INTRODUCTORY NOTE

As previously announced, on February 18, 2009, BearingPoint, Inc. (the Company) along with certain of its subsidiaries based in the United States (collectively, the Debtors) filed voluntary petitions for relief under chapter 11 of title 11 of the United States Code (the Bankruptcy Code) in the United States Bankruptcy Court for the Southern District of New York (the Bankruptcy Court). The chapter 11 cases are being jointly administered for procedural purposes under Case Number 09-10691 (REG) (the Chapter 11 Cases). The Debtors continue to operate their business as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code and the orders of the Bankruptcy Court.

On March 23, 2009, the Company and certain of its subsidiaries entered into (a) an Asset Purchase Agreement (the Purchase Agreement) with Deloitte LLP (Deloitte) pursuant to which the Company and certain of its subsidiaries agreed to sell a substantial portion of their assets related to the Company's North American Public Services business to Deloitte (the Deloitte Transaction) and (b) a non-binding letter of intent to sell a substantial portion of the Company's North American Commercial Services business, including its Financial Services segment, to PricewaterhouseCoopers LLP (the PWC Transaction). The Company also announced that it is in (i) advanced negotiations with PwC Advisory Co., Ltd. (PwC Japan), a PricewaterhouseCoopers firm operating in Japan, to sell the Company's consulting practice in Japan, (ii) late-stage negotiations with its local management teams to sell its European and Latin America practices and (iii) separate negotiations with other parties and local management to sell various Asia Pacific practices, separate from Japan (such transactions, together with the Deloitte Transaction and the PWC Transaction, the Sale Transactions). The consummation of the Deloitte Transaction is subject to (i) the approval of the Bankruptcy Court of certain bidding procedures in connection with an auction of all or substantially all of the assets of the Company's Public Services business proposed to be held on April 15, 2009 (the Auction), (ii) the Company not receiving higher or better offers at the Auction, (iii) the approval of the Bankruptcy Court of the Purchase Agreement and the transaction (the Approval Order) and (iv) other customary closing conditions. The Bankruptcy Court has scheduled a hearing on April 1, 2009 to approve proposed bidding procedures in connection with the Auction, and the Company has requested a hearing on April 17, 2009 to approve the winning bid at the Auction.

During the period leading up to the Company's voluntary petitions for relief under chapter 11, the Company's management team was focused on preparing documentation for the Chapter 11 Cases and on negotiating and discussing its reorganization plan with its creditors. The Company's management and financial resources have been particularly strained following the commencement of the Chapter 11 Cases because the Company's management and its external advisers have devoted considerable attention to the Company's reorganization efforts, including negotiating and preparing documentation relating to the proposed Sale Transactions.

The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008 (the 2008 Form 10-K) was required to be filed with the Securities and Exchange Commission (the SEC) on March 16, 2009, and the Company did not meet that deadline. On March 17, 2009, the Company filed a Notification of Late Filing on Form 12b-25 (the Notification of Late Filing) with the SEC relating to its inability to file the 2008 Form 10-K on a timely basis because of the burdens associated with the Chapter 11 Cases and the Company's financial and liquidity issues.

The Company did not represent in the Notification of Late Filing that the 2008 Form 10-K would be filed within 15 days of the March 16, 2009 filing deadline, because the Company did not expect to file the 2008 Form 10-K by March 31, 2009 for the reasons specified in the Notification of Late Filing. The Company is not at this time able to provide an expected date for completing and filing its 2008 Form 10-K.

Despite the time constraints described above, the Company's independent registered public accounting firm completed its audit of the Company's consolidated financial statements for the fiscal year ended December 31, 2008 (the 2008 Financial Statements). Because the Company is uncertain of when it will be in a position to complete and file its 2008 Form 10-K, the Company is filing this Current Report on Form 8-K to make the 2008 Financial Statements and certain other information publicly available to investors and others. However, this Current Report on Form 8-K does not contain all of the disclosure and other information that would be required in the Company's 2008 Form 10-K, and, therefore, investors and others are cautioned that the 2008 Financial Statements and other information included herein should be read in conjunction with the 2008 Form 10-K once it becomes available.

Item 2.02 Results of Operations and Financial Condition.

A copy of the Company's 2008 Financial Statements is attached as Exhibit 99.1 to this Current Report on Form 8-K. The information in this Item 2.02 and Exhibit 99.1 is being furnished, not filed, for purposes of the Securities Exchange Act of 1934, as amended. Unless expressly incorporated into a filing of the Company under the Securities Act of 1933, as amended, or the Securities Act of 1934, as amended, made after the date hereof, the information contained in this Item 2.02 and Exhibit 99.1 shall not be incorporated by reference into any filing of the Company, whether made before or after the date hereof, regardless of any general incorporation language in any such filing.

(v) the ability of the Company to meet conditions precedent prior to the consummation of any Sale Transaction; (vi) the ability of third parties to fulfill their obligations pursuant to sale agreements; and (vii) uncertainties related to the Company's bankruptcy proceedings and those inherent in transactions involving the sale of portions of the Company. As a result, these statements speak only as of the date they were made, and the Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.
