**PROXY STATEMENT FOR ONLINE RESOURCES CORPORATION
2003 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Why Did You Send Me this Proxy Statement?

We sent you this proxy statement and the enclosed proxy card because Online Resources Corporation's Board of Directors is soliciting your proxy to vote at the 2003 annual meeting of stockholders and any adjournments of the meeting. This proxy statement summarizes the information you need to know to vote at the annual meeting. You do not need to attend the annual meeting to vote your shares. Instead, you may vote your shares by marking, signing, dating and returning the enclosed proxy card.

On April 18, 2003 we began sending this proxy statement, the attached notice of annual meeting and the enclosed proxy card to all stockholders entitled to vote at the meeting. Only stockholders who owned Online Resources Corporation common stock at the close of business on March 24, 2003 are entitled to vote at the annual meeting. On this record date, there were 13,707,298 shares of Online Resources Corporation common stock outstanding. Online Resources Corporation common stock is our only class of voting stock for purposes of this annual meeting. Along with this proxy statement, we are sending our 2002 annual report, which includes our financial statements for the year ended December 31, 2002.

How Many Votes Do I Have?

Each share of Online Resources Corporation common stock that you own entitles you to one vote.

How Do I Vote by Proxy?

Whether you plan to attend the annual meeting or not, we urge you to complete, sign and date the enclosed proxy card and to return it promptly in the envelope provided. Returning the proxy card will not affect your right to attend the annual meeting and vote.

If you properly fill in your proxy card and send it to us in time, your proxy (*one of the individuals named on your proxy card*) will vote your shares as you have directed. If you sign the proxy card but do not make specific choices, your proxy will vote your shares as recommended by the Board of Directors.

How Does the Board of Directors Recommend That I Vote on the Proposals?

The Board of Directors recommends that you vote as follows:

FOR the election of the nominee for Director;

FOR approval of our issuance of common stock in excess of 2,319,999 shares at less than \$4.00 per share but at least \$2.50 per share, upon conversion of our convertible notes.

FOR ratification of the selection of our independent auditors for our year ending December 31, 2003.

If any other matter is presented at the annual meeting, your proxy will vote your shares in accordance with his or her best judgment. At the time this proxy statement was printed, we knew of no matters that are to be acted on at the annual meeting, other than those discussed in this proxy statement.

May I Revoke My Proxy?

If you give us your proxy, you may revoke it at any time before it is exercised. You may revoke your proxy in any one of the following ways:

You may complete, sign and send in another proxy card with a later date;

You may notify Online Resources Corporation's Secretary in writing before the annual meeting that you have revoked your proxy; or

You may vote in person at the annual meeting.

How Do I Vote in Person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares at the close of business on March 24, 2003, the record date for voting at the annual meeting.

What Constitutes a Quorum for the Meeting?

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock at the record date is necessary to constitute a quorum at the meeting. Votes of stockholders of record who are present at the meeting in person or by proxy, abstentions, and broker non-votes are counted for purposes of determining whether a quorum exists.

What Vote is Required to Approve Each Proposal?

If a quorum exists at the annual meeting, then the vote required to approve each proposal is as follows:

Proposal 1: Election of Directors

The nominee for Director who receives the most votes cast, also known as a plurality of the votes, will be elected.

Proposal 2: Approval of issuance of common stock in connection with the conversion of debt

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the annual meeting is required to approve the issuance of common stock in excess of 2,319,999 shares upon conversion of our 8% subordinated convertible notes at conversion prices at less than \$4.00 per share but at least \$2.50 per share.

Proposal 3: Ratify Selection of Independent Accountants

The affirmative vote of a majority of the votes present or represented by proxy and entitled to vote at the annual meeting is required to ratify the selection of independent accountants.

What is the Effect of Broker Non-Votes, Withholdings and Abstentions?

Broker Non-Votes: If your broker holds your shares in its name, the broker will be entitled to vote your shares on both Proposal 1 and Proposal 3 even if it does not receive instructions from you. In other words, unless your broker receives instructions from you in a timely manner, your broker has authority to use its own discretion to vote your shares with respect to Proposals 1 and 3. When your broker cannot vote your shares on a particular matter because it does not have instructions from you in a timely manner and it does not have authority to use its own discretion to vote on that matter, this is referred to as a broker non-vote. Broker non-votes are not considered to be present and represented and entitled to vote at the meeting as to all of the Proposals to be considered at the annual meeting, so they will have no effect on the votes on any of the Proposals.

