Item 1.01	Entry Into a Material Definitive Agreement.	

On February 17, 2005, the Compensation Committee of the Board of Directors of Brooks Automation, Inc. (Brooks) adopted the Brooks Automation, Inc. Deferred Compensation Plan (As Adopted Effective April 1, 2005) (the Plan). A brief summary of the material terms of the Plan is provided below. The obligations of Brooks under the Plan are unsecured general obligations to pay in the future the balance of the deferred compensation account pursuant to the terms of the Plan.

Material Terms of the Deferred Compensation Plan

Certain employees of Brooks are eligible to participate in the Plan. The Plan allows eligible employee participants to annually defer up to 90% of their base salary, up to 100% of their annual bonus amount and up to 100% of any compensation received in the form of commissions. Employee participants may also elect to defer an additional amount of base salary equal to the amount of any refund such employee may receive under the Brooks 401(k) plan during the year. Pursuant to the Plan, Brooks has the discretion to make additional contributions to the accounts of Plan participants. Each participant must allocate amounts credited to his or her deferred compensation account among various investment funds. Amounts deferred may be distributed, as more specifically described in the Plan, during the participant s employment or in connection with a change in control of Brooks, retirement, disability, death or other termination of employment. The Deferred Compensation Plan provides for payment in a lump sum or, in certain circumstances, in annual installments, as elected by the participant.
