PROXY STATEMENT

Shelton, Connecticut
October 13, 2009

The accompanying Proxy is solicited by and on behalf of the Board of Directors of Baldwin Technology Company, Inc., a Delaware corporation (the Company or Baldwin), for use only at the Annual Meeting of Stockholders (the Annual Meeting) to be held at the offices of the Company, 2 Trap Falls Road, Suite 402, Shelton, Connecticut on the 10th day of November, 2009 at 10:00 a.m., Eastern Standard Time, and at any adjournment thereof. The approximate date on which this Proxy Statement and accompanying Proxy will first be given or sent to stockholders is October 13, 2009.

Each Proxy executed and returned by a stockholder may be revoked at any time thereafter, by written notice to that effect to the Company, attention of the Secretary, prior to the Annual Meeting, or to the Chairman or the Inspectors of Election, at the Annual Meeting, or by execution and return of a later-dated Proxy, except as to any matter voted upon prior to such revocation.

Proxies in the accompanying form will be voted in accordance with the specifications made and, where no specifications are given, will be voted FOR the election as Directors of the nominees named herein and if any one or more of such nominees should become unavailable for election for any reason then FOR the election of any substitute nominee that the Board of Directors of the Company may propose. At the discretion of the proxy holders, the Proxies will also be voted FOR or AGAINST such other matters as may properly come before the meeting. The management of the Company is not aware of any other matter to be presented for action at the meeting.

With regard to the election of Directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be counted as present for purposes of determining the existence of a quorum and will not have any effect on the vote. Except for the election of Directors, abstentions may be specified on all proposals and will be counted as present for the purposes of determining the existence of a quorum regarding the item on which the abstention is specified. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum, but will not be counted for any purpose in determining whether a matter has been approved.

The required votes for the election of Directors is described below under the caption Voting Securities.

With respect to any other matter requiring action at the meeting, the affirmative vote of a majority of the votes entitled to be cast by the holders of the outstanding shares of Class A Common Stock, par value \$0.01 per shares (the Class A Common Stock), and Class B Common Stock, par value \$0.01 per shares (the Class B Common Stock), present, in person or by proxy, and entitled to vote at the meeting, voting as a single class, with each share of Class A Common Stock having one (1) vote per share and each share of Class B Common Stock having ten (10) votes per share, is required for the approval of any such matter.

Important Notice Regarding the Internet Availability of Proxy Materials for the 2009 Annual Meeting

The U.S. Securities and Exchange Commission, or SEC, recently adopted new e-proxy rules that require companies to post their proxy materials on the internet and permit them to provide only a Notice of Internet

Availability of Proxy Materials to shareholders. For this proxy statement, we have chosen to follow the SEC's full set delivery option, and therefore, although we are posting a full set of our proxy materials (this proxy statement, the proxy card and our Annual Report for the fiscal year ended June 30, 2009) online, we are also mailing a full set of our proxy materials to our stockholders by mail. Therefore, even if you previously consented to receiving your proxy materials electronically, you will receive a copy of these proxy materials by mail. We believe that mailing a full set of proxy materials will help ensure that a majority of our outstanding Class A and Class B Common Stock is present in person or represented by proxy at our meeting. We also hope to help maximize stockholder participation. However, we will continue to evaluate the option of providing only a Notice of Internet Availability of Proxy Materials to some or all of our stockholders in the future.

The Company's Proxy Statement for the 2009 Annual Meeting of Stockholders, Proxy Cards, the Company's Annual Report to Shareholders for the fiscal year ended June 30, 2009 and Report on Form 10-K are available at <http://www.annualmeeting.baldwintech.com>.

We are mailing a full set of our printed proxy materials to stockholders of record on or about October 13, 2009. On this date, all stockholders of record and beneficial owners will have the ability to access all of the proxy materials on the web site referred to above. These proxy materials will be available free of charge.

VOTING SECURITIES

The Board of Directors has fixed the close of business on September 30, 2009 as the record date for the determination of stockholders entitled to receive notice of and to vote at the Annual Meeting. The issued and outstanding stock of the Company on September 30, 2009 consisted of 14,573,919 shares of Class A Common Stock and 1,092,555 shares of Class B Common Stock.

