Note 1 BASIS OF PRESENTATION AND SUMMARY OF ACCOUNTING POLICIES

Integrity Media, Inc. (the Company) is a media/communications company that produces, publishes and distributes Christian music, books and related products. The Integrity Music Group consists of two areas: Integrity Music, the leader in Praise and worship music, and INO Records, LLC, a Christian artist label. The Integrity Music Group's product formats include cassettes, compact discs, videos, DVDs and printed music. Integrity Music produces Praise and Worship music in different musical styles for specific audiences such as live worship music, gospel music and children's music. INO Records produces Adult Contemporary/Pop music by several well-known Christian artists. The Integrity Music Group sells all music-related products and Integrity Publishers, Inc. sells all book products. Products are sold mainly by direct-to-consumer marketing and wholesale trade methods. A principal direct-to-consumer marketing method of distribution is continuity programs whereby subscribers receive products at regular intervals. On September 30, 2003, the name of M2 Communications L.L.C. was changed to INO Records LLC.

Integrity Music Europe Limited was formed in 1988, Integrity Media Australasia Pty Ltd (formerly Integrity Music PTY Limited) was formed in 1991, Integrity Media Asia Pte Ltd was formed in 1995, and Sarepta Music (Pty) Ltd was acquired in March 2003. These subsidiaries serve to expand the Company's presence in Western Europe, Australia and New Zealand, Singapore and South Africa, respectively, and all are wholly-owned by the Company. Celebration Hymnal LLC was formed in 1997 as a 50/50 joint venture with Word Entertainment for the purpose of producing and promoting The Celebration Hymnal. Due to the Company's ability to control the venture, the Company consolidates the venture and Word Entertainment's interest in the joint venture is presented as minority interest in these financial statements. Integrity Publishers, Inc. was formed in August 2001 for the purpose of publishing and distributing Christian books. This division began shipping its first books in the third quarter of 2002. Enlight, Inc. was purchased in March 2002 to acquire certain book publishing trademarks and domain names. INO Records, LLC (formerly M2 Communications L.L.C.), an artist-based, independent Christian music company, was purchased in June 2002. Integrity Direct, LLC was formed December 31, 2002, to create a smoother interaction between the Company and its direct sales to churches and individuals.

Recent Accounting Pronouncements:

In August 2001, FASB issued SFAS No. 143, (SFAS 143), *Accounting for Asset Retirement Obligations*, which is effective for fiscal years beginning after June 15, 2002. SFAS 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. SFAS 143 requires, among other things, that the retirement obligations be recognized when they are incurred and displayed as liabilities on the balance sheet. In addition, the asset's retirement costs are to be capitalized as part of the asset's carrying amount and subsequently allocated to expense over the asset's useful life. The adoption of SFAS No. 143 had no effect on the Company's financial position, results of operations or cash flows.

In July 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 146, *Accounting for Costs Associated with Exit or Disposal Activities* (SFAS No. 146). SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities, such as restructuring, involuntarily terminating employees, and consolidating facilities, initiated after December 31, 2002. The Company's adoption of SFAS 146 did not have a significant impact on its financial position, results of operations or cash flows.

In November 2002, the FASB Interpretation (FIN) No. 45, *Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others* was issued. The interpretation provides guidance of the guarantor's accounting and disclosure requirements for guarantees, including indirect guarantees of indebtedness of others. The Company has adopted the disclosure requirements of the interpretation as of December 31, 2002. The accounting guidelines are applicable to guarantees issued after December 31, 2002 and require that the Company record a liability for the fair value of such guarantees in the balance sheet. The Company's adoption of FIN No. 45 did not have a significant impact on its financial position, results of operations or cash flow.

In January 2003, the FASB issued FIN No. 46, *Consolidation of Variable Interest Entities*, an Interpretation of ARB No. 51. FIN No. 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the equity investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN No. 46 is effective immediately for all new variable interest entities created or acquired after January 31, 2003. For variable interest entities created or acquired prior to February 1, 2003, the provisions of FIN No. 46 must be applied for the first interim or annual period beginning after June 15, 2003. The Company's adoption of FIN No. 46 did not have a significant impact on its financial position, results of operations or cash flow.

