The Company's Board of Directors is furnishing you with this Proxy Statement to solicit proxies to be voted at the 2001 Annual Meeting of Shareholders. The Annual Meeting will be held at 10:00 a.m. on Wednesday, May 2, 2001 at Bank One Center, One Bank One Plaza, Dearborn and Madison Streets (Plaza Level), Chicago, Illinois 60670. The proxies also may be voted at any adjournments or postponements of the meeting.

The mailing address of our principal executive offices is One East Wacker Drive, Chicago, Illinois 60601. We began sending these proxy materials on or about March 26, 2001 to all shareholders entitled to vote at the 2001 Annual Meeting.

All properly executed proxy cards, and all properly completed proxies submitted by telephone or through the internet, that are delivered in response to this solicitation will be voted at the Annual Meeting in accordance with the

Edgar Filing: UNITRIN INC - Form DEF 14A

directions given in the proxy, unless the proxy is revoked before the meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Proxy and Proxy Statement

What is a Proxy?

It is your legal appointment of another person to vote the stock you own. That other person is called a proxy. If you appoint someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have designated the Company's Chairman, President and Chief Executive Officer, Richard C. Vie, and the Company's Senior Vice President, Treasurer and Chief Financial Officer, Eric J. Draut, to act as proxies for the Annual Meeting. You do not need to attend the Annual Meeting to vote your shares if you provide a proxy in the manner described in this Proxy Statement.

What is a Proxy Statement?

It is a document that sets forth the information required by the federal securities laws and regulations administered by the Securities and Exchange Commission ("SEC") which is intended to allow you to vote on an informed basis at the Annual Meeting.

1

Voting and Record Date

What am I being asked to vote on?

You are being asked to vote on the proposal to elect a Board of Directors consisting of the following seven nominees:

- . James E. Annable
- . Douglas G. Geoga
- . Reuben L. Hedlund
- . Jerrold V. Jerome
- . William E. Johnston, Jr.
- . Fayez S. Sarofim
- . Richard C. Vie

Please refer to the section of this Proxy Statement entitled "Business Experience of Nominees" under the Unitrin Board of Directors caption for further information regarding these nominees.

How does the Board of Directors recommend I vote?

The Board of Directors recommends a vote FOR each of the nominees.

Who can vote?

You are entitled to vote at the Annual Meeting if you owned Unitrin common stock at the close of business on March 12, 2001. This date is called the record date.

How many shares of Unitrin stock are eligible to be voted at the Annual Meeting?

At the close of business on the record date of March 12, 2001, there were 67,683,481 shares of Unitrin common stock issued and outstanding. Accordingly,

Edgar Filing: UNITRIN INC - Form DEF 14A

67,683,481 shares of Unitrin common stock are eligible to be voted at the Annual Meeting. Unitrin had no other voting securities outstanding on March 12, 2001.

How many votes do I have?

Each share of Unitrin common stock that you owned on the record date entitles you to one vote. Your proxy card indicates the number of shares of Unitrin common stock that you owned on March 12, 2001 which are eligible to be voted at the Annual Meeting.

How do I vote in person?

If you owned Unitrin common stock on March 12, 2001, you may attend the Annual Meeting and vote in person by written ballot. However, if your shares are held in the name of a broker, bank or other institution, you must present written evidence at the Annual Meeting from the institution indicating that you were the beneficial owner of the shares on March 12, 2001 and that you have been authorized by that institution to vote your shares in person. This written evidence is generally called a "Legal Proxy" and should be submitted

2

to the Company's Secretary, Scott Renwick, prior to the commencement of the Annual Meeting.

How do I give a Proxy to vote my shares?

How you give a proxy to vote your shares depends on whether you hold your shares of Unitrin common stock (i) as a "shareholder of record" or (ii) in "street name" through an institution, such as a stock brokerage firm or bank. The shares of a shareholder of record are registered with the Company's transfer agent, First Union National Bank, in the shareholder's own name. Shares held in street name are registered with the Company's transfer agent in the name of the stock brokerage firm or other institution (or the name of its nominee), but not in the shareholder's own name. In this case, the institution maintains its own internal records showing the shareholder as the actual beneficial owner of the shares.

