our 2005 Annual Shareholder Meeting should be made at least three months prior to September 23, 2005 to ensure adequate time for meaningful consideration by the nominating and corporate governance committee.

The goal of the nominating and corporate governance committee is to ensure that our Board possesses a variety of perspectives and skills derived from high-quality business and professional experience. The nominating and corporate governance committee seeks to achieve a balance of knowledge, experience and capability on our Board, while maintaining a sense of collegiality and cooperation that is conducive to a productive working relationship within the Board and between the Board and management. To this end, the nominating and corporate governance committee seeks nominees with the highest professional and personal ethics and values, an understanding of our business and industry, diversity of business experience and expertise, a high level of education, broad-based business acumen, and the ability to think strategically. To date, we have not paid a third party to assist us in finding nominees for our Board.

Option Grants in Fiscal 2004

The following table presents information regarding option grants during fiscal 2004 to our chief executive officer and each of our four other most highly compensated executive officers. Option grants to our executive officers in fiscal 2004 were awarded pursuant to our existing equity compensation plans.

In accordance with the rules of the Securities and Exchange Commission, the table presents the potential realizable values that would exist for the options at the end of their four- or ten-year terms, as the case may be.

These values are based on assumed rates of annual compound stock price appreciation of 5% and 10% from the date the option was granted to the end of the option term. These are based on assumed annual rates of return mandated by rules of the Securities and Exchange Commission and do not represent our estimate or projection of future ordinary share prices. The closing sale price per ordinary share as reported on the NASDAQ National Market on March 31, 2004, the last trading day of fiscal 2004, was \$17.09.

Individual Grants		Potential Realizable Value at Assumed Annual Rates of Stock Price Appreciation for Option Term
Number of Securities	Percent of Total Options	

Name	Underlying Options Granted	Granted to Employees in Fiscal 2004	Exercise Price Per Share	Expiration Date	5%		10%	
Michael E. Marks Michael McNamara								
Ronny Nilsson	75,000	0.85%	\$17.50	01/22/2008	\$	282,852	\$	609,131
Robert R.B. Dykes	1,000,000	11.31	17.50	01/22/2014		11,005,656		27,890,493
Ash Bhardwaj	1,000,000	11.31	17.50	01/22/2014		11,005,656		27,890,493

The options shown in the table above were granted with an exercise price equal to the fair market value of our ordinary shares on the date of grant and are non-statutory stock options. With the exception of options granted to Mr. Nilsson, options granted to our executive officers expire ten years from the date of grant, subject to earlier termination upon termination of the optionee's employment. In the case of Mr. Nilsson, Swedish tax legislation

Table of Contents

imposes significant adverse consequences if there are any restrictions on exercisability or transfer of options. The term of Mr. Nilsson's option has therefore, been shortened to four years from the date of grant.

Mr. Nilsson's options were 100% vested and exercisable at the date of grant. Mr. Dykes' options vest and become exercisable with respect to 10% of the total shares on each of the first and second anniversaries of the date of grant, with respect to 20% of the total shares on each of the third and the fourth anniversaries of the date of grant, and with respect to 40% of the total shares on the fifth anniversary of the date of grant. Mr. Bhardwaj's options vest and become exercisable with respect to 10% of the total shares on each of the first and second anniversaries of the date of grant, with respect to 20% of the total shares on each of the third and the fourth anniversaries of the date of grant, and with respect to 40% of the total shares on the fifth anniversary of the date of grant. Our Compensation Committee has the discretion to provide for alternative vesting schedules to maximize the retention value of our equity compensation. See "Change in Control Arrangements" below for a description of the acceleration provisions of these options. The exercise price of each option may be paid in cash or through a cashless exercise procedure involving a same-day sale of the purchase shares. We granted options to purchase an aggregate of 8,841,856 ordinary shares to our employees during fiscal 2004.

**Aggregated Option Exercises in Fiscal 2004
and Option Values at March 31, 2004**

The following table presents information concerning the exercise of options during fiscal 2004 by our chief executive officer and each of our four other most highly compensated executive officers.

