Proxy Statement

Annual Meeting of Shareholders
To Be Held May 22, 2003

INFORMATION CONCERNING SOLICITATION AND VOTING

Shareholders Meeting

This Proxy Statement and the enclosed proxy card (Proxy) are furnished on behalf of the Board of Directors of Manhattan Associates, Inc., a Georgia corporation (the Company or we), for use at the Annual Meeting of Shareholders to be held on Thursday, May 22, 2003, at 9:00 a.m., Atlanta, Georgia time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at 2300 Windy Ridge Parkway, Atlanta, Georgia 30339. The Company intends to mail this Proxy Statement and the accompanying Proxy on or about April 23, 2003, to all shareholders entitled to vote at the Annual Meeting.

Shareholders Entitled to Vote

Only holders of record of the Company s \$.01 par value per share common stock (the Common Stock) at the close of business on March 31, 2003 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on March 31, 2003, the Company had outstanding and entitled to vote 29,124,306 shares of Common Stock. Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting. Any shareholder who signs and returns a Proxy has the power to revoke it at any time before it is exercised by providing written notice of revocation to the Secretary of the Company or by filing with the Secretary of the Company a Proxy bearing a later date. The holders of a majority of the total shares of Common Stock outstanding on the record date, whether present at the Annual Meeting in person or represented by Proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The shares held by each shareholder who signs and returns the enclosed Proxy will be counted for the purposes of determining the presence of a quorum at the meeting, whether or not the shareholder abstains on all or any matter to be acted on at the meeting. Abstentions and broker non-votes both will be counted toward fulfillment of quorum requirements. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Counting of Votes

The purpose of the Annual Meeting is to consider and act upon the matters that are listed in the accompanying Notice of Annual Meeting and set forth in this Proxy Statement. The enclosed Proxy provides a means for a shareholder to vote upon all of the matters listed in the accompanying Notice of Annual Meeting and described in the Proxy Statement. The enclosed Proxy also provides a means for a shareholder to vote for all of the nominees for Director listed thereon or to withhold authority to vote for one or more of such nominees. The Company s Bylaws provide that Directors are elected by a plurality of the votes cast. Plurality means that the nominees who receive the most votes for the available directorships will be elected as Directors. Accordingly, the withholding of authority by a shareholder (including broker non-votes) will not be counted in computing a plurality and thus will have no effect on the results of the election of such nominees.

The accompanying Proxy also provides a means for a shareholder to vote for, against or abstain from voting on the other matters to be acted upon at the Annual Meeting. Each Proxy will be voted in accordance with the shareholder s directions. Ratification of the selection of independent auditors and approval of any other matters

as may properly come before the meeting will require the affirmative vote of a majority of the shares of Common Stock present in person or represented by a Proxy and entitled to vote at the meeting. Abstentions with respect to such proposals will have the same effect as a vote against the proposals. With respect to broker non-votes, the shares will not be considered present at the meeting for the proposal to which authority was withheld. Consequently, broker non-votes will not be counted with regard to such proposals, but they will have the effect of reducing the number of affirmative votes required to approve the proposals, because they reduce the number of shares present or represented from which a majority is calculated.

Proxies

When the enclosed Proxy is properly signed and returned, the shares that it represents will be voted at the Annual Meeting in accordance with the instructions noted thereon. In the absence of such instructions, the shares represented by a signed Proxy will be voted in favor of the nominees for election to the Board of Directors and in favor of the ratification of the selection of independent auditors.

PROPOSAL 1

ELECTION OF DIRECTORS

Introduction

At the Annual Meeting, three directors are to be elected for the terms described below. The Board of Directors is divided into three classes, each of whose members serve for staggered three-year terms. The Board is currently comprised of two Class I directors (Messrs. Dabbieri and Cassidy), two Class II directors (Messrs. Haddrill and Raghavan) and three Class III directors (Messrs. Hardesty, Huntz and Noonan). At each annual meeting of shareholders, a class of directors will be elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The terms of the Class I directors, Class II directors and Class III directors will expire upon the election and qualification of successor directors at the 2005, 2003 and 2004 annual meeting of shareholders, respectively. There are no family relationships among any of the directors or director nominees of the Company.

