In accordance with the applicable laws, arrangements have been made with brokerage houses and other intermediaries, clearing agencies, custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of the common shares held of record by such persons and the Company may reimburse such persons for reasonable fees and disbursements incurred by them in doing so. The costs thereof will be borne by the Company.

Table of Contents

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed Instrument of Proxy, Peter J. Bradford, President and Chief Executive Officer, of Littleton, Colorado, or failing him, Allan J. Marter, Senior Vice President, Chief Financial Officer and Secretary, of Littleton, Colorado, have been selected by the directors of the Company and have indicated their willingness to represent as proxy the shareholder who appoints them. **A SHAREHOLDER HAS THE RIGHT TO DESIGNATE A PERSON (WHO NEED NOT BE A SHAREHOLDER) OTHER THAN PETER J. BRADFORD OR ALLAN J. MARTER, BEING THE MANAGEMENT DESIGNEES, TO REPRESENT HIM OR HER AT THE MEETING.** Such right may be exercised by inserting in the space provided for that purpose on the Instrument of Proxy the name of the person to be designated and deleting therefrom the names of the management designees, or by completing another proper form of proxy. Such shareholder should notify the nominee of the appointment, obtain a consent to act as proxy and provide instructions on how the shareholder's common shares are to be voted. In any case, the form of proxy should be dated and executed by the shareholder or an attorney authorized in writing, with proof of such authorization attached where an attorney executed the proxy form.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is completed and delivered to Attention: Proxy Department, CIBC Mellon Trust Company, #6, 200 Queens Quay East, Toronto, Ontario, Canada M5A 4K9, at least forty-eight (48) hours prior to the Meeting or any adjournment thereof. Late proxies may be accepted or rejected at any time prior to the commencement time of the Meeting by the Chairman of the Meeting in his discretion and the Chairman is under no obligation to accept or reject any particular late proxy.

In addition to revocation in any other manner permitted by law, a shareholder who has given a proxy may revoke it, any time before it is exercised, by instrument in writing executed by the shareholder or by his attorney authorized in writing and deposited either at the registered office of the Company, being Suite 1900, 885 West Georgia Street Vancouver, British Columbia, Canada V6C 3H4, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, before any votes in respect of which the proxy is to be used shall have been taken. In addition, a proxy may be revoked by the shareholder personally attending at the meeting, registering with the scrutineers and voting his common shares.

ADVICE TO BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many shareholders of the Company as a substantial number of shareholders do not hold their common shares of the Company in their own names. Shareholders of the Company who do not hold their common shares in their own names (referred to herein as **Beneficial Shareholders**) should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of common shares can be recognized and acted upon at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then, in almost all cases, those shares will not be registered in the shareholder's name on the records of the Company. Such shares will more likely be registered under the name of the

Table of Contents

shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common shares of the Company held by brokers or their agents or nominees may in certain instances be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their common shares are communicated to the appropriate person.**

Applicable regulatory rules require intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to ADP Investor Communication (ADP) formerly Independent Investor Communications Corporation. ADP typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to ADP. ADP then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the meeting. **A Beneficial Shareholder receiving a proxy with an ADP sticker on it cannot use that proxy to vote common shares directly at the Meeting the proxy must be returned to ADP well in advance of the Meeting in order to have the common shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting common shares of the Company registered in the name of his broker (or an agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered shareholder and vote such common shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should enter their own names in the blank space on the Instrument of Proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

All references to shareholders in this Management Information Circular and the accompanying Instrument of Proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to registered shareholders who produce proof of their identity.

VOTING OF PROXIES

The persons named in the enclosed Instrument of Proxy are directors and/or officers of the Company who have indicated their willingness to represent as proxy the shareholders who appoint them. Each shareholder may instruct his proxy how to vote his common shares by completing the blanks on the Instrument of Proxy.

Table of Contents

All common shares represented at the meeting by properly executed proxies will be voted (including the voting on any ballot), and where a choice with respect to any matter to be acted upon has been specified in the Instrument of Proxy, the common shares represented by the proxy will be voted in accordance with such specification. **IN THE ABSENCE OF ANY SUCH SPECIFICATION, THE MANAGEMENT DESIGNEES, IF NAMED AS PROXY, WILL VOTE IN FAVOUR OF THE MATTERS SET OUT THEREIN.**

The enclosed Instrument of Proxy confers discretionary authority upon the management designees, or other persons named as proxy, with respect to amendments to or variations of matters identified in the notice of meeting and any other matters which may properly come before the Meeting. As of the date hereof, the Company is not aware of any amendments to, variations of or other matters which may come before the Meeting. In the event that other matters come before the Meeting, then the management designees intend to vote in accordance with the judgment of the management of the Company.