The Company adopted the disclosure requirements of SFAS No. 148, *Accounting for Stock-Based Compensation Transition and Disclosure-an Amendment of FASB Statement No. 123*. This Statement amends FASB Statement No. 123, *Accounting for Stock-Based Compensation*, effective January 1, 2003. SFAS No. 148 amends SFAS No. 123 *Accounting for Stock-Based Compensation* to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, the Statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The amendments pertaining to the alternative methods of transition are effective for financial statements for fiscal years ended after December 15, 2002. The amendments to

Table of Contents

the disclosure requirements are effective for financial reports containing condensed financial statements for interim periods beginning after December 15, 2002. As permitted by SFAS No. 148 and SFAS No. 123, we continue to apply the accounting provisions of Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees and related Interpretations in accounting for our stock option plans and our employee stock purchase plan and the disclosure-only provisions of SFAS No. 123 as amended by SFAS 148. We did not record stock-based compensation expense in the nine months ended September 30, 2003 and September 30, 2002, as all options granted under our plans had an exercise price equal to fair market value. The adoption of the additional disclosure requirement did not have a significant impact on our reported results of operations, financial position or cash flows.

SFAS No. 148 requires us to provide pro forma disclosure of the impact on our results of operations had we adopted the expense measurement provisions of SFAS No. 123. SFAS No. 123 permits the use of either a fair value based method or the intrinsic value method to measure the expense associated with our stock option plans and our employee stock purchase plan. The pro forma impact on our results of operations had we adopted the fair value based method of SFAS No. 123 using the Black-Scholes option-pricing model are shown below:

In April 2003, the FASB issued Financial Accounting Standard No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities, (FAS No.149). This Statement amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts, and other hedging activities entered into after June 30, 2003. The Company does not expect the adoption of FAS No. 149, to have a material effect on its financial statements.

In May 2003, the FASB issued Statement of Financial Accounting Standards No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity (SFAS 150). SFAS 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). Many of those instruments were previously classified as equity. This Statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The adoption of SFAS 150 did not have a material effect on the Company's financial statements.

Note 2 LONG TERM DEBT

On April 25, 2001, the Company entered into a \$20 million, five-year secured credit facility with LaSalle Bank. The credit agreement included a \$6 million line of credit, an \$11 million secured term loan, and a \$3 million mortgage term loan. Through this credit facility, the Company refinanced its previous

Table of Contents

credit facility with Bank Austria. Of the \$11 million initial term facility, \$3.0 million was used to pay-off its previous credit facility with Bank Austria, \$3.4 million was used for stock warrant repurchases, and \$3.1 million expired, leaving \$1.5 million available at December 31, 2001. The \$3.1 million portion expired on December 19, 2001 due to time and use restrictions. On March 30, 2002, the credit facility was amended to decrease the allowed borrowings under this secured term facility to \$6.4 million and the mortgage term loan was amended to increase the allowed borrowings for this facility to \$4.6 million. On June 28, 2002, the term facility was again amended to increase total allowed borrowings to \$9.4 million, an increase of \$3.0 million. On June 28, 2002, this additional \$3.0 million was then used to partially fund the acquisition of INO Records (formerly M2 Communications). On December 31, 2002, the mortgage term facility was amended to increase the allowed borrowings to \$5.1 million. At September 30, 2003, the Company had available borrowings of \$3.0 million under the line of credit, zero available under the mortgage term loan, and zero under the secured term loan. At September 30, 2003 there was \$3.0 million outstanding under the line of credit, \$5.9 million outstanding under the secured term loan, and \$4.6 million outstanding under the mortgage term loan. At December 31, 2002, there was zero outstanding under the line of credit, \$7.6 million outstanding under the secured term loan, and \$1.8 million outstanding under the mortgage term loan.

During the first nine months of 2003, the Company amended its credit facility with LaSalle Bank. The Company is in compliance with all covenants as of September 30, 2003.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**Sales For the Nine months Ended September 30, 2003**

Net sales for the nine months ended September 30, 2003, increased \$3.5 million or 7.1%, from \$49.8 million in 2002 to \$53.4 million in 2003. The increase was due to the incremental sales for Integrity Publishers, INO Records, LLC (formerly M2 Communications, L.L.C., name changed September 30, 2003), and Sarepta. Combined, these divisions had revenues of \$14.5 million compared to \$7.2 million in the same period in 2002. Softness in our CBA retail markets in the second quarter, absence of any major product releases, a sluggish overall economy, and the outbreak of the Iraqi war had significant negative impacts on revenues for the nine-month period. Also negatively impacting sales for the period was the continued decline of the Songs4Worship sales down 39% or \$4.5 million from \$11.6 million in 2002 to \$7.1 million in 2003.

