THE BOARD OF DIRECTORS

The business and affairs of RTI are under the general direction of the Board of Directors. The Board presently consists of ten members, eight of whom are neither officers nor employees of RTI or its subsidiaries. The Board met six times during 2002.

The Nominating/Corporate Governance Committee will consider recommendations by shareholders for nominees for election as director. Recommendations, together with the nominee's qualifications and consent to be considered as a nominee, should be sent to the Secretary of RTI for presentation to the Committee.

There are four principal committees of the Board of Directors. Committee membership, the functions of the committees and the number of meetings held during 2002 are described below.

EXECUTIVE COMMITTEE

The members of the Executive Committee are Robert M. Hernandez (Chairman), Craig R. Andersson, Charles C. Gedeon, John H. Odle and Timothy G. Rupert.

The Executive Committee assists the Board in the discharge of its responsibilities and may act on behalf of the Board when emergencies or scheduling make it difficult to convene the Board. All actions taken by the Committee must be reported at the Board's next meeting. During 2002, the Executive Committee held no meetings.

AUDIT COMMITTEE

The members of the Audit Committee, all of whom are independent directors, are Wesley W. von Schack (Chairman), Craig R. Andersson, Neil A. Armstrong, Daniel I. Booker, (until October 26, 2002), Ronald L. Gallatin, Charles C. Gedeon and Edith E. Holiday (until October 26, 2002). The Committee has adopted, and the Board has approved, the Committee charter attached as Exhibit I hereto.

The Audit Committee assists the Board in overseeing RTI's financial reporting process and systems of internal accounting controls and monitoring RTI's compliance with legal and regulatory requirements and the independence and performance of RTI's internal auditors and independent accountants. The Committee's responsibilities are listed in the attached charter.

The Audit Committee held six meetings in 2002.

HUMAN RESOURCES COMMITTEE

The members of the Human Resources Committee, all of whom are non-employee directors, are Craig R. Andersson, Neil A. Armstrong, Daniel I. Booker, Ronald L. Gallatin, Charles C. Gedeon, Edith E. Holiday and Wesley W. von Schack.

The Committee discharges the Board's duties concerning executive compensation and prepares the report on it required by the Securities and Exchange Commission.

The Human Resources Committee is responsible for review and approval of RTI's compensation philosophy; executive compensation programs, plans and awards; and policies, principles and procedures for selection and performance review of the CEO and other top management; and for establishing the CEO and other top management's compensations levels based on the Committee's evaluation of their performance. The Committee also administers RTI's long term incentive plans and stock or stock-based plans.

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

The Human Resources Committee held three meetings in 2002.

NOMINATING/CORPORATE GOVERNANCE COMMITTEE

The members of the Nominating/Corporate Governance Committee are Robert M. Hernandez (Chairman), Daniel I. Booker and Edith E. Holiday.

The Nominating/Corporate Governance Committee is responsible for considering director candidates submitted by directors, officers, employees and shareholders; recommending to the Board candidates for election to the Board at the Annual Meeting of Shareholders or by the Board to fill vacancies occurring on the Board; and also considering RTI's director compensation from time to time. The

5

Committee is also responsible for developing and recommending to the Board corporate governance principles applicable to RTI as well as their periodic review.

The Nominating/Corporate Governance Committee held two meetings in 2002.

COMPENSATION OF DIRECTORS

RTI employees receive no extra pay for serving as a director. Non-employee directors receive an annual retainer plus a fee for each Board or committee meeting attended, except that no fee is payable for attending a committee meeting if there is a Board meeting on the same day. The annual retainer is \$35,000 (except for the Chairman) and the meeting fee \$1,000. For his services as non-employee Chairman; Mr. Hernandez receives an annual retainer of \$80,000: \$62,500 in RTI common stock and \$17,500 in cash. The non-employee committee chairman retainer is \$3,000. Mr. Hernandez has waived payment to him of a retainer as Chairman of the Nominating/Corporate Governance Committee. One-half of the annual retainer payable to non-employee directors and to non-employee committee chairmen is paid in RTI common stock. In 2002, the Common Stock utilized for this purpose and for the Chairman's annual retainer was based on \$9.865, the market value of the stock on August 1, 2002.

