VOTE INFORMATION

Who can vote at the Annual Meeting?

Only record holders of common stock at the close of business on the Voting Record Date are entitled to receive notice of and to vote at the Annual Meeting. At the close of business on the Voting Record Date, there were 7,205,595 common shares outstanding and entitled to vote. The common shares are the only shares entitled to vote at the Annual Meeting.

Each stockholder is entitled to one vote for each common share held on the Voting Record Date.

How do I vote?

If you are a stockholder of record (that is, if your common stock is registered with Camco in your own name), your shares may be voted by one of the following methods:

returning the enclosed proxy card;

submitting a proxy by telephone;

submitting a proxy over the Internet; or

voting in person at the Annual Meeting.

Returning a Proxy Card. You may submit a proxy by completing the enclosed proxy card as instructed and mailing it back in the envelope provided or bringing it with you to the Annual Meeting.

Submitting a Proxy by Telephone or via the Internet. If you are a stockholder of record, you may submit a proxy by telephone by following the instructions included with your proxy card. The last-dated proxy you submit (by any means) will supersede any previously submitted proxy. Also, if you submit a proxy by telephone and later decide to attend the Annual Meeting, you may revoke your previously submitted proxy and vote in person at the Annual Meeting. The deadline for submitting a proxy by telephone as a stockholder of record is 3:00 a.m. on May 24, 2011.

Voting in Person. If you attend the Annual Meeting and are a stockholder of record, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the Annual Meeting. If your stock is held in street name, you will need a proxy from your nominee in order to vote in person.

Submitting Voting Instructions for Common Shares held in Street Name. If you hold your common shares in street name and your nominee participates in a program that allows you to submit voting instructions by telephone or via the Internet, the form your nominee sent you will provide details for submitting your voting instructions by telephone or via the Internet. Please consult the form provided by your nominee for information about the deadline for submitting your voting instructions by telephone or via the Internet.

If you hold your common shares in street name through a broker, a financial institution or another nominee, then that nominee is considered the stockholder of record for voting purposes and should give you instructions for voting your common shares. As a beneficial owner, you have the right to direct that nominee how to vote the common shares held in your account. Your nominee may only vote the common shares of Camco that your nominee holds for you in accordance with your instructions.

If you hold your shares in street name and wish to attend the Annual Meeting and vote in person, you must bring an account statement or letter from your broker, financial institution or other nominee authorizing you to vote on behalf of such nominee. The account statement or letter must show that you were the direct or indirect beneficial owner of the shares on the Voting Record Date.

Table of Contents

How will my shares be voted?

Those shares represented by a properly executed proxy card that is received prior to the Annual Meeting or by properly authenticated telephone or Internet votes that are submitted prior to the deadline for doing so, and not subsequently revoked, will be voted in accordance with your instructions. If you submit a valid proxy card prior to the Annual Meeting, or timely submit your proxy by telephone or Internet, but do not complete the voting instructions, your proxy will vote your shares as recommended by the Board of Directors, except in the case of broker non-votes, as follows:

FOR the re-election of Camco's nominees identified below under the heading **PROPOSAL 1 ELECTION OF DIRECTORS** ;

FOR the amendment to Camco's Restated Certificate of Incorporation increasing the number of authorized shares of common stock from 14,900,000 to 29,900,000; and

FOR the ratification of the appointment of Plante Moran as Camco's independent registered public accounting firm for the fiscal year ending December 31, 2011.

How do I change or revoke my proxy?

Stockholders who submit proxies retain the right to revoke them at any time before they are exercised at the Annual Meeting. Unless revoked, the shares represented by such proxies will be voted at the Annual Meeting and any adjournment thereof. You may revoke your proxy at any time before it is actually exercised at the Annual Meeting by giving notice of revocation to Camco in writing, by using the toll-free telephone number or Internet site stated on the proxy card prior to the deadline for transmitting proxies by telephone or Internet, or by attending the Annual Meeting and giving notice of revocation in person. The last-dated proxy you submit (by any means) will supersede any previously submitted proxy. If you hold your shares in street name and instructed your broker, financial institution or other nominee to vote your shares and you would like to revoke or change your vote, then you must follow the instructions of your nominee.

If I vote in advance, can I still attend the Annual Meeting?

Yes. You are encouraged to vote promptly, by returning your signed proxy card by mail or by submitting your proxy by telephone or Internet, so that your shares will be represented at the Annual Meeting. However, appointing a proxy does not affect your right to attend the Annual Meeting.

What constitutes a quorum?