Sales in the Retail segment remained flat at \$24.2 million in 2002 and 2003. INO Records contributed \$8.5 million in sales for the period, compared to \$4.8 million in the 2002 period. Poor retail conditions, especially in the CBA markets, had significant impacts on revenues for the retail segment for the nine months ended September 30, 2003.

Sales in the Direct to Consumer segment decreased \$1.3 million, or 10.3%, from \$13.0 million in 2002 to \$11.7 million in 2003. A reduction of \$2.1 million in Songs4Worship sales was the primary reason for the decrease.

International sales increased \$380 thousand or 5.5%, from \$6.9 million in 2002 to \$7.2 million in 2003 due primarily to Sarepta sales of \$662 thousand. Revenues in Singapore continue to be impacted by their poor economy and the outbreak of the SARS virus. In Singapore, sales were down 21% for the nine months ended September 30, 2003 compared to the same period in 2002. Negatively impacting

Table of Contents

International sales for the period was the reduction in International Songs4Worship sales down 41% from \$1.9 million in 2002 to \$1.2 million for the same period in 2003.

Book Publishing sales increased \$2.9 million or 118.6%, from \$2.4 million in 2002 to \$5.3 million in 2003. The Book Publishing division released its first titles in the third quarter of 2002.

Sales in the Other segment increased \$365 thousand, or 4.7%, from \$7.7 million in 2002 to \$8.1 million 2003. Copyright royalty revenue, the most significant item in the Other category, which increased approximately \$661 thousand for the period, accounted for the overall sales increase for this segment.

Management is cautiously optimistic that retail conditions will continue to improve in the fourth quarter of 2003. Although it is possible that the revenue shortfall in the first nine months of the year will not be recovered, management is cautiously optimistic that the fourth quarter 2003 revenues will be close to original projections.

Sales For the Three Months Ended September 30, 2003

Net sales for the quarter ended September 30, 2003 decreased \$1.2 million, or 5.2% to \$21.4 million, from \$22.6 million in the same period in 2002. The decrease was mainly attributable to the poor retail sales environment in the CBA market.

Sales in the Retail segment decreased \$1.8 million, or 15.0%, from \$11.9 million in 2002 to \$10.1 million in 2003. This decrease was primarily due to declines in our CBA retail and special markets categories. Helping offset the declines was an increase of \$1.1 million in sales to the general market.

Sales in the Direct to Consumer segment decreased \$92 thousand, or 2.2%, from \$4.2 million in 2002 to \$4.1 million in 2003. A reduction of \$403 thousand in Songs4Worship sales was the primary reason for the decrease.

International sales decreased \$34 thousand, or 1.5%, from \$2.3 million in 2002 to \$2.2 million in 2003 due primarily to a reduction of \$586 thousand in Songs4Worship sales. The decrease was partially offset by sales of \$360 thousand for Sarepta.

Book Publishing sales increased \$565 thousand, or 23.5%, from \$2.4 million in 2002 to \$3.0 million in 2003.

Sales in the Other segment remained flat at \$3.4 million for both the 2003 and 2002 periods. Copyright royalty, the most significant contributor to the Other segment, recorded sales of \$3.4 million and \$3.3 million in the 2003 and 2002 periods, respectively.

Gross profit increased \$1.1 million or 4.4%, from \$25.4 million for the nine months ended September 30, 2002, compared to \$26.5 million for the same period in 2003 due primarily to the increase in revenues. Gross profit as a percentage of sales decreased to 49.7% for the nine-month period ended September 30, 2003 from 51.0% for the same period in 2002 primarily due to the lower margin sales of INO Records.