Withholdings: Withholding authority to vote for the nominee for Director will have no effect on the outcome of the vote.

Abstentions: Because abstentions are treated as shares present or represented and entitled to vote at the annual meeting, abstentions with respect to Proposals 2 and 3 have the same effect as votes against the proposals.

Is Voting Confidential?

We will keep all the proxy cards, ballots and voting tabulations private. We only let our Inspectors of Election and American Stock Transfer and Trust Company, our transfer agent, examine these documents. We will not disclose your vote to management unless it is necessary to meet legal requirements. We will, however, forward to management any written comments you make, on the proxy card or elsewhere. Our practice is not to attribute a stockholder's identity to their comments.

What Are the Costs of Soliciting these Proxies?

We will pay all of the costs of soliciting these proxies, including expenses in connection with preparing and mailing this proxy statement. We have retained Georgeson Shareholder Communications, Inc. to assist our Board of Directors in the distribution of proxy materials and solicitation of votes for a fee of \$5,500, plus reimbursement of out-of-pocket expenses. Georgeson Shareholder Communications, Inc. will reimburse brokerage firms and other persons representing beneficial owners of our common stock for their expenses in forwarding proxy materials to such beneficial owners and we will reimburse Georgeson Shareholder Communications, Inc. for the expenses. Our Directors and employees also may solicit proxies using the Internet, telephone, fax, email or in person. We will not pay our employees and Directors any additional compensation for these services.

Attending the Annual Meeting

The annual meeting will be held at 2:00 p.m. on Tuesday, May 20, 2003 at the Sheraton Premiere at Tysons Corner Hotel, 8661 Leesburg Pike, Vienna, VA 22182. When you arrive at the Sheraton Premiere, signs will direct you to the appropriate meeting rooms. You need not attend the annual meeting in order to vote.

Voting

To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted, will be superseded by the vote that you cast at the annual meeting.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of February 28, 2003 for (a) the executive officers named in the Summary Compensation Table on page 14 of this proxy statement, (b) each of our Directors and Director nominees, (c) all of our current Directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. Except as indicated in footnotes to this table, we believe that the owners of our common stock named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. MANAGEMENT

The Board of Directors

Our bylaws provide that our business is to be managed by or under the direction of our Board of Directors. The members of our Board of Directors are divided into three classes for purposes of election. Our practice has been to elect one class, representing about one-third of the members of the Board, at each annual meeting of stockholders to serve for a three-year term. Our Board of Directors currently consists of eight members, classified into three classes as follows: (1) Matthew P. Lawlor, Ervin R. Shames, and Barry D. Wessler constitute a class with a term ending at the 2004 annual meeting; (2) George M. Middlemas, David A. O Connor and Joseph J. Spalluto constitute a class with a term ending at the 2005 annual meeting and (3) Michael H. Heath and Thomas S. Johnson constitute a class with a term ending at the upcoming 2003 annual meeting. Mr. Johnson informed us that he decided not to stand for re-election to the Board at the annual meeting.

On February 27, 2003, our Board of Directors voted to nominate Michael H. Heath for election at the annual meeting for a term of three years. On April 16, 2003, the Corporate Governance Committee recommended, and our Board of Directors voted to reduce the number of members of the Board to seven. If Mr. Heath is elected by the stockholders at the annual meeting to serve on the Board, he will serve until the 2006 annual meeting of stockholders, and until his successor is elected and qualified.

Set forth below are the names of the Directors whose terms do not expire this year and the person nominated for election to the Board of Directors at the annual meeting, their ages, their offices in the company, if any, their principal occupations or employment for the past five years, the length of their tenure as Directors and the names of other public companies in which such persons hold directorships.

Committees of the Board of Directors and Meetings

Meeting Attendance. During the fiscal year ended December 31, 2002 there were five meetings of our Board of Directors, and the various committees of the Board met a total of seven times. No Director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during 2002, except for Thomas S. Johnson, who attended three of the five meetings of the Board of Directors and attended two of the seven audit committee meetings held during the fiscal year.

Audit Committee. Our Audit Committee met seven times during fiscal 2002. During fiscal 2002 the committee had four members, Michael H. Heath (Chairman), Thomas S. Johnson, Joseph J. Spalluto and

Barry D. Wessler, none of whom is an employee of ours. Our Audit Committee reviews the engagement of our independent accountants, reviews annual financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits. Please also see the report of the Audit Committee set forth on page 14 of this proxy statement.

