**Corporate Governance.** The Company's corporate governance principles and the current charters of each of the committees of the Company's Board of Directors (the Board) are posted on the Investor Relations page of the

Company's website at [www.portfoliorecovery.com](http://www.portfoliorecovery.com). These materials are also available in print to any stockholder upon request. The Board regularly reviews major corporate governance developments and modifies its governance principles, committee charters and key practices as warranted. Additionally, the Board conducts an annual assessment of each of its committees and itself. This process enhances director, committee and Board effectiveness. At the conclusion of the annual assessments, the Board uses the information obtained to evaluate and refine its processes and committee charters, as necessary. In February 2008, the Nominating and Corporate Governance Committee amended its charter. The charters of the Audit Committee and the Compensation Committee were amended in March 2008.

**Board of Directors.** The Board is the ultimate decision-making body of the Company, except with respect to those matters reserved to the stockholders. The Board advises senior management and monitors its performance.

---

The Board held four regular meetings and eight special meetings in 2007. The Board also held informal discussions by telephone during the year, as needed. Non-employee Directors meet regularly in executive session without management present, and hold at least one meeting each year for the purpose of reviewing and assessing the Board's effectiveness and the effectiveness of each committee. During fiscal year 2007, the non-employee Directors held five executive sessions. There is no formal policy regarding Directors' attendance at Board meetings or at annual meetings; however, all Board members are expected to attend all meetings, either in person or telephonically. It is the Board's practice to schedule its meetings and the Company's Annual Meeting of Stockholders at times and dates to permit maximum attendance by Directors, taking into account the Directors' schedules and the timing requirements of applicable laws. All Directors attended the Company's 2007 Annual Meeting. All Directors attended at least 75% of the regular meetings and special meetings of the Board in fiscal year 2007. Additionally, all Directors serving on the Audit Committee attended 100% of the Audit Committee meetings, and all of the Directors serving on the Compensation Committee attended at least 75% of the Compensation Committee meetings. All Directors serving on the Nominating and Corporate Governance Committee attended 100% of the committee meetings, except for Mr. Roberts, who attended 50% of the meetings.

The Board currently consists of six Directors, divided evenly into three classes. The terms of each class expire at successive annual meetings. Stockholders elect one class of Directors at each annual meeting to serve three year terms. The election of James Voss and Scott Tabakin, both of whom are in the third class of Directors, will take place at the 2008 Annual Meeting.

**Communications with Directors.** Stockholders may communicate with members of the Board by transmitting correspondence by mail or facsimile addressed to one or more directors. All such communications should be sent to the attention of the Corporate Secretary, at the Company's headquarters address specified herein, or to fax number 757-321-2518.

Communications from stockholders to one or more directors will be collected and organized by the Corporate Secretary and forwarded to the Chairman of the Board, or if addressed to an identified Independent Director, to that identified Director, as soon as practicable. Communications that are abusive, in bad taste or that present safety or security concerns may be handled differently. If multiple communications are received on a similar topic, the Corporate Secretary may forward only representative correspondence.

The Corporate Secretary will determine whether any communication addressed to the entire Board as a whole should be properly addressed by the entire Board, or by a committee of the Board. If a communication is addressed to the Board as a whole, or to a committee of the Board, the Chairman of the Board or the chairman of that committee, as the case may be, will determine whether or not a response to the communication is warranted. Any communications individually addressed to a Director will be forwarded to that Director. If a response to the communication is warranted, the content and method of the response will be coordinated with the Company's General Counsel. The Company's confidential hot line may be used by any stockholder who prefers to raise his or her concern to the Board in a confidential or anonymous manner, by dialing 1-800-290-1650. All telephone calls to the Company's confidential hot line are referred to the Chairman of the Audit Committee, who ensures that such matters are appropriately investigated.

The Company's President and CEO and its CFO respond to communications from the investment community regarding the Company's financial and business matters, to the extent that such communications may not be adequately addressed by the Company's Investor Relations Liaison.

**Director Independence.** It is the policy of the Company that the Board consists of a majority of independent Directors who do not have any direct or indirect material relationship with the Company. The Board has established guidelines which conform to the independence requirements of the NASDAQ Global Stock Market's (NASDAQ's) listing standards, to assist it in determining director independence. In the months of February and March 2008, the Directors provided updated responses to Directors' and Officers' Questionnaires concerning any possible relationships they or their immediate family members might have with the Company, potential conflicts of interest, job changes, and any transactions, relationships, and other arrangements between the Company and the Directors or parties related to the Directors. A Director's immediate family members include the Director's spouse, parents, children, siblings, mothers- and fathers-in-law, sons-in-law and daughters-in-law, brothers- and sisters-in-law, and anyone (other than domestic employees) who shares the Director's home. Based on the responses received and other available information, it was determined that all of the non-employee Directors of the Company are independent, and that each of the members of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee also meet the independence tests. This determination was made based upon a number of facts, including, but not limited to, the following:

Except for Steven D. Fredrickson, the Company's President, Chairman and CEO, no Director is, or has ever been, an executive officer of the Company or employed by the Company or its subsidiaries;

No Director has an immediate family member who is an employee or officer of the Company or its subsidiaries, has accepted any compensation or payments from the Company or has any current or past material relationship with the Company;

No Director, other than Mr. Fredrickson, has ever received any compensation from, worked for, been retained by, or received anything of substantial value from the Company aside from director compensation;

No Director or any member of any Director's immediate family is, or ever was, employed by the independent auditors for the Company, or ever worked on the Company's audit at any time;

No executive officer of the Company serves on the board of directors of any company that employs a director or any member of the immediate family of a director, and no director or any member of the immediate family of a director has been an executive officer of any entity having a compensation committee on which one or more of the Company's executive officers has concurrently served; and

No Director and no family member of any Director is a partner or controlling stockholder, director or executive officer of any entity from which the Company purchases goods or services, or to which the Company makes charitable contributions, in excess of 2% of the entity's consolidated gross revenues for that year, or \$200,000.

**Review and Approval of Related Party Transactions.** The Company reviews all relationships and transactions in which the Company, its Directors, its executive officers or their immediate family members are participants, and of any stockholders owning five percent or greater of the Company's outstanding common stock. The Company's General Counsel is primarily responsible for developing and implementing the policy and procedures relative to the review and approval of related party transactions.

The current policy covers any related person transaction that meets the minimum threshold for disclosure in this Proxy Statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest).

**Procedure for the Approval of Related Party Transactions**

1. The complete details of any proposed transaction must be presented to the Company's General Counsel by the party intending to enter into the transaction.
2. The Company's General Counsel will prepare a written analysis and recommendation to the Nominating and Corporate Governance Committee, based on: (a) the nature of the proposed transaction; (b) the related person's interest in the transaction; (c) the dollar value of the transaction; (d) the importance of the transaction to the business of the Company; (e) the material terms of the transaction and (f) the overall fairness of the transaction to the Company.
3. Based on the foregoing factors, the Nominating and Corporate Governance Committee will decide whether or not to recommend that the proposed transaction be brought before the full Board for consideration.
4. If the matter is presented to the Board for a vote, and a related party is involved in the transaction, he or she will not be allowed to participate in any discussions and decisions concerning the transaction.
5. If the Board approves the transaction, the Company's General Counsel will ensure that the written contract between the parties is appropriately executed by all parties.