The gross margin percentage in the Direct to Consumer segment increased to 58.7% for the nine-month period ended September 30, 2003, from 53.2% in the same period of 2002, due to the reduction in the lower margin Songs4Worship sales to Time Life. 2002. For the quarter ended September 30, 2003, marketing and fulfillment expenses decreased \$759 thousand, or 17.6%, to \$3.6 million, from \$4.3 million in the same period in 2002. As a percentage of sales, marketing and fulfillment expenses were 16.6% for the quarter ended September 30, 2003, compared to 19.1% for the same period in 2002 due primarily to a new fulfillment arrangement for the INO Records radio promotion of the album *Almost There* which contains the hit single *I Can Only Imagine*. INO receives a lower net sales price for these radio promotion sales, but incurs no fulfillment fee. In the three months ended September 30, 2003, INO's marketing and fulfillment expenses decreased \$542 thousand, or 60%, compared to the three months ended September 30, 2002.

General and administrative expenses increased \$2.1 million or 17.5% to \$14.1 million for the nine months ended September 30, 2003, as compared to \$12.0 million for the same period in 2002. Of the \$2.1 million increase for the period, 71% was due to INO, Integrity Publishers and Sarepta with a combined increase of \$1.5 million. INO was not purchased until June 30, 2002, and therefore had only one quarter's G&A expenses in the prior year period. Sarepta was a first quarter, 2003, acquisition. Integrity Publishers was still in a start-up mode in the prior year period. The remaining \$600 thousand increase for the period was spread among several categories primarily health insurance premiums, foreign exchange, travel expenses, depreciation and personnel. As a percentage of sales, general and administrative expenses increased from 24.0% for the nine-month period ended September 30, 2002, to 26.3% for the same period in 2003.

For the quarter ended September 30, 2003, general and administrative expenses increased \$317 thousand, or 6.9%, to \$4.9 million for the three months ended September 30, 2003 compared to \$4.6 million for the same period in 2002. Of the \$317 thousand increase, 68% of the increase was due to INO and Sarepta, with a combined increase of \$216 thousand for the period. The remaining increase of \$101 thousand for the period was the result of the increased depreciation and other expenses related to the use of the new building.

Operating profit in the Retail segment decreased \$294 thousand or 7.2% to \$3.8 million, or 15.6% of net sales, for the nine months ended September 30, 2003, from \$4.1 million or 16.8% of net sales in the same period in 2002. The decrease is due to the reduction in retail sales in the Integrity Music division of the Company. Operating profit in the Direct to Consumer segment increased \$869 thousand or 56.0% to \$2.4 million, or 20.7% of net sales, for the nine months ended September 30, 2003, from \$1.6 million, or 11.9% of net sales, for the nine months ended September 30, 2002, due primarily to reductions in marketing expenses. Operating profit in the International segment decreased \$857 thousand or 80.8%, to \$204 thousand, or 2.8% of net sales, for the nine-month period ended September 30, 2003, from \$1.1 million, or 15.5% of net sales, for the same period in 2002. This reduction was primarily attributable to poor economic conditions in our major international markets, which resulted in lower lease revenues received from third-party distributors and declines in revenues and operating profits from our divisions in Europe, Asia and Australia. Integrity Publishers, the book publishing subsidiary formed on June 29, 2001, recorded an operating loss of \$202 thousand or 3.8% of net sales for the nine months ended September 30, 2003 compared to an operating loss of \$576 thousand, or 23.9% of net sales, for the same period in 2002. Integrity Publishers was still in start-up mode for the nine months ended September 30, 2002. Operating profit in the Other segment decreased \$133 thousand or 4.5%, to \$2.8 million, or 34.7% of net sales, for the nine months ended September 30, 2003, compared to \$2.9 million, or 38.1% of net sales, for the same period in 2002 due primarily to higher write-offs of product masters in 2003 compared to 2002.