Under Camco's Bylaws, a quorum is a majority of the voting shares of Camco outstanding and entitled to vote at the Annual Meeting. The common shares are the only shares of Camco capital stock entitled to vote at the Annual Meeting. Common shares may be present in person or represented by proxy at the Annual Meeting. Both abstentions and broker non-votes are counted as being present for purposes of determining the presence of a quorum. There were 7,205,595 common shares outstanding and entitled to vote on the Voting Record Date. A majority of the outstanding common shares, or 3,602,798 common shares, present in person or represented by proxy, will constitute a quorum. A quorum must exist to conduct business at the Annual Meeting.

VOTE REQUIRED

Election of Directors

Under Delaware law and Camco's Bylaws, the three nominees receiving the greatest number of votes will be elected as directors. Abstentions, shares not voted by brokers, and votes withheld are not counted toward the election of directors. Stockholders are not permitted to cumulate votes in the election of directors. If the enclosed proxy card is signed and dated, but no vote is specified, the shares held by such stockholder will be voted FOR the three nominees, unless the proxy is considered a broker non-vote. Broker non-votes will count towards a quorum, but will not count toward the election of directors.

Table of Contents**Amendment of Certificate of Incorporation**

The affirmative vote of the holders of a majority of the shares entitled to vote at the Annual Meeting is necessary to amend Camco's Restated Certificate of Incorporation. The effect of an abstention or a broker non-vote with respect to the amendment of the Certificate of Incorporation is the same as a vote against the amendment. If the accompanying Proxy is signed and dated by the stockholder, but no vote is specified, the shares will be voted FOR the amendment to the Certificate of Incorporation, unless the proxy is considered a broker non-vote.

Ratification of Selection of Auditors

The affirmative vote of the holders of a majority of the shares represented in person or by proxy at the Annual Meeting is necessary to ratify the selection of Plante Moran as the auditors of Camco for the current fiscal year. The effect of an abstention with respect to the ratification of the selection of auditors is the same as a vote against ratification. If the accompanying Proxy is signed and dated by the stockholder, but no vote is specified, the shares will be voted FOR the ratification of the selection of Plante Moran as auditors.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board of Directors proposes the re-election of the following persons to terms that will expire in 2014:

Andrew S. Dix	38	Director	2007
Carson K. Miller	65	Director	2002
Jeffrey T. Tucker	53	Lead Independent Director	1988

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE **FOR** ALL THREE NOMINEES LISTED ABOVE.

Andrew S. Dix is the publisher of *The Daily Jeffersonian* in Cambridge, Ohio, where he has worked since 2006 when he was hired as assistant publisher. Prior to joining *The Daily Jeffersonian*, he was the Advertising Director for *The Alliance Review* from 1998 to 2006. As a resident of New Concord, Ohio and publisher of the local newspaper, Mr. Dix brings valuable leadership and management skills to the Board as well as providing key relationships to and insights about Camco's market areas.

Carson K. Miller has been the owner of Carson Miller Rare Coins & Currency, an Internet-based business, since 2002. Dr. Miller retired in 2002 as President Emeritus and founding President of Washington State Community College in Marietta, Ohio, a position he had held since 1985. He was responsible for the development, financing, construction, and staffing of the college campus that now serves southeast Ohio and northern West Virginia. During his tenure, Dr. Miller expanded the college's enrollment to nearly 3,000 students enrolled in technical and lower division baccalaureate programs. The campus also developed opportunities in bachelor and master degree programs. He also has industrial experience as a technician and engineer with the Timken Company, Canton, OH, and served in the United States Air Force from 1969 to 1973. This broad experience brings valuable executive leadership and decision making skills to the Board.

Jeffrey T. Tucker is a Certified Public Accountant and sole member of the accounting firm Tucker & Tucker CPAs, LLC, Cambridge, Ohio, a position he has held since 1984. Mr. Tucker was named Lead Independent Director in February 2009. Mr. Tucker brings significant financial expertise and business knowledge to the Board, both through his business experience and his professional certifications. His extensive financial experience and background are also invaluable as Lead Independent Director and chairman of the Corporate Governance Committee.

