of the current committees: the Toll Brothers Realty Trust Committee, the Subordinated Debt Repurchase Authorization Committee, the Shelf Terms Committee, the Deferred Compensation Plan Committee, the Employee Stock Purchase Plan Committee, the Special Transactions Committee and the Real Estate Utilization Committee.

The Audit Committee is currently composed of and for the entire 2005 fiscal year was composed of Edward G. Boehne, Roger S. Hillas, Carl B. Marbach and Paul E. Shapiro (Chairman), each of whom has been determined by the Board of Directors to meet the standards of independence required of audit committee members by the NYSE and applicable Securities and Exchange Commission ("SEC") rules. For more information on the NYSE standards for independence, see "Corporate Governance-Director Independence" in this proxy statement. The Board of Directors has further determined that (1) all members of the Audit Committee are financially literate, and (2) Edward G. Boehne possesses accounting and related financial management expertise within the meaning of the listing standards of the NYSE, and is an audit committee financial expert within the meaning of the applicable SEC rules.

The Audit Committee assists the Company's Board of Directors in fulfilling its responsibilities relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications and independence of the independent registered public accounting firm, and the performance of the Company's internal audit function and independent audits. The Audit Committee also has the responsibility and authority for the appointment, compensation, retention, evaluation, termination and oversight of the independent registered public accounting firm, and pre-approval of audit and permissible non-audit services provided by the independent registered public accounting firm. The Executive Compensation Committee is currently composed of and for the entire 2005 fiscal year was composed of Carl B. Marbach (Chairman) and Stephen A. In addition, each committee member is a "Non-Employee Director" as defined in Rule 16b-3 under the Securities Exchange Act of 1934 and an "outside director" as defined for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended. The Executive Compensation Committee administers (in some cases along with the Board of Directors) the Toll Brothers, Inc. Cash Bonus Plan (the "Cash Bonus Plan"), the Toll Brothers, Inc. Executive Officer Cash Bonus Plan (the "Executive Officer Cash Bonus Plan"), the Toll Brothers, Inc. Stock Award Deferral Plan (the "Stock Deferral Plan"), the Stock Incentive Plan (1998) (the "1998 Plan"), and the Supplemental Executive Retirement Plan. It also administers the Amended and Restated Stock Option Plan (1986) (the "1986 Plan"), the Key Executives and Non-Employee Directors Stock Option Plan (1993) (the "1993 Plan"), and the Stock Option and Incentive Plan (1995) (the "1995 Plan"), which plans are inactive except for exercises of existing stock option grants. The Executive Compensation Committee held four formal meetings during the past fiscal year.

The Nominating and Corporate Governance Committee is currently composed of and for the entire 2005 fiscal year was composed of Edward G. Boehne (Chairman), Robert S. Blank and Stephen A. Novick, each of whom has been determined by the Board of Directors to meet the NYSE's standards for independence. The Nominating and Corporate Governance Committee is responsible for, among other things, the recommendation to the Board of Directors of director nominees for election to the Board of Directors, the evaluation of the size of the Board of Directors, the evaluation and recommendation to the Board of Directors of the compensation of the non-employee directors, the establishment and updating of corporate governance guidelines and acting on behalf of the Board of Directors with respect to certain administrative matters. The Nominating and Corporate Governance Committee held four formal meetings during the past fiscal year.

The Public Debt and Equity Financing Committee is composed of Richard J. Braemer (Chairman), Robert S. Blank and Bruce E. Toll. The Public Debt and Equity Financing Committee's primary responsibility is to carry out any functions previously approved by the Board of Directors relating to the authorization, terms, sale, registration or repurchase of debt securities of the Company or its affiliates. This committee did not meet during the last fiscal year.

Prior to being eliminated or merged by the Board of Directors on September 8, 2005, the Real Estate Utilization Committee, the Shelf Terms Committee, the Special Transactions Committee, the Toll Brothers Realty Trust Committee, the Subordinated Debt Repurchase Authorization Committee, the Deferred Compensation Plan Committee and the Employee Stock Purchase Plan Committee did not meet during the last fiscal year.

Each director attended at least 75% of the meetings of the Board of Directors and its committees of which he was a member during the last fiscal year.

