INDEPENDENT AUDITORS REPORT

To the Participants and Plan Committee of the
ACS Government Savings Plan

We have audited the accompanying statements of net assets available for benefits of ACS Government Savings Plan (Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 14 and 15 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*.

The supplemental schedules are the responsibility of the Plan's management. The schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Participant Notes Receivable

Participants may borrow from their fund accounts, through a loan transaction, a minimum of \$1,000 or up to a maximum of \$50,000 not to exceed 50% of their account balance. The balance in the participant's account is used to secure the loans. These loan transactions are treated as a transfer between the investment fund and the participant notes fund. The loan terms range from one to five years or within a reasonable time if the purpose of the loan is to acquire a primary residence. The interest rate on loan transactions is a reasonable rate commensurate with current rates. As of December 31, 2002, interest rates on outstanding loan balances ranged from 5.75% to 10.75%. Principal and interest are paid ratably through payroll deductions. Participant notes receivable are valued at cost, which approximates fair values. A participant may not have more than two loans outstanding at the same time.

Termination

The Company's Board of Directors may terminate the Plan at any time. Upon termination, the Board of Directors may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan. In addition, upon termination of the Plan, participants' vested interest in employer contributions shall be 100%.

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of his or her account, or one of various installment payments available under the Plan.

Forfeitures

Forfeitures amounting to approximately \$1,500 were used to offset administrative fees during the year and a balance of \$598,494 was held in forfeited, nonvested accounts at December 31, 2002 which may be used to offset future contributions or reduce plan expenses. A portion of this balance may be used to offset the profit sharing contribution for 2002.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as profit sharing plan accruals. Accordingly, actual results may differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Fidelity Management Trust Company (Fidelity) holds the Plan's investments. The fair value per unit/share is stated at quoted market prices. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefit payments are recorded when paid.

Note 3. Income Tax Status

The Internal Revenue Service has determined by letter dated February 1, 1996, that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has since been amended and restated and a request for a new determination was filed on February 28, 2002. The plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4. Investments

The Plan maintains the following participant directed investments, which represent 5% or more of net assets available for benefits at December 31, 2002:

Fidelity Spartan US Equity Index	21,483,014
ACS Stock Fund	11,756,271
PIMCO Total Return Fund	8,348,513

Note 5. Related Party Transactions