Table of Contents

In accordance with Section 3.13 of the Bylaws, nominees for election as directors may be proposed only by the directors or by a stockholder. Camco's Corporate Governance and Nominating Committee recommended to Camco's Board of Directors this year's director nominees. The Corporate Governance and Nominating Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, having business experience, and exhibiting high moral character. Additionally, the Board takes into consideration geographic identity in areas served by Camco's banking divisions and the willingness to represent Camco in a member's community so as to develop business opportunities. The Committee wants to ensure that each member will have access to and contacts with key business groups, communities, and individuals and is willing to and has financial wherewithal to own the requisite shares of Camco stock in accordance with the Corporate Governance and Nominating Policy. The Board strives to represent a mix of members who enhance the diversity of knowledge, background, skills and experiences on the Board. However, the committee retains the right to modify these minimum qualifications from time to time. The committee has a general process for choosing nominees, which process considers both incumbent directors and new candidates. In evaluating an incumbent director whose term of office is set to expire, the committee reviews such director's overall service to Camco during his or her term, including the number of meetings attended, level of participation, quality of performance and any transactions of such director with Camco during his or her term. If the committee chooses to evaluate new director candidates, the committee uses its network of contacts to compile a list of potential candidates. Then, the committee determines whether such candidates are independent, which determination is based upon applicable securities laws, the rules and regulations of the Securities and Exchange Commission, Nasdaq rules and the advice of counsel, if necessary. Finally, the Committee meets to discuss and consider all candidates' qualifications and then chooses the candidates.

The Corporate Governance and Nominating Committee will consider director candidates recommended by stockholders, provided that the stockholder is entitled to vote for directors and has submitted a written nomination to the Secretary of Camco by the 60th day before the first anniversary of the most recent annual meeting of stockholders held for the election of directors. Each written nomination must state the name, age, business and residence address of the nominee, the principal occupation or employment of the nominee, the number of each class of shares of Camco owned either beneficially or of record by each such nominee and the length of time such shares have been owned. The Corporate Governance and Nominating Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, when evaluating a candidate who was recommended by a stockholder. Camco did not receive any stockholder nominees for director for this Annual Meeting.

Camco has not implemented a formal policy regarding director attendance at the annual meeting of stockholders. Typically, the Board of Directors holds a meeting immediately prior to the annual meeting of stockholders, which results in most directors being able to attend the annual meeting. In 2010, all directors except Mr. Mock attended the annual meeting of stockholders.

Mr. Huston worked as an independent consultant for financial institutions from July 2006 through December 2008, including for Camco from September 2008 through December 2008. In addition, Mr. Huston has served as an independent consultant, CFO, CEO, and EVP at various financial institutions. This extensive experience and banking knowledge allow him to provide valuable perspective to the Board of Directors in the areas of finance, audit, accounting and regulatory and strategic issues relating to all aspects of Camco's business.

Table of Contents

The members of the Board of Advantage Bank, each of whom is also a director of Camco, entered into a consent agreement (Consent Order) with the Federal Deposit Insurance Corporation (FDIC) and the State of Ohio, Division of Financial Institutions (Ohio Division) that provided for the issuance of an order by the FDIC and the Ohio Division, which order was executed by the FDIC and Ohio Division on July 31, 2009. While neither Advantage Bank nor its officers or directors admitted or denied any wrongdoing, each of the Camco directors is a party to the Consent Order except for Mr. Douglas who was appointed to the Board in 2010.

BOARD LEADERSHIP STRUCTURE

Board Leadership Structure

Under the current structure, the Chief Executive Officer also serves as the chairperson of Camco. The Board believes this arrangement is optimal because of the level of involvement and knowledge that the Chief Executive Officer possesses. Through his dual role, Mr. Huston is able to effectively lead Board discussions and meetings and keep the independent directors well-informed of the current operations of Camco. The Board also recognizes its duty to provide oversight to management and has created the position of Lead Independent Director. As the Lead Independent Director, Mr. Tucker has the following additional responsibilities:

Advise the chairperson as to an appropriate schedule of Board meetings, seeking to ensure that the independent directors can perform their duties responsibly while not unduly interfering with the flow of Camco s operations.

Provide the chairperson with input regarding the agenda for Board meetings and represent independent directors in pre-Board meeting reviews.

Advise the chairperson regarding the quality, quantity and timeliness of the flow of information from Camco management that is necessary for the independent directors to effectively and responsibly perform their duties; recognizing that management is responsible for the preparation of materials for the Board, the Lead Independent Director may specifically request the inclusion of certain material.

As necessary and appropriate, recommend to the chairperson the retention of consultants who report directly to the Board.

Coordinate and develop the agenda for, and preside at, executive sessions of the Board s independent directors; act as principal liaison between the independent directors and the chairperson on sensitive issues.

Evaluate annually, with input from all members and in coordination with the Compensation Committee, the CEO s performance; meet annually with the CEO to discuss such evaluation; conduct a semi-annual evaluation update of the CEO s performance and report all discussions to the Board.

Confer with the chairperson regarding the selection of committee chairs and members.

This Committee reviews procedures for the confidential, anonymous submission by employees of the organization of concerns regarding questionable accounting, auditing or other matters.

The Executive Committee did not meet during 2010.

