Table of Contents**SURG II, INC.****NOTES TO FINANCIAL STATEMENTS (unaudited)****Note. 1 Financial Statements:**

The accompanying unaudited financial statements of Surg II, Inc. (the Company) have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the instructions to Form 10-QSB. Accordingly they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America. In the opinion of management all adjustments, consisting of normal recurring items, necessary for a fair presentation have been included. Operating results for the three and six months ended June 30, 2002 are not necessarily indicative of the results that may be expected for the year ending December 31, 2002. These financial statements should be read in conjunction with the financial statements and footnotes thereto included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2001.

Note 2. Sale of Net Operating Assets:

On January 22, 2002, pursuant to an agreement, the Company closed on the sale of substantially all of its net operating assets. The sale resulted in gross proceeds of \$200,000 and a gain of approximately \$4,000 after considering total transaction costs of \$104,000 including \$55,000 that were incurred and expensed in 2001. After the sale the Company has no sources of revenue as the net operating assets sold represent substantially all of its operations. The Company anticipates utilizing its remaining capital structure to attract a business opportunity with potential value to shareholders, see Note 3. However, there can be no assurance that a business combination or similar transaction will occur. The Company currently has no continuing operations.

A summary of the asset sale is as follows:

Proceeds	\$ 200,000
Transaction costs	
104,000	
<hr/>	
Net proceeds	
\$96,000	
Less net book value of assets sold	
(87,102)	
<hr/>	
Gain	
\$8,898	
<hr/>	

The actual gain recorded in the statements of operations for the six months ended June 30, 2002 was approximately \$62,000 as \$54,000 of the total transaction costs of \$104,000 were incurred and expensed in 2001. The net proceeds of approximately \$150,000 reflected in the accompanying June 30, 2002 statement of cash flows is comprised of the gross proceeds received of \$200,000 less the transaction costs incurred and expensed in 2002 of approximately \$50,000.

A summary of the net assets sold is as follows:

Edgar Filing: SURG II INC - Form 10QSB

Accounts receivable	\$38,467
Inventories	
118,238	
Other assets	
3,627	
Furniture and equipment	
15,914	
Long-term debt	
(10,506)

(78,638)	

Net assets sold
\$87,102

Because the Company sold all of its net operating assets, on a pro forma basis there would have been no sales in any period presented, assuming the transaction had been effective January 1, 2001.

Note 3. Sale of Capital Stock to Entrx Corporation (formerly Metalclad Corporation):

On May 30, 2002, Entrx Corporation (Entrx) acquired 145,000,000 shares of common stock, constituting approximately 90% of the outstanding shares of the Company for \$3,000,000 invested into the Company. Entrx plans to use the Company for an acquisition of a yet uncommitted business enterprise.

Note 4. Net Loss Per Share:

The loss per share amounts for the three and six months ended June 30, 2002 and June 30, 2001 were computed by dividing the net loss by the weighted average shares outstanding during the applicable period. Dilutive common equivalent shares have not been included in the computation of diluted loss per share because their inclusion would be antidilutive. Antidilutive common equivalent shares issuable based on future exercise of stock warrants could potentially dilute basic and diluted earnings per share in subsequent periods.

All stock warrants were anti-dilutive as of June 30, 2002 and 2001.

ITEM 2. Management's Discussion and Analysis of Financial Condition or Plan of Operation

All statements, other than statements of historical fact, included in this Form 10-QSB, including without limitation the statements under Management's Discussion and Analysis of Financial Condition and Results of Operations are, or may be deemed to be, forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934. Such forward-looking statements involve assumptions, known and unknown risks, uncertainties, and other factors which may cause the actual results, performance or achievements of Surg II, Inc. (the Company) to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements contained in this Form 10-QSB. Such potential risks and uncertainties include, without limitation, the ability of the Company to acquire a business enterprise and other risk factors detailed herein and in other of the Company's filings with the Securities and Exchange Commission. The forward-looking statements are made as of the date of this Form 10-QSB and the Company assumes no obligation to update the forward-looking statements or to update the reasons actual results could differ from those projected in such forward-looking statements. Therefore, readers are cautioned not to place undue reliance on these forward-looking statements.

Results of Operations Three and Six Months Ended June 30, 2002 and 2001

Overview: On January 22, 2002, pursuant to an agreement and shareholder approval, the Company closed on the sale of substantially all of its net operating assets. The sale resulted in a gain of approximately \$9,000 with gross cash proceeds of \$200,000. See Note 2 to the financial statements for further information. After the sale the Company has no sources of revenue as the net operating assets sold represented substantially all of its operations. On May 30, 2002, Entrx Corporation (Entrx), an unrelated company, acquired 145,000,000 shares of common stock, constituting approximately 90% of the outstanding shares of the Company for \$3,000,000 invested into the Company. Entrx plans to use the Company for the acquisition of a yet uncommitted business enterprise.