Shareholders of Record: If you hold your shares of Unitrin common stock as a shareholder of record (or through the Company's employee 401(k) savings plan), you may give a proxy to vote your shares by one of the following methods:

- . Complete, sign and date the enclosed proxy card and return it for delivery no later than the commencement of the Annual Meeting in the postage-paid envelope provided;
- . Call the toll-free telephone number on the proxy card no later than the commencement of the Annual Meeting and follow the recorded instructions;
- . Access the proxy voting website at the internet address identified on the proxy card no later than the commencement of the Annual Meeting and follow the instructions; or
- . Attend the Annual Meeting in person and deliver a signed proxy to one of the ushers when requested to do so.

The telephone and internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions, and to confirm that shareholders' instructions have

Edgar Filing: UNITRIN INC - Form DEF 14A

been recorded properly. Shareholders who wish to give proxy voting instructions over the internet should be aware that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies. In addition, in choosing among the available alternatives for proxy voting, shareholders should be aware that there may be some risk that a vote either by telephone or over the internet might not be properly recorded or counted because of an unanticipated electronic malfunction.

Shares held in Street Name: If you hold your shares of Unitrin common stock in street name through an institution, the institution generally will supply you with its own form of proxy card requesting you to provide your voting instructions in writing, by telephone or over the internet. Following its receipt of your voting instructions, the institution will be authorized to provide a proxy to vote your shares in accordance with your instructions. If you do not give voting instructions to the institution prior to the

3

Annual Meeting, the institution generally will be free to exercise its discretionary authority and vote your shares in relation to the election of directors.

How will my Proxy be voted?

If you properly sign your proxy card and send it to First Union National Bank, or timely deliver your voting instructions by telephone or the internet, the individuals named on your proxy card (i.e. the designated proxies) will be authorized to vote your shares as you have directed. With respect to the election of directors, you are given the choice of voting FOR all nominees for director or withholding authority to vote for some or all nominees. If you sign the proxy card but do not make specific choices, the designated proxies will vote your shares as recommended by the Board of Directors.

May I abstain from voting for Directors?

Neither the Unitrin form of proxy card nor, to our knowledge, the form of proxy typically provided by brokerage firms and other institutions provides a specific means of abstaining from a vote regarding the election of directors. In the event the Company receives proxy cards bearing the word "abstain" or similar handwritten words, the Company intends to treat such cards as votes to "withhold authority" if the shareholder's intent can be adequately determined. The Company encourages shareholders not to attempt to abstain from voting on the election of directors.

What are broker non-votes and how might they affect the election of Directors?

Broker non-votes can occur in some instances when a stockbroker holding securities in street name for its customer does not receive voting instructions from the customer. In these cases, the regulations governing stockbrokers allow brokers to exercise discretionary voting power with respect to some matters (called "discretionary" matters) but not others (called "non-discretionary" matters), depending on the subject matter of the proposal being voted upon. The uncontested election of directors is a discretionary matter under the applicable regulations, and a broker not receiving voting instructions from a customer generally will be free to cast a vote in its discretion as to this matter. Accordingly, since the only item to be voted upon at the Annual Meeting is the election of directors, the Company believes that broker non-votes are not technically possible and, as a result, will not be a factor at the Annual

Edgar Filing: UNITRIN INC - Form DEF 14A

Meeting.

What is the effect of a vote to withhold authority?

As a corporation organized under Delaware law, the Company is subject to the corporate governance laws of the State of Delaware. Based on recent case authority in Delaware, a proxy card that has been marked to "withhold authority" with respect to one or more nominees for director will be considered as part of the voting power present with respect to the election of directors and will have the effect of a vote against any such nominees.

4

How will voting on any other business be conducted?

The management of the Company knows of no other business that may come before the Annual Meeting. However, if any other business should properly come before the Annual Meeting, your proxy card will authorize the persons named in the proxy to vote on any such matters in their discretion.

May I revoke my Proxy or change my voting instructions?

If you are a shareholder of record, you may revoke your proxy or change your voting instructions at any time before your proxy is voted on your behalf as follows:

- . Deliver to First Union National Bank another signed proxy card with a later date anytime prior to the commencement of the Annual Meeting;
- . Notify Unitrin's Secretary, Scott Renwick, in writing prior to the commencement of the Annual Meeting that you have revoked your proxy;
- . Call the toll-free telephone number on the proxy card and modify your voting instructions anytime prior to the commencement of the Annual Meeting;
- . Access the proxy voting website at the internet address identified on the proxy card and modify your voting instructions anytime prior to the commencement of the Annual Meeting; or
- . Attend the Annual Meeting in person and deliver a new signed proxy to one of the ushers when requested to do so.