There were no related party transactions with the Company in the fiscal year ended December 31, 2007.

Directors have access to other members of management and employees of the Company and, as necessary and appropriate, may consult with independent legal, financial and accounting advisors to assist in their duties to the Company and its stockholders.

The Board has determined that all members of its committees are independent and satisfy relevant SEC and NASDAQ independence requirements applicable to members of such committees. Members of the Audit Committee also satisfy a separate SEC independence requirement, which provides that they may not accept, directly or indirectly, any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries, other than their Directors compensation. Committees regularly report their activities to the full Board. Management ensures that the Board is fully informed of the Company's business by providing regular written financial reports, reports of operations and other relevant reports at Board meetings and between meetings of the Board and its committees.

**Audit Committee**

The Audit Committee held seven meetings during 2007, and also met informally between meetings. Audit Committee meetings are typically held in conjunction with scheduled Board meetings; however, the Audit Committee also holds meetings between Board meetings as needed. Each member of the Audit Committee is independent, as that term is defined by the applicable standards promulgated by NASDAQ, and meets the heightened criteria for independence applicable to members of audit committees under Rule 4200(a)(15) and Rule 4350(d)(2)(A) of the NASDAQ listing standards. The Board has determined that each member of the Audit Committee is financially literate and that Mr. Voss and Mr. Tabakin are both qualified as audit committee financial experts, pursuant to Section 401(h) of Regulation S-K. The Audit Committee is primarily concerned with the integrity of the Company's financial statements, the effectiveness of the Company's internal control over financial reporting, the Company's compliance with legal and regulatory requirements, the independence and qualifications of the independent auditor and the performance of the Company's internal audit function and its independent auditors. The Audit Committee is not responsible for the planning or conduct of the audits, or the determination that the Company's financial statements are complete and accurate and in accordance with U. S. generally accepted accounting principles. The Audit Committee amended its charter in March 2008. As described in its charter, the Audit Committee's primary duties and responsibilities are to:

- Monitor and review the accuracy and fairness of the Company's financial reports and monitor and ensure the adequacy of the Company's systems of internal controls regarding finance, accounting and legal compliance.
- Engage and monitor the independence and performance of the Company's independent auditors and pre-approve all audit and permitted non-audit services.
- Monitor the independence and performance of the Company's internal auditors.
- Provide an avenue of communication between the independent auditors, management and the Board of Directors.
- Prepare an Audit Committee report for the Company's annual proxy statements.
- Perform such other duties as set forth in its charter.

The Audit Committee's current charter is available at the Company's web site, at [www.portfoliorecovery.com](http://www.portfoliorecovery.com), and will be mailed to any stockholder who sends a request therefor to the Corporate Secretary at the Company's mailing address. At the time of its charter review, the Audit Committee also reviewed practices and procedures to assure continued compliance with the internal control reporting provisions of the Sarbanes-Oxley Act of 2002 and related regulatory requirements. The Audit Committee's report appears in this Proxy Statement on page 31.

**Nominating and Corporate Governance Committee**

The Nominating and Corporate Governance Committee held two meetings in 2007. Each member of the Nominating and Corporate Governance Committee is independent, as such term is defined by NASDAQ Rule 4200(a)(15). The Nominating and Corporate Governance Committee annually reviews the composition of all committees, oversees Director development and the annual self evaluations of the Board and its committees. In addition, the Nominating and Corporate Governance Committee makes recommendations concerning Board dynamics, reviews the Company's corporate governance practices and related public issues important to the Company, and makes recommendations to the Board on such issues.

The Nominating and Corporate Governance Committee is responsible for the selection and recommendation of nominees for election to the Board. In addition to considering the qualifications of candidates suggested by current Directors and by officers and employees of the Company, the Nominating and Corporate Governance Committee considers any candidates who may be recommended by stockholders in accordance with the provisions of the Company's By-Laws. The Nominating and Corporate Governance Committee screens all candidates in the same manner, regardless of the source of the recommendation. Its initial review is typically based on written materials provided to its members. The Committee members determine whether the candidate meets the Company's general Board membership qualifications and possesses the skills required of a director. The Nominating and Corporate Governance Committee also conducts personal interviews of candidates, as appropriate.

Certain minimum qualifications must be met by a nominee for a position on the Board. Specifically, nominees should understand that the principal duty of a director is to represent the stockholders of the Company. Nominees should also possess the highest level of professional and personal ethics, integrity and values, be free of any material conflicts of interest with respect to Board service, have competence at the policy-making level and have the ability to exercise sound judgment. Nominees must also be independent, as defined in NASDAQ Rule 4200(a)(15), be able to understand and relate to the culture of the Company, have sufficient time to properly discharge the duties associated with serving as a director, and have sufficient experience and knowledge to enhance or maintain the diversity of business and policy-making expertise among Board members. Final approval of a candidate is determined by the full Board.

The Nominating and Corporate Governance Committee has determined that the Company's Directors possess satisfactory prior experience as a director or an officer of a publicly held company, and that more than one of the Company's Directors possess the competence and expertise necessary to qualify as audit committee financial experts as defined in Item 401(h)(2) of Regulation S-K.

Any stockholder may make nominations with respect to the election of directors in accordance with the provisions of the Company's By-Laws, which establish the information and notice requirements for such nominations. Prior to 90 days of the anniversary date of the 2007 Annual Meeting, the Company did not receive any recommendations of potential director candidates from stockholders.

The Nominating and Corporate Governance Committee recommended to the Board the candidates for re-election which are included on the ballot for the Annual Meeting. Any nominee for director who receives a greater number of votes withheld from or against his election than votes for his election shall tender his resignation for consideration by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee shall consider the best interests of the Company and its stockholders and shall recommend to the full Board the action to be taken with respect to the tendered resignation.

The duties and responsibilities of the Nominating and Corporate Governance Committee are specified in its charter. The charter of the Nominating and Corporate Governance Committee, as amended in February, 2008, is available at the Company's web site, at [www.portfoliorecovery.com](http://www.portfoliorecovery.com), and will be mailed to any stockholder who sends a request therefor to the Corporate Secretary at the Company's mailing address.

#### **Compensation Committee**

The Compensation Committee held five meetings during fiscal year 2007 and met informally between meetings. Each member of the Compensation Committee has been determined to be independent, as that term is defined by the applicable standards promulgated by NASDAQ. As described in its charter, the Compensation Committee's primary responsibilities are to:

Develop and oversee the implementation of the Company's compensation philosophy with respect to the directors and executive officers of the Company and other employees at the level of corporate vice president and above.

Ensure that the employees of the Company and its subsidiaries are compensated effectively in a non-discriminatory manner consistent with such compensation philosophy, internal equity considerations, market practice and the requirements of the appropriate employment laws and regulatory bodies.

Review and recommend to the full Board the Company's compensation discussion and analysis disclosure containing the Company's compensation policies and the reasoning behind such policies as required by the SEC.

Prepare a Committee report for the Company's annual reports and/or proxy statements.

