**Table of Contents**

This proxy statement describes the proposals on which you may vote as a stockholder of Wright Express Corporation. It contains important information to consider when voting.

The Company's board of directors, or the Board, is sending these proxy materials to you in connection with the Board's solicitation of proxies. Our annual report to stockholders, along with our proxy materials, were first mailed on or about April 7, 2006.

*Your vote is important. Please complete, execute and promptly mail your proxy card as soon as possible even if you plan to attend the annual meeting.*

**VOTING YOUR SHARES**

Stockholders who owned the Company's common stock at the close of business on March 21, 2006, the record date, may attend and vote at the annual meeting. Each share is entitled to one vote. There were 40,297,357 shares of common stock outstanding on the record date.

**How do I vote?**

You may vote by mail if you hold your shares in your own name.

You do this by completing and signing your proxy card and mailing it in the enclosed prepaid and addressed envelope.

You may vote in person at the meeting.

We will pass out ballots to any record holder who wants to vote at the meeting. However, if you hold your shares in street name, you must request a proxy from your stockbroker in order to vote at the meeting. Holding shares in street name means you hold them through a brokerage firm, bank or other nominee, and as a result, the shares are not held in your individual name but through someone else.

If you hold your shares in street name, you should follow the instructions provided by your bank, broker or other nominee, including any instructions provided regarding your ability to vote by telephone or through the Internet.

**How do I vote my shares held in the Wright Express Corporation Employee Savings Plan?**

If you participate in our Wright Express Corporation Employee Savings Plan, commonly referred to as the 401(k) Plan, shares of our common stock equivalent to the value of the common stock interest credited to your account under the plan will be voted automatically by the trustee in accordance with your proxy, if the proxy is received by May 16, 2006. Otherwise, the share equivalents credited to your account will be voted by the trustee in the same proportion that it votes share equivalents for which it receives timely instructions from all plan participants.

Please refer to the Information about Voting Procedures section.

**Table of Contents**

**PROPOSALS TO VOTE ON**

**ITEM 1. ELECTION OF DIRECTORS**

Our nominees for director this year are:

Jack VanWoerkom

Regina O. Sommer

Each nominee is presently a director of the Company and has consented to serve a new three-year term.

*We recommend a vote **FOR** these nominees.*

**ITEM 2. APPROVAL OF THE WRIGHT EXPRESS CORPORATION 2005 EQUITY AND INCENTIVE PLAN**

**Purpose of Submission to Stockholders**

The Wright Express Corporation 2005 Equity and Incentive Plan, or the 2005 Plan, is being submitted to the Company's stockholders in order that compensation paid pursuant to cash- or equity-based awards granted under the 2005 Plan after May 19, 2006, the date of this annual meeting, may qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code. We describe why this is important in *Appendix A* to this proxy statement and have included the complete text of the 2005 Plan in *Appendix B*. If the 2005 Plan is not approved by our stockholders, no further awards will be made under the 2005 Plan and we will need to develop other means of providing incentive compensation so we can continue to attract and retain talented directors, executives and other employees.

*We recommend a vote **FOR** the approval of the Wright Express Corporation 2005 Equity and Incentive Plan.*

**ITEM 3. RATIFICATION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2006**

The Audit Committee of the Board has selected Deloitte & Touche LLP, or D&T, as the independent registered public accounting firm for the Company for the fiscal year 2006. Stockholder ratification of the appointment is not required under the laws of the State of Delaware, but the Audit Committee has decided to request that the stockholders ratify the appointment. A representative of D&T will be present at the meeting to answer questions from stockholders and will have the opportunity to make a statement on behalf of the firm, if he or she so desires.

If this proposal is not approved by you at the 2006 annual meeting, the Audit Committee will reconsider its selection of D&T. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different registered public accounting firm at any point during the year if it determines that making a change would be in the best interests of the Company and our stockholders.

*We recommend a vote **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm.*

**OTHER BUSINESS**

We know of no other business to be considered at the meeting. However, if:

other matters are properly presented at the meeting, or at any adjournment or postponement of the meeting, and you have properly submitted your proxy, then Michael E. Dubyak or Melissa D. Smith will vote your shares on those matters according to his or her best judgment.

Annual director retainer(3)	\$ 70,000
New director equity grant(4)	50,000

Corporate governance committee chair	9,000
Corporate governance committee member	7,000
Non-executive chairman stipend	150,000

- (1) Members of our Board who are also our or our subsidiaries' officers or employees do not receive compensation for serving as a director (other than travel-related expenses for meetings held outside of our headquarters).
- (2) The non-executive chairman stipend, committee chair stipends and all committee membership stipends are paid 50% in cash and 50% in shares of common stock required to be deferred under the Non-Employee Directors Deferred Compensation Plan which is described below. Such deferred common stock is referred to as deferred stock units. These units are issued under our 2005 Equity and Incentive Plan (or a successor plan). Non-employee directors may elect to receive all of such stipends in the form of deferred stock units. The number of shares of common stock received pursuant to the common stock portion of such stipends or any other compensation to be paid in the form of common stock equals the value of the compensation being paid in the form of common stock, divided by the fair market value of a share of our common stock as of the date the compensation is paid. Each deferred stock unit entitles the director to receive one share of our common stock 200 days following such director's retirement or termination of service from the Board for any reason. The non-employee directors may not sell or receive value from any deferred stock unit prior to such termination of service.
- (3) The annual director retainer is paid in quarterly installments. Fifty percent of the retainer is paid in cash and 50% is paid in deferred stock units. A non-employee director may elect to receive the entire retainer in deferred stock units.
- (4) The number of deferred stock units to be granted equals \$50,000 divided by the fair market value of a share of our common stock on the date of grant.

***Non-employee directors deferred compensation plan***

Our Non-Employee Directors Deferred Compensation Plan allows us to issue deferred stock units from our 2005 Equity and Incentive Plan to our non-employee directors. Under the 2005 Equity and Incentive Plan, these deferred stock units are referred to as restricted stock units. In addition to paying these directors in part in the form of deferred stock units, as noted in the table above, our non-employee directors may also elect to defer under this plan certain

other designated fees that would otherwise be payable in cash. The deferred stock units to be issued pursuant to this elective deferral would also be issued under our 2005 Equity and Incentive Plan.

**DIRECTOR INDEPENDENCE**

Edgar Filing: Wright Express CORP - Form DEF 14A

We have considered the independence of each member of the Board. To assist us in our determination, we reviewed NYSE requirements and adopted general guidelines for independence.

To be considered independent: (1) a director must be independent as determined under Section 303A.02(b) of the NYSE Listed Company Manual and (2) in the Board's judgment, the director must not have a material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company).

The Board has established guidelines to assist it in determining whether a director has a material relationship with the Company. Under these guidelines, a director will not be considered to have a material

relationship with the Company if (1) he or she is independent as determined under Section 303A.02(b) of the NYSE Listed Company Manual and (2) he or she: (i) serves as an executive officer of another company which is indebted to the Company, or to which the Company is indebted, provided that the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer; (ii) serves as an officer, director or trustee of a tax exempt organization, provided that the company's discretionary contributions to such organization are less than the greater of \$1 million or 2% of that organization's consolidated gross revenues (the Company's automatic matching of employee charitable contributions will not be included in the amount of the Company's contributions for this purpose); or (iii) serves as a director of another company with which the Company engages in a business transaction or transactions, provided that the director owns less than 5% of the equity interests of such other company and recuses himself or herself from deliberations of the Board with respect to such transactions. In addition, ownership of a significant amount of the Company's stock, by itself, does not constitute a material relationship. For relationships not covered by the guidelines set forth above, the determination of whether a material relationship exists shall be made by the other members of the Board of Directors who are independent as defined above.

Based on our guidelines and NYSE corporate governance standards, we have determined that the following directors are independent: Shikhar Ghosh, Ronald T. Maheu, Kirk P. Pond, Regina O. Sommer and Jack VanWoerkom.