With respect to the election of Directors, the holders of Class A Common Stock, voting as a separate class, are entitled to elect 25% of the total number of Directors (or the nearest higher whole number) constituting the entire Board of Directors. Accordingly, the holders of Class A Common Stock are entitled to elect two of the seven Directors that will constitute the entire Board of Directors. Holders of Class B Common Stock, voting as a separate class, are entitled to elect the remaining Directors, so long as the number of outstanding shares of Class B Common Stock is equal to at least 12.5% of the number of outstanding shares of both classes of Common Stock as of the record date. If the number of outstanding shares of Class B Common Stock is less than 12.5% of the total number of outstanding shares of both classes of Common Stock as of the record date, the remaining directors are elected by the holders of both classes of Common Stock voting together as a single class, with the holders of Class A Common Stock having one vote per share and the holders of Class B Common Stock having ten votes per share. As of September 30, 2009, the number of outstanding shares of Class B Common Stock constituted approximately 7% of the total number of outstanding shares of both classes of Common Stock. Accordingly, the holders of Class A Common Stock and Class B Common Stock, voting together as a single class, are entitled to elect five of the seven Directors that will constitute the entire Board of Directors.

Except with respect to the election or removal of Directors and certain other matters with respect to which Delaware law requires each class to vote as a separate class, the holders of Class A Common Stock and Class B Common Stock vote as a single class on all matters, with each share of Class A Common Stock having one (1) vote per share and each share of Class B Common Stock having ten (10) votes per share. A quorum of stockholders is constituted by the presence, in person or by proxy, of holders of a majority in number of the total outstanding shares of stock of the Company entitled to vote at such meeting.

With respect to the election or removal of Directors and certain other matters with respect to which Delaware law requires each class to vote as a separate class, a quorum of the stockholders of each such class is constituted by the presence, in person or by proxy, of holders of a majority in number of the total outstanding shares of such class. As stated above, proxies withheld and broker non-votes will be excluded entirely with respect to the election of Directors and have no effect on the votes thereon.

CORPORATE GOVERNANCE

Becker and Rolf Bergstrom. The charter of the Audit Committee, as most recently amended in June 2009, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance section. The Board of Directors has determined that all of the members of the Audit Committee are independent, as defined by the rules of the SEC and the NYSE Amex and that Messrs. Salvagio and Becker both qualify as Audit Committee Financial Experts.

Compensation Committee

The Compensation Committee has the responsibility for, among other things, reviewing and making recommendations to the full Board concerning compensation and benefit arrangements for the executive officers of the Company, other than the Chief Executive Officer. The Compensation Committee also administers the Company's 2005 Equity Compensation Plan (the 2005 Plan). During the fiscal year ended June 30, 2009, the Compensation Committee met five (5) times and acted by unanimous written consent two (2) times. The Compensation Committee presently consists of Claes Warnander (Chairman), Mark T. Becker (who served as Chairman of the Committee until August 2009) and Judith A. Mulholland. The charter of the Compensation Committee, as most recently amended in February 2009, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance Section. The Board of Directors has determined that all of the current members of the Committee are independent as defined by the rules of the SEC and the NYSE Amex. See also Role of Compensation Committee in the Compensation Discussion and Analysis section below.

Nominating Committee

The Nominating Committee assists the Board in achieving the highest possible level of performance in fulfilling its oversight responsibilities. The Nominating Committee is responsible for implementing processes to assess the Board and its committees, and reviews the Board's required status, experience, mix of skills and other qualities to assure appropriate Board composition. During the fiscal year ended June 30, 2009, the Nominating Committee met two (2) times. The Nominating Committee presently consists of Rolf Bergstrom (Chairman), Mark T. Becker, Judith A. The Independent Directors are Mark T. Becker, Rolf Bergstrom (who currently serves as Lead Director), Judith A. Mulholland (who served as Lead Director until November 2008), Ronald B. Salvagio and Claes Warnander. The Statement of Principles (Charter) of the Board of Directors, as most recently amended in June 2009 and which sets forth in more detail the duties and responsibilities of the Board and the Independent Directors, is posted on the Company's web site (www.baldwintech.com) under the Corporate Governance section.