The Compensation Committee is responsible for setting annual and long-term performance goals and compensation for the CEO and setting the compensation of the executives who report directly to him. Its decisions are approved or ratified by action of the non-employee directors of the Board meeting in executive session. The Compensation Committee also approves equity awards in accordance with the Company's Amended and Restated Portfolio Recovery Associates 2002 Stock Option Plan and 2004 Restricted Stock Plan (the Amended Plan). In fiscal year 2007, the Compensation Committee delegated authority to the Company's CEO to grant limited awards of nonvested shares of the Company's stock to

key employees. The authority so delegated is limited to a total of ten thousand shares in any fiscal year, and no more than one thousand shares per employee.

The Compensation Committee ensures that the Company has established succession plans with respect to each of its key executives. To assist the Compensation Committee, the Senior Vice President of Human Resources provides the committee with progress reports of the succession planning activities with respect to the Company's key executives and assessments of their subordinates' succession potential. The Compensation Committee is also provided a summary of the succession plans for the persons who are considered to be the potential successors to the incumbents in certain senior management positions.

The Charter of the Compensation Committee, as amended in March 2008, is available at the Company's web site, at [www.portfoliorecovery.com](http://www.portfoliorecovery.com). A copy of the Compensation Committee's Charter will be provided to any stockholder who sends a request therefor to the Corporate Secretary at the Company's mailing address. The Compensation Committee's report appears in this Proxy Statement on page 27.

**Compensation Committee Interlocks and Insider Participation.** All of the members of the Compensation Committee are non-employee directors, and none are former officers of the Company or any of its subsidiaries. No member of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries and none of the executive officers has served on the compensation committee or board of directors of any company of which any Director is an executive officer. None of the Directors has any relationship with the Company which is required to be disclosed under this caption pursuant to the rules of the SEC.

**Director Compensation.** The Board sets the compensation for non-employee Directors so as to fairly compensate them for the work required of them, based on the Company's size and scope. The Board also makes annual equity awards to Directors in order to align each Director's interests with the long-term interests of the Company's stockholders. The non-employee Directors, other than the Lead Director and the Chairman of the Audit Committee, receive a quarterly retainer fee of \$7,500. The Lead Director and the Chairman of the Audit Committee receive a quarterly retainer fee of \$8,750. Each Director is also reimbursed for travel expenses in connection with attendance at Board meetings. In addition, the Company pays all reasonable expenses for any Director who wishes to attend director continuing education programs, and maintains policies of directors' and officers' liability insurance. Non-employee Directors appointed prior to 2004 received two stock option grants: an initial grant of 5,000 stock options upon their appointment to the Board, and an additional grant of 5,000 stock options, to which they became entitled on the anniversary date of their initial appointment. Stock options vest and are exercisable in five equal installments on the first five anniversaries of the grant date, and expire seven years after the grant date. In accordance with the provisions of the Amended Plan, Directors are no longer being granted stock options. Instead, newly appointed Directors receive 2,000 nonvested shares of the Company's stock upon their initial appointment to the Board, and are awarded 1,000 nonvested shares each year thereafter, on the anniversary date of their appointment. Nonvested shares vest at the rate of 20% per year for five years. Recognizing that each Director should have a substantial personal investment in the Company, the Board has adopted a targeted stock ownership policy which applies to each Director, requiring a personal holding by each Director of a number of shares valued at not less than two times the Director's annual retainer. Directors are expected to acquire and maintain this share ownership threshold within two years of joining the Board. The Company offers no retirement benefits to Directors and offers no compensation other than annual retainer and stock awards. The table below summarizes the compensation paid by the Company to non-employee Directors for the fiscal year ended

December 31, 2007. The Company's Chairman and CEO received no additional compensation for his service as a Director.

### 2007 DIRECTOR COMPENSATION

James Voss	\$35,000	\$24,988	\$5,909	\$ 65,897

(1) The amounts reported in the Stock Awards column represent the expense recognized for financial statement reporting purposes in fiscal year 2007 under FAS 123R for nonvested share awards made to the non-employee directors in 2007 and prior years. The grant date fair value of the 2007 nonvested share awards was \$39,810 for Messrs. Brophey and Voss; \$45,600 for Ms. Kyle; \$38,790 for Mr. Roberts and \$50,000 for Mr.

Tabakin. The grant date fair value for the nonvested share awards was obtained by multiplying the number of nonvested shares granted by the closing stock price of the Company's common stock on the grant date. The actual amount of compensation that will be realized by a Director at the time an award vests will depend upon the market price of the Company's common stock at the vesting date. The nonvested share awards vest in five equal annual installments beginning on the first anniversary of the date of grant.

- (2) The amounts reported in the Option Awards column represent the expense recognized for financial statement reporting purposes under

FAS 123R for stock option awards made to the non-employee directors in prior years. No stock options were granted in 2007.

The aggregate number of outstanding stock options held by each of the Company's Directors as of December 31, 2007 is provided in the table below:

**PROPOSAL ONE: ELECTION OF DIRECTORS**

The Board presently consists of six members in three classes. Each Director serves a three year term. Only one class of Directors is elected at each annual meeting of stockholders. The names of two Directors, James Voss and Scott Tabakin, will be placed on the ballot for election to the Board. If elected, they will hold office for three-year terms which will expire on the date of the 2011 Annual Meeting of Stockholders, or until their successors are elected and qualified. Mr. Tabakin currently serves on the Nominating and Corporate Governance Committee and is also a member of the Audit Committee and the Compensation Committee. Mr. Voss serves as the Chairman of the Audit Committee and is also a member of the Nominating and Corporate Governance Committee. He was appointed to serve on the Compensation Committee in February 2008. Both nominees have been determined to be independent directors in accordance with the NASDAQ listing standards and both are audit committee financial experts, as defined by paragraph (h) (2) of Item 401 of Regulation S-K. Both nominees have consented to be named as nominees for election in this Proxy Statement and to serve if elected. However, if for any reason either nominee is unable to serve (which is not anticipated), the shares represented by all valid proxies will be voted for the election of such other person as the Board may nominate at the Annual Meeting.

Proxies will be voted for the election of the above two nominees for re-election to the Board. Under Delaware General Corporate Law, an abstaining vote is not deemed a vote cast or represented by proxy. As a result, abstentions are not included in the tabulation of the results on the election of Directors, and therefore do not have the effect of votes in opposition. Broker non-votes (i.e. where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a Proxy Card) will be treated as abstentions.

Nominees for Director who receive the affirmative votes of a plurality of the common shares represented and voting in person or by proxy at the Annual Meeting will be elected. However, in an uncontested election, any nominee for election as Director who receives a greater number of votes withheld from his or her election than votes for such election shall promptly offer his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee shall consider the resignation offer and recommend to the Board whether to accept it, after determining whether or not the interests of the Company and its stockholders would be best served by accepting or rejecting the candidate's tendered resignation. Any Director who tenders his or her resignation pursuant to this provision shall not participate in the committee deliberations or Board action regarding whether to accept the resignation offer. The Board will act on the Nominating and Corporate Governance Committee's recommendation within 90 days following the certification of the stockholder vote. Thereafter, the Board will promptly disclose its decision whether to accept the Director's resignation offer (and the reasons for rejecting the resignation offer, if applicable) in a press release to be disseminated in the manner that the Company's press releases are typically distributed.