Compensation Committee. Our Compensation Committee met five times during fiscal 2002. During fiscal 2002 the committee had three members, Ervin R. Shames (Chairman), George M. Middlemas and David A. O Connor, none of whom is an employee of ours. Our Compensation Committee reviews, approves and makes recommendations regarding our compensation policies, practices and procedures to ensure that legal and fiduciary responsibilities of the Board of Directors are carried out and that such policies, practices and procedures contribute to our success. Please also see the report of the Compensation Committee set forth on pages 12 and 13 of this proxy statement.

Corporate Governance Committee. The Board of Directors established a Corporate Governance Committee on December 5, 2002, and Thomas S. Johnson (Chairman), Ervin R. Shames, George M. Middlemas and David A. O Connor were appointed to serve as the initial members of this committee. None of Messrs. Johnson, Shames, Middlemas and O Connor is an employee of ours. Our Corporate Governance Committee recommends candidates for nomination by the Board for election as Directors when vacancies occur or are anticipated. Any stockholder wishing to propose a nominee to the Corporate Governance Committee for its consideration should submit a recommendation to our Secretary at the address set forth on the first page of this proxy statement, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a Director. The committee also reviews and recommends to the Board the role and composition of other Board committees and corporate governance practices.

Compensation of Directors

Each non-employee Director receives annually (i) a fee of \$7,500, (ii) an additional fee of \$1,500 for each Board committee on which he serves as the Chairperson, (iii) an option to purchase 7,414 shares of common stock (with an exercise price at the fair market value of the common stock at the time of grant), and (iv) an additional option to purchase 1,483 shares of common stock for each Board committee on which he serves as the Chairperson. The \$7,500 and \$1,500 fees are paid in 20% increments during the course of the fiscal year, as the Directors attend the Board and committee meetings. The stock options are granted at the time of the annual meeting and vest over the course of one year. (1) The options were granted pursuant to our 1999 Stock Option Plan.

(2) In accordance with the rules of the SEC, we show in these columns the potential realizable value over the term of the option (the period from the grant date to the expiration date). We calculate this assuming that the fair market value of our common stock on the date of grant appreciates at the indicated annual rate, 5% and 10% compounded annually, for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. These amounts are based on assumed rates of appreciation and do not represent an estimate of our future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of our common stock, the optionholder's continued employment with us through the option exercise period, and the date on which the option is exercised.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information regarding exercises of options to purchase our common stock by each executive officer named in the Summary Compensation Table during the fiscal year ended December 31, 2002. The table also shows the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2002. The value of the unexercised in-the-money options at fiscal year end is based on a value of \$2.80 per share, the closing price of our common stock listed on the NASDAQ National Market System on December 31, 2002 (the last trading day of our fiscal year), less the per share exercise price.

Amounts shown in this column do not necessarily represent actual value realized from the sale of the shares acquired upon exercise of the option because in many cases the shares are not sold on exercise but continue to be held by the executive officer exercising the option. The amounts shown represent the difference between the option exercise price and the market price on the date of exercise, which is the amount that would have been realized if the shares had been sold immediately upon exercise.

Change in Control Arrangements

The outstanding option agreements issued under our 1999 Stock Option Plan provide for acceleration of the vesting of options upon or in connection with a change in control.

Performance Graph

The following graph compares the annual percentage change in our cumulative total stockholder return on our common stock during a period commencing on June 4, 1999, the date of the initial public offering of our common stock, and ending on December 31, 2002 (as measured by dividing (i) the sum of (A) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and (B) the difference between our share price at the end and the beginning of the measurement period; by (ii) our share price at the beginning of the measurement period) with the cumulative total return of the Nasdaq Stock Market and the Interactive Week Internet Index (IIX) during such period. We have not paid any dividends on our common stock, and we do not include dividends in the representation of our performance. The stock price performance on the graph below does not necessarily indicate future price performance. Prior to June 4, 1999, shares of our common stock were not publicly traded. Comparative data is provided only for the period since that date. This graph is not soliciting material, is not deemed filed with the Securities and Exchange Commission and is not to be incorporated by reference in any of our filings under the Securities Act of 1993 or the Securities Exchange Act of 1934 whether made before or after the date of this proxy statement irrespective of any general incorporation by reference in any such filing. Information used on the graph was obtained from the NASDAQ Online and Interactive Week, sources we believe to be reliable, but we are not responsible for any errors or omissions in such information.

