If proxies in the accompanying form are properly executed, dated and returned prior to the voting at the meeting, the shares of Common Stock represented thereby will be voted as instructed on the proxy. If no instructions are given on a properly executed and returned proxy, the shares of Common Stock represented thereby will be voted for election of the nominees and for ratification of the appointment of the independent auditors. The persons named in the proxies will have discretion to vote on such other business as may properly come before the meeting or any adjournments or postponements thereof.

Any proxy may be revoked by a shareholder prior to its exercise upon written notice to the Secretary of the Company, by delivering a duly executed proxy bearing a later date, or by the vote of a shareholder cast in person at the meeting. The cost of soliciting proxies will be borne by us. In addition to solicitation by mail, proxies may be solicited personally by our officers and regular employees or by telephone, facsimile, electronic transmission or express mail. We have also engaged Innisfree M&A Incorporated to assist in the distribution of proxy materials and the solicitation of votes as described below. We will pay Innisfree a fee of \$15,000 plus customary costs and expenses for these services. The Company has agreed to indemnify Innisfree against certain liabilities arising out of or in connection with its engagement. We will reimburse brokerage houses, banks and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding proxies and proxy material to their principals. This Proxy Statement is first being mailed to shareholders on or about November 25, 2009.

VOTING

Holders of record of our Common Stock at the close of business on November 17, 2009, will be entitled to vote at the Annual Meeting or any adjournments or postponements thereof. As of November 17, 2009, there were 17,083,234 shares of Common Stock outstanding and entitled to vote, and a majority, or 8,541,618 of these shares, will constitute a quorum for the transaction of business. Each share of Common Stock entitles the holder to one vote on each matter that may properly come before the meeting. Shareholders are not entitled to cumulative voting in the election of directors. For shares held through a broker or other nominee that is a New York Stock Exchange member organization, if a matter to be voted on is considered routine, the broker has discretion to vote the shares. If the matter to be voted on is determined to be non-routine, the broker may not vote the shares without specific instruction from the shareholder. Uncontested director elections are not considered routine matters.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board of Directors is comprised of eleven directors. The directors are divided into three classes, one class with three directors and two classes with four directors each. One class is elected each year for a three-year term. The four nominees recommended by our Nominating and Corporate Governance Committee and nominated by the Board of Directors for election as Class I directors to serve until the Annual Meeting of Shareholders in 2013, or until their respective successors are elected and qualified, are Duane C. McDougall, A. Daniel O Neal, Jr., Donald A. Washburn and Wilbur L. Ross, Jr. The two nominees recommended by our Nominating and Corporate

Table of Contents

Governance Committee and nominated by the Board of Directors for election as Class II directors to serve until the Annual Meeting of Shareholders in 2011, or until their respective successors are elected and qualified, are Victoria McManus and Wendy L. Teramoto. Ms. McManus and Ms. Teramoto were appointed by the Board to fill newly created directorships resulting from an increase in the authorized number of Directors and pursuant to the Company's Bylaws, each of them must stand for election at the 2010 shareholder meeting. Directors are elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. The six nominees for director receiving the highest number of votes will be elected to the Board of Directors.

Unless marked otherwise, proxies received will be voted FOR the election of the six nominees.

If a nominee is unable or unwilling to serve as a director at the date of the Annual Meeting or any adjournment or postponement thereof, the proxies may be voted for a substitute nominee, designated by the proxy holders or by the present Board of Directors to fill such vacancy, or for the other nominee named without nomination of a substitute, or the number of directors may be reduced accordingly. The Board of Directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected a director.

Under Oregon law, the directors who receive the greatest number of votes cast will be elected directors. Abstentions and broker non-votes will have no effect on the results of the vote.

The Board of Directors recommends a vote FOR the election of Messrs. McDougall, O Neal, Washburn, and Ross, Ms. McManus and Ms. Teramoto.

The following table sets forth certain information about each nominee for election to the Board of Directors and each continuing director.

Each of the members of these committees is an independent director as defined under the rules of the Securities and Exchange Commission and the corporate governance standards applicable to companies listed on the New York Stock Exchange.

Independence of Directors

The Board has determined that a majority of its directors qualify as independent directors pursuant to the rules adopted by the Securities and Exchange Commission and the corporate governance standards applicable to companies listed on the New York Stock Exchange. Applying the New York Stock Exchange definition of independence, the Board has determined that the following majority of directors qualify as independent: Messrs. Jack, McDougall, Swindells, Washburn and Whiteley and Ms. McManus.

During 2009, the Nominating and Corporate Governance Committee (the Nominating Committee) fulfilled its responsibilities under its charter, including, among other responsibilities, selecting, or recommending that the Board select, director nominees to be presented for election at annual meetings of shareholders; developing and recommending to the Board of Directors corporate governance principles applicable to the Company; and developing and overseeing programs for the evaluation of the Board of Directors, its committees and management. The Board annually reviews applicable standards and definitions of independence for Nominating Committee members and has determined that each member of the Nominating Committee meets such standards.

The Nominating Committee receives suggestions for potential director nominees from many sources, including members of the Board, advisors, and shareholders. Any such nominations, together with appropriate biographical information, should be submitted to the Nominating Committee in accordance with the Company's policies governing submissions of nominees discussed below. Any candidates submitted by a shareholder or shareholder group are reviewed and considered by the Nominating Committee in the same manner as other candidates.

Qualifications for consideration as a nominee for the Board of Directors vary, depending upon the experience and background of incumbent directors as well as particular areas of expertise which the Nominating Committee desires to obtain for the benefit of the Company. The Nominating Committee has identified the following criteria, among others, as appropriate for consideration in identifying Board candidates:

Financial acumen and experience

Continuing activity in the business community

Age and maturity

Diversity considerations

Background in manufacturing or related industries

5

Table of Contents

Upon completion of the review process, the Nominating Committee makes its recommendation to the full Board of Directors. The Board then selects candidates for nomination for election by shareholders or appointment to fill vacancies.

We do not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions, though we may decide to do so in the future.

A shareholder wishing to nominate a candidate for election to the Company's Board of Directors at any annual meeting at which the Board of Directors has determined that one or more directors will be elected should submit a written notice of his or her nomination of a candidate to the Nominating Committee of the Company in accordance with the procedures described in this Proxy Statement under Shareholder Proposals.