The Board of Directors has adopted a policy statement that provides as follows: [i]t is the policy of Manhattan Associates, Inc., in order to ensure full representation of the Company's shareholders on the Board of Directors and to enhance the Company's access to talented managerial advisors, that no nonemployee director of the Company shall serve as a director for more than eight consecutive years and that each nonemployee director when first elected to the Board of Directors (including after a period of non-service) shall serve only until the next annual meeting of shareholders, unless nominated by the Board of Directors prior to such meeting to be included in the Company's staggered board in a manner determined by the Board of Directors.

Shares represented by executed Proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board of Directors may select. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

The Board of Directors recommends a vote **FOR** each named nominee.

(1) Amounts represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on the fair market value per share on the date of grant and assumed rates of stock price appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. These assumptions are mandated by the rules of the Securities and Exchange Commission and are not intended to forecast future appreciation of the Company's stock price. The potential realizable value computation is net of the applicable exercise price, but does not take into account federal or state income tax consequences and other expenses of option exercises or sales of appreciated stock. Actual gains, if any, are dependent upon the timing of such exercise and the future performance of the Common Stock. There can be no assurance that the rates of appreciation in this table can be achieved. This table does not take into account any appreciation in the price of the Common Stock to date.

Aggregated Option Exercises in Last Fiscal Year and Year-End Option Values

The following table summarizes the number of shares and value realized by each of the Named Executive Officers upon the exercise of options during the fiscal year ended December 31, 2002 and the value of the outstanding options held by the Named Executive Officers at December 31, 2002:

Name	Shares Acquired on Exercise	Value Realized (1)	Number of Securities Underlying Unexercised Options at Fiscal Year End	Value of Unexercised In-the-Money Options at Fiscal Year-End (2)

- (1) Amounts disclosed in this column do not reflect amounts actually received by the Named Executive Officers but are calculated based on the difference between the fair market value on the date of exercise of the options and the exercise price of the options. The Named Executive Officers will receive cash only if and when they sell the Common Stock issued upon exercise of the options, and the net amount of cash received by such individuals is dependent on the price of the Common Stock at the time of such sale, as well as federal and state income taxes and other expenses of option exercises and sales of stock.
- (2) Based on the fair market value of the Common Stock as of December 31, 2002 of \$23.66 per share as reported on the Nasdaq National Market, less the exercise price payable upon exercise of such options.

Manhattan Associates, LLC Option Plan. The Manhattan Associates, LLC Option Plan (the "LLC Option Plan") became effective on January 1, 1997. The aggregate number of shares reserved for issuance under the LLC Option Plan was 5,000,000 shares. The purpose of the LLC Option Plan was to provide incentives for key employees, officers, consultants and directors to promote the success of Manhattan and to enhance the Company's ability to attract and retain the services of such persons. Options granted under the LLC Option Plan were not options intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). Since February 28, 1998, no additional options could be granted pursuant to the LLC Option Plan.

As of March 31, 2003, there were outstanding options to purchase 681,943 shares of Common Stock under the LLC Option Plan at a weighted average exercise price of \$5.02 per share.

Stock Incentive Plan. The Manhattan Associates, Inc. Stock Incentive Plan (the "Stock Incentive Plan") was adopted by the Board of Directors and approved by the Company's shareholders in February 1998. As amended to date, up to 12,445,520 shares of Common Stock (subject to adjustment in the event of stock splits and other similar events), less the number of shares issued under the LLC Option Plan, may be issued pursuant to stock options and other stock incentives granted under the Stock Incentive Plan. The number of shares available for issuance under the Stock Incentive Plan is automatically adjusted, without shareholder approval, on the first day of each fiscal year, by a number of shares such that the total number of shares reserved for issuance under the Stock