Compensation of Directors

Each independent director receives \$5,000 for each full-day Board meeting he attends, \$2,500 for each half-day meeting he attends and \$1,750 for each telephonic meeting or committee meeting in which he participates. In addition, each non-management director receives an annual grant of options for 15,000 shares of the Company's common stock under the 1998 Plan. Each member of the Audit Committee and each member of the Nominating and Corporate Governance Committee, other than the chairmen of those committees, receives an annual grant of options for 1,000 shares of common stock and 100 shares of restricted common stock. The chairman of each of those committees receives an annual grant of options for 1,000 shares of common stock and 200 shares of restricted common stock. Each member of the Executive Compensation Committee and each member of the Public Debt and Equity Financing Committee, other than the chairman of the Executive Compensation Committee, receives an annual grant of options for 500 shares of common stock. The chairman of the Executive Compensation Committee receives an annual grant of options for 500 shares of common stock and 100 shares of restricted common stock.

Effective November 1, 2004, the Company and Mr. Bruce E. Toll entered into an Advisory and Non-Competition Agreement (the "Advisory Agreement"). The Advisory Agreement provides, among other things, that (a) the Company will retain Mr. Bruce E. Toll as Special Advisor to the Chairman for a period of three years at compensation of \$675,000 per year, (b) he will be paid \$675,000 for each of three years following the term (or termination) of the Advisory Agreement so long as he does not violate certain non-competition and other provisions, and (c) he will be entitled to group health insurance of the type and amount currently being provided to Company executives. In addition, Mr. Bruce E. Toll was designated a participant in the Company's Supplemental Executive Retirement Plan ("SERP"), with a \$230,000 benefit for 20 years, principally because of the suspension of premium payments in fiscal 2003 on behalf of Mr. Bruce E. Toll in the Company's split-dollar life insurance program due to the Sarbanes-Oxley Act of 2002; however, the Board of Directors conditioned his participation in the SERP on his execution of the Advisory Agreement. In fiscal 2005, Mr. Bruce E. Toll received imputed income of \$10,100 for the term life portion of a split-dollar life insurance policy, and the Company accrued \$1,778,004 for his benefit under the SERP. In addition, the Advisory Agreement contains an undertaking by Mr. Bruce E. Toll that he will not be entitled to payments under the SERP until the end of the three-year non-competition period of the Advisory Agreement. The Advisory Agreement effectively replaced a Consulting and Non-Competition Agreement which expired on October 31, 2004.

During fiscal 2005, the Company provided Bruce E. Toll additional perquisites with an estimated value of approximately \$28,866. Such perquisites include group health insurance, country club dues, and contributions to the Company's 401(k) plan. It is expected that the provision of perquisites like these will continue in fiscal 2006.

THE BOARD OF DIRECTORS RECOMMENDS VOTING [FOR] PROPOSAL TWO

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance for the purpose of defining independence, assigning responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance.

Director Independence

The standards applied by the Board of Directors in affirmatively determining whether a director is [independent], in compliance with the rules of the NYSE, generally provide that a director is not independent if: (1) the director is, or has been within the last three years, an employee of the Company, or an immediate family member (defined as including a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone, other than domestic employees, who shares such person's home) is, or has been within the last three years, an executive officer, of the Company; (2) the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service); (3) (A) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director

[Back to Contents](#)

has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time; (4) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; (5) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, and (6) the director or an immediate family member is, or within the past three years has been, an affiliate of, another company in which, in any of the last three years, any of the Company's present executive officers directly or indirectly either (a) owned more than five percent (5%) of the total equity interests of such other company, or (b) invested or committed to invest more than \$900,000 in such other company. In addition to these objective standards, the Board of Directors has adopted a general standard, also in compliance with the NYSE rules, to the effect that no director qualifies as "independent" unless the Board of Directors affirmatively determines that the director has no material relationship with the Company.

The Board of Directors, in applying the above-referenced standards, has affirmatively determined that the Company's current "independent" directors are: Robert S. Blank, Edward G. Boehne, Richard J. Braemer, Roger S. Hillas, Carl B. Marbach, Stephen A. Novick and Paul E. Shapiro. As part of the Board's process in making such determination, each such director provided written assurances that (a) all of the above-cited objective criteria for independence are satisfied and (b) he has no other "material relationship" with the Company that could interfere with his ability to exercise independent judgment.

Independent and Non-Management Directors

- A majority of the members of the Company's Board of Directors have been determined to meet the NYSE's standards for independence. See "Director Independence," above.

During fiscal 2005, the independent directors met four times and the non-management directors met once.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

Basic Policy Considerations

The Company's compensation policies with respect to its executive officers, established by the Board of Directors' Executive Compensation Committee, continue to be based on the principles that, to a significant extent, compensation should reflect the financial performance of the Company and the performance of the executive, and that long-term incentives should be a significant factor in the determination of executive officers' compensation. The committee sets executive compensation at levels that are sufficiently competitive so that the Company will attract, motivate and retain the highest quality individuals to contribute to the Company's goals, objectives and overall financial success. The committee attempts to be creative in its choice of methods of compensation that are designed to provide incentives for executive performance that result in continuing improvements in the Company's financial results, performance or condition, over both the short-term and the long-term, and to encourage continued service to the Company. A significant portion of executives' incentive compensation is paid in stock options and stock awards in order to align executive and stockholder interests.