VOTING SHARES AND SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The Company has authorized capital consisting of an unlimited number of common shares (the Common Shares) and an unlimited number of first preferred shares (the First Preferred Shares). As of April 17, 2003, 107,484,251 Common Shares and no First Preferred Shares were issued and outstanding.

The board of directors of the Company (the Board) has fixed April 22, 2003, as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting and at any adjournment thereof. Each Common Share outstanding on the record date carries the right to one vote. The Company has caused to be prepared a list of the holders of its Common Shares on such record date. Each shareholder named in the list will be entitled to one vote at the Meeting for each Common Share shown opposite such shareholder's name except to the extent that (a) such shareholder has transferred the ownership of such Common Share after the date on which the list was prepared and (b) the transferee of such Common Share produces a properly endorsed share certificate or otherwise establishes that the transferee owns such Common Share and demands not later than ten days before the Meeting that the transferee's name be included in the list in which case the transferee will be entitled to vote such Common Share at the Meeting. A complete list of the shareholders entitled to vote at the Meeting will be open to examination by any shareholder for any purpose germane to the Meeting, during ordinary business hours for a period of ten days prior to the Meeting, at the office of CIBC Mellon Trust Company at 1600, 1066 West Hastings Street, Vancouver, British Columbia, Canada V6E 3X1.

Under the Company's Bylaws, the quorum for the transaction of business at the Meeting consists of two persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a shareholder so entitled.

The following table shows the number of Common Shares beneficially owned, as of April 17, 2003, by each person known to the Company or its directors or senior officers to be the beneficial owner of more than 5% of its outstanding Common Shares, by each director and director nominees of the Company, by each executive officer named in the table titled Summary Compensation Table and by all directors, director nominees and executive officers of the

3. Stock Option Plan

The Company's Amended and Restated 1997 Stock Option Plan (referred to herein as the "Plan") provides to certain key employees, consultants and directors of the Company and its subsidiaries an incentive to maintain and to enhance the long-term performance of the Company through the acquisition of Common Shares pursuant to the exercise of stock options. The Plan consists of two components: (i) a discretionary component, under which options may be granted to employees, consultants and directors (including non-employee directors), and (ii) a non-discretionary component, under which options are automatically granted, upon appointment or election and on an annual basis, to non-employee directors.

The Plan is currently administered by the Compensation Committee. The Compensation Committee has the authority, subject to the terms of the Plan, to determine when and to whom to make grants under the Plan, the number of shares to be covered by the grants, the terms of options granted and the exercise price of options, and to prescribe, amend and rescind rules and regulations relating to the Plan. Subject to certain other limitations, the maximum number of Common Shares that can be issued under the Plan is 9,000,000. As at April 1, 2003 out of the total of 9,000,000 Common Shares reserved for issuance under the Plan, 789,365 remain available for grant. Certain provisions of the Plan are described below. See "Election of Directors - Compensation of Directors - Stock Options".

Table of Contents

Options granted under the discretionary component of the Plan are exercisable over a period determined by the Board, but not to exceed ten years from the date of grant, and the exercise price of an option may not be less than the closing price of the Common Shares on the stock exchange in which the Common Shares principally trade, on the day immediately preceding the date of grant. In addition, such options may be subject to vesting conditions established by the Board and provided in the option agreement evidencing the grant of such option.

4. Bonus Plans

The Company has an Employees Stock Bonus Plan (the Stock Bonus Plan) for any full-time or part-time employee (whether or not a director) of the Company or any of its subsidiaries who has rendered meritorious services that contributed to the success of the Company or any of its subsidiaries. Up to 900,000 Common Shares may be issued under the Stock Bonus Plan. The Stock Bonus Plan is currently administered by the Board and provides that the Board may grant bonus Common Shares on terms that the Board may determine, within the limitations of the Stock Bonus Plan and subject to the rules of applicable regulatory authorities. In addition, in any calendar year such grants are limited to 1% of the total number of Common Shares which were issued and outstanding at the end of the preceding fiscal year (with no more than 0.5% being issuable to insiders of the Company).