REPORT OF COMPENSATION COMMITTEE

ON EXECUTIVE COMPENSATION

This report is submitted by the Compensation Committee, which is responsible for establishing and administering our executive compensation policies and stock option plans. This committee is composed of Ervin R. Shames, George M. Middlemas, and David A. O Connor, none of whom is an employee of ours. This report addresses the compensation policies for fiscal year 2002 as they affected Matthew P. Lawlor, in his capacity as Chief Executive Officer, and our other executive officers.

The Compensation Committee makes recommendations to the Board of Directors concerning the compensation and benefits of our Directors, executive officers and key employees, and acts on such other matters relating to their compensation as it deems appropriate. The Compensation Committee administers our 1999 Stock Option Plan, pursuant to which incentive stock options and non-statutory stock options may be granted to eligible employees, Directors and consultants. The Compensation Committee also administers our executive and key employee incentive plan, pursuant to which eligible employees may be granted incentive compensation for achievement of company performance targets.

Compensation Objectives. The Compensation Committee considers the following objectives in setting base salary and benefits and some of the following objectives in determining bonuses and long-term incentives for executives:

establishing base salaries at a competitive average within the e-financial services industry which is targeted at the mid-point (50th percentile) of current market job classifications;

rewarding the achievement of our annual and long-term strategic goals;

retaining executive officers by offering competitive compensation and benefits at a competitive level with other executives in the e-financial services industry; and

providing motivation for the executive officers to enhance stockholder value by linking a portion of the compensation package to the performance of our common stock.

Executive Compensation Program Components. The three principal components of executive compensation are annual base salary, annual incentive bonuses, and long-term incentive compensation under our 1999 Stock Option Plan. Each of these components is discussed as follows:

Annual Base Salary. The Compensation Committee's recommendations regarding the annual base salary of our executive officers, including the compensation of the Chairman of the Board and Chief Executive Officer, are based on a number of factors, including each executive officers experience and qualifications, the potential impact of the individual on our performance, the level of skill and responsibilities and the other factors described above. Base salaries are reviewed annually, and the Compensation Committee seeks to set executive officer base salaries at competitive levels in relation to the companies with which we compete for executives. Base salaries for the executive officers were not increased in 2002. During the year 2002 our executive officers received non-qualified stock options in lieu of cash for agreeing to forego between 13% and 25% of the cash compensation otherwise due them as part of their annual base salaries.

Annual Incentive Bonuses. The Company's annual incentive bonus program is designed to provide a direct financial incentive to our executive officers, including the Chief Executive Officer, as well as other key employees, for achievement of specific Company performance goals. During the fiscal year ending 2002 the incentive bonus program was comprised of non-qualified stock options in lieu of cash. Consistent with our executive and key employee incentive program, at the beginning of each fiscal year, the Compensation Committee determines:

The employees by grade level that are eligible to participate in the plan for the year;

The annual corporate performance goals for the year; and

For each eligible employee, the target bonus level as a percentage of base compensation.

In fiscal 2002, the Compensation Committee established incentive bonus compensation for executive officers and other key employees based on our targeted revenue, operating earnings and service quality index.

Long-Term Incentive Compensation. The Compensation Committee believes that stock ownership is a significant incentive in aligning the interests of the executives and the stockholders. Consistent with industry standards, upon hiring, executives may be granted a number of options in an amount larger than the average grant given executives in any year and with different terms and vesting schedules. During fiscal 2002, we granted stock options to all of our executive officers under our 1999 Stock Option Plan, and such grants are set forth in the Stock Option Grants Table under the Executive Compensation section of this proxy statement. A portion of the total stock options granted to executive officers in 2002 vest 25% each year for 4 years and expire after 7 years after the date they are granted. Performance based options vested 100% after one year and expire 10 years after the date they are granted. Other stock options granted to executive officers vest 12.5% each year (with accelerated vesting schedule, should our common stock reach targeted trading prices of \$5.00, \$8.00, \$11.00 and \$14.00 per share over ten consecutive trading days) and expire after 10 years after the date they are granted. Stock option grants under the 1999 Stock Option Plan were allocated by the Compensation Committee based upon past and present performance and future potential value of such executive officer's service to the company. The Compensation Committee made additional awards to certain executive officers during the year based on individual compensation evaluations made during the year.