Communication with Directors

Shareholders and other interested parties may communicate with members of the Board of Directors by mail addressed to the Chairman, to any other individual member of the Board, to the full Board, to the non-management directors as a group, or to a particular committee of the Board. In each case, such correspondence should be sent to the Company's headquarters at One Centerpointe Drive, Suite 200, Lake Oswego, OR 97035. Such communications are distributed to the Board, to one or more individual members of the Board, to the non-management directors as a group, or to a particular committee of the Board, as appropriate.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Wilbur L. Ross, Jr. is Chairman and CEO of WL Ross & Co. LLC (WLRCo) and Wendy L. Teramoto is Senior Vice President of WLRCo. On June 10, 2009, the Company entered into the WLR Credit Agreement (as defined below), the Warrant Agreement (as defined below) and the Investor Agreement (as defined below) pursuant to which, among other things, the Company obtained a \$75.0 million term loan from WLR Recovery Fund IV, L.P. (Recovery Fund) and WLR IV Parallel ESC, L.P. (Parallel Fund) and issued warrants to purchase shares of its common stock, as more fully described below (collectively, the WLR Transactions). WLR Recovery Associates IV LLC (Associates) is the general partner of Recovery Fund. Mr. Ross is the managing member of Associates. Mr. Ross is an executive officer of INVESCO Private Capital, Inc., which is the managing member of INVESCO WLR IV Associates LLC, which in turn is the general partner of Parallel Fund. The WLR Transactions led to Mr. Ross's and Ms. Teramoto's elections as Directors of the Company. In addition, Victoria McManus, a Director of the Company, owns a 3% participation in the WLR Transactions.

WLR Credit Agreement

On June 10, 2009, the Company entered into a Credit Agreement (the WLR Credit Agreement), among the Company as borrower, Recovery Fund and Parallel Fund (together, the Holders) as holders, the other holders party thereto, and WLRCo, as Administrative Agent for such holders.

The WLR Credit Agreement provides for a \$75.0 million secured term loan, with the potential to increase to \$150.0 million. The outstanding principal amount of loan under the WLR Credit Agreement may not exceed the borrowing base, which is derived from specified percentages of the value of eligible accounts receivable, eligible inventory and eligible property, plant and equipment of the Company's refurbishment and parts business domestic subsidiaries. The Company must provide additional collateral having a value equal to such shortfall in the borrowing base, or prepay the loan in such amount. The Company may the prepay loan under the WLR Credit Agreement in whole or in part at any time without premium or penalty. Amounts prepaid may not be re-borrowed.

Table of Contents

The loan bears interest, at the Company's option, at a rate equal to a base rate determined in accordance with the WLR Credit Agreement or at the three-month London interbank offered rate (LIBOR), in each case plus 3.50%. Interest on the loan is due and payable quarterly in arrears if bearing interest at the base rate and at the end of the interest period if bearing interest at LIBOR. Principal, together with all accrued and unpaid interest, is due and payable on June 10, 2012.

The Company's obligations under the WLR Credit Agreement are secured by substantially all of the assets of each of the Company's existing and future domestic subsidiaries engaged in the refurbishment and parts business. The Company also pledged to the Administrative Agent amounts owing to the Company under the Amended and Restated Loan and Security Agreement, dated as of February 3, 2009, among the Company, Greenbrier-GIMSA, LLC and Gunderson GIMSA S. de R.L. de C.V., as amended (the GIMSA Loan).

All of the Company's existing and future domestic subsidiaries are required to guaranty the obligations under the WLR Credit Agreement, subject to some limited exceptions.

The largest amount outstanding under the WLR Credit Agreement during the period disclosed was \$75.0 million. At November 20, 2009, \$75.0 million in principal was outstanding.

Warrant Agreement

On June 10, 2009, the Company entered into a Warrant Agreement, dated as of June 10, 2009, with Recovery Fund, Parallel Fund and the other holders from time to time party thereto (the Warrant Agreement) pursuant to which the Company issued to the Holders warrants (the Warrants) to purchase an aggregate of 3,377,903 shares of the Company's Common Stock. Recovery Fund holds Warrants to purchase 3,263,460 shares of Common Stock and Parallel Fund owns Warrants to purchase 13,016 shares of Common Stock . In connection with Victoria McManus' 3% participation in the WL Ross transaction, WL Ross and its affiliates transferred the right to purchase 101,337 shares of Common Stock under the warrant agreement to Ms. McManus, a director of the Company.

The initial exercise price of the Warrants is \$6.00 per share, and the Warrants expire on June 10, 2014. A Holder may pay the exercise price of the Warrants in cash or by cancellation of principal amount and/or accrued interest payable by the Company to such Holder under the WLR Credit Agreement, in each case in an aggregate amount equal to the aggregate exercise price of the Warrants being exercised, or by cashless exercise.

The exercise price and the number of shares of Common Stock issuable upon exercise of the Warrants are subject to adjustment for (i) common stock dividends, subdivisions or combinations; (ii) other dividends and distributions in excess of a \$0.32 per annum cash dividend; and (iii) reorganizations, reclassifications, consolidations, mergers or sale of the Company. The exercise price and the number of shares of Common Stock issuable upon exercise of the Warrants are also subject to adjustment in the event the Company issues shares of Common Stock or convertible securities, subject to certain exceptions, without consideration or for a consideration per share that is less than 95% of the volume weighted average trading price of the Common Stock on the last trading day preceding the earlier of the date of agreement on pricing of such shares and the public announcement of the proposed issuance of such shares.

If events occurring after the date of the Warrant Agreement would result in an adjustment causing the Warrants to become exercisable in the aggregate for a number of shares of Common Stock that would exceed the number of shares that the Company may issue upon exercise of the Warrants under the rules and regulations of the applicable stock exchange, then from and after such time, upon exercise of any Warrant, the Company may elect to settle the Warrant in cash.

The Company shall not be obligated to issue any shares of Common Stock upon exercise of the Warrants to the extent that, the issuance of such shares of Common Stock would result in the WLR Group (or, if the applicable holder is not a member of the WLR Group, such holder or any of its affiliates) becoming an Acquiring Person as that term is defined in and calculated in accordance with the Stockholder Rights Agreement (as defined below), unless and until such excess shares are subject to the voting agreement as described under Investor Rights and Restrictions Agreement below. WLR Group is defined in the Third Amendment to the Stockholders Rights Agreement.

Table of Contents

Investor Rights and Restrictions Agreement

On June 10, 2009, the Company entered into the Investor Rights and Restrictions Agreement, dated as of June 10, 2009, among the Company, the Investors, WLRCo, and the other holders from time to time party thereto (the Investor Agreement).