Sales. There were no sales for the three months ended June 30, 2002 compared with sales of \$96,000 for the comparable period in 2001. Sales for the six months ended June 30, 2002 were \$33,000, compared to \$226,000 for the same period in 2001, a decrease of approximately 85%. These decreases were primarily related to the sale of net assets, as sales activity ceased after January 22, 2002.

Cost of Goods Sold and Gross Profit. Due to the sale of the net assets, there was no cost of goods sold for the three months ended June 30, 2002 and cost of goods sold was \$32,000 for the six months ended June 30, 2002. For the three and six months ended June 30, 2001 cost of goods sold was \$72,000 and \$166,000, respectively. Gross profit expressed as a percentage of sales was approximately 25% for the three months ended June 30, 2001 and was 5% for the six months ended June 30, 2002 compared to 27% for the same period in 2001. The decreases were due primarily to less sales volume in 2002 in which to spread certain fixed manufacturing costs.

Operating Expenses. Operating expenses decreased from \$56,000 for the three-month period ended June 30, 2001 to \$53,000 for the three-month period ended June 30, 2002, a 7% decrease. For the six months ended June 30, 2002, operating expenses

Table of Contents

were \$96,000 compared to \$140,000 for the six months ended June 30, 2001, a 32% decrease. The decreases were primarily the result of the sale of net assets, as operating activities ceased after January 22, 2002.

Interest Income and Expense. Net interest income for the three and six months ended June 30, 2002 was \$6,000 as compared to net interest expense of \$1,000 and \$2,000 for the three and six months ended June 30, 2001, respectively. The increase in net interest income is primarily the result of higher cash balances due to the sale of common stock to Entrx Corporation.

Net Loss. As a result of the above factors, the Company experienced a net loss of \$41,000, or \$0.00 per share, and \$25,000, or \$0.00 per share, for the three and six months ended June 30, 2002, respectively, compared with a net loss of \$33,000, or \$0.00 per share, and \$81,000, or \$0.01 per share, for the three and six months ended June 30, 2001.

Liquidity and Capital Resources:

As of June 30, 2002, the Company had working capital of \$2,878,000 compared to a working capital deficit of \$61,000 as of December 31, 2001. The increase in working capital was primarily the result of the net proceeds from the sale of common stock to Entrx Corporation.

For the six month period ended June 30, 2002, the net cash used in operating activities was \$141,000 compared with net cash used in operating activities of \$5,000 for the six months ended June 30, 2001. The negative cash flows from operating activities were primarily the result of funding operating losses. In addition, during the six months ended June 30, 2002, the Company used cash to decrease accounts payable and accrued expenses. These uses were partially offset by non-cash compensation expense and decreases in accounts receivable, inventory and prepaid expenses. During the six months ended June 30, 2001, the use of cash to fund operating losses was partially offset by a decrease in inventory, an increase in accounts payable and accrued expenses and non-cash expenses for amortization of prepaid consulting.

Net proceeds from investing activities provided \$149,000 of cash for the six months ended June 30, 2001 due to the net proceeds received from the net asset sale.

Financing activities provided \$2,870,000 of cash for the six months ended June 30, 2002 and used \$8,000 of cash for the six months ended June 30, 2001. Net proceeds from the sale of common stock, offset by payments on notes payable, was the source of the financing funds provided in 2002. For the six months ended June 30, 2001 payments on notes payable used \$6,000 of cash and payments on the capital lease obligation used \$2,000 of cash.

As discussed in the overview above, the Company anticipates utilizing its remaining capital structure to attract a business opportunity that will maximize potential value to shareholders. However, there can be no assurance that a business combination or similar transaction will occur. The Company currently has no continuing operations.

Critical Accounting Policies

Our significant accounting policies are described in Note 1 to the financial statements included in our annual report for the year ended December 31, 2001. The accounting policies used in preparing our interim 2002 condensed financial statements are the same as those described in our annual report.

Recently Issued Accounting Pronouncements

In April 2002, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 145, Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections. The Company believes the adoption of SFAS No. 145 will not have a material effect on the Company's financial position or results of operations.

In June 2002, FASB issued SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. SFAS No. 146 requires the recognition of a liability for a cost associated with an exit or disposal activity when the liability is incurred versus the date the Company commits to an exit plan. In addition, SFAS No. 146 states the liability should be initially measured at fair value. The requirements of SFAS No. 146 are effective for exit or disposal activities that are initiated after

December 31, 2002. The Company believes the adoption of SFAS No. 146 will not have a material effect on the Company's consolidated financial position or results of operations.