Chief Executive Officer. The Chief Executive Officer's compensation evaluation included consideration of his leadership qualities, experience in the electronic commerce services industry and the results of our performance. At the recommendation of the Compensation Committee the Board of Directors awarded the Chief Executive Officer a cash bonus of \$15,114 in the fiscal year ended December 31, 2002. The Chief Executive Officer was also granted options for 208,582 shares of common stock.

The goal of our compensation structure is to be certain that all executives are compensated consistent with the above guidelines and to assure that all reasonable and possible efforts are being exerted to maximize stockholder value. In 2002, the Compensation Committee met 2 times to review executive compensation levels to ensure this result.

REPORT OF AUDIT COMMITTEE

The Audit Committee of the Board of Directors, which consists entirely of Directors who meet the independence and experience requirements of the NASDAQ National Market System, has furnished the following report:

The Audit Committee assists the Board of Directors in overseeing and monitoring the integrity of our financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This Committee's role and responsibilities are set forth in a charter adopted by the Board of Directors. This Committee reviews and reassesses our charter annually and recommends any changes to the Board for approval. In fulfilling its responsibilities for the financial statements for fiscal year 2002, the Audit Committee took the following actions:

Reviewed and discussed the audited financial statements for the fiscal year ended 2002 with management and Ernst & Young LLP our independent auditors;

Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit; and

Received written disclosures and the letter from Ernst & Young LLP regarding their independence as required by Independence Standards Board Standard No. 1. The Audit Committee further discussed with Ernst & Young LLP their independence. The Audit Committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that the committee determined appropriate.

Based on the Audit Committee's review of the audited financial statements and discussions with management and Ernst & Young LLP, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the SEC.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our records reflect that all reports which were required to be filed pursuant to Section 16(a) of the Securities Exchange Act were filed on a timely basis, except that one report, covering an aggregate of three transactions, was filed late by Mr. Crosier, one report, covering one transaction, was filed late by Mr. Heath and one report covering an aggregate of six transactions, was filed late by Mr. Middlemas.

ELECTION OF DIRECTOR

(Notice Item 1)

On February 27, 2003, the Board of Directors nominated Michael H. Heath for election as a member of the Board at the annual meeting. On April 16, 2003, the Corporate Governance Committee recommended, and our Board of Directors voted to reduce the number of members of the Board to seven effective at the expiration of the current term of the Class II Directors. The Board of Directors currently consists of eight members, classified into three classes as follows: Matthew P. Lawlor, Ervin R. Shames, and Barry D. Wessler constitute a class with a term ending in 2004 (the Class III Directors); George M. Middlemas, David A. O Connor, and Joseph J. Spalluto constitute a class with a term ending in 2005 (the Class I Directors); and Michael H. Heath and Thomas S. Johnson constitute a class with a term which expires at the upcoming annual meeting (the Class II Directors). Mr. Johnson informed us that he has decided not to stand for re-election to the Board at the annual meeting. At each annual meeting of our stockholders, Directors are elected for a full term of three years to succeed those Directors whose terms are expiring.

The Board of Directors has voted to nominate Michael H. Heath for election at the Annual Meeting for a term of three years to serve until our annual meeting of stockholders to be held in 2006, and until his respective successor is elected and qualified. The Class III Directors (Matthew P. Lawlor, Ervin R. Shames, and Barry D. Wessler) and the Class I Directors (George M. Middlemas, David A. O Connor and Joseph J. Spalluto) will serve until our annual meetings of stockholders to be held in 2004 and 2005, respectively, and until their respective successors are elected and qualified.

After we were informed that Thomas Johnson did not intend to stand for re-election, we held discussions with individuals, all of whom we believe to be qualified candidates who would add value to the company. We were unable to successfully conclude discussions with these candidates before the mailing of this proxy statement to our stockholders and our Board of Directors voted to reduce the number of members of the Board to seven. Following the annual meeting, we anticipate that we will resume our efforts to identify one or more suitable candidates to appoint to the Board of Directors and an increase in the number of members of the Board any such appointment may be carried out prior to our 2004 annual meeting by a majority vote of the Directors then in office.

Unless authority to vote for the nominee is withheld, the shares represented by the enclosed proxy card will be voted **FOR** the election of Michael H. Heath as a member of the Board of Directors. In the event that the nominee becomes unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in the nominee's place. We have no reason to believe that the nominee will be unable or unwilling to serve as a Director.