Board Rights

Pursuant to the Investor Agreement, the Company agreed to cause two designees of Recovery Fund (a WLR Designee) to be appointed to the Company's Board of Directors, which designees are Mr. Ross and Ms. Teramoto. In addition, the Company agreed to re-nominate one of such individuals, as designated by Recovery Fund, to the Company's Board following the end of such director's term. If no WLR Designee is serving on the Company's Board, Recovery Fund is entitled to board observer rights. Recovery Fund's board rights terminate upon the earliest to occur of June 10, 2014 and certain other events specified in the Investor Agreement.

Aircraft Usage Policy

William A. Furman, Director, President and Chief Executive Officer of the Company, is a 50% owner of two private aircraft managed by a private independent management company. From time to time, the Company's business requires charter use of privately owned aircraft. In such instances, it is possible that charters may be placed with the company that manages Mr. Furman's aircraft. In such event, any such use will be subject to Greenbrier's travel and entertainment policy, and the fees paid to the management company will be no less favorable than would have been available to Greenbrier for similar services provided by unrelated parties. During 2009, the Company placed charters with the company that manages Mr. Furman's aircraft aggregating \$56,000.

EXECUTIVE COMPENSATION

Compensation Governance

The Compensation Committee of the Board of Directors is established pursuant to the Company's Amended and Restated Bylaws, and operates pursuant to a Charter approved by the Board of Directors. A copy of the Charter is available on the Company's website at <http://www.gbrx.com>. The Compensation Committee recommends to the Board of Directors policies and processes for the regular and orderly review of the performance and compensation of the Company's senior executive management personnel, including the President and Chief Executive Officer. The Compensation Committee determines the compensation level of the Chief Executive Officer based on the Chief Executive Officer's performance in light of the Company's goals and objectives. The Compensation Committee also approves compensation of executives other than the Chief Executive Officer. The Compensation Committee regularly reviews and, when necessary, recommends changes to the Company's incentive and performance-based compensation plans. The Compensation Committee has sole authority to retain and terminate such consultants, counsel, experts and other personnel as the Committee may deem necessary to enable it to fully perform its duties and fulfill its

responsibilities, and to determine the compensation and other terms of engagement for such consultants and experts. There are no express provisions in the Charter delegating Compensation Committee authority to any other person.

The Compensation Committee is comprised of at least two members of the Board of Directors, none of whom may be an active or retired officer or employee of the Company or any of its subsidiaries. Members of the Compensation Committee are appointed annually by the Board of Directors. Messrs. Graeme A. Jack, Duane C. McDougall, Charles J. Swindells, Donald A. Washburn, and Benjamin R. Whiteley were the members of the Compensation Committee during fiscal 2009. Mr. Swindells is the Chairman of the Compensation Committee. The Compensation Committee held five meetings during the year ended August 31, 2009.

Compensation Discussion and Analysis

Philosophy

The Board of Directors and executive management at the Company believes that the performance and contribution of its executive officers are critical to the overall success of the Company. To attract, retain, and motivate the executives necessary to accomplish the Company's business strategy, the Compensation Committee believes that:

Compensation levels should be sufficiently competitive to attract, retain and motivate highly qualified executives and employees.

Compensation should reflect position and responsibility.

Compensation should be linked to performance and should reinforce cooperation and teamwork in achieving business success.

Compensation for executives and key employees should be weighted toward incentive compensation and equity grants.

Incentive compensation should be flexible, responsive to the Company's cyclical business environment, and strike a balance between short-term and long-term performance.

Equity grants should be targeted to senior management and key employees and should be issued on a recurring basis considering market conditions.

The tax deductibility of compensation should be maximized and administrative costs should be minimized through simplified program structures.

The Compensation Committee believes executive compensation packages provided by the Company to its executives should include both cash and equity-based compensation. Our executive compensation program is intended to have sufficient flexibility to help achieve the goals of each business segment, but within the overall objectives and performance of the Company as a whole. Individual executive compensation is based upon contribution to the organization, experience and expertise, unique skills and other relevant factors. The Compensation Committee discusses with the Chief Executive Officer (CEO) annually the performance of each executive officer (other than the CEO, whose performance is reviewed by the Compensation Committee), and based upon these discussions, makes compensation decisions, including salary adjustments and incentive award amounts. The CEO plays a significant role in the compensation-setting process. The CEO evaluates the performance of the other executive officers and makes recommendations regarding salary and incentive awards for the other executive officers. The CEO's evaluation of executive officer performance is based on achievement of goals and objectives applicable to the individual executive, each individual's performance and contribution to the achievement of the financial, operational and strategic goals and objectives of the Company, individual effectiveness and performance in the individual executive's position, and such other factors as the CEO and the Compensation Committee determine to be appropriate in light of the scope and complexity of such executive's job responsibilities.

Use of Compensation Consultants

The Compensation Committee has directly engaged Mercer Human Resource Consulting (Mercer) as an executive compensation consultant. Mercer reports directly to the Compensation Committee and is responsible for providing advice and counsel to the Compensation Committee on program design and compensation issues. The Compensation Committee also looks to Mercer for assistance in determining a peer group for comparison of executive compensation. The Committee believes that information regarding compensation at peer companies is useful, as it understands that the Company s compensation practices must be competitive in the marketplace.

Table of Contents

However, the Company does not specifically rely on benchmarks of compensation against its peers, rather the level of specific elements of compensation awarded by peer companies is only one of the many factors that the Company considers in assessing the reasonableness of the compensation of executive officers.

Compensation Summaries

The Compensation Committee reviews the total annual compensation received by each executive officer, including base salary, cash bonuses, long-term incentives, accumulative realized and unrealized stock option and restricted stock gains, dollar value of perquisites and other personal benefits, and post-employment benefits, including actual current payment obligations of the Company in order to fund the Company's obligations under the supplemental executive retirement plan. The Compensation Committee uses compensation summaries which include dollar amounts for each of the named executive officers to facilitate this review.

Elements of Executive Compensation

For the year ended August 31, 2009, the principal components of compensation for executive officers were:

Base salary;

Short-term incentives – cash bonus;

Long-term incentive – restricted stock awards;

Retirement and insurance benefits;

Perquisites and other personal benefits; and

Post-employment benefits.

Base Salary

Base salaries are determined for each executive based on his or her position and responsibilities relative to other executive officers and are, in some cases, determined pursuant to negotiated employment agreements. We regularly monitor competitive compensation rates in local and industry-specific markets, and take that information into account in setting and reviewing base salaries. Salary levels are typically reviewed annually as part of the Company's performance review process as well as upon an executive's promotion or other change in responsibility. Merit-based increases to salaries are based on an assessment of the individual executive's performance.