## **DIRECTOR NOMINATIONS**

The Corporate Governance Committee is composed entirely of independent directors as determined by the Board in accordance with its independence guidelines and the listing standards of the NYSE. Among the committee's responsibilities is recommending candidates for nomination to the Board. In that capacity, the Corporate Governance Committee recommended both Ms. Sommer and Mr. VanWoerkom for election by our stockholders.

Mr. VanWoerkom abstained in the committee's recommendation of himself as a candidate for election. Both Ms. Sommer and Mr. VanWoerkom have served as members of our Board since February 2005.

All of our current directors, including Ms. Sommer and Mr. VanWoerkom, were nominated and elected as directors effective upon completion of our initial public offering, or IPO, in February 2005. Messrs. Moriarty and Pond were recommended by Mr. Dubyak and each of the other directors was recommended by one of the persons who is now a non-management director. The Corporate Governance Committee will consider candidates nominated by stockholders for next year's meeting in the same manner as candidates nominated by the Corporate Governance Committee if the nomination is made in accordance with our By-Laws. Our By-Laws require, among other things, that a stockholder submitting a nominee for consideration include in the notice: (i) the name, age, business address and residence address of the person, (ii) the principal occupation and employment of the person, (iii) the class and series and number of shares of each class and series of capital stock which are owned beneficially or of record by the person and (iv) any other information relating to the person that would be required to be disclosed in a proxy statement or other SEC filing. We refer you to the copy of our By-Laws that are posted on our website for a complete list of the requirements and procedures for submitting a candidate for director.

To be timely, a stockholder's notice to the Secretary must be delivered to or mailed and received not earlier than January 19, 2007 nor later than February 18, 2007. However, in the event that the annual meeting is called for a date that is not within twenty-five days before or after May 19, 2007, notice by the stockholder must be received no later than the earlier of the close of business on the tenth day following the day on which notice of the date of the annual meeting is mailed or publicly disclosed.

***Director Qualifications***

The qualifications for directors are described in our Corporate Governance Guidelines and the guidelines for evaluating director nominees are in the Corporate Governance Committee's charter, each of which is available on our website. In addition, the committee believes that a nominee for the position of director must meet the following specific, minimum qualifications:

Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.

Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company.

Nominees should have a commitment to understand the Company and its industry and to regularly attend and participate in meetings of the Board and its committees.

Nominees should have the interest and ability to understand the sometimes conflicting interests of the various constituencies of the Company, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.

Nominees should not have, nor appear to have, a conflict of interest that would impair the nominee's ability to represent the interests of all the Company's stockholders and to fulfill the responsibilities of a director.

Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law. The value of diversity on the Board should be considered.

***Application of Criteria to Existing Directors***

The re-nomination of existing directors is not viewed as automatic, but is based on continuing qualification under the criteria listed above. In addition, the Corporate Governance Committee considers the existing directors' performance on the Board and any committee, which shall include consideration of the extent to which the directors undertook continuing director education.

The backgrounds and qualifications of the directors considered as a group are to provide a significant breadth of experience, knowledge and abilities in order to assist the Board in fulfilling its responsibilities.

**COMMUNICATIONS WITH THE BOARD OF DIRECTORS**

The Board believes that the Chief Executive Officer and his designees speak for the Company. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies who are involved with the Company. It is, however, expected that Board members would do so with the knowledge of and, absent unusual circumstances or as contemplated by the committee charters, only at the request of the Company's senior executives.

The Board will give appropriate attention to written communications that are submitted by stockholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by the committee charters, the Chairman of the Board shall, subject to advice and assistance from the General Counsel, (1) be primarily responsible for monitoring communications from stockholders and other interested parties, and (2) provide copies or summaries of such communications to the other directors as he considers appropriate.

If you wish to communicate with the Board, you may send your communication in writing to:

**EXECUTIVE COMPENSATION**

**COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION**

***Membership and Responsibilities***

The Compensation Committee is composed entirely of independent directors as determined by the Board of Directors in accordance with its independence guidelines and the listing standards of the NYSE.

Our committee oversees and administers the compensation programs for the Chief Executive Officer and all other executive officers of the Company. In connection with that responsibility, we inform the Board of our activities. In carrying out our responsibilities, we have chosen to utilize an independent compensation consulting firm, which provides advice on existing and new executive compensation practices and arrangements. The Compensation Committee Charter, which describes in detail the purpose, structure, membership, authority, responsibilities, procedures and administration of the Committee is available on the Company's website.

***Compensation Policies***

In administering the Company's executive compensation policy, we have utilized a philosophy that links pay with corporate performance. We believe this in turn drives stockholder returns over the long term and enables us to attract and retain key executives. We utilize various mechanisms for motivating senior management including base salary, a short-term cash incentive bonus plan and long-term incentive compensation that is based on equity awards. Pay is linked to the Company's long-term growth and stockholder returns by apportioning a significant amount of an executive's total compensation to equity-based incentives. Cash compensation is also linked to the Company's financial performance by establishing performance-based award categories with significant upside potential and downside risk.

When establishing salaries, bonus levels and long-term incentive and stock-based awards for executive officers, we consider the individual's role, responsibilities and performance during the past year, and the amount of compensation paid to executive officers in similar positions of peer group companies. In analyzing compensation, the independent consulting firm that we retained helps us select and obtain data on the peer group of companies, which include other publicly-traded companies that are in the payment processing and business services sector with comparable revenues and market capitalization. There are currently 12 companies in this peer group and we seek to fix target total compensation at or near the 50th percentile within that group.

***Base Salary***

Base salary is frequently a significant factor in attracting, motivating and retaining key executive officers. Accordingly, we annually review executive officers' base salaries and make appropriate adjustments based on performance in the previous year, internal pay relationships with other executives and base salaries paid to executives of peer group companies and general market survey data. Overall, our executive officers' base salaries are in-line with the base salaries paid to executives of the peer group we selected with the advice of our consultant.

**Table of Contents**

***Cash Bonuses***

Cash Bonuses for the executive officers are calculated and paid in accordance with the Company's short-term incentive plan, or STIP, which is administered under the Wright Express Corporation 2005 Equity and Incentive Plan. The payouts are set under a matrix based on the achievement of performance objectives that we establish in the first quarter of each year.

Under the STIP, we set a target bonus for each participant annually that is expressed as a percentage of his or her base salary. The target bonus is based on a number of factors, including market data and the recommendation of an independent compensation consultant. For 2005, we considered the Company's adjusted net income and revenue adjusted for the price of fuel. In addition, for officers other than the Chief Executive Officer, we considered the attainment of the Company's pre-established strategic initiatives.

For 2005, corporate performance exceeded target goals involving adjusted net income, adjusted revenue, the Company's service network, business card program and market expansion, which resulted in the payment of bonuses that were between 133% and 150% of target. All bonuses for named executive officers are described in further detail in the Summary Compensation table.

***Long-Term Incentive Compensation***

Long-term incentive compensation is designed to provide equity incentives to employees. To determine the amount of awards, we reviewed market data provided by our independent consultant. In 2005, we granted equity awards in the form of restricted stock units that vest over a four-year period. A central philosophy of our compensation policy is that compensation in the form of equity interests fosters a uniformity of interests among management and our stockholders. We believe that significant equity participation by executive officers is encouraged through annual grants of stock-based awards and application of the Company's stock ownership guidelines for executive officers.

To encourage additional equity ownership among the executive officers, we adopted the Wright Express Corporation Executive Officer Equity Ownership Guidelines in 2005. Under these guidelines, the Chief Executive Officer is expected to achieve and maintain ownership of equity equal to three times base salary. For all other executive officers, they are expected to achieve and maintain equity ownership equal to one times base salary. These ownership guidelines should be attained within four years after the later of (i) an executive's initial determination date as described in the guidelines or (ii) after becoming an executive officer.

**Table of Contents**

***Compensation of President and Chief Executive Officer***

The President and Chief Executive Officer, Michael E. Dubyak, receives compensation in accordance with his employment agreement, which is described in the section entitled *Employment Contracts and Termination, Severance and Change of Control Arrangements*, as follows:

Annual salary of not less than \$425,000 subject to our annual review, and

Target annual incentive bonus awards equal to not less than his earned base salary.

