His experience in utilizing capital markets to raise funds is extremely helpful as the Corporation seeks to raise capital to support its continued operations.

Board Leadership Structure and Risk Oversight

The Corporation separated the roles of Chief Executive Officer and Chairman of the Board in September 2004. The Corporation has continued to keep these roles separate with Mr. Clark A. Johnson serving as President and Chief Executive Officer and Dr. Martin J. Kaplitt, M.D. serving as Chairman of the Board. The Board believes the separation of these roles enables effective oversight of management and provides checks and balances with respect to the decision making process at the Corporation. It also provides greater interaction and cooperation at the senior most levels of the Corporation's management with respect to its long-term and day-to-day operations.

The Board, in conjunction with the Corporation's officers, is responsible for considering, identifying and managing material risks to the Corporation. The audit committee plays a critical role in evaluating and managing internal controls, financial risk exposure and monitoring the activities of the Corporation's independent registered public accounting firm. The entire Board also receives updates at each Board meeting regarding critical business and

scientific developments and risks from the Corporation's management. At the Board's direction, the Corporation also engages independent consultants to monitor the Corporation's clinical trials and ensure that such trials are conducted in accordance with applicable laws and rules of government agencies, including the Food and Drug Administration.

Table of Contents

Board and Committee Meetings

During 2010, the Board met nine times, the Audit Committee met four times and the Compensation Committee met two times. Each director attended all of the meetings of the Board, except for one meeting of the Board at which one director did not attend, and each director attended each of the meetings of the Audit Committee and the Compensation Committee on which such director then served.

It is the Corporation's policy that directors are invited and encouraged to attend the Annual Meeting of Stockholders. At the time of the 2010 Annual Meeting of Stockholders, the Corporation had six directors, all of whom attended the meeting.

Committees

The Board currently maintains an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and a Compensation Committee. The Corporation does not have a Nominating Committee.

Nominating Process

The Board does not consider it necessary to have a Nominating Committee or written charter since the size of the Board enables all directors to participate in the nominating process, to address the need to attract and retain qualified directors and to fill any vacancies in the Board. Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, the Board, in making its nominations, considers, among other things, an individual's business experience, industry experience, breadth of knowledge about issues affecting the Corporation, time available for meetings and consultation regarding company matters and other particular skills and experience possessed by the individual.

As of December 31, 2010, the Board consisted of six directors. The Board determined, for 2010, that Reginald L. Hardy, Cornelius E. Golding, Jeffrey B. Reich, M.D. and Elliott H. Singer were independent directors. Although the Corporation is not listed on any exchange or automated quotation system, the Board, in making this independence determination, considered the independence standards for directors set forth in the NYSE Amex LLC Company Guide for its listed companies (the AMEX Rules).

The Board does not have a formal policy that requires it to consider any director candidates that might be recommended by stockholders. The need for such a policy has not arisen since, to date, the Corporation has not received any recommendations from stockholders requesting that the Board consider a candidate for inclusion among the Board's slate of nominees in the Corporation's proxy statement. The absence of a formal policy does not mean, however, that a recommendation would not have been considered had one been received. The Corporation will consider candidates recommended by stockholders. Any stockholder desiring to make such a recommendation should send the recommendation, in writing, to the Corporate Secretary at the address of the Corporation set forth on the first page of this Proxy Statement, by no later than the date by which stockholder proposals for action must be submitted. The recommendation should include the recommended candidate's biographical data, and should be accompanied by the candidate's written consent to nomination and to serving as a director, if elected.

The Board does not have a formal policy regarding consideration of diversity in identifying director nominees. At this stage in its development, the Corporation is primarily focused on the scientific and financial expertise of director nominees. However, the Corporation considers a variety of additional factors appropriate for the focus of the Corporation, including differences of viewpoint, professional experience, education and skill.