Stockholder Communications with Directors

Any stockholder wishing to communicate with the Board or a specified individual director may do so by contacting the Company's Corporate Secretary, in writing, at the corporate address listed on the notice to which this proxy statement is attached, or by telephone at (203) 402-1000. The Corporate Secretary will forward to the Board or the specified director a written, e-mail or phone communication. The Corporate Secretary has been authorized by the Board to screen frivolous or unlawful communications or commercial advertisements.

The Board Nomination Process

The Company established a Nominating Committee in February 2009 comprised of all the Independent Directors. The Lead Director serves as the Chairman of the Nominating Committee.

The Nominating Committee will implement processes to assess the Board and its committees and review the Board's required status, experience, mix of skills and other qualities to assure appropriate Board composition. The Nominating Committee will evaluate the qualifications of candidates for Board membership and recommend to the Board nominees for open or newly created director positions. The Committee will periodically review the composition of the Board to determine whether it may be appropriate to add individuals with different backgrounds or skill sets from those already on the Board, and submit to the Board on an annual basis a report summarizing its conclusions regarding these matters.

The Nominating Committee will consider director candidates recommended by stockholders as long as such recommendations are received at least 120 days before the stockholders meet to elect directors. Accordingly, stockholders who wish to recommend for consideration by the Nominating Committee a prospective candidate for election to the Board at the 2010 Annual Meeting of Stockholders may do so by notifying the Corporate Secretary in writing at the corporate address listed on the notice to which this proxy statement is attached no later than July 11, 2010. The Corporate Secretary will pass all such stockholder recommendations on to Mr. Bergstrom, the Lead Director (and Chair of the Nominating Committee) for consideration by the Nominating Committee. Any such recommendation should provide whatever supporting material the stockholder considers appropriate, but should at a minimum include such background and biographical material as will enable the Nominating Committee to make an initial determination as to whether the candidate satisfies the Board membership criteria set out in the Board of Directors' Statement of Principles. All candidates submitted by a stockholder or stockholder group are reviewed and considered in the same manner as all other candidates. No stockholder recommendations of director candidates were received by the Nominating Committee or the Independent Directors during the Company's fiscal year ended June 30, 2009.

ELECTION OF DIRECTORS

Under the Company's Certificate of Incorporation, the Board of Directors (the Board) is divided into three classes, with each class being as equal in size as possible. One class is elected each year. Directors in each class hold office for a term of three years and until their respective successors are elected and qualified. There are currently eight members of the Company's Board of Directors; however, the Board has voted to reduce the size of the Board to seven members following the retirement of Judith A. Mulholland, effective immediately preceding the 2009 Annual Meeting of Stockholders.

Mark T. Becker and Ronald B. Salvagio, Class II Directors (and Judith A. Mulholland, a Class I Director, who is not standing for re-election) were elected by a plurality vote of the outstanding shares of Class A Common Stock. Samuel B. Fortenbaugh III and Rolf Bergstrom, Class I Directors, Gerald A. Nathe, a Class II Director, and Karl S. Puehringer and Claes Warnander, Class III Directors, were elected by a plurality vote of the outstanding shares of Class A Common Stock and Class B Common Stock, voting together as a single class.

At this year's Annual Meeting, two Directors will be elected to Class I. If elected, their terms will expire at the Annual Meeting to be held in 2012. Samuel B. Fortenbaugh III and Rolf Bergstrom, who are currently Class I Directors, have been nominated to serve as Class I Directors. Messrs. Fortenbaugh and Bergstrom have consented to being named in this proxy statement and will each serve as a Director, if elected. Messrs. Fortenbaugh and Bergstrom may be elected by a plurality vote of the outstanding shares of Class A Common Stock and Class B Common Stock present, in person or by proxy, and entitled to vote at the meeting, voting together as a single class.

The Board of Directors knows of no reason why any nominee for Director would be unable to serve as a Director. If any nominee should for any reason be unable to serve, the shares represented by all valid proxies not containing contrary instructions may be voted for the election of such other person as the Board may recommend in place of the nominee who is unable to serve.

Set forth below are the names of all continuing Directors and nominees and certain biographical information with respect to each such continuing Director and nominee.