**The Board of Directors unanimously recommends a vote FOR the nominees named above.**

**2009 Stockholder Proposals and Director Nominations.** A stockholder proposal may be considered for inclusion in the Company's proxy statement for the 2009 Annual Meeting of stockholders pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 (the Exchange Act). A stockholder wishing to nominate a candidate must be an owner of the Company's stock who meets the eligibility standards under Rule 14a-8 for submitting such a proposal, must have owned the Company's common stock for at least one year, must continue to own the stock through the date of the 2009 Annual Meeting and must attend the 2009 Annual Meeting. The Company's By-laws and Certificate of Incorporation provide that any stockholder of record entitled to vote at an annual meeting who intends to make a nomination for Director must notify the Corporate Secretary in writing not less than 60 days and not more than 90 days prior to the anniversary date of the immediately preceding annual meeting. The notice must meet other requirements contained in the Company's By-laws and Certificate of Incorporation, copies of which are available on the Company's Investor Relations website at [www.portfoliorecovery.com](http://www.portfoliorecovery.com). Copies of such documents can also be obtained from the Corporate Secretary at the address set forth herein, or from the SEC. All shareholder proposals must be received at the Company's headquarters on or before December 15, 2008. Any proposals submitted thereafter will be opposed as not having been timely filed. The Nominating and Corporate Governance Committee will consider any qualified nominees for Board membership timely submitted by stockholders. The candidate's name and a detailed background of the candidate's qualifications must be sent to the attention of the Corporate Secretary, and should include principal occupations or employment held over the past five years, and a written statement from the nominee indicating his or her willingness to serve if elected. Generally, candidates for the position of director must be highly qualified and should have broad training and experience in their chosen fields. They should also represent the interests of all stockholders and not those of any special interest group.

The Nominating and Corporate Governance Committee evaluates stockholder recommendations. If after reviewing the materials submitted by stockholders concerning a candidate, the Nominating and Corporate Governance Committee believes that the candidate merits additional consideration, the Nominating and Corporate Governance Committee will interview the candidate and conduct appropriate reference checks. The Nominating and Corporate Governance Committee will determine whether to recommend to the Board that the candidate's name be placed on the ballot at the next annual meeting, based upon the candidate's skills, ability, perceived commitment, ability to devote sufficient time to carry out the duties and responsibilities of a director, the candidate's relevant experience in relation to the capabilities already present on the Board, and such other factors as the Nominating and Corporate Governance Committee may deem to be in the best interests of the Company and its stockholders.

The Company did not receive any recommendations from stockholders of potential director candidates for consideration at the 2008 Annual Meeting.

**Code of Business Conduct and Ethics.** The Company has adopted a Code of Business Conduct and Ethics which applies to all officers, employees and Directors, including its CEO and CFO. The Code of Business Conduct and Ethics addresses, among other items, conflicts of interest, confidentiality, fair dealing, protection and use of corporate assets, compliance with laws and the reporting of illegal or unethical behavior. A copy of the Code of Business Conduct and Ethics, and the Company's corporate governance principles, are posted on the Company's website at [www.portfoliorecovery.com](http://www.portfoliorecovery.com). Stockholders may also obtain a copy of the Code of Business Conduct and Ethics by sending a request in writing, addressed to the Corporate Secretary, at the Company's corporate headquarters. The Company will disclose all amendments to the Code of Business Conduct and Ethics, as well as any waivers thereof, on its website to the extent permissible by the rules and regulations of the SEC and NASDAQ.

On an annual basis, each Director and executive officer is obligated to complete a Director and Officer Questionnaire which requires disclosure of any transactions with the Company in which the Director or executive officer, or any member of his or her immediate family, may have a direct or indirect material interest. The Company also has established and published a confidential telephone hot line for the reporting of suspected policy violations, fraud, embezzlement, and other criminal and/or unethical activities concerning the Company's accounting practices, auditing and reporting of financial results. This number is operational 24 hours a day, seven days a week.

Any employee who has a concern about the Company's ethical conduct, accounting, internal controls or auditing matters may anonymously communicate those concerns directly to the Chairman of the Audit Committee. All such communications are entirely confidential, and may be reported by phone to an independently maintained toll-free phone number which is posted in a prominent place at all Company work sites, and is also published on the Company's intranet. All such communications will be promptly reviewed by the Chairman of the Audit Committee and addressed by the Company's General Counsel, as appropriate.

#### **Compensation Discussion and Analysis**

The following principles guide the compensation decisions concerning the Company's senior management team, including its executive officers. Executive compensation should:

- (a) Be linked, directly and materially, to each executive's individual performance and the Company's overall performance, via annual bonuses and long-term equity awards,
- (b) Link executive pay opportunities to shareholder returns,
- (c) Assist the Company in attracting and retaining high quality talent,
- (d) Reward past performance and motivate future performance, and
- (e) Be reasonable in comparison to like positions in like companies.

**The Roles of the Compensation Committee and Management.** The Compensation Committee administers the compensation program for the Company's executive officers and key executives, applying the principles stated above. The Company's executives are compensated through three primary sources: base pay, annual cash bonuses and equity incentives. The base salary portion of the compensation of the Company's executives is fixed, and a substantial portion of total compensation consists of cash bonuses and equity awards, and is therefore considered at risk. The Compensation Committee ensures that the Company's executive compensation packages include a combination of base pay and incentives that are appropriate in the relevant marketplace, as well as risk-based in relation to the individual's performance and the Company's performance. Through its practice of granting equity awards, the compensation program also promotes and rewards an executive's tenure and longevity with the Company, as well as the executive's role in the Company's financial performance. The Compensation Committee has established stock ownership guidelines for its executive officers and other key executives. The Committee considers data provided by its compensation consultant (including peer group comparables) and considers the recommendations of the CEO with respect to the compensation of each executive officer other than himself. The CEO's recommendations to the Compensation Committee detail, with respect to each executive, a proposed total compensation package for the fiscal year, including any recommended adjustments in base salary, annual cash bonus as a percentage of target and equity awards, if any. The CEO also provides to the Committee his assessment of each executive's performance during the prior fiscal year and the extent to which the individual and departmental goals established for the

executive were met. Although the Committee considers the CEO's recommendations, the Compensation Committee independently evaluates the recommendations and makes all final compensation decisions in executive session. The decisions concerning specific base compensation elements and the total compensation paid or awarded to the Company's executive officers during the fiscal year ended December 31, 2007, including the compensation of the CEO, were made within this framework.

**Role of Compensation Consultant.** Pursuant to its charter, the Compensation Committee may retain a consultant to assist it in the performance of its duties, including the evaluation of executive compensation levels and programs. In 2007, the Committee engaged Frederic W. Cook & Co, Inc. (FW Cook) to serve as its compensation consultant and provide assistance to the Committee with respect to the Company's executive compensation programs, executive pay levels and other compensation issues. The Committee has the ability to terminate the consultant's services at the Committee's discretion. During 2007, FW Cook conducted a review of the Company's executive compensation program. This review included the following:

A review and analysis of the components of compensation (including a comparison of each element of executive compensation to external market rates), in order to determine the competitiveness of its executive compensation relative to that of its peers (the Compensation Peer Group),

Recommendations for changes in the Company's compensation structure, to assist the Company in attracting, motivating and retaining key senior level executives, and

Advice concerning the implementation and design of the Company's Long Term Incentive Program (LTI Program).