Mr. Dubyak is also eligible to receive long term incentive awards, to participate in all other compensation programs offered generally, to receive all perquisites offered to senior executives in comparable positions and to reimbursement of reasonable business expenses. In connection with his bonus award under the STIP, we establish performance targets, which are intended to incent Mr. Dubyak to personally perform at a high level and motivate him to lead the Company to similar success. Mr. Dubyak's bonus is computed as the amount of total cash compensation earned pursuant to a formula that we adopt in the first quarter of each year. For 2005, Mr. Dubyak earned a bonus of \$558,332, which was based on the achievement of certain quantitative metrics relating to the Company's adjusted net income and revenue adjusted for the price of fuel.

We believe Mr. Dubyak's leadership has been and continues to be a vital factor in our corporate success. In particular, we believe that Mr. Dubyak provides the industry knowledge, strategic vision and motivational skills necessary to foster continued corporate success and outstanding performance over the long term. For 2006, we will continue to utilize adjusted net income and revenues as well as the achievement of certain defined corporate strategic initiatives as metrics for Mr. Dubyak's STIP payment. We believe this practice aligns the Company's long-term development with building stockholder value.

***Tax Limits on Executive Compensation***

Section 162(m) of the Internal Revenue Code limits the deduction for federal income tax purposes of certain compensation paid by any publicly held corporation to its chief executive officer and its four other highest compensated officers to \$1.0 million per executive. The \$1.0 million cap does not apply to performance-based compensation as defined under Section 162(m). We believe that upon ratification by our stockholders, certain awards under the 2005 Equity and Incentive Plan will qualify as a performance-based compensation that are not subject to the \$1.0 million cap.

- (1) All options to purchase shares of common stock were granted in connection with termination and exchange of Cendant Corporation options.
- (2) Potential realizable value is based on an assumption that the market price of our common stock will appreciate at the stated rates (5% and 10%), compounded annually, from the date of grant until the end of the 10-year term. These values are calculated based on SEC rules and do not reflect our estimate or projection of future stock prices. Actual gains, if any, on the stock option exercises will depend on the future performance of the price of our common stock and the timing of option exercises.

subtracting the option exercise price from the average of the high and low trading price of the Company's common stock on December 30, 2005 (\$21.82) per share to get the average value per option, and

multiplying the average value per option by the number of exercisable or unexercisable options, as applicable.

The amounts in this column may not represent amounts that will actually be realized by the named executive officers.

**EMPLOYMENT CONTRACTS AND TERMINATION, SEVERANCE AND CHANGE  
OF CONTROL ARRANGEMENTS**

We have entered into an employment agreement with each member of our executive management team, each dated as of October 28, 2005. The following summaries describe the material terms and conditions of the employment agreements with each of the named executive officers.

The employment agreements set forth each officer's position, the base salary and annual and long-term bonus opportunities, as well as each officer's right to employee benefits and other perquisites. Michael E. Dubyak, President and Chief Executive Officer, is paid a base salary of not less than \$425,000 and is eligible for a target annual bonus equal to not less than 100% of base salary. Melissa D. Smith, Senior Vice President, Finance and Chief Financial Officer, is paid a base salary of not less than \$260,000 and is eligible for a target annual bonus equal to not less than 60% of base salary. David D. Maxsimic, Senior Vice President, Sales and Marketing, is paid a base salary of not less than \$250,000 and is eligible for a target annual bonus equal to not less than 55% of base salary plus a supplemental bonus of up to \$200,000. Tod A. Demeter, Senior Vice President and Chief Information Officer, is paid a base salary of not less than \$220,000 and is eligible for a target annual bonus equal to not less than 45% of base salary. Katherine M. Greenleaf, Senior Vice President, Client Services, is paid a base salary of not less than \$210,000 and is eligible for a target annual bonus equal to not less than 45% of base salary. Base salary is subject to annual review and increase. Payment of bonuses is subject to attainment of performance targets established by the Compensation Committee. The agreements provide that the officers are eligible to receive long term incentive awards on such terms as determined by the Compensation Committee, to participate in all other compensation programs offered generally, to receive all perquisites offered to senior executives in comparable positions and to reimbursement of reasonable business expenses.

The employment agreements further provide that in the event we terminate the officer's employment, without cause or in the event the officer resigns under a constructive discharge, or if there is a change in control which results in a constructive discharge or without cause termination, the officer will become entitled to a cash severance benefit. The terms "without cause," "constructive discharge" and "change in control" are each defined in the agreements. "Without cause" means, in summary, the termination of the officer's employment by us other than due to death, disability, or termination for cause. "Constructive discharge" means, in summary, the resignation by the officer in response to: (i) any material failure of the Company to fulfill its obligations stated in the employment agreement including any reduction of the base salary or any reduction in the target bonus; (ii) a material and adverse change to title, position, duties or responsibilities; (iii) the relocation of the primary business office to a location more than 50 miles from Portland, Maine; or (iv) the failure to cause an agreement to be assumed by any successor to the business. In the case of Mr. Dubyak, his removal from the Board may be treated as a Constructive Discharge under his employment agreement.

"Change in control" means, in summary: (i) an acquisition of 50% or more of either the then-outstanding shares of common stock or the combined voting power of the then-outstanding voting securities excluding certain specified acquisitions; (ii) a change in the composition of the Board such that the individuals who constitute the Board at that point in time cease to constitute a majority of the Board; (iii) consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company or the acquisition of shares or assets of another Company excluding certain specified transactions; or (iv) the approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

In the case of Mr. Dubyak, a without cause termination or a constructive discharge will result in a payment of two times his base salary and target bonus (or three times his base salary and target bonus if such termination is in

connection with a change in control). In the case of Ms. Smith and Mr. Maxsimic, a without cause termination or a constructive discharge will result in a payment of one times base salary and target bonus. All other officers will receive a payment of one times base salary in the event of a without cause termination or a constructive discharge. All officers, other than Mr. Dubyak, receive a payment of two times base salary and target bonus if such termination is in connection with a change in control.

**Table of Contents**

In addition, in the case of a without cause termination or a constructive discharge of Mr. Dubyak, all outstanding stock options and restricted stock units that would have otherwise vested within two years following such termination will immediately become vested. In the case of Ms. Smith, all outstanding stock options and restricted stock units that would have vested within one year following a without cause or a constructive discharge will immediately become vested. For all officers, all outstanding stock options and restricted stock units will immediately vest in full if such termination is in connection with a change in control. Also, the officers will receive subsidized health insurance benefits for up to 12 months in the case of without cause termination or a constructive discharge. For a termination in connection with a change in control, officers will receive a payment equivalent to the cash value of the Company's share of health insurance premiums for, in the case of Mr. Dubyak, 36 months, and in the case of all other officers, 24 months. The Company's obligation to pay such severance payments will be subject to the officer executing a release of claims in the Company's favor.

Mr. Dubyak is entitled to a tax gross-up in the event that any amounts payable to him in connection with a change of control are subject to the excise tax applicable to excess parachute payments under Section 4999 of the Internal Revenue Code. This tax gross-up is designed to put Mr. Dubyak in the position he would have occupied if such excise tax did not apply.

Mr. Dubyak's employment agreement provides for a three-year term and the other employment agreements provide for two-year terms. The agreements automatically renew annually for additional one-year periods unless either party provides 30-days advance written notice to the other party of its intent not to renew.

Each employment agreement contains important restrictive covenants intended to protect confidential information and limit each officer's ability to compete against the Company or solicit its employees. As part of Mr. Dubyak and Ms. Smith's employment agreements, the Company agrees to indemnify each to the fullest extent permitted by Delaware law, the Company's charter or its By-Laws. The agreements are governed by Maine law and provide for all claims to be settled by arbitration.