The compensation program is comprised of two elements: (a) annual salary and eligibility for short-term incentive awards in the form of cash bonuses; and (b) a long-term incentive program (principally stock options and, in the case of the Chief Executive Officer, a stock-based feature of the Cash Bonus Plan) where the level of compensation is dependent on the performance of the Company's common stock. The details of this compensation program, with specific discussion of the program applicable to the Chief Executive Officer, are set forth below.

Annual Compensation of Executive Officers Other Than Chief Executive Officer

The committee sets compensation of executives other than the Chief Executive Officer by subjective evaluation of the individual performance of each executive, and it considers information concerning compensation of comparable executives; however, salary determinations are not based upon any specific or constant criteria.

Executives other than the Chief Executive Officer are eligible for annual incentive cash bonuses. Specifically, the awards for the Chief Operating Officer and Chief Financial Officer are made under the Company's Executive Officer Cash Bonus Plan. These awards are not intended to be in addition to market level compensation but, instead, are designed to be a comprehensive component of annual compensation so that a significant part of an executive's annual compensation is dependent on the committee's assessment of the executive's performance based upon a set of goals established for each executive. Goals are established by the committee with respect to the executive's contributions to the Company's economic and strategic objectives, the efforts required of the executive and the executive's ability to develop, execute and implement short-term and long-term corporate goals. In addition to the portion of compensation attributable to the executive meeting the individual performance-based goals established by the committee, a significant part of an executive's annual compensation is also dependent upon Company performance.

Long-Term Compensation Stock Options of Executive Officers Other Than Chief Executive Officer

The stock option component of the compensation of executives other than the Chief Executive Officer has been designed to provide such executives with incentives to enhance stockholder value through their efforts. Options are granted at fair market value on the date of grant and generally vest over a number of years, usually not fewer than four. The options have significant restrictions on the executive's ability to exercise the options and sell the shares acquired upon exercise without the appropriate consent of the Company. No constant criteria are used year to year in the granting of stock options. The committee makes a subjective determination of the effectiveness of the executive and the extent of the executive's contributions to the Company's success and, based on that determination, awards stock options to deserving executive officers. Because the options are

granted with exercise prices equal to the fair market value of the underlying common stock on the date of grant, any value that ultimately accrues to the executive is based entirely upon the Company's performance, as perceived by investors who establish the market price for the common stock.

2005 Compensation for Chief Executive Officer

In 1990, the Board of Directors decided that salary, bonus and option grants for the Company's Chief Executive Officer, Robert I. Toll, should be determined pursuant to objective measurements, including appropriate performance criteria in addition to compensation that reflects information concerning compensation of comparable executives. Since 1995, the base salary for Robert I. Toll has been determined by a formula intended to increase his base salary by no less than the increase in the Consumer Price Index (using U.S. Department of Labor definitions) and by no more than the average percentage increase in compensation of the five highest percentage compensation increases of the Company's next ten most highly compensated employees for the adjustment year. From 1998 through 2002, Mr. Toll agreed to limit his base salary to \$1,000,000. For fiscal 2003 and 2004, the committee awarded Mr. Toll an annual base salary of \$1,150,000 and \$1,300,000, respectively. Mr. Toll volunteered to waive his base salary increase for fiscal 2005 and fiscal 2006, meaning his base salary for each of those fiscal years remains at \$1,300,000.

Since 1993, cash bonuses for Mr. Toll have been determined based on formulas contained in the Company's Cash Bonus Plan, as amended from time to time (the "Cash Bonus Plan"). In 1996, the committee and the Board of Directors determined that, by obtaining the agreement of Mr. Toll to accept his bonus in shares of the Company's common stock rather than in cash, the interests of the Chief Executive Officer and the stockholders would be further aligned. The committee and the Board of Directors amended the Cash Bonus Plan in 1996, 1998 and 2000, in each case with stockholder approval, to provide that Mr. Toll's bonuses for fiscal years ended October 31, 1996 through October 31, 2004 would be paid in shares of the Company's common stock at the fair market value as determined under the respective plans on the respective dates established by the committee in 1996, 1998 and 2000, which payments would be in the form of a stock award (a "stock award feature") currently under the terms of the Toll Brothers, Inc. Stock Incentive Plan (1998). In fiscal 2004, the Board of Directors and Mr. Toll mutually agreed to reduce the bonus amount Mr. Toll was entitled to under the Cash Bonus Plan for fiscal 2004, by reducing the cash bonus award formula approved by the stockholders and capping stock appreciation in connection with the stock award feature. As a result, Mr. Toll received 655,932 shares pursuant to the capped stock award feature, with a fair market value of \$30,402,451, for fiscal 2004. Had the Board of Directors and Mr. Toll not agreed to reduce the cash bonus award formula and cap the stock award feature under the Cash Bonus Plan for fiscal 2004, Mr. Toll would have received 1,073,937 shares with a fair market value of \$49,776,980.