Compliance Oversight Committee

The Board of Directors of Camco believes that overseeing how management controls current high risk areas is one of its most important functions. The Board created a Compliance Oversight Committee (which includes all Board members) to monitor the progress of compliance with regulatory orders and exam comments. The Compliance Oversight Committee met 12 times during 2010.

Director Compensation

During 2010, each non-employee director of Camco received a retainer of \$5,000 for service on the Board of Camco and \$416.67 for each Board meeting attended, with one paid absence per year, up to a total of 12 paid meetings. Each director of Camco is also a director of Advantage Bank. During 2010, each non-employee director received a retainer of \$6,000 for service on the Board of Advantage Bank and \$500 per Board meeting attended, with one paid absence per year, up to a total of 12 paid meetings. The Lead Independent Director also receives an additional \$3,000 per year paid semi-annually by each of Camco and Advantage Bank for additional duties performed. In addition, non-employee directors received a fee of \$300 for each scheduled committee meeting attended. The chair of each committee received an additional fee of \$200 or \$300 per meeting. Meeting fees are not paid for telephonic meetings or conference calls. Camco does not pay fees to directors who are also employees.

The total compensation paid to each non-employee director is set forth in the table below:

Director Stock Ownership Requirements

In accordance with Section 3.13 of the Bylaws, a director must own at least 1,000 shares of Camco's stock during his or her first year of service on the Board. The Board believes that each director who has served on the Board for at least five years should, at a minimum, own 5,000 shares of Camco stock or have invested \$75,000 in Camco stock, and maintain this minimum investment throughout his or her service on the Board.

2010 Performance-Based Incentive Award Plan

Camco uses annual cash and equity incentives to focus attention on current strategic priorities and drive achievement of corporate objectives. Incentive plan awards for the Named Executive Officers are based on the achievement of corporate performance objectives which are established annually by Camco's Compensation Committee and approved by the Board (excluding Mr. Huston).

The Compensation Committee set specific threshold, target and maximum dollar amounts and weightings for each of the corporate goals, including pre-tax earnings and levels of classified assets and non-performing loans. For Mr. Caldwell, there were additional criteria of budget and loan and deposit balances. If the threshold is not met for a particular goal, no award is paid for that goal.

Table of Contents

The amounts listed under Non-Equity Incentive Plan Compensation represent cash awards that were made to the Named Executive Officers based on Camco's results in 2010. The amounts were based on the extent to which the 2010 corporate goals were accomplished.

Change in Control, or (iv) termination of employment following Mr. Huston's death, he will receive \$20,000 annually, divided into 12 monthly payments, for 15 years. If Mr. Huston's employment is otherwise terminated before he reaches age 65, except for cause, he will receive a pro-rated amount of the annual benefit; \$8,000 as of December 31, 2010. If Mr. Huston's employment is terminated for Just Cause, as defined in his employment agreement, he will receive no benefit under the Salary Continuation Agreement.

Table of Contents

Under the 2002 Salary Continuation Agreement with Mr. Caldwell, upon termination of employment after Mr. Caldwell reaches age 65 or termination following Mr. Caldwell's death, he will receive \$140,900 annually, divided into 12 monthly payments, for 15 years. If Mr. Caldwell's employment is terminated before he reaches age 65 following a disability or change of control, as those terms are defined in his Salary Continuation Agreement, he will receive a pro-rated amount of the annual benefit; \$22,769 as of December 31, 2010. If Mr. Caldwell's employment is otherwise terminated before he reaches age 65, except for cause, he will receive a pro-rated amount of the annual benefit; \$18,215 as of December 31, 2010. If Mr. Caldwell's employment is terminated for cause, as defined in his Salary Continuation Agreement, he will receive no benefits.

Non-qualified Deferred Compensation

Mr. Caldwell is the only Named Executive Officer who has entered into an Executive Deferred Compensation Agreement under which he may elect to defer annually a stated maximum amount of his salary and cash incentives until a specified date or until he is no longer employed by Camco. The maximum annual amount of deferral permitted for Mr. Caldwell is \$25,000. Interest is credited on the deferral amounts at an annual rate equal to 75% of Camco's ROAE rate for the preceding year, not to exceed an ROAE of 20%. There was no interest credited for 2010 as Camco's 2009 ROAE was negative. Camco does not make any contributions to his deferred account.

Other Compensation

The Named Executive Officers are eligible to participate in Camco's broad-based employee benefit plans, such as medical, disability and term life insurance programs. Camco believes these benefits are reasonable and helps enable Camco to attract and retain employees for key positions.