If you own your shares of Unitrin common stock in street name, you should contact your stockbroker or other institution holding your shares to determine the procedures, if any, for changing your voting instructions. Please refer to the discussion under the above question "How do I give a Proxy to vote my shares?" regarding shareholders of record and shares held in street name.

If I plan to attend the Annual Meeting, should I revoke my Proxy?

Whether you plan to attend the Annual Meeting or not, we urge you to give a proxy. Returning your proxy card or giving voting instructions by telephone or through the internet will not affect your right to attend the Annual Meeting and vote in person. However, giving a proxy will ensure that your shares are represented at the Annual Meeting in the event that you are unable to attend.

What does it mean if I get more than one Proxy Card?

If your Unitrin shares are held under different names or are in more than one account, you will receive more than one proxy card. Each proxy card will

Edgar Filing: UNITRIN INC - Form DEF 14A

indicate the number of shares you are entitled to vote on that particular card.

5

Quorum and Required Vote

What is a quorum?

In order to conduct business at the Annual Meeting, we must have a quorum. That is, a majority of Unitrin's common stock outstanding as of the record date must be represented in person or by proxy at the Annual Meeting. If you properly submit a proxy, your shares covered by that proxy will be counted toward a quorum.

How many votes are required to elect the Nominees for the Board of Directors?

If a quorum is present, directors are elected by the vote of the holders of a majority of the Company's stock having voting power present, in person or by proxy, at the Annual Meeting.

Shareholder Proposals and Nominations

When are shareholder proposals due so that they may be included in Unitrin's Proxy Statement for the Annual Meeting of Shareholders to be held in 2002?

Pursuant to regulations of the SEC, shareholders who intend to submit proposals for inclusion in the Company's proxy materials for the 2002 Annual Meeting must do so no later than November 26, 2001. This requirement is separate from the SEC's other requirements that must be met to have a shareholder proposal included in the Company's Proxy Statement. In addition, this requirement is independent of certain other notice requirements of the Company's Amended and Restated By-Laws described immediately below. Shareholder nominations of persons for selection to the Board of Directors are not eligible for inclusion in the Company's proxy materials. All shareholder proposals and notices should be submitted to Scott Renwick, Secretary, Unitrin, Inc., One East Wacker Drive, Chicago, Illinois 60601.

How can a shareholder nominate someone to be a director of Unitrin or bring any other business before the 2002 Annual Meeting?

If a shareholder of record wishes to nominate directors or bring other business to be considered by shareholders at the 2002 Annual Meeting, such proposals may only be made in accordance with the following procedure. Under the Company's Amended and Restated By-Laws, nominations of directors or other proposals by shareholders must be made in writing to the Company no later than March 3, 2002 and no earlier than February 1, 2002. However, if the date of the 2002 Annual Meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary date of the 2001 Annual Meeting (i.e. May 2, 2002), then such nominations and proposals must be delivered in writing to the Company no earlier than 90 days prior to the 2002 Annual Meeting and no later than the close of business on the later of (i) the 60th day prior to the 2002 Annual Meeting, or (ii) the 10th day following the day on which public announcement of the date of the 2002 Annual Meeting is first made.

6

All shareholder proposals and notices should be submitted to Scott Renwick, Secretary, Unitrin, Inc., One East Wacker Drive, Chicago, Illinois 60601.

Edgar Filing: UNITRIN INC - Form DEF 14A

Please note that these requirements relate only to matters proposed to be considered for the 2002 Annual Meeting. They are separate from the SEC's requirements to have shareholder proposals included in the Company's Proxy Statement.

Cost of Proxy Solicitation

What are the costs of soliciting these Proxies and who pays them?

The Company has retained the services of W.F. Doring & Co., Inc. ("Doring") to aid in the solicitation of proxies. Doring estimates that its fees and expenses will not exceed \$12,000. The Company will bear the total expense of the solicitation which will include, in addition to the amounts paid to Doring, amounts paid to reimburse banks, brokerage firms and others for their expenses in forwarding solicitation material. Although the principal solicitation of proxies is being made by mail, additional solicitation may be made through direct communication with certain shareholders or their representatives by directors, officers and employees of the Company and its subsidiaries, who will receive no additional compensation for such solicitation.