Operating profit in the Retail segment increased \$369 thousand or 20.8% to \$2.1 million, or 21.1% of net sales, for the three months ended September 30, 2003, from \$1.8 million, or 14.9% of net sales, for the same period in 2002. The increase is due primarily to increase in sales to the general market for the period. Operating profit in the Direct to Consumer segment increased \$301 thousand or 36.0%, to \$1.1 million or 28.0% of net sales, for the three months ended September 30, 2003, from \$837 thousand or 20.1% of net sales, in the same period in 2002 due to a reduction of marketing expenses in 2003. Operating profit in the International segment decreased \$656 thousand or 195.8% to an operating loss of \$321 thousand, or 14.3%, of net sales, for the three-month period ended September 30, 2003, from an operating profit of \$335 thousand, or 14.7% of net sales, for the same period in 2002 due primarily to poor

results in the U.K. subsidiary. For the three month period, sales were down \$326 thousand, marketing and fulfillment expenses were up \$137 thousand, and general and administrative expenses were up \$52 thousand. The Book Publishing segment recorded an operating profit of \$454 thousand, or 15.3% of net sales, for the three months ended September 30, 2003 compared to an operating profit of \$326 thousand, or 13.5% of net sales, for the same period in 2002. The Book Publishing segment was still in start-up mode in 2002. Negatively impacting the 2003 performance in the third quarter was the poor retail sales environment described earlier. Operating profit in the Other segment increased \$109 thousand or 7.8% to \$1.5 million, or 44.0% of net sales, for the three months ended September 30, 2003, from \$1.4 million, or 41.0% of net sales, for the same period in 2002. This increase in operating profit for the Other segment was due to lower product costs booked during the period.

Net interest expense increased \$133 thousand or 71.5% to \$319 thousand, or 0.6% of net sales, for the nine-month period ended September 30, 2003, as compared to \$186 thousand, or 0.4% of net sales, for the same period in 2002. The increase for the nine months ended September 30, 2003 was due to higher average loan balances in 2003. The average interest rates for the nine months ended September 30, 2003 and 2002 were 4.0% and 4.75%, respectively. The average monthly loan balances for the nine months ended September 30, 2003 and 2002 were \$12.0 million and \$6.7 million, respectively.

The Company recorded a provision for income tax of \$776 thousand for the nine months ended September 30, 2003, compared to a provision of \$1.1 million for the same period in 2002. The Company's effective tax rate for the first nine months of 2003 was 36.2%, compared to 36.7% for the first nine months of 2002. The Company expects that its effective tax rate for the year 2003 will be approximately 35% to 37%.

Net income for the nine months ended September 30, 2003 was \$1.2 million, compared to net income of \$1.6 million for the same period in 2002.

LIQUIDITY AND CAPITAL RESOURCES

The Company has historically and will continue to finance its operations primarily through cash generated from operations and from borrowings under a line of credit and term loan as needed. The Company's need for cash varies from quarter to quarter based on product releases and scheduled marketing promotions. The Company's principal uses of cash historically have been the production and recording of product masters to build the Company's product master library, author and artist advances and debt service. It is from these product masters that the Company's products are duplicated and distributed to customers. The Company believes that its working capital and funds available under its credit facility will be sufficient to fund its operating and capital requirements for the fiscal year ending December 31, 2003 and beyond.

On April 25, 2001, the Company entered into a \$20 million, five-year secured credit facility with LaSalle Bank. The credit agreement included a \$6 million line of credit, an \$11 million secured term loan, and a \$3 million mortgage term loan. Through this credit facility, the Company refinanced its previous credit facility with Bank Austria. Of the \$11 million initial term facility, \$3.0 million was used for the pay-off to Bank Austria, \$3.4 million was used for stock warrant repurchases, and \$3.1 million expired, leaving \$1.5 million available at December 31, 2001. The \$3.1 million portion expired on December 19, 2001 due to time and use restrictions. On March 30, 2002, the credit facility was amended to decrease the allowed borrowings under this secured term facility to \$6.4 million and the mortgage term loan was amended to increase the allowed borrowings for this facility to \$4.6 million. On June 28, 2002, the term facility was again amended to increase total allowed borrowings to \$9.4 million, an increase of \$3.0 million. On June 28, 2002, this additional \$3.0 million was then used to partially fund the acquisition of INO Records (formerly M2 Communications). On December 31, 2002, the mortgage term facility was amended to increase the allowed borrowings to \$5.1 million. At September 30, 2003, the Company had available borrowings of \$3.0 million under the line of credit, zero under the mortgage term loan, and zero under the secured term loan.