**Peer Group.** The Compensation Peer Group consists of business services companies which were selected by the Compensation Committee upon the recommendation of FW Cook, based on certain metrics, including revenue, net income and market capitalization, which are comparable to those of the Company. The companies comprising the Compensation Peer Group are as follows:

**Compensation Peer Group\***

Advanta	Financial Federal
Asset Acceptance Capital Corp	FTI Consulting
Asta Funding, Inc	Huron Consulting Group
Dealer Track Holdings	Marlin Business Services
Encore Capital Group, Inc.	Ocwen Financial
EPIQ Systems	QC Holdings
EZCORP	World Acceptance Corp.

\* The Compensation Peer Group differs from the peer group in the stock performance graph which is included in the Company's Annual Report, as it includes additional peer companies for

salary  
comparison  
purposes.

**Benchmarking.** The Company uses benchmarks of its executive compensation against the Compensation Peer Group to enhance its ability to remain competitive in attracting and retaining executives. The Compensation Peer Group was selected by FW Cook in 2007. The Compensation Committee has determined that the group so selected is an appropriate comparison group for this purpose. The FW Cook analysis included an indication of the Company's executives' 2006 compensation as compared to the same or similar positions in the market from which the Company would be likely to recruit job candidates. The peer group analysis revealed that in aggregate, the Company's executives' compensation in 2006 was lower than the compensation of executives in comparable positions in the

Compensation Peer Group. The low ranking relative to the peer data is indicative of the Company's philosophy to provide relatively smaller base salaries and relatively larger cash bonuses. However, in order to attract and maintain the highest level of talent, it was recommended that the Company's executives' total cash compensation should be increased to an amount that was closer to the median level of the Compensation Peer Group.

**Compensation of Executive Officers in 2007.** The subjective decisions regarding the amount and mix of elements which comprised total compensation awarded the executive officers were principally based

upon an assessment of each executive officer's leadership, performance and contribution to the achievement of the Company's overall financial goals, as well as subjective judgments about each executive officer individually. The factors considered were the executive officer's performance; the nature, scope and level of the executive officer's responsibilities; the executive officer's contribution to the Company's overall financial results, and the executive officer's effectiveness in leading initiatives to increase stockholder value, productivity, and revenue growth. The compensation of the executive officers which have the greatest ability to influence the Company's performance, however, is predominately performance-based, which is consistent with the overall compensation philosophy. The Compensation Committee did not utilize a specific formula for allocating total compensation among the elements of compensation in fiscal year 2007; however, its intent was to provide the right balance of short-term and long-term compensation. The Committee considered the achievement of individual and Company goals to be a priority for increasing shareholder value, and therefore targeted long-term incentive compensation to be, in most instances, at least 25% of the total direct compensation of the executive officers. This approach caused management to focus on the appropriate long-term initiatives designed to increase shareholder value. Total compensation was allocated as follows in 2007:

#### ALLOCATION OF ELEMENTS OF COMPENSATION

<b>Name</b>	<b>Base Pay (%)</b>	<b>Cash Bonus (%)</b>	<b>Equity Awards<sup>(3)</sup> (%)</b>	<b>Other (%)</b>
Steve Fredrickson, CEO <sup>(1)</sup>	28	42	28	2

Judith Scott, EVP <sup>(1)</sup>	43	35	20	2
Michael J. Petit, SVP	20	45	34	1
Kent McCammon, SVP <sup>(4)</sup>	36 <sup>(2)</sup>	36	27	1

(1) Executive Officer

(2) Mr. McCammon was employed by the Company for 5.5 months in 2007 with an annual base pay of \$200,000.

(3) Equity awards are valued as indicated in the Summary Compensation Table herein. The actual amount of compensation that will be realized at the time an award vests will depend upon the market price of the Company's

common stock on  
the vesting date.

- (4) For purposes of comparison, Other in the case of Mr. McCammon, excludes one-time compensation elements: his signing bonus of \$50,000, non-qualified relocation expenses of \$131,415 and qualified relocation expenses of \$22,573 paid by the Company in 2007.

**Bonus Program.** Each year, a cash bonus pool is established for each business unit. The amount of the overall bonus pool and the target bonus for each executive included in the bonus pool are communicated to the executives responsible for each business unit, along with the written goals for the business unit. From this bonus pool the Company pays annual cash bonuses to the Company's executive officers upon the direction of the Compensation Committee. Bonuses are based on an evaluation of each executive officer's prior year's performance, taking into consideration the recommendations of the CEO, the Compensation Committee's assessment of the overall performance of the Company and the executive officer's business unit's performance in achieving the specific financial and other key goals established for the Company and the executive officer's business unit. This evaluation also includes an assessment of the executive officer's individual performance compared to the operational and strategic goals and objectives established for the executive officer at the beginning of the year. If the results of operations meet or exceed net profitability goals, the amount of an executive officer's bonus may be increased at the discretion of the Compensation Committee, and if the results of operations for the year are not positive, or do not achieve net profitability goals, the Compensation Committee may determine whether or not a

bonus will be awarded at all. Executive officers' bonus targets are set as a percentage of base salary. The amount of the annual bonus awarded to the executive officer who manages a specific business unit of the Company depended to a significant degree, on that business unit's contributions toward the achievement of the Company's financial targets. Because the CEO has a broad role with final accountability for the Company's overall results, the Compensation Committee generally sets his individual target bonus higher than that of the other officers of the Company. Bonuses for the fiscal year ended December 31, 2007 were paid in January 2008. Cash bonuses awarded to the Company's four executive officers in January 2008 for the fiscal year ended December 31, 2007 performance ranged from approximately 80% to approximately 170% of the executive officer's 2007 base salary, amounting to an aggregate pay out of \$1,473,000, of which amount, the CEO earned a bonus of \$550,000, or approximately 150% of his base salary. The annual bonuses paid to the CEO, CFO and the other most highly paid executives of the Company for their fiscal year 2007 performance are shown in the Summary Compensation Table on page 28.

**Equity Incentives.** The Company utilizes long-term equity incentive awards to motivate outstanding performance and encourage and reward employment longevity. The Company's current equity compensation programs consist of (a) the award of nonvested shares of the Company's common stock to key employees pursuant to the Amended Plan and (b) a performance-based long term equity incentive program ( LTI Program ) which was first implemented in March 2007, pursuant to the Amended Plan. A 2008 LTI Program was adopted in January 2008. Participation in the LTI Program is limited to executives who are in a position to have a significant impact on the achievement of the Company's financial goals and who provide the long-term strategic leadership necessary to accomplish the goals. The LTI performance targets are designed to provide executives with the potential to earn additional shares of the Company's stock and provide them with specific financial goals which are tied to shareholder value.

In accordance with the LTI Program, certain executives of the Company were granted performance-based nonvested stock awards ( LTI Shares ). Vesting of the 2007 and 2008 LTI Shares is conditioned upon the Company's achievement of both a targeted percentage Return on Invested Capital ( Target ROIC ) and a cumulative three year earnings per share ( EPS ) target for a three year performance period ending December 31, 2009 and 2010, respectively ( Target EPS ). EPS is computed after taking into consideration the costs of the LTI Program. Pursuant to the LTI Program, if the Company's ROIC is less than 13.5% during the three year performance period ( Target ROIC ), no LTI Shares will vest or be awarded. If the Company achieves both the Target ROIC and Target EPS, 100% of the LTI Shares will be awarded. If the Target ROIC is met, the number of shares to be received by each executive will increase or decrease depending on the actual EPS, and can range from 0% to 200% of targeted LTI Shares. Any shares that may be earned pursuant to the 2007 and 2008 LTI programs will be awarded in the first quarter of 2010 and 2011, respectively. During 2007, the Company accrued 94% of the pro rata annual expense of the LTI program, assuming achievement of its targeted (100%) payout level for the three year period 2007-2009. No LTI Shares vested or were awarded in 2007. The percentage of LTI Shares earned and awarded will be determined in accordance with the table below.