Nominees for election at the 2009 Annual Meeting:

He has served as a Director of the Company since 1987. Mr. Fortenbaugh also served as a director and Chair of the Compensation Committee of Security Capital Corporation, an employer cost containment and health services and educational services company, until September 13, 2006 when that entity was acquired in a merger.

Rolf Bergstrom, age 67, has served as a Director of the Company since 2003. Mr. Bergstrom has owned and operated since 1998 a consulting firm, Bergstrom Tillvaxt AB, a company specializing in strategic planning, managed growth and restructuring companies.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of the Company assists the Board in its oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company. The committee operates under a written charter adopted by the Board. A copy of the Audit Committee Charter, as amended in June 2009, is posted on the Company's web site under the Corporate Governance section. The committee is comprised of three non-employee directors, each of whom is independent as defined by the rules of the SEC and the NYSE Amex as in effect on the date of this proxy statement. In addition, the Board has determined that two members of the committee have accounting or related financial management expertise. The Chairman, Ronald B. Salvagio, and another member of the committee, Mark T. Becker, have both been designated as Audit Committee Financial Experts.

In performing its oversight responsibilities, the committee reviewed and discussed the audited consolidated financial statements of the Company as of and for the fiscal year ended June 30, 2009, with management and Grant Thornton LLP (GT), the Company's independent registered public accounting firm. Management has the primary responsibility for the financial statements and the reporting process. GT is responsible for expressing an opinion as to whether these financial statements are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States.

The committee has reviewed and discussed the consolidated financial statements of the Company and its subsidiaries, which are included as Item 8 in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2009, with management of the Company and GT.

The committee also discussed GT's judgment with GT as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with GT by the standards of Public Company Accounting Oversight Board (United States), including those described in Statement on Auditing Standards No. 61, Communications with Audit Committees and SEC Rule 2-07 of Regulation S-X.

The committee has received the written disclosures and the letter from GT required by applicable requirements of the Public Company Accounting Oversight Board and has discussed GT's independence from the Company with GT. The committee considered whether the provision of non-audit services by GT to the Company was compatible with maintaining the independence of GT and concluded that the independence of GT was not compromised by the provision of such services.

Based on the review and discussions with management of the Company and GT referred to above, the Audit Committee recommended to the Board of Directors that the Company publish the consolidated financial statements of the Company and subsidiaries for the fiscal year ended June 30, 2009 in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2009 and include such financial statements in its Annual Report to Stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we provide an overview and analysis of our executive officer compensation program and policies. Later in this proxy statement, there is a series of tables containing specific information about the compensation earned or paid in the fiscal year ended June 30, 2009 to the following individuals who are referred to as our named executive officers (NEOs): Gerald A. Nathe, our Chairman of the Board, Karl S. Puehringer, our President and Chief Executive Officer, John P. Jordan, our Vice President, Chief Financial Officer and Treasurer, and Shaun J. Kilfoyle, formerly one of our Vice Presidents.

Compensation Philosophy and Objectives

The Company recognizes that a critical balance needs to be maintained between compensation and the successful pursuit of the Company's long-term performance and business strategies. The Company compensates its senior executives and certain other senior management employees, whose contributions are key to the Company's success, in a manner that the Company believes will attract and retain high caliber leaders and motivate its executives and senior management to pursue the Company's long-term performance and strategic objectives. To that end, the Company is committed to affording its executive officers and senior management employees with compensation competitive for their knowledge, skill, experience, and responsibilities as well as competitive with the market(s) in which the Company may be required to compete for executive and/or senior management talent.

The Company and the Compensation Committee of the Board of Directors (the Committee) has implemented a compensation philosophy that provides for a base compensation, broad-based benefit plans available to all employees, annual incentive bonuses and long-term equity compensation in order to motivate executives and senior management to achieve the Company's strategic objectives, to align the interests of executives and senior managers with the interests of its stockholders, to provide competitive total compensation, to attract, retain and motivate key management employees and to reward individual, regional/business unit and corporate consolidated performance.