RTI has adopted the 2002 Non-Employee Director Stock Option Plan providing for the grant of options to purchase up to 500,000 shares during the 10 year term of the Plan. All directors who are not employees of RTI participate in the Plan. On January 25, 2002, each director participating in the Plan was granted a stock option for 3,000 shares at an exercise price of \$9.575 per share and on January 31, 2003, a stock option for 3,000 shares at an exercise price of \$10.22 per share.

6

PROPOSAL NO. 1 -- ELECTION OF DIRECTORS

RTI's directors are elected for one year terms. Non-employee directors may not stand for election after age 72. Employee directors leave the Board when they retire from RTI. The Board may determine to extend the retirement age for a particular director. It has determined to make such an extension to age 75 in the case of Mr. Armstrong.

The Board has nominated nine of the ten current directors for election. Mr. von Schack concluded not to stand for re-election. Consequently the Board has set the number of directors at nine as of the Annual Meeting. Each nominee for election has previously been elected by the shareholders. Of the nine individuals who are nominees for election, two are current RTI officers and the

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

For 2002, PricewaterhouseCoopers LLP rendered professional services in connection with the audit of the financial statements of RTI and its subsidiaries, including examination of certain employee benefit plans, review of quarterly reports and review of filings with the Securities and Exchange Commission. It also provided internal audit and tax consulting services and reviewed RTI's enterprise resource planning software system from the accounting controls standpoint. It is knowledgeable about RTI's operations and accounting practices and is well qualified to act in the capacity of independent accountants.

AUDIT FEES

The aggregate fees billed for professional services rendered for the audit of RTI's annual financial statements for 2002 and review of financial statements in RTI's Form 10-Q Reports in 2002 were \$310,041.

ALL OTHER FEES

The aggregate fees billed for professional services rendered by PricewaterhouseCoopers LLP during 2002 to RTI and its subsidiaries other than fees disclosed above were \$675,759. Included in other fees was approximately \$505,951 related to tax services and \$94,048 related to internal audit services. Beginning August 1, 2002, PricewaterhouseCoopers no longer provided internal audit services to RTI. RTI has retained KPMG LLP to provide these services.

INDEPENDENT STATUS OF PRICEWATERHOUSECOOPERS LLP

The Audit Committee has considered whether the provision by PricewaterhouseCoopers LLP of the professional services covered by the above-described billings (other than those described under Audit Fees) was compatible with the maintenance by PricewaterhouseCoopers LLP of its independent status and has determined that it was.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

This Committee administers RTI's stock-based compensation plans and is also responsible for all other executive compensation matters.

RTI has adopted a comprehensive statement entitled "Pay Philosophy and Guiding Principles Governing Officer Compensation". Principal components of the statement are as follows:

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

The Philosophy is to have RTI's officer compensation programs:

- promote achievement of RTI's business objectives and reinforce its strategies.
- align the interests of RTI's officers with those of its shareholders.
- provide pay that is externally competitive and internally equitable, that rewards accomplishment to the extent identifiable and measurable and that delivers significant rewards for exceptional performance.

The Guiding Principles are described as:

1. Pay programs will be characterized by variability, clarity, communicability and strategic emphasis. Specific areas of communication will be the factors considered, annual target incentive objectives and results and annual target levels for restricted stock vesting performance measures and results. The strategic emphasis will include recognition of the roles of various elements of pay in attracting, retaining and motivating employees, the aspects of performance that each element is best suited to reward and the characteristics of RTI and its officer group that point to emphasis on specific elements of pay.
2. Specific descriptions of salary administration and annual and long term incentive compensation administration are set forth. Annual incentive compensation is accomplished through RTI's Incentive Compensation Plan while long term incentive compensation is handled under the 1995 Stock Plan.