At the 2005 Annual Meeting of Stockholders, the stockholders approved an amendment to the Cash Bonus Plan to provide that Mr. Toll would be entitled to receive cash bonus awards (before adjustment for the stock award feature, revised as described below) for fiscal years ended October 31, 2005, October 31, 2006 and October 31, 2007, in an amount equal to the sum of (1) 1.5% of the Company's income before income taxes (as defined in the Cash Bonus Plan) in excess of 10% and up to 20% of shareholders' equity of the Company as of the end of the preceding fiscal year, plus (2) 2.25% of the Company's income before income taxes in excess of 20% and up to 30% of shareholders' equity of the Company as of the end of the preceding fiscal year, plus (3) 3.5% of the Company's income before income taxes in excess of 30% of shareholders' equity of the Company as of the end of the preceding fiscal year. In addition, for each of the fiscal years ending October 31, 2005, October 31, 2006 and October 31, 2007, the cash bonus award would be adjusted pursuant to a revised stock award feature, as follows: (a) the cash bonus award would be converted into shares by dividing the cash bonus award by the closing price of the Company's common stock on the New York Stock Exchange ("NYSE") on the last trading day of the Company's 2004 fiscal year, October 29, 2004, which was \$23.175 per share (adjusted for the July 2005 stock split) (the "Award Conversion Price") and (b) the number of shares calculated in clause (a) would then be

[Back to Contents](#)

multiplied by the closing price of the Company's common stock on the NYSE on the last trading day of the fiscal year for which the bonus is being calculated (the "Stock- Adjusted Bonus Value"). The Stock-Adjusted Bonus Value, subject to the limitations outlined below, would be paid 60% in cash, with the remaining 40% being paid in shares of the Company's common stock, calculated by dividing 40% of the Stock-Adjusted Bonus Value by the closing price of the Company's common stock on the NYSE on the last trading day of the fiscal year for which the Stock Adjusted Bonus Value is being calculated. Under the 2005 amendment to the Cash Bonus Plan, the price of the Company's common stock used in determining the Stock-Adjusted Bonus Value may not exceed 160% of the Award Conversion Price, or \$37.08, and the Stock-Adjusted Bonus Value would be capped at 2.9% of the Company's pre-tax/pre-bonus income for the fiscal year as to which the Stock-Adjusted Bonus Value is being calculated.

As approved by the stockholders in 2005, Mr. Toll would have received under the Cash Bonus Plan a Stock-Adjusted Bonus Value for fiscal 2005 of \$39,154,480. On December 7, 2005, with the committee's approval, the Company and Mr. Toll mutually agreed, in an amendment to the Cash Bonus Plan (the "Plan Amendment"), to reduce the Stock Adjusted Bonus Value for fiscal 2005 otherwise applicable under the Cash Bonus Plan. The Plan Amendment provides for a cap on the Stock-Adjusted Bonus Value payable to Mr. Toll under the Cash Bonus Plan for fiscal 2005 equal to \$27,322,547 (the highest of the probable Stock-Adjusted Bonus Values projected for fiscal 2005, as presented to the Board of Directors of the Company at its October 21, 2004 meeting). Mr. Toll's fiscal 2005 Stock Adjusted Bonus Value, as capped by the Plan Amendment, is payable 60% in cash and 40% in shares of the Company's common stock, calculated by dividing 40% of \$27,322,547 by \$36.91 (the closing price of the Company's common stock on the NYSE on the last day of fiscal 2005).

The Plan Amendment also provides that, with respect to the Company's fiscal years ending October 31, 2006 and October 31, 2007, in the event, as of the last day of either such fiscal year, the closing price of the Company's common stock on the NYSE is equal to or less than \$36.91, and greater than or equal to the Award Conversion Price, the cash bonus award under the Cash Bonus Plan will not be adjusted as described above to achieve a Stock-Adjusted Bonus Value. Under these circumstances, Mr. Toll would only be entitled to a bonus equal to the cash bonus value for such fiscal year, payable 60% in cash and 40% in shares of the Company's common stock, calculated by dividing 40% of the cash bonus value payable for such fiscal year by \$36.91. The cash bonus award payable for such fiscal year will be capped at 2.9% of the Company's pre-tax/pre-bonus income for the fiscal year for which the cash bonus award is being calculated.