Role of the Compensation Committee

The Committee is comprised of three non-employee Directors of the Company, each of whom is considered independent under the rules of the NYSE Amex. The Committee operates pursuant to a written charter adopted by the Board, a copy of which is posted on the Company's web site. The purpose of the Committee is to assist the Board of Directors of the Company in ensuring that proper systems of long-term and short-term compensation are in place to provide performance-oriented incentives and that compensation plans are appropriate and competitive and properly reflect the objectives and performance of management and the Company. The principal responsibilities of the Committee include: 1) to review and make recommendations to the Board as to the general compensation policies and practices of the Company for management employees of the Company, and to review and make recommendations to the Board as to the adoption or modification of compensation and benefit plans for executive officers; 2) to review the performance of the Chief Executive Officer of the Company and make a recommendation to the Lead Director and other Independent Directors with respect to the total compensation for the Chief Executive Officer; 3) to review and make a recommendation to the entire Board of Directors with respect to the total compensation of each of the NEOs and such other employees of the Company and its subsidiaries as the Committee deems appropriate; 4) to administer and approve awards to management-level employees under the Company's 2005 Plan; 5) to interpret, administer and approve management's recommendations as to equity awards for non-management employees under the Company's 2005 Plan; 6) to review and make recommendations to the Board for

awards under the Company's 2005 Plan to executive officers of the Company; 7) to review and make recommendations to the Lead Director and to other Independent Directors of the Board for awards under the Company's 2005 Plan to the Chief Executive Officer; 8) to review and make recommendations to the Board of Directors of the Company as to any contractual or other special employment arrangements for executive officers (and other management employees) of the Company or any of its subsidiaries; 9) to report annually to stockholders of the Company as to the Committee's compensation policies for the executive officers of the Company, and the basis, including the factors and criteria, for the compensation paid to the Chief Executive Officer of the Company; and 10) to review and make recommendations to the Board with respect to the compensation of and benefits for directors who are not employees of the Company.

Specific Elements of NEO Compensation

General

For each of the NEOs of the Company (except the Chairman) named in the Summary Compensation Table below, compensation consists of a base salary, a potential for an incentive cash bonus, equity compensation awards, and other perquisites. Certain of these NEOs also have supplemental retirement benefits. The Committee annually reviews the total compensation package paid to each of the NEOs and certain other senior management employees. In fiscal 2009, the Committee and the Company's human resources group used the consulting firm, Executive Resource Group, to provide information from their database of surveys and comparable compensation packages paid to executives at a broad range of publicly traded manufacturing companies with market values, revenue sizes, and global operating footprints similar to those of the Company. The Committee compared the compensation packages the Company provides to its NEOs with those benchmarks in determining the appropriateness of the compensation packages paid to the NEOs and makes adjustments where appropriate.

Base Salary

The base salary in place for executives as well as non-executive employees is intended to attract and retain top level talent as well as to compensate employees for their knowledge, skill, experience, and overall job responsibilities.

The salary of Gerald A. Nathe is fixed by an employment agreement that was negotiated between Mr. Nathe and the Compensation Committee and approved by the Board of Directors. Mr. Nathe's base salary is subject to an annual increase based on performance, which is reviewed annually by the Board of Directors, and the attainment of objectives mutually agreed upon with the Board of Directors. Recommended annual increases to Mr. Nathe's base salary are subject to review and approval of the Compensation Committee and the Board of Directors.

The base salary of Karl S. Puehringer is fixed by an employment agreement that was negotiated between Mr. Puehringer and the Compensation Committee and approved by the Independent Directors of the Board of Directors. Mr. Puehringer's base salary is subject to an annual increase based on performance, which is reviewed annually by the Independent Directors of the Board of Directors, and the attainment of objectives mutually agreed-upon with the Independent Directors. Recommended annual increases to Mr. Puehringer's base salary are subject to review and approval of the Compensation Committee, the Independent Directors of the Board and the Board of Directors.

The base salaries of the other NEOs are also fixed by employment agreements entered into between the NEOs and the Company and approved by the Compensation Committee and the Board of Directors. Under the employment agreements in place, each NEO's base salary is subject to an annual increase based on performance, which is reviewed annually by Mr. Puehringer. Recommended annual increases to the base salaries of the NEOs are also subject to review and approval of the Compensation Committee and the Board of Directors. By Letter Agreements dated January 29, 2009, each of the NEOs agreed to reduce their respective annual base salaries by ten (10%) percent, effective February 1, 2009.

