Background

The Torch Energy Royalty Trust (the Trust) is a Delaware statutory trust and was formed effective October 1, 1993, pursuant to a trust agreement (the Trust Agreement) entered into by and among Wilmington Trust Company, not in its individual capacity but solely as trustee of the Trust (the Trustee), Torch Royalty Company (TRC), Velasco Gas Company, Ltd. (Velasco), as owners of certain oil and gas properties, and Torch Energy Advisors Incorporated (Torch) as grantor. TRC and Velasco created net profits interests (Net Profits Interests) and conveyed such interests to Torch. Torch conveyed the Net Profits Interests to the Trust in exchange for an aggregate of 8,600,000 units of beneficial interest in the Trust (Units). The sole purpose of the Trust is to hold the Net Profits Interests, to receive payments from TRC and Velasco, and to make payments to Unitholders. The Trust does not conduct any business activity and has no officers, directors or employees.

As initially disclosed by the Trust in its Current Report on Form 8-K dated January 28, 2008, after the close of business on Friday, January 25, 2008, the Trustee received a notice of a demand (the Demand Notice) for the Texas arbitration before JAMS from TRC, Torch E&P Company and Constellation Energy Partners LLC (CEP) and collectively the Working Interest Owners. The working interests are each burdened by the Net Profits Interests contained in three net overriding royalty conveyances (the Conveyances). The Working Interest Owners sought a declaratory judgment that under the Conveyances the mechanisms contained in the Oil and Gas Purchase Contract, dated as of October 1, 1993, entered into by and among Torch Energy Marketing, Inc., TRC and Velasco (the Purchase Contract) (including the sharing price and minimum price mechanisms) should continue to be utilized for calculating the quarterly Net Profits Interests payments following termination of the Trust.

On January 29, 2008 (the Termination Date), holders of more than 66 2/3% of the outstanding Units affirmatively voted for a proposal to terminate the Trust in accordance with the terms and provisions of the Trust Agreement. The Purchase Contract and the Administrative Services Agreement terminated upon the termination of the Trust.

On February 21, 2008, the Trustee filed a response to the Demand Notice and filed a response and counterclaim on April 25, 2008 to the claimants amended demand notice of April 16, 2008 (collectively, the Responses). As stated in the Responses, the Trustee, upon further legal analysis of the Purchase Contract and the Conveyance documents, concluded that the sharing price mechanism of the Purchase Contract (which determined the calculation of the Net Profits Interests prior to the termination of the Purchase Contract) did not survive the termination of the Purchase Contract or the termination of the Trust. On April 11, 2008, Trust Venture Company, LLC (Trust Venture), which owns the majority of Units in the Trust, submitted an unopposed request to intervene in the Texas arbitration and become a party to the arbitration. Trust Venture agreed with the Trustee, and took the position in the Texas arbitration, that the sharing price mechanism of the Purchase Contract did not survive the termination of the Purchase Contract or the termination of the Trust.

The hearing on the merits in the arbitration commenced on June 16, 2008 in Texas and was completed on June 20, 2008. On July 18, 2008, JAMS, through a panel of three arbitrators (the Arbitrators), released a final award notice to all parties (the Award Notice). In the Award Notice, the Arbitrators found that the

Conveyances are not ambiguous and the pricing mechanism of the Purchase Contract is incorporated by reference into the Conveyances notwithstanding termination of the Purchase Contract. The Arbitrators therefore concluded that the pricing mechanism (including the sharing price and minimum price mechanism) continues to burden the Net Profits Interests and will do so for the life of the Conveyances.

As disclosed by the Trust in its Annual Report on Form 10-K for the period ended December 31, 2007 (2007 Annual Report), Trust Venture intended to commence a derivative action against CEP, the working interest owners of certain oil and gas fields located in Alabama, in accordance with, inter alia, Section 3816 of the Delaware Statutory Trust Act, codified at 12 Del. C. 3816(a), to (i) recover any overcharges to the Trust by CEP related to administrative costs, water gathering, treating and disposal costs and severance taxes and (ii) require CEP to provide an accounting of its revenues and expenses as required under the Net Overriding Royalty Conveyance filed of record in Tuscaloosa County, Alabama. On December 30, 2008, Trust Venture filed and subsequently served a derivative lawsuit against CEP in Alabama state court alleging such overcharges, challenging the calculation of the Net Profits Interests under the conveyances that were used to transfer the net profits interests in each state, and demanding an accounting of CEP's revenues and expenses. In response to the derivative lawsuit, on February 9, 2009, CEP filed in Alabama state court a motion to dismiss such lawsuit without prejudice in favor of arbitration in Texas on various grounds, including Trust Venture's alleged lack of standing and Trust Venture's alleged failure to comply with certain contractual agreements. The Alabama state court denied CEP's motion to dismiss on February 25, 2009, and so the Alabama derivative action is proceeding against CEP.

On February 12, 2009, the Trustee received a certified copy of a demand for arbitration dated February 9, 2009 by CEP before JAMS in Texas (the Demand Notice) seeking a declaratory judgment that CEP (i) correctly calculated and paid the Net Profits Interests payments due to the Trust, (ii) correctly charged the Trust for certain well accounting services and severance taxes, and (iii) has complied with its contractual reporting requirements due to the Trust. In the Demand Notice, CEP claimed that, because the Trust authorized Trust Venture to file the derivative lawsuit, there exists a judicable conflict between CEP and the Trust that is subject to resolution by arbitration.