The Compensation Committee has considered the advisability of using employment agreements and determined that under certain circumstances it is in the best interests of the Company and its stockholders insofar as, among other reasons, it allows the Company to achieve its desired goals of retaining the best possible executive talent and obtaining post-employment non-competition covenants from executive officers.

**SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Based on our records and other information, we believe that during 2005 all filings with the SEC by our officers, directors and 10% stockholders timely complied with requirements for reporting ownership and changes in ownership of our common stock under Section 16(a) of the Securities Exchange Act of 1934 with the exception of one Form 4 which was inadvertently filed late by Mr. Moriarty. This Form 4 reported a single purchase of 5,000 shares of our common stock and was filed immediately upon discovery of the oversight.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

Ms. Rapkin's spouse, William Stiles, is a partner at the Verrill Dana law firm in its health law group. We paid Verrill Dana a total of \$70,785 in legal fees since January 2005, all of which was for work performed by attorneys who are members of practice groups other than the health law group.

***Transactions With Our Former Corporate Parent and Its Wholly-Owned Subsidiaries***

***Special Dividends Paid***

On January 25, 2005, we paid a dividend of \$25,089,543 to PHH Corporation, a former subsidiary of Cendant and our parent at that time. On February 22, 2005, we paid a dividend of \$280,796,677 to Cendant Mobility, a subsidiary of Cendant and our new corporate parent from February 1, 2005 until our IPO. Both of these dividends were declared prior to Wright Express becoming a publicly-traded company.

**Table of Contents**

*Transition Services Agreement*

Upon completion of our IPO, we entered into a transition services agreement with our former parent company, Cendant Corporation, to provide for an orderly transition to being an independent company and to govern our continuing arrangements with Cendant. Under the transition services agreement, Cendant agreed to provide us with various services, including services relating to insurance, human resources and employee benefits, payroll, internal audit services, telecommunications services and information technology services. The transition services agreement also contains agreements relating to indemnification, access to information and non-solicitation of employees. The majority of the services covered in the agreement expired by December 31, 2005, with the exception of certain information technology services, which expire in February 2007. Information technology services may be terminated by us upon not less than 90 days prior written notice to Cendant. We also agreed to honor certain contractual service commitments with third-party telecommunication service providers that terminate after such date.

Under the transitional agreement, the cost of each service generally reflected the same payment terms and was calculated using the same cost allocation methodologies for the particular service as those utilized while we were still a subsidiary of Cendant. The transition services agreement was negotiated in the context of a parent-subsidiary relationship. In 2005, we have paid \$577,501 for services under this agreement.

*Tax Receivable Agreement*

In connection with the offering, we converted from a Delaware limited liability company to a Delaware corporation and all of the membership interests of Wright Express LLC were converted to 40,000,000 shares of common stock and 100 shares of Series A non-voting convertible preferred stock. As a result of the transaction, the tax basis of the Company's tangible and intangible assets increased to their fair market value. This increase in tax basis reduced the amount of United States federal income tax that we might otherwise be required to pay in the future. In this regard, we entered into a tax receivable agreement with Cendant that requires us to pay Cendant 85% of any tax savings that we realize, subject to Cendant repaying us if it is determined that we were not entitled to these savings. Under the tax receivable agreement, tax savings that we realize will equal the difference between (i) the income taxes that we would pay if the tax basis of our assets was as currently shown on our books and (ii) the income taxes that we actually pay taking into account depreciation and amortization deductions attributable to the basis increase in our assets. We recorded a deferred tax asset of \$517,347,000 in connection with the transaction. We have also recorded the \$77,602,000 difference between the \$517,347,000 benefit and the original \$439,745,000 liability to Cendant as an increase in stockholders' interest. We have recorded \$424,277,419 for this obligation to Cendant as a liability on our consolidated balance sheets as of December 31, 2005. Payments to Cendant related to the tax receivable agreement totaled \$15,467,581 during 2005.

*Other Transactions*

Through February 22, 2005, Cendant paid our income tax liability as part of the consolidated state and federal income tax filings of Cendant and its related entities.

As a subsidiary of Cendant, we were allocated general corporate overhead expenses from Cendant for various corporate-related functions, as well as other expenses directly attributable to our operations. Cendant allocated corporate overhead to us based on a percentage of our forecasted revenues and allocated other expenses that directly benefited us based on our actual utilization of the services. Corporate expense allocations included executive management, insurance, human resources, telecommunications, real estate and tax services. We believe the assumptions and methodologies underlying the allocations of general corporate overhead and direct expenses from Cendant to us are reasonable and comparable to the amounts that would have been incurred if we had performed these functions as a stand-alone company. We paid \$624,732 to Cendant related to these expenses during 2005.

On January 31, 2005, Cendant completed a spin-off of its mortgage and fleet management businesses through the distribution to its stockholders of 100% of the shares of its previously wholly-owned subsidiary, PHH Corporation. PHH Vehicle Management Services, LLC, or PHH, a subsidiary of PHH Corporation, used

our payment processing services during 2005. We earned revenue on a percentage of the total gasoline purchased by the clients of PHH during the year. Revenues earned for the month ended January 31, 2005 totaled \$687,825. Following the spin-off of PHH on January 31, 2005, it was no longer a related party.

We have agreements with several subsidiaries of Cendant to provide our MasterCard products for use as part of their ordinary course of business. These agreements were entered into while we were still a subsidiary of Cendant. Through these relationships, we received approximately \$4,771,550 in gross revenue from these various agreements in 2005.

We also had an agreement with Terrapin Funding LLC, a subsidiary of Cendant, pursuant to which we purchased asset-backed securities. There are no specific terms or minimum purchase requirements. Under this agreement, we received approximately \$645,097 in interest income for 2005. On March 15, 2006, our investment was called and we received a return of \$14,585,175 in principal.

**INFORMATION ABOUT VOTING PROCEDURES**

**How is my vote counted?**

You may vote for each director nominee or withhold your vote from one or both of the nominees.

You may vote for or against or abstain from voting on the proposal for the approval of the 2005 Plan and the proposal regarding ratification of the independent registered public accounting firm. If you abstain from voting on these proposals, it will have the same effect as a vote against the proposal.

If you provide your voting instructions on your proxy, your shares will be voted:

as you instruct, and

according to the best judgment of the persons named in the proxy if a proposal comes up for a vote at the meeting that is not on the proxy.

If you do not indicate a specific choice on the proxy you sign and submit, your shares will be voted:

*for* the two named nominees for directors,

*for* the approval of the 2005 Plan,

*for* the ratification of Deloitte & Touche, LLP as the auditors, and

according to the best judgment of the persons named in the proxy if a proposal comes up for a vote at the meeting that is not on the proxy.

**What if I change my mind after I submit my proxy?**

You may revoke your proxy and change your vote by:

signing a proxy card with a later date and returning it before the polls close at the meeting, or

voting at the meeting.

**What happens if a director nominee is unable to stand for election?**

The Board may reduce the number of directors or select a substitute nominee. In the latter case, if you have submitted your proxy, the persons named in the proxy can vote your shares for a substitute nominee. The person you authorize to vote on your behalf cannot vote for more than two nominees.

**What constitutes a quorum?**

In order for business to be conducted at the meeting, a quorum must be present. A quorum consists of the holders of a majority of the shares of common stock issued and outstanding on the record date and entitled to vote.

## **Table of Contents**

Shares of common stock represented in person or by proxy (including shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for purposes of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

### **How many votes are needed to approve the election of the directors?**

Directors will be elected by a plurality of the votes cast at the meeting. Abstentions and broker non-votes, if any, will have no effect on the outcome of the vote on the election of directors.

### **How many votes are needed for the approval of the 2005 Plan and the proposal to ratify the selection of the independent registered public accounting firm?**

The approval of the 2005 Plan will be approved and the independent registered public accounting firm will be ratified if a majority of the shares present at the meeting in person or by proxy and entitled to vote at the meeting vote for approval. An abstention will have the effect of a vote against the proposal. A broker non-vote will be treated as not being entitled to vote on the proposal and will not be counted for purposes of determining whether the proposal has been approved. For the listing requirements of the NYSE, approval of the 2005 Plan requires that (a) a majority of the common stock issued, outstanding and entitled to vote at the annual meeting must actually vote on the matter (with abstentions counting as votes and broker non-votes not counting as votes) and (b) votes in favor must constitute at least a majority of the votes cast (with abstentions counting as votes cast and broker non-votes not counting as vote cast).