Incentive Plan equals the sum of (i) the aggregate number of shares previously issued under the Stock Incentive Plan and the LLC Option Plan; (ii) the aggregate number of shares subject to then outstanding stock incentives granted under the Stock Incentive Plan and the LLC Option Plan; and (iii) 5% of the number of shares of Common Stock outstanding on the last day of the preceding fiscal year. However, no more than 1,000,000 of the shares available for grant each year shall be available for issuance pursuant to incentive stock options, and no more than 10,000,000 shares resulting from such automatic adjustments may ever be issued during the term of the Stock Incentive Plan. On January 1, 2003, the number of shares of Common Stock available for issuance under the Plan automatically increased 428,162 shares to 12,445,520 shares pursuant to this provision. As of March 31, 2003, there were outstanding options or other stock incentives to acquire 5,644,313 shares of Common Stock under the Stock Incentive Plan at a weighted average exercise price of \$23.74 per share.

The Stock Incentive Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Code, nonstatutory stock options, restricted stock awards and stock appreciation rights (SARs), and, together with the other options and incentives, Awards). Officers, employees, directors, advisors and consultants of the Company and its subsidiaries are eligible to be granted Awards under the Stock Incentive Plan. Under present law, however, incentive stock options may be granted only to employees. The granting of Awards under the Stock Incentive Plan is discretionary. The Company will be required to recognize compensation expense over the vesting period of any SARs granted.

Optionees receive the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options may be granted at an exercise price that may be less than, equal to or greater than the fair market value of the Common Stock on the date of grant. Under present law, incentive stock options may not be granted at an exercise price less than the fair market value of the Common Stock on the date of grant (or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the Company's voting power). The Stock Incentive Plan permits the payment of the exercise price of options to be in the form of cash, or if the individual option agreement so provides, by surrender to the Company of shares of Common Stock or by a cashless exercise through a brokerage transaction.

The Stock Incentive Plan is administered by the Compensation Committee of the Board of Directors. The committee has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the Stock Incentive Plan generally and to interpret the provisions thereof. The Committee may amend, modify or terminate any outstanding Award and with respect to new Awards will determine:

- the number of shares of Common Stock covered by options, restricted stock awards or SARs and the dates upon which such options or SARs become exercisable;
- the exercise price of options and SARs and the purchase price, if any, of restricted stock;
- the duration of options and SARs; and
- the conditions and duration of restrictions on restricted stock.

No Award may be made under the Stock Incentive Plan after February 2008, but Awards previously granted may extend beyond that time. The Board of Directors may at any time terminate the Stock Incentive Plan. Any such termination will not affect outstanding options, restricted stock or SARs.

Other Options. In addition to options issued under the LLC Option Plan and the Stock Incentive Plan, as of March 31, 2003, there were outstanding options to purchase an aggregate of 128,458 shares of Common Stock to employees outside of the LLC Option Plan and the Stock Incentive Plan at a weighted average exercise price of \$0.56 per share.

Limitation of Liability and Indemnification of Officers and Directors

The Company's Articles of Incorporation provide that the liability of the directors to the shareholders for monetary damages shall be limited to the fullest extent permissible under Georgia law. This limitation of liability does not affect the availability of injunctive relief or other equitable remedies.

The Company's Bylaws provide that the Company will indemnify each of its officers, directors, employees and agents to the extent that he or she is or was a party, or is threatened to be made a party, to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative because he or she is or was a director, officer, employee or agent of the Company, against reasonable expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with such action, suit or proceeding; provided, however, that no indemnification shall be made for:

any appropriation, in violation of his or her duties, of any business opportunity of the Company;

acts or omissions that involve intentional misconduct or a knowing violation of law;

any liability under Section 14-2-832 of the GBCC, which relates to unlawful payments of dividends and unlawful stock repurchases and redemptions; or

any transaction from which he or she derived an improper personal benefit.

The Company has entered into indemnification agreements with certain officers and directors providing indemnification similar to that provided in the Bylaws.