On February 12, 2009, Trust Venture filed an emergency motion in Alabama state court to stay the arbitration demanded by CEP until such time as the court issues a judgment as to the enforceability of the arbitration agreement made by and between the Trust and CEP. The court denied that motion on February 25, 2009. On March 9, 2009, the Trustee filed its own motion in the same Alabama state court seeking to intervene in the derivative action for the limited purpose of moving for a stay of the Texas arbitration until resolution of the derivative action. The Alabama state court heard oral argument on the Trustee's motion on March 25, 2009, and on April 1, 2009, the Alabama state court denied the Trustee's motion to stay the Texas arbitration and further denied CEP's motion to stay the Alabama state court derivative action. Subsequently, the Trustee filed a motion to dismiss or stay the Texas arbitration with JAMS and the arbitration panel heard oral argument on April 10, 2009 and on April 13, 2009 granted the Trustee's motion to stay the Texas arbitration proceedings pending the outcome of the Alabama derivative action. The arbitration panel subsequently entered an Order of Dismissal with respect to the Texas arbitration dated July 27, 2009. There can be no assurance as to the outcome or result of the Alabama derivative litigation or that CEP will not file other arbitration claims. On August 21, 2009, the Alabama state court added the Trust as a nominal plaintiff in the Alabama derivative action that is proceeding against CEP.

On February 23, 2011, the Trust issued a press release and disclosed information regarding the ongoing Alabama derivative litigation on its Current Report on Form 8-K. In the press release, the Trust announced that it and the derivative unitholder plaintiff reached an agreement in principle with CEP to settle certain claims in the litigation, captioned Trust Venture Company, LLC v. Constellation Energy Partners LLC (CV-2008-900751), filed by the derivative plaintiff on the Trust's behalf in the Circuit Court of Tuscaloosa County, Alabama (the Settlement).

As stated in the press release and the Notice of Pendency of Derivative Action, Proposed Settlement

of Derivative Action, Settlement Hearing, and Right to Appear, in the form approved by the Court and attached to the Form 8-K filed with the SEC on February 23, 2011, subject to the approval of the Court, the derivative plaintiff (Trust Venture) and the Trust have agreed to settle the claims against CEP in the derivative action, and to enter into mutual, general releases with CEP in return for (i) a payment of one million two hundred thousand United States dollars (\$1,200,000) to the derivative plaintiff by Robinson's Bend Production II (RBP II), which is a Delaware limited liability company and an affiliate of CEP, to reimburse the derivative plaintiff for the legal fees and expenses it incurred in prosecuting the derivative action, (ii) an irrevocable bid by RBP II of not less than one million United States dollars (\$1,000,000) for its purchase from the Trust of the net overriding royalty interest (Alabama NORRI), when such Alabama NORRI is separately offered for sale by the Trust at public auction within 180 days of the effective date of the Settlement, with such bid amount to be deposited by RBP II in a third-party escrow account pending the public auction, and (iii) a third amendment to that certain Water Gathering and Disposal Agreement providing that, for a period of ten years commencing on the first day of the month following the effective date of the settlement, the charges for the gathering, separation, and disposal of water from oil and gas wells located in Tuscaloosa County, Alabama that are owned and operated by RBP II (Wells) shall be fifty-three cents (\$0.53) per barrel of water. (RBP II currently charges one United States dollar (\$1.00) per barrel of water for the gathering, separation, and disposal of such water from the Wells.)

The Court has set a hearing in the Alabama Circuit Court, Tuscaloosa County, 714 Greensboro Avenue, Tuscaloosa, Alabama 35401, on April 11, 2011, at 2:00 p.m. CDT (the Settlement Hearing). At the Settlement Hearing, the Court will determine whether or not (i) to approve the Settlement as memorialized in the proposed Settlement and Release Agreement with CEP, and (ii) to approve an Order ending this derivative action. On February 23, 2011, the Trust sent the Notice of Pendency of Derivative Action, Proposed Settlement of Derivative Action, Settlement Hearing, and Right to Appear to the Trust's unitholders of record as of February 11, 2011, as required by the Settlement.

There can be no assurance as to the outcome or result of a lawsuit or the effect of the Alabama derivative lawsuit may have on the Trust or the Units, including the market value thereof.

Reasons for the Inability to Timely File the Trust's Annual Report on Form 10-K for the period ended December 31, 2010

The Trust is unable to timely file its Annual Report on Form 10-K for the period ended December 31, 2010 for the following reasons:

The Trust intends to apply the sharing price and minimum price mechanisms for calculating the quarterly Net Profits Interests payments and in its financial statements after the Termination Date of the Trust for the entire winding up and liquidation period of the Trust. The Trust is actively engaged in the process of preparing the Reports and the Current Annual Report and will file these reports as soon as practical.

The Trustee is working diligently and intends to continue to work diligently with its various service providers, including its auditors, to obtain all required financial information, reserve reports, complete the financial statements for the Reports and the Current Annual Report and put into place the necessary financial processes required during the winding up and liquidation period of the Trust.

As a result of the foregoing, the Trustee's ability to obtain complete and reliable information required to prepare and file the Current Annual Report on a timely basis has been adversely affected.

Despite best efforts by the Trust, the reasons causing the inability to file timely could not be eliminated by the registrant without unreasonable effort or expense.
