After the tradable A Shares of the Target Company are delisted, A Shares of the Target Company held by holders of A Shares who didn't accept the Offer will be unable to be traded on the Shenzhen Stock Exchange. Nevertheless, such shareholders can still sell their A Shares in the Target Company to the Offeror at the Offer Price. The Offeror or any securities company appointed by the Offeror shall purchase such shares so sold. Once the Offer becomes effective, the Offeror will issue another announcement regarding the detailed processes and operating procedures (including but not limited to right confirmation, registration and relevant inspection procedures) of any such further purchase, before the Target Company is delisted.