Due to depressed macroeconomic conditions and continued softness in the railroad supply market, in March 2009, the Company implemented certain cost-cutting measures, including reduction in base salaries for the Company's executive officers. The salaries of the Company's executive officers were reduced by a larger percentage than salaries of other Company employees. Notwithstanding the fact named executive officers had formal employment agreements with the Company, each of the Company's named executive officers agreed to amend such agreements to implement a voluntary reduction to his annual salary during 2009. Mr. Furman agreed to a 50% base salary reduction and each of Messrs. Bisson, Centurion, Rittenbaum and Stuckey agreed to a 12.5% base salary reduction.

Short-Term Incentives – Cash Bonuses

Cash bonuses are intended to provide executive officers with an opportunity to receive additional cash compensation based upon Company and individual performance. The bonus program provides the Compensation Committee with the latitude to award cash incentive compensation to executive officers as a reward for the growth and profitability of the Company and places a significant percentage of each executive officer's compensation at risk.

Mr. Furman's annual bonus is determined based upon the Company's return on shareholders' equity, pursuant to a formula set forth in his employment agreement, as described below under the heading Employment Agreements and Other Arrangements. Mr. Furman's employment agreement has been approved by the Company's shareholders, and his annual bonus is considered to be performance-based, non-equity incentive plan compensation.

Table of Contents

For the year ended August 31, 2009, the minimum return on shareholders' equity requirements were not met, and accordingly, Mr. Furman did not receive a bonus.

Annual bonuses paid to named executive officers other than Mr. Furman are discretionary and are recommended to the Compensation Committee for approval by Mr. Furman based on non-formulaic assessments of individual performance against objectives, including performance of the business unit or other corporate function for which the executive officer is responsible. External market and other factors beyond the control of the executive officer are generally not considered in evaluating performance, though such factors have a strong impact on the amount of the aggregate annual bonus pool available for all executives. No cash bonuses were paid to any of the named executive officers for the year ended August 31, 2009, in view of the Company's financial performance.

Long-Term Incentive – Restricted Stock Awards

Awards of restricted stock form the basis of the Company's long-term incentive program, which is intended to retain and motivate executives over the long term, and align their interests with the interests of the Company's shareholders. The long-term incentive program is designed to emphasize the need for executives to focus on the long-range strategic goals of the Company.

Stock-based awards are made pursuant to the Company's 2005 Stock Incentive Plan, which is administered by the Compensation Committee. Pursuant to the 2005 Stock Incentive Plan, an aggregate of 1,300,000 shares of Common Stock were reserved for grants of incentive stock options, non-qualified stock options and restricted stock awards to officers, directors, employees, and consultants. The 2005 Stock Incentive Plan was amended in January 2009 to increase the total number of shares available for issuance under the plan by 525,000, to 1,825,000. As of August 31, 2009, 299,853 shares of Common Stock remained available for grant under the 2005 Stock Incentive Plan.

In January 2008, the CEO received a restricted stock award subject to vesting over a three-year period contingent on the achievement of certain revenue growth, earnings growth, and return on equity targets and on meeting certain defined milestones in CEO succession planning. In April 2008, each of the other named executive officers except Mr. Rittenbaum received restricted stock awards subject to vesting over a three-year period contingent on the achievement of the same revenue growth, earnings growth and return on equity targets. During 2009, the Committee noted that the severe world-wide recession and the consequent depressed state of the rail supply industry rendered those performance criteria virtually unachievable regardless of individual performance or effort. The Committee determined that the 2008 performance-vesting grants ceased to have incentive or retention value, and that having the awards outstanding constrained the Company's ability to issue new awards under the Stock Incentive Plan or further the purposes of the Plan. The Committee therefore permitted executive officers to voluntarily surrender and cancel performance-based stock awards received in 2008. In 2009, each of the named executive officers who had performance-vesting restricted stock surrendered such stock for cancellation.

Given the difficulty of setting appropriate performance measures in view of the economic turmoil, the Committee determined to utilize time-vesting for restricted stock grants awarded during 2009. The Company awarded restricted stock grants totaling 696,134 shares under the 2005 Stock Incentive Plan during fiscal 2009, including 218,000 shares awarded to the Company's named executive officers as disclosed in the Grants of Plan-Based Awards Table and described in the accompanying narrative. The awards vest in a lump sum three years from the date of grant, in order to retain and incentivize key employees during the economic downturn, and to further align the interests of key employees and shareholders.

Executive Retirement and Insurance Benefits

Target Benefit Plan

Certain of the Company's executive officers, including all named executive officers other than Mr. Furman, participate in a supplemental retirement benefit plan maintained by a Company subsidiary, the Greenbrier Leasing Company LLC Manager Owned Target Benefit Plan (the Target Benefit Plan). The Target Benefit Plan provides for supplemental retirement income compensation for participating executives. It is not a deferred compensation plan nor a tax-qualified retirement plan; contributions made on behalf of executives under the Target Benefit Plan

Table of Contents

are taxed to the participating executives currently. The Target Benefit Plan is designed to provide supplemental retirement income to executives in an amount equal to 50% of the executive's final base salary, although no level of benefits is guaranteed under the Target Benefit Plan. Contributions by the Company to the Target Benefit Plan are used to purchase annuity contracts that are owned by participating executives. The Company also pays participants tax gross-up payments to defray the taxes resulting from the Target Benefit Plan contributions. In order to determine the Company's contribution under the Target Benefit Plan, the Company projects the executive's annual salary at age 65 by taking the executive's current annual base salary, adjusting it for assumed future salary increases including cost of living increases, compounded annually, until the executive reaches age 65. Using that projected annual salary at age 65, the Company determines the amount of annuities necessary, in light of prior annuity purchases and future anticipated purchases, to reach the target benefit of 50% of final year base salary. The Company, however, has discretion to purchase, or not purchase, annuities in any given year sufficient to cover such estimated target benefits for plan participants. The normal form of annuity benefit payments are monthly payments commencing at age 65 and continuing for 180 months. Participants may elect a different form of payment and benefit commencement date, but the amount of benefits received in such alternate form will be actuarially equivalent to the amount payable in the normal benefit form. Upon a change of control (as defined in the Target Benefit Plan), the Company's obligation to make contributions on executives' behalf is accelerated.

During January 2009, the Company made contributions with respect to funding for the fiscal year ended August 31, 2008. Due to the Company's financial performance, the Company has not accrued and does not expect to make contributions to the Target Benefit Plan with respect to the fiscal year ended August 31, 2009.

Executive Life Insurance

The Company provides an executive life insurance program to certain executives, including the named executive officers, whereby the Company has agreed to pay the premiums on life insurance policies insuring the executives' lives, to recognize such premium payments as compensation to the executives, and to pay the executives an additional bonus to help defray the executives' income tax liability resulting from the payment of such premiums being treated as current compensation. Mr. Furman does not participate in the executive life insurance program.

