**CVRD files request for debentures public offer in Brazil**

Rio de Janeiro, October 27, 2006 Companhia Vale do Rio Doce (CVRD) informs that it filed today with Comissão de Valores Mobiliários (CVM), the Brazilian Securities Commission, a request for a non convertible debentures public offer in the Brazilian market (debentures), in the amount of R\$ 5,000,000,000.00 (five billion Brazilian reais), according to the terms and conditions of CVM Instruction number 400, dated December 29, 2003.

The funds generated from this issuance will be allocated to amortize part of the bridge loan supplied by a syndicate of 37 banks to finance the acquisition of Inco Limited (Inco), as publicly announced on October 26, 2006.

The refinancing of the bridge loan has the purpose to preserve CVRD average debt maturity close to that registered before the acquisition of Inco shares, to maintain the Company's low risk debt profile and minimize its weighted average cost of capital, assuring the consolidation of its good reputation in the global financial markets.