Compensation Committee

In 2010, the members of the Compensation Committee were Messrs. Singer (Chair), Golding and Reich, all of whom were determined by the Board to be independent directors. The principal responsibilities of the Compensation Committee are to evaluate the performance of executive officers, establish policies and determine matters involving executive compensation, recommend changes in employee benefit programs, approve the grant of stock options and stock awards under the Corporation's stock plans and provide assistance to management regarding key personnel selection. In order to determine the elements and levels of the Corporation's executive compensation and

Table of Contents

to gain an understanding of any trends impacting compensation generally, the Compensation Committee from time to time gathers information on executive compensation, including salaries, stock options, bonuses and other benefits, from similarly situated biotechnology companies. The Compensation Committee weighs this information and reviews the Corporation's overall performance and makes recommendations regarding compensation to the full Board. To date, no compensation consultant has been engaged to assist the Compensation Committee or the Board in connection with establishing executive compensation. The Board adopted a written charter of the Compensation Committee on February 23, 2007, which is reviewed annually. A copy of the charter is available on the Corporation's website located at <http://www.neurologix.net> under the heading Investor Relations/Corporate Governance/Compensation Committee Charter.

Audit Committee

In 2010, the members of the Audit Committee were Messrs. Golding (Chair), Reich and Singer, all of whom were determined by the Board to be independent directors. In making this decision, the Board considered Rule 10A-3 of the Exchange Act. The Board has determined that Mr. Golding is an audit committee financial expert, as that term is defined under Item 407(d)(5) of Regulation S-K under the Exchange Act. The Board adopted a written charter of the Audit Committee on March 23, 2004, which was most recently amended and restated on March 24, 2009 and is reviewed annually. A copy of the charter is available on the Corporation's website located at <http://www.neurologix.net> under the heading Investor Relations/Corporate Governance/Audit Committee Charter.

The Audit Committee is responsible for the appointment, compensation and oversight of the work of the Corporation's independent registered public accounting firm and, in this regard, it meets periodically with the independent registered public accounting firm to review plans for the audit and the audit results and reviews financial statements, accounting policies, tax and other matters for compliance with the requirements of the Financial Accounting Standards Board and government regulatory agencies.

Directors Compensation

In 2011, the quarterly fixed retainer paid to each director who is not also an employee or paid consultant of the Corporation will continue to be \$4,000. The Corporation will also continue its policy of paying an additional quarterly retainer of \$1,000 for directors who serve on the Audit Committee and for the Chair of the Compensation Committee. In addition, the Compensation Committee has recommended that the Board, at its annual meeting to be held on May 10, 2011, continue last year's policy of awarding annual stock option grants of 75,000 shares to each director who is not also an employee or paid consultant of the Corporation, with no additional shares granted for service on the Audit Committee or for the Chair of the Compensation Committee. For 2011, Martin J. Kaplitt, M.D., will be granted the same number of stock options that will be granted to directors who are neither employees nor consultants of the Corporation. For 2011, Clark A. Johnson, will be paid the same quarterly fixed retainer and granted the same number of stock options that will be paid and granted to directors who are neither employees nor consultants of the Corporation. Any such compensation will be paid to Mr. Johnson in his capacity as a director and in lieu of any compensation for his service as President and Chief Executive Officer. Upon being elected Vice Chairman, Mr. Johnson was granted 100,000 stock options. Subject to approval by the Board at its 2011 annual meeting of the option grants described above, annual stock option grants for 2011 will be made to directors immediately following such annual meeting.

Accordingly, in 2010, Mr. Mordock was paid severance of one year of base salary of \$275,000 and one year of health, disability and life insurance premiums of approximately \$16,000. Also, all 800,000 stock options held by him vested on March 10, 2010, the effective date of his resignation, and expired unexercised on March 10, 2011.

Deductibility of Compensation

Section 162(m) of the United States Internal Revenue Code generally limits to \$1,000,000 the Corporation's federal income tax deduction for compensation paid in any year to each of its chief executive officer and the four other highest paid executive officers, to the extent such compensation is not performance-based within the

Table of Contents

meaning of Section 162(m). The Compensation Committee will, in general, seek to qualify compensation paid to its executive officers for deductibility under Section 162(m), although the Compensation Committee believes it is appropriate to retain the flexibility to authorize payments of compensation that may not qualify for deductibility if, in the Compensation Committee's judgment, it is in the Corporation's best interest to do so.

The Investors, or affiliated entities thereof, are each existing stockholders of the Corporation and each, or affiliated entities thereof, beneficially owns greater than 10% of the Corporation's outstanding Common Stock, on an as-converted basis.

Pursuant to the Purchase Agreement, the Corporation issued its promissory notes (the Notes) for an aggregate of \$7,000,000. The Investors were granted certain preemptive rights with respect to future financings of the Corporation and were granted certain registration rights with respect to the shares of Common Stock issuable on exercise of the Warrants.