Mr. Furman's employment agreement provides for a supplemental retirement benefit of \$407,000 per year, payable until age 70. Of this payment, \$185,000 is intended to defray the premiums on a life insurance policy insuring his life and the remainder, \$222,000, is intended to defray the income taxes resulting from treating this payment as compensation. The Company remits \$185,000 of the benefit amount to the trustee of a trust that holds the life insurance policy for payment of the annual premium. The Company directly remits the remaining \$222,000 to the appropriate state and federal tax authorities.

Perquisites and Other Personal Benefits

The Company provides executive officers with perquisites and other personal benefits that the Company and the Compensation Committee believe are reasonable and consistent with its overall compensation program goal of enabling the Company to attract, retain, and motivate employees for key positions. The Company is selective in its use of perquisites, utilizing perquisites that are commonly provided, the value of which is generally modest. The Compensation Committee periodically reviews the levels of perquisites provided to executive officers. The primary perquisites are use of Company-owned automobiles and payment of club membership dues. During fiscal 2006 the Compensation Committee approved the establishment of an Executive Home Sale Assistance Program and adopted guidelines for the program, under which the Company will assist selected transferred or newly hired executives in selling their homes, in order to facilitate a successful relocation of the executive.

- (1) The Company amended its 2005 Stock Incentive Plan effective April 3, 2007 to provide that fair market value will be determined based upon the closing price of the Company's stock on the date of grant. Prior to that amendment, the Plan provided that fair market value would be determined based on the mean of the high and low sales price of the Company's stock on the date of grant or, if no prices were reported on such date, the most recent preceding date on which prices were reported. All restricted awards made during fiscal 2009 are subject to the terms of the Plan as amended, and are valued using the closing price of the Company's stock on the date of grant and are subject to three-year cliff vesting.

Material Terms of Employment Agreements and Other Arrangements

The Company has employment agreements with each of the named executive officers.

Pursuant to the terms of his employment agreement, entered into effective September 1, 2004, as amended, Mr. Furman received a base salary at an annual rate of \$750,000 as of the beginning of fiscal year 2009. Base salaries for Mr. Bisson, Mr. Centurion, Mr. Stuckey and Mr. Rittenbaum also are determined pursuant to the terms of employment agreements entered into with each of those officers respectively on May 11, 2006, April 6, 2009, June 26, 2007 and April 7, 2006, in each case (if applicable) as amended, or as amended and restated. Effective March 1, 2009, Mr. Furman and all other named executive officers voluntarily amended their employment agreements to reduce their base salaries. Mr. Furman's base salary was reduced by 50% to a rate of \$375,000 per year. Mr. Bisson's, Mr. Centurion's, Mr. Stuckey's and Mr. Rittenbaum's base salaries were each reduced by 12.5% to annual rates of \$231,875, \$249,375, \$227,500 and \$249,375. Because each rate was in effect for only part of the 2009 fiscal year, the aggregate base salary paid to Mr. Furman for fiscal 2009 was \$562,500. The aggregate base salary paid to Mr. Bisson was \$248,438, to Mr. Centurion was \$267,188, to Mr. Stuckey was \$243,750 and to Mr. Rittenbaum was \$267,188.

Mr. Furman's annual bonus is determined based upon the Company's return on shareholders' equity, pursuant to a formula set forth in his employment agreement. If the Company's return on equity (ROE) is less than 10%, no cash bonus is paid. If the ROE is at least 10%, Mr. Furman is entitled to receive a bonus equal to 36% of annual base salary; if ROE is at least 12% but less than 14%, the bonus is equal to 54% of base salary; if ROE is at least 14% but

less than 16%, the bonus is equal to 72% of base salary; if ROE is at least 16% but less than 18%, the bonus is equal to 110% of base salary; and if ROE is 18% or greater, the bonus is equal to 150% of base salary. The Compensation Committee has discretion to decrease the amount of the bonus by up to 50%, based upon the Chief Executive Officer's performance. There was no return on equity in fiscal 2009. Accordingly, Mr. Furman did not receive a bonus for the year ended August 31, 2009.

Pursuant to the terms of their employment agreements, each of Messrs. Bisson, Centurion, Stuckey and Rittenbaum may receive an annual target bonus equal to 50% of his base salary, with greater or lesser amounts payable based on performance as determined by the Chief Executive Officer, in consultation with the Compensation Committee. No cash bonuses were awarded to Messrs. Bisson, Centurion, Stuckey or Rittenbaum for the year ended August 31, 2009.

Table of Contents

Employment agreements with the named executive officers provide for certain payments and benefits in the event the executive's employment is terminated by the Company without cause and provide for payments and benefits in the event that the executive is terminated following a change in control of the Company. Details of the payments and benefits triggered by different termination events are discussed and disclosed in tabular format under the heading Potential Post-Termination Payments, following the Equity Compensation Plan Information table.

During fiscal 2009 the Company granted restricted stock awards of 100,000 to Mr. Furman, 50,000 shares to Mr. Rittenbaum, 20,000 shares to Mr. Bisson and 24,000 shares each to Messrs. Centurion and Stuckey. The vesting requirements for such grants are as set forth in the footnotes to the table below entitled Outstanding Equity Awards at August 31, 2009.

Restricted Stock Subject to Time Vesting Provisions. All unvested shares of restricted stock subject to time vesting provisions (time-based shares) held by Messrs. Furman, Bisson, Centurion, Rittenbaum and Stuckey will automatically vest upon death, disability or retirement. In addition, all time-based shares held by Messrs. Bisson, Centurion, Rittenbaum and Stuckey will immediately vest upon the Company's termination of the executive other than for cause or other than in the event of a change of control of the Company (as such terms are defined in the executives' respective employment agreements). In the event of a change of control of the Company (as defined in the executives' respective employment agreements), all time-based shares held by Messrs. Bisson, Centurion, Rittenbaum and Stuckey will vest upon (i) the Company's termination of the executive other than for cause or the executive's termination of his employment for good reason (as such terms are defined in the executives' respective employment agreements) following the change of control (in the case of Mr. Centurion, if such termination occurs during the two-year period following the change of control) or (ii) the executive's termination of his employment without reason during the 30 days following the first anniversary of the change of control.