A plurality of the votes of the shares present in person or represented by proxy at the annual meeting is required to elect the nominee as a Director.

THE BOARD OF DIRECTORS RECOMMENDS THE ELECTION OF MICHAEL H. HEATH AS A MEMBER OF OUR BOARD OF DIRECTORS, AND PROXIES SOLICITED BY THE BOARD WILL BE VOTED IN FAVOR THEREOF UNLESS A STOCKHOLDER HAS INDICATED OTHERWISE ON THE PROXY.

CONVERSION OF 8% SUBORDINATED CONVERTIBLE NOTES AT CONVERSION

PRICES LESS THAN MINIMUM CONVERSION PRICE OF \$4.00 PER SHARE

(Notice Item 2)

We seek the approval of our stockholders at the annual meeting of conversion of our 8% Convertible Subordinated Notes into shares of common stock at conversion prices below \$4.00 per common share, the closing price of our common stock the date we originally issued and sold the convertible notes in fiscal year 2000. When the convertible notes originally were issued, we could issue up to 2,319,999 shares of common stock at conversion prices less than \$4.00 without stockholder approval. From September 2001 to the date of this proxy statement we have issued 1,872,900 shares of common stock in connection with note conversions below the \$4.00 conversion price. Without stockholder approval, we only can issue up to an additional 447,099 shares of common stock at conversion prices less than \$4.00. Therefore, we seek stockholder approval of our issuance of common stock in excess of 2,319,999 shares in connection with potential future note conversions at prices less than \$4.00 per share but at least \$2.50 per share. We believe that we will be better able to reduce our debt, and thereby enhance our financial position and improve operating results, if we are able to negotiate with the remaining holders of convertible notes with the ability to convert notes at prices less than the current minimum conversion price. We also believe that we may be able to maintain the listing of our common stock on the National Market System of the Nasdaq Stock Market if we are able to negotiate agreements with noteholders to convert outstanding notes into common stock.

Background. On September 28, 2000, we issued and sold \$20 million of our convertible subordinated notes due in 2005 to 29 accredited investors and received proceeds of \$18.7 million net of debt issuance costs. The convertible notes carry an 8% coupon, with semiannual interest payment dates on April 1 and October 1, and were initially convertible into shares of our common stock at a conversion price of \$4.75 per share. In February 2001, we registered under the Securities Act of 1933 the resale of the convertible notes and the issuance of 4,210,526 shares of our common stock, which is the number of shares issuable to noteholders if all of the convertible notes were converted into common stock at the initial \$4.75 conversion price.

On May 22, 2001 and May 24, 2001, we repurchased a total of \$3.5 million of the convertible notes in privately negotiated transactions and recognized a gain of \$1.1 million. On September 28, 2001, November 2, 2001 and March 27, 2002, in an effort to preserve cash but also improve our financial position, we induced noteholders to convert \$2.5 million, \$1.0 million and \$1.0 million of principal of the notes into common stock at conversion prices of \$2.00, \$3.05 and \$3.39 per share, respectively. We issued a total of 1,872,900 shares of common stock in connection with these conversions. Accordingly, at December 31, 2002, \$12 million of the convertible notes remained outstanding and they mature on September 30, 2005.

Adjustments to Conversion Price. The conversion price of the convertible notes is subject to an annual adjustment on the 21st trading day of October of each year, beginning in 2001, to the lower of:

\$4.75, and

the average closing price per share of our common stock for the first 20 trading days of October of that year.

However, the conversion price may not be adjusted to a price lower than \$4.00, which is the closing price of shares of our common stock on September 28, 2000, the date the convertible notes originally were issued and sold. Therefore, the maximum conversion price is \$4.75 and the minimum conversion price is \$4.00.

The conversion price also will be equitably adjusted for certain events affecting all shares of our common stock in the same manner, including:

stock splits,

stock dividends,

combinations of shares or reverse stock splits,

the issuance of rights or warrants to all holders of common stock that have an exercise price less than the then average closing price of common stock, and

distributions of cash or tender offers we make to holders of our common stock that exceed 10% of our market capitalization.

The current conversion price for the \$12 million of convertible notes outstanding at December 31, 2002, as most recently adjusted on October 28, 2002, is \$4.00. If the remaining notes were converted into shares of our common stock at that price, we would issue a total of 3,000,000 additional shares of common stock.