Due to the geographic distance between Camco's office locations, Camco determined it would be beneficial to provide certain Named Executive Officers either a company car or a car allowance. Camco provides a company car for Messrs. Huston, Caldwell and Greenwalt. Camco provided a car allowance to Mr. Caldwell prior to August 2010 when a company car was provided. Camco also pays for country club dues for all Named Executive Officers, and paid for an additional club membership for Mr. Huston.

Flexible payment universal life insurance policies, which are carried on the books of Camco as tax-free earning assets and provide Camco with cost recovery of the benefit provided, have been purchased on the lives of certain employees, including Mr. Caldwell. No other Named Executive Officer currently has such a policy. Upon the death of Mr. Caldwell, his beneficiary will receive two times his base salary for the 12 months preceding the month in which he dies, up to a maximum of \$300,000. The current death benefit for Mr. Caldwell is \$293,964.

EMPLOYMENT AND CHANGE OF CONTROL AGREEMENTS

Camco entered into an employment agreement with Mr. Huston on December 31, 2008. The term of the Agreement provides for daily renewal so that the remaining unexpired term of the agreement is always 24 months. The term continues to renew until Camco gives Mr. Huston written notice of non-renewal. Then, the employment term ends on the date that is 24 months after the notice, unless the parties agree that the employment term ends on an earlier date. Each year through the employment term, the amount of Mr. Huston's annual salary will be reviewed by the Board or a committee. The agreement provides for a base salary of not less than \$295,000 and a performance review not less often than annually.

Under the agreement, Mr. Huston is entitled to participate in Camco cash and equity incentive plans which provide for the payment of certain bonuses upon the achievement of corporate performance objectives. His potential cash award will range from 0% to 150% of his base salary and he will be eligible to earn an equity award of options for shares equaling up to 200% of his base salary. The agreement also provides for the inclusion of Mr. Huston in any formally established employee benefit, bonus, pension and profit-sharing plans for which senior management personnel are eligible and provides for vacation and sick leave.

Table of Contents

Upon a termination of employment after a Change of Control (as defined in the agreement), Mr. Huston will be entitled to an amount equal to two times his base amount as such term is defined in Section 280G of the Internal Revenue Code, with an additional amount not to exceed .99 times the base amount that may be awarded at the discretion of the Camco Board. This payment may be reduced under certain conditions described in the agreement. In addition, upon a Change of Control, Mr. Huston will be entitled to continued health, life and disability insurance benefits until the earlier of 18 months or the date on which he is eligible to be included in another employer's benefit plans.

If Camco terminates Mr. Huston because of a medically diagnosable condition, he will receive a lump sum payment equal to 50% of his current annual salary within 90 days following termination. At Mr. Huston's expense, Camco shall provide health, life, and disability insurance benefits substantially equal to those being provided at the date of termination until the earlier of 18 months or the date on which he is employed full-time by another employer.

If Camco terminates Mr. Huston for other than Just Cause (as defined in the agreement) or a medically diagnosable condition and not in connection with a Change of Control, Camco will pay to Mr. Huston a lump sum equal to his then current annual salary for the number of months remaining in the agreement and provide him with health, life and disability insurance until the earliest of 18 months, the end of the term of the agreement or the date on which he is eligible to be included in another employer's benefit plans.

During Mr. Huston's employment and for a period of 24 months after his termination, Mr. Huston has agreed that he will not compete with Camco nor solicit any of its customers or employees.

Camco has change of control agreements with Mr. Caldwell and Mr. Greenwalt. Each agreement is for a term of one year, and provides for annual performance reviews by the Board of Directors, at which time the Board of Directors may extend the agreement for an additional one-year period. Under the agreements, if the officer is terminated by Camco for any reason other than just cause, within six months prior to a change of control, or within one year after a change of control, Camco will pay the officer (1) an amount equal to two times his annual compensation and (2) the premiums required to maintain coverage under the health insurance plan in which the officer is a participant immediately prior to the change of control until the earlier of (i) the second anniversary of the termination or (ii) the date the officer is included in another employer's benefit plans. Camco defines annual compensation as base salary. The amounts that would have been payable at December 31, 2010 were: Mr. Caldwell \$293,964 and Mr. Greenwalt \$284,200. The officer is also entitled to payments if he voluntarily terminates his employment within twelve months following a change of control for good reason, which is defined in the agreements as: (1) the capacity or circumstances in which the officer is employed are changed (including, without limitation, a reduction in responsibilities or authority, or a reduction in salary); (2) the officer is required to move his personal residence, or perform his principal executive functions, more than thirty-five miles from his primary office as of the date of the agreement; or (3) Camco otherwise breaches the agreement.