- (5) Restricted stock awards for each of Messrs. Bisson, Centurion, Furman, Rittenbaum and Stuckey were granted on May 1, 2009 and vest on May 1, 2012.
- (6) In April 2008, each of the named executive officers except Mr. Rittenbaum received restricted stock awards subject to vesting over a three-year period contingent on the achievement of revenue growth, earnings growth and return on equity targets. During 2009, the Committee noted that the severe world-wide recession and the consequent depressed state of the rail supply industry rendered those performance criteria virtually unachievable regardless of individual performance or effort. The Committee determined that the 2008 performance-vesting grants ceased to have incentive or retention value, and that having the awards outstanding constrained the Company's ability to issue new awards under the Stock Incentive Plan or further the purposes of the Plan. The Committee therefore permitted executive officers to voluntarily surrender and cancel performance-based stock awards received in 2008. Restricted stock awards surrendered by Messrs. Bisson, Centurion, Furman and Stuckey were 4000 shares, 4000 shares, 100,000 shares and 4000 shares, respectively.

Employment agreements entered into with the Named Executive Officers provide for certain benefits to these officers if the officer's employment is terminated by us without cause or by the officer for good reason within 24 months after a change in control of the Company, or if the officer terminates his employment for any reason during the 30-day period immediately following the first anniversary of the change of control.

In the above-described agreements, change of control generally is defined to include the acquisition by any individual, entity or group of 30 percent or more (in the case of Messrs. Stuckey's and Mr. Bisson's employment agreements, 50 percent or more) of our stock, consummation of a merger or consolidation that results in 50 percent or more of our stock being owned by persons who were not stockholders prior to the transaction, a sale of substantially all of our assets, the dissolution or liquidation of the Company, or replacement of a majority of the members of the Board by individuals whose nomination, election or appointment was not approved by the incumbent Board.

Although the individual employment agreements contain some negotiated differences in the definitions of terms, cause generally is defined to include gross negligence or willful misconduct in the performance of material duties, conviction of or a plea of no contest to certain crimes, conduct involving moral turpitude, and failure to carry out reasonable, material directives. Good reason generally is defined to include a change in position or responsibilities that does not represent a promotion, a decrease in base salary, and a home office relocation of over 35 miles.

The following table shows the estimated change of control benefits that would have been payable to the Named Executive Officers if a change of control (as defined in the applicable agreement) had occurred on August 31, 2009 and, except as noted, each officer's employment had been terminated on that date either by us without cause or by the officer with good reason.

- (1) **Cash Severance Benefit.** The employment agreements with Mr. Furman and Mr. Bisson provide for cash severance payments equal to three times the sum of their current base salary (before 2009 base salary decrease) plus the average of the last two year's cash bonus payments. The agreements with Mr. Rittenbaum, Mr. Stuckey and Mr. Centurion provide for a payment equal to two and one half times the sum of their current base salary (before 2009 base salary decrease) plus the average of the two most recent annual bonuses (the average bonus amount). Messrs. Bisson, Stuckey and Rittenbaum are also entitled to receive a pro-rated bonus for the year of termination, based on the average bonus amount and the number of days worked during the year of termination. Since it is assumed that termination is on August 31, 2009, the cash severance benefit amount includes 100% of

the average bonus amount, in addition to the multiples of salary and bonus described above. All payments are to be made in a single lump sum within 30 days after the date of termination.

- (2) **Insurance Continuation.** If cash severance benefits are triggered, the employment agreements with Messrs. Bisson, Centurion, Stuckey and Rittenbaum also provide that we will pay the cost of all health and welfare benefits paid for by us at the time of termination for up to 24 months following the termination of employment. The employment agreement with Mr. Furman provides for continuation of health and welfare benefits until he reaches age 70. The amounts in the table above represent 12 months of life and health insurance premium payments at the rates paid by us for each of these officers as of August 31, 2009.

- (3) **Restricted Stock Acceleration.** All unvested shares of restricted stock subject to time vesting provisions (time-based shares) held by Messrs. Furman, Bisson, Centurion, Rittenbaum and Stuckey will automatically vest upon death, disability or retirement. In addition, all time-based shares held by Messrs. Bisson, Centurion, Rittenbaum and Stuckey will immediately vest upon the Company's termination of the executive other than for cause or other than in the event of a change of control of the Company (as such terms are defined in the executives' respective employment agreements). In the event of a change of control of the Company (as defined in the executives' respective employment agreements), all time-based shares held by Messrs. Bisson, Centurion, Rittenbaum and Stuckey will vest upon (i) the Company's termination of the executive other than for cause or the executive's termination of his employment for good reason (as such terms are defined in the executives' respective employment agreements) following the change of control (in the case of Mr. Centurion, if such termination occurs during the two-year period following the change of control) or (ii) the executive's termination of his employment without reason during the 30 days following the first anniversary of the change of control.

The amounts in the table above represent the number of shares of unvested restricted stock multiplied by a stock price of \$12.87 per share, which was the closing price of our Common Stock on August 31, 2009. The expense that the Company would record would differ from the amount above as under FAS 123R the amount of unamortized expense is based upon the stock price as the date of grant not at vesting.

- (4) **Retirement Benefit.** Pursuant to his employment agreement, the Company will make an annual payment to Mr. Furman in the amount of \$407,000 until he attains age 70, regardless of whether Mr. Furman's employment terminates prior to that date. Of this payment, \$185,000 is intended to defray the premiums on a life insurance policy insuring his life and the remainder, \$222,000, is intended to defray the income taxes resulting from treating this payment as compensation. This benefit is provided in place of any executive life insurance or other supplemental retirement benefit.
- (5) **Target Benefit Plan Benefit.** Under the terms of the Target Benefit Plan, in the event of a change in control of the Company (as defined in the Target Benefit Plan), the Company is obligated to contribute to the Plan on behalf of each participating Named Executive Officer an amount equal to the discounted present value of the contributions that would have been required had the executive remained employed until age 65 (Normal Retirement Age under the Target Benefit Plan). Therefore, in the event that a participating executive's employment is terminated following a change in control (as defined in the Target Benefit Plan), the executive will receive a monthly retirement benefit equal to the benefit he would have received if he had remained employed until age 65. The amount shown in the table above is the purchase price of the amount of the additional annuity to be purchased so that the aggregate annuities result in a payment equal to the amount of the estimated annual target benefit payable to the executive under the Target Benefit Plan, assuming that the executive terminated employment as of August 31, 2009 following a change in control (as defined in the Target Benefit Plan). Monthly benefits commence when the executive attains age 65 and continue for 15 years (180 months) from that date.
- (6) **Other.** Pursuant to their employment agreements, the Company will provide Messrs. Bisson, Centurion, Rittenbaum and Stuckey with continuation of the Company's customary automobile benefit at the Company's expense, for a period of two years following termination of employment. Pursuant to his employment agreement, Mr. Furman will continue to receive the Company's customary automobile benefit for three years following termination of employment. For each named executive, the amount above represents the cost of the post-termination automobile benefit for the applicable period, based on the current or estimated future annual cost of the executive's leased car or other automobile benefit.
- (7) **Consulting Arrangement.** Pursuant to Mr. Bisson's employment agreement, the Company will enter into a consulting agreement with Mr. Bisson for a period of 60 months following his termination of employment, which

provides for payment of \$1,000 per month for consulting services not to exceed 20 hours per month, and the provision of medical, dental and vision coverage for Mr. Bisson and his dependents during that period, provided such coverage is available for non-employee consultants under the Company's group health plans. The Company will pay the cost of COBRA coverage for the maximum period of time available following the end of the consulting period, and will thereafter provide Mr. Bisson and his spouse with health benefits until each of them becomes eligible for Medicare, up to a maximum cost per person of \$2 million.