3 Year Aggregated Diluted EPS (\$)		Percentage of LTI Shares to be Awarded
2007 LTI Program	2008 LTI Program	
\$10.09 - \$10.36	\$11.34 - \$11.92	0% - 49%
\$10.37 - \$10.85	\$11.93 - \$12.52	50% - 99%
\$10.86 - \$11.25	\$12.53 - \$13.05	100% - 149%
\$11.26 - \$12.09	\$13.06 - \$13.60	150% - 199%
> \$12.09	> \$13.60	200%

The LTI performance targets are designed to provide executives with the potential to earn additional shares of the Company's stock and provide them with specific financial goals which are tied to shareholder value.

The Company did not grant any stock options in 2007. The Company has no specified policy concerning the timing of equity awards.

**Targeted Executive Share Ownership.** Ownership by executive officers of equity in the Company serves to align their interests with those of the Company's stockholders and demonstrates to the investing public and all of the Company's other employees, senior management's commitment to the Company. The Company's targeted executive stockholdings policy establishes for each executive officer, as well as other executives and managers in key leadership roles, individual equity ownership goals which are to be achieved within a specified time frame. Each executive officer's employment agreement provides that in the event that the targeted equity goals are not achieved within the required time frame, the annual bonus may be paid in nonvested stock, rather than in cash, until such targets are met. The specific share requirements for each executive officer are based on a multiple of annual base pay, and only include shares that are beneficially owned, directly or indirectly, but do not include shares that have been granted but have not yet vested.

Each year, prior to the payment of any annual cash bonus, the Company's CEO is required to provide a report to the Compensation Committee detailing the status of stockholding for each executive officer. This report includes the executive officer's base compensation, total compensation, anticipated bonus, targeted stockholdings, actual stockholdings, increased or decreased actual stockholdings during the prior year, and the amount of both awarded and vested options and/or nonvested shares. As of March 19, 2008, each of the Company's four executive officers had exceeded their stock ownership targets.

The matrix below details the equity ownership targets established for the executives listed in the Summary Compensation Table and their actual stockholdings as of March 19, 2008.

**Perquisites.** The Company ensures that its executive officers are paid fairly, and that it has a uniform set of benefits and perquisites which apply to all employees equally. Accordingly, the Company's executive officers are provided no Company paid or reimbursed unique perquisites which are not offered to other employees. It is the philosophy of the Company that each executive, including the Company's CEO and CFO may determine, within the limits of his or her own compensation, whether or not to personally purchase non-reimbursable luxury travel, private flights, housing, security systems, car service, club memberships, financial planning services, or other such goods and services, including those which are sometimes provided as executive perquisites by other companies, but not offered by the Company. This is consistent with the Company's general operating principles.

Other than the standard employee benefits, such as health, dental, life, hospitalization, surgical, major medical and disability insurance, participation in its 401(k) plan, paid time off, and other similar Company-wide benefits which may be in effect from time to time for all other employees, the Company does not provide additional perquisites, personal direct or indirect benefits, or use any separate set of standards in determining the benefits for its executives. The Company believes that its base pay and total compensation package are reasonable in the industry, and the Company has demonstrated that it is able to hire and retain talented executives without offering additional perquisites.

**Pension Plans, Retirement Benefits and Nonqualified Deferred Compensation.** The Company does not offer any pension or retirement plans to any of its Directors or employees, including its executive officers. The Company does not offer its employees a non-qualified defined contribution plan; however, the Company sponsors a 401(k) plan for its employees who are at least twenty-one years of age or over. This plan is a long-term savings vehicle that enables employees to make pre-tax contributions via payroll deductions, and receive tax-deferred earnings on the contributions made. Employees are eligible to make voluntary contributions to the plan of up to 100% of their compensation, subject to Internal Revenue Service limitations, after completing six months of service. Employees who were at least fifty years of age by the end of the fiscal year were also eligible to make 401(k) catch-up contributions up to a maximum of \$5,000. The Company makes matching cash contributions of up to 4% to each participating employee's salary. Employees are able to direct their own investments in the Company's 401(k) plan. No withdrawals or distributions were made to any of the Company's executive officers under the Company's 401(k) plan in 2007.

**Severance Payments.** The Company does not have any plans or programs under which payments to any of the executive officers are triggered by a change of control of the Company. The Summary of Severance Terms and Potential Payments Table that follows this narrative summarizes contractual severance payments and benefits. All of the executives named below executed employment agreements with the Company. The terms of each employment agreement began on January 1, 2006, and end on December 31, 2008, with the exception of the employment agreement of Kent McCammon, whose term began on July 16, 2007 and ends on December 31, 2010. Each employment agreement contains confidentiality, non-solicitation, non-competition and indemnification provisions. Each employment agreement also contains severance provisions, the payment of which is conditioned on the employee's execution of a full release of all claims against the Company, and is payable in a lump sum after termination of employment. The Severance Agreements provide executive officers with certain benefits upon their involuntary termination for reasons other than for their wrongful behavior or misconduct. These provisions provide protection to the Company and to the executive for unwarranted terminations of employment that could potentially cause harm to the Company and/or the business units managed by the terminated executive. Each employment agreement provides for severance payments under involuntary termination circumstances other than death, disability or Cause.

The following table shows the potential severance payments which may be made to the executives listed below pursuant to the terms of their employment agreements, under various employment termination scenarios.

- (8) Cause is defined as:
  - (A) conviction, or plea of guilty or *nolo contendere* to, a felony;
  - (B) engaging in willful

misconduct that is economically injurious to the Company or its subsidiaries, or the embezzlement of funds or misappropriation of other property of the Company or any subsidiary); (C) material violation of the Company's written policies and procedures (including gross and continued failure to satisfy written directives or performance material), insubordination; or (D) fraudulent conduct as regards the Company, which results either in personal enrichment to employee or material injury to the Company or its subsidiaries.

- (9) The Company may extend Mr. Petit's non-competition/non-solicitation period for an additional year by paying additional severance compensation equal to one year's salary. In this scenario, Mr. Petit's total severance payment would be \$1,516,409.

No severance payments were made to any executive officers of the Company during fiscal year 2007.

**Other Benefits.** The Company's executive officers are required by policy to submit to regular comprehensive physical examinations at the Company's expense, at a cost of up to approximately \$5,000 each.

The following table identifies the Company's benefit plans and identifies employees who may be eligible to participate:

Benefit Plan	Executive Officers	All Full Time Employees

Life and Disability Insurance	X	X
Legal Resources Assistance	X	X
Employee Assistance Plan	X	X
Defined Benefit Pension Plan	Not Offered	Not Offered
Deferred Compensation Plan	Not Offered	Not Offered

The Company has never made a loan to any of its executive officers or Directors.