13

Market conditions in 2001 were improved somewhat over the previous year until the events of September 11 severely impacted them. Despite the low operating rates and level of business at RTI's facilities, RTI was able to generate improved net income over 2000. In 2002, despite the continued decline in the commercial aerospace business, with the consequent decline in titanium mill product shipments, management's continued focus on profitable business and cutting production costs resulted in RTI's improving net income for the year by almost 25% compared with 2001.

After review of the officers' performance in 2001 against their objectives, RTI's operating and financial performance, cash flow and return on assets and shareholder return, in January 2002 the Committee approved the salary increases and restricted stock and stock option awards shown in the Summary Compensation Table. These actions were in accord with the Pay Philosophy and Guiding Principles Statement.

In January 2003, the officers' performance was again evaluated, utilizing the factors mentioned above. Performance was excellent, given the market environment. Net income, cash flow, return on assets and shareholder return were all better than the previous year. The Committee believed the performance justified the bonuses shown in the Compensation Table. The Committee also approved compensation increases and restricted stock and stock option grants to the officers.

The procedures described above were followed in January 2002 and January 2003 in determining the CEO's salary increase, grants of restricted stock and stock options and bonus for 2002. The CEO met all but one of his objectives for 2001, cash flow and return on assets were above plan, and although income was below plan, the plan was based on a more robust business activity toward the end of the year than actually occurred in the wake of September 11. Nonetheless profit was better than in 2000. The Committee also considered comparative data in determining the CEO's salary increase (as well as those of the other

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

officers) which suggested that RTI officers' salaries were below their peers. Considering the low operating levels, the Committee deemed the CEO's performance exemplary. The bonus determination in January, 2003 reflects the CEO's meeting all of his objectives. RTI's excellent performance in 2002 in a very difficult environment, and the Committee's view that the CEO had done an exceptional job.

PENSION BENEFITS

RTI's Pension Plan is a defined benefit plan which first became effective at RMI Company (a predecessor of RTI) in 1971. The Pension Plan recognizes, for pension benefits, services and compensation with RTI, RMI Titanium Company, RMI Company, Reactive Metals, Inc. (a predecessor of RMI Company), United States Steel Corporation, USX Corporation, Quantum Chemical Corporation, or subsidiaries of each. The amounts payable under the Pension Plan will be paid monthly after a participant retires. The table below shows the annual pension benefits for retirement at age 65 (or earlier under certain circumstances) for various levels of eligible earnings which would be payable to employees retiring with the years of service shown. The benefits are based on a formula of a specified percentage (dependent on years of service) of average annual eligible earnings in the five consecutive years of the ten years prior to retirement in which such earnings are highest. Eligible earnings includes only base salary. Incentive awards and similar benefits are excluded, although the amount of such benefits is included in the Summary Compensation Table. Benefits payable under the Pension Plan, and amounts reflected in the following table are subject to offsets for social security benefits and, in certain instances, pensions payable under the U.S. Steel and the Quantum pension plans. As of December 31, 2002, Mrs. Hickton had 5

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

credited years of service, and Mr. Jacobs 4, Mr. Odle 25, Mr. Berkstresser 3 and Mr. Rupert 34.

AVERAGE CONSECUTIVE HIGHEST 5 YEARS OF COMPENSATION	ANNUAL BENEFITS FOR YEARS OF SERVICE				
	10	15	30	40	45
\$100,000	\$12,500	\$18,750	\$ 37,500	\$ 51,000	\$ 57,750

400,000	50,000	75,000	150,000	204,000	231,000

Under the employment agreement dated as of August 1, 1999 between RTI and Mr. Odle, RTI agreed that if he continues in active employment with RTI until either age 65, or such earlier date as the RTI Board of Directors may approve, RTI at his retirement will pay him a one time lump sum payment of the then present value of the 9.16 years of non-pensionable service attributable to periods he was employed by U.S. Steel (3.58 years) and the Company (5.58 years) which pre-date his current period of employment, calculated pursuant to the RTI Pension Plan and its Supplemental Pension Program.