Table of Contents

At September 30, 2003, there was \$3.0 million outstanding under the line of credit, \$5.875 million outstanding under the secured term loan, and \$4.607 million outstanding under the mortgage term loan. For the nine months ended September 30, 2003, the Company had average daily borrowings under the LaSalle credit facility of \$12.0 million at an average interest rate of 4.0%. For the nine months ended September 30, 2002, the Company had average daily borrowings under the LaSalle facility of \$6.7 million at an average interest rate of 4.6%. At the Company's option, the LaSalle credit facility bears interest at the bank's base rate plus a margin ranging from 0.00% to 0.50%, or LIBOR plus a margin ranging from 2.25% to 3.00%. The actual margin is a function of the Company's leverage ratio as calculated quarterly.

Cash provided by operating activities totaled \$250 thousand for the nine months ended September 30, 2003, compared to cash provided by operations of \$4.1 million for the nine months ended September 30, 2002. The decrease from 2002 to 2003 resulted primarily from unfavorable changes in working capital accounts and a decline in net income.

Investing activities used \$7.2 million and \$9.8 million during the nine months ended September 30, 2003 and 2002, respectively. Investing activities for the nine months ended September 30, 2003 consisted of the purchase of Sarepta Music (Pty) Ltd for \$191 thousand on March 31, 2003, capital expenditures for computer equipment and capital improvements to existing buildings totaling \$4.2 million and investments in product masters totaling \$2.8 million. Of the \$4.2 million in capital equipment and improvements for the 2003 period, \$3.4 million relates to the completion of a new building and expansion of parking facilities at the Company's corporate campus in Mobile. As of September 30, 2003, the new building was complete. Investing activities for the nine months ended September 30, 2002 consisted of the purchase of INO Records (formerly M2 Communications) for \$4.8 million on June 28, 2002, capital expenditures for computer equipment and capital improvements to existing buildings totaling \$2.3 million, and investment in product masters totaling \$2.7 million. The investment in product masters for the nine months ended September 30, 2003 relates primarily to development of products scheduled for release within the next six to eighteen months.

The Company announced on April 3, 2003 that it had completed the purchase of Sarepta Music (Pty) Ltd, a leading Christian music distributor and record label located in South Africa.

The Company made principal payments on its LaSalle facility of \$2.0 million and \$1.7 million in the nine months ended September 30, 2003 and 2002, respectively.

During the nine months ended September 30, 2003 and 2002, the Company made distributions to Word Entertainment, its 50% partner in the Celebration Hymnal LLC joint venture, of \$250 thousand.

The Interest Rate Margin is based upon the Leverage Ratio as of the last day of a fiscal quarter. Prior to April 25, 2001, under the Bank Austria credit facility, the Company paid interest on borrowings at either the lender's base rate plus 0.75%, or LIBOR plus 2%. Prior to September 2000, the interest rate was the bank's base rate plus 1 1/2% or LIBOR plus 3%. In the event that interest rates were to increase 100 basis points, the Company's interest expense would increase and income before income tax would decrease by \$90,075, assuming current debt levels are maintained. (This amount is determined solely by considering the impact of the hypothetical change in the interest rate on the Company's borrowing cost without consideration of other factors such as actions management might take to mitigate its exposure to interest rate changes.)

The Company is also exposed to market risk from changes in foreign exchange rates and commodity prices. The Company does not use any hedging transactions in order to modify the risk from these foreign currency exchange rate and commodity price fluctuations. The Company also does not use financial instruments for trading purposes and is not a party to any leveraged derivatives.

ITEM 4. CONTROLS AND PROCEDURES

An evaluation was performed under the supervision and with the participation of the Company's management, including the President and Chief Executive Officer (CEO), and the Chief Financial Officer (CFO), of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on that evaluation, the Company's management, including the CEO and CFO, concluded that the Company's disclosure controls and procedures as of the end of the period covered by this report, were effective in timely bringing to their attention material information related to the Company required to be included in the Company's periodic SEC filings.

During the quarter, the Company implemented a new fully-integrated software system for the operations at its main facilities in Mobile, Alabama. This new software system services all operations for Integrity Media, Inc., with the exception of its book publishing subsidiary, Integrity Publishers, Inc., and its international subsidiaries in Europe, Asia, Australia and South Africa. Management discovered during the implementation isolated instances whereby new internal control procedures were not followed. All instances were detected on a timely basis and new controls set in place. Management does not believe any of these instances had any material impact on financial reporting.