If Camco terminates any of the Named Executive Officers for Cause, Camco has no obligations to the executive after the date of termination.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Camco's executive officers and directors, and persons who own more than ten percent of Camco's common stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and to provide Camco with a copy of such form. Based on Camco's review of the copies of such forms it has received, Camco believes that its executive officers and directors complied with all filing requirements applicable to them with respect to transactions during the fiscal year ended December 31, 2010, except that Mr. Greenwalt filed one late Form 4 reporting one transaction and Mr. Douglas filed one late Form 3.

RELATED PERSON TRANSACTIONS

Some of the directors and executive officers of Camco have banking relationships with Advantage Bank. All loans made to directors and executive officers (i) were made in the ordinary course of business; (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Camco; and (iii) did not involve more than the normal risk of collectability or present other unfavorable features.

The Board of Directors reviews all related party transactions. All loans to directors and executive officers are approved by a majority of the independent directors even though such loans are not made on favorable terms. The

Code of Ethics provides that if any director or executive officer has an interest in a transaction involving Camco, it must be reported to the Audit Committee. The Audit Committee will determine if a conflict exists and the disinterested directors will approve or disapprove the transaction.

PROPOSAL 2 APPROVAL OF INCREASE OF AUTHORIZED SHARES

Background

The real estate market continues to create a very challenging environment for most financial institutions. In the first half of 2010, the homebuyer tax credit increased sales and temporarily propped up prices. However, bankruptcies, foreclosures and high unemployment have continued in Ohio and the oversupply of housing has continued to depress prices. We are diligently trying to manage delinquencies and work with our loan customers in order to reduce losses for them, as well as Camco.

Despite our efforts, nonperforming loans increased \$9.8 million from December 31, 2007 to December 31, 2010. We continue to deal with the economic challenges in our markets, through our loan charge-offs and provision for loan losses as we recognize the results of these current economic conditions and issues related to higher than normal unemployment. During 2008, 2009 and 2010, we recognized a provision for loan loss expense of \$14.8 million, \$21.8 million and \$18.5 million, respectively.

Primarily as a result of these challenges that Camco has faced, Camco and Advantage Bank have had to enter into agreements with our regulators regarding various issues related to our companies. On August 5, 2009, Camco entered into a written agreement with the Federal Reserve Board (FRB). The written agreement requires Camco to obtain FRB approval prior to: (i) declaring or paying any dividends; (ii) receiving dividends or any other form of payment representing a reduction in capital from Advantage Bank; (iii) making any distributions of interest, principal or other sums on subordinated debentures or trust preferred securities; (iv) incurring, increasing or guaranteeing any debt; or (v) repurchasing any Camco stock. The written agreement also required Camco to develop a capital plan and submit it to the FRB for approval, which it has done.

As described under Incumbent Directors, Advantage Bank has entered into the Consent Order with the FDIC and the Ohio Division. The Consent Order requires Advantage Bank to, among other things, (i) increase its Tier 1 Leverage Capital Ratio to 8%; and (ii) seek regulatory approval prior to declaring or paying any cash dividend. Advantage Bank will be considered adequately capitalized until the Consent Order is removed by the FDIC and the Ohio Division. Tier 1 capital includes common stockholders equity, noncumulative perpetual preferred stock and minority interest in the equity accounts of consolidated subsidiaries, less all intangibles, other than includable purchased mortgage servicing rights and credit card relationships. For purposes of computing risk-based capital, assets and certain off-balance sheet items are weighted at percentage levels ranging from 0% to 100%, depending on their relative risk.

Advantage Bank did not meet the 8% requirement set forth in the Consent Order at December 31, 2010 as its Tier 1 Leverage Capital Ratio was 5.61%. Advantage Bank was still not in compliance at March 31, 2011, as its Tier 1 Leverage Capital Ratio was 5.82%. This failure to comply could result in additional enforcement action by the FDIC or the Ohio Division. These actions, if taken, could have a severely adverse effect on the business of Advantage Bank and the value of your investment. Without additional capital, Advantage Bank could be forced to further curtail operations and further reduce its assets and deposits, which could diminish the value of Advantage Bank s franchise and cause it to be unable to respond to business opportunities.

We must increase our capital levels to comply with the terms of the Consent Order and believe it is prudent to raise capital to levels higher than those required by the Consent Order to provide an increased ability to absorb possible future losses, to position Camco to be prepared to take advantage of business opportunities as they may arise, to provide a foundation for growth, and to create conditions necessary to enhance stockholder value in the future.