Compensation Committee Interlocks and Insider Participation

The following non-employee directors were the members of the Compensation Committee of the Board of Directors during 2002: John R. Hardesty, John J. Huntz, Jr. and Thomas E. Noonan. To the Company's knowledge, there were no interlocking relationships involving members of the Compensation Committee or other directors requiring disclosure in this Proxy Statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who own beneficially more than 10% of the Common Stock to file reports of ownership and changes in ownership of such stock with the Securities and Exchange Commission. To the Company's knowledge, all directors, executive officers and 10% shareholders complied during 2002 with all applicable Section 16(a) filing requirements except late filings to report option grants to Messrs. Baum, Mitchell, Quibell and Thall on Form 4s in October 2002 and to Messrs. Baum, Quibell and Thall in December 2002 on Form 5s. Each of these transactions have been reported subsequently.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

General

The Compensation Committee of the Company's Board of Directors (the "Committee") has furnished the following report on Executive Compensation in accordance with the rules and regulations of the Securities and Exchange Commission. This report outlines the duties of the Committee with respect to executive compensation, the various components of the Company's compensation program for executive officers and other key employees, and the basis on which the 2002 compensation was determined for the executive officers of the Company, with particular detail given to the 2002 compensation for the Company's Chairman of the Board and Chief Executive Officer.

Compensation of Executive Officers Generally

The Committee is responsible for establishing compensation levels for the executive officers of the Company, including the annual bonus plan for executive officers and for administering the Company's Stock Incentive Plan. The Committee is currently comprised of three non-employee directors: Messrs. Noonan (Chairman), Hardesty and Huntz. The Committee's overall objective is to establish a compensation policy that will (i) attract, retain and reward executives who contribute to achieving the Company's business objectives; (ii) motivate executives to obtain these objectives; and (iii) align the interests of executives with those of the Company's long-term investors. The Company compensates executive officers with a combination of salary and incentives designed to focus their efforts on maximizing both the near-term and long-term financial performance of

the Company. In addition, the Company's compensation program rewards individual performance that furthers Company goals. The executive compensation program includes the following: (i) base salary; (ii) incentive bonuses; (iii) long-term equity incentive awards in the form of stock option grants; and (iv) other benefits. Each executive officer's compensation package is designed to provide an appropriately weighted mix of these elements, which cumulatively provide a level of compensation roughly equivalent to that paid by companies of similar size and complexity.

Base Salary. Base Salary levels for each of the Company's executive officers, including the Chief Executive Officer, are generally set within a range of base salaries that the Committee believes are paid to similar executive officers at companies deemed comparable based on the similarity in revenue level, industry segment and competitive employment market to the Company. In addition, the Committee generally takes into account the Company's past financial performance and future expectations, as well as the performance of the executives and changes in the executives' responsibilities.

Incentive Bonuses. The Committee recommends the payment of bonuses to provide an incentive to executive officers to be productive over the course of each fiscal year. These bonuses are awarded based on a combination of the Company achieving certain corporate performance objectives and individual goals for each respective executive officer.

Equity Incentives. Stock options are used by the Company for payment of long-term compensation to provide a stock-based incentive to improve the Company's financial performance and to assist in the recruitment, retention and motivation of professional, managerial and other personnel. Generally, stock options are granted to executive officers from time to time based primarily upon the individual's actual and/or potential contributions to the Company and the Company's financial performance. Stock options are designed to align the interests of the Company's executive officers with those of its shareholders by encouraging executive officers to enhance the value of the Company, the price of the Common Stock, and hence, the shareholder's return. In addition, the vesting of stock options over a period of time is designed to create an incentive for the individual to remain with the Company. The Company has granted options to the executives on an ongoing basis to provide continuing incentives to the executives to meet future performance goals and to remain with the Company. During the fiscal year ended December 31, 2002, options to purchase an aggregate 538,000 shares of Common Stock were granted to the Company's executive officers.