Name	Shares Acquired On Exercise	Value Realized	Number of Securities Underlying Unexercised Options at March 31, 2004		Value of Unexercised In-the-money Options at March 31, 2004	
			Vested	Unvested	Vested	Unvested
Michael E. Marks	733,333	\$5,771,331	2,354,167	4,845,833	\$7,058,584	\$41,453,416
Michael McNamara	1,244,113	9,879,041	1,476,042	2,123,958	7,131,990	18,516,010
Ronny Nilsson			608,333		3,698,666	
Robert R.B. Dykes	410,834	3,109,088	935,063	1,377,604	5,126,709	2,916,013
Ash Bhardwaj	392,800	3,049,101	750,625	1,392,708	8,521,602	3,577,393

The amounts set forth in the column entitled "Value Realized" represent the fair market value of the ordinary shares underlying the option on the date of exercise less the aggregate exercise price of the option.

In addition, the table includes the number of shares covered by both exercisable and unexercisable stock options as of March 31, 2004. Also reported are values of "in-the-money" options that represent the positive spread between the respective exercise prices of outstanding stock options and \$17.09 per share, which was the closing price per ordinary share as reported on the NASDAQ National Market on March 31, 2004, the last day of trading for fiscal 2004. These

values, unlike the amounts set forth in the column entitled "Value Realized," have not been, and may never be, realized.

Compensation of Directors

Each individual who first becomes a non-employee Board member is granted a stock option to purchase 25,000 ordinary shares, pursuant to the automatic option grant provisions of our 2001 Equity Incentive Plan. After this initial grant, pursuant to the terms of the automatic option grant provisions of the 2001 Plan, on the date of each Annual General Meeting, each individual who is at that time serving as a non-employee director receives a stock option to purchase 12,500 ordinary shares. Pursuant to this program, in fiscal 2004, Mr. Foley, Mr. Goh, Mr. Moritz

Table of Contents

and Mr. Sharp each received a stock option to purchase 12,500 ordinary shares in fiscal 2004. Also, under the terms of the discretionary option grant provisions of the 2001 Plan, non-employee directors are eligible to receive stock options granted at the discretion of the board. Pursuant to this program, in fiscal 2004, Mr. Foley, Mr. Goh, Mr. Moritz and Mr. Sharp each received stock options to purchase 10,000 ordinary shares in fiscal 2004. The maximum number of ordinary shares that may be received by each non-employee director under this program is 100,000 ordinary shares per year.

Each non-employee director receives annual cash compensation of \$37,200 for services rendered as a director. In addition, each director receives \$700 for each quarterly meeting of the Board of Directors that he attends as well as reimbursement of reasonable out-of-pocket expenses incurred in connection with meetings of the Board of Directors. No director who is our employee receives compensation for services rendered as a director.

Change in Control Arrangements

Our option agreements with our executive officers provide that if the executive officer is terminated without cause or leaves for good reason within the first 12 months following a change in control transaction, the vesting of any unvested portion of the option will be accelerated in full, or if the executive officer is still employed upon the first year anniversary of such a change of control, the vesting of any unvested portion of the option will be accelerated in full. Each option includes a limited stock appreciation right pursuant to which the option will automatically be canceled upon the occurrence of certain hostile tender offers, in return for a cash distribution from us based on the tender offer price per share.

Supplemental Executive Retirement Plan

On May 18, 2004, we established a supplemental retirement plan for Mr. Marks under which potential cash payments are based on the increase in value, if any, under a Contingent Share Award for 1,000,000 notional shares of Flextronics based on a price of \$17.40 per share (a 10% premium above the \$15.82 closing price of our ordinary shares on the Nasdaq Stock Market on May 18, 2004). Under this plan, once the 30-day average trading price of our share price at the end of any quarter exceeds \$17.40, a cash payment would be made to a rabbi trust for the benefit of Mr. Marks in an amount equal to the net increase in value over \$17.40 multiplied by the 1,000,000 notional shares. At the end of each subsequent quarter, if the 30-day average trading price our share price has further increased since the last quarter for which a cash payment was made under the plan, an additional payment would be made in an amount equal to the additional net increase in value since such prior quarter multiplied by 1,000,000 notional shares. The total cash payments may not exceed \$7,500,000 in the aggregate over the life of the Plan, and no payments will be made following the termination of Mr. Marks' employment. Upon Mr. Marks' death or disability or upon a change of control of Flextronics, the entire \$7,500,000 will be credited to the rabbi trust. All amounts credited to Mr. Marks' account will be made only in cash (no shares will be issued under this Plan), and all cash contributions shall be fully vested and nonforfeitable.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee of our Board of Directors during fiscal 2004 were Mr. Sharp and Mr. Moritz. None of our executive officers serve on our Compensation Committee. No interlocking relationships exist between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company.