A total of 445,820 Common Shares have been issued under the Stock Bonus Plan to April 1, 2003 including 107,000 Common Shares in 2002. In 2002, Messrs. Bradford, Marter and Gray received 30,000, 14,000 and 15,000 Common Shares, respectively, under the Stock Bonus Plan.

Bonuses are awarded under the Executive Bonus Plan at the discretion of the Company's Board of Directors, based on the Board's evaluation of the performance of both the Company and the participant measured against performance objectives established each year.

5. *Employment, Change of Control Agreements and Other Agreements*

All the Named Executive Officers currently employed by the Company have agreements with the Company in respect of their employment with the Company. The base salary amounts payable under these employment agreements are reviewed annually by the Compensation Committee.

The employment agreement with Mr. Bradford is for an indefinite term and may be terminated by the Company without cause provided that the Company pays in cash to Mr. Bradford in a lump sum at the time of termination six months of salary and benefits plus one additional month of salary and benefits for each additional full month worked for the Company up to a maximum of 24 months of salary and benefits.

If Mr. Bradford's employment is terminated as a result of a change in control of the Company, the Company shall pay in cash to Mr. Bradford in a lump sum at the time of termination a sum equal to 24 months of salary and benefits. A change in control includes: (i) the acquisition by any person of a sufficient number of the outstanding voting securities of the Company to materially affect the control of the Company; (ii) a majority of the Board of the Company shall be individuals who are not nominated by the Board of the Company; (iii) the Company is merged or consolidated with any person (and the Company is not the surviving corporation); (iv) all or substantially all of the assets of the Company are acquired by another person; or (v) Mr. Bradford's office, station or duties are materially reduced or adversely changed as a result of the occurrence of one of the events mentioned above in this paragraph in (i), (ii), (iii) and (iv).

In the case of Mr. Marter, his employment can be terminated by the Company upon a three-month written notice or, at the Company's option, by paying in cash to Mr. Marter a lump sum equivalent to three months of salary. The employment of Mr. Marter can also be terminated as a result of a change in control (as defined above) by paying him a lump sum equal to three months of salary plus one additional month of salary for each additional full year worked for the Company up to a maximum of 12 months.

Table of Contents

Mr. Gray is employed by the Company's subsidiary, Bogoso Gold Limited (BGL). Mr. Gray's employment can be terminated by the Company upon a three-month written notice or, at the Company's option, by paying in cash to Mr. Gray a lump sum equivalent to three months of salary. The employment of Mr. Gray can also be terminated as a result of a change in control (as defined above) by paying him a lump sum equal to three months of salary plus one additional month of salary for each additional full year worked for the Company up to a maximum of 12 months.

On March 21, 2003 the Company entered into an employment agreement with Dr. Douglas A. Jones. The agreement provides for an annual salary of \$130,000 and the initial grant of 225,000 options to acquire shares of the Company at a price equal to the closing price of the shares on the TSX on the business day immediately preceding the grant of the options and that vest one-third on grant, and one-third on the second and third anniversary dates of granting. The agreement is on a year to year basis unless either party gives prior written notice to the other of its election to terminate the agreement or subject to the following provisions: the agreement provides that in the event of termination without cause, Dr. Jones is entitled to the payment of a lump sum equal to three months salary; upon termination resulting from a change of control, he is entitled to a lump sum equal to three months salary plus one additional month of salary for each additional full year worked for the Company up to a maximum of 12 months.

C. Compensation Committee Report on Executive Compensation

The members of the Compensation Committee are Messrs. James Askew (Chairman) and Robert Stone. Mr. Ernest Mercier was the Chairman until his death in July, 2002.

The mandate of the Compensation Committee includes approving compensation arrangements for all executive officers of the Company and its controlled subsidiaries (subject to the approval of the board of directors of the subsidiaries, if required). Cash and benefits compensation is provided for in agreements that have been negotiated and entered into with the Chief Executive Officer and the Vice-Presidents of the Company as described above. At the time such agreements were entered into, the Compensation Committee considered the compensation levels for such positions to be comparable to those of other public junior gold producing companies. Subsequent adjustments have reflected, among other things, merit, cost of living and special living conditions. Executive salaries are reviewed on a yearly basis and are set for individual executive officers based on the level of responsibility, scope and complexity of the executive's position and an evaluation of each individual's role and performance in advancing the successful development of the Company, the officer's performance in general, the Company's performance and a comparison of salary ranges for executives of other companies in similar businesses. In February 2000, the Board, upon recommendation of the Compensation Committee, adopted a remuneration matrix based essentially on these criteria, which remained unchanged in 2002.

