ITEM NO. 7 Pro Forma Financial Information.

This amends the Current Report on Form 8-K dated June 5, 2003, by revising the unaudited pro forma financial data to reflect the split-off of Hughes Electronics Corporation from General Motors Corporation at book value, rather than at fair market value.

**UNAUDITED PRO FORMA CONDENSED
CONSOLIDATED FINANCIAL STATEMENTS**

The following unaudited pro forma condensed consolidated financial statements as of and for the three months ended March 31, 2003 and for the year ended December 31, 2002 have been derived from the historical financial statements of GM and Hughes to give effect to the separation of Hughes from GM and acquisition by News Corporation of 34% of Hughes (the transactions).

The unaudited pro forma condensed consolidated statements of income from continuing operations giving effect to the transactions for the three months ended March 31, 2003 and the year ended December 31, 2002 reflect adjustments as if the transactions had taken place on January 1, 2002. The unaudited pro forma condensed consolidated balance sheet as of March 31, 2003 gives effect to the transactions as if the transactions had occurred on March 31, 2003.

Certain pro forma adjustments described in the accompanying notes are based on estimates and various assumptions that GM believes are reasonable under the circumstances.

Certain amounts and percentages have been rounded for presentation purposes. Accordingly, certain arithmetic operations may not be recalculated exactly.

The unaudited pro forma condensed consolidated financial statements are not intended to be indicative of either future results of operations or results that might have been achieved had the transactions actually occurred on the dates specified. In the opinion of GM management, all adjustments necessary to fairly present such unaudited pro forma condensed consolidated financial statements have been made based upon the proposed terms of the transactions.

The unaudited pro forma condensed consolidated financial statements should be read in conjunction with the GM and Hughes financial statements, including the respective notes thereto, as of and for the three months ended March 31, 2003, each of which is contained in its Quarterly Report on Form 10-Q for the quarter ended March 31, 2003, and as of and for the year ended December 31, 2002, each of which is contained in its 2002 Form 10-K, and Management's Discussion and Analysis of Financial Condition and Results of Operations for the year ended December 31, 2002 for GM, which has been restated to comply with SEC Regulation G and Item 10 of Regulation S-K and is included in this Current Report on Form 8-K.