Table of Contents**ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

The following table sets forth information as of May 31, 2004 regarding the beneficial ownership of our ordinary shares by:

each shareholder known to us to be the beneficial owner of more than 5% of our ordinary shares;

each director;

each executive officer named in the Summary Compensation Table; and

all directors and executive officers as a group.

Information in this table as to our directors and executive officers is based upon information supplied by these individuals. Information in this table as to our 5% shareholders is based solely upon the Schedules 13G filed by these shareholders with the Securities and Exchange Commission. Where information regarding shareholders is based on Schedules 13G, the number of shares owned is as of the date for which information was provided in such schedules.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission that deem shares to be beneficially owned by any person who has voting or investment power with respect to such shares. Ordinary shares subject to options that are currently exercisable or exercisable within 60 days of May 31, 2004 are deemed to be outstanding and to be beneficially owned by the person holding such options for the purpose of computing the percentage ownership of such person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated below, the persons and entities named in the table have sole voting and sole investment power with respect to all the shares beneficially owned, subject to community property laws where applicable.

In the table below, percentage ownership is based on 530,913,617 ordinary shares outstanding as of May 31, 2004.

Interim Plans

Our 1997 Interim Option Plan, 1998 Interim Option Plan, 1999 Interim Option Plan and 2002 Interim Incentive Plan were adopted by our Board in June 1997, January 1998, December 1998 and May 2002, respectively. Table of Contents**ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES**

Set forth below are the fees paid for the services of Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates in fiscal 2004 and fiscal 2003 (in millions).

	Fiscal 2004	Fiscal 2003
	—	—
Audit Fees	\$ 4.5	\$ 3.8
Audit-Related Fees	1.0	0.1
Tax Fees	2.0	1.7
All Other Fees	—	—
Total:	\$ 7.5	\$ 5.6
	—	—

Audit Fees consist of fees billed for professional services rendered by our independent auditors for the audit of our annual financial statements included in our report on Form 10-K, the review of our quarterly financial statements included in our reports on Form 10-Q, the issuance of consents related to the preparation of registration statements, and other services that generally only the independent auditors reasonably can provide in connection with statutory and regulatory filings.

Audit-Related Fees consist of fees billed for assurance and related services by our auditors that are reasonably related to the performance of the audit or review of our financial statements and not included in Audit Fees. In fiscal 2004, these fees related primarily to accounting consultation services and readiness services related to Section 404 of the Sarbanes-Oxley Act of 2002.

Tax Fees consist of fees billed for professional services rendered by our independent auditors for tax compliance, tax advice, tax consultation and tax planning services.

All Other Fees consist of billed for professional services rendered by our independent auditors for permissible non-audit services, if any. We did not incur fees under this category during fiscal 2004 and fiscal 2003.

Audit Committee Pre-Approval Policy

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services. The independent auditors and management are required to periodically report to the audit committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The audit committee may also pre-approve particular services on a case-by-case basis.

The audit committee has determined that the provision of non-audit services under appropriate circumstances may be compatible with maintaining the independence of Deloitte & Touche LLP, and that all such services provided by Deloitte & Touche LLP to us in the past were compatible with maintaining such independence. The audit committee is

sensitive to the concern that some non-audit services, and related fees, could impair independence and the committee believes it important that independence be maintained. However, the committee also recognizes that in some areas, services that are identified by the relevant regulations as tax fees or other fees are sufficiently related to the audit work performed by Deloitte & Touche LLP that it would be highly inefficient and unnecessarily expensive to use a separate firm to perform those non-audit services. The audit committee intends to evaluate each such circumstance on its own merits, and to approve the performance of non-audit services where it believes efficiency can be obtained without meaningfully compromising independence.