The Compensation Committee considers that an essential element of the compensation arrangements for executive officers should consist of options to purchase Common Shares and the granting of stock bonuses to provide appropriate incentive for individual and group effort. In determining the amount of stock options and stock bonuses to be granted, the Compensation Committee considers, among other things, the officer's position, salary, and performance both overall and against specific objectives, which relates to the officer's accomplishments and the Company's performance. In February 2000, the Board, upon recommendation of the Compensation Committee, adopted a new guide for determining option awards based on

multiples that are function of the Company's and the executive's performance. The Company granted stock options to three executive officers in 2002 based on this new guide.

D. Performance Graph

The following graph shows the cumulative total shareholder return on the Common Shares for the fiscal years ended December 31, 1997 through 2002, together with the total shareholder return of the TSX 300 Composite Index and the TSX Gold and Precious Metals Index. The graph assumes an initial investment of Cdn\$100 at December 31, 1997 and is based on the trading prices of the Common Shares on the TSX for the dates indicated. Because the Company did not pay dividends on its Common Shares during the measurement period, the calculation of the cumulative total shareholder return on the Common Shares does not include dividends.

AUDIT COMMITTEE REPORT

The Committee has reviewed and discussed with management of the Company the audited financial statements of the Company for the fiscal year ended December 31, 2002 (the Audited Financial Statements).

The Committee has discussed with PricewaterhouseCoopers LLP, independent accountants for the Company, the matters required to be discussed by Statement on Auditing Standards No. 61.

The Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the Independence Standards Board Standard No. 1, and has discussed with PricewaterhouseCoopers LLP its independence and has considered the compatibility of the non-audit services which it provides with maintenance of that independence.

Based on the reviews and discussions described above, the Committee recommended to the Board that the Audited Financial Statements be included in the Company s Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the SEC.

On May 18, 2000 the Board adopted a written charter of the Audit Committee, a copy of which has been filed with the SEC and which can be obtained by contacting the Secretary of the Company at 10579 Bradford Road, Suite 103, Littleton, Colorado 80127-4247, USA.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The bylaws of the TSX require each listed company incorporated in Canada to disclose annually its compliance with corporate governance standards established through TSX guidelines. Certain changes to the guidelines are being proposed in the context of the corporate governance standards that should be applicable generally in Canada, in part as a response to recent U.S. developments. The following statement is responsive to the guidelines currently in force.

Mandate of Board

The Board is required to supervise the management of the business and affairs of the Company. It establishes overall policies and standards for the Company. The Board expects management to conduct the business of the Company in accordance with the Company's ongoing strategic plan as adopted by the Board. The Board regularly reviews management's progress in meeting these expectations. The directors are kept informed of the Company's operations at meetings of the Board and its Committees and through reports and analyses and discussions with management. The Board normally meets five times a year in person or by telephone conference, with additional meetings being held as needed. In 2002, there were a total of six meetings of the Board. Each incumbent director attended all of the meetings of the Board and meetings of committees on which he served.

The following is a summary of how the Board handles matters pertaining to strategic planning, risk management, communication and control systems, and management and succession:

1. Each year the Board reviews and approves planning assumptions and detailed monthly budgets for the following year and annual projections for the following five years. The Board monitors performance against budget through reporting by management in the form of monthly reports and Board papers.
2. The Board seeks to identify principal risks of the Company's business which are wide-ranging because of the nature of the Company's business, including risks associated with operating in developing countries, maintaining control of the Company's assets and funds, political risks, exchange controls, environmental and safety risks, government regulation problems, title uncertainties, civil unrest, the availability of skilled management and labour.
3. The Board annually considers the overall performance of management to identify areas where additional skills may be required and to consider the measures required to ensure sufficient management depth for the management of the Company in the event of the loss of any of the Company's executive management team.
4. The Chief Executive Officer and the Chief Financial Officer provide shareholder communication on behalf of the Company.
5. The Board has the responsibility to periodically review the environmental and safety policies adopted by the Company and its affiliates and has established a Policy on Safety, Community Relations and Environment.

Table of Contents

Decisions requiring Board Approval

The Board considers that certain decisions are sufficiently important that management should seek prior approval of the Board. The Board has adopted Policies on Corporate Control with respect to annual budgets, financial and budget reporting, activities reporting, acquisitions and dispositions of assets, joint ventures, spending authorities, contracts and investment banking services. Therefore, in addition to those matters that must by law be approved by the Board, the Board approves, among other things, the terms of acquisitions and dispositions of the mineral properties of the Company and its subsidiaries as well as joint venture agreements on such properties. Operating and capital budgets also require the Board's approval. The Board receives monthly reports on operational, financial and business development matters. Finally, because of its relatively small size, the Board is very flexible and management is able to liaise regularly with the Board to discuss and seek approval for various activities.