The Plan Amendment further provides that, with respect to the Company's fiscal years ending October 31, 2006 and October 31, 2007, in the event, as of the last day of either such fiscal year, the closing price of the Company's common stock on the NYSE is greater than \$36.91, or less than the Award Conversion Price, the cash bonus award will be adjusted as described above to achieve a Stock-Adjusted Bonus Value, payable 60% in cash, and 40% in shares of the Company's common stock, calculated by dividing 40% of the Stock Adjusted Bonus Value payable for such fiscal year by the closing price of the Company's common stock on the NYSE on the last trading day of the fiscal year for which the Stock Adjusted Bonus Value is being calculated. The Stock Adjusted Bonus Value payable under these circumstances will be capped at 2.9% of the Company's pre-tax/pre-bonus income for the fiscal year for which the Stock Adjusted Bonus Value is being calculated. In addition, if the closing price of the Company's common stock on the NYSE on the last day of such fiscal year is greater than \$36.91, the Stock-Adjusted Bonus Value payable to Mr. Toll for such fiscal year shall also be capped at an amount that does not exceed the cash bonus award for such fiscal year by a greater percentage than the fiscal year end price per share exceeds \$36.91.

The Cash Bonus Plan is intended to provide bonuses that will be treated as "performance based compensation" exempt from the limitations on deductibility imposed under Section 162(m) of the Code.

Deferred Compensation Plan

The Company has a non-qualified deferred compensation plan that permits a select group of management or highly compensated employees as defined by the Employee Retirement Income Security Act of 1974, as amended, to voluntarily defer receipt of a portion of their compensation. The deferred compensation earns various rates of return depending upon when and how long the compensation is deferred.

Supplemental Executive Retirement Plan

The Company, in October 2004, established a Supplemental Executive Retirement Plan in the nature of a defined benefit retirement plan, effective as of September 1, 2004. The plan covers the three named executive officers. In addition, Bruce E. Toll was named a participant upon execution of an Advisory and Non-Competition Agreement.

Stock Award Deferral Plan

The Company has an unfunded Stock Award Deferral Plan pursuant to which a select group of management, highly compensated employees and directors may have the opportunity to defer receipt of shares of stock and corresponding recognition of compensation income attributable to certain stock based compensation awards, including shares issuable pursuant to stock options and stock awards granted under other stock based compensation plans of the Company.

Internal Revenue Code Section 162(m)

Section 162(m) of the Code generally disallows a tax deduction to a public company for compensation over \$1 million paid to certain covered employees (its chief executive officer or any of its four other most highly compensated executive officers). Performance-based compensation will not be subject to the deduction limitation if certain requirements set forth in the Code and applicable Treasury Regulations are met. While the Company generally structures its compensation plans applicable to these covered employees to comply with the performance-based compensation exemption requirements of Section 162(m), corporate objectives may not always be consistent with the requirements for full deductibility. Accordingly, the Board of Directors and the Executive Compensation Committee reserve the authority to award non-deductible compensation to the Company's executive officers as they deem appropriate. During fiscal year 2005, all cash compensation paid, except for \$300,000, was deductible under Section 162(m).

The committee also annually reviews its charter, reports to the Board of Directors on its performance and conducts a committee self-assessment process.

Respectfully submitted on December 15, 2005, by the members of the Executive Compensation Committee of the Board of Directors.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors (the "Audit Committee") oversees the Company's financial reporting process on behalf of, and reports to, the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the system of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed the Company's audited financial statements for the year ended October 31, 2005 with management, including a discussion of the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee reviewed with Ernst & Young LLP, the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting

[Back to Contents](#)

principles, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under U.S. generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Audit Committee reviewed with the independent registered public accounting firm its independence from the Company and the Company's management, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and reviewed and approved the compatibility of non-audit services with the auditors' independence. The Audit Committee reviewed the services provided by Ernst & Young LLP and approved the fees paid to Ernst & Young LLP for fiscal 2005.

