**Table of Contents****ITEM 1.01 Entry into a Material Definitive Agreement****Form of Genentech, Inc. 2004 Equity Incentive Plan Nonqualified Stock Option Agreement**

On September 20, 2006, the Compensation Committee of the Board of Directors (the Committee) of Genentech, Inc. (Genentech or the Company) approved the form of the Genentech, Inc. 2004 Equity Incentive Plan Nonqualified Stock Option Agreement (the Agreement). In conjunction with the Genentech, Inc. 2004 Equity Incentive Plan (the Plan), the Agreement sets out the terms and conditions of awards to those U.S. employees receiving stock option grants under the Plan, including the executive officers of the Company.

The treatment of stock options upon termination of service will depend on whether the option has vested and the reason for termination of service. If a stock option is not exercised prior to its applicable expiration date, the shares underlying that option will revert to the Plan. If termination of service is due to retirement after age sixty-five, those shares that would have vested in the twelve months following termination of service accelerate and the aggregate vested shares remain exercisable until the expiration date. If termination of service is due to disability, upon termination of service any vested portion of the stock option may be exercised within twelve months following the termination date, or until the expiration date, whichever occurs first. If termination of service is due to death, the entire stock option accelerates and remains exercisable for three years or until the expiration date, whichever occurs first. Vesting will not automatically stop if an employee becomes a consultant.

The foregoing description of the Agreement is qualified in its entirety by reference to the copy of the Agreement, which is attached hereto as Exhibit 10.1.

**Form of Genentech, Inc. 2004 Equity Incentive Plan Nonqualified Stock Option Agreement for use in granting shares to directors**

On September 20, 2006, the Committee approved the form of the Genentech, Inc. 2004 Equity Incentive Plan Nonqualified Stock Option Agreement used to grant awards under the Plan to directors of the Company (the Director Agreement).

The Director Agreement contains the same provisions regarding termination of service in the case of disability and death as are in the Agreement, above, and vesting will not automatically stop if a director becomes a consultant or employee.

The foregoing description of the Director Agreement is qualified in its entirety by reference to the copy of the Director Agreement, which is attached hereto as Exhibit 10.2.

**Executive Grants**

On September 20, 2006, the Committee approved the following stock option grants to members of Genentech's Executive Committee, which includes the named executive officers of the Company, under the terms and conditions of the Agreement, all of which are scheduled to expire on September 20, 2016, have a grant price of \$79.17 and are scheduled to vest in the amount of 25 percent after one year from the grant date and the remaining 75 percent in equal monthly increments over the following three years.

<b>Name</b>	<b>Shares Underlying Stock Option Grant</b>