We believe we need additional authorized shares of common stock to be able to pursue the full range and extent of possible capital-raising opportunities that the Board may determine to be in the best interests of Camco, its stockholders and Advantage Bank. We have initiated a process to identify and evaluate a broad range of strategic alternatives to increase our capital levels. These alternatives include capital-raising transactions involving public or private offerings of common stock. We currently do not know the amount of cash that would be received by us in any future offering of shares of our common stock or securities that are convertible into shares of our common stock. We currently intend to use the proceeds, if any, from any future offering to contribute to the capital of Advantage Bank to increase Advantage Bank s capital and regulatory capital ratios and for general corporate purposes, including funding organic loan growth and long-term strategic opportunities. Camco currently intends to retain a portion of the net proceeds of any future offering to pay its continuing operating expenses.

Table of Contents

In order to complete a capital raise transaction and to provide additional authorized shares of common stock to meet additional future needs, it is necessary to increase the number of shares of common stock that Camco is authorized to issue as set forth in Proposal 2. These additional authorized shares would have the same rights as currently authorized, issued and outstanding shares of common stock. Camco stockholders would have no preemptive rights to acquire the newly authorized shares of common stock, and stockholders would not acquire any preemptive rights by purchasing the newly authorized shares of common stock. The matter to be voted on at this annual meeting is a critical component of Camco's capital plan.

Camco believes that the completion of a capital raising transaction will constitute substantial progress in addressing the most significant concerns raised by the FRB, Ohio Division and FDIC, although the FRB, Ohio Division and FDIC have offered no assurance that this transaction will be sufficient to address their concerns. The capital raise transaction is a critical component of Camco's plan and Camco needs stockholder approval to complete it. In addition, Camco believes that if it is unable to complete a capital raise transaction, it will be substantially more likely to face negative regulatory consequences. Regulatory consequences could, among other things, result in Advantage Bank being required to seek a merger partner or undergo a voluntary liquidation. Such actions could have a material negative effect on Camco's business and financial condition and the value of its common stock.

Due to the benefits that will result from the capital raise transaction and the adverse consequences Camco will face if the transaction is not completed, **THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR PROPOSAL 2.**

The Proposal

Camco currently is authorized to issue 14,900,000 shares of common stock. The Board recommends that stockholders approve an amendment (the Amendment) to Article Fourth of Camco's Restated Certificate of Incorporation (the Certificate of Incorporation) that would increase the authorized shares of common stock from 14,900,000 shares to 29,900,000 shares. The number of authorized shares of preferred stock will remain at 100,000 shares. If the Amendment is approved by Camco's stockholders, the first sentence of Article Fourth of the Certificate of Incorporation as amended will read as follows:

The total number of shares of stock which the corporation shall have the authority to issue is Thirty Million (30,000,000), of which Twenty Nine Million Nine Hundred Thousand (29,900,000) shares shall be common shares of the par value of One Dollar (\$1.00) each, amounting in the aggregate to Twenty Nine Million Nine Hundred Thousand Dollars (\$29,900,000), and One Hundred Thousand (100,000) shares shall be preferred shares of the par value of One Dollar (\$1.00) each, amounting in the aggregate to One Hundred Thousand Dollars (\$100,000).

Reasons for Request for Stockholder Approval

As of April 8, 2011, there were 7,205,595 shares of common stock outstanding. An additional 611,241 shares were reserved for issuance pursuant to outstanding options and future awards under Camco's equity compensation plans. Camco needs to increase the number of shares of common stock it is authorized to issue in order to complete a capital raise transaction.

If the proposed amendment is approved, the newly authorized shares of Camco common stock would be unreserved and available for issuance by Camco without further stockholder approval, except where stockholder approval is required under Nasdaq rules. Under Nasdaq Marketplace Rule 5635, prior stockholder approval would generally be required for any non-public offering of shares equal to 20% or more of the common stock, or 20% or more of the voting power, outstanding before issuance at a price less than the greater of book or market value. Any public offering (within the meaning of Marketplace Rule 5635) would not require stockholder approval. In addition, any offering that would or could result in a change in control (within the meaning of Marketplace Rule 5635) of Camco would require stockholder approval.

This proxy statement is not an offer to sell or the solicitation of an offer to buy shares of our common stock or any other securities. Offers and sales of common stock will only be made by means of a prospectus meeting the requirements of the Securities Act of 1933, as amended, and applicable state securities laws, on the terms and subject to the conditions set forth in such prospectus.