The Audit Committee met in person four times during fiscal year 2005. In the course of the meetings, the Audit Committee discussed with the Company's internal auditors and the independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee met with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's systems of internal control, and the overall quality of the Company's financial reporting. The Audit Committee reviewed the Company's internal controls and, consistent with Section 302 of the Sarbanes- Oxley Act of 2002 and the rules adopted thereunder, met with management and the auditors prior to the filing of officers' certifications required by that statute to receive any information concerning (a) significant deficiencies in the design or operation of internal control over financial reporting which could adversely affect the Company's ability to record, process, summarize and report financial data and (b) any fraud, whether or not material, that involves management or other employees who have a significant role in the Company's internal control over financial reporting. The Audit Committee received reports throughout the year on the progress of the review of the Company's internal controls for compliance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder. The Audit Committee obtained periodic updates from management on the process and reviewed management's and the independent registered public accounting firm's evaluation of the Company's system of internal control to be included in the Annual Report on Form 10-K for the fiscal year ended October 31, 2005 to be filed with the Securities and Exchange Commission. The Audit Committee's Chairman held separate telephonic discussions with the independent registered public accounting firm and management prior to each release of Company quarterly and annual financial information or the filing of any such information with the SEC.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended October 31, 2005 for filing with the SEC. The Audit Committee's recommendation was considered and approved by the Board of Directors. The Audit Committee also re-appointed, subject to stockholder approval, Ernst & Young LLP as the Company's independent registered public accounting firm for the 2006 fiscal year.

The Audit Committee also annually reviews its charter, reports to the Board of Directors on its performance and conducts a committee self-assessment process.

Respectfully submitted on December 15, 2005, by the members of the Audit Committee of the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and the regulations thereunder require certain of the Company's officers, as well as the Company's directors and persons who own more than ten percent of a registered class of the Company's equity securities (collectively, the "reporting persons") to file reports of ownership and changes in ownership with the SEC and to furnish the Company with copies of these reports. Based on the Company's review of the copies of these reports received by it, and written representations received from reporting persons, the Company believes that all filings required to be made by the reporting persons for the period November 1, 2004 through October 31, 2005 were made on a timely basis.

CERTAIN TRANSACTIONS

In order to help provide for an orderly market in the Company's common stock in the event of the death of either Robert I. Toll or Bruce E. Toll (the "Tolls"), or both of them, the Company and the Tolls entered into agreements in 1995 in which the Company agreed to purchase from the estate of each of the Tolls \$10 million of the Company's common stock (or a lesser amount under certain circumstances), at a price equal to the greater of fair market value (as defined) or book value (as defined). Each of the Tolls agreed to allow the Company to purchase \$10 million of life insurance on his life. In addition, each of the Tolls granted to the Company, at no cost to it, an option to purchase up to an additional \$30 million (or a lesser amount under certain circumstances) of common stock from his estate. In May 2005, these agreements with Robert I. Toll and Bruce E. Toll were terminated by mutual consent of the Company and the Tolls and the insurance policy on the life of Bruce E. Toll was cancelled. The insurance policy on the life of Robert I. Toll expired in October 2005.

In addition to the performance of their duties for the Company, the Tolls, either jointly or independently, have engaged, and continue to engage, in certain other businesses in real estate. These businesses include the purchase, sale and management of townhome, apartment, condominium, commercial and industrial real estate projects for rental. The Company leases, at what it believes to be competitive market rates, office space from a business controlled by Robert I. Toll, Bruce E. Toll, Zvi Barzilay and Joel H. Rassman. During the last fiscal year, the Company paid to such business approximately \$66,618 in rent. The Company also leases, at what it believes to be competitive market rates, two apartments in an apartment complex owned by a business controlled by Robert I. Toll and Bruce E. Toll. The apartments were leased by the Company during fiscal 2005 for use by outside consultants and the lease agreements expire in March 2006. During fiscal 2005, the Company paid \$15,690 in rent for the apartments. The Company provided services to other businesses controlled by the Tolls during the fiscal year, which were billed at cost and paid throughout the year in advance with monies deposited with the Company to pay for services provided by the Company to them. These transactions are reviewed and monitored by the Audit Committee. In addition to the foregoing, Mr. Robert I. Toll has agreed, with the approval of the Executive Compensation Committee, to pay for one-half of the cost of an employee of the Company who provides Mr. Toll with investment advice.

To take advantage of commercial real estate opportunities, the Company formed Toll Brothers Realty Trust Group (the "Trust") in 1998. The Trust is effectively owned one-third by the Company, one-third by Robert I. Toll, Bruce E. Toll (and members of his family), Zvi Barzilay (and members of his family), Joel H. Rassman, and other members of the Company's senior management, and one-third by the Pennsylvania State Employees Retirement System (collectively, the "Shareholders"). The Shareholders entered into subscription agreements whereby each group had agreed to invest additional capital in an amount not to exceed \$9.3 million if required by the Trust. The subscription agreements, which originally were due to expire in August 2005, were extended until August 2006 and the commitment amounts were reduced to a maximum of \$1.85 million from each of the parties. At October 31, 2005, the Company had an investment of \$6.2 million in the Trust.