### **What is a broker non-vote ?**

A broker non-vote occurs when a brokerage firm holding shares in street name for a beneficial owner does not vote on a proposal because the broker has not received instructions from the beneficial owner and does not have discretionary voting power with respect to the proposal.

### **What is the effect of not providing voting instructions if my shares are held in street name?**

Brokerage firms have authority to vote clients' unvoted shares on some routine matters. When a brokerage firm votes its clients' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. A brokerage firm cannot vote clients' unvoted shares on non-routine matters, which results in a broker non-vote.

The Company's proposals concerning the election of directors and the ratification of the independent registered public accounting firm are considered routine matters, but the proposal concerning the approval of the 2005 Plan is not.

### **What is the effect of not submitting my proxy if my shares are held in a retirement plan?**

The trustee for the Wright Express Corporation Employee Savings Plan, which is often referred to as the 401(k) plan, will vote the shares of participants who do not give specific instructions in the same proportion as those shares voted by plan participants who return proxies.

### **What does it mean if I receive more than one proxy card?**

It means that you hold your shares in multiple accounts. Please be sure to complete and submit all proxies that you received to ensure that all your shares are voted.

**Where do I find voting results of the meeting?**

We will announce preliminary voting results at the annual meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2006. You may access a copy electronically on our website or through the SEC's EDGAR website at [www.sec.gov](http://www.sec.gov). Voting results will be tabulated and certified by our transfer agent, American Stock Transfer & Trust Company.

**Table of Contents**

**Who pays the cost for proxy solicitation?**

The Company pays for distributing and soliciting proxies. As a part of this process, the Company reimburses brokers, nominees, fiduciaries and other custodians for reasonable fees and expenses in forwarding proxy materials to stockholders. The Company is not using an outside proxy solicitation firm, but employees of the Company or its subsidiaries may solicit proxies through mail, telephone, the Internet or other means. Employees do not receive additional compensation for soliciting proxies.

**How do I submit a stockholder proposal for next year's annual meeting?**

Any proposal that a stockholder wishes to be considered for inclusion in our proxy statement and proxy card for the 2007 annual meeting of stockholders must comply with the requirements of Rule 14a-8 under the Exchange Act and must be submitted to the Secretary, 97 Darling Avenue, South Portland, ME 04106, no later than December 8, 2006. However, in the event that the annual meeting is called for a date that is not within thirty days before or after May 19, 2007, notice by the stockholder must be received a reasonable time before we begin to print and mail our proxy materials for the 2007 annual meeting of stockholders.

If a stockholder wishes to present a proposal before the 2007 annual meeting but does not wish to have a proposal considered for inclusion in our proxy statement and proxy in accordance with Rule 14a-8, the stockholder must give written notice to our Corporate Secretary at the address noted above. To be timely, a stockholder's notice to the Secretary must be delivered to or mailed and received not earlier than January 19, 2007 nor later than February 18, 2007. However, in the event that the annual meeting is called for a date that is not within twenty-five days before or after May 19, 2007, notice by the stockholder must be received no later than the earlier of the close of business on the tenth day following the day on which notice of the date of the annual meeting is first mailed or publicly disclosed. The Company's By-Laws contain specific procedural requirements regarding a stockholder's ability to nominate a director or submit a proposal to be considered at a meeting of stockholders. **APPENDIX A**

**DESCRIPTION OF THE WRIGHT EXPRESS CORPORATION  
2005 EQUITY AND INCENTIVE PLAN**

Our Wright Express Corporation 2005 Equity and Incentive Plan, or the 2005 Plan, was approved by the Company's Board and our sole securityholder, Cendant Mobility Services Corporation, in February 2005. An aggregate of 3,200,000 shares of common stock was reserved for issuance under the 2005 Plan. As of March 20, 2006, 1,259,641 shares of common stock were subject to awards under the 2005 Plan. These currently outstanding awards and the shares available through these awards are not the subject of Proposal No. 2.

The 2005 Plan is being submitted to the stockholders in order that compensation paid pursuant to cash- or equity-based awards granted under the 2005 Plan after May 19, 2006, the date of this annual meeting, may qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code. If the 2005 Plan is not approved by our stockholders, no further awards will be made under the 2005 Plan and we will develop other means of providing incentive compensation so we can continue to attract and retain talented directors, executives and other employees.

As of March 20, 2006, 1,940,359 shares of common stock remain available for future grants of awards under the 2005 Plan. It is anticipated that these shares, as well as any shares subject to currently outstanding awards under the 2005 Plan that become available for re-grant under the 2005 Plan due to the forfeiture or other cancellation of outstanding awards may be made subject to awards under the 2005 Plan in the future. In addition, we intend to grant cash-based incentives in the future under our Cash Incentive Programs. In order that compensation paid pursuant to the grant, exercise or other payment or settlement of these future awards qualify as performance-based compensation under Section 162(m), we are seeking stockholder approval of the 2005 Plan, including the named executive officers.

**General**

The Plan provides for the grant of annual cash bonuses and long-term cash awards, as well as equity-based awards, including restricted stock, restricted stock units, stock options, stock appreciation rights and other equity-based awards to the Company's directors, officers and other employees, advisors and consultants who are selected by the Compensation Committee for participation in the 2005 Plan. The Plan also provides for the deferral of officer and director compensation. Unless earlier terminated by the Board of Directors, the 2005 Plan expires on the tenth anniversary of the date of its adoption. Termination of the 2005 Plan is not intended to adversely affect any award that is then outstanding without the award holder's consent. The Board may amend the 2005 Plan at any time. Plan amendments are not intended to adversely affect any award that is then outstanding without the award holder's consent, and we must obtain stockholder approval of a Plan amendment if stockholder approval is required to comply with any applicable law, regulation or stock exchange rule. The Company estimates that as of March 21, 2006, there were 678 employees who were eligible to be selected for participation in the 2005 Plan.

**Administration**

The Plan is administered under the oversight of the Compensation Committee, which has the authority, among other things, to determine who will be granted awards and all of the terms and conditions of the awards. The Compensation Committee is also authorized to determine to what extent an award may be settled, cancelled, forfeited or surrendered, to interpret the 2005 Plan and any awards granted under the 2005 Plan and to make all other determinations necessary or advisable for the administration of the 2005 Plan. Where the vesting or payment of an award under the 2005 Plan is

subject to the attainment of performance goals, the Compensation Committee is responsible for determining that the performance goals have been attained. Neither the Compensation Committee nor the Board of Directors has the authority under the 2005 Plan to reprice, or to cancel and re-grant, any stock option granted under the 2005 Plan, or to take any action that

would lower the exercise, base or purchase price of any award granted under the 2005 Plan without first obtaining the approval of stockholders.

**Cash Incentive Programs**

The Plan provides for the grant of annual and long-term cash awards to Plan participants selected by the Compensation Committee. The maximum value of the total cash payment that any Plan participant may receive under the 2005 Plan's annual cash incentive program for any year is \$1.0 million, and the maximum value of the total payment that any Plan participant may receive with respect to each performance period under the 2005 Plan's long-term cash incentive program is \$1.0 million for each year covered by the performance period. Payment of awards granted under the cash incentive programs may be made subject to the attainment of performance goals to be determined by the Compensation Committee in its discretion. The Compensation Committee may base performance goals on one or more of the following criteria, determined in accordance with generally accepted accounting principles in the United States, where applicable:

pre-tax income or after-tax income;

earnings including operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, or extraordinary or special items;

net income excluding amortization or impairment of intangible assets, or goodwill;

earnings or book value per share (basic or diluted);

return on assets (gross or net), return on investment, return on capital, or return on equity;

return on revenues;

cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital;

economic value created;

operating margin or profit margin;

stock price or total stockholder return;

earnings from continuing operations;

cost targets, reductions and savings, productivity and efficiencies;

franchise sales targets; and

strategic business criteria, consisting of one or more objectives based on meeting specified market penetration or market share, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to divestitures, joint ventures and similar transactions.