SUPPLEMENTAL PENSION PROGRAM

Officers participating in the Incentive Compensation Plan are also eligible for the RTI Supplemental Pension Program. If they retire or otherwise terminate employment after age 60, or prior to age 60 with RTI consent, they will be entitled to receive the benefits shown in the table below based on bonuses paid under the Incentive Compensation Plan.

AVERAGE ANNUAL BONUS FOR FIVE HIGHEST YEARS IN TEN YEAR PERIOD PRECEDING RETIREMENT	ANNUAL BENEFITS FOR YEARS OF SERVICE		
	10	15	20
\$ 50,000	\$ 7,500	\$11,250	\$15,000
100,000	15,000	22,500	30,000
150,000	22,500	33,750	45,000
200,000	30,000	45,000	60,000
250,000	37,500	56,250	75,000
300,000	45,000	67,500	90,000

In order to comply with the limitations of the Internal Revenue Code, pension benefits will be paid directly by RTI when they exceed the amounts permitted by the Code to be paid from federal income tax qualified pension plans.

EMPLOYMENT AGREEMENTS

On August 1, 1999, RTI entered into employment agreements with Mrs. Hickton and Messrs. Jacobs, Odle and Rupert covering their employment for an initial four

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

year term and for additional one year terms each year thereafter until the officer attains age 65 unless terminated prior thereto by either party on 120 days notice. Under the agreements, each officer will be paid the annual salary set forth, subject to increases from time to time in the sole discretion of RTI. RTI may terminate the services of the officer at any time for "cause" as defined in the agreement. Officers each agree not, for a period of 24 months after the end of the employment period or employment termination, whichever occurs first, to be employed by, or otherwise participate in, any business which competes with RTI. This restriction does not apply if the officer terminates employment with RTI under certain circumstances following a "change in control" of RTI as defined.

The employment agreements also provide that the officer will be entitled to certain severance benefits in the event of termination of employment under certain circumstances following a "change in control" as defined.

16

These are:

- a cash payment of up to three times the sum of the officer's current salary plus the highest bonus in the four years before the date of termination,
- all unvested restricted stock and options will vest immediately,
- life, disability, accident and health insurance benefits for 24 months after termination,
- a cash payment of the amount necessary to insure that the payments listed above are not subject to net reduction due to the imposition of federal excise taxes.

The severance benefits are payable if, any time after a change in control, the officer's employment is terminated by the officer for good reason or by RTI other than for cause or disability. In addition the benefits are payable to Mr. Odle or Mr. Rupert in the event either of them terminates employment within 90 days after a change in control.

The definition of a change in control for purposes of these agreements is complex but is summarized as follows. It includes any change in control required to be reported in response to Item 6(e) of Schedule 14A under the Securities Exchange Act of 1934 and provides that a change in control will have occurred if:

- any person not affiliated with RTI acquires 20 percent or more of the voting power of our outstanding securities,
- the Board no longer has a majority made up of (1) individuals who were directors on the date of the agreements and (2) new directors (other than directors who join the Board in connection with an election contest) approved by two-thirds of the directors then in office who (a) were directors on the date of the agreements or (b) were themselves previously approved by the Board in this manner.
- RTI merges with another company and RTI's shareholders end up with less than 50 percent of the voting power of the new entity,
- our shareholders approve a plan of complete liquidation of RTI, or
- we sell all or substantially all of RTI's assets.

Edgar Filing: RTI INTERNATIONAL METALS INC - Form DEF 14A

On November 1, 1999 RTI entered into an employment agreement with Mr. Berkstresser covering his employment for an initial four year term and for additional one year terms each year thereafter until he attains age 65 unless terminated prior thereto by either party on 120 days notice. Under the agreement, he will be paid the annual salary set forth, subject to increases from time to time in the sole discretion of RTI. The agreement contains the other terms and conditions described above as being contained in the agreements with Mrs. Hickton and Mr. Jacobs.
