	=====

In accordance with the third amended loan agreement, the Company is required to maintain certain levels of tangible net worth, ratio of total liabilities to tangible net worth, and earnings before interest, taxes, depreciation and amortization and prohibit the payment of common stock cash dividends. At November 30, 2001, the Company was in compliance with the earnings before interest, taxes, depreciation and amortization covenants. The Company was not in compliance with the tangible net worth and ratio of total liabilities to tangible net worth covenants as of November 30, 2001. The Company anticipates that their lender will waive these covenant violations through December 1, 2002.

THE MATTERS DISCUSSED IN THIS QUARTERLY REPORT ON FORM 10-Q CONTAIN CERTAIN FORWARD-LOOKING STATEMENTS. FOR THIS PURPOSE, ANY STATEMENTS CONTAINED IN THIS REPORT THAT ARE NOT STATEMENTS OF HISTORICAL FACT MAY BE DEEMED TO BE FORWARD-LOOKING STATEMENTS. WITHOUT LIMITING THE FOREGOING, WORDS SUCH AS "MAY," "WILL," "EXPECT," BELIEVE," "ANTICIPATE," "UNDERSTANDING," OR "CONTINUE," THE NEGATIVE OR OTHER VARIATION THEREOF, OR COMPARABLE TERMINOLOGY, ARE INTENDED TO IDENTIFY FORWARD-LOOKING STATEMENTS. THESE STATEMENTS BY THEIR NATURE INVOLVE SUBSTANTIAL RISKS AND UNCERTAINTIES, AND ACTUAL RESULTS MAY DIFFER MATERIALLY DEPENDING UPON A VARIETY OF FACTORS, INCLUDING CONTINUED MARKET DEMAND FOR THE TYPES OF PRODUCTS AND SERVICES PRODUCED AND SOLD BY THE COMPANY.

COMPARISON OF THE THREE MONTHS ENDED NOVEMBER 30, 2001 TO THE THREE MONTHS ENDED NOVEMBER 30, 2000.

REVENUES - Revenues for the three months ended November 30, 2001 totaled \$3.4 million as compared to \$4.6 million for the three months ended November 30, 2000, a decrease of \$1.2 million or 27%. This was a result of the decrease in market demand for automotive tooling systems during the past eighteen months. In addition, limited contracts have been released during this period and of those contracts that were released, most were competitively bid and resulted in extreme erosion of contract pricing. These factors continue to lower contract revenue as well as contract margins during fiscal 2002. The Company, in securing new contracts during fiscal 2001 and the first quarter of 2002, utilized a strategy of bidding on contracts at rates that would maintain contribution margin if such was awarded to the Company.

8.

As a result of these market conditions, the Company has instituted specific cost containment measures. These containments include direct labor layoffs of approximately 75 employees or 45% of the normal workforce and suspension of the Company's matching contribution to the Company 401(K) Plan for all employees. The Company anticipates the decline in contract releases will also negatively effect the Company's financial results at least through 2002.

COST OF SALES - Cost of sales was \$3.5 million or 105% of sales for the three months ended November 30, 2001 as compared to \$4.3 million or 94% of sales for the three months ended November 30, 2000. The decrease in gross margin was largely due to the decrease in revenue as well as erosion of contract pricing during the past eighteen months. The Company continues to review and lower all fixed expenses where applicable in order to maintain the lowest possible cost rate.

Direct costs expense decreased from \$2.2 million in 2000 to \$1.6 million in 2001, however as a percent of sales it increased from 47.6% to 48.3%. Direct

Edgar Filing: RIVIERA TOOL CO - Form 10-Q

labor expense was \$0.9 million in 2001 as compared to \$1.3 million in 2000, however as a percent of sales, direct labor expense remained consistent at 28%. The Company incurred 41,400 shop floor hours during the first quarter of 2002 as compared to 63,600 during the same period of 2001, a decrease of 22,200 hours or 35%. This decrease was a direct result of lower contract levels during the first quarter of 2002. Other direct cost decreases included \$181,000 in direct material expense and \$40,000 in outside service expenses.

Engineering expense decreased from \$343,000 for the three months ended November 30, 2000 to \$322,000 for the same period this year, however as a percent of sales engineering expense increased from 7.5% to 9.6% as a result of the decrease in revenues in the first quarter ended November 30, 2001. The largest decrease in engineering expense was \$19,500 in engineering salaries as a result of the Company decreasing its engineering headcount.

Manufacturing overhead expense decreased from \$1,795,000 or 39.1% of sales for the three months ended November 30, 2000 to \$1,600,000 or 47.6% of sales for the three months ended November 30, 2001. The largest increase in the first three months of 2001 as compared to 2000 was the increase of \$32,000 in building rent and property taxes expense. This increase was a result of the expiration of a sublease for space in the Company's facility in 2001. This increase was offset by decreases of \$127,000 in labor and payroll taxes, \$39,000 in medical insurance expense, \$38,000 in manufacturing supplies and perishable tooling expense.

SELLING & ADMINISTRATIVE EXPENSES - Selling and administrative expenses decreased from \$528,000 or 11.5% of sales for the three months ended November 30, 2000 to \$466,000 or 13.8% of sales for the three months ended November 30, 2001. This decrease was largely due to decreases of \$58,000 in State of Michigan Single Business Tax, \$34,000 in public company costs, \$30,000 in charitable contributions, and \$15,000 in director fees. These decreases were offset by increases of \$45,000 in legal and professional fees, \$18,000 in technology expense, and \$9,000 in selling travel expenses.

INTEREST EXPENSE - Interest expense for the three months ended November 30, 2001 was approximately \$168,000 as compared to approximately \$241,000 for the three months ended November 30, 2000. As a percentage of sales, interest expense decreased from 5.2% in the quarter ended November 30, 2000 to 5.0% for the quarter ended November 30, 2001. This was a result of lower debt levels as well as lower interest rates during the quarter ended November 30, 2001 as compared to the same period last year.

FEDERAL INCOME TAXES

For the three months ended November 30, 2001, the Company recorded a valuation allowance of \$277,367 to offset the income tax benefit. As of November 30, 2001, the Company had approximately \$3,091,000 of net operating loss

9.

carryforwards which will expire in fiscal 2020 through 2022, if unused, as well as \$155,000 of alternative minimum tax credits that do not expire.

LIQUIDITY AND CAPITAL RESOURCES

During the three months ended November 30, 2001, the Company's cash used in operating activities was \$2,142,000. This largely resulted from increases of \$1,007,000 in accounts receivable and \$494,000 in contracts in process. From investing activities, the Company acquired additional machinery and equipment of \$14,000. From financing activities, the Company used \$496,990 to reduce

Edgar Filing: RIVIERA TOOL CO - Form 10-Q

long-term debt and borrowed an additional \$2,370,000 on the revolving working capital credit line. The Company believes that the unused portion of the revolving bank working capital credit line and the funds generated from operations will be sufficient to cover anticipated cash needs through fiscal 2002. However, depending on the level of future sales, an expanded credit line may be necessary to finance increases in trade accounts receivable and contracts in process. The Company believes it will be able to obtain such expanded credit line, if required, on generally the same terms as the existing credit line.