Reasons for Converting Notes at Lower Conversion Price. We have been working to improve our operating results and enhance our financial position. Our plan includes efforts to reduce our debt position by retiring a portion or all of our convertible notes through repurchases upon favorable terms or conversions. To that end we initially negotiated with noteholders to permit us to repurchase notes and, later, we negotiated with other noteholders to have them convert notes into shares of common stock. Between September 30, 2000 and December 31, 2002, we reduced our liabilities by almost one-third, or by about \$7.6 million. This reduction is substantially because we reduced the principal amount of convertible notes outstanding from \$20 million to \$12 million.

We are limited in our ability to convert notes into common stock at conversion prices below \$4.00 per share because of applicable Nasdaq rules. Those rules provide that we may not issue shares due to note conversions at prices less than \$4.00 per share in an amount equal to or greater than 20% of the number of our shares that were outstanding on the date the convertible notes were issued. On that date, 11,600,000 shares of our common stock were outstanding. Accordingly, we must receive the approval of our stockholders to issue in excess of 2,319,999 shares of common stock when converting notes at prices less than \$4.00 per common share. As stated above, the 1,872,900 shares issued in connection with notes converted through the date of this proxy statement were issued using conversion prices less than \$4.00 per common share. Therefore, unless we receive stockholder approval, we may only issue up to 447,099 additional shares at conversion prices less than \$4.00 per common share. This means, without stockholder approval, our ability to retire the remaining outstanding notes through conversions at less than \$4.00 per share is limited.

To date, in spite of our efforts, we have been unable to induce noteholders to convert their notes into shares of common stock at the \$4.00 per common share conversion price. While we continue to negotiate with the remaining noteholders, we believe that we will have more success at inducing noteholders to convert their notes if we are able to issue shares of common stock at conversion prices less than \$4.00 but not less than \$2.50.

If we convert our remaining notes into shares of common stock below the minimum conversion price established in the notes, then more shares of common stock will be issued and outstanding than we anticipated when the notes were first issued. This, in turn, will result in greater dilution in ownership and voting power to our stockholders. The extent of this dilution is set forth below in a table that shows the number of additional shares of common stock issuable at various average conversion prices assuming conversion of all \$12 million of the remaining outstanding convertible notes.

Conversion Price	Additional Conversion Shares Issuable Upon Conversion	Additional Conversion Shares As a Percent of Shares Outstanding After Issuance ⁽¹⁾
\$4.00	3,000,000	18.0%
\$3.75	3,200,000	18.9%
\$3.50	3,428,571	20.0%
\$3.25	3,692,308	21.2%
\$3.00	4,000,000	22.6%
\$2.75	4,363,636	24.1%
\$2.50	4,800,000	25.9%

(1) Assumes 13,707,298 shares of common stock outstanding prior to the issuance of any shares in connection with future conversions of notes, which is the number of shares of common stock outstanding at February 28, 2003.

If the total number of shares of common stock we have issued to date in connection with note conversions, plus the number of shares we issue in connection with future note conversions exceeds 4,210,526, the number of shares we registered under the Securities Act of 1933 in February 2001, we anticipate that we will seek to register under the Securities Act the issuance of all shares that exceed that total amount.

The ability to convert our convertible notes at a lower conversion price also allows us to respond to the Nasdaq Staff Determination dated February 25, 2003, stating that we were not in compliance with the \$10 million minimum shareholders' equity requirement for continued inclusion on the National Market. We submitted a plan for achieving compliance with Nasdaq's continued listing requirements and we appeared before the Nasdaq Qualifications Panel on April 3, 2003 to discuss our plan, which includes the conversion of a portion of our convertible notes into equity at lower conversion prices. We informed the Panel that we estimate approximately \$3.0 million in additional equity will be required to return to compliance, after considering our expected financial results for the first three months of 2003. Subsequent to the hearing, Nasdaq asked us to submit supplemental information about our plan which we are in the process of developing. The Nasdaq Qualifications Panel has indicated that a determination is unlikely to occur before we submit the requested supplemental information about our plan.

Our common stock will continue to trade on the Nasdaq National Market pending a final decision by the Nasdaq Qualification Panel. If the Panel does not approve our plan, or we do not, for some reason, proceed with our plan or find an acceptable alternative, we will apply for listing on the Nasdaq SmallCap Market, for which we currently qualify. This may result in lower trading volume and a higher spread between bid and ask prices and could affect our cost and access to capital.