See a more detailed description of the terms of each employment agreement between the Company and an NEO in the Employment Agreements section below.

Bonus

Executive Officers (except the Chairman) and key management and non-management employees are eligible to receive cash bonuses provided through the Company's annual Management Incentive Compensation Plan (MICP). Each year, the MICP is designed to reward, recognize and motivate the NEOs and certain other key management employees for their contributions on a total company as well as a regional/business unit basis. Each NEO and key manager participant can earn cash incentive compensation based on a target bonus percentage of his/her base salary upon the achievement of certain MICP performance targets whose purpose is to focus the Company's attention on earnings (through Profit Before Tax) and on cash (through Operating Cash Flow). The individual target award opportunities for MICP participants range from 7.5% to 50% of base salary with Mr. Puehringer and Mr. Jordan each participating at the 50% bonus level and Mr. Kilfoyle participating at the 40% bonus level.

Equity Compensation Awards

The Company's NEOs as well as certain other management and non-management employees, who in the judgment of the Chief Executive Officer, are in a position to contribute significantly to the Company in order to create stockholder value, receive either/or a combination of stock options, restricted stock grants, restricted stock units, and performance shares generally once per year. Recommendations for issuing options, restricted stock, restricted stock units and performance shares are reviewed and approved by the Committee and the Board of Directors, and, in the instance of the Chief Executive Officer, by the Independent Directors.

Supplemental Retirement Benefits

Messrs. Nathe, Puehringer, Jordan and Kilfoyle are entitled to supplemental retirement benefits (SERPs) in accordance with their respective employment agreements. A SERP is a non-qualified defined retirement plan that provides supplemental retirement income to the named NEO. It provides retirement benefits in excess of the Company's 401(k) profit sharing and savings plan because of contribution limitations imposed by the IRS upon the Company's 401(k) plan. The IRS limit on earnings (\$245,000 for 2009) does not apply for SERP purposes.

Mr. Nathe's employment agreement provides for compensation to be paid to him, his designated beneficiary or beneficiaries, or his estate for a period of 15 years or his life, whichever is longer, following termination of his employment and subject to a vesting schedule set forth in his employment agreement. During fiscal year 2009,

\$100,266 was accrued by the Company on behalf of Mr. Nathe in connection with his benefit. The amount of the annual deferred compensation benefit which will be paid to Mr. Nathe upon retirement is estimated to be \$160,000.

Mr. Puehringer's employment agreement provides for compensation to be paid to him, his designated beneficiary or beneficiaries, or his estate for a period of fifteen (15) years upon termination of his employment and subject to a vesting schedule set forth in his employment agreement. The amount of the annual deferred compensation benefit to be paid to Mr. Puehringer is based on a final pay formula which includes years of service and final average base salary. The amount accrued by the Company on behalf of Mr. Puehringer in connection with his benefit during fiscal year 2009 was \$41,891. The estimated annual supplemental retirement benefit payable by the Company to Mr. Puehringer upon retirement is \$115,000. Currently 100% vested, the estimated annual benefit payable to Mr. Puehringer will be 30% of his average base salary for his last three (3) years of employment under his employment agreement.

Mr. Jordan's employment agreement provides for a supplemental retirement benefit to be paid to him for ten (10) years upon termination of his employment and subject to a vesting schedule set forth in his employment agreement. The amount of the annual benefit to be paid to Mr. Jordan is based on a final pay formula which includes years of service and final average base salary. The amount accrued by the Company on behalf of Mr. Jordan in connection with his benefit during fiscal year 2009 was \$80,132. When fully vested (on March 8, 2012), the estimated annual supplemental retirement benefit payable by the Company to Mr. Jordan upon retirement will be \$54,654. The estimated annual benefit payable to Mr. Jordan upon 100% vesting will be 20% of his average base salary for his last three (3) years of employment under his employment agreement and assuming a 4% general salary increase over each of the next three (3) years.

