### Press Releases for Exchange Offer Amendments & Private Placement of Senior Unsecured Notes

On September 17, 2009, MGM MIRAGE (the Company) issued a press release announcing amendments to its private exchange offer for the Company's outstanding 8.50% senior notes due 2010 (the Exchange Offer Amendments). The text of the press release regarding the Exchange Offer Amendments, attached hereto as Exhibit 99.1, is incorporated herein by reference.

Additionally, on September 17, 2009, the Company issued a press release announcing its proposal to make a private placement of \$350 million in aggregate principal amount of senior unsecured notes due 2018 (the Private Placement). The text of the press release regarding the Private Placement, attached hereto as Exhibit 99.2, is incorporated herein by reference.

### CityCenter Investment

The Company is currently evaluating certain impairment considerations in connection with its third quarter 2009 reporting requirements. As disclosed in its Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2009 (the June 30 10-Q) filed with the Securities and Exchange Commission (SEC), the Company evaluates its investments in unconsolidated affiliates for impairment whenever events or changes in circumstances indicate that the carrying value of such investment may have experienced an other-than-temporary decline in value. If such conditions exist, the Company compares the estimated fair value of the investment to its carrying value to determine if an impairment is indicated and determines whether such impairment is other-than-temporary based on its assessment of relevant factors. The Company estimates fair value using a discounted cash flow analysis utilizing Level 3 inputs under Accounting Standards Codification topic 820, *Fair Value Measurements and Disclosures*, including market indicators of discount rates and terminal year capitalization rates. At March 31, 2009, the Company reviewed its CityCenter investment for impairment. The Company's discounted cash flow analysis for CityCenter was based on estimated future cash outflows for construction and maintenance expenditures and future cash inflows from operations and residential sales of CityCenter. Based on its analysis, the Company determined that no impairment charge was necessary at March 31, 2009.

The Company expects to conduct an impairment analysis of its investment in CityCenter as of September 30, 2009. The Company believes it is reasonably likely that the outcome of this review may lead to a non-cash impairment charge but cannot reasonably estimate the amount or range of such impairment charge at this time.

In addition, CityCenter has a significant amount of residential real estate currently under development. Its ability to close out its residential sales program will be based, in part, on future market conditions. As disclosed in the June 30 10-Q, CityCenter may incur a non-cash impairment charge if discounts to the prices of residential units prior to completion lead to a conclusion that the carrying value of the residential inventory is not recoverable based on management's estimates of undiscounted cash flows. Once the residential inventory is complete, CityCenter will be required to measure such inventory at the lower of a) its carrying value, or b) fair value less cost to sell. It is reasonably likely that the fair value less cost to sell of the residential inventory at completion will be below the inventory's carrying value, and that the joint venture will be required to record an impairment charge at that time which may be in the fourth quarter of 2009 or the first quarter of 2010. The Company would record 50% of any such impairment, offset by certain basis differences, as a part of Income from Unconsolidated Affiliates in its Consolidated Statements of Operations.

The Company believes that CityCenter will be required to review its residential real estate currently under development for impairment as of September 30, 2009. The Company believes it is reasonably likely that the outcome of this review may lead to a non-cash impairment charge at CityCenter, but cannot reasonably estimate the amount or range of such impairment charge at this time.