The performance goals may be expressed in terms of attaining a specified level of the particular criterion, an increase or decrease in the particular criterion or a comparison of achievement against a peer group of companies, and may be applied to us or one of our subsidiaries or divisions or strategic business units. The Compensation Committee has the authority to make equitable adjustments to the performance goals in recognition of unusual or non-recurring events, in response to changes in laws or regulations or to account for extraordinary or unusual events.

No payment may be made under either of the cash incentive programs under the 2005 Plan prior to determination by the Compensation Committee that the applicable performance goals have been attained.

### **Equity Incentive Program**

Shares issued under the 2005 Plan may be authorized but unissued shares or treasury shares. If any shares subject to an award granted under the 2005 Plan are forfeited, cancelled, exchanged or surrendered, if an

**Table of Contents**

award terminates or expires without a distribution of shares or if shares of stock are surrendered or withheld as payment of either the exercise price of an award or withholding taxes in respect of an award, those shares of common stock will again be available for awards under the 2005 Plan. Under the 2005 Plan, no more than 500,000 shares of common stock may be made subject to stock options or stock appreciation rights to a single individual in any year, and no more than 500,000 shares of common stock may be made subject to stock-based awards other than stock options or stock appreciation rights (including restricted stock and restricted stock units) to a single individual in any year. In the event that the Compensation Committee determines that any corporate event, such as a stock split, reorganization, merger, consolidation, repurchase or share exchange, affects common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of 2005 Plan participants, then the Compensation Committee will make those adjustments as it deems necessary or appropriate to any or all of:

- the number and kind of shares or other property that may thereafter be issued in connection with future awards;
- the number and kind of shares or other property that may be issued under outstanding awards;
- the exercise price or purchase price of any outstanding award; and/or
- the performance goals applicable to outstanding awards.

The Compensation Committee determines all of the terms and conditions of equity-based awards under the 2005 Plan, including whether the vesting or payment of an award will be subject to the attainment of performance goals but the term of any award granted under the 2005 Plan cannot exceed ten years from the date of grant in the case of options or the lesser of ten years from the date of grant or, in the case of a tandem stock appreciation right, the expiration of its related award. The performance goals that may be applied to awards under the equity incentive program under the 2005 Plan are the same as those discussed above under Cash Incentive Programs.

The terms and conditions of stock options and stock appreciation rights granted under the 2005 Plan are determined by the Compensation Committee and set forth in an agreement. The 2005 Plan provides that stock options may qualify for status as incentive stock options within the meaning of Section 422 of the Internal Revenue Code, or non-qualified stock options. A stock appreciation right confers on the participant the right to receive an amount, in cash or shares of common stock (in the discretion of the Compensation Committee), equal to the excess of the fair market value of a share of common stock on the date of exercise over the grant price of the stock appreciation right, and may be granted alone or in tandem with another award. The exercise price of an option or stock appreciation right granted under the 2005 Plan will not be less than the fair market value of common stock on the date of grant. The grant price of a stock appreciation right granted in tandem with a stock option will be the same as the exercise price of the stock option to which the stock appreciation relates. The vesting of a stock option or stock appreciation right is subject to such conditions as the Compensation Committee may determine, which may include the attainment of performance goals.

The terms and conditions of awards of restricted stock and restricted stock units granted under the 2005 Plan are determined by the Compensation Committee and set forth in an award agreement. A restricted stock unit confers on the participant the right to receive a share of common stock or its equivalent value in cash, in the discretion of the Compensation Committee. These awards will be subject to restrictions on transferability which may lapse under those circumstances that the Compensation Committee determines, which may include the attainment of performance goals. The Compensation Committee may determine that the holder of restricted stock or restricted stock units may receive dividends (or dividend equivalents, in the case of restricted stock units) that may be deferred during the restricted period applicable to these awards.

The Plan also provides for other equity-based awards, the form and terms of which are determined by the Compensation Committee consistent with the purposes of the 2005 Plan. The vesting or payment of one of these

awards may be made subject to the attainment of performance goals.

The Plan provides that, unless otherwise determined by the Compensation Committee, in the event of a change in control (as defined in the 2005 Plan), all awards granted under the 2005 Plan will become fully vested and/or exercisable, and any performance conditions will be deemed to be fully achieved.

Because the Compensation Committee determines in its discretion to whom and in what amounts awards will be granted under the 2005 Plan, the amount of awards that will be granted under the 2005 Plan in the future is not determinable at this time. The following table sets forth certain information with respect to (i) fiscal 2005 grants of options to purchase common stock and restricted stock units, and (ii) the aggregate annual bonuses earned with respect to fiscal 2005 by the current executive officers as a group, non-employee directors as a group and by those non-executive employees who were participants in the 2005 Plan during fiscal 2005. Bonuses earned by the Named Executive Officers under the 2005 Plan with respect to fiscal 2005 are also set forth in the Summary Compensation Table.

- (1) The closing price of the common stock as of March 20, 2005 was \$26.31. The ultimate value of options to purchase common stock and restricted stock units will depend on the market value of the underlying shares on the date of exercise or vesting of the award.
- (2) Restricted stock units include deferred stock units issued to non-employee directors pursuant to the Non-Employee Directors Deferred Compensation Plan.
- (3) These amounts include restricted stock units granted to a former executive officer of the Company who terminated employment prior to December 31, 2005.

**Following is a brief discussion of certain federal income tax effects on the issuer and recipient with respect to the grant and exercise of stock options granted under the 2005 Plan. Reference is made to the Internal Revenue Code and the Treasury Regulations thereunder for a complete statement of all relevant federal tax provisions.**

### **Non-Qualified Stock Options**

A participant generally will not be taxed upon the grant of a non-qualified stock option. Rather, at the time of exercise of the non-qualified stock option (or at the time of a disqualifying disposition (as defined below) of shares acquired upon exercise of an incentive stock option), the option holder will recognize ordinary income for federal income tax purposes in an amount equal to the excess of the fair market value on the exercise date of the shares purchased over the exercise price. The Company will generally be entitled to a tax deduction at such time and in the same amount that the option holder recognizes as ordinary income.

If shares acquired upon exercise of a non-qualified stock option are later sold or exchanged (or if shares acquired upon exercise of an incentive stock option are disposed of in a disqualifying disposition), then the difference between the amount received upon such sale, exchange or disposition and the fair market value of such

A-4

---

## **Table of Contents**

stock on the date of such exercise will generally be taxable as long-term or short-term capital gain or loss (if the stock is a capital asset of the holder) depending upon the length of time such shares were held by the holder.

Based upon a published ruling of the Internal Revenue Service, a participant who pays the exercise price upon exercise of a non-qualified stock option, in whole or in part, by delivering shares of the Company's common stock already owned by him will recognize no gain or loss for federal income tax purposes on the shares surrendered, but otherwise will be taxed according to the rules described above for non-qualified stock options. With respect to shares acquired upon exercise equal in number to the shares surrendered, the basis per share will be equal to the basis per share of the shares surrendered, and the holding period for capital gains purposes will include the holding period of the shares surrendered. The basis of additional shares received upon exercise will be equal to the fair market value of such shares on the date of exercise, and the holding period for such additional shares will commence on the date the option is exercised.

## **Incentive Stock Options**

A participant will not be taxed upon the grant of an incentive stock option. Exercise of an incentive stock option will be timely if made during its term and if the participant remains an employee of the Company or a subsidiary at all times during the period beginning on the date of grant of the incentive stock option and ending on the date three months before the date of exercise (or one year before the date of exercise in the case of a disabled participant). Exercise of an incentive stock option will also be timely if made by the legal representative of a participant who dies (i) while in the employ of the Company or a subsidiary or (ii) within three months after termination of employment. The tax consequences of an untimely exercise of an incentive stock option will be determined in accordance with the rules applicable to non-qualified stock options. The amount by which the fair market value of the common stock on the exercise date of an incentive stock option exceeds the option price will generally be an item of tax preference for purposes of the alternative minimum tax imposed by Section 55 of the Code.