Singleton, as a manager of the LLC, are each a beneficial owner of 14,484,520 shares of Common Stock. The LLC and Caroline W. Singleton, William W. Singleton and Donald E. Singleton disclaims beneficial ownership of the Common Stock held by the LLC except to the extent of his or her pecuniary interest therein.

Section 16(a) Beneficial Ownership Reporting Compliance

Each of the members of the Audit Committee is independent as defined under the listing standards of the National Association of Securities Dealers.

The Company's management is responsible for the Company's financial reporting practices, accounting policies and internal control process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing

standards generally accepted in the United States of America and issuing a report with respect to such financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended December 31, 2000 with the Company's management. The Audit Committee has discussed with KPMG LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee has received and discussed with KPMG LLP their written disclosures and letter regarding their independence required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees). The Audit Committee has considered whether the provision of any services by KPMG LLP as described in this Proxy Statement under the captions entitled "Financial Information Systems Design and Implementation Fees" and "All Other Fees" is compatible with maintaining the independence of KPMG LLP.

In reliance upon these reviews and discussions, and the report of the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the year ended December 31, 2000 be included in the Company's Annual Report on Form 10-K for that year for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE

The Company compensates its executive officers with two principal forms of compensation: cash compensation and stock options. Cash compensation consists of base salary, performance-based bonuses and may include discretionary bonuses. Executive officers currently are eligible to receive stock options under the Unitrin, Inc. 1997 Stock Option Plan. Although the type and terms of options granted under this Plan may vary, the Compensation Committee's current practice generally is to grant non-qualified options with exercise prices equal to the fair market value of the Common Stock on the date of grant, terms of ten years, and which become exercisable in four, equal annual installments beginning six months after the date of grant.

Base salaries of the Company's executive officers depend on the Compensation Committee's subjective assessment of the individual officer's work performance with respect to such officer's normal job responsibilities. In its compensation deliberations in 2000, the

15

Compensation Committee had available to it information regarding the salary compensation of the chief executive officers and certain other senior officers of a group of insurance and diversified financial services companies, some of which are competitors of the Company. While the Compensation Committee noted this information in establishing the base salary compensation of the Company's Chief Executive Officer for 2000, such information was not determinative of his compensation, and the Compensation Committee did not target a specific level within the range of such data for his 2000 compensation. Such information was not referenced in establishing the compensation of any of the Company's other executive officers, but it was noted that the salaries of the Company's executive officers generally were below those of the data presented.

The Company's executive officers are eligible to receive cash bonuses under the terms of the Company's 1998 Bonus Plan for Senior Executives (the "1998 Bonus Plan") based on attainment of designated corporate performance criteria. For 2000, the Company's executive officers were eligible for cash bonuses of up to 35% of their base salaries (or 46.7%, in the case of the Chief Executive Officer) based on formulas adopted by the Compensation Committee at its February 2000 meeting. The formulas for participants with "line" responsibilities were based on growth in revenues and operating earnings of the business units they oversee. Formulas for participants with "staff" responsibilities were based on growth in earnings per share from operations. The Compensation Committee used a combination of the foregoing factors for executive officers having both "line" and "staff" responsibilities, including Mr. Vie. With the following exception, the bonuses paid for 2000 to the

Edgar Filing: UNITRIN INC - Form DEF 14A

executive officers named in the Summary Compensation Table were derived by application of the foregoing formulas using actual 2000 financial results. In addition to such formula bonuses, Messrs. Vie, Draut, Renwick and Southwell received discretionary bonuses of \$50,000, \$100,000, \$50,000, and \$50,000, respectively, based on the Compensation Committee's subjective evaluation of such officers' work performance during 2000.

