Report of Independent Registered Public Accounting Firm

The Board of Directors
Cerner Corporation:

We have audited the accompanying statements of net assets available for participants of the Cerner Corporation Foundations Retirement Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for participants for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for participants of the Cerner Corporation Foundations Retirement Plan as of December 31, 2003, and 2002, and the changes in net assets available for participants for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules of assets (held at end of year) and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

RETIREMENT PLANS

Notes to Financial Statements

December 31, 2003 and 2002

(1) Summary of Significant Accounting Policies

General

The following brief description of the Cerner Corporation Foundations Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Document for more complete information.

The Plan was adopted by the board of directors of Cerner Corporation (the Company or Employer) effective November 1, 1987. The Plan has most recently been amended in 2002 to comply with certain changes in the law. The Plan is administered by a third-party administrator. All associates of the Company are eligible for participation in the Plan upon attaining age 18 except for:

Associates whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, unless such agreement expressly provides for participation in the Plan;

Certain nonresident aliens who have no earned income from sources within the United States of America;

Leased associates; or

Associates who were previously not treated as associates of the Employer but who are reclassified as being associates.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America and present the Plan's net assets available for participants and changes in those net assets.

Expenses

Substantially all costs and expenses incurred in administering the Plan are paid using forfeited plan assets. Expenses related to issuance of loans to participants are charged to the participant obtaining the loan.

Investments

The Plan's investments and earnings thereon are held in a bank trust account. The fair values of investments are based principally on quotations from national securities exchanges. Purchases and sales of securities are recorded on a trade-date basis.

Loans to Participants

At the discretion of the Company, loans may be made to participants in an amount that is the lesser of (1) 50% of the participant's vested account balance at the time the loan is initially requested or (2) \$50,000 minus the excess of the participant's highest outstanding loan balance during the 12-month period ending

on the date the loan is initially requested over the outstanding loan balance. Generally, the loan period may not exceed five years and the interest rate is prime plus 1%. Loans may not be taken from a participant's Employer matching contribution account.

Use of Estimates

The Plan utilizes a number of estimates and assumptions relating to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

(2) Contributions

Participating associates may elect to make pretax contributions from 1% to 80% of their compensation to the Plan, subject to annual limits imposed by the Internal Revenue Service. Participants may direct contributions into 12 different investment funds. These funds include investments in the Company common stock, the American Century Ultra Investors Mutual Fund, the American Century Growth Investors Mutual Fund, the American Century Equity Index Investors Mutual Fund, the American Century Strategic Conservative Investors Mutual Fund, the American Century Value Mutual Fund, the American Century International Growth Mutual Fund, the American Century Small Capital Value Mutual Fund, the American Century Stable Asset Fund, the American Century Strategic Conservative Fund, the American Century Strategic Aggressive Fund, and the Charles B. Schwab Personal Choice Account. The Company generally will make matching contributions in an amount equal to 33% of the participant's annual contribution, not to exceed 6% of the participant's annual compensation. All Company contributions are directed to the Company common stock fund.

During 2003, the Company made an additional matching voluntary contribution of \$5,352,315, which represented 2% of each eligible associate's compensation based on the Company's 2002 financial performance. During 2002, the Company made a similar contribution in the amount of \$4,006,533 based on the Company's 2001 financial performance.

(3) Distributions and Transfers

Upon normal retirement, retirement for permanent disability, or death, a participant is entitled to the full value of the assets attributable to his or her contributions and Company contributions made on his or her behalf. Upon termination for any other reason, a participant is entitled to 100% of his or her contributions and the vested portion of Company contributions. Company contributions vest 20% after one year of service and 20% for each additional year of service until a participant is 100% vested upon completing five years of service. Forfeitures of nonvested contributions are used first to reduce the Plan's ordinary and necessary administrative expenses and, to the extent any forfeitures remain, to offset any Employer matching contributions.

To the extent a participant's account balance is invested in Company common stock, participants receive distributions of such stock in shares of the Company's common stock, except that cash is distributed for fractional shares.

Participants may also elect to receive cash for distributions with a value less than \$1,000. During the years ended December 31, 2003 and 2002, 33,621 and 52,727 shares, respectively, of the

CERNER CORPORATION FOUNDATIONS**RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2003 and 2002

Company's common stock were distributed to withdrawing participants. Participants receive distributions from all other funds in cash.

Prior to August 1, 2002, associate contributions invested in Company stock were allowed to be transferred out once per quarter. Each transfer was limited to 25% of the associate's current Company stock balance from associate contributions at the time of the transfer. Transfer elections were restricted for six months until the next option to transfer. Effective August 1, 2002, associates are able to make up to 12 transfers out of Company stock per calendar year with no limit to the amount of stock an associate can move in any one transfer. These transfer provisions relate to Company stock held in a participant's account relating to associate contributions. Transfers out of Company stock held in a participant's account relating to Company contributions are prohibited, except in the event of termination of employment with the Company.

(4) Tax Status

The Plan received a favorable determination letter, dated February 25, 2003, from the Internal Revenue Service confirming the tax-exempt status of the Plan under Section 401(a) of the Internal Revenue Code. The Company is not aware of any activity or transactions that may adversely affect the qualified status of the Plan.

(5) Plan Participants

The following summarizes the number of participants by fund as of December 31:

	<u>2003</u>	<u>2002</u>
Company common stock	4,577	4,179
American Century Mutual Funds:		
Ultra Investors Mutual Fund	3,038	2,588
Growth Investors Mutual Fund	2,419	2,367
Select Investors Mutual Fund		1,668
Balanced Investors Mutual Fund		1,293
Value Mutual Fund	1,700	1,444
International Growth Mutual Fund	1,511	1,364
Small Cap Value Mutual Fund	1,225	737
Strategic Conservative Fund	167	
Strategic Moderate Fund	1,509	
Strategic Aggressive Fund	381	
Equity Index Fund	248	
Stable Asset Fund	1,411	1,228
Charles B. Schwab Personal Choice Account	94	86

Because associates may invest in more than one fund, the number of associate participants above exceeds the total number of associate participants.

Notes:

A reportable transaction is defined by the Department of Labor as:

A single transaction in excess of 5% of the fair value of plan assets.

A series of transactions with or in conjunction with the same person, involving property other than securities, which amounts in the aggregate to more than 5% of the fair value of the Plan assets.

A series of transactions with respect to securities of the same issue, which amounts in the aggregate to more than 5% of the fair value of the total Plan assets.

Any transaction with or in conjunction with a person if a prior or subsequent single transaction has occurred with respect to securities with or in conjunction with the same person in an amount in excess of 5% of the fair value of Plan assets.

A reportable transaction is identified by comparing the fair value of the transaction at the transaction date with the fair value of the Plan assets at the beginning of the year ended December 31, 2003.

See accompanying report of independent registered public accounting firm.