Other Benefits. Benefits offered to the Company's executive officers are provided to serve as a safety net of protection against the financial catastrophes that can result from illness, disability or death. Benefits offered to the Company's executive officers are substantially the same as those offered to all of the Company's regular employees. In 1995, the Company established a tax-qualified deferred compensation 401(k) Savings Plan (the "Plan") covering all of the Company's eligible full-time employees. Under the Plan, participants may elect to contribute, through salary reductions, up to 18% of their annual compensation subject to a statutory maximum. The Company provides additional matching contributions in the amount of 50% up to the first 6% contributed under the Plan. The Plan is designed to qualify under Section 401 of the Internal Revenue Code so that the contributions by employees or by the Company to the Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the Plan, and so that contributions by the Company will be deductible by the Company when made.

Compensation of the Chairman of the Board of Directors

The Committee annually reviews the performance and compensation of the Chairman of the Board of Directors based on the assessment of his past performance and its expectation of his future contributions to the Company's performance. Alan J. Dabbieri served as executive Chairman of the Board from February 1998 until December 31, 2002. In 2002, Mr. Dabbieri's base salary as Chairman of the Board was set at \$150,000. The Committee believes the compensation paid to Mr. Dabbieri was reasonable. Beginning January 1, 2003, Mr. Dabbieri has served as a non-executive Chairman of the Board and was compensated as a non-employee member of the Board of Directors.

Compensation of the Chief Executive Officer

The Committee annually reviews the performance and compensation of the Chief Executive Officer based on the assessment of his past performance and its expectation of his future contributions to the Company's performance. Richard M. Hadrill has served as the Company's Chief Executive Officer since October 1999. For

the twelve-month period commencing on January 1, 2002, Mr. Haddrill's base salary was set at \$337,080. The Committee believes the compensation paid to Mr. Haddrill was reasonable.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code imposes a limit on tax deductions for annual compensation (other than performance-based compensation) in excess of one million dollars paid by a corporation to its Chief Executive Officer and its other four most highly compensated executive officers. The Company has not established a policy with regard to Section 162(m) of the Code, because the Company does not currently anticipate paying cash compensation in excess of one million dollars per annum to any employee. However, in 2002, approximately \$143,000 of the compensation paid by the Company to Mr. Haddrill was subject to the limitations on deductibility. The Board of Directors will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

The compensation paid to David Dabbieri was comparable to compensation that would have been paid to an unaffiliated person performing similar duties.

AUDIT COMMITTEE REPORT

This Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board of Directors currently consists of Messrs. Huntz (Chairman), Hardesty and Noonan, all of whom meet the independence requirements of The Nasdaq Stock Market, Inc. During fiscal 2000, the Audit Committee of the Board of Directors developed a charter for the Audit Committee, which was approved by both the Audit Committee and the full Board on June 30, 2000. The complete text of the new charter was attached as Annex A to the Company's Proxy Statement for its 2001 Annual Meeting, which was filed with the Securities and Exchange Commission on April 24, 2001.

In overseeing the preparation of the Company's financial statements, the Audit Committee met with both management and the Company's independent auditors to review and discuss the financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Committee discussed the statements with both management and the independent auditors. The Audit Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees).

With respect to the Company's independent auditors, the Audit Committee, among other things, discussed with Ernst & Young LLP, matters relating to its independence, including the disclosures made to the Audit Committee as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

PROPOSAL 2

AMENDMENT TO THE STOCK INCENTIVE PLAN

In February 2003, the Board of Directors approved an amendment to the Stock Incentive Plan to explicitly provide that employees of Manhattan Associates (India) Development Center Private Limited (Manhattan India), an Indian subsidiary of the Company, are eligible to participate in the Stock Incentive Plan. Although the Stock Incentive Plan already provides that employees of subsidiaries of the Company may participate, the Indian government requested that the Company adopt an amendment explicitly providing employees of Manhattan India with the ability to participate. The amendment also establishes an explicit limit on the number of options that can be received by each employee during any year, and clarifies that options cannot be granted with an exercise price less than the fair market value of the Common Stock on the date of grant. The Board has determined that the amendment is in the best interest of the Company and its shareholders. The amendment would increase the Company's ability to attract and retain employees of Manhattan India. The text of the amendment to the Stock Incentive Plan is set forth in Annex A to this Proxy Statement. The Stock Incentive Plan is described above under Proposal 1-Election of Directors-Stock Option Plans and is qualified in its entirety by reference to the text of the Stock Incentive Plan.