Consequences if the Increase in Authorized Shares is Not Approved by the Stockholders

If the stockholders do not approve the increase in the number of shares of common stock authorized for issuance under our Certificate of Incorporation, we will not be able to complete a capital raise transaction that will raise sufficient capital, as required by the Consent Order. In such an event, the FRB, Ohio Division or FDIC may take steps to require Advantage Bank to liquidate or direct it to merge with another financial institution. Further, the FDIC could place Advantage Bank into receivership. In addition, in the short term, we may be required to seek alternative sources of capital and liquidity to satisfy our ongoing operations and we may not be able to obtain such alternative sources of capital and liquidity on commercially reasonable terms, if at all. If we were unable to generate additional capital and liquidity it would have a material adverse impact on our financial condition and would adversely affect the price of our common stock.

If approved, the increase in authorized common stock will provide sufficient authorized shares to allow Camco to complete a capital raise transaction. It would also give Camco the ability to issue shares for other general corporate purposes. As a result of a capital raise transaction, Camco's existing stockholders will incur substantial dilution to their voting interests and will own a smaller percentage of Camco's outstanding common stock. The dilutive effect of a capital raise transaction may have an adverse impact on the market price of Camco's common stock. Additional issuances of common stock would further dilute the interests of existing stockholders.

Except as described in this proxy statement, Camco has no current plans to issue shares in a merger, consolidation, acquisition or similar transaction. Approval of the amendment to Camco's Certificate of Incorporation would in certain circumstances permit such actions to be taken without the delays and expense associated with obtaining stockholder approval at that time, except to the extent required by applicable state law or Nasdaq listing requirements for the particular transaction. Although the availability of additional shares of stock provides flexibility in carrying out corporate purposes, the increase in the number of shares of authorized stock could make it more difficult for a third party to acquire a majority of Camco's outstanding voting stock and could also result in the issuance of a significant number of shares to one or more investors in transactions that may not require stockholder approval.

Recommendation

The Board believes that the Amendment is in the best interests of the stockholders of Camco. **THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE PROPOSAL TO AMEND CAMCO'S CERTIFICATE OF INCORPORATION TO INCREASE CAMCO'S AUTHORIZED SHARES OF COMMON STOCK.**

AUDIT AND RISK MANAGEMENT COMMITTEE REPORT

The Audit and Risk Management Committee of the Board of Directors of Camco is comprised of four directors, all of whom are considered independent under Rule 5605(a)(2) of Nasdaq's listing rules. The committee is responsible for overseeing Camco's accounting functions and controls, as well as selecting an accounting firm to audit Camco's financial statements. The committee has adopted a charter, which provides that the committee has the sole authority to select, compensate, oversee, evaluate and, where appropriate, replace Camco's independent registered public accounting firm. Additionally, the charter requires the committee to review and approve in advance any audit and non-audit services to be provided by Camco's independent registered public accounting firm, other than prohibited non-auditing services. The committee has the sole authority to make these approvals, although such approval has been delegated to the Chairman of the committee, Mr. Goodyear. Any actions taken by the chairman are subsequently presented to the committee for ratification. The committee approved all services provided by Plante Moran in 2010. The Audit and Risk Management Committee has developed procedures for the receipt, retention and treatment of complaints received by Camco from stockholders regarding accounting, internal accounting controls, auditing or other matters and a process for receiving and investigating confidential, anonymous submission of concerns regarding questionable accounting, auditing or other matters by employees of Camco. These procedures are available on Camco's website: www.camcofinancial.com.

The Audit and Risk Management Committee received and reviewed the report of Plante Moran regarding the results of their audit as well as the written disclosures required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The Audit and Risk Management Committee determined that the provision by Plante Moran of the services included in the table below under "All Other Fees" is compatible with maintaining Plante Moran's independence. The committee reviewed and discussed the audited financial statements with the management of Camco. A representative of Plante Moran also discussed with the committee the independence of Plante Moran from Camco, as well as the matters required to be discussed by Statement of Auditing Standards No. 61, as may be amended from time to time. Discussions between the committee and the representative of Plante Moran included the following:

- Plante Moran's responsibilities in accordance with standards of the Public Company Accounting Oversight Board;
- The initial selection of, and whether there were any changes in, significant accounting policies or their application;
- Management's judgments and accounting estimates;
- Whether there were any significant audit adjustments;
- Whether there were any disagreements with management;
- Whether there was any consultation with other accountants;
- Whether there were any major issues discussed with management prior to Plante Moran's retention;
- Whether Plante Moran encountered any difficulties in performing the audit;
- Plante Moran's judgments about the quality of Camco's accounting principles; and
- Plante Moran's responsibilities for information prepared by management that is included in documents containing audited financial statements.

Based on its review of the financial statements and its discussions with management and the representative of Plante Moran, the Audit and Risk Management Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit and Risk Management Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2010.

The Audit and Risk Management Committee expects that a representative from Plante Moran will be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires, and will be available to respond to appropriate questions from stockholders.