If stock acquired pursuant to the timely exercise of an incentive stock option is later disposed of, and if the stock is a capital asset of the holder, the holder will, except as noted below, recognize short-term or long-term capital gain or loss (depending upon the length of time such shares were held by the holder) equal to the difference between the amount realized upon such sale and the exercise price. The Company, under these circumstances, will not be entitled to any federal income tax deduction in connection with either the exercise of the incentive stock option or the sale of such stock by the participant.

If, however, stock acquired pursuant to the exercise of an incentive stock option is disposed of by the holder prior to the expiration of two years from the date of grant of the incentive stock option or within one year from the date such stock is transferred to him upon exercise (a disqualifying disposition), the tax consequences will be determined in accordance with the rules applicable to non-qualified stock option.

The Treasury Department has issued regulations that provide for the following rules with respect to the exercise of an incentive stock option by surrender of the previously owned shares of Company stock: If the shares surrendered in payment of the exercise price of an incentive stock option are statutory option stock (including stock acquired pursuant to the exercise of an incentive stock option) and if, at the date of surrender, the applicable holding period for such shares has not been met, such surrender will constitute a disqualifying disposition and any gain realized on such transfer will be taxable to the participant, as discussed above. Otherwise, when shares of the Company's stock are surrendered upon exercise of an incentive stock option, in general, (i) no gain or loss will be recognized as a result of the exchange, (ii) a number of shares received that is equal in number to the shares surrendered will have a basis equal to the shares surrendered, and (except for purposes of determining whether a disposition will be a disqualifying disposition) will have a holding period that includes the holding period of the shares exchanged, and (iii) any additional shares received will have a zero basis and will have a holding period that begins on the date of exercise. If

any of the shares received are disposed of within two years of the date of grant of the incentive stock option or within one year after the exercise, the shares with the lowest basis will be deemed to be disposed of first, and such disposition will be a disqualifying disposition giving rise to ordinary income as discussed above.

**3. Administration.**

The Plan shall be administered by the Board or by such Committee that the Board may appoint for this purpose. If a Committee is appointed to administer the Plan, all references herein to the Committee shall be references to such Committee. If no Committee is appointed by the Board to administer the Plan, all references herein to the Committee shall be references to the Board. The Committee shall have the authority in its discretion, subject to and not inconsistent with the express provisions of the Plan, to administer the Plan and to exercise all the powers and authorities either specifically granted to it under the Plan or necessary or advisable in the administration of the Plan, including, without limitation, the authority to grant Awards; to determine the persons to whom and the time or times at which Awards shall be granted; to determine the type and number of Awards to be granted, the number of shares of Stock to which an Award may relate and the terms, conditions, restrictions and performance criteria relating to any Award; to determine Performance Goals no later than such time as required to ensure that an underlying Award which is intended to comply with the requirements of Section 162(m) of the Code so complies; and to determine whether, to what extent, and under what circumstances an Award may be settled, cancelled, forfeited, exchanged, or surrendered; to make adjustments in the terms and conditions of, and the Performance Goals (if any) included in, Awards; to construe and interpret the Plan and any Award; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the Award Agreements (which need not be identical for each Grantee);

and to make all other determinations deemed necessary or advisable for the administration of the Plan. Notwithstanding the foregoing, neither the Board, the Committee nor their respective delegates shall have the authority to reprice (or cancel and regrant) any Option or, if applicable, other Award at a lower exercise, base or purchase price without first obtaining the approval of the Company's stockholders.

The Committee may appoint a chairperson and a secretary and may make such rules and regulations for the conduct of its business as it shall deem advisable, and shall keep minutes of its meetings. All determinations of the Committee shall be made by a majority of its members either present in person or

participating by conference telephone at a meeting or by written consent. The Committee may delegate to one or more of its members or to one or more agents such administrative duties as it may deem advisable, and the Committee or any person to whom it has delegated duties as aforesaid may employ one or more persons to render advice with respect to any responsibility the Committee or such person may have under the Plan. All decisions, determinations and interpretations of the Committee shall be final and binding on all persons, including but not limited to the Company, any Parent or Subsidiary of the Company or any Grantee (or any person claiming any rights under the Plan from or through any Grantee) and any stockholder.

No member of the Board or Committee shall be liable for any action taken or determination made in good faith with respect to the Plan or any Award granted hereunder.

**4. Eligibility.**

Awards may be granted to Non-Employee Directors, officers and other employees, advisors or consultants of the Company or any Parent or Subsidiary of the Company, selected in the discretion of the Committee. In determining the persons to whom Awards shall be granted and the type of any Award (including the number of shares to be covered by such Award), the Committee shall take into account such factors as the Committee shall deem relevant in connection with accomplishing the purposes of the Plan.

**5. Stock Subject to the Plan.**

The maximum number of shares of Stock reserved for the grant of Awards under the Plan shall be 3,200,000, including all shares to be issued pursuant to Conversion Options or Conversion Stock, subject to adjustment as provided herein. No more than 500,000 shares of Stock may be made subject to Options (other than Conversion Options) or SARs granted to a single individual in a single Plan Year, subject to adjustment as provided herein, and no more than 500,000 shares of Stock may be made subject to stock-based awards other than Options or SARs (including Restricted Stock and Restricted Stock Units (but other than Conversion Stock) or Other Stock-Based Awards denominated in shares of Stock) granted to a single individual in a single Plan Year, in either case, subject to adjustment as provided herein. Determinations made in respect of the limitations set forth in the immediately preceding sentence shall be made in a manner consistent with Section 162(m) of the Code. Such shares may, in whole or in part, be authorized but unissued shares or shares that shall have been or may be reacquired by the Company in the open market, in private transactions or otherwise. If any shares subject to an Award are forfeited, cancelled, exchanged or surrendered or if an Award terminates or expires without a distribution of shares to the Grantee, or if shares of Stock are surrendered or withheld as payment of either the exercise price of an Award and/or withholding taxes in respect of an Award, the shares of Stock with respect to such Award shall, to the extent of any such forfeiture, cancellation, exchange, surrender, withholding, termination or expiration, again be available for Awards under the Plan. Upon the exercise of any Award granted in tandem with any other Award, such related Award shall be cancelled to the extent of the number of shares of Stock as to which the Award is exercised and, notwithstanding the foregoing, such number of shares shall no longer be available for Awards under the Plan.

In the event that the Committee shall determine that any dividend or other distribution (whether in the form of cash, Stock, or other property), recapitalization, Stock split, reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, or share exchange, or other similar corporate transaction or event, affects the Stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of Grantees under the Plan, then the Committee shall make such equitable changes or adjustments as it deems necessary or appropriate to any or all of (i) the number and kind of shares of Stock or other property (including cash) that may thereafter be issued in connection with Awards, (ii) the number and kind of shares of Stock or other property (including cash) issued or issuable in respect of outstanding Awards, (iii) the exercise price, grant price, or purchase price relating to any Award; provided, that, with respect to ISOs, such adjustment shall be made in accordance with Section 424(h) of the Code;

and (iv) the Performance Goals applicable to outstanding Awards.

**6. Specific Terms of Awards.**

(a) General. The term of each Award shall be for such period as may be determined by the Committee. Subject to the terms of the Plan and any applicable Award Agreement, payments to be made by the Company or a Parent or Subsidiary of the Company upon the grant, vesting, maturation, or exercise of an Award may be made in such forms as the Committee shall determine at the date of grant or thereafter, including, without limitation, cash, Stock, or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. The Committee may make rules relating to installment or deferred payments with respect to Awards, including the rate of interest to be credited with respect to such payments. In addition to the foregoing, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter, such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine.