The Compensation Committee endorses the concept that the interests of the executive officers are more closely aligned with those of the shareholders through the award of stock options. The number of stock options granted to executive officers, including the Chief Executive Officer, is determined by the Compensation Committee's subjective evaluation of the particular officer's ability to influence the long-term growth and profitability of the Company, given his particular job responsibilities. In light of the Chief Executive Officer's overall, day-to-day responsibility for the Company's operations and financial results, he would ordinarily be deemed to have the greatest ability to influence the long-term growth and profitability of the Company and would therefore generally receive a greater number of options than the other executive officers. In determining the number of stock options to grant a particular officer, the Compensation Committee also takes into account the number of options already held by such officer. The Compensation Committee has no predetermined goal for a particular level of stock ownership by its executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to a public company for compensation in excess of \$1 million paid to its chief executive officer and any of its four other most highly compensated executive officers.

16

Certain performance-based compensation is specifically exempt from the deduction limit. All stock options that have been granted to the Company's executive officers through the end of 2000 either are not subject to Section 162(m) (because they were granted prior to the effective date of such section) or qualify as performance-based compensation under Section 162(m), as interpreted by final regulations promulgated by the Internal Revenue Service thereunder, and therefore are not subject to the deduction limit under such section. The 1998 Bonus Plan is designed to qualify as a performance-based compensation program under Section 162(m) in order to preserve the Company's federal income tax deduction for bonuses paid thereunder.

(1) All options granted to the named executive officers were granted under the Unitrin, Inc. 1990 and 1997 Stock Option Plans and include restorative options. Restorative options are granted when an option holder exercises a stock option and makes payment of the exercise price and/or the resulting tax obligations using shares of previously-owned

20

Common Stock. In such a case, the option holder is granted a restorative option for the total number of shares used to make such payment. A restorative option becomes fully exercisable six months after the date of grant and expires on the same date as the original option. All option grants reflected in the table above are restorative options except for those marked with an asterisk which represent original grants. All options granted in 2000 were non-qualified options for federal income tax purposes.

A restorative option is intended to enable an option holder to remain in essentially the same economic position with respect to potential appreciation of the Common Stock as if he or she had continued to hold the original option unexercised. As the following table illustrates, the grant of a restorative option does not result in an increase in the total number of options and shares held by the option holder:

- (x) Represents shares received in option exercises after subtracting shares surrendered to pay the exercise prices and/or related tax withholding obligations.
 - (y) Represents options granted to replace shares surrendered in connection with option exercises.
 - (z) Represents the difference between (i) the total options exercised, and (ii) the sum of net shares received and the number of restorative options granted.

- (2) Exercise prices were set in all cases at the fair market value of the Company's Common Stock on the date of grant.
- (3) Grant date present values are based on the Black-Scholes option pricing model, which was applied using the following assumptions (except as described in footnote (4) below): (i) a weighted average expected volatility of 20%; (ii) a risk free rate of return equal to the yield on U.S. Treasury obligations with a maturity comparable to the term of the particular option; (iii) an expected life of one year for restorative options and five years for all other options; and (iv) a dividend yield of 4.25%, representing the average annualized dividend yield on the Common Stock for the period from January 1, 1995 through December 31, 2000. No adjustments were made for the non-transferability of the options or the risk of their forfeiture. The Company's use of the Black-Scholes model should not be viewed as a forecast of the future performance of the Common Stock.

21

- (4) On the grant date of the restorative options reflected in the above table for Mr. Burkett, he was scheduled to retire from the Company at the end of 2000. As Mr. Burkett's retirement would occur prior to the completion of the applicable six-month vesting period, it was expected that these restorative options would never become exercisable. Accordingly, such restorative options were determined to have a grant date present value of zero. Mr. Burkett retired from the Company at the end of 2000, and these restorative options terminated at that time.

- (1) Substantially all option exercises by the named executive officers in 2000, other than certain exercises by Mr. Burkett, were exercises in which the officers surrendered previously acquired shares of Common Stock as payment for the exercises. (See footnote (1) to the option grant table on page 20.) The shares reflected in this column are the gross shares issued in the exercise transactions, without deduction of the shares surrendered as payment. The actual net increase in the number of shares held by these officers as a result of such transactions was as follows: Vie (24,916); Burkett (54,438); Draut (1,679); and Southwell (8,093).
- (2) The "value realized" represents the difference between the exercise price of the shares acquired and the market price of such shares on the date or dates of exercise, without regard to any related tax obligations.
- (3) The value of unexercised in-the-money options is calculated by subtracting the applicable exercise price from \$40.63 (the closing price of the Common Stock on December 31, 2000) and multiplying the resulting difference by the number of shares covered by the options in question.