Mr. Kilfoyle's employment agreement provided for a supplemental retirement benefit to be paid to him for ten (10) years upon termination of his employment, which occurred on September 28, 2009, and subject to a vesting schedule set forth in his employment agreement. The amount of the annual benefit to be paid to Mr. Kilfoyle is based on a final pay formula which includes years of service and final average base salary. The amount accrued by the Company on behalf of Mr. Kilfoyle in connection with his benefit during fiscal year 2009 was \$33,743. On September 28, 2009, Mr. Kilfoyle's employment with the Company terminated and as a result, the annual supplemental retirement benefit payable by the Company to Mr. Kilfoyle will be \$61,294. The benefit payable to Mr. Kilfoyle which is 100% vested, is based on 30% of his average base salary for the last three (3) years of his employment prior to termination of his employment.

Perquisites

Generally, corporate officers are provided the same fringe benefits as all other Company employees in the U.S., such as health, dental, vision and prescription drug insurance; group life insurance; group short and long-term disability insurance; and participation in a 401(k) plan with a company match. In addition, NEOs are also provided certain perquisites such as a monthly car allowance, supplemental life and long-term disability insurance, club/membership fees, legal fees, and accounting/financial advice fees. The compensation received by each NEO on account of these personal benefits is shown in the column captioned "All Other Compensation" of the Summary Compensation Table below. As discussed above, Messrs. Nathe, Puehringer, Jordan, and Kilfoyle also receive supplemental retirement benefits as provided for in their respective employment agreements.

Severance and Change-in-Control Agreements

Messrs. Nathe, Puehringer, Jordan and Kilfoyle are afforded certain severance and change-in-control benefits as provided for in each of their respective employment agreements with the Company. The specific details of such severance and change-in-control benefits are discussed below under the *Potential Payments upon Termination or Change of Control*.

Process for Setting and Reviewing Compensation

The Committee reviews and determines the compensation for its executive officers and certain senior managers by identifying the market value of each position and determining the appropriate mix of compensation elements in order to maintain alignment with the Company's goals and objectives. The Committee considers and compiles compensation data from proprietary and public surveys that track companies in the manufacturing sector that are comparable in size and similar in annual revenues. Where and when appropriate, the Company and/or the Committee have the authority to retain the services of outside compensation consultants to better understand the competitive marketplace and to assess the appropriateness of the Company's compensation programs. In addition to the survey data used to identify specific market levels for direct compensation, in May 2008 the Company and the Committee also conducted a baseline study among peer companies concerning short and long-term compensation practices and trends. This effort informed the Company about practices of similarly-situated companies when reviewing and establishing compensation programs to meet the Company's compensation and strategic objectives. For this purpose, the Company and Committee considered a broad range of publicly traded manufacturing companies with industry classifications, market values, revenue size and global operating footprints similar to those of the Company.

The Company peer group used in May 2008 was comprised of the following companies:

K-Tron International Inc.

Ampco-Pittsburgh Corp.

Resources for Advice on Executive Compensation

The Company's management and human resources department supports the Committee in its work of reviewing and determining executive officer compensation. In its support role, management and the human resources department recommend, but do not determine, the amount or form of executive and director compensation. Where and when appropriate, the Company and/or the Committee retain the services of outside compensation consultants to better understand the competitive marketplace and to assess the appropriateness of the Company's compensation programs. During Fiscal 2009, the Company and the Committee used the services of human resource consulting firm Executive Resource Group for the assessment of pay competitiveness as well as evaluation of normative market practices for delivering executive and senior management compensation.

Accounting and Tax Considerations

Deductibility of Compensation under Federal Income Taxes

Based on currently prevailing authority, including Treasury Regulations issued in December, 1995, and in consultation with outside tax and legal experts, the Committee has determined that it is unlikely that the Company will pay any amounts with respect to the fiscal year ending June 30, 2009 (Fiscal 2009) that would result in the loss of a federal income tax deduction under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and accordingly has not recommended that any special actions be taken, or plans or programs be revised at this time in light of such tax law provision (except that the Company intends that stock options granted under the 1996 Plan, and stock options or other awards made under the 2005 Plan, have an exercise price which is the fair market value of the stock on the date of grant and that such options qualify as performance-based compensation under Section 162(m) of the Code).

COMPENSATION COMMITTEE REPORT

The Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's proxy statement.

This report shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such statutes.