[Back to Contents](#)

The Company provides development, finance and management services to the Trust and received fees under the terms of various agreements of approximately \$2.2 million in fiscal 2005. The Company believes that these transactions were on terms no less favorable than it would have agreed to with unrelated parties. The Company also incurs certain costs on behalf of the Trust for which the Company is reimbursed by the Trust. These fees and reimbursements were paid to the Company throughout the year. The amount due the Company for fees and reimbursements as of October 31, 2005, was approximately \$115,500. The largest amount due the Company from the Trust at any time during the last fiscal year was approximately \$312,700.

During fiscal 2005, the Company sold a home site to Robert I. Toll for the price of \$797,350, representing a \$60,465 or 7.5% discount from the normal purchase price. The 7.5% discount was given in accordance with the Company's policy of providing home purchase discounts to employees.

During fiscal 2005, the Company entered into a contract to build and sell a home to a daughter of Robert I. Toll and her husband, an employee of the Company, for a price of approximately \$1,488,600, representing a 3% discount or approximately \$46,000 from the normal purchase price. The 3% discount is consistent with the Company's policy of providing home purchase discounts to immediate family members of Company employees, which was adopted at the beginning of fiscal 2006.

During fiscal 2005, Zvi Barzilay purchased certain materials from the Company at cost, which represented a discount of approximately 15% from what the Company would charge to an outside customer. The total paid by Mr. Barzilay for such materials during fiscal 2005 was approximately \$69,200. Mr. Barzilay prepaid for the materials prior to their receipt. Mr. Barzilay is expected to purchase additional materials in fiscal 2006.

Noah Grassi, the husband of Robert I. Toll's daughter, is employed by the Company as a Project Manager and in fiscal 2005 received \$59,838 in base salary and a bonus of \$8,510. Mr. Grassi also received normal fringe benefits such as medical insurance, life insurance, disability insurance, contributions to the Company's 401(k) Plan and auto and gas allowances with an estimated value of approximately \$22,198.

Adam Barzilay, the son of Zvi Barzilay, is employed by the Company as a Land Acquisition Manager and in fiscal 2005 received \$104,346 in base salary. In addition to his base salary, Mr. Barzilay received a bonus of \$10,000 and options for 2,500 shares of the Company's common stock which vest over four years. Mr. Barzilay also received normal fringe benefits such as medical insurance, life insurance, disability insurance, contributions to the Company's 401(k) Plan and auto and gas allowances with an estimated value of approximately \$25,188.

The Company believes that the compensation paid to each of Messrs. Grassi and Barzilay is equivalent to the compensation it would pay to unrelated individuals for similar positions.

On November 22, 2004, the Company's mortgage subsidiary made a \$333,700 mortgage loan to a non-employee son of Zvi Barzilay. The mortgage loan was made in the normal course of the Company's mortgage company's business on terms no more favorable than it would have given to an unrelated borrower. The Company gave Mr. Barzilay's son a discount on the fees which represented a normal courtesy discount offered to employees and their relatives. This loan was sold by the mortgage subsidiary to an unrelated party on December 1, 2004.

The Audit Committee, concerned with the safety and security of Company executives while traveling on Company business and the extensive amount of time lost due to such travel, approved the chartering, from time to time, for business purposes, of an aircraft that is owned and operated by Grey Falcon, LLC and Grey Falcon Management, L.P., companies solely owned by Robert I. Toll and an affiliate of Robert I. Toll. The charter rates paid by the Company were less than those generally charged in the industry for the same type aircraft. In fiscal 2005 and the period from the end of fiscal 2005 through the date of this proxy statement, Mr. Toll's companies have received or are entitled to receive fees for chartering the aircraft of approximately \$322,744 from the Company.

Ballard, Spahr, Andrews & Ingersoll, LLP, the law firm of which Richard J. Braemer, a director of the Company, is a partner, acted as counsel to the Company in various matters during fiscal 2005 and was paid aggregate fees of approximately \$276,038 during fiscal 2005.

For information regarding certain other transactions, see "Proposal One" Election of Directors for Terms Ending 2009 " Compensation of Directors."

STOCKHOLDER PROPOSALS FOR THE 2007 ANNUAL MEETING OF STOCKHOLDERS

Stockholders interested in submitting a proposal to be considered for inclusion in the Company's proxy statement and form of proxy for the 2007 Annual Meeting of Stockholders may do so by following the procedures prescribed by SEC Rule 14a-8. To be eligible for inclusion, proposals must be submitted in writing and received by the Company at the address appearing on the first page of this proxy statement by October 3, 2006.