The foregoing benefits are illustrated as straight-life annuities and are not subject to reduction for Social Security or other offset amounts.

The years of credited service in the Retirement Plan as of December 31, 2000 for each of the Company's executive officers named in the Summary Compensation Table is as follows: Vie (9), Burkett (9), Draut (9), Renwick (9) and Southwell (4). Compensation covered by the Retirement Plan is the participant's base salary and bonuses as defined in the Retirement Plan, but does not include compensation attributable to the exercise of stock

options. The covered compensation for the executive officers named in the Summary Compensation Table on page 19 is the total of their salary and bonus amounts.

Mr. Vie formerly participated in a defined benefit retirement plan sponsored by a subsidiary of the Company. His participation in that plan was suspended on January 1, 1992 and no further contributions will be made on his

Edgar Filing: UNITRIN INC - Form DEF 14A

behalf; however, he will be entitled to benefits under the plan upon retirement based on contributions made through the end of 1991. Assuming retirement at age 65, Mr. Vie would receive annual benefits of \$20,971.

Change of Control Arrangements

The Company has entered into individual severance agreements with the currently serving named executive officers (the "Agreements"). The Agreements provide various severance benefits to such officers in the event their employment is involuntarily terminated (other than for cause, disability or death) or voluntarily terminated, in either case within one year after a change of control. Such benefits are also payable to such officers in the event their employment is involuntarily terminated (other than for cause, disability or death) or voluntarily terminated for certain specified reasons, in either case in anticipation of a change of control. A change of control is deemed to occur if, on or before December 31, 2001, any person acquires a majority of the voting power of the Common Stock, or the individuals who comprised the Company's Board of Directors on January 19, 1995, or any of the individuals they nominate, cease to comprise a majority of the Board. Each executive officer would be entitled under the Agreements to: (i) a lump sum severance payment based on a multiple (specified below) of his annualized salary; (ii) continuation for up to two years of the life and health insurance benefits that were being provided by the Company to such officer and his family immediately prior to termination; and (iii) outplacement services at the Company's expense, up to a maximum of \$12,500. The Agreements contain identical terms and conditions, except that the severance compensation multiple is 2.99 for Mr. Vie and 2.0 for the other executive officers. The Agreements are not employment contracts. Severance benefits payable under the Agreements are to be grossed-up to the extent that a recipient would be subject to an excise tax under Section 4999 of the Internal Revenue Code (including any interest or penalties imposed with respect to such tax) due to the receipt of such benefits or any other benefits that constitute "excess parachute payments" for purposes of Section 280G of the Code. If severance benefits had become payable on December 31, 2000 as a result of a change of control on that date, no executive officers would have received such gross-ups except for Messrs. Vie and Draut, who would have received a gross-up payment of approximately \$1,085,983 and \$242,804, respectively.

APPENDIX A CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS OF UNITRIN, INC.

A. OBJECTIVES, DUTIES AND RESPONSIBILITIES. The Audit Committee of the Company's Board of Directors (the "Committee") shall assist the Board in fulfilling its oversight responsibilities with respect to the Company's financial reporting practices, accounting policies, systems of internal control, and the audit processes of the Company's internal auditors and independent auditors.

B. COMPOSITION OF COMMITTEE. The Committee shall consist of three or more directors appointed annually by the Board of Directors. The Committee shall select one of its members as the Chairman of the Committee. Each member of the Committee shall satisfy the definition of independence contained in the listing requirements of the Nasdaq Stock Market or such other securities market or exchange on which the Company's common stock may from time to time be listed or qualified for trading (the "Listing Requirements"); provided that a director who does not satisfy such definition may be appointed to the Committee under the circumstances described in such Listing Requirements. Each member of the Committee shall also be financially literate, either at the time such director first becomes a member of the Committee or within a reasonable period of time thereafter, and at least one member of the Committee shall have accounting or related financial management expertise, in each case as described in the Listing Requirements.

C. INDEPENDENT AUDITORS.

1. The Company's independent auditors shall ultimately be accountable to the Board of Directors and to the Committee, as representatives of the Company's shareholders. For each fiscal year, the Committee shall review management's recommendations with respect to the selection of independent auditors to examine the books and accounts of the Company and its subsidiaries for such year, as well as the proposed scope of such examination, the proposed fees therefor and the reports to be rendered in connection therewith. The Committee shall then report to the Board of Directors whether or not it concurs in management's recommendations with respect to the foregoing matters and, if it does not concur in any such recommendations, the reasons therefor and any alternative recommendations it may have.