The amendment to the Stock Incentive Plan will be adopted upon receiving the affirmative vote of holders of a majority of the shares present or represented by proxy at the Annual Meeting. Proxies will be voted in accordance with the specifications marked thereon, and if no specifications is made, will be voted **FOR** adoption of the proposed amendment to the Plan.

The Board of Directors recommends a vote **FOR** the approval of the amendment to the Plan.

PROPOSAL 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

In April 2003, the Board of Directors appointed the accounting firm of Ernst & Young LLP to serve as its independent auditor for the fiscal year ending December 31, 2003. The appointment of this firm was recommended to the Board by its Audit Committee. A proposal to ratify that appointment will be presented at the Annual Meeting. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

On April 24, 2002, the Board of Directors, upon recommendation of the Audit Committee, dismissed Arthur Andersen LLP as the Company's independent auditors. The dismissal of Arthur Andersen occurred simultaneously with the Company's initial engagement of Ernst & Young LLP. Arthur Andersen's reports on the Company's financial statements for fiscal years 2001 and 2000 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2001 and 2000 and through the date of Arthur Andersen's dismissal, there were no disagreements between the Company and Arthur Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure that, if not resolved to Arthur Andersen's satisfaction, would have caused it to make reference to the subject matter in connection with its report on the Company's financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K. During the two most recent fiscal years and subsequent interim period prior to the Company's engagement of Ernst & Young, the Company did not consult with Ernst & Young regarding either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, or any matter that was either the subject of disagreement on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures or a reportable event, as defined in Item 304(a)(1)(v) of Regulation S-K.

Audit Fees

The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of our annual financial statements for the most recent fiscal year ended December 31, 2002 and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q for the same fiscal year was \$177,000.

Audit-Related Fees

The aggregate fees billed by Ernst & Young LLP for services rendered to us for assurance and related services that are reasonably related to the performance of our audit or review of our financial statements (which are not included in audit fees above) for the fiscal year ended December 31, 2002 was \$117,000. Audit related fees include fees for services rendered in connection with audits of acquired businesses, statutory audit of subsidiaries, and other accounting advisory services.

Tax Fees

The aggregate fees billed by Ernst & Young LLP for services rendered to us for tax compliance, tax advice and tax planning for the fiscal year ended December 31, 2002 was \$134,000.

All Other Fees

The above categories (Audit Fees, Audit-Related Fees and Tax Fees) encompass all of the fees for the fiscal year ended December 31, 2002 billed by Ernst & Young LLP for services rendered to us.

The Audit Committee has determined that the provision of non-audit services by Ernst & Young LLP is compatible with maintaining the independent auditor's independence.

The Board of Directors recommends a vote *FOR* ratification of the selection of independent auditors.

SHAREHOLDER PROPOSALS

Rules of the Securities and Exchange Commission require that any proposal by a shareholder of the Company for consideration at the 2004 Annual Meeting of Shareholders must be received by the Company no later than December 25, 2003 if any such proposal is to be eligible for inclusion in the Company's proxy materials for its 2004 Annual Meeting. Under such rules, the Company is not required to include shareholder proposals in its proxy materials unless certain other conditions specified in such rules are met.

In order for a shareholder to bring any business or nominations before the Annual Meeting of Shareholders, certain conditions set forth in Sections 2.14 and 3.8 of the Company's Bylaws must be complied with, including, but not limited to, delivery of notice to the Company not less than 30 days prior to the meeting as originally scheduled.

OTHER MATTERS

Management of the Company is not aware of any other matter to be presented for action at the Annual Meeting other than those mentioned in the Notice of Annual Meeting of Shareholders and referred to in this Proxy Statement. However, should any other matter requiring a vote of the shareholders arise, the representatives named on the accompanying Proxy will vote in accordance with their best judgment as to the interests of the Company and shareholders.

BY ORDER OF THE BOARD OF DIRECTORS,

/s/ David K. Dabbieri

David K. Dabbieri
