PROXY STATEMENT

GENERAL

This Proxy Statement and the accompanying proxy are being mailed on or about November 2, 2001, to all holders of record of outstanding shares of Common Stock and Class B Stock at the close of business on October 26, 2001. Proxies are being solicited on behalf of the Board of Directors for use at the 2001 Annual Meeting of Stockholders, notice of which accompanies this Proxy Statement. Any stockholder giving a proxy has the power to revoke it at any time prior to the exercise thereof by executing a subsequent proxy, by notifying the Secretary of the Company of such revocation in writing (such notification to be directed to him at the Company's offices at 410 North Michigan Avenue, Suite 400, Chicago, Illinois 60611), or by attending the annual meeting and voting in person. IF NO CONTRARY INSTRUCTION IS INDICATED IN THE PROXY, EACH PROXY WILL BE VOTED "FOR" THE ELECTION OF THE NINE NOMINEES NAMED BELOW TO THE BOARD OF DIRECTORS. See "1. ELECTION OF DIRECTORS".

The Company will pay the costs of this solicitation of proxies for the annual meeting. In addition to using the mails, officers and certain other regular employees of the Company may solicit proxies in person or by telephone, electronic mail, or facsimile. The Company may reimburse brokers and others who are record holders of Common Stock and Class B Stock for their reasonable expenses incurred in obtaining voting instructions from the beneficial owners of such stock.

VOTING

The record date for the determination of stockholders entitled to vote at the meeting is October 26, 2001, at the close of business. Holders as of the record date of outstanding shares of Common Stock and Class B Stock are entitled to vote at the meeting. Holders of Common Stock are entitled to one vote per share and holders of Class B Stock to ten votes per share (on a non-cumulative basis for each director to be elected when voting for the election of directors) and vote together without regard to class (except that any amendment to the Company's Certificate of Incorporation changing the number of authorized shares or adversely affecting the rights of Common Stock or Class B Stock requires the separate approval of the class so affected as well as the approval of both classes voting together). Holders of Class B Stock are entitled to convert any and all of such stock into Common Stock on a share-for-share basis at any time and are subject to mandatory conversion under certain circumstances. As of the record date, 4,191,325 shares of Common Stock and 1,422,842 shares of Class B Stock were outstanding.

ELECTION OF DIRECTORS

The election of directors requires a plurality of votes cast. Accordingly, only proxies and ballots marked for all nominees listed (including executed proxies not marked with respect to election of directors, which will be voted for all listed nominees), or voting for some, but not all nominees, by specifying that votes be withheld for one or more designated nominees, are counted to determine the total number of votes cast for the various nominees, with the nine nominees receiving the largest number of votes being elected. Abstentions and broker non-votes have no effect on the outcome of the election of directors.

REMUNERATION OF DIRECTORS

Each director of the Company who is not also an officer of the Company receives an annual retainer of \$10,000 and also receives a fee of \$2,000 for each meeting attended in person and \$1,000 for each meeting attended by telephone, except that Mr. Richard M. Jaffee, a retired officer of the Company, did not receive an annual retainer or any meeting fees.

Mr. Allan H. Selig and Mr. J. Steven Cole each received an additional retainer of \$2,500 as compensation for their roles as chairman of the Compensation Committee and the Audit Committee, respectively.

In addition to their director remuneration, during the fiscal year ended July 31, 2001, Mr. Ronald B. Gordon and Mr. Joseph C. Miller were each paid \$10,000 for consulting services.

Mr. Richard M. Jaffee relinquished an immediate lump sum payment of \$300,000 due to him from the Company at his retirement as a full-time employee of the Company on January 31, 2001 and agreed to serve as a consultant to the Company for a period of five years at an annual fee of \$185,000. During the fiscal year ended July 31, 2001, Mr. Jaffee was paid \$92,500 for his services as a consultant under this agreement. In addition, Mr. Jaffee earns during the consulting period an annuity payable to him as a benefit of \$3,810 monthly at the end of the consulting period, with payment at his death of the remaining value of this annuity to his wife, or if she should predecease him, to his designee or estate.

The Company provides split dollar joint survivorship life insurance policies in the aggregate amount of \$10,000,000 on the lives of Richard M. Jaffee and his wife, with payment to be made on the death of the last to survive. The premiums paid by the Company on the policies are charged to an open account established by the Company. No interest accrues on the balance of the open account. On the death of the last surviving insured, the estate of the deceased is obligated to pay the balance of the deceased's open account in full. The value of the premiums paid by the Company is estimated as if such premiums were advanced to Mr. Jaffee with interest for the actuarially determined period between the Company's payment of the premium and its refund to the Company; such value for the fiscal year ended July 31, 2001, was \$61,304. The estimated economic benefit for fiscal year 2001 of an agreement between the Company and Mr. Jaffee to pay Mr. Jaffee a monthly annuity of \$3,810 which will commence February 1, 2006 pursuant to his current consulting agreement with the Company, was \$30,625.