2. The Committee shall require the Company's independent auditors to provide it annually (or more frequently in the Committee's discretion) with a formal written statement delineating all relationships between such auditors and the Company, consistent with Independence Standards Board Standard 1 (or any successor standard) and shall engage in a dialogue with such auditors with respect to any disclosed relationships or services which may impact the objectivity and independence of such auditors. The Committee shall be responsible for taking, or recommending to the Board of Directors that the Board take, appropriate actions to oversee the independence of the independent auditors.

A-1

3. At least annually, the Committee shall discuss with the Company's independent auditors such auditor's judgments about the quality, not just the acceptability, of the Company's accounting principles as applied in its financial reporting and shall include such matters as the consistency of the Company's accounting policies and their application, the clarity

Edgar Filing: UNITRIN INC - Form DEF 14A

and completeness of the Company's financial statements, including related disclosures, and the faithfulness, verifiability and neutrality of the accounting information included in such financial statements in each case as defined and interpreted in Statement of Auditing Standards No. 61, as amended from time to time, or any successor provisions.

4. Prior to the filing of each Quarterly Report on Form 10-Q with the Securities and Exchange Commission ("SEC"), the Committee shall require the Company's independent auditors to conduct a review of the interim financial statements contained in such Report in accordance with professional standards and procedures for conducting such reviews as established by generally accepted auditing standards, as may be modified or supplemented by the SEC, and to communicate the results of such review in accordance with such standards and procedures.

D. INTERNAL AUDITORS. The Committee shall at least annually or otherwise as appropriate:

1. Review and concur in the appointment, replacement, reassignment, or dismissal of the Director of Internal Audit.

2. Review the plans, budget and staffing of the Internal Audit department and shall inquire of the independent auditors as to the competence and adequacy of internal audit personnel.

3. Review the Internal Audit department's compliance with the Institute of Internal Auditors' Standards for the Professional Practice of Internal Auditing.

4. Review with the internal auditors the results of all reviews of compliance with the Company's code of ethics.

E. OVERSIGHT OF AUDIT PROCESS. The Committee shall:

1. Inquire of management, the internal auditors, and the independent auditors about significant risks or exposures to the Company and assess the steps management has taken or should take to minimize such risks and exposures.

2. Review with the independent auditors and the internal auditors their plans (and subsequent changes to such plans) for the annual audits of the Company and its subsidiaries and the coordination of such plans. This review shall also include a discussion of the work performed by the independent auditors outside the scope of the annual audits of the Company and its subsidiaries.

3. Review with the independent auditors and the internal auditors the adequacy of the Company's internal controls and their recommendations, if any, to management for improvements in accounting and computerized systems and internal controls, including any difficulties encountered during their respective reviews.

A-2

4. Maintain, through regularly scheduled meetings, a direct line of communication between the Board of Directors and the independent auditors and the internal auditors and afford to the independent auditors and the internal auditors a private, confidential audience at any time they desire and request it, through the Committee Chairman, with or without the knowledge of management.

Edgar Filing: UNITRIN INC - Form DEF 14A

F. MISCELLANEOUS. The Committee shall:

1. Meet on, or within reasonable proximity to, the date of all regularly scheduled meetings of the Board of Directors and at any other time deemed necessary by the Chairman or the Committee. The Committee shall report its activities to the Board of Directors at each meeting of the Board and otherwise as appropriate.

2. Meet with management and other employees, as appropriate, to discuss matters which may have an impact on the financial statements.

3. Conduct or authorize an investigation into any matter brought to its attention which falls within the scope of its duties and responsibilities. The Committee shall be empowered to retain independent counsel, accountants or others to assist it in the conduct of any investigation.

G. REVIEW OF CHARTER. The Committee shall review and assess the adequacy of this Charter on an annual basis.

H. MINUTES OF MEETINGS. Minutes of each meeting of the Committee shall be prepared by a person designated by the Chairman as the secretary of such meeting and shall be submitted to the Committee for approval at its next meeting. All such minutes shall be filed with the records of the Company.