Table of Contents

- (8) **280G Capped Amount.** Under all of the change of control provisions described above, the amount of change of control benefits each officer will receive are capped at an amount that will prevent any payments being non-deductible under section 280G of the Internal Revenue Code of 1986, as amended (the Code) or subject to excise tax under Code section 4999. The amounts shown in this column are the capped amounts, which are equal to one dollar less than the product of three-times the amount of the officers' base amount, which, as calculated under Code section 280G, is equal to the average of the officer's W-2 wages over the five-year period preceding the change of control event (or such shorter period as the officer has been employed by the Company).

Benefits Triggered on Involuntary Termination of Employment without Cause

The following table shows the estimated benefits that would have been paid to each of the Named Executive Officers if the officer's employment had been terminated on August 31, 2009, either by us without cause or, with respect to certain benefits, by the officers with good reason, pursuant to the terms of such officer's employment agreement with the Company.

- (1) **Cash Severance Benefit.** Employment agreements with each of Messrs. Furman, Bisson, Centurion, Stuckey and Rittenbaum provide for lump sum cash severance payments equal to two times the sum of base salary plus the average bonus amount. Messrs. Bisson, Centurion, Stuckey and Rittenbaum also are entitled to receive a pro-rated bonus for the year of termination, based on the average bonus amount and the number of days worked during the year of termination. All payments are to be made in a single lump sum within 30 days after the executive signs a release of claims against the Company.
- (2) **Insurance Continuation.** Employment agreements with Messrs. Furman, Bisson, Centurion, Rittenbaum and Stuckey also provide for continuation of life, accident and health insurance benefits paid by us for up to 24 months following the termination of employment, except to the extent similar benefits are provided by a subsequent employer. The amounts in the table above represent 12 months of life, accident and health insurance premium payments at the rates paid by us for each of these officers as of August 31, 2009.
- (3) **Restricted Stock Acceleration.** All unvested shares of restricted stock will immediately vest upon termination of each Named Executive Officer by the Company without cause, under the terms of the officers' employment agreements. Information regarding unvested restricted stock held by the Named Executive Officers is set forth in the Outstanding Equity Awards table above. The amounts in the table above represent the number of shares of unvested restricted stock multiplied by a stock price of \$12.87 per share, which was the closing price of our

Common Stock on August 31, 2009. The expense that the Company would record would differ from the amount above as, under FAS 123R, the amount of unamortized expense is based upon the stock price on the date of grant and not on the vesting date.

This benefit is provided in place of any executive life insurance or other supplemental retirement benefit.

- (5) **Target Benefit Plan Benefit.** Under the terms of the Target Benefit Plan, in the event that a participating executive terminates employment for any reason (other than following a change in control, as defined in the Target Benefit Plan) prior to the attainment of age 65, the Company will make no further contributions to the Plan on behalf of the executive. The executive will receive a monthly retirement benefit based upon the amounts payable under individual annuity contracts purchased by the Company on the executive's behalf prior to his termination of employment. The amount shown in the table above is the estimated annual benefit payable to the executive under the Target Benefit Plan, assuming that the executive's employment was involuntarily terminated as of August 31, 2009 (benefit amounts do not vary under the Target Benefit Plan based on whether termination of employment prior to retirement age was voluntary or involuntary, or with or without cause). Monthly benefits commence when the executive attains age 65 and continue for 15 years (180 months) from that date.
- (6) **Other.** Pursuant to their employment agreements, the Company will provide Messrs. Bisson, Centurion, Rittenbaum and Stuckey with continued participation in the Company auto program, at the Company's expense, for a period of two years following termination of employment. The amount above represents the current annual cost of the employees' participation in the Company's automobile program for the two year period.

The Company's obligation to pay severance benefits is, in all cases, contingent upon the officer executing a release of claims in favor of the Company. The Company's obligation to pay severance benefits to each of Messrs. Bisson, Centurion, Rittenbaum and Stuckey is contingent upon the officer's compliance with the terms of a covenant not to compete in favor of the Company for one year following termination of employment.

Benefits Triggered on Retirement

The following table shows estimated benefits that would have been payable to the Named Executive Officers if each officer's employment terminated on August 31, 2009 by reason of retirement, excluding amounts payable under the Company's 401(k) Plan.

- (1) **Cash Benefit.** Under the terms of his employment agreement, in the event of termination due to retirement, Mr. Furman is entitled to receive an amount equal to the pro rated portion of the cash bonus which would have been payable to him for the portion of the fiscal year during which he was employed by the Company. Since it is assumed that the triggering event occurs on August 31, 2009, the amount of estimated cash benefit is equal to a full year's cash bonus, estimated to be amount of the average of the most recent two years' cash bonuses actually paid to Mr. Furman.

(2)

Insurance Continuation. The Company is required to provide continued health insurance at the Company's expense for Mr. Furman until he attains age 70. The amount in the table represents the annual premium payments at the rates paid by us for Mr. Furman as of August 31, 2009.