Under the Oil-Dri Corporation of America Deferred Compensation Plan, the Company's directors were entitled to defer all or a portion of their directors' compensation with a return equal to one percent more than the Company's long term cost of borrowing.

On December 4, 2000, the Board of Directors awarded Messrs. Paul J. Miller, Donald, Selig, Cole, Gordon and Kuczmariski an option on 10,000 shares of Common Stock. Mr. Joseph C. Miller was awarded an option on 20,000 shares of Common Stock. The option price of \$8.00 was the closing market price on that date. These options fully vest after one year.

There are 40,000 shares of Common Stock reserved from Treasury shares

for future grants under the Oil-Dri Corporation of America Outside Directors' Stock Plan.

13

REPORT OF THE COMPENSATION COMMITTEE
AND THE
STOCK OPTION COMMITTEE
OF
OIL-DRI CORPORATION OF AMERICA
ON
EXECUTIVE COMPENSATION

COMPENSATION POLICY

Oil-Dri's compensation policy is to provide its executive officers and other salaried employees with compensation opportunities competitive with comparable size companies, reflecting annual incentive opportunities commensurate with Company performance and level of responsibility, while allowing for recognition of divisional and individual performance. In determining the marketplace, Oil-Dri refers to salary surveys prepared and published by several large consulting firms. The companies represented in the surveys, which participate on a voluntary basis, are not the same group as that included in the Peer Group on the Performance Graph. On occasion the Company also uses the services of outside consultants. Using these sources, the Company sets its compensation policy to reflect the median of the marketplace. Further aligning compensation with overall Company performance, Oil-Dri makes periodic awards of stock options and restricted stock to key management officers and employees. This policy, the components of compensation which implement it, and its administration, continued in fiscal 2001, except that the incentive bonus component was modified for that year as reflected in ADMINISTRATION OF THE COMPENSATION PROGRAM below.

At present compensation levels, and given the performance based nature of the Company's Stock Option Plan, limitations on federal income tax deductibility of a top officer's compensation in excess of \$1,000,000 have no impact. In general, the Company favors the preservation of tax deductibility, but reserves the right to reconsider this position.

COMPENSATION COMPONENTS

Cash compensation for non-sales employees has two components, base salary and annual incentive bonus. (Sales employees generally have a third component - bonus related to sales objective.) Each fiscal year management makes recommendations to the Compensation Committee regarding the corporate and divisional targets and individual objectives that will be components of the annual incentive bonus, and their relative weighting. The components and their weighting may vary from year to year and also may vary among different groups of employees. All salaried employees (including the executive officers) then receive an incentive bonus at fiscal year end that is dependent upon performance as measured against the targets set for each individual. No individual bonus of more than 200% of individual target bonus can be paid. The Company has a number of salary grades reflecting differing levels of responsibility. For each salary grade, a minimum and maximum salary range is established based on a survey of comparable-sized companies. Incentive compensation is a target bonus equal to a percentage of the individual's annual base salary. This percentage is determined by the salary grade which reflects the level of responsibility and expected contribution of the position to the Company's financial results. For the individual's target to be fully achieved, Oil-Dri must meet projected overall

Edgar Filing: OIL DRI CORPORATION OF AMERICA - Form DEF 14A

corporate financial goals which are reviewed by the Compensation Committee. Minimum and maximum payouts are set in relation to the achievement of these goals. For salaried non-exempt employees, if the Company meets its minimum corporate performance targets and any bonus is paid based on corporate performance, a corporate incentive bonus equal to the full target bonus is paid to each salaried non-exempt employee.

The annual incentive plan is designed to require communication to employees of expectations for Company performance and for potential individual rewards, so as to link Company performance and total annual pay. It provides for broad based participation, so that each salaried employee recognizes that he or she can contribute to the Company's success.

14

ADMINISTRATION OF THE COMPENSATION PROGRAM

During the year there is a review of employee performance and progress. At least once a year employee performance is documented and plans for employee development are discussed. At that review the employee's salary is reviewed and, based on the position of the salary within the salary range and the performance of the individual, a base salary change may, but will not necessarily, be recommended. On the basis of that review, any adjustment to reflect the employee's performance for incentive bonus is also determined.