(b) Long Term Incentive Program. Under the Long Term Incentive Program, the Committee is authorized to grant the Awards described in this Section 6(b), under such terms and conditions as deemed by the Committee to be consistent with the purposes of the Plan. Such Awards may be granted with value and payment contingent upon Performance Goals. Except as otherwise set forth herein or as may be determined by the Committee, each Award granted under the Long Term Incentive Program shall be evidenced by an Award Agreement containing such terms and conditions applicable to such Award as the Committee shall determine at the date of grant or thereafter.

(i) Options. The Committee is authorized to grant Options to Grantees on the following terms and conditions:

(A) Type of Award. The Award Agreement evidencing the grant of an Option under the Plan shall designate the Option as an ISO or an NQSO.

(B) Exercise Price. The exercise price per share of Stock purchasable under an Option shall be determined by the Committee, but, subject to Section 6(b)(v), in no event shall the per share exercise price of any Option be less than the Fair Market Value of a share of Stock on the date of grant of such Option. The exercise price for Stock subject to an Option may be paid in cash or by an exchange of Stock previously owned by the Grantee for at least six months (if acquired from the Company), through a broker cashless exercise procedure approved by the Committee (to the extent permitted by law), or a combination of the above, in any case in an amount having a combined value equal to such exercise price. An Award Agreement may provide that a Grantee may pay all or a portion of the aggregate exercise price by having shares of Stock with a Fair Market Value on the date of exercise equal to the aggregate exercise price withheld by the Company.

(C) Term and Exercisability of Options. The date on which the Committee adopts a resolution expressly granting an Option shall be considered the day on which such Option is granted. Options shall be exercisable over the exercise period (which shall not exceed ten years from the date of grant), at such times and upon such conditions as the Committee may determine, as reflected in the Award Agreement; provided, that the Committee shall have the authority to accelerate the exercisability of any outstanding Option at such time and under such circumstances as it, in its sole discretion, deems appropriate. An Option may be exercised to the extent of any or all full shares of Stock as to which the Option has become exercisable, by giving such written, electronic, or telephonic notice as the Committee may prescribe of such exercise to the Committee or its designated agent.

(D) Termination of Employment. An Option may not be exercised unless the Grantee is then a director of, in the employ of, or providing services to, the Company or a Parent or Subsidiary of the Company, and unless the Grantee has remained continuously so employed, or continuously maintained such relationship, since the date of grant of the Option; provided, that the Award Agreement may contain provisions extending the exercisability of Options, in the

event of specified terminations of employment or service, to a date not later than the expiration date of such Option.

(E) Other Provisions. Options may be subject to such other conditions including, but not limited to, restrictions on transferability of the shares acquired upon exercise of such Options, as the Committee may prescribe in its discretion or as may be required by applicable law.

(ii) SARs. The Committee is authorized to grant SARs to Grantees on the following terms and conditions:

(A) In General. Unless the Committee determines otherwise, a SAR (1) granted in tandem with an NQSO may be granted at the time of grant of the related NQSO or at any time thereafter or (2) granted in tandem with an ISO may only be granted at the time of grant of the related ISO. A SAR granted in tandem with an Option shall be exercisable only to the extent the underlying Option is exercisable. Payment of a SAR may be made in cash, Stock, or property as specified in the Award or determined by the Committee.

(B) Right Conferred. A SAR shall confer on the Grantee a right to receive an amount with respect to each share subject thereto, upon exercise thereof, equal to the excess of (1) the Fair Market Value of one share of Stock on the date of exercise over (2) the grant price of the SAR (which in the case of an SAR granted in tandem with an Option shall be equal to the exercise price of the underlying Option, and which in the case of any other SAR shall be such price as the Committee may determine).

(C) Term and Exercisability of SARs. The date on which the Committee adopts a resolution expressly granting a SAR shall be considered the day on which such SAR is granted. SARs shall be exercisable over the exercise period (which shall not exceed the lesser of ten years from the date of grant or, in the case of a tandem SAR, the expiration of its related Award), at such times and upon such conditions as the Committee may determine, as reflected in the Award Agreement; provided, that the Committee shall have the authority to accelerate the exercisability of any outstanding SAR at such time and under such circumstances as it, in its sole discretion, deems appropriate. A SAR may be exercised to the extent of any or all full shares of Stock as to which the SAR (or, in the case of a tandem SAR, its related Award) has become exercisable, by giving such written, electronic, or telephonic notice as the Committee may prescribe of such exercise to the Committee or its designated agent.

(D) Termination of Employment. A SAR may not be exercised unless the Grantee is then a director of, in the employ of, or providing services to, the Company or a Parent or Subsidiary of the Company, and unless the Grantee has remained continuously so employed, or continuously maintained such relationship, since the date of grant of the SAR; provided, that the Award Agreement may contain provisions extending the exercisability of the SAR, in the event of specified terminations of employment or service, to a date not later than the expiration date of such SAR (or, in the case of a tandem SAR, its related Award).

(E) Other Provisions. SARs may be subject to such other conditions including, but not limited to, restrictions on transferability of the shares acquired upon exercise of such SARs, as the Committee may prescribe in its discretion or as may be required by applicable law.

(iii) Restricted Stock. The Committee is authorized to grant Restricted Stock to Grantees on the following terms and conditions:

(A) Issuance and Restrictions. Restricted Stock shall be subject to such restrictions on transferability and other restrictions, if any, as the Committee may impose at the date of grant or thereafter, which restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, or otherwise, as the Committee may determine. The Committee may place restrictions on Restricted Stock that shall lapse, in whole or in part, only upon the attainment of Performance Goals. Except to the extent restricted under the Award Agreement relating to the Restricted Stock, a Grantee granted Restricted Stock shall have all of the rights of a stockholder including, without limitation, the right to vote Restricted Stock and the right to receive dividends thereon.

**Table of Contents**

(B) Forfeiture. Upon termination of employment with or service to the Company, or upon termination of the director or independent contractor relationship, as the case may be, during the applicable restriction period or portion thereof to which forfeiture conditions apply, Restricted Stock and any accrued but unpaid dividends that are then subject to restrictions shall be forfeited; provided, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock.

(C) Certificates for Stock. Restricted Stock granted under the Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Grantee, such certificates shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company shall retain physical possession of the certificate.

(D) Dividends. Dividends paid on Restricted Stock shall be either paid at the dividend payment date, or deferred for payment to such date as determined by the Committee, in cash or in shares of unrestricted Stock having a Fair Market Value equal to the amount of such dividends. Stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Stock or other property has been distributed.

(iv) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Grantees, subject to the following terms and conditions:

(A) Award and Restrictions. Delivery of Stock or cash, as determined by the Committee, will occur upon expiration of the deferral period specified for Restricted Stock Units by the Committee. The Committee may place restrictions on Restricted Stock Units that shall lapse, in whole or in part, only upon the attainment of Performance Goals.

(B) Forfeiture. Upon termination of employment with or service to the Company, or upon termination of the director or independent contractor relationship, as the case may be, during the applicable deferral period or portion thereof to which forfeiture conditions apply, or upon failure to satisfy any other conditions precedent to the delivery of Stock or cash to which such Restricted Stock Units relate, all Restricted Stock Units and any accrued but unpaid dividend equivalents that are then subject to deferral or restriction shall be forfeited; provided, that the Committee may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock Units will be waived in whole or in part in the event of termination resulting from specified causes, and the Committee may in other cases waive in whole or in part the forfeiture of Restricted Stock Units.

(C) Director Deferred Compensation Awards. The Company shall issue RSUs pursuant to this Section 6(b)(iv)(C) for the purpose of fulfilling the Company's obligations under its Non-Employee Director Deferred Compensation Plan (the Deferred Compensation Plan); provided, that certain terms and conditions of the grant and payment of such RSUs set forth in the Deferred Compensation Plan (and only to the extent set forth in such plan) shall supercede the terms generally applicable to RSUs granted under the Plan. RSUs granted under this paragraph need not be evidenced by an
