On December 31, 2002, ProxyMed, Inc. ("ProxyMed" or the "Company") acquired 100% of the capital stock of MedUnite, Inc., a leading provider of healthcare claims processing services, founded by seven of the nation's largest health insurers ("MedUnite"). The Company recently completed an audit of MedUnite's financials for 2002 and is currently in the process of integrating MedUnite's customers and technology into ProxyMed's operations, including the migration of customers from MedUnite's claims processing platform to ProxyMed's healthcare information network. In addition, the Company is moving to consolidate its facilities and workforce with those of MedUnite. As a result, the Company has been unable to complete and file its Form 10-K within the prescribed deadline and otherwise in accordance with applicable SEC rules and regulations without, among other things, unreasonable effort and expense.