**Tax Deductibility of Executive Compensation.** Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a \$1 million limit on the amount that a public company may deduct for compensation paid or accrued with respect to each covered employee (i.e. the Company's CEO, CFO and the next three highest paid officers, other than the CEO), as of the end of the fiscal year. While the Compensation Committee is mindful of the potential impact upon the Company of Section 162(m) of the Code, it reserves the right to extend such compensation arrangements as may from time to time be necessary to retain or attract top-quality management. The Compensation Committee generally structures executive compensation arrangements so as to minimize the impact of the limitations of Section 162(m) of the Code, which includes consideration of the impact of performance-based equity awards to the Company's executives, including the implementation of the LTI program. In fiscal year 2007, each of the Company's executive officers received a base salary less than \$1 million and each

executive officer received other compensation that would not be limited by the \$1 million threshold imposed by Section 162(m). Therefore, the entire amount of each executive officer's compensation earned during fiscal year 2007 was deductible.

**Accounting for Share-Based Compensation.** Financial Accounting Standards Board Statement 123(R), Share-Based Payments, revised, ( FAS 123R ) requires companies to expense the fair value of employee stock options and other forms of equity compensation. Since January 1, 2002 the Company has been expensing equity based compensation under FAS 123, Accounting for Stock-Based Compensation, and beginning January 1, 2006 under FAS 123R. The Company has not issued stock options to its employees since its adoption of the Amended Plan in 2004. The Company has never back dated stock options.

#### **COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed and discussed the section of this Proxy Statement entitled, Compensation Discussion and Analysis with management as required by Item 402(b) of Regulation S-K and, based on such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement, and incorporated by reference into the Company's Annual Report on Form 10-K/A for the fiscal year ended December 31, 2007. This report is provided by the following independent Directors who comprise the committee:

David Roberts, Chairman  
Scott Tabakin

(1) This table reflects for a given year all bonuses earned by the above executives in 2006 and 2007. The Company typically pays bonuses in January of the year following the year in which the bonus was earned.

(2) The amounts included in the Stock Awards column represent the expense recognized for financial reporting purposes in 2006

and 2007 under FAS 123R for grants of nonvested shares in 2007, as well as prior years. For a discussion of valuation assumptions, see the Company's 2006 and 2007 Consolidated Financial Statements included in its Annual Reports on Form 10-K and 10-K/A filed with the SEC on March 1, 2007 and March 12, 2008, respectively. The shares awarded vest either (a) ratably over a five year period, beginning on the first anniversary of the award date or (b) after three years if, pursuant to the Company's Long Term Incentive Plan, certain Company performance goals are met (see page 22 for a more complete description of the Long Term Incentive Plan). The actual amount of compensation that will be realized at the time an award vests will depend upon the market price of the

Company's  
common stock at  
the vesting date.

(3) The amounts  
included in the  
Option Awards  
column represent  
the expense  
recognized for  
financial  
reporting  
purposes in both  
2006 and 2007  
under FAS 123R  
for grants of stock  
options in prior  
years. There were  
no stock options  
granted in either  
2006 or 2007.

(4) Except for  
Mr. McCammon,  
these amounts  
represent  
company  
matching  
contributions to  
the recipient's  
401(k) plan up to  
limits for such  
plans under  
federal income  
tax rules. In 2007,  
except with  
respect to

**Equity Compensation Plan Information.** Under the Amended Plan, 2,000,000 shares have been made available for issuance to the Company's employees and Directors. The table below reflects the number of shares subject to outstanding awards and the amount available for future issuance. Prior to the adoption of the Amended Plan, such awards were in the form of stock options with an exercise price equal to the fair market value of the stock at the grant date. After the adoption of the Amended Plan, such awards were in the form of grants of shares of nonvested shares. The table below provides information with respect to the Amended Plan as of December 31, 2007:

#### **AUDIT COMMITTEE REPORT**

The Audit Committee has furnished the following report to stockholders of the Company in accordance with rules adopted by the SEC.

Each member of the Audit Committee is an independent director, as defined in NASDAQ Rules 4200(a)(15) and 4350(d)(2). Each member of the committee also satisfies the SEC's additional independence requirement for members of audit committees according to Item 7(d)(3)(iv) of Schedule 14A under the Exchange Act and NASDAQ Rules 4200(a)(15) and 4350(d)(2). In addition, the Board has determined that James Voss and Scott Tabakin are both audit committee financial experts, as defined by paragraph (h)(2) of Item 401 of Regulation S-K.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the Company's independent auditors. These services may include audit services, audit-related services, tax services, services related to internal controls and other services. The independent auditors and the Company's CEO and CFO periodically report to the Audit Committee regarding the services provided by the independent auditor in accordance with this pre-approval.

The Company's management has primary responsibility for establishing and maintaining effective internal controls over financial reporting, preparing the Company's consolidated financial statements in accordance with U. S. generally accepted accounting principles, and managing the public reporting process. The Company's independent auditors are responsible for forming and expressing opinions on the conformity of the Company's audited consolidated financial statements in accordance with U. S. generally accepted accounting principles, in all material respects, and on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee reviewed and discussed with management, the Company's audited consolidated financial statements for the fiscal year ended December 31, 2007, including a discussion of the acceptability and appropriateness of significant accounting policies and management's assessment of the effectiveness of the Company's internal control over financial reporting. The Audit Committee discussed with the Company's independent auditors matters related to the conduct of the audits of the Company's consolidated financial statements and internal control over financial reporting. The Audit Committee also reviewed with management and the independent auditors the reasonableness of significant estimates and judgments made by management in preparing the consolidated financial statements, as well as the clarity of the disclosures in the consolidated financial statements.

The Audit Committee has discussed with the Company's independent auditors, the matters required to be communicated by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended.

The Audit Committee has received the written disclosures from KPMG LLP ( KPMG ), as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended or supplemented, and has discussed with KPMG their independence. The

Audit Committee has concluded that the audit and non-audit services which were provided by KPMG in 2007 were compatible with, and did not negatively impact their independence.

The Audit Committee met with the Company's internal auditor and with its independent auditors, with and without management present, to discuss the overall quality of the Company's financial reporting. In reliance on such discussions, and its review and discussions with management of the Company's audited consolidated financial statements and the acceptability and appropriateness of significant accounting policies, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above, the Committee recommended to the Board, and the Board has approved, that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K/A for the fiscal year ended December 31, 2007 for filing with the SEC. On March 8, 2007, the Audit Committee dismissed PricewaterhouseCoopers LLP as its independent auditors and engaged KPMG to serve as its independent auditors for the fiscal year ending December 31, 2007. This decision was made following a comprehensive review by the Audit Committee and management of KPMG's qualifications. The report of PricewaterhouseCoopers LLP on the consolidated financial statements of the Company as of and for the year ended December 31, 2006, did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal year ended December 31, 2006 and the subsequent interim period through March 8, 2007, there were no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to their satisfaction, would have caused them to make reference to the subject matter of the disagreement in connection with their reports. None of the reportable events described in Item 304(a)(1)(v) of Regulation S-K occurred within the two fiscal years of the Company ended December 31, 2006 or within the subsequent interim period through March 8, 2007. The Company provided PricewaterhouseCoopers LLP with a copy of the foregoing disclosures and attached a copy of their letter, dated March 13, 2007, in which they stated their agreement with such statements as an exhibit to the Form 8-K that was filed by the Company on March 13, 2007. During the fiscal year ended December 31, 2006, the Company did not consult with KPMG regarding any of the matters or events set forth in Item 304(a)(2)(i) or (ii) of Regulation S-K.