A stockholder of the Company may wish to have a proposal presented at the 2007 Annual Meeting of Stockholders, but not to have the proposal included in the Company's proxy statement and form of proxy relating to that meeting. Under the Company's bylaws, except as otherwise prescribed by the presiding officer, no business may be brought before the annual meeting unless it is specified in the notice of meeting or is otherwise brought before the meeting at the direction of the Board of Directors, by the presiding officer, or by a stockholder entitled to vote who has delivered written notice to the Company (containing certain information specified in the bylaws about the stockholder and the proposed action) not less than 60 or more than 90 days prior to the first anniversary of the preceding year's annual meeting—that is, with respect to the 2007 Annual Meeting of Stockholders, between December 14, 2006 and January 13, 2007. In addition, any stockholder who wishes to submit a nomination for director to the Board must deliver written notice of the nomination within this time period and comply with the information requirements in the bylaws relating to stockholder nominations. These requirements are separate from and in addition to (a) the SEC requirements referenced above for inclusion of a stockholder proposal in the Company's proxy statement, and (b) the requirements set forth below for having the Company's Nominating and Corporate Governance Committee consider a person, who has been recommended by certain stockholders, for nomination as a director. If notice of any such proposal is not submitted in writing and received by the Company at the address appearing on the first page of this proxy statement by December 23, 2006, then such proposal shall be deemed "untimely" for purposes of Rule 14a-4 promulgated under the Securities Exchange Act of 1934 and, therefore, the persons appointed by the Company's Board of Directors as its proxies will have the right to exercise discretionary voting authority with respect to such proposal.

PROCEDURES FOR NOMINATING OR RECOMMENDING FOR NOMINATION CANDIDATES FOR DIRECTOR

Any stockholder may submit a nomination for director by following the procedures outlined in Section 2-8 of the Company's bylaws. In addition, the Nominating and Corporate Governance Committee has adopted a policy permitting stockholders to recommend candidates for director under certain circumstances. The Nominating and Corporate Governance Committee will only consider nominating a candidate for director who is recommended by a stockholder who has been a continuous record owner of at least 1% of the common stock of the Company for at least one year prior to submission of the candidate's name and who provides a written statement that the holder intends to continue ownership of the shares through the annual meeting of stockholders. Notice must be given to the Nominating and Corporate Governance Committee with respect to a stockholder nominee no more than 150 days and no less than 120 days prior to the anniversary date of this proxy statement. In order to be considered for nomination as a candidate for election as a director at the 2007 Annual Meeting of Stockholders, a candidate recommended by a stockholder shall, at a minimum, possess a background that includes a solid education, extensive business

experience and the requisite reputation, character, integrity, skills, judgment and temperament, which, in the view of the Nominating and Corporate Governance Committee have prepared him or her for dealing with the multi-faceted financial, business and other issues that confront a Board of Directors of a corporation with the size, complexity, reputation and success of the Company.

HOUSEHOLDING INFORMATION

The SEC permits companies and intermediaries (such as brokers and banks) to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report to those stockholders. This process, which is commonly referred to as "householding," is intended to reduce the volume of duplicate information stockholders receive and also reduce expenses for companies. While the Company does not utilize householding, some intermediaries may be "householding" our proxy materials and annual report. Once you have received notice from your broker or another intermediary that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you hold your shares through an intermediary that sent a single proxy statement and annual report to multiple stockholders in your household, we will promptly deliver a separate copy of each of these documents to you if you send a written request to us at our address appearing on the first page of this proxy statement to the attention of the Director of Investor Relations or by calling (215) 938-8000. If you hold your shares through an intermediary that is utilizing householding and you want to receive separate copies of our annual report and proxy statement in the future, you should contact your bank, broker or other nominee record holder.

SOLICITATION OF PROXIES

The enclosed form of proxy is being solicited on behalf of the Company's Board of Directors. The Company will bear the cost of the solicitation of proxies for the Meeting, including the cost of preparing, assembling and mailing proxy materials, the handling and tabulation of proxies received, and charges of brokerage houses and other institutions, nominees and fiduciaries in forwarding such materials to beneficial owners. In addition to the mailing of the proxy material, such solicitation may be made in person or by telephone, telegraph or telecopy by directors, officers or regular employees of the Company, or by a professional proxy solicitation organization engaged by the Company.

ANNUAL REPORT ON FORM 10-K

The Company makes available free of charge on www.tollbrothers.com the Company's annual report on Form 10-K as filed with the SEC. The Company will provide without charge to each person whose proxy is being solicited by this proxy statement, on the written request of any such person, a copy of the Company's Annual Report on Form 10-K as filed with the SEC for its most recent fiscal year. Such written requests should be directed to Director of Investor Relations, at the address of the Company appearing on the first page of this proxy statement.