The affirmative vote for a majority of the shares present or represented by proxy and entitled to vote at the annual meeting is required to approve the issuance of common stock in excess of 2,319,999 shares upon conversion of our 8% Convertible Subordinated Notes at conversion prices below \$4.00 per share but not less than \$2.50 per share.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU CAST YOUR SHARES IN FAVOR OF APPROVAL OF THE ISSUANCE OF SHARES OF COMMON STOCK IN EXCESS OF 2,319,999 SHARES IN CONNECTION WITH THE CONVERSION OF CONVERTIBLE SUBORDINATED NOTES AT PRICES BELOW \$4.00 PER SHARE BUT NOT LESS THAN \$2.50 PER SHARE. IF WE ARE ABLE TO CONVERT THESE NOTES, WE WILL BE ABLE TO ENHANCE OUR FINANCIAL POSITION BY REDUCING DEBT WHILE AT THE SAME TIME PRESERVING CASH NEEDED TO FUND OUR OPERATIONS. WE ALSO WILL SUBSTANTIALLY REDUCE OUR INTEREST EXPENSE. WE ALSO BELIEVE IT IS CRITICAL TO THE SUCCESS OF OUR NEGOTIATIONS WITH THE HOLDERS OF THE REMAINING OUTSTANDING CONVERTIBLE NOTES THAT WE HAVE THE ABILITY TO OFFER CONVERSION AT PRICES BELOW \$4.00 PER COMMON SHARE. FINALLY, OBTAINING STOCKHOLDER APPROVAL FOR OUR PROPOSAL IS CRUCIAL TO RECEIVING NASDAQ'S APPROVAL TO IMPLEMENT OUR PLAN TO ACHIEVE COMPLIANCE WITH THE CONTINUED LISTING REQUIREMENTS FOR THE NATIONAL MARKET SYSTEM.

**RATIFICATION OF SELECTION OF
INDEPENDENT PUBLIC ACCOUNTANTS**

(Notice Item 3)

The Audit Committee has appointed Ernst & Young LLP, independent accountants, to audit our financial statements for the fiscal year ending December 31, 2003. The Board proposes that the stockholders ratify this appointment. Ernst & Young LLP audited our financial statements for the year ended December 31, 2002. Stockholder ratification of Ernst & Young LLP as our independent accountants is not required by our by-laws or otherwise. However, we are submitting the appointment of Ernst & Young LLP to our stockholders for ratification as a matter of what we consider to constitute good corporate practice. If the stockholders fail to ratify the appointment, we will consider whether or not to retain that firm. Even if the appointment is ratified, our Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if they determine that a change is in the best interest of the Company and its stockholders.

The affirmative vote of a majority of the shares present or represented and entitled to vote at the annual meeting is required to ratify the appointment of the independent public accountants.

STOCKHOLDER PROPOSALS

To be considered for inclusion in our proxy statement and form of proxy relating to the annual meeting of Stockholders to be held in 2004, a stockholder proposal must be received by the Secretary at our principal executive offices not later than December 23, 2003. Any such proposal will be subject to Rules and Regulations under the Securities Exchange Act of 1934, as amended.

Our bylaws provide an advance notice procedure for a stockholder to properly bring a proposal before an annual meeting. The stockholder must give timely written notice to the Secretary. To be timely, a stockholder notice of the proposal must be delivered or mailed to and received at our principal executive office not less than ninety (90) days prior to the date of such annual meeting; provided, however, that in the event that less than one hundred (100) days notice or prior public disclosure of the date of the meeting is given or made to stockholders, to be timely, notice of the proposal by the stockholder must be received not later than the close of business on the tenth day following the date on which notice to stockholders of such annual meeting date was mailed or such public disclosure was made. Proposals received after such date will not be voted on at such annual meeting. If a proposal is received before that date, the proxies that management solicits for such annual meeting may still exercise discretionary voting authority on the stockholder proposal under circumstances consistent with the proxy rules of the Securities and Exchange Commission. The notice of a proposal by a stockholder must include the stockholder's name and address, as the same that appears in our record of stockholders, a brief description of the proposal, the reason for the proposal, the number of shares of common stock that are beneficially owned by the proposing stockholder and any material interest of such stockholder in the proposed business.