The Company is requesting that the stockholders ratify the Audit Committee's appointment of KPMG as its independent auditors for the fiscal year ending December 31, 2008. In the event the stockholders fail to ratify the appointment, the Audit Committee will consider it a direction to consider other accounting firms for the subsequent year.

This report is submitted on behalf of the following independent Directors, who constitute the Audit Committee:

James Voss, Chairman  
William Brophey  
Scott Tabakin

**Principal Accountant Fees and Services.** KPMG served as the Company's independent registered accounting firm with respect to the audits of the Company's consolidated financial statements for the fiscal year ended December 31, 2007 and the Company's internal control over financial reporting as of

December 31, 2007. In connection with its 2007 corporate income tax returns, which are anticipated to be completed in 2008, the Company retained a separate tax accounting firm, which is not related to KPMG. The following table sets forth the aggregate fees billed or expected to be billed by KPMG and PricewaterhouseCoopers LLP for the years ended December 31, 2007 and 2006, respectively.

**Audit Fees**

	<b>2007</b>	<b>2006</b>
<b>Audit Fees</b>		
Annual Audit <sup>(1)</sup>	\$ 483,000	\$ 522,799
<b>Tax Fees</b>	10,900	
<b>All Other Fees</b>		
Investigation Review Fees <sup>(3)</sup>		58,004
Subscription Fees <sup>(2)</sup>	1,500	1,500
	1,500	59,504
<b>Total Accountant Fees</b>	<b>\$ 495,400</b>	<b>\$ 582,303</b>

(1) On March 8, 2007, the Audit Committee dismissed PricewaterhouseCoopers LLP as its independent registered public accounting firm, effectively immediately, and subsequently appointed KPMG to serve as its independent registered public accounting firm.

(2) Subscription fees represent fees paid to KPMG and PricewaterhouseCoopers LLP for an annual subscription to their proprietary research tool during 2007 and 2006, respectively.

(3) Investigation review fees relate to the work performed by

PricewaterhouseCoopers LLP to review and assess the adequacy and results of the internal control deficiency investigation initiated by our Audit Committee. See Item 9A of our Quarterly Report on Form 10-Q for the period ended June 30, 2006, filed on August 3, 2006, for more information.

Audit Fees include fees for the audit of the Company's annual consolidated financial statements, reviews of the related quarterly consolidated financial statements, and services normally performed in connection with statutory and regulatory filings. Audit Fees also include fees related to the audit of the Company's internal control over financial reporting.

**PROPOSAL TWO: APPROVAL OF INDEPENDENT AUDITORS**

Upon the recommendation of the Audit Committee, the Board has appointed KPMG as independent auditors for the Company for the fiscal year ending December 31, 2008 to audit its consolidated financial statements for the fiscal year ending December 31, 2008, and to audit its internal control over financial reporting as of December 31, 2008. Even if the selection of KPMG is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

KPMG will have a representative at the Annual Meeting who will be available to respond to appropriate questions. The KPMG representative will also have an opportunity to make a statement if desired.

A majority of votes cast in person or represented by proxy will constitute ratification of the appointment of KPMG. Broker non-votes (i.e. where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a Proxy Card) will be treated as abstentions. Under Delaware

General Corporate Law, an abstaining vote is not deemed a vote cast or represented by proxy. As a result, abstentions are not included in the tabulation of the results on the ratification of the appointment of KPMG.

**The Board of Directors recommends that the stockholders vote FOR the ratification of the appointment of KPMG as the Company's independent auditors for the fiscal year ending December 31, 2008.**

**Section 16(a) Beneficial Ownership Reporting Compliance.** Section 16(a) of the Exchange Act requires the Company's executive officers and Directors and persons who beneficially own more than five percent (5%) of the Company's common stock to file initial reports of ownership and changes in ownership of such common stock with the SEC and NASDAQ. As a practical matter, the Company typically assists its Directors and executive officers with these transactions by completing and filing Section 16 reports on their behalf. The Company also reviews Directors and Officers' Questionnaires and written representations from the executive officers and Directors that no other reports are required to be filed. The Company believes that all such reports were filed on a timely basis by its executive officers and Directors during fiscal year 2007, other than a late Form 4 filing for Judith Scott, related to an automatic dividend reinvestment.

**Costs of Solicitation.** The Company will pay all of the costs of soliciting proxies for the Annual Meeting. Curran & Connors has been retained to print the proxies, at a cost of \$3,490. Broadridge Investor Communications Solutions, Inc. has estimated the web hosting and mailing costs to be \$10,867. Continental Stock Transfer and Trust has been retained to develop the mailing list, mail out the solicitation for proxy votes and to verify certain records related to the solicitation. The Company will pay Continental Stock Transfer and Trust Company a fee of \$1,000 as compensation for its services, which will include tabulating votes, and will also reimburse Continental Stock Transfer and Trust Company for its related out-of-pocket expenses, including its mailing expenses. In addition to solicitation by mail, the Directors, officers and agents of the Company may also solicit proxies from stockholders by telephone, telecopy, telegram, Internet or in person. All such costs will be paid by the Company. Upon request, the Company will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in sending the proxy materials to beneficial owners.

**Annual Report.** A copy of this Proxy Statement, the Company's 2007 Annual Report to Stockholders, its audited financial statements, together with other related information, are available on the internet and are being mailed to shareholders who requested printed versions. Additionally, these materials and the Company's Annual Report on Form 10-K/A for the year ended December 31, 2007, as filed with the SEC, and all financial statements or schedules required to be filed with the SEC pursuant to Rule 13a-1 may be obtained from our web site at [www.portfoliorecovery.com](http://www.portfoliorecovery.com), or by contacting the Company's Investor Relations Liaison at the Company's headquarters, at 120 Corporate Blvd., Norfolk, VA 23502. A copy of the Company's Annual Report on Form 10-K/A, and other periodic filings also may be obtained from the SEC's EDGAR database at [www.sec.gov](http://www.sec.gov).

**Electronic Delivery of 2009 Proxy Materials and Annual Report.** Instead of receiving paper copies of next year's Proxy Statement and Annual Report in the mail, stockholders may elect to access their 2009 proxy materials online. The Company encourages all stockholders to make the election to obtain the 2009 proxy materials online in order to save the Company the cost of producing and mailing these documents, reduce the amount of stockholder mail and help preserve environmental resources.

**Other Matters.** As of the date of this Proxy Statement, the Board does not intend to bring any other business before the Annual Meeting except items incident to the conduct of the Annual Meeting. The Company has not received notice from any stockholder of intent to present a proposal at the Annual Meeting. The enclosed Proxy Card will confer discretionary authority with respect to matters which are not presently known to the Board at the time of the printing hereof and which may properly come before the Annual Meeting. It is the intention of the persons named on the Proxy Card to vote such Proxy Card with respect to such matters in accordance with their best judgment.

By the Order of the Board of Directors.

Judith S. Scott

Secretary

Norfolk, Virginia