The Compensation Committee reviews and generally oversees the Company's compensation program. The Company reviews with the Compensation Committee the prior year's salary results for the various base salary ranges and incentive bonus targets, and reviews the base salary ranges and the target bonus percentages for the coming year. In reviewing target bonus percentages for the coming fiscal year the Company presents its earnings expectations for that year. Company recommendations for stock option grants and restricted stock grants to be made from time to time are reviewed with, and approved by, the Company's Stock Option Committee.

In fiscal 2001 the Company had recommended, and the Compensation Committee had approved, a pre-tax target income and a corporate sales target with a requirement for attainment of certain minimums before any incentive bonus could be paid. The Company's fiscal 2001 performance fell below the targets, therefore no bonus was paid.

For fiscal 2002, the Committee approved management's recommendation that the incentive bonus be determined solely on the basis of pre-tax income. There will be no corporate sales, divisional targets or individual objectives (MBOs) components of the bonus.

1995 LONG-TERM INCENTIVE PLAN

During fiscal 2001, additional stock option grants were made under the Company's 1995 Long-Term Incentive Plan by the Stock Option Committee.

COMPENSATION OF PRESIDENT AND CHIEF EXECUTIVE OFFICER; CHAIRMAN

At its September 2000 meeting, the Committee had reviewed and set fiscal 2001 compensation for Mr. Daniel S. Jaffee at the same level as fiscal 2000, a salary of \$275,000, with continued participation in the Incentive Bonus Plan. In doing so it considered his performance and achievements as President and Chief Executive Officer during fiscal 2000. At its September 2001 meeting the Committee approved management's proposal that Mr. Jaffee's compensation be

Edgar Filing: OIL DRI CORPORATION OF AMERICA - Form DEF 14A

kept at that level for fiscal 2002.

In setting the Chairman, Mr. Richard M. Jaffee's, compensation for fiscal 2001, the Committee had considered the Chairman's efforts and performance in relation to the Company's strategic and financial goals during fiscal 2000 and had determined that his base salary would remain at \$275,000 and he should continue to not participate in the Incentive Bonus Program. Mr. Jaffee retired from active employment with the Company effective January 31, 2001.

The Committee on October 31, 2000, approved an amendment to an agreement dated August 1, 1989, between the Company and Mr. Richard M. Jaffee. The terms of this amendment are summarized under "Remuneration of Directors."

REPORT OF THE AUDIT COMMITTEE OF OIL-DRI CORPORATION OF AMERICA

The Audit Committee consists of the following members of the Board of Directors: J. Steven Cole (Chairman), Allan H. Selig, and Ronald B. Gordon. Each meets the independence standards prescribed by the New York Stock Exchange and the Board has determined that Mr. Cole meets the accounting or related financial management expertise standard required by the Exchange.

At its meeting on September 21, 2001 the Committee discussed the

Edgar Filing: OIL DRI CORPORATION OF AMERICA - Form DEF 14A

audited financial statements for fiscal year 2001 with management, including the Company's chief financial officer, and with the Company's independent accountants. In those discussions the Committee reviewed with the independent auditors, to the extent applicable, the matters required to be discussed by Statements on Auditing Standards No. 61 (Communications with Audit Committees) and relevant new Financial Accounting Standards affecting the audited financial statement. The Committee also reviewed and discussed with the independent accountants their independence from the Company and management and received from the accountants the written statement required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The independent accountants advised the Committee that their audit included procedures designed to provide reasonable assurance for detection of illegal acts that would have a direct and material effect on the determination of financial statement amounts and procedures designed to identify related party transactions that are material to the financial statements or otherwise require disclosure in those statements. It received a report on pending litigation and legal matters from the Company's general counsel. The Committee also discussed with management and the independent auditors their comments on the state of the company's internal controls and compliance with those controls. It met separately with the independent accountants and with management, including the chief financial officer, to discuss their views of the conduct of the audit and any problems encountered.

Based on the foregoing, the Committee recommended to the Board of Directors that the audited financial statements for fiscal year 2001 be included in the Company's Annual Report on form 10-K.

The Committee reviewed and discussed a draft of the Company's proposed year-end news release, and was advised that drafts of the Company's Report on Form 10-K (which, with a cover letter from the President will constitute the Annual Report for fiscal 2001) and of the Proxy Statement would be furnished for the Committee's review and comment. The Committee also reviewed the Audit Committee Charter and determined that it should remain unchanged.

At their meeting on October 12, 2001, the Committee recommended that the Board select Blackman Kallick Bartelstein as the Company's independent auditors for fiscal year 2002.