- (3) **Restricted Stock Acceleration.** Under the terms of the Company's standard forms of Restricted Share Agreement for restricted shares with time-based vesting (time-based shares), all unvested time-based shares become fully vested upon termination due to death, disability or retirement. The amounts in the table above represent the number of unvested time-based shares, multiplied by a stock price of \$12.87 per share, which was the closing price of our Common Stock on August 31, 2009. (1) The amount shown is the stock based compensation expense recognized by the Company in fiscal 2009 for restricted stock granted to the director as determined pursuant to FAS 123R. Amounts shown do not reflect compensation actually received by the director who received restricted stock grants during fiscal year 2009, nor does it necessarily reflect the actual value that will be realized by them if and when the restricted stock awards vest. The assumptions used to calculate the value of restricted stock awards are set forth under Note 2, Summary of Significant Accounting Policies, to the Company's consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended August 31, 2009. Directors who are not our employees receive annual grants of restricted shares of the Company's Common Stock with a fair market value equal to \$60,000 made immediately after the close of each annual shareholder meeting, with such shares vesting in equal amounts over a three-year period beginning one year from the date of grant. The total number of shares of restricted stock granted to directors in fiscal 2009 and outstanding as of August 31, 2009 for each of the eligible directors is as follows: Mr. Whiteley, 8,942 shares; Mr. Jack, 8,942 shares; Mr. McDougall, 8,942 shares; Mr. Swindells,

8,942 shares; Mr. Ward, 8,942 shares and Mr. Washburn, 8,942 shares. As Emeritus Director, Mr. Atiyeh is not eligible to receive the annual grants of restricted shares under the Company's 2005 Plan.

- (2) Mr. Ward participated in the Gunderson LLC Nonqualified Deferred Compensation plan while he was an employee of Gunderson LLC, a manufacturing subsidiary of Greenbrier. Amount represents Mr. Ward's pro rata interest in the earnings (losses) in the plan. No additional contributions were made on Mr. Ward's behalf during the current year.
- (3) Mr. Ward also received from the Company consulting fees aggregating \$96,000 during 2009 and use of a company automobile with estimated cost of \$12,647.

Members of the Board of Directors who are our employees are not separately compensated for serving on the Board of Directors. Directors who are not our employees are paid an annual retainer of \$30,000, payable quarterly, with the exception of the Chairman of the Board. The Chairman of the Board receives an annual retainer, payable

Table of Contents

quarterly, of three times the annual retainer paid to non-employee directors, or currently, \$90,000. Effective March 1, 2009, annual retainers were temporarily reduced by 10%. All non-employee directors, including the Chairman of the Board, are also paid a meeting fee of \$1,000 per meeting, plus reimbursement of expenses. In addition to the annual retainer, the Audit Committee chairman receives a \$10,000 annual retainer and each other committee chairman receives a \$5,000 annual retainer, in each case payable quarterly. In addition, directors who are not our employees receive annual grants of restricted shares of the Company's Common Stock with a fair market value equal to \$60,000 made immediately after the close of each annual shareholder meeting with such shares vesting in equal amounts over a three-year period. However, no grant will be made to a non-employee director if such grant would cause that director to become an Acquiring Person (as defined in the Stockholder Rights Agreement between the Company and Equiserve Trust Company, N.A. dated as of July 13, 2004, as amended). In that case, the non-employee director would receive \$60,000 in cash in lieu of the grant of restricted shares. In the event a non-employee director ceases to be a director due to death, disability or retirement, because he or she is not re-elected to serve an additional term as a director, any unvested restricted shares shall immediately become fully vested. If a non-employee director ceases to be a director by reason of removal or resignation as a member of the Board, any unvested restricted shares shall automatically be forfeited, and the shares subject to such award shall be available for grant under the Plan. During fiscal 2009, each non-employee director, that was in office as of the annual meeting date, received an award of restricted stock having a fair market value on the date of the award of \$60,000.

POLICY REGARDING THE APPROVAL OF AUDIT AND NON-AUDIT SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

Purpose and Applicability

We recognize the importance of maintaining the independent and objective viewpoint of our independent auditors. We believe that maintaining independence, both in fact and in appearance, is a shared responsibility involving management, the Audit Committee, and the independent auditors.

The Company (which includes consolidated subsidiaries as used herein) recognizes that Deloitte & Touche (the Audit Firm) possesses a unique knowledge of the Company, and as a worldwide firm can provide necessary and valuable services to the Company in addition to the annual audit. Consequently, this policy sets forth guidelines and procedures to be followed by the Company when retaining the Audit Firm to perform audit and nonaudit services.

Policy Statement

All services provided by the Audit Firm, both audit and nonaudit, must be pre-approved by the Audit Committee or a Designated Member. The pre-approval of audit and nonaudit services may be given at any time up to a year before commencement of the specified service. Although the Sarbanes-Oxley Act of 2002 permits *de minimis* exceptions, our policy is to pre-approve all audit and nonaudit services. Pre-approval may be of classes of permitted services, such as annual audit services, tax consulting services or similar broadly defined predictable or recurring services. Such classes of services could include the following illustrative examples:

Audits of the Company's financial statements required by SEC rules, lenders, statutory requirements, regulators, and others, including quarterly review procedures.

Consents, comfort letters, reviews of registration statements and similar services that incorporate or include the audited financial statements of the Company, including responding to the SEC or other regulators regarding such financial statements.

Employee benefit plan audits.

Accounting consultations and support related to the application of generally accepted accounting principles or the implementation of new laws or regulations, such as compliance with the Sarbanes-Oxley Act, including Section 404 of the Act.

Tax compliance and related support for any tax returns filed by the Company, including returns filed by any executive or expatriate under a company-sponsored program.

Tax planning and support.

Merger and acquisition due diligence services.

The Audit Committee may delegate to one or more designated member(s) of the Audit Committee (a Designated Member), who is independent as defined under the standards of the New York Stock Exchange, the authority to grant pre-approvals of permitted services (defined below), or classes of permitted services, to be provided by the Audit Firm. The decisions of a Designated Member to pre-approve a permitted service shall be reported to the Audit

Committee at each of its regularly scheduled meetings.

All fees paid to the Audit Firm will be disclosed in the Company's annual proxy statement in accordance with applicable SEC rules. Starting with fiscal 2004, the annual proxy statement should include disclosure of the amount of Audit Fees, Audit Related Fees, Tax Fees and All Other Fees.

Non-prohibited services shall be deemed *permitted* services and may be provided to the Company with the pre-approval of a Designated Member or by the full Audit Committee, as described herein.

Services for which Policy-Based Pre-Approval Is Available

The Audit Committee believes that the Audit Firm can provide tax services to the Company, such as tax compliance, tax planning and tax advice without impairing the Audit Firm's independence. However, the Audit Committee will not permit the retention of the Audit Firm to provide any tax services to the Company that are deemed to be incompatible with auditor independence per standards promulgated by the Public Company Accounting Oversight Board, including any aggressive tax position as defined by such rules.

The Audit Committee has given policy-based pre-approval for the tax services described on Exhibit A. All other tax services must be separately pre-approved by the Designated Member or by the full Audit Committee, including tax services related to large and complex transactions and tax services proposed to be provided by the Audit Firm to any executive officer or director of the Company, in his or her individual capacity, when such services are paid for by the Company.