Composition of the Board and Independence from Management

The Board is currently composed of five directors, all of whom are being nominated for election as directors at the Meeting. Except for Mr. Peter Bradford, President and Chief Executive Officer of the Company, the members of the Board are unrelated or outside members with no other affiliation with the Company.

The non-management members have a variety of experience and skills, including the areas of accounting, banking, investment banking, mining, metallurgy, and law. The Legal and Corporate Governance Committee is responsible for assessing annually the performance of Board members individually and the effectiveness of the Board as a whole and its Committees. The education of new members is managed informally through furnishing records and reports and through meeting with executives as desired.

The Board periodically reviews the adequacy and form of compensation of directors in relation to the responsibilities and risks involved in being an effective director. See Compensation of Directors above. In addition to cash compensation, the directors receive options under the Plan and have also received options on shares of Guyanor, the Company's publicly traded subsidiary. The Board believes the emphasis on compensation through options is particularly appropriate in a resource business where increasing shareholder value is a significant relevant measure of progress.

Board Committees

i) Audit Committee

The Audit Committee is currently comprised of Messrs. David Fagin (Chairman), Ian MacGregor and Robert Stone. Each of the members of the Audit Committee is independent as defined by AMEX. The primary duties and responsibilities of the Audit Committee, as set out in its charter (which, as stated in the Audit Committee Report, will be revised to reflect new regulatory requirements), are to review the financial reporting process, the system of internal control, the audit process, the Corporate Control Policy and the Company's process for monitoring compliance with laws and regulations. In performing its duties, the Audit Committee maintains effective working relationships with the Board, management and the external auditors. To effectively perform his role, each committee member must obtain and maintain an

Table of Contents

understanding of the detailed responsibilities of committee membership as well as the Company's business, operations, and risks. The Audit Committee also recommends to the Board the auditors to be appointed and recommends their compensation. In addition, the Audit Committee recommends to the Board for approval the annual and quarterly financial statements, the annual and quarterly reports and certain other documents required by regulatory authorities. In connection with risk assessment, the Audit Committee reviews among other things the nature and adequacy of insurance coverage. The Audit Committee met four times during 2002.

ii) Compensation Committee

The Compensation Committee is composed of two non-employee directors, Messrs. James Askew (Chairman) and Robert Stone. The Compensation Committee, subject to Board approval, supervises the selection, evaluation and determination of compensation of top executives, sets corporate-wide policy with respect to compensation and benefits, and administers the Company's 1997 Stock Option Plan and the Employee's Stock Bonus Plan. The Compensation Committee also recommends to the Board the descriptions, definitions and limits to management's authorities and approval of objectives and goals for top management in general terms. The Compensation Committee met once in 2002.

iii) Legal and Corporate Governance Committee

The Board established the Legal and Corporate Governance Committee in July 2002, in response to legislative and regulatory changes and increasing awareness and recognition of the importance of corporate governance issues, with a broad mandate to advise and make recommendations to the Board concerning all corporate governance issues, including Board and Committee jurisdiction, composition and remuneration; adoption and implementation of policies designed to ensure that the Company follows best practices in corporate governance; and oversight of compliance with legislation, rules, regulations and guidelines enacted and adopted by governments, securities regulators and stock exchanges to whose jurisdiction the Company is subject. The Legal and Corporate Governance Committee is also responsible for recommending nominees to the Board for eventual proposal as candidates for election as directors at the annual meeting of shareholders. The Legal and Corporate Governance Committee will consider Board nominees recommended by shareholders. It has not yet established procedures to be followed by shareholders submitting such recommendations. The Legal and Corporate Governance Committee meets as frequently as required to discharge its responsibilities. The Legal and Corporate Governance Committee is currently composed of three non-employee directors, Messrs. Ian MacGregor (Chairman), David Fagin and Robert Stone.

Shareholder Communications

The Company believes that it is important to maintain good shareholder relations. The President and the Chief Financial Officer are responsible for shareholder communications and investor relations. The Company maintains a web site to facilitate shareholder communications. The Company attempts to deal with the few concerns or complaints expressed to it by shareholders in an effective and timely manner.
